VOL. XLIV NO. 26 PETERBOROUGH, SATURDAY, JANUARY 31, 1920 PRICE TWO CENTS

Alarmed Over The Prospect Of Polish Uprising

A Polish Uprising

ENTENTE TROOPS FAIL TO ARRIVE AND RELIEVE GERMAN FORCES.

TOWNS POLICED

(Canadian Press.)

BERLIN, Jan. 3. — A special despatch to the "Vossiche Zeitung" reports that Kottowitz, in Silesia, is alarmed over the prospects of a Polish uprising in view of the failure of Entente troops of occupation to arrive and relieve German forces. Kottowitz will be policed Sunday by security guards and local gendarmerie. Civil and military authorities, says the despatch, report that they have not been informed with respect to the movements of Entente forces of occupation and as a result the populace is disturbed in view of the gathering of Polish bands on the frontier. It is asserted that the demands of the Entente for quarters for administrative staffs are unusually excessive. In Eppelin alone, it is said, two hundred and fifty dwellings have been requisitioned in addition to the room required for the official bureau.

TO LOWER COST OF FOODS—THE CHANGE THAT IS COMING

The world's present facilities are greatly inadequate to the new job. This applies to every business. A system which constituted a grocery with an attendance service that was fair to the customer before the war, is not fair now, as everyone knows. Food prices [illegible] This in turn demands [illegible] cost of the cumbersome [illegible] be cut off. To meet [illegible] Eaton, 429 George street, has installed the latest new method for distributing foods. The counter system with many old ideas has been eliminated. The store now has, besides the regular credit department, a complete "Groceteria" branch which will give an easy and rapid service for the cash purchaser. Every person visiting the store is greatly pleased with the new appearance and convenient service and still more impressed with the saving in cost of every line.

THE WEATHER

January has come to a close with another decidedly cold dip. This morning at daybreak it was 26 below zero and going down. There was no lower during the night. Another pronounced high pressure area is passing over and the barometer is now higher than it was even a few days ago, when it reached 30 inches.—W. P.

(Special to The Examiner.)

TORONTO, Jan. 31. — When the early riser went out for his milk bottle this morning he found that old man winter had given a lesson overnight in "shimmy dancing." The thermometer proved to be an apt pupil and readily acquired the rapid movements called for by the classic dance. Commencing at White River the mercury shivered and shook and finally settled down, apparently thoroughly tired out, at eight o'clock this morning, and registered 48 below zero at that point. Further north the weather man was not quite so energetic, but did a fair night's work, hitting the low spots at Quebec with 28 below. Montreal, Kingston and Ottawa 22 below, and Toronto 18. West of White River the temperature was much kinder to the householder, Winnipeg suffering most with 2 below.

(Special to the Examiner)

COLD IN MONTREAL

MONTREAL, Jan. 31 —Last night was the coldest on the island of Montreal for many years, twenty-three below official figures for centre of city and 25 below in suburbs twenty-four and a half below coldest here last winter on February 5.

TORONTO SHIVERS

(Special to the Examiner)

TORONTO, Jan. 31.—Toronto shivered this morning with the mercury officially hitting the 18 below mark. Suburbs reported seevral degrees lower.

YOUR WINTER'S SUPPLY OF WOOD

The Peterboro Planing Mill Woodyard has the following wood for sale:
12 inch mixed slabs, $4.00 load.
12 inch mixed wood, $4.00 load.
12 inch mixed hardwood, $5.00 load.
Telephone 86. Peterboro Planing Mill Wood Yard 28 10

THE Y.M.C.A. HONOUR ROLL

Arrangements are being completed to place a suitable memorial in the Y. M. C. A. to those members who fell in the War. A committee of the Board of Directors has been appointed to select a suitable memorial tablet, and the list of members who paid the supreme sacrifice has been carefully compiled.

In order to prevent mistakes and to allow for any corrections before the memorial is purchased, the list of names is being published.

The friends of the Association are asked to examne the list carefully and to report any errors or omissions to the office o fthe Y. M. C. A. as soon as possible.

Roll of Honour, Young Men's Christian Association.

Peterboro Citizens Splendid Reception to T. F. Matthews

A LOVING CUP WAS PRESENTED TO MR. T. F. MATTHEWS, WHO LEAVES THE CITY AFTER THIRTY YEARS' RESIDENCE HERE—WAS CHAIRMAN OF THE UTILITIES COMMISSION FOR EIGHTEEN YEARS.

PETERBORO PRODUCTS WELL KNOWN

Paraphrasing the simple but eloquent eulogy with which France officially honors her great men a representative assembly of citizens in bidding farewell to Mr.T. F. Matthews at a formal banquet at the Empress Hotel last night reiterated in a series of toasts that stirring tribute, "He has deserved well of Peterboro." And the citizens with whom he has been associated since his youth in public affairs and enterprises, joined with those who have known him in the latter years that brought splendid successes to crown the endeavours of manhood in a magnificent testimonial of their admiration, affection and gratitude, the tangible token of which was a large silver loving cup, lined with gold, and engraved with the inscription, "Presented to T. F. Matthews, Esq., by his Peterboro friends on the occasion of his moving to Toronto, January 30th, 1920."

Mr. Matthews is a natural leader, and the fruits of his life, which in a sense he bequeaths to this city, bear conclusive evidence of the clearness of his vision and the timeliness and soundness of his initiative. For 18 years, from his first election as a Commissioner of the Waterworks in 1902, he was chairman of that branch of the city's administration until his resignation in December of last year. Its enlargement to the Utilities Commission with the added responsibility of the city's lighting and power system, offered him a broader opportunity of service which he performed with the same painstaking care and attention to detail, with economy and forehandedness, in short with the concrete results that always appealed to the ratepapers. Peterboro's waterworks system alone is a permanent monument to his administrative ability as a public servant, the full effects of which are realized, in the efficiency of the several departments over which he presided, and in the plans for extensions and the installation of a filtration plant that are all prepared and ready for execution. Mr. Matthews would he the first to deprecate the oversight of the gentlemen who have served with him on the Commission, just as they are the first to acknowledge his public work. He leaves his civic office in perfect order, a fact that is the pride of the several engineering staffs and operatives over which he presided.

These successful undertakings were fresh in the minds of his fellow citizens last night in their expressions of regret that he and Mrs. Matthews were moving to Toronto to live, but there were also pleasant memories of his personality as it was revealed in the religious, social and sporting activities in which he likewise took a prominent pat.

The Murray street Baptist Church will greatly miss him from its membership, and the curlers will retain pleasant memories of his goodfellowship and his ready assistance in promoting the success of the Club. The Matthews-Blackwell Trophy will always recall his presence with rum and broom and stone and some Toronto links will know him as a golfer. All these connections had given Mr. Matthews an exceedingly wide circle of friends that [illegible] through the great industry he had built up and in proportion to the hold he had gained in the affections of so many citizens are the feelings of loss and regret at his departure. The speakers at last night's banquet touched upon the various sides of his personality and interests, paying him a tribute probably more precious to him than any of his successes. It was an honor that comes to few men and to none of the outstanding men who have gone from Peterboro to greater fields was it given more warmly and spontaneously than to Mr. Matthews.

Mr. W. G. Morrow was chairman of the after-dinner proceedings with Mr. W. H. Bradburn as vice-chairman. Those at the table of honor were Mr. Morrow, Judge Huycke, Mr. Matthews, Mr. J. H. Burnham, M. P., Mayor McIntyre, Rev. J. R. Webb, Mr. Thos. Tooms, M.L.A., W. R Breyfogle, R. R. Hall, J. J. Turner, W. H. Bradburn, Robert Hicks, G. N. Gordon, F. G. Patterson, George A. Gillespie, George A. McDonald, Roland Denne, Rev. C. J. Phelan, Robert Harstone and Edgar Worth.

In the assembly, church and state, the civic administrative denartments, Board of Education, the professions and business men were all represented. Mr. W. H. Moore, so long associated with Mr. Matthews on the Utilities Commission, was unable to be present.

During the evening a short programme of vocal music was rendered by Mr. Douglas Carlisle and Asa Huycke with Ms. John Crane as accompanist.

The Governments

After the toast to the King proposed by the chairman, W. G. Morrow, Mr. R. R. Hall proposed the toast to the Dominion Parliament and the Provincial Legislature. Mr. Hall said that he was very pleased to be present and have the honour of proposing this toast. He referred to his long friendship with Mr. Matthews dating back to the time when they were boys together in Lindsay. He said that he appreciated their guest's motives in moving to a larger centre where his influence would be more widely felt. Mr. Matthews is leaving one of the finest institutions in the city behind him —a business built up by Mr. Matthews initiative end good business methods.

Mr. Hall spoke briefly on the great problem faced by both the Federal and Provincial governments during the last five years and urged for co-operation of electors in assisting them and in helping them meet the heavy duties evolved upon them. I now ask you gentlemen to rise and drink the toast to the Dominion Parliament and the Provincial Legislature.

The toast was responded to by J. H. Burnham M.P. and Thomas Tooms, M.L.A.

Mr. J. H. Burnham.

Mr. J. H. Burnham said that he was pleased to do honour to Mr. Matthews of whom everybody spoke well. He could speak of him as a neighbour and could testify that the

Winnipeg Evidence

REPORTER'S EVIDENCE WAS SUBJECT OF CROSS EXAMINATION BY [illegible] FORCES.

THE PROSECUTION

(Special to the Examiner.)

WINNIPEG, Jan. 31. — Adopting tactics similar to those employed in the trial of R. B. Russell, the Crown to-day started the introduction of a great mass of evidence designed to cover every phase of the Winnipeg general strike in an effort to prove as elaborate a case to overthrow the Government and connect the seven strike leaders charged with seditious conspiracy, with the scheme.

The evidence produced went back to the Western Labour Conference held at Calgary in March, at which the One Big Union was formed, and meetings in Winnipeg prior to the returned soldiers riots in January, 1919, and included incidents of the general strike up until the time it was called off.

Cecil Lamont, newspaper reporter, was questioned about the report of a meeting held at the Walker Theatre, December, 1918, at which Messrs. Russell and Armstrong were present.

"Russell," he said, "said a revolution was going to take place in Canada, and the capitalists would find themselves in the same position as those in Russia and Germany."

"Blood that is spilled in Canada," Lamont quoted Russell, "depends on the working class."

Lamont testified that Russell said the only way to avert a revolution was for the Government to establish the same sort of Government as the Bolsheviks in Russia.

Queen, the witness asserted, said the Winnipeg daily newspapers were owned and controlled by capitalists who wished to crush the workers into the ground. He said all capitalists should be made to labour for their daily bread.

"In closing the meeting," Lamont testified, "Queen said 'Long Live the Russian Soviet Government. Karl Liebnecht, and Rosa Luxemburg.'"

All the speeches were cheered, according to the reporter.

R. A. Bonner, K.C., cross-examined Lamont vigorously, questioning closely as to the order in which the speakers appeared. He asked if Lamont did not know Russell quoted extensively from Raymond Robbin's report to the American Red Cross.

"No," Lamont said.

Every point of the reporter's evidence was gone over minutely by Bonner. This attitude resulted in frequent clashes of counsel.

Several Protests.

Isaac Pitblado, K. C., protested to Justice Metcalfe many of Bonnars questions. Heaps and Pritchards asked Lamont if he saw either of them at the meeting or heard their names mentioned.

"No," he said.

Queen also cross-examined the witness, questioning his memory of many points covered in the printed report.

Sergt. F. E. Langdale, of the Intelligence Department, Military District No. 10, during the war, testified concerning the Walker meeting, and also one at the Majesty Theatre on the following day. He said that he made shorthand notes of the Walker meeting Queen was the chairman of the Walker meeting, he said. There were many foreigners in the audience. Queen, he said, in opening the meeting, asserted that it had been called to protest against autocracy. Theer were three resolutions adopted at the meeting.

The first demanded that all orders-in-council be repealed. The second demanded that all political prisoners be released, and the third that all troops be withdrawn from Russia.

Not Afraid.

Ivens in his speech declared that he was not afraid of Bolshevism, and the German people, are "our friends" according to witness. "Revolution" was frequently mentioned. Langdale testified and on every occasion it was greeted with applause.

Evidence of the Majesty Theatre meeting was put in to show that Johns was connected with it. Langdale said the two meetings and the one held on the following Sunday on the Market Square for the avowed

EX-MAYOR DUNCAN HEADS DEVELOPMENT COMMISSION

FIRST FORMAL MEETING WAS HELD LAST EVENING—MR. W. R. BREYFOGLE RESIGNS.

CITY PLANNING

The new City Development Commission held its first formal meeting last evening in the Council room of the Board of Trade, Ryerson Ritchie, John Edgar, Dr. E. E. Harvey, Roy H. Parsons and George H. Duncan were present

Ex-Mayor Duncan was made permanent chairman and appointed a member of the Commission to fill the vacancy caused by Mr. W. R. Breyfogle's inability to attend the evening meetings.

The loss of Mr. Breyfogle from the Commission was keenly regretted by every member, but Mr. Breyfogle insisted that frequent absences from the city and fixed evening engagements prevented continuous service. His heart was in the work, however, and he could always be counted on to help.

Mr. Ritchie, after calling Mr. Edgar to the chair, proposed the election of Mr. Duncan as permanent chairman of the Commission. He said that Mr. Duncan's long residence in Peterborough, his continuing and valuable services, especially as Mayor during the past two years, entitled him to be the head of the Commission, which he would benefit by his thorough knowledge of the people of the city who hold him in high esteem.

Mr. Ritchie's advocacy won the support of every member and the vote for Mr. Duncan was unanimous. He objected, but the tender of the chairmanship was so cordial, sincere and insistent he finally expressed his acknowledgment of the honor and accepted the post.

Step in Advance.

Mr. Duncan believes the creation of the City Development Commission is a far step in advance of other cities in Canada and that the people of the city will profit from its work.

Letters were read from Mr. Thomas Adams, the distinguished City Planning Advisor of the Government, who is to work in conjunction with the Commission, indicating his pleasure in the progress of the work so far and his intention to begin his active study early in the spring.

Mr. Adams said he was delighted that the people had so generously approved the purchase of Ashburnham Park, including the baseball park and the group of islands lying to the south of it.

Mr. Adams desires a general topographical map of Peterborough and environs and as many of the City Departments are in great need of such a map, the report of the Commission to the City Council will recommend that one be made, and ask for an appropriation for It.

The first report to the Council of this new Commission will doubtless go before the Mayor and Aldermen on Monday evening.

CHURCHES HAVE BEEN CLOSED IN KEENE VILLAGES

All churches in Keene have been closed for Sunday on account of the rapid spread of the epidemic of Influenza. Since yesterday fifteen new cases have developed, and Dr. Free who had been in the village to relieve Dr. W. T. Harrison, has been compelled to return to his home in Campbellford owing to illness. Dr. Yelland took charge of the patients yesterday, and it is hoped to secure a physician to relieve him this evening. A number of additional cases have turned to pneumonia.

DEPUTATION FROM CITY AND COUNTY

VICTORIA AND PETERBORO WILL URGE REBUILDING OF PIGEON CREEK BRIDGE.

Although Victoria County Council declined in November to join with Peterboro in a deputation to Ottawa to urge the Government to rebuild the Pigeon Creek, their Clerk Mr. J. R. McNeillie telephoned to the Peterboro County Council yesterday afternoon that they were prepared to undertake this mission with Peterboro's co-operation.

Reeve Shaw observed that the former motion was still effective, authorizing the Warden to arrange for the deputation with Victoria and the City Council.

County Clerk Elliott advised that City Clerk Armstrong he requested to prepare a statement of the reasons why Pigeon creek bridge should be rebuilt.

Reeve Eason had proposed that a preliminary consideration of the points to be laid before the Department would prove more satisfactory than the haphazzard method of extempore speeches.

Mr. Elliott recalled a deputation of the county and city in which City Clerk Armstrong was given the responsibility of addressing the Department. Mr. Armstrong had impressed the Minister and the whole case was clear cut and simply presented.

Mr. Wilson moved, seconded by Mr. Matheson that the clerk and the Warden interview Mr. Armstrong and request him to prepare the petition for the forthcoming deputation.

MR. ERNEST DEYELL WAS APPOINTED

Mr. Ernest Deyell has been appointed representative of the county on the commission which will supervise whatever road work will be done under the county system this summer. The appointment is for five years. Ald. Phelan is the city representative.

COUNTY TO ENLARGE THE REGISTRY OFFICE

The grant to the Galway fair was increased to $150 at this morning's closing sesion of the County Council

An enlargement of the Registry Office was contemplated in an authorization to the Property Committee to undertake whatever extension is required.

There was some talk of other townships adopting the County Roads system, but nothing developed during the session.

Russian Government Troops Were Shelled Out of Refuge

(Canadian Press.)

VLADIVOSTOCK, January 31.—Three hundred Russian Government troops revolted here on Monday, arrested their officers, and refused to take orders from the Government authorities. It was not until this morning that the men were forced to surrender.

After the revolutionary movement against the authority of Governor-General Razanov and General Semenoff had begun, the insurgent troops established themselves in a school building, where the prisoners taken during the Gaida uprisings were housed.

After remaining quietly in this stronghold throughout the night, they refused to surrender. Artillery and machine guns were brought to bear on the building and finally the men surrendered.

No one was killed during the fighting.

Peace League

VISCOUNT GREY DISCUSSES U. S. STATES ATTITUDE IN LETTER TO "TIMES."

U. S. HESITATION

(Canadian Press.)

LONDON, Jan. 31.—Viscount Grey occupies two columns of the "Times" to-day with a letter on the attitude of the United States on the League of Nations. He carefully explains that he is writing simply as a private individual, making an earnest attempt to foster the friendliness of the two democracies by explaining to Englishmen certain aspects of the American hesitation to accept the League, which is not due to hostility to the principle but to constitutional questions and the possible effects which compel caution, reservation respecting the six British votes in the assembly of the League.

Viscount Grey thinks this must give rise to a difficulty, but neither the Dominions nor Great Britain, he says, can admit qualification here. It must not be supposed, he says, that in the United States there is any tendency to grudge the fact that Canada and other Dominions have votes, but it is easy to realise that the feeling has been created by the statement that the British Empire has six votes and the United States one.

Viscount Grey does not discuss the adjustment of this problem, which, though a powerful factor in sentiment, will not be important in practice.

THE TRUE BLUES HELD A DANCE

In Victoria Hall last evening the Loyal True Blue dance proved a most enjoyable event, and was attended by a large number of young people. Dainty refreshments and splendid music completed the success of the evening.

GIVE YOUR EYES THE CONSIDERATION DUE THEM

Seeing is by far the most important sense of the human body, and still it is the one most frequently neglected. If you do not know what it is troubling your eyes, allow us to make a thorough test of them. W. H. Lacey, Optical Specialist, 410 George street. Open Wednesday and Saturday evenings.

REPORT MANY CASES OF RHEUMATISM NOW

Says we must keep dry feet; avoid exposure and eat less meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water, and above all take a spoonful of salts occasionally to keep down uric acid.

Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine. The pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness, and pain called rheumatism.

At the first twinge of rheumatism, get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water, and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal acton, thus ridding the blood of these impurities.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which overcomes uric acid, and is beneficial to your kidneys as well.

The Thrill of Being Wet.

There is something rudimentary and fundamental about having water splashed down upon one and getting completely and deliciously wet—not damp, not moist, but wet, wringing wet. Can yourself when a child never enjoyed anything so much as your first franking in an unforeseen and unavoidable rainstorm—the thrill of being wet, the cool drive of the water up your nose, into your sleeves and down your neck, and the joyous shunk of soaked, waterlogged boots. Even the sedum of being rubbed with alcohol, bundled up and warned you would catch your death did not diminish the event. You voted it better than the time you fell off the boat dock; it lasted longer.—Atlantic Monthly.

To Open a Pocketknife.

Opening pocketknives is often very hard on finger nails, and a stiff hinged penknife or jackknife is practically useless to a boy if he can't open it readily. Tear off a piece of newspaper or writing paper about three inches square. Fold it seven once and then slip the crease under the blade of the knife. Grasp the paper firmly between the thumb and forefinger, as close to the blade as possible. Then pull steadily and it will come opening the knife without the paper. If you do not jerk it the paper will not tear. In this way you can open easily a rusty blade that has been useless for months.

IN THE SURROGATE COURT OF THE COUNTY OF PETERBOROUGH.

To the Next-of-Kin, if Any, and All Other Persons Having or Claiming any Interest in the Estate of William Jackson Deceased.

TAKE NOTICE that an order has been issued directing you to cause an appearance to be entered for you in the Office of the Registrar of the Surrogate Court of the County of Peterborough, at Peterborough, within 20 days after publication hereof and accept or refuse letters of administration of all the estate which by law devolves upon and vests in the personal representative of William Jackson, late of the City of Peterborough, in the County of Peterborough, Returned Soldier, deceased, or shew cause why letters of administration of the said estate should not be granted to Sidney Whatley. And it is further ordered that in default of your appearance letters of administration may be granted to the said Sidney Whatley.

Dated at Peterborough this 23rd day of January, 1920.

GEO. J. SHERRY.
Registrar of the Surrogate Court.
3W-24-31-7.

NOTICE

Take Notice that an application will be made before His Honour E. C. S. Huycke, Judge of the County Court of the County of Peterborough on Monday the 2nd day of February, 1920, at 11 o'clock in the forenoon at his Chambers at the Court House, Peterborough, for an order to close that part of a road shown on Registered Plan Number 25 for the Township of Smith described as follows: All and Singular that certain parcel or tract of land and premises situated, lying and being in the Township of Smith in the County of Peterborough and being part of Lot Number 12 west of the Communication Road more particularly described as follows: All that part the Crescent and East Esplanade lying between the production northerly to the water's edge of Chemong Lake of the westerly limit of Lot Number 24 and the production northerly to the water's edge of Chemong Lake of the easterly limit of Lot Number 21, all of which is shown on Registered Plan Number 25 for the said Township of Smith, and for an order to approve of and ratify a conveyance of the same to the applicant by the Corporation of the Township of Smith.

AND take further notice that all parties desiring to be heard with reference to the same shall attend at the time and place aforesaid.

BRILLIANT PADEREWSKI.

His Hopes For the Future of His Beloved Poland.

A very jealous German pianist once remarked, after a friend had said something about Paderewski's versatility and wide knowledge: "Yes, he knows everything—except music!"

It is music, alas, that knows him no more, though there may be hope for the future. For the present his ardent patriotism has overcome his devotion to the divine art. He is in the midst of the terrible Polish and Bolshevik maelstrom, and heaven grant he may not be engulfed by it. Those who know his intense artistic temperament fear a breakdown when they read in the cable despatches of the nervous strain to which he is subjected; as at Warsaw, when shots were fired at his window; and again: "As he spoke, crowds outside the hotel windows were still cheering, singing the national anthem, and calling for him, although it was three o'clock in the morning and his wife was plaintively insisting that her husband take some rest, saying that he had been speaking continuously for twenty hours." It is the pace that kills.

A well-known musical critic says of the Polish musician: "The friendship of Paderewski has been one of the things that have helped to atone for the awful boredom to which a musical critic, obliged to head the bad and mediocre, as well as the good, is inevitably subjected. For a quarter of a century I have known him intimately, and from year to year my admiration of his mind—quite apart from music—has grown. Talk with him on almost any subject you please and he knows more about it than you do—at least than I do. About American politics he knows more in a day than I do in a year, and the same with European politics. Ask him about Argentinian agriculture, or about Chinese ethnology, and again you will be surprised to find he knows all about it. The last time I had the pleasure of entertaining him at lunch in my home was shortly after the Russian revolution had been started. He knew everything about the men who first took up the reins so prominently, talking about them fascinatingly for an hour. Then he shook his head and predicted what would happen because Russia wasn't ripe for a republic."

For two years the authorities at Washington profited by his exhaustive knowledge of Slavic conditions. Then came the news that he and his party were on the way to Europe, travelling on a warship, with special passports issued by the British Ambassador at Washington, and making him, his wife, and two secretaries official guests of every Allied Government whose soil they touched. His plans for a Greater Poland of 40,000,000 souls alone can insure the future peace of Europe. It is doubtful if any other living Pole is so well qualified as Paderewski for the position of President of Poland. But, according to his own words, and the insistent assurance of his stepson, Mr. Gorski, he has no political ambitions for himself, but only wishes to get back as soon as possible to his piano and his composer's desk.

HEAD STUFFED FROM CATARRH OR A COLD

Sage Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief — no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking snuffing, blowing, headache, dryness No struggling for breath at night your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of his fragrant, antiseptic healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

No Carnouflage In This Story

Says corns stop hurting, then lift right off without one bit of pain

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called freezone costs but a few cents at any drug store, but is sufficient to rid one's feet of every hard or soft corn or callus without even one little twinge of pain.

You simply apply a few drops of this freezone on a tender, aching corn and the soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, with your fingers.

This drug is sticky but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

WALTER BAKER & CO. *Ltd.*

MONTREAL, CAN. *Established 1780.* DORCHESTER, MASS.

COUNTY CLERK ELLIOT'S SALARY INCREASED TO $3,000 A YEAR

VOLUNTARY ACKNOWLEDGEMENT OF THE SERVICES OF CLERK AND TREASURER---COUNTY AUDITORS AND PHYSICIAN OF HOUSE OF REFUGE ALSO HELPED TO FACE THE H. C. L.

The salary of Ed. M. Elliott, County Clerk and Treasurer, was increased by the County Council yesterday afternoon from $2,400 to $3000, on a motion of Reeve Darling, seconded by Reeve Strickland. Introducing his resolution Mr. Darling stated that Peterboro's County Clerk was second to none; and Reeve Shaw recalled that thirty year's ago the salary attached to the position was $1600. "A dollar then was worth two today" sair Mr. Shaw "and besides that the work has doubled."

"During the past year I have been in touch with the Clerk a great deal on road work" said Reeve McIntosh "and I felt that he was illpaid."

Mr. Darling at first suggested an increase to $2500 but advanced to the even $3000 finding the members of one accord that this increase was scarcely sufficient. The resolution was passed with an unanimous standing vote.

"This has been altogether unsolicited and I find it hard to respond to the flattering acknowledgments you have made" said Mr. Elliott. "The busier I am the better I like it. I thank you and I will try to see that you are not disappointed.

Increase for Doctor.

Dr. J. C. Smith of Lakefield, physician to the inmates of the House of Refuge, was given an increase in salary of $50, bringing it to $200. This is the first increase since the House was established, and was moved by Reeves Matheson and Clark.

Increase for Auditors.

Increased remuneration for the auditors was provided in a resolution by Mr. Wilson, seconded by Mr. Matheson. The act fixes their salary at $4 a day while they are engaged, but some years ago this was reduced in a by-law to $3. The County Clerk said that the local auditors by their industry usually completed their work in one day, while in other counties audit boards spent three or four days. The auditors examine all accounts quarterly and the chairman has to revise them before signing them.

According to the resolution the chairman will receive ten dollars quarterly and his colleagues $4 a day.

Judge Huycke is chairman and E. A. Peck and S. R. Armstrong respectively represent the County and City. Phoenician. We have it in the Lib-

BOOKS WORTH READING

By F. M. DELA FOSSE, Librarian.

One of the things that strike librarians with dismay is the fact that so many hundreds of books well worth reading lie neglected on the shelves.

In order to determine to what extent this neglect affects our own library a survey was recently made of twelve shelves, comprising in all about 140 volumes. These were works of fiction. An examination showed that no less than 60 out of the 140 were books by authors whose names are still well known, but whose popularity has waned in the light of later stars that have appeared in the literary firmament. Harrison Ainsworth, Grant Allen, Miss Austen, Frank Anstey, Edwin L. Arnold, Cutherbert Bede, Besant & Rice, are among those who are being fast relegated to oblivion, but whose works compare favorably with the best in their respective lines that our present day authors seem capable of producing.

The excuse has been made that as times change so do tastes and that what was esteemed excellent literary fare by our fathers and mothers is looked upon in these days as intolerably slow and stilted. The words of warning that have been uttered by scores of well-meaning and authoritative men and women that there is danger in trying to assimilate so much of the present-day products of the pen seem to fall on deaf ears. Yet, would it not be well to listen to them and to hark back occasionally to the older writers if only to obtain a glimpse of the changes that have taken place in the manners and customs of our people? And there is another reason why an occasional change in one's reading is essential to healthfulness of mind. This is a day of unexampled celerity in all lines of business. It is the Quick Lunch Era. It is well to bear in mind, that continual addiction to a quick lunch in literature is as bad for the mental organism as the usual quick lunch in a restaurant is for one's digestion. Many of the fiction-writers of the day are feverishly engaged in writing potboilers, turning out one or two nevels every year, not caring much what dishes they concoct, knowing that they will find a sale, in catering to the baser instincts of man's nature.

Harrison Ainsworth's books were very extensively read forty years ago. To-day they are hardly opened. Among them are such good novels as Rookwood, which deals with the adventures of Dick Turpin; Windsor Forest, with its legend of Herne the Hunter; The Tower of London; Old St. Paul's, which if memory serves one aright, presents one of the best accounts of the Great Plague that has ever been penned; the Admirable Crichton, which relaties in semi-fictional form the doings of one of the most astonishing and versatile men of genius that the British Isles ever produced. There are many other books to Ainsworth's credit, but in passing them by we must not forget Boscobel, which deals with the tribulations of Charles the Second and his escape from England.

Ainsworth died in 1882. A year before his death a big banquet was given in his honour in his native city of Manchester. The surprising statement was made at that banquet that in the course of one year in that city his books had been read no less than 7,660 times. Not forgetting that Manchester is one of the big cities of England, it may be noted that in Peterborough the total circulation of Ainsworth's books has been 148 in six years.

Grant Allen, a Canadian who made a name for himself in fiction as well as in Natural Science, also seems to have fallen on evil days in regard to his writings. We have several works by him. He died in 1899 in England. Alfred Russel Wallace esteemed his powers highly. To-day his books are never asked for. Miss Austen wrote several books, and two of them, Pride and Prejudice and Sense and Sensibility, are deemed classics, but are sharing the fate of many classics in never being read.

Worth Reading.

Frank Anstey has not written very many books, but he has written one or two that are very humorous, "The Tinted Venus" and "Vice Versa." They bubble over with humour and are well worth reading.

Edwin Lester Arnold, a son of Sir Edwin Arnold, wrote one book which was very highly thought if, Phra the

rary and those who are interested in Metempsychosis will enjoy its contents. It deals with the adventures of a young Phoenician who, prior to the Roman conquest, reached the Cassiterides, the "tin islands," and whose soul passed in successive transmigrations into several people, preserving at the same time the distinctive characteristics of his own individuality. The story ends in the days of Queen Elizabeth. It is a very interesting tale.

Cuthbert Bede, otherwise the Rev. Edward Bradley, was the author of a book published about 1833, entitled The Adventures of Mr. Verdant Green, detailing the humorous side of life at Oxford University at that period. Our fathers and mothers used to laugh over it and there are some amongst us who have never read it who might enjoy the book also, which is filled with illustrations in keeping with the letterpress.

Messrs. Besant and Rice wrote many books in collaboration. Perhaps their best known one is "The Chaplain of the Fleet," which sets forth the life of the unfortunate debtors who languished in the old Fleet Prison in London. After Rice's death Besant worked on alone and in one book, All Sorts and Conditions of Men, he was instrumental in bringing forward the erection of the People's Palace. The public was so stirred by the description of the squalid misery of the dwellers in the east end of London that it contributed willingly to the erection of a building that would provide rest and recreation at a cheap rate to the submerged tenth. The Drapers' Company at various times gave large sums for its upkeep and so widely did its interests develop that it is now a recognized branch of London University.

Editor of The Examiner.

Sir,—from the differences of values placed on the property known as the J. H. Bettes Estate by my option and the valuators chosen by the City Council, an opinion has went the rounds that the valuators were right and my option exorbitant. To refute this opinion, I have to say I have an itemised statement of the material in these two dwellings at current prices which no contractor with any regard for truth can dispute when I say that the material and work can not be replaced for less than $7,100 for the two dwellings alone, and the land values $2,600, should make $9,700.

Now, Mr. Editor, by these figures it must appear that the valuators must have taken an outside survey and used no figures or took no thought that inside these walls there was joist, flooring, studding, cloth, plaster, paint, plumbing, and nails. Thanking you, Mr. Editor.—I remain,

J. H. Bettes, Sr.

201 Barie Building,
Peterborough, 30th Jan., 1920.

Editor of The Examiner.

Sir,—Would you please insert the following in reply to a letter which appeared in your columns on 28th January regarding Vocational Training:

"We wish to most emphatically deny the charge made that men are being granted courses due to pull, influence, or fraternal connections, or for any other reasons than those covered by the Order-in-Council. Furthermore, that all applicants are given every consideraton and chance to state their case. Courses are not approved by this office, but by Headquarters in Ottawa, where the case comes before a Board, who are not familiar with the applicant personally and therefore act as uninterested parties.

"In regard to the case quoted, as the name of the student is not given, we cannot remark on it except that a case such as this would be impossible unless it were that of a minor. If the gentleman who wrote the letter referred to will lay a specific charge at this office over his name, we will be only too pleased to explain the case to his entire satisfaction."

Thanking you in anticipation.

F. D. Gifford,
District Vocational Officer,
Peterborough Branch.

To the Editor of the Examiner.

Dear Sir,—I would like to voice my opinion on this "Buy at Home Campaign", which compared with "Wages and Prices" in Peterboro is a farce. If the different industries in Peterboro paid real wages, then the work people could afford to buy at home. In other cities (not far from Peterboro) the unskilled labour gets more wages than the skilled mechanic gets in Peterboro. The wages paid in this city are inadequate to make this "Buy at Home Campaign" a success. There "Industrial Development" meetings are all very well as a meeting but a "blind" man can see that Peterboro is on the "Bum and not the Boost". In my line of business I come in contact with a large number of people every day and it is the same old story with most all of them and that is, "We are just living from hand to mouth and the sooner we get out of here the better." It's as plain as daylight if a man gets good wages (and by good wages I mean $5 a day at least) he can afford to spend a little extra even if it does cost a little more in his home town. But you see it is like this. Income does not rise with expense, because the Employees are fighting the high cost of business and oppose and postpone wage increases as long as the worker can be induced to cut his living down to the bare necessaries of life. But labor must live and a strike forces a little raise from some profiteering employer. But strikes raise the general cost of business, which the worker pays for through the profit the employer makes by increased prices. And if the raise comes it is less than needed and so the vicious circle is repeated. To my mind the only thing that will move Peterboro ahead is an increase in wages in general. If that does not do the trick then only one thing will and that is dynamite. I have been in Peterboro a long time and I hate to see such a fine city practically at a standstill.

Yours for a better Peterboro.

Get Rid of The Cough That Sticks

Some coughs seem hard to shake off—stick right to you in spite of all you do to get rid of them.

Those are the kind of coughs that are dangerous—that weaken the lungs so that the germs of consumption find a ready foothold.

We know of no remedy that will cure stubborn coughs— coughs that won't let go—like Dr. Wood's Norway Pine Syrup.

It allays the inflammation, soothes the irritation, and heals the diseased mucous lining of the lungs and bronchial tubes.

Mrs. Leo. Allen, Petit de Grat Bridge, N.S., writes:—'Last winter I had an awful cough that kept me in the house for over two months. I tried several cough remedies, but got no relief. I was almost discouraged when a grocer here offered me a bottle of Dr. Wood's Norway Pine Syrup. After taking that one my coughing began to cease. I took two more and they cured me completely."

Get the genuine Dr. Wood's Norway Pine Syrup; put up in a yellow wrapper; 3 pine trees the trade mark; price 25c. and 50c.; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

EVENING SERVICE AT ST. ANDREWS

In St. Andrew's Church the Minister will conclude a series of sermons, which has been very practical and interesting touching every day life. The choices which the very fact of being alive thrusts upon people have been presented in the words and phrases of current speech quite free from technicalities of any kind. Some of the most crucial and momentus decisions will be given attention in the final sermon. Strangers and young people without a church home wil lbe cordially welcomed to this service.

Two Splendid Things

One is plenty of open-air exercise.

If you can't get all of that you should, it's all the more important that you should have the *other* tried-and-true remedy for a torpid liver and bowels that don't act freely and naturally.

Take one pill every night; more only when you're sure it's necessary.

A USEFUL PAMPHLET.

Canadian exporters and manufacturers will undoubtedly appreciate the enterprise of the Royal Bank of Canada in publishing a pamphlet for their information showing the advantages which Canada derives from the preferential treatment accorded merchandise produced within the Empire when imported into Great Britain and several of the British Dominions and possessions.

As the pamphlet remarks that while Canadians are as a rule familiar with the general principles involved, it is not always easy for interested parties to find particulars available as to the extent of the preference accorded or the articles to which the preferential rates apply. The publication of the pamphlet, prepared by the Foreign Trade Department of the Royal Bank, is expected to fill this want.

LAST EVENING'S BANQUET.

The complimentary banquet tendered by the citizens last evening to Mr. T .F. Matthews was a testimonial to the service rendered by Mr. Matthews during the long period when his energy, progressiveness, and business acumen were devoted to public matters.

As chairman of the Water Commission and afterwards of the Utilities Commission, Mr. Matthews has richly earned the honours that were paid him last evening. His great interest in the work to which he has so long devoted himself has been of inestimable benefit to Peterborough, and perhaps in the complimentary references made to him by the speakers, and in the knowledge that his former fellow-citizens are grateful for what he has accomplished, Mr. Matthews will find a reward for his efforts on behalf of the city.

In his removal to Toronto Peterborough has lost a citizen whom she can ill afford to lose.

A PRIVILEGE GONE.

The announcement that the officials to be appointed to take the Dominion census next year are to be selected by the Civic Service Commission will not be gratifying news to private members of the House and there is likely be much gnashing of teeth as a result. Under the old system the private members would have had the privilege of making all the appointments in their own constituencies and for many of them the appointment would have been welcome for the chance it would afford to discharge political obligations to some of the camp followers of the party. Private members have been shorn of much of their power and glory by recent developments, the plums they used to have at their disposal having been passed on to the Civil Service Commission. That they are not even going to be allowed to choose the census officials in their own ridings will therefore be not welcome news.

A LIVELY BATTLE.

If the riding of Kenora is opened for the benefit of Hon. W. E. Raney, as is the present outlook, the Citizens' Liberty League should be satisfied. The League has announced its intention of opposing the Attorney-General, no matter where he decides to throw his hat into the ring. In that case the members of the League can ask for no better battle ground than Kenora, for that constituency is the home of the president of the League, Col. H. A. C. Machin, ex-M.P.P., and that individual would be a logical selection to oppose Hon. Mr. Raney.

The Drury Government, however, would doubtless prefer a safer riding than Kenora, and if the offer of Mr. Heenan, the Labour member who now holds the seat, to resign is accepted, it will only be because the Government can find no softer place in which to drop the Attorney-General in his campaign for election to the House.

A RECORD YEAR.

The business of the North American Life, of which Mr. George Benor is the local represenative, is forging ahead wonderfully, as evidenced by the figures presented in their 39th Annual Report. Business issued and revived in 1919, amounting to $22,199,547, was over $8,600,000 in excess of the previous year, and brings the total business in force to $84,597,490, the highest mark yet reached in the history of the Company.

Some cessation of the vast scope of the Company's business is to be found in the fact that during the past year there was paid to Policyholders and beneficiaries over $2,299,000. This amount included $378,265.18 paid as dividends, while in contrast to this it is noted that only $6,000 was paid to guarantors. The death losses incurred during the year were $170,000 less than the previous year, and indicates a probable return to pre-war conditions. The President, Mr. L. Goldman, in his address to the Policyholders at the recent Annual Meeting made the important announcement that the same scale of dividends will be continued to Policyholders in 1920. This is indicative of the fact that in this Company the interests of the Policyholders are paramount.

The President pointed with just pride to the increase over $650,000 in Assets during the year, bringing the total amount now to $18,869,550.26. After liabilities have been fully provided for, there is a substantial net surplus of $2,694,338.13, establishing beyond doubt the unexcelled financial position of the Company, which has entitled it to be known everywhere as the Company "Solid as the Continent."

ARTICLE X.

That the compromise committee of the warring factions in the U.S. senate have not been able to arrive at an agreement on the peace treaty is all the more singular because there is really not much difference between the Republican and the Democratic view. The stumbling block is Artical X of the League covenant. The pith of that article is the provision that each of the nations of the League is bound "to respect and preserve as against external aggression the territorial integrity and existing political independence of all members of the league." Republican senators who oppose ratification of the treaty as presented by the president demand that this article be emasculated by a reservation to the effect that the United States will not go to war in defence of any nation of the league without the consent and action of congress. Democratic supporters of the administration point out that the U.S. constitution provides that the country can go to war only through the action of congress and therefore the reservation is unnecessary. "No president, no senate, no treaty," says the New York Times, " can impose obligations upon the government of the United States in disregard of the constitution. The undertaking of the members of the league in Article X will be entered into by the United States, will be carried out by the United States, only under the controlling condition that any act of war thereunder must have the sanction of congress. That is plain enough without any reservation."

To which the inevitable reply of the Republican opponents of the administration is, "If this be admitted, why then object to a reservation plainly stating the fact so that there can be no mistake about it?"

Probably the disinclination of the president and his advisers to agree to the proposed reservation is that it would be sure to place the United States government in a false position with the other nations of the league. They would be undertaking an obligation to go to the assistance of any member of the league which is in danger of aggression by an external enemy, while the United States, though binding itself to do so also, relieves itself from the obligation by the proviso that it will help its friends in the time of danger—if it then feels inclined to do so. N odoubt the president and his friends feel that such a proviso would put the United States in rather an unenviable position before the world.

And yet the constitution of the league does not really bind any of the nations to use its army or navy for the purposes of the league. It does not provide that the council of the league shall command or direct any government as to what steps it shall take to carry out the decrees of the council: the function of the council is merely to advise, leaving it to each government to accept or reject the advice at all.

To the disinterested onlooker it would appear that the Republican and Democratic factions in the U.S. senate could easily come together and agree on a compromise in a few minutes—were it not for the presidential election which is now in sight.—Hamilton Herald.

THE COST OF EXCHANGE.

There has been a tendency among all classes of the Canadian people to buy goods made in other countries. Unquestionably we buy from the United States boots and shoes, clothing, furniture, motors and many other manufactures to the value of hundreds of thousands of dollars which could be got in Canada. Probably until Canadian industries developed it was difficult to get goods of the quality and finish desired in this country. All over the world the best products of British factories are in demand, and it is natural that they should be freely purchased in the British Dominions. Even now there is no movement against British goods, but there is an overwhelming necessity to reduce purchases from the United States.

There is no ground for quarrel with Americans because the Canadian dollar goes begging among them. Exchange has no respect for international boundaries. The British pound is treated with less respect that the Canadian dollar. For the French franc and the German mark there is even far less consideration. For the first time the United States has the advantage in gold and credit, and by unnecessary trading with that country we only aggravate the domestic situation.

But any frank examination of the cost of trading in the United States under existing circumstances should have a sobering effect upon Canadians. **Every month we buy goods in that country to an aggregate value of between $60,000,000 and $75,000,000.** We pay an additional eight or ten per cent. on account of exchange, and also toll to American railways. The cost of exchange is added when the goods are sold over retail counters in Canada. Upon the total cost the retail profit is calculated. On the average **every family in the Dominion is paying $1.50 for every working day to United States capitalists and workers for American products.** On the average every family in the United States is paying eight cents each working day to Canadian industry for Canadian products. At the prevailing rates of exchange, **the annual excess cost of our American purchases is between $75,000,000 and $100,000,000.**

The appeal which so many agencies and organisations are now making to "buy goods made in Canada" is not peculiarly an appeal in behalf of Canadian manufacturers, and has no necessary relation to the eternal controversy over high and low tariff. Nor in the movement is there any flavour of prejudice against the United States nor any attempt to hold the American Government or the American people responsible for the difficult situation in which we find ourselves. The war has disturbed the bases of world credit, and we cannot evade our share of the consequences. Our sales abroad of Canadian produces fall short by at least $200,000,000 annually of our cash obligations abroad on account of interest on our indebtedness and purchase of good of British and foreign origin. As long as cash receipts from abroad fail to meet our cash obligations abroad, so long will exchange in the United States be against this country. We can do nothing but curtail outside buying and increase cash sales to other countries.—Montreal Star.

LAKEFIELD NEWS

LAKEFIELD, Jan. 30.—Mr. Jas. Thompson, of Toronto, was in the village on Thursday.

Rev. J. Lintott Taylor, of Peterborough, was in the village this week renewing acquaintances.

Mrs. A. W. MacKenzie spent Thursday in Peterborough.

Rev. Albert Hughes, who was to have taken the services in the Baptist Church on Sunday next, is very ill, and will not be able to be present.

The members and adherents of the Methodist Church who were present at the banquet on Thursday night, remained at the close of the event for a short conference with Revs. A. J. Thomas, and S. F. Dixon.

The funeral of the infant daughter of Mr. and Mrs. E. Macaulay took place yesterday afternoon at three o'clock.

English college girls are taking up cricket as a popular diversion.

The truth is all right, but so many people are ashamed to tell it.

SANDRA THE JEALOUS

BY JANE PHELPS

EDMUND DENIES HIS ENGAGEMENT

CHAPTER XXXV

I had learned a lot from Hetty's aunt, yet there were many questions I would have liked to ask. But Hetty motioned me to leave her, and really she looked so ill I felt almost guilty that I had allowed her to talk so long.

So Leola had been her own worst enemy. Hetty's aunt had said she loved Everett, yet she was always making him angry; and that he loved her devotedly; and gave in to her in everything. Why had he so changed? He never gave in to me in anything. Another sure proof—to my mind—that he did not love me. She used to do things to make him jealous, to show her power over him. Perhaps that made him love her too. To know she could make other like her. Hetty's aunt had said:

"Never was a woman loved like he loved her. I ain't surprised he waited nine years before he married again."

I felt positive that even after nine years he still lover her—at least loved her memory so much that it prevented him caring for me—unless he cared for someone else!

He had not blamed her when the baby was born dead altho he had grieved terribly. And it was really her fault. It must be wonderful to be loved like that! But more than all was I hurt by what she said about his taking Leola in his arms like he would a baby, and petting and coaxing her until she became quiet. When I cried he scolded me. It was all too complicated.

I hoped I might go and see Hetty's aunt again. There were a lot of questions I wanted to ask her. But she died that week. Hetty was heartbroken, and I tried to comfort. Her aunt had been the only relative she had in the world. But even while I was talking to the weeping girl, I was sorrowing myself because she could not tell me anything more of Leola.

All my wonder at Everett's indifference to Barrett Edmond's call had evaporated when he told me that he and Dagmar Stewart were going to be married. I had other plans, but Everett knew nothing of them. And so long as he didn't object to Barrett calling, I would perhaps have a chance to carry them out.

To my delight he called me up again soon after the day he came with Dagmar, and asked if I cared to have another 'sing'. I told him I should be delighted and he said he would come in about 4 o'clock.

He came in promptly, with a roll of music under his arm. I put Rose's picture where it would be the first thing he saw. But to my disappointment, he said nothing about it. After we had tried two or three new pieces I said:

'Don't you admire that picture? I think Rose very lovely."

"She is very pretty, but —I prefer a different type," he looked at me so meaningly that I flushed ridiculously, and fumbled the music so that several sheets fell on the floor.

"She will visit me this summer. I do want her to have a nice time. We have been just like sisters ever since we were babies."

"You may be sure I shall do all in my power to help you entertain her" he said. Then he forget all about Rose in talking of some concert he had attended where the music was exceptionally fine.

"It's because he's engaged to Miss Stewart," I said to myself, hardly able to hide my disappointment that he had not enthused over Rose. I did so want her to live next to me.

I wanted dreadfully to ask him if it were true that he was engaged, but I saw no opportunity until just before he left. Then he referred to Rose.

"Be sure and call upon me to help you when your friends arrives."

"Indeed I will, but perhaps—Miss Stewart won't —like you to. Rose is very pretty." I knew I had said an awkward thing, awkward for both of us, yet I waited eagerly for his answer.

"What has Miss Stewart got to do with it? Ah, I see!" He did not wait for an answer. "You have heard that silly rumor too. Really, poor Dagmar will have to hurry her wedding or she will be married to me in spite of herself."

A rush of joy swept over me. I thought it was gladness because of Rose.

"Then she isn't—"

"Going to be married? Yes she is," he interrupted, "but not to me, unless people in Hendon make her marry me in self-defense. Dagmar has been engaged to an out-of-town man for a year. He, as well as she, is a friend of mine. He looks to me that Dagmar has an occasional escort and in trying to show her a little attention it seems I have started something."

So there was a chance for Rose after all. I must have looked awfully relieved, because he said with a queer look in his eyes:

"I am flattered that you are pleased," and before I could really give a thought to what he had meant he was gone.

To-morrow—An Unexpected Lunch Party.

The colder that pastry is kept during the making the lighter it will be.

Every room is more successful if it has a touch of black somewhere.

Do as Mr. Gard

Mr. Anson A. Gard, the well known Littérateur of Ottawa, called the Wandering Yankee, says in an unsolicited testimonial for ZUTOO Tablets:

"Zutoo Tablets stop my headaches so completely that I do not mind having them any more."

No need for any one to suffer from headache if they do as Mr. Gard does

and take Zutoo

THE COMMITTEE MET YESTERDAY

EXCHANGE MARKETS AFFECTS DEBENTURE HOLDERS.

The Finance Committee held their regular meeting yesterday afternoon. The following members were present: Ald. Turner, chairman, Ald. Phelan, Hamilton and Morrison and Mayor McIntyre.

Two accounts from the Peterboro Fuel and Transfer Co., for coal for the Nashua Paper Co. caused considerable discussion and were finally left over for the disposal of the Nashua Co. Mr. F. W. Miller's list of accounts were passed and a report of the Relief Officers work for the year was read.

The rest of the meeting resolved itself into a discussion on city debentures. A report was read showing the debetured debt of the city and giving many figures in connection with City Debentures.

The City Treasurer explained how the exchange situation had affected the sale of debentures in New York markets and how the adverse exchange situation benefited those who made their premiums payable in New York. It was moved by Ald. Hamilton, seconded by Ald. Phelan that all debentures be made payable at Toronto, Peterboro and Montreal only.

Ald. Hamilton questioned the City Treasurer on the number of debentures that were sold locally. The City Treasurer replied that it was very hard to sell them locally, as it did not meet with the approval of local banks and loan companies. Some years before they had tried and failed. The City Treasurer said that it was very hard to sell debentures locally. The people were shy of the long term ones.

After some more discussion on the debentures the committee adjourned about a quarter to five.

MR. T. F. MATTHEWS,
who was given a banquet last evening by the Citizens of Peterborough.

NEW BOOKS AT PUBLIC LIBRARY

The following books have been received at the Public Library.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

Rx Genuine Aspirin Prescribed by Physicians for Eighteen years —

BAYER

The name "Bayer" identifies the only genuine Aspirin,—the Aspirin prescribed by physicians for over nineteen years and now made in Canada. Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally. Tin boxes of 12 tablets cost but a few cents. Large "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer Manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Your Most Important Deal

When a man applies for Life Insurance, he is taking up the most important de ' of his life, for, presumably, he will not be here when it is settled.

How important then that he select the best obtainable.

The record of the SUN LIFE of Canada for the past 49 years of its ex tence, has been an unbroken march of progress obtained through square dealing, and the past year has surpassed all others with its assets of over ONE HUNDRED MILLION and Income of TWENTY-FIVE MILLION and surplus on Government Standard of over TEN MILLIONS. Where can you find its equal?

Is it not to your interest therefore to place your Life Insurance with the Sun Life of Canada?

D. H. MOORE
J. D. CAMERON | Inspectors.
W. H. HILL, Mgr. Central Ontario Div., Peterboro', Ont.

An increase in salary— But are you better off?

"The more I make the more I spend," has been a young man's cry for generations.

When many a man's salary is $15 a week he lives up to every cent of it, putting off the time to start a savings account until his wages are increased to $20.

But when the $5 a week increase comes, does it go into the bank? Not very often.

Make that salary increase do something for you if it is to be of any benefit. Deposit it in The Bank of Toronto each week.

With the interest it earns, you will find at the end of the year that you have a lump sum with which you can do material things.

E. J. H. VANSTON
Manager.

THE BANK OF TORONTO

BIG ICE SUPPLY FOR PETERBORO

DEALERS REFUSE TO REVEAL PRICES FOR NEXT SUMMER.

This winter the ice which is at present being cut by the ice companies on the Little Lake is the best that has been taken out of the lake in years. This is the result of the bitter weather and dearth of snow.

In order to offset a repetition of the outcome of last year when the City's ice supply ran out early in the season and artificial ice had to be supplied to the customers, the companies this year are laying in practically double last year's quantity, filling up every possible ice house to capacity, while the farmers from the neighboring farms are drawing ice to their homes in greater quantities than formerly.

Ice in Early.

But for the bitter cold which prevents any extensive cutting the total supply would have been in ten days ago, while last year cutting had not been commenced until late in February. The Allin Ice Company commenced operations in December, this year. No difficulty has been experienced in getting sufficient help in the ice cutting. One company advertised for fifty men and soon had over the required number of applicants. The ice this year is twenty-seven inches thick and entirely water ice.

The dealers refused to forecast the prices that will be asked for the ice this summer.

Money, like salt, is necessary, but an overdose is harmful.

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. a box, at all dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage

Rocky Crust of the Earth.

The volume of the rocky crust of the earth, estimated at 10 miles thick, including the mean elevation of the land above the sea, is 1,612,000 cubic miles.

Can't Get Away With It.

He—But do you think I could deceive my own little wife?

She—No, I know you couldn't; but you are silly enough to try.

G.W.V.A. GET GRANT OF $150 FROM THE COUNTY COUNCIL

OFFERED AS THE INCREASE ON THEIR BALANCE, WHICH IT WAS INTIMATED THE CITY WAS WILLING TO COVER—$25 TO SICK CHILDREN'S HOSPITAL.

After discussing the Great War Veterans' request for a contribution to meet the deficit of $2,000 in their building fund, the Finance Committee of the County Council on a motion by Mr. McIntosh, seconded by Mr. D. Brown recommended a grant of $150 and the sum of $100 to the Lakefield G.W.V.A. whose petition had been presented by Reeve Strickland.

There was an understanding that the County would continue its grant to the Peterboro G.W.V.A. yearly as they saw fit, but they were not in any way obligated by the motion. It was remarked that $150 was sufficient to pay the interest on the balance of $2,000 which should relieve the minds of the G.W.V.A. There was also some reference to the probability of the city paying the balance.

Some members expressed the belief that the G.W.V.A. especially in the smaller places like Havelock and Lakefield would not be permanent.

Reeve Eason—There should be no necessity of the G.W.V.A. looking after soldiers and their dependents who do not get the benefits the government provides. We know that even in spite of the Veterans' Association some returned men have not got their rights."

Grant to Hospital.

Mr. Eason moved, seconded by Mr. Wilson that $25 be granted to the Sick Children's Hospital.

RUB NEURALGIA PAIN AWAY, DON'T SUFFER

Instant Relief! Rub Nerve Torture, Pain and Misery Right Out with "St. Jacob's Liniment."

Conquers pain—never fails.

Rub soothing, penetrating "St. Jacobs Liniment" right on the ache or pain, and out comes the neuralgia misery.

Here's a joyful experiment! Try it! Get a small trial bottle from your druggist; pour a little in your hand, and rub it gently on the sore, aching nerves, and before you realize it—in just a moment—all the pain and neuralgia disappear. Its almost magical, but the joy is that the misery does not come back. No! The nerves are soothed and congestion is removed and your neuralgia is overcome.

Stop suffering! Its needless; neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body, is instantly banished. "St Jacobs Liniment" is prefctly harmless and doesn't burn or discolor the skin. In use for half a century.

PRIZEWINNERS AT EUCHRE PARTY

The weekly progressive euchre party given last evening in the Sacred Heart basement was an exceedingly successful event, and the hall was filled to capacity. In addition to the cards, a short and most acceptable musical programme was given, to which Miss M. Allen, accompanied by Miss M. Halpin, and Mr. Ted Barclay, accompanied by Mr. Dickinson, contributed much enjoyed solos. The prize winners were: 1st. ladies, Miss M. Hotte; 2nd. ladies, Mrs. O. LaPlante; 1st. gentleman's, Mr. Alex. Gordon; 2nd. gentleman's, Mr. Rock Gordon, Jr.

PLAYS FOR DANCE FOUR HUNDRED MILES AWAY

L. W. Elias, officer in charge of the Chicago radio station, sends a complete musical program by wireless to convalescent soldiers at Fort Sheridan, 400 to 500 miles distant. An operator ot Detroit connected his instrument to a transmitter and gave out the music of Mr. Elias for an audience of 100. The apparatus used to transmit music by radio is a Brunswick Phonograph with all-wood oval horn, some records, a transmitter and receiver combined with a power plant in connection with batteries. The photograph shows Mr. Elias and his machine.

REPORTS LOCAL COUNCIL OF WOMEN

Report of the Corresponding Secretary.

Madam President, Officers and Members of the Peterborough Local Council of Women:

In the beginning my annual report for 1918-1919 allow me to quote from the report of one of our National Council Officers, "the most uninteresting business upon any agenda must of necessity be the report of the Corresponding Secretary, for at best it can be but a dry tabulated record of transactions. However, it is one of the evils that must be borne before the delights in store may be entered upon."

Shortly after our last Annual Meeting, Miss Virginia Gibbs, a representative of the Victorian Order of Nurses visited the city. At her request, the Council arranged a meeting for the school girls in the Collegiate Hall where Miss Gibbs addressed them.

On resolution of the Council a letter of condolence was sent to Lady Laurier.

In February a resolution was brought before the Council by Mrs. Kendry re a land settlement scheme for soldiers wishing to become farmers. As the plan had so much to recommend it and as a similar idea was advocated by the Mail and Empire and the Toronto Saturday Night, this was adopted, and at the National Executive Meeting held in Ottawa Mrs. Kendry was our representative and spoke to her resolution.

At the March Meeting we were honoured in having our National President, Mrs. Sanford, with us when she gave a most inspiring address. On this occasion Miss Parker read a very interesting and instructive paper on Immigration.

Our attention was attracted by a local editorial telling about certain conditions of poverty and destitution existing in the city. Dr. Amys, the acting Medical Health Officer was communicated with and he informed us that the newspaper article was only too true in the main and asked for the help of the Council that would in any way better these conditions.

Dr. Birnie presented her scheme for Child Welfare and plans for a Baby Clinic at the April Meeting. This was unanimously endorsed and the earnest support of all pledged to make it a success.

In the early Spring a communication was received from the Canadian Trade Commission and one from J. N. Worth re "made in Canada" goods. As a result of the discussion these aroused, a resolution was sent to the National Council endorsing the "Made in Canada" policy, but asking that steps be taken to produce a better understanding between producer and consumer as to the quality and price of such articles. This was seconded by the Toronto Council and was brought up at the National Annual meeting in Regina. After some discussion, showing the needs and drawbacks of a "made in Canada" policy and a universal desire for a good article at a fair price, the resolution was adopted. Lady Falconer represented us on this occasion.

This Council, in common with several others, at the request of the Ottawa Organization, memoralized the Government to allow the continued sale and manufacture of oleomargarine. A night letter was sent to Sir Thomas White, acting Prime Minister, and the influence of the local Federal Member and the Board of Trade was also asked.

In June a plan to license and supervise all boarding and rooming houses, asking that a municipal by-law be passed requiring all persons wishing to keep boarders or to rent rooms to register and obtain a license, was submitted to the City Council but so far as known no definite action has been taken.

During the Referendum Campaign our President was a member of the [illegible] Committee and effective work [illegible]

When it was learned that Mrs. Pankhurst was coming to America again, it was decided to make every effort to engage her to speak here. Arrangements have since been made and she is to come in April.

After careful consideration and discussion, the following resolutions was sent to the National Council en-October and their co-operation invited:

"WHEREAS the delay in delivery of mail due to the Christmas holidays coming on Saturday is the cause of much inconvenience to the public, especially when a Public Holiday falls on Monday, and as this Saturday half-holiday is set by a ruling of the Department of the Post Master General of Canada, therefore the L.C.W. of Peterborough requests the Board of Trade in cities and towns where mail delivery exists to join in petitioning the Post-Master General to appoint some day other than Saturday as the Mail Carriers' half-holiday."

In November it was decided to return to the Department of the Secretary of State our certificate of Registration under the War Charities Act as the Council is not engaged in War Relief Work.

There have been nine open meetings held during the past year while executive and sub-executive meetings have been called when occasion demanded.

There were 28 affiliated societies, one new society has asked for affiliation and the 57th Regimental Chapter I.O.D.E. has re-established its relations with us.

The attendance has often left much to be desired and it is hoped that this discrepancy may be remedied during the coming year.

The election of Mrs. Morris to the Board of Education was very gratifying since her candidature was unanimously endorsed by the Council.

All of which is respectfully submitted.

(Sgd.) Kathleen P. B. Jamieson,
Corresponding Secretayr.

Report of Committee of Fine and Applied Arts.

Madam President and Women of the Local Council:

This being the first year of the "Fine and Applied Arts Committee" we are just feeling our way and so have very little so far to report.

The Committee consists of Miss Hatton, Miss Lenore Sanderson and the Convenor.

During the period of the war the work of the Women's Art Association was almost at a standstill, but the medals and Hon. Mention cards to encourage the children in the annual competition held in each grade of the public schools were not neglected. The Association has now taken a new lease of life, and has a splendid programme arranged for the winter and already things are under way in their new studio in the Conservatory of Music.

Seven musicales have been arranged and there is no doubt about their success, and two already given have been most delightful. The "Study Club" has a course of lectures on "Architecture" and they are proving most interesting and instructive. I should like to draw your attention especially to a lecture on the Art of Book Binding by Miss Taylor of Toronto (date to be arranged) and also one on Interior Decoration by Miss Muriel Sharp of Toronto on March 29th. This I am sure will be of interest to us all because "to choose the beautiful in design, color and form in the furnishing of the home and in wearing apparel requires training along art lines, particularly in the case of those who are not fortunate enough to live in an atmosphere of beauty, and until every girl or woman realizes that beauty is a part of the house and must be learned with not less diligence than is given to the other subjects that go toward the making of a home, it cannot be a natural inheritance of a people."

The Committee has recommended some changes in the Prize Book List of the Peterborough Fall Fair and hope to have the changes made before the next Exhibition.

The lack of a morning Musicale for several years is I think due to the lack of sufficient help in most of the homes.

I hope if anyone feels that the Committee or any member of the Committee could be of help to them they will not hesitate to call on us as we should be so glad to do what we can.

Dean Farrer says "Art teaches us to see, next that it teaches us what to see, and thirdly it teaches us to see more than we should otherwise have seen."

Respectfully submitted.

(sgd.) Maude H. Rush....
Convenor Fine & Applied Arts Committee.

Report of Committee for the Suppression of Undesirable Literature.

January 23rd, 1920.

Your Committee beg to submit the following report:

The first thing we did was to get into communication with the convenor of the International Society. They sent us lists of good books for childrens' libraries and also the names of two very undesirable books they were endeavouring to suppress.

Miss Monroe who had charge of the childrens' library found that most of the books were already in her library. As to the two bad books we did not find them either in the Public Library or on sale in the book stores we visited.

Mr. Dela Fosse was quite in sympathy with our endeavours and promised his hearty co-operation. He said he had already removed quite a number of improper books from the shelves and if readers mentioned to him any book they considered not fit to be in circulation he always made a point to remove it if he found it as represented.

The proprietors of the two book stores we visited were also quite kind in their reception of us and promised their assistance at any time we called upon them to suppress any book.

At the two leading picture houses we visited in the interest of movies for children we were also kindly received and both the Grand and the Allen promised to screen childrens' pictures occasionally as a beginning and I am sure if they were assured of good patronage would have a childrens' day regularly, but unless we have the co-operation of the mothers we cannot expect much success. Mr. Dahn of the Grand said he had about eight hundred children at one picture he screened and seemed quite pleased with that day. He had movies on Saturday mornings before Christmas from ten to twelve o'clock as an experiment but only about one hundred and thirty children attended, so I do not know whether he will repeat this or not.

Mr. Rosenthal of the Allen had a picture running last Friday and Saturday but I have not heard with what success.

The managers are quite willing to cater regularly to children if the mothers would co-operate and they could be assured of a paying audience.

This is the extent of our endeavours for the year just ended, all of which is respectfully submitted.

(sgd.) A. Walton,
Convenor.

OSTEOPATHY AND THE MILK DIET.

Here is a note received this morning. It speaks for itself:

Dear Doctor Marshall.— Anyone with poor blood and not too much of it, can't beat this treatment if they want to get well. For a year and a half previous I've spent several hundred dollars on drug treatment from several doctors and lost more than I gained.

The thirty dollars spent for treatments and thirty dollars spent in milk have been the best investments I ever made. I have gained twenty-one and a half pounds in four and a half weeks and am more than satisfied.

Gratefully,
R. R. O.

To Whom it May Concern—

I will be glad to tell you of other chronic conditions successfully treated by this method during the past four years.

B. E. MARSHALL, D.O.,
2d-25-1w-6. 242 Hunter Street.

THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quickly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD

150 Avenue Pius IX, Montreal.

"For three years, I was a *terrible sufferer from Dyspepsia* and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and *finally the doctor told me I could not be cured.*

At this time, a friend advised me to try *'Fruit-a-tives'* and I did so. After taking two boxes of *'Fruit-a-tives'*, I was greatly relieved; and gradually this marvelous fruit medicine made me completely well.

My digestion and general health are splendid—all of which I owe to "Fruit-a-tives".

GASPARD DUBORD.

50c. a box, 6 for $2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

Her Baby Girl Had Fearful Eczema

"If mothers only knew the value of D. D. D."

Write Mrs. A. Ashby of 681 Yonge St., Toronto. Write her for the story of how D. D. D. cured her baby of a case of eczema that completely covered the head and face.

We keep on publishing these statements weekly from all parts of Canada, telling of the really marvelous results secured by the liquid wash. Why not get a bottle of D. D. D. today on our positive guarantee? Soothes like magic. $1.00 a bottle. Try D. D. D. Soap, too.

Save The Old Shoes

A campaign to be launched by the National Shoe Retailers' Association of the U. S., estimated to save $300,000,000 by repairing all the old shoes.

Retail shoe dealers are to be urged, not that new shoes be purchased, but that Old Shoes be dug out of the closets and repaired.

It is said that there are "millions of shoes in the closets of the nation that with a little repair, can be made perfectly serviceable. If people will get out those old shoes it will reduce shoe bills from more than ...,000,000 to $700,000,000."

What is true of the U. S. is true of Canada and of Peterborough. I am splendidly prepared to repair all kinds of Old Shoes. Dig them out of the Closets and bring them here for a first class job. We don't cobble Shoes, we repair them.

SIMCOE STREET

Most Interesting and Opportune is This Shipment of Spring Dresses

There are about fifteen all told and the materials are Satins, Georgettes and sometimes combinations of both. Side drapes are much in evidence and if your judgment is unbiased you will be captivated by the gracefulness that the designer and maker have achieved in this respect.

PARTICULARLY effective is one number of black charmeuse. The waist is a blouse effect and is garnished with narrow Copenhagen and black velvet ribbon. The skirt is on the draped order, receiving its fullness from a cluster of shirrings on the left front and the right back. The sleeves are unique and are innovations of the present season. They are short, coming just below the elbow, and the lower portion is gathered with a liberal fullness. Round neck with small collar at the back. Price, $65.00.

A NAVY Georgette over navy duchess satin is not a new combination to be sure, but the way it is treated sprung from a new source of inspiration. The lower edge of the georgette is fringed with black jet and immediately above is a border formed of navy blue silk and black beaded motifs. The waist line is defined by a wide seven-inch girdle that meets at the back with a short two-looped sash. The bodice is patterned with motifs to correspond with the waist. The sleeves are unique, being very wide from the elbow down, and open on both sides and closed at the bottom. Price, $65.00.

TAUPE Georgette furnishes the material for this handsome model. It features draping but in moderation. The foundation of the skirt is habutai silk to match and the bodice is veiled over a gold lace. The collar is a small two-tiered effect and piped with satin of corresponding color. The bodice extends to the back and meets with a rosette, of which all the exposed edges are piped with satin. Price, $62.00.

A DINNER GOWN of black charmeuse is veiled with black lace that possess a pretty mesh and coin spots and the edges are finished with black jet. A three-inch girdle of black charmeuse encircles the waist and a softly draped lace panel falls from the back of the shoulder and is gathered beneath the girdle. The waist is enlivened by a French bouquet bordered with a round piece of black ostrich. Price, $69.00.

Arrived To-day

Ladies' Patent Leather Oxfords, and also Ladies' Patent Pumps. Both lines can be had from AA to D widths. They are part of our Spring stocks.

A Spring shipment of Navy Blue Suits and One Tweed. They are now on display our Second Floor.

Lamp Shades of Silk, in acorn shape. Their purpose is to cover the light bulbs of Wall Fixtures or Chandeliers. Obtainable in a number of desirable shades. Price $2.00.

The GRESSMAN Company Limited

THE CALL FROM ARMENIA

CARDINAL GIBBONS, THE FAMOUS CATHOLIC PRELATE, JOINS IN THE APPEAL---BOWL OF SOUP A DAY THE ONLY THING BETWEEN THOUSANDS AND ABSOLUTE STARVATION.

Dear Mr. Editor

I am a little girl eight years old. I am sending $1.00 of my own money and I want you please to send it to some hungry children in Armenia.

Grace Cunningham,
331 Reid St.

Peterboro, 88 London St., Jan. 23rd, 1920.

Peterboro Examiner, City.

Dear Sirs;—

I have much pleasure in enclosing herewith check for $50.00, Fifty Dollars, a donation to the Armenian Fund from the 57th Regiment Chapter I.O.D.E.

Yours very truly,
Helen Hall, Treasurer.

The economic condition has now become so desperate and food supplies are so scanty that the Georgians have ordered a hundred thousand persons mainly Russian refugees without employment, to leave the city of Tiflis. There is no fuel or shelter for the greater part of them during the terrible winter in the mountains, and the existing food supply is entirely inadequate for the great number of refugees without resources of any kind.

Around every station along the railway are gathered groups of hundreds of homeless people lying huddled together on the ground, the majority of them too sick even to try to help themselves. From time to time the stronger force their way on freight cars and move elsewhere, always seeking better conditions, which do not exist. Two hundred and sixty-three thousand from Turkish Armenia, homeless refugees, are thus milling about throughout Russian Armenia, making the relief work a problem.

SOMETHING OF WHAT HAS BEEN DONE.

It is generally admitted that the Near East Relief has already saved the lives of at least 500,000 babies and children and 500,000 adults.

At Alexandropol, where the refugees from Turkish Armenia were driven by thousands, the situation is still appalling. Imagine a bread line of 120,000 famished people waiting for twenty-four hours a day for the dole of food that is the sole barrier between them and death from starvation. It is to avert these wholesale deaths that the Near East Relief is making a nation-wide appeal for funds.

CARDINAL GIBBONS EMPHASIZES THE NEED.

Cardinal Gibbons, the venerable Primate of the Catholic Church, has written as follows:

Advices and information coming from the Near East cannot be doubted. There is great actual suffering and famine. These people, recently become independent and released from bitter thraldom, cannot support themselves. And the Christian and common instincts of humanity must not be allowed to grow cold and be diminished.

"I hope we shall all unite in this present emergency and be able to collect sufficient funds to enable these people to live and work until next summer brings them permanent relief and subsistence. I call upon all to respond generously to the appeal now being made and trust that the committee will be gratified with the results."

THOUSANDS OF LITTLE ORPHANS.

In the Caucasus, Armenia, Syria, Turkey and Persia are more than 250,000 orphans, helpless little victims of war, massacre and deportation, and for the great majority the only bar between them and absolute starvation is a bowl of hot bean soup every day. This soup is supplied by the Near East Relief, now making an appeal for sufficient funds to increase this dole and to provide these suffering little ones with clothing and give them an education that will help them to become self-supporting. It is estimated that more than 1,500,000 in Western Asia will die of starvation unless aid is continued.

WORDY SCRAMBLE FOR COUNTY "PORK" TO ASSIST FAIRS

Sectional ambitions and rivalries found full play in the good humoured contention that broke out in the County Council yesterday afternoon over the division of the grant to assist agricultural exhibitions. Reeve Squire of Norwood and Reeve Strickland of Lakefield put in a hard and profitable day's work in that hour of argument. They must have realized that the Council wished to help the Peterborough Industrial Exhibition, and the small fairs determined to get their share of the "pork."

There were so many motions and amendments that the members were groping in the maize, and when a vote on three resolutions produced no determinate result, Reeve Griffith, presiding in Finance Committee, banged on the desk and called out—"Let's get down to business."

The real feature of the partition of the pork was the speech of Reeve Eason of Otonabee. While the Norwood and Lakefield members were urging grants for their fairs, Mr. Eason drew from the admission that none of the smaller fairs of the county had any hope of appreciable expansion. Lakefield, Keene and Norwood were one day shows, all of them good exhibitions, with Norwood utstanding. "Was it economical to give grants from the county treasury to put up cattle sheds and pens at these fairs for one day's use in the year?" Mr. Eason asked.

"I'm not talking against Keene getting aid," he continued, "but just to be frank as I see this. Otonabee has more prize horses than any township in the county. They carry off the money at all the fairs. But there is rain insurance that protects the small fair against loss, and if cattle do not come on account of rain there is no loss. The Peterborough Fair is the one that has the future. It is used throughout the year, and the directors are trying to get winter and spring shows."

This was the tenor of Reeve Eason's address, but he held out for Keene's rights to a share of the grant. Without a referee there was no decision as to whether Keene or Lakefield Exhibition was the greater, but the equality of their grants suggested a draw.

Warden Nicholls' opinion was apparently in favour of giving Peterborough the whole amount. He did not urge his views, but some of the other members made up for his disinterested silence.

Some people like to fish because it is the next thing to doing nothing.

The original family tree was of the apple variety.

Every picture frame manufactory is a patron of art.

Greatest of All Tonics Vinol

Ask any doctor if he can suggest a better tonic than the following Vinol formula.

Beef Liver and Beef Peptones, Iron and Manganese Peptonates, Iron and Ammonium Citrate, Calcium and Sodium Hypophosphites, Nux Vomica and Wild Cherry.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

We guarantee it will build you up and make you strong or we will give your money back—at leading drug stores—look for the Vinol sign on windows.

A CURE--NOT A SYRUP

Therein lies the difference between Buckley's White Bronchitis Mixture and the ordinary Cough preparations. There are scores of cough syrups on the market but how many of them are **Guaranteed?** You just buy them, follow the directions and—hope for the best. And in some cases the best means very little better.

Mark this: Buckley's White Bronchitis Mixture is a guaranteed cough remedy. Guaranteed because in the most chronic cases of Bronchitis, Coughs, Colds, and Bronchial Asthma, it has proven its claim to be the "world's greatest cough cure."

And the maker stands back of it. Every bottle is sold with an iron bound money back guarantee. But be sure that you get the original Buckley's. Look for the signature on the carton. Price 60c a bottle; mailed for 75c or 3 bottles for $1.75.

Sold by all good Druggists
Sold in Peterborough by

THE CHILDLESS ONES.

It is at Christmas time we feel it most,
When in the close-packed stores
The mothers, anxious-eyed, may be of slender purse,
Weigh the doll's hat against that box of ducks,
Or choose a string of gorgeous, glittering balls,
To grace the Christmas tree.
We press along the crowded aisles and eye
The endless toys, the fascinating tiny sets
Of tea things, the doll trunks, the furniture;
Sometimes we even buy; why should we not pretend,
Just for a little while, that there's someone at home
Belonging to us—of our very own—
Whose stocking must be filled?
'Tis like enough we have worked hard to aid
With many little gifts the lucky ones
Whose quivers are too full;
But in the glowing avenue's late afternoon,
When swarms flit past us of those busy folk
Whose arms are piled with sleds and drums and such,
Whose pockets bulge with candy,
And we walk on toward home with empty hands
Because we need buy nothing, nothing, nothing.....
It is at Christmas time we feel it most!

Ethel Wolff, in New York Times.

THE ANNUAL GENERAL MEETING OF PETERBORO CALEDONIAN CLUB

THE MOST SUCCESSFUL YEAR'S BUSINESS IN THE CLUB'S HISTORY —THE BOWLING TOURNAMENT COMPETITION FINALS.

SCOTSMEN INVITED

The annual general meeting of the Peterborough Caledonian Club was held last evening in the Woodmen of the World Hall — the first annual meeting held since 1914, owing to the cessation of the club's activities during the period of the Great War.

The chair was occupied by the president, Mr. E. G. Hardie, who gave a brief resume of the work of the club since the inaugural meeting last year, and said it was gratifying to know thatthe Scotsmen of the city had responded so well as to put the club on such a sound financial basis. He concluded by giving the members every encouragement to bring along all the Scotsmen in the city to enjoy the fellowship of the club. The membership is open to all persons of Scottish descent. Mr. Hardie thanked the members for the honour bestowed upon him of being elected to the chair for another term.

The Office-bearers.

The election of office-bearers and committees for the ensuing year resulted as follows:

Hon. president—Mr. John Moyes.
President—Mr. E. G. Hardie.
Vice-president—Mr. R. Hendry.
Secy.-treasurer—Mr. J. F. Reid.
Rec. secretary—Mr. J. A. Smith.
Committee—Messrs. Lawson (convener), Robt. French, R. Elliot, Jas. Morton, Stroyan Leith, and A. McArthur.

The Bowling Tournament.

The finals and semi-finals of the carpet bowling tournament brought out a large representation to witness the games, more particularly because of the fact that Edinburgh had not a player left, Glasgow was represented by two players, and Ayrshire had a fair showing.

One of the fourth round games was played between two Ayrshire men, and after many exciting plays, resulted as follows:

McCulloch, Jr., 12—Leith, 2.

The Semi-Finals.

A. Irwin 9—K. Haddow 2.
R. Elliot 13—Hugh. McCulloch 5.

The Final.

R. Elliot 12—A. Irwin 8.

Bi-Semi-Final.

R. Haddow 8—H. McCulloch, Jr., 5.

Consolation Ties.

Consolation ties are now being played off, and some of these last night resulted as follow:

Neil Hurry 12—Jas. Sands 7.
Jas. Morton 18—McCall 4.
John Wyllie 13—A. Grant 6.
R. Hendry [illegible]—J. French 6.
J. A. Smith [illegible]—J. Reid 6.

Notes.

The dark horse—Alex. Irwin—again beat one of James Morton's understudies, Robert Haddow, to the tune of 9 to 2.

Stroyan Leith was an easy mark for Hugh McCulloch. Stroyan was off colour completely.

After playing many good games, Hugh McCulloch had to admit defeat at the hands of Robt. Elliot.

The final produced many exciting ends as both players, A. Irwin and R. Elliot, were in excellent fettle, but the latter won out with a score of 12 to 8 against Irwin.

Club members are reminded that the consolation ties will be played off on Wednesday, 4th February.

During the evening James Morton issued a challenge to the Caledonian Club to play several rinks of Knox Church on 10th February, and incidentally to open a carpet bowling tournament among the men of the church at that time. The challenge was accepted.

The chairman, during the evening, presented the prizes in the tournament as follows:

1st prize (table lamp, presented by Mr. Hardie), Robt. Elliot.

2nd prize (1 dozen gladiolas bulbs, presented by W. H. Young), Alex. Irwin.

3rd prize (4 gramophone records, presented by Mr. Lawson), Robt. Haddow.

4th prize (2 gramophone records, presented by Mr. Lawson), Hugh McCulloch.

Gets Instant Relief After Four Years

TORTURED WOMAN TRIED DODD'S KIDNEY PILLS.

Kidney Disease and Insomnia Had Made Her a Nervous Wreck Till She Used Dodd's Kidney Pills.

Dunvegan, Inverness Co., N.S., Jan. 30th (Special.)—Women who are dragging wearied limbs around, weighed down with a suffering and tiredness that can find no rest, will find sunshine and hope in the message Catherine McPherson of this place sends to them.

"I have just used one box of Dodd's Kidney Pills," Miss McPherson states "But they did wonderful good for me.

"For nearly four years kidney disease tortured me. It finally developed into diabetes. I became a nervous wreck and insomnia was added to my troubles. I was so weak and tired and irritable that every trifle added to my discomfort.

"Dodd's Kidney Pills gave me instant relief. They are a wonderful medicine. I shall recommend them to all my friends."

Dodd's Kidney Pills are purely a kidney remedy. They put the kidneys in shape to strain all the impurities out of the blood. That's why they bring health and restful sleep in their train.

A GREAT GIFT

There are some who expect of us what we cannot do or give. The lame man whom we read about in the Act of the Apostles, who sat at the gate of the Temple, looked on Peter and John expecting an alm, but Peter and John possibly had no money, but they had something far greater; they had faith, and so Peter, fastening his eyes on him, said, "Look at us," and he looked again, no doubt still expecting a gift of money, but as he looked there dawned in his heart a hope, a great hope, of something out of the ordinary coming to him, and Peter, backed by his personal knowledge of the healing power of the Saviour who, though He no longer trod this earth, was still the same Jesus, said to the man, 'In the name of Jesus of Nazareth, rise up and walk,' and he took him by the hand and the electric current of faith and hope passed through the frame of this poor cripple and he, leaping up, stood and walked and entered with them into the temple, walking and leaping and praising God. Now what I would ask is, 'did this power belong only to the Apostles?' I do not think so. We who believe in Jesus have this power in proportion to our faith, and so it is an easy matter, is it not, to tell how much faith there is in the world, for there are not many who we come in contact with who when we look on them cause us to hope for some great blessing, greater than money, greater than any temporal gift, who strengthen our faith by telling us of answers to their prayers, who inspire us, comfort us and actually heal us, small wonder then that with all the activity in the church so little actual work is accomplished spiritually speaking, for the people of faith are the real workers for God, and the only workers. They work without apparent effort, for they themselves are the effort; they are the instrument in God's hand of accomplishing His purpose, and blessed are these people in themselves and blessed are the ones who meet them and mingle with them, for they are as oil upon the troubled waters, a benediction as they pass us by, and so this is the greater gift which we may bestow, the gift of a personality charged with a power that has no limit. It was said of Frances Ridley Havrigal that to be in her presence was like being in a room full of roses, and something after this sort was said of Henry Drummond. Such folk as these could not be described as hustlers. They were not always saying by word and gesture, get busy, get busy. On the contrary they soothed the tired workers of mankind ,for they realized that Jesus did not come into this world to add to its burden. God has ever been against oppressors, but He came to share our burdens, to undo, as He said, the heavy burdens and let the oppressed go free. It is man who oppresses his fellow-man. Let us remember this and let us be brave enough to stand out against this. When it is practiced by the church, as I am sorry to say is done. The church is not a fatcory, but rather a place where we should meet and be able to have the highest kind of fellowship, which would be to us a stimulus, and to go back to our homes and to the workshop with the kingdom of heaven in our hearts and ready to live the life which brings the best results.

MRS. H. B.

CHILDHOOD CONSTIPATION

Constipation—that disordered state of the digestive tract which is nearly always caused by improper feeding—can be readily regulated by the use of Baby's Own Tablets. These Tablets are a mild but thorough laxative. They are easy to take and are absolutely free from injurious drugs. Concerning them Mrs. Joseph Dion, Ste. Perpetue,Que., writes: "I have nothing but praise for Baby's Own Tablets. When my baby was three months old he was terribly constipated, but the Tablets soon set him right, and now at the age of fifteen months he is a big, healthy boy, and this good health I attribute entirely to the use of the Tablets." They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

The Swedish Almanac.

The Swedish name almanac differs from English almanacs in giving, besides the usual information, a Christian name for each sex for every day of the year. The names set forth have to receive the approval of the king. The object aimed at is to secure a greater choice of names for parents and to avoid the endless repetition of a dozen or so names. A similar name almanac is issued under royal authority in one of the German states.—London Graphic.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

SCENE FROM STROHEIM'S WONDER-PLAY "BLIND HUSBAND'S" UNIVERSAL-JEWEL DE LUXE

AT THE GRAND, MONDAY, TUESDAY AND WEDNESDAY MATINEE DAILY

WELSH PIT BOY COMING TO GRAND

GREAT MUSICAL ACT WITH THE "BLIND HUSBANDS."

"Out of the Orinary Vaudeville Act to be Seen Monday, Tuesday and Wednesday at the Grand Theatre. Critics Unanimous in Their Praise.

Getting away from the ordinary "everyday" type of vaudeville is the Welsh act, "The Pit Boy," which has been booked by Manager Dahn of the Grand Theatre to play his house in conjunction with "Blind Husbands," Monday, Tuesday and Wednesday.

The Pit Boy is not Welsh in name only, in this case the author did not write the act and then engage the talent, but wrote the clever mining musical act around the Welsh characters. The result is obvious, the finished product is all that could be desired from both a playwright's and audiences' point of view.

The chief character is Reese Williams, a Welsh miner, who is the possessor of a baritone voice of exceptional range and sweetness. Mr. Williams, since coming to America, has made an enviable reputation for himself as a singer and an entertainer. The act was written around his exceptional talent as a singer and a whistler, and with the assistance of Miss Elsie Addison, who is also well known in musical circles, this team is able to present one of the premier vaudeville attractions of the season.

No expense has been spared by the producers in giving the act its proper setting. The action takes place around the pit head of a Welsh coal mine at twilight and the scenic and lighting effects have been carefully studied in order that the best results might be obtained.

Realizing that music is an important factor the producers have been very careful in their selection of numbers; in fact no detail has been overlooked that will put "The Pit Boy" among the leading vaudeville acts of the day.

How Harry Brown Won His V.C.

HARVEST time had come again to France and the sickle moon hung low in the sky before the dawn of August 15, 1917. From the ruined town of Loos Canadian soldiers made their way to the front line trenches at the foot of Hill 70. After two years garrison duty at this point of the line, an attack was to be made on the German entrenchments on the side and crest of the hill. The enemy had fortified the position very strongly because it overlooked the mining town of Loos. The whole district was dotted with little mining towns, of which nothing remained now but piles of brick and stone. The Germans had deepened the cellars and put concrete roofs overhead, often many feet thick. The streets of the villages were crossed and recrossed with webs of wire, and concrete gun emplacements sunk deep, but showing only a few feet above ground, were pitted all along the way.

Two years bombardment had left little standing on the chalky slope of Hill 70. Down in the valley where the town of Loos once stood, every building had been smashed to atoms. The Canadians moved up to the front in the dark, past trenches named for troops who had passed that way before in the attack made on the hill in 1915; Black Watch Alley, Cameron Alley and English Alley. The ground was slippery from the rains of the first two weeks of August. The weather was sultry and moist.

Suddenly from behind them arose the first rumble of the opening artillery attack, the hill was soon clouded with smoke lit by flashes of the bursting shells, and followed by a blaze of flame with the discharge of burning oil and liquid fire over the enemy trenches.

At 4.25 o'clock the infantry left their jumping off trenches and swarmed over No Man's Land into the German line. The first line was taken in six minutes. The German garrison of Hill 70 was composed of young, raw troops and put up a weak resistance to our troops. The first streaks of dawn were lighting the east when our walking wounded started coming back to the dressing stations, all of them elated with the joy of victory. After two years weary waiting they were moving on, and their wounds were almost forgotten in the exhilaration of seeing the Hun in retreat.

But the day's work was not done, and the men who held the newly won line had stern duty ahead of them before nightfall. The Germans were not going to let Hill 70 go so easily. Masses of men were poured in through their communication trenches, and scores of machine guns were turned on the victors. Hundreds of Canadians were falling, and new troops could not be brought up quickly enough. The German artillery had smashed all the telephone wires to headquarters. It looked as if the joy of the morning was about to be turned to bitter disappointment.

In the chalk pits at the northern end of Hill 70 a terrible struggle took place. The place had been turned into a fortress by the Germans. About five o'clock in the afternoon the German massed for a counter-attack on the Canadian outposts who were trying to build a defence for their new lines. The 10th Battalion had been sent up to reinforce the line. As their workers dug in the hard chalky clay they were mown down by the enemy machine guns. Field guns were trained on the position, and the Canadian line withered under their fire. If help were not brought up the whole day's work would be lost, and hundreds of men had died in vain.

Volunteers to carry back a message to headquarters were asked for, and two of those who offered to go were sent off on their dangerous mission. The ground over which they had to pass was swept by a barrage. The men watching from the trenches saw the first boy fall. The second started out. He, too, fell. Then both were lost sight of. The curtain of fire fell between the valiant young runners and the men in the shell-torn trenches whose lives depended on the delivery of the message at headquarters.

Out on the shell-torn field a boy was fighting for consciousness. It was Pte. Harry Brown, who carried the message to headquarters. His comrade was killed. His own left arm was mangled by a shell. He lay unconscious for a moment, then struggled to his feet. Hatless, his clothing riddled with shrapnel, he staggered on, falling into shell craters, rising again, crawling over the riddled earth, fainting often from pain, but always conquering by his indomitable will. One thought only framed itself in his mind—on him depended the lives of hundreds of his comrades.

The day had almost run its course, and the sun was lowering in the west, when the painful form of a battalion runner was seen stumbling down one of the communication trenches. He approached the door of a dugout, swayed for a second on the top step, and then fell to the ground below. An officer bent over him. Pte. Brown struggled for consciousness. The officer raised him gently and the boy, opened his eyes.

"Important message," he whispered, as he handed over a crumpled piece of paper. Then he drifted away into unconsciousness. He was taken to the dressing station but he died in a few hours.

Harry Brown was born in Gananoque, Ont., in 1898. He enlisted in August, 1916, three months after his eighteenth birthday. His mother, now Mrs. Helen McAuliffe, lives in Omemee, Ont.—Carolyn Cornell in Toronto Star Weekly.

First Wireless Distress Call.

The first case on record of "wireless" being employed by a ship in distress occurred on March 3, 1910. On this late the R. F. Matthews ran into the East Goodwin lightship during a heavy fog. The weather conditions would, in the old days, have rendered the work of rescue very difficult, if not impossible. But the R. F. Matthews was equipped with what was then a novelty —Marconi's system of wireless telegraphy. Messages were sent ashore and speedily brought lifeboats to the rescue.—London Globe.

IRA MOORE WON PATTERSON CUP IN THE VICE-SKIPS BONSPIEL

FINAL GAME WITH HERB HAIR WAS CLOSE ALL THE WAY—MOORE'S BREAK CAME IN THE TENTH END. —HE SCORED SIX POINTS IN THE LAST THREE.

Patterson Cup Final.

N. D. Seaton	R. Hamilton
W. M. Cruthers	J. A.-Dodds
R. P. Best	A. C. Kay
Ira D. Moore	Herb. Hair
Skip.....14	Skip..... 9

Score by ends:
Moore .. 1xx23x2xx222—14
Hair .. .. x23xx1x12xxx— 9

Coming from behind on the tenth end when the score was 9 to 8 against him, Moore and his rink won the Vice-skips' Bonspiel and the E. G. Patterson trophy last night by counting up three two-ends for the comfortable margin of 14 to 9.

It was a close, interesting game, especially to the tenth end, and while Moore slipped over another brace of points on the eleventh, the score was actually in doubt right up to the last stone. Hair had built up a promising lay-out with his first four ends.

Ray Best made a clean draw to the centre for shot, and guarded it with his next. Kay drove a runner that picked up an outside guard and smashed it into the ring for a general clean-up, leaving Moore shot on the third ring, and Hair had only one stone a close second. The whole front was open. Hair needed his two stones and his counter, and his only chance was to get rid of Moore's counter and himself lay.

Moore's first stone fell short. Hair drew to Moore's good stone, but wasn't strong enough to lift it out.

Moore's second stone eliminated one of Hair's from the rings and made victory certain right there. Hair's last stone simply gave Moore another shot and a final two-end.

There was a fairly large gallery, in spite of many other attractions, and both the temporary skips made a good impression upon the talent in bomb-proof number eight.

Previous Winners.

This is the third bonspiel for the trophy presented by Mr. E. G. Patterson.

The 1918 winners were:
E. L. Bowes, E. Taylor, F. Brownscombe, and H. R. Martin (skip).

And in 1919:
George Hall, B. McNeeley, A. C. Kay, and W. H. Taylor (skip).

SICK HEADACHES CONSTIPATION

If you have suffered from constipation for years, tried doctors and all the remedies you ever heard or read of, without getting relief, if you have been subject to all the miseries associated with constipation, such as sick and bilious headaches, biliousness, specks floating before the eys, water brash, heartburn, jaundice and the painful, troublesome, internal, bleeding or protruding piles, etc., wouldn't you consider it a blessing to be able to keep the bowels in a good healthy condition and prevent disease getting a foothold on your system.

Milburn's Laxa-Liver Pills are indicated just for this purpose; their regular use relieving the worst cases of constipation.

Mrs. Malcolm McDermid, Cranton Station, N.S., writes:—"I have been sick for a number of years with sick headaches and constipation. I tried all kinds of doctor's medicine, but none did me any good. I tried Milburn's Laxa-Liver Pills, and after using four vials I am completely cured and would heartily recommend them to all sufferers."

Milburn's Laxa-Liver Pills are 25c. a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont

Political Secrets.

Lord Morley tells a story of how a great political secret was kept by three poor Irish journalists. During the preparation of the home rule bill of 1880 Parnell asked Lord Morley for a draft of its main provisions for submission to half a dozen of his confidential colleagues. The draft was given, duly returned, and not a word leaked out. "Three of the men to whom I showed the draft were newspaper men," said Parnell, "and they were poor men, and any newspaper would have given them £1,000 for it. No wonderful virtue you may say. But how many of your house of commons would believe it?"—London Answers.

Wishing Them a Safe Voyage.

"Mabel and George after much quarreling over the arrangements for their honeymoon have decided to take the trip in an airship."

"Well, I trust that when they get above the clouds they won't have a falling out."

WORLD OF SPORT

GROUP TIE-UP IS ASSURED BY PETERBORO'S DEFEAT OF LINDSAY

BIGGEST CROWD OF SEASON SEE PETE'S VICTORIOUS BY 8 GOALS TO 6 AFTER EXCITING AND BRILLIANT BATTLE—GREY SHIRTS WERE NEVER BEHIND, ALTHOUGH SCORE WAS TWICE TIED.

300 LINDSAY FANS HERE

In a game that was as full of sensations as a moving picture serial and that kept the crowd roaring with excitement, the Peterborough intermediates virtually tied up the group race last night when they beat Lindsay at Brock street rink by 8 goals to 6. It was the best game of the season—of several seasons in fact. The first period was not abnormally fast, but oh boy, the last two sessions were torrid.

The Petes led by 2 goals to 1 at the end of the first period, had a slight edge on the play and were breezing along nicely when the bell sounded. When they added another counter at the beginning of the second session, everything looked lovely, when Lornie Rose drew a penalty and bang! Lindsay scored twice. The score was tied and right there the excitement started. For the balance of the game there was not a let-up. The Petes stormed around the Lindsay net and came near scoring a dozen times before Lornie Rose put them ahead again and the figures were 4 to 3 when the second rest term arrived.

Right off the reel in the third chapter the green shirts increased the lead, but the figures did not remain at 5 to 3 long, for Lindsay added another. Once more the Petes opened up a two goal lead and looked to have the game well in hand, when another terrific Lindsay rally resulted in two counters and half way through the period it was even-Stephen with half a dozen goals each. It was anybody's game at that stage and as the minutes went by with both teams going at top speed, the crowd began to figure how many over-time periods would be necessary. With only a few minutes left to go, however, the Petes came through with a garrison finish that earned them two goals and put the game on ice. It was a grand finish to a great battle.

There has been no harder hockey seen here in a long period. The pace was terrific and both teams checked and back-checked from bell to bell, with the result that combination, except at rare intervals, was impossible. The ice was lightning fast, the conditions were perfect for good hockey, and the teams took every advantage of their opportunities. It was rush and counter-rush, with the defence men blocking the puck carrier or the goal-keepers pulling off sensational stops and the crowd went wild. The biggest attendance of the season was on hand, Lindsay supplying 300 leather-lunged rooters who never stopped yelling until the Petes cinched the game in the last few minutes. It was a real old-time crowd.

While every man on the Peterborough line-up had his share in the victory it is no disparagement of the work of the others to say that Lornie Rose, Grover Halpin and Keevin Murray carried off the honors. Rose was in great form, his speedy rushing and stick-handling being big factors in earning the victory, while he scored the first four goals for the Petes and did some fine back-checking as well. Halpin played his best game of the year, showing his old-time speed, while he used fine judgment in his defensive methods. As for Murray he was at his best in the nets, handling a host of difficult drives from all angles and clearing in great fashion. Lindsay gave him a lot of work to do and he was equal to the occasion. The rest of the team played fine hockey, every player contributing to the result.

For Lindsay, Coombs was easily the star. The big right wing player did more skating than any man on the ice and his rushing, bullet-like shooting and great back-checking kept the result of the game in doubt until the last few moments. Flavelle, the elongated defence man, was very effective, and Art Lipsett, the Peterborough boy, turned in a good game, while O'Loughlin starred in the nets.

Steve Vair handled the game in good style.

The teams were:

Lindsay — Goal, O'Loughlin; defence, Flavelle, Lipsett; centre, McElroy; right wing, Coombs; left wing, Carew; subs, McPhee, Mills.

Peterborough— Goal, Murray; defence, Halpin, Pete Thornton; centre, Ray Rose; right wing, Harry Thornton; left wing, Lornie Rose; subs, Jackson, Evans.

Both teams were cautious at the go-in, and until they got warmed up the pace was not abnormally fast, although both goaltenders were called upon to handle a number of shots early in the period. They were from outside the defence, however, and were easily blocked. Lornie Rose gave the Peterborough crowd a chance to roar when he intercepted a Lindsay pass at centre and fooling the Lindsay defence with a fake shot, breezed a beauty past O'Loughlin for the first goal.

A minute later he made it 2 to 0 on a scoop shot from the side.

Then Lindsay started to come, and Murray had to pull off several sensational saves. Lipsett got inside the defence once, but Murray rushed out and upset him before he had a chance to shoot. A little later Lipsett was chased for tripping Ray Rose, the first penalty of the game. Finally McPhee sent the Lindsay stock up by driving one past Murray on a side shot, after a combination rush. It was a swift drive to the corner of the nets which Murray got his hand on, but could not hold.

Pete Thornton drew the first Peterborough penalty and just before the period ended Coombs was banished for mixing it.

The Petes lost a goal early in the second period, the Lindsay goal umpire missing the play. Lornie Rose tore down the side and shot dead on, but O'Loughlin blocked the shot. Ray Rose batted in the rebound, but the puck bounced out of the corner of the net and the umpire, a Lindsay man, failed to raise his hand. A little later Lornie Rose scored a nice goal. He came through alone, but O'Loughlin kicked out his low shot. The rubber went behind the net and the Peterborough captain brought it out and swept it around the post before O'Loughlin woke up. That gave the Petes a 3 to 1 lead, but it did not last long. Lornie Rose drew a sentence for bumping Coombs into the boards, and while he was off, Lindsay flashed down for two nice goals and the score was tied. Chuck Carew got the first one on a rush with Flavelle, and McElroy and Coombs got the second on a combined rush that took him inside for a close range goal.

Lornie Rose came back again and honors were even for the next few minutes. Then the Peterborough captain was chased again, and brother Ray followed him for bumping Coombs. With a two-man advantage, however, Lindsay could not score.

When the teams were even again, Lornie Rose put the Petes in the lead when he slipped a goal past O'Loughlin on a pass from the corner. It was 4 to 3 when the period ended.

Early in the third period Harry Thornton increased Peterborough's lead to two when he found the nets on a shot from the side, but Lindsay got that one back when Coombs came up alone and sailed a beauty past Munray.

Once again the Petes increased their lead when Ray Rose slammed in a rebound off Jackson's shot after a combination rush.

With the score 6 to 4 against them, Lindsay staged a desperate rally. Flavelle, who had been doing a lot of rushing, got away nicely, and although he lost the rubber when he reached the Peterborough defence, Carew coming up fast, beat Murray with a bullet like drive.

When Coombs in less than a minute dashed down alone and tied the score with one of his vicious shots, the Lindsay rooters nearly tore a section out of the rink.

For the next five or six minutes the teams battled desperately. It looked liked as if Lindsay would take the lead when Coombs broke inside on a rush with Carew, but he missed the net. Then Lornie Rose went the length of the rink only to have O'Loughlin block the shot. Prospects were bright for overtime, when Halpin broke away, passed to Evans, who returned at the proper moment, and Halpin went in close to beat O'Loughlin for the goal that put the Petes in front.

Forty-five seconds later Evans cinched the game on a scoop shot from the side, and with the figures 8 to 6, the Petes held Lindsay safe for the few minutes that were left to play.

The summary:

First Period.

1 Peterborough, Lornie Rose.
2 Peterborough, Lornie Rose.
3 Lindsay, McPhee.

Second Period.

4 Peterborough, Lornie Rose.
5 Lindsay, Carew.
6 Lindsay, Coombs.
7 Peterborough, Lornie Rose.

Third Period.

8 Peterborough, H. Thornton.
9 Lindsay, Coombs.
10 Peterborough, Ray Rose
11 Lindsay, Carew.
12 Lindsay, Coombs.
13 Peterborough, Halpin.
14 Peterborough, Evans.

BASEBALL SCORE WAS 55 TO 44

RESULT OF A MATCH PLAYED FIFTY-TWO YEARS AGO.

Today the Examiner was shown a clipping taken from an exchange which records the fact that fifty-two years ago a baseball game was played at Newcastle between the "Live Oaks" of Bowmanville and the "Beavers" of Newcastle. After a hard fought contest Newcastle won. The score was 55 to 44.

Stroheim's Wonder-Play

Directed by Stroheim himself

"BLIND HUSBANDS"

THE Editor of PHOTOPLAY, probably the foremost authority in the country on the merits of moving pictures, says that of all the pictures he has seen this year, "BLIND HUSBANDS" is one of the three best. "BLIND HUSBANDS" has fewer explanatory titles than any big picture ever made—which means that its story is so absorbing and so flawlessly acted that explanation is almost unnecessary. The plot, involving the destiny of a wife, a husband and another man, is very simple but so absolutely gripping that once you see the deadly peril into which it is leading, nothing short of a million dollars could make you take your eyes from the screen. And towards the end of this picture you'll have the biggest surprise you ever had in your life. See it now—then tell your friends. Don't let them miss it.

PRESENTATION TO MR. T. F. MATTHEWS BY COMMISSION

EVENT TOOK PLACE YESTERDAY AFTERNOON IN CITY HALL.

Yesterday afternoon at 5 o'clock Mr. T. F. Matthews was presented with a beautiful silver sandwich tray by the members of the Utilities Commission and its employees as a token of their esteem.

The presentation took place in the City Council Committee-Room, and about thirty-five employees and members of the Commission were present.

City Clerk S. R. Armstrong presided, and expressed his appreciation of Mr. Matthew's services as chairman of the Utilities Commission for eighteen years, and spoke of the kindness Mr. Matthews had always shown.

Mr. H. O. Fiske.

Mr. H. O. Fiske next spoke on behalf of the employees of the Commission. He expressed his pleasure at being able to take part in the presentation and his regret that such a true friend and so valuable a citizen was being lost. He commented upon Mr. Matthews' kindness, even in the rush of work, and his valuable service and advice, made doubly valuable by his rich experience. He wished Mr. Matthews every success in his new field of activity, and stated that he trusted that our own city would grow to such an extent within the next few years that Mr. Matthews would find it to his advantage to return to his "old home town."

The Presentation.

Mr. Robert Hicks and Mr. G. W. Henderson also spoke, and Miss English made the presentation, a silver sandwich tray, beautifully engraved in the centre.

Mr. Matthews' Reply.

Mr. Matthews was very deeply touched, and in his reply stated that "Peterborough is a mighty good place to live in," and hoped that in some not distant future he would be back in it again.

WINNIPEG EVIDENCE

(Continued from Page 1.)

purpose of honoring the memory of Liebknight and Luxemburg, had aroused great indignation among the returned soldiers. He told of the returned soldiers' successful effort to break up the meeting and the raid on the headquarters of the Socialists, during which they wrecked the building. They then raided the Austro-German Club, he said, and crossed to Elmwood, where there were further disorders. Subsequently they wrecked Blumenberg's place on Portage avenue. The disorders continued for two days. Langdale told of the meeting on June 1, 1919, at Weston, at which Ivens and Queen spoke on strike questions.

Read Report.

He read the report he had made of the affair first and when he had completed the defence objected. "Very well," Justice Metcalfe ruled, "Refresh your memory by looking at the report and give it a line at a time if necessary."

After Langdale had completed the report that way the defence entered another objection and the Judge ordered the Crown to put in evidence by drawing it from the witness.

Andrews questioned the witness about the parade of the returned soldiers to the Parliament Buildings during the strike and referred particularly to the parade of sympathetic strikers on June 2nd.

This parade was led by Bray, who was the spokesman, Langdale said. After marching to the buildings — where they presented a resolution demanding legislation to make collective bargaining compulsory — they marched back to the Board of Trade building and tore down the sign of the committee of one thousand, and then the parade went to the market square, where Bray addressed them. At this time witness testified the city was virtually paralyzed as it was without car service, telephones, newspapers, regular firemen, and he said the telegraphs were practically under the control of the strikers.

Langdale also told of parties organized by returned soldiers opposed to the strike, the organization of the special police force, the riots on June 10 and the more serious outbreaks on June 21 when an attempt was made to hold a "silent parade." The defence took general objection to all the evidence relative to parades and meetings held during the strike in which the accused had no part.

"What Shall I Do Then With Jesus, Who Is Called Christ?"

Pilate's Question Is Yours To-day

THE Church is not impersonal. It is a company of individuals, each of whom has expressed determination to acknowledge Jesus as Lord and God, to accept His teachings and follow His example.

The Active Christians

Those who persist in the Way find their lives radiant with hope. They have an object in living. They are not plunged into hopeless misery by bereavement. They develop character. They learn contentment. Being themselves men of hope and good-will, they are centres of hope and good-will in the world.

The Inactive Christians

Not all continue faithful. Many neglect to keep the Pattern before them. They cease to pray. They forego public worship. They become only nominal Christians. Their sympathies are on the side of Right, but they miss the full-orbed peace that comes from being obedient to the Heavenly vision.

Aiding the Enemy

Apart from their own loss, lukewarm Christians do positive harm to the Faith. Enemies never cite the lives of notable Christians as a proof of the inefficiency of the Church, or of the Gospel it proclaims. If, therefore, all lukewarmness should disappear the critics of Christianity would be confounded.

Where Do You Stand?

You are a Christian. Are you ardent or careless? Are you whole-hearted or half-hearted? Do you realize that the Church in Canada faces unprecedented responsibilities? You believe that the Gospel of Christ is a perfect solvent of selfishness and class-hostility. Will you do your part to give it free course?

National Peace Thank-Offering

Simultaneous Every-Person Canvass by Each Communion

February 9 to 14

A Great Possibility

"Righteousness exalteth a nation, but sin is the reproach of any people." If all the Church Members of Canada would begin today to follow earnestly the principles enunciated by their Divine Master; if they would acknowledge their stewardship in full measure, the name of Canada would ring around the world. Therefore, the Question is to you:

"What shall I do then with Jesus, who is called Christ?"

A United Appeal

FIVE Christian Communions—Anglican, Baptist, Congregational, Methodist and Presbyterian—have in Canada ten thousand congregations, over one million communicants, and represent more than half of the population of the Dominion. Under the stimulus of five great Forward Movements, it is in the power of these people to root out the evils of materialism in Canada, and to conserve the spiritual values revealed by the chastisement of War. Are you ready for active service?

The Decision Is Yours

LET Christianity have a fair trial in your own life. Make Jesus Christ master in your home. Test the reality of prayer. It will give your life direction, purpose and power.

You can help to cure the ills of Canada and the world. Be prepared to serve. Begin NOW.

The United National Campaign

Representing the Simultaneous but Independent Forward Movements of the Anglican, Baptist, Congregational, Methodist and Presbyterian Communions in Canada.

DURING WINTER

Colds and Disease May Be Avoided if the Blood is Kept Pure

Do not let your blood get thin this winter. For people who have a tendency towards anaemia, or bloodlessness, winter is a trying season. Lack of exercise and fresh air, and the more restricted diet; are among the many things that combine to lower the tone of the body and deplete the blood.

As soon as you notice the tired feeling, lack of appetite and shortness of breath that are warning symptoms of thin blood, take a short course of treatment with Dr. Williams' Pink Pills. Do not wait until the color has entirely left your cheeks, until your lips are white and your eyes dull. It is so much easier to correct thinning of the blood in the earlier stages than later. This is well illustrated in the case of Mrs. E. Williams, Elk Lake, Ont., who says:—"I take great pleasure in letting you know the benefit I have found in the use of Dr. Wiliams Pink Pills. I was in an anaemic condition, and was very weak and run down. The least exertion would leave me breathless and it was with difficulty that I did household work. I was advised to try Dr. Williams Pink Pills, and after the use of four boxes I felt like a new person. In fact my system seemed filled with new energy and new life. I strongly recommend this medicine to all who feel weak or run down.'

The purpose of Dr. Williams' Pink Pills is to build up the blood. They do this one thing and they do it well. They are for this reason an invaluable remedy in diseases arising from bad or deficient blood, as rheumatism, neuralgia, after effects of the grip or fevers. The pills are guaranteed to be free from opiates or any harmful drug and cannot injure the most delicate system.

You can procure Dr. Williams Pink Pills through any dealer in medicine, or they will be sent you by mail at 50 cents a box or six boxes for $2.50, by writing direct to The Dr. Williams Medicine Co., Brockville, Ont.

MILLS CLOSING DOWN.

(Canadian Press.)

MONTREAL, Jan. 31.—The large flour mills in Canada are closing down because of the congestion of freight at St. John.

Recently the Wheat Board notified the millers to stop work on large contracts given in December, and the Canadian Pacific Railway informed them that no more flour could be accepted as freight for the present.

It is understood that 20,000 tons of flour are awaiting shipment from St. John.

TRAIN DERAILED.

(Canadian Press.)

BURLINGTON, Vt., Jan. 31.—More than a score of passengers were injured when three sleepers of the Rutland Railroad train from Boston and New York were derailed at Pelot's Pond drawbridge, thirty miles north of here, at 6 a.m. to-day.

One sleping car went through the drawbridge into thirty feet of water, the other two staying on the roadbed.

PETERBORO CITIZENS SPLENDID RECEPTION TO T. F. MATTHEWS

(Continued from page 1.)

guest of the evening enjoyed the highest esteem of his neighbours and surely that was no mean tribute to his standing in the community.

Mr. Tooms.

Mr. Thomas Tooms, M.L.A., in replying to the toast proposed by Mr. Hall said it was a great pleasure to respond on behalf of the Provincial Legislature and in speaking of Mr. Matthews said that he had heard nothing but regret at his leaving the city. Mr. Tooms dwelt briefly on his own work and his aims. "Labour has many grievances he said and he expressed the desire that in righting these grievances only friendliness and moderate methods would prevail. Labour wants only justice", he said. In conclusion Mr. Tooms said his one endeavour would be to serve all in this city and district and to make Ontario the leading province in Canada.

Our Guest.

The toast of honour, the toast to "Our Guest" was proposed by His Honour Judge Huycke. His Honour said that he felt there were others more able to propose this toast than he, men who had known Mr. Matthews all his life and had been associated with him in many affairs and met him in a business way. "Of all these privileges I have not been fortunate, but I have met Mr. Matthews in a way that is very close." His Honour paid tribute to the friendship and admiration he felt for Mr. Matthews and said that he was glad to have the opportunity to propose this toast.

"Mr. Matthews has been a leader everywhere and wherever there was a good cause he has been always willing to help. We are here as his friends and it is with deep regret that we see him leave us but we expect to still remain his friends. Each of us have looked on him as an honest, true and honourable friend."

His Honour briefly referred to Mr. Matthews and family. Mrs. Matthews was always first in any good work he said and he asked their guest to express to Mrs. Matthews their regret also at her going. The loving cup which we are presenting you with comes from loving friends who love you and regret your going more than they can express.

Mr. Breyfogle in making the presentation of the beautiful silver loving cup said that they were only loaning Mr. Matthews to Toronto and in a few words spoke on the good qualities of the departing one. "On behalf of your friends I want you to accept this cup."

Judge Huycke then asked them ot drink the toast to "Our Guest".

Mr. Matthews.

After the last tiger of the cheers for Mr. Matthews had died down Mr. Matthews replied: "I desire to acknowledge with a full heart, the honour done me this day in tendering this splendid banquet" he said, "and giving me an opportunity of what might be termed, of officially saying "Goodby" to Peterborough, but I am not very far removed from this important centre, and I assure you that after a residence among you for more than thirty years, my interest in this City will continue, not only because one of my own family remains to carry on my work, but largely because there are so many here whom I am proud to believe are my friends. This city has an enviable record to maintain, its products are found in many parts of the world. You can travel in a Peterboro canoe in the Arctic circle, in Egypt and South Africa, and you can sleep in a Turner tent in almost every country. Its electrical products and food products and other manufactured goods are widely distributed. In fact, Peterboro is well known everywhere, and for this fact all citizens are justly proud. The sons of this City are everywhere, many of them filling important positions in Finance, Education and Industry, the product of Peterboro schools, which have always in my time at least, been controlled by a most efficient Board of Education. I could go on and further extoll the merits of this City, its advantage as a residential and manufacturing city, but you are all familiar with any particular points that I could name.

I feel strongly that this gathering is not a tribute to me personally, but a tribute to the Commission of which I have had he honour to be Chairman during the past eighteen years, and I assure you it is extremely gratifying to know that the affairs of the City under its control, have been managed in such a manner as to merit the approval of the citizens, and I desire at this point to say that during the entire period of eighteen years there was complete harmony in the board, and every decision arrived at was unanimous in the judgment of the Commissioners, and the operations under our control, were looked after with the same interest as if our personal funds were invested, and I have yet to learn when one cent was wrongly applied. This does not mean that our judgment was always of the best, had some of the work to be done over again different methods would no doubt now be adopted.

I am fortunate to have been identified with many organizations in this city, patriotic, religious, sporting and lodges, and have been happy indeed in my business connections. Mr. Matthews said that he was very pleased to have been identified with a business that had so much to do with winning the war.

"The record of the Canadian packing organizations have not been exceeded by any other similar organizations in the world."

"I wish again to thank you for your splendid reception and gift, which will always remain a source of comfort and gratification to me."

Municipal Government.

Mr. W. H. Bradburn before proposing the toast to municipal government, expressed his regret at the departure of Mr. Matthews, whom he called a "very close friend." He said that every game of golf or curling with Mr. Matthews had become one of pleasure. He said that in proposing the toast he would only refer to the City Trust Commission, the Utilities Commission and the City Council. The work of the City Trust was dwelt on. "We should be proud of them," he said. As to the Utilities Commission, Mr. Bradburn said the citizens owed them a debt of gratitude. In reference to the Council he said that they should receive better consideration from the ratepayers. and Mr. Bradburn urged that more men who had time for public service to come forward and give it.

The toast was responded to by Mayor McIntyre, who referred to the problems and the difficulties facing the 1920 council and the need for co-operation. His Worship expressed deep regret also at the loss of so valuable a public spirited man as Mr. T. F. Matthews.

Mr. R. Hicks on behalf of the Utilities Commission, responded to the toast and expressed regret that Mr. W. H. Moore was unable to be present. He recalled the many years of pleasant association with Mr. Matthews on the commission and also of his long personal friendship. "I am pleased to be present and express my appreciation of Mr. Matthews.

Mr. G. N. Gordon spoke on how the call of public service had been answered by the men of Canada during the last five years and how this same service was demanded by the city. The need for men of vision to meet the great problems, and the public service, and the work in the city government of Mr. Matthews, was spoken of by Mr. Gordon.

"Men with experience, vision and knowledge are needed and you should take ex-Mayors' Bradburn's suggestion and act and assist in carrying on the great problems of to-day."

Te toast was also responded to by City Clerk Armstrong, whose excellent service for the city was referred to by the chairman.

"I would like to join in the regrets at Mr. Matthew's departure. The city of Toronto has carried away some of our best and ablest men but I think there is none whose going has been more regretted than that of Mr. Matthews. I hardly know how to express the love, respect and admiration of the workers of the Utilities Commission for their chairman.

"For thirty-eight years I have been familiar with the doings of the city council and in all that time I have found as a whole that every man has worked honestly and sincerely in the interests of the city."

Peterborough Institutions.

"When we are attempting to praise Mr. Matthews we are painting the lily," said Rev. J. R. Webb, proposing the toast of "Peterborough Institutions." Peterborough has many institutions of which she is justly proud. We were reminded to-night that this is one city in which the price of water and light has not increased."

Rev. Mr. Webb said he refused to think of the work of any man as secular in these great days. There is not a close line of demarcation that will say these things are secular and these are sacred. The suggestion of this gathering came from the Murray street church, where Mr. Matthews is loved in a wondrous way."

Mr. Webb said he had been with Mr. Matthews in pleasant social hours, at play in the curling rink. He had heard him pray and had been with him in his hour of great sorrow, but it could be said of T. F. Matthews, as Macbeth said of himself, he dared do all that would become a man and who'd dare do more is none. He had carried Christianity into all the departments of his life and would be the first to attribute his success to that fact.

Mr. E. G. Patterson.

"If all the manufacturers could do as well as he we would all go to Toronto," said Mr. Paterson. "He should call the manufacturers into conference and tell us the secret of how he did it. I wish to express my regrets, too, at his departure."

R. Denne.

Mr. Denne paid his compliments to Mr. Matthews and spoke, too, of the ardous work Mrs. Matthews had performed during the war years as president of the Red Cross Society. They had both played a large part in the public life of the city.

"Mr. and Mrs. Matthews have left their son Gordon with us and I hope he will take as much interest in the public welfare as did his father and mother."

Ald. Turner.

"We have paid many tributes to Mr. Matthews to-night and every word was true," said Ald. J. J. Turner, who humorously reverted to a distant yesterday when Frank Matthews rode a high nickle-plated bicycle that was the envy of every other boy in the city.

Ald. Turner spoke of the work of the Board of Trade and told of a present effort to advertise the city and Kawartha Lakes district at the New York motor show.

The evening was concluded with the singing of the National Anthem and with cheers for the King and Mr. Matthews.

STOMACH O. K.

Indigestion, Acidity, Sourness and Gases ended with "Pape's Diapepsin"

Millions of people know that it is needless to bt bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion pain, heartburn headache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.

SMALL MARKET THIS MORNING

DROP IN TEMPERATURE KEPT THE FARMERS AWAY.

This morning's market was exceptionally small, due, probably, to the decided drop in temperature. Prices are practically unchanged from last week. This morning's prices follow:

Butter, pound, 68c.
Eggs, dozen, 75c. to 80c.
Chickens, pound, 35c.
Pork, pound, 26c. to 28c.

APPLICATION TO PARLIAMENT

NOTICE is hereby given that application will be made by the Corporation of the City of Peterborough to the Legislative Assembly of the Province of Ontario at the next session thereof for an act to confirm and declare legal, valid and binding upon the said Corporation and the ratepayers thereof, a by-law number 2200, authorizing the purchase by the said Corporation of the City of Peterborough of a certain manufacturing property in the said City and the leasing of such property to Nashua Gummed and Coated Paper Company; and also fixing the assessment of the said Company in respect of the said property and the machinery and plant thereon, and the business assessment in respect thereto at $10,000 for the purpose of municipal taxation excepting school taxes and local improvements, for the maximum period of ten years from the date of delivery of possession under lease of the said property.

The application also asks that the said act declare valid and binding as foresaid the debentures to be issued under the said by-law, the total amount of the said debentures to be issued being for the sum of $57,000. in respect of the purchase money of the said manufacturing property and certain repairs to be made to the buildings thereof, all of which debentures are to be made payable within twenty years at the furthest from the date on which the said debentures are to be issued and the amount to be raised annually to provide for the sinking fund and the interest of the said debt is $5,049.16.

It is further notified that the amount of the existing debenture debt of the said Corporation of the City of Peterborough is the sum of $2,129,062.94, the particulars of which are as follows:—

General debenture debt	$ 927,185.18
City's share local improvements	358,677.76
Waterworks	623,200.00
Hydro Electric	220,000.00
Total	$2,129,062.94

and the reason for requiring the issue of the said debentures is to raise the necessary money on the credit of the said Corporation for the purposes set out in the said by-law.

The said application also asks that the said act authorize and validate an assignment (with the consent of the said Corporation) from Nashua Gummed and Coated Paper Company of the benefits and rights acquired by it under a certain indenture dated the 22nd day of September, 1919 made between the said Corporation and Nashua Gummed and Coated Paper Company, to a company to be incorporated under the laws of the Dominion of Canada to be called "Canadian Nashua Paper Company Limited" or such other or similar name as may be procured; and to provide that such assignee shall be entitled to the rights and benefits acquired by Nashua Gummed and Coated Paper Company under the said indenture and by-law in the same manner as if such assignee had been originally named therein in place of the Nashua Gummed and Coated Paper Company

C. R. Widdifield,
Solicitor for applicants.

Dated at Peterborough this 30th day of January, 1920.

Threaten to Resign.

(Special to The Examiner.)

BASLE, Jan. 31.—Because of the alleged impossibility of insuring execution of its orders for the surrender of Germans accused of violations of laws of war, by Allies, the German government will resign if the Entente Powers insist upon their delivery, according to 'Nachrichtren,' of this city, which says it has received its information from a reliable source

The Best Cough Syrup is Home-made.

Here's an easy way to save $2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a 16-oz. bottle, pour 2½ ounces of Pinex (50 cents worth); then add plain granulated sugar syrup to fill up the bottle. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you 16 ounces of better cough remedy than you could buy ready-made for $2.50.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

Count The Dots -- $100. GIVEN AWAY

TO THE PERSONS COUNTING THE DOTS IN THIS HAND, and many other prizes according to Simple Conditions of Contest which will be sent. This is a chance for clever persons to WIN CASH and other prizes with a little effort. COUNT THE DOTS IN THE HAND and write the number that you count on a sheet of paper or post card and mail to us and we will let you know at once if you are a winner. AN EXTRA PRIZE of $10.00 will be given for the nextest correct count. ROYAL PREMIUM & DISTRIBUTING CO., 255 Notre Dame St. West, Montreal, Can.

THE BELMONT CLUB DANCE

One of the biggest social successes this season was the Belmont dance given by the Club last evening in the Great War Veterans Hall. The stewards Messrs. J. A. McNabb, O. A. Moore, W. E. Fanning, F. H. Jobbitt, J. H. Kemp, and F. Skinner spared no efforts to make the dance the success it was and overlooked no detail in preparing the details for the entertainment. To the introductory committee Messrs. K. G. Lech, E. V. Frederick, A. English, R. F. Sedgwick, A. Darling and C. Nicholls, a large measure of the success of the evening is due, they having taken charge of all guests from the time of entering the ball room until the end of the evening. Strathdees orchestra left nothing to be desired and the floor was as usual in excellent condition.

Those Present.

A few of those present were the patronesses Mesdames Harry Cressman, D. N. Carmichael, J. MacDonald R. F. Sedgwick, E. V. Frederick, A. W. McPherson, P. Hooper, S. Couper G. G. Graham and Fred Roy also Mr. and Mrs. Edgar Worth, Mr. and Mrs. J. W. Worth, Mr. and Mrs. J. Patterson, Mr. and Mrs. R. F. Sedgwick, Mr. and Mrs. J. Hopwood, Mr. and Mrs. F. Hall, Mr. and Mrs. E. V. Warne, Mr. and Mrs. S. Warne, Mr. and Mrs. W. Turner, Mr. and Mrs. C. Kingan, Mr. and Mrs. Cowain, Mr. and Mrs. E. Payne, Mr. and Mrs. J. E. Sullivan, Dr. and Mrs. Frederick, Mr. and Mrs. C. G. LANGUAGE AND THE BIBLE.

The Book That Standardized All the Dialects of Britain.

Before the printing of the Bible there was no English language. It was the Bible that standardized all the dialects of Britain and that bound them together into a living speech, and it was the Bible that was the foundation of the education and culture of England. As the English historian Green says, "The English people became a people of a book, and that book was the Bible."

To a large degree the same is true of Germany, but it is not necessary to go back to the middle ages to find the Bible forming a nation's culture and fixing its language.

On many of the mission fields, especially in Africa, the language of the natives had never been reduced to writing until the missionary provided them with an alphabet in order that the Bible might be translated into their tongues. The Bible has thus become both the language textbook and the spiritual guide of these African nations. In mission schools the world over the Bible is the language textbook. The people of the mission lands want their children to learn the western tongue, and they send them to the school. They learn the missionary's language, but in the learning they find the missionary's God.—Christian Herald

PETITION HAS BEEN RECEIVED

MATTER OF CHANGING THE SEASON FOR DEER HUNTING.

Mr. Thomas Tooms M.P.P. has received a letter from D. Macdonald, Deputy-Minister of Game and Fisheries, acknowledging the receipt of the petition presented by Mr. Tooms on behalf of the residents of this district requesting that the present open season for taking deer be exchanged from November 5th to November 20th, to October 25th to November 10th.

The letter stated that the petition would be placed before the Game and Fish Committee, which will be appointed at the next sitting of the Legislature and at which time the mater will be thoroughly discussed and acted upon.

SOCIAL RE-UNION LAST EVENING

GOOD PROGRAMME WAS PROVIDED

The social reunion of the Sons and Daughters of England held last evening in the S. O. E. Hall proved a splendid success and was attended by a very large number of members of both lodges also a good representatoin of the Juvenile Lodge. From 7.30 until 9.30 games of all kinds were indulged in, a feature among these being a game of carpet ball between a team of the ladies and a team of men.

The Programme

During the evening a most acceptable programme was presented to which the chairman of the evening, President B. Lemon contributed a few remarks, Mrs. Bugg and Mrs. Massey-Cooke a piano duet, Mr. Lee a song, Miss Cooke a dance. A sketch by the 9 point 2 troupe of returned men from the Park Street Baptist Church was much appreciated by all present. Dainty refreshments were served at a late hour.

OLD WOOL DRESS NOW WORTH $50

"Diamond Dyes" Turns Faded, Shabby Apparel into New.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods,—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

SOCIAL AND PERSONAL

The condition of Mr. W. H. Moore, who has been ill for the past few days shows decided improvement to-day.

Mrs. Alexander J. Robertson, 397 Reid Street, will receive on Wednesday afternoon, 4th February, from 4 to 6 o'clock, Mrs. Reginald Lockhart with her.

Miss Kathleen Hogan underwent a successful operation for appendicitis recently in St. Joseph's Hospital.

Mrs. R. J. MacAfee, Lindsay, is the guest of her parents, Mr. and Mrs. Jas. Fox, Burnham Street.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

OUTSIDE WORK AT STANDSTILL

Due to the fact that all outside work is at a standstill owing to the intense cold the placements at the Labour Bureau were much fewer this week than in several weeks previous. Of 46 applicants, 36 were placed and 41 vacancies reported. In the female department one waitress was placed and one stenographer.

FARMERS' DANCE.

Peterborough Branch, No. 519, U. F. O., will hold their annual dance in Victoria Hall on Wednesday, Feb 11th. Mohrr and Fitzgerald's Orchestra. $1.00 a couple 2d-5

PETERBOROUGH BRANCH 8TH C. M. R.

The regular meeting will be held in the local Board of Trade Rooms on Monday evening, February 2nd., at 7.45 o'clock sharp. Important business to be transacted.—W. H. Field, Secy.-Treas.

CORRECTION.

In last night's advertisement of S Fisher, 497 Chamberlain Street, Eggs were quoted at 03 cents, which should have been 65 cents, also Roast Beef prices are given as 28 cents, and should have read 25c to 28c. These were printer's errors, and not through any fault of Mr. Fisher's instructions.

ELECTION CHEQUE PAID.

The officials in the recent Provincial election in this county were made happy last week, when they received their cheques, covering the sum due for their services in that connection. The officials received pay for both the election and the Referendum—deputy returning officers receiving $9 per day, poll clerks $6, and special constables $4.

SERVICES AT THE GEORGE ST. METHODIST CHURCH.

The quarterly communion services will be held at the George street Church to-morrow morning, beginning with the quarterly Love Feast in the Sabbath School Room at 10 o'clock. This will be followed by the sacramental service at 11 a.m. There will also be a reception service for new members. It is expected that a goodly number will unite.

The pastor will preach at the evening service giving the first of a special series of sermons. The subject will be "The Man who was Taught a Great Fact in a Strange Way." A welcome is extended to all.

SWIMMING POOL TO BE RE-OPENED.

Girls and women all over the city will be glad to hear that the swimming pool of the Young Women's Christian Association is to be reopened the first of March, both for general swimming and for instruction.

Miss Muriel Payne, of Toronto, who is to be swimming instructor, holds the honorary instructor's certificate of the Royal Life-Saving Society, and has passed for both the bronze medallion and the award of merit.

Classes for all ages will be found both in swimming and in life-saving.

TEMPLE NOTICE

It is with considerable regret that it has been learned that Envoy Alward, who was to conduct the Sunday services, will not be able to come on account of the death of his little girl.

A good substitute, however, is coming in the person of Captain Spooner Organizer of the S. A. Boy Scouts, for Canada. The Captain is well known here as an able and forceful speaker, and his services are always full of interest and instruction. Every one is welcome to all the services. Special music and singing by the Band and Songsters. Sunday School at 2.15 sharp and senior meeting at 3.15 in the afternoon. Come and bring a friend to any or all these services.

COMING EVENTS

ST. ANDREW'S YOUNG MEN'S GUILD.

Old time social evening. Monday February 2nd, at eight o'clock. Refreshments. Admission 25c. 2d26

CHEERFUL WORKERS BUSINESS MEETING

A PRESENTATION TO MRS. DAVIS—OFFICERS ELECTED.

One of the most successful business meetings in the history of the Cheerful Workers' Bible Class of St. James' Methodist Church Sunday School was held at the home of Mrs. Byers, Sherbrooke Street, on Thursday evening, 29th January.

After a musical programme, the following officers were elected:

Teacher—Mrs. J. N. Welbourn.
President—Mrs. Rowe.
Vice-president—Mrs. Davis.
Secy.-treasurer—Mrs. Hill.
Asst. Secy.-treas.—Mrs. Turner.

All the members of the class were placed on some committee where they will be able to do good work.

Business of importance was planned and discussed, showing that the class is in a most prosperous condition.

One of the notable events of the evening was the presentation of a handsome vase to the vice-president, Mrs. Davis. The following address was read by Mrs. Hill, and the presentation was made by Mrs. Byers:

Dear Mrs. Davis,

We, the members of the Cheerful Workers' Bible Class have felt that we would like in some way to acknowledge your faithful service to the class as vice-president.

Your strenuous work in connection, we ask you to accept this vase, not for its value, but as a slight remembrance, and each time you look at it, may it remind you of the many happy hours spent with the Cheerful Workers' Bible Class.

Signed on behalf of the Class,
Mrs. J. N. Welbourn, Teacher.
Mrs. Chas. Hill, Secy.-Treas.

The oven must be very hot to bake pastry successfully.

A good catalogue of addresses is better than an address book.

If the room is small always select curtains of small pattern.

Conquest of the Air

A CHRONOLOGY of the various flights through the air and the improvement in the machine, are as follows:—

1500—Baptiste Dante made glider flights near Lake Trasimene, Italy.

1500—Leonardo da Vinci sketched a parachute, an ornithopter and a helicopter.

1742—Marquis de Bacqueville, using imitation flapping wings, flew from his house on the Seine to Garden of Tuileries.

1781—Karl Meerwein of Baden computed the area of a spindle-shaped man-supporting surface from proportions of bird weight and wing surface. One attempt by Meerwein was unsuccessful.

1809—Sir George Cayley built a glider of 300-foot wing surface which skimmed the ground and sailed from hilltops.

1813—Hanson patented a monoplane to be driven by a steam engine. It had a wing span of 140 feet.

1855—Capt. Le Bris made a partial successful flight with his glider.

1871—M. A. Penaud built a toy model which flew 131 feet in the Garden of the Tuileries.

1877—William Kress made a model fitted with two propellers and double control.

1890—Clement Ader, near Grets, France, experimented with a monoplane driven by a 40 horsepower motor.

1891—Lillienthal began experimental flights with monoplane gliders near Berlin.

1893—Moratio Phillips constructed multiplane airplane, with wings superimposed, after the principle of Wenham.

1894—Sir Hiram Maxim built a three-man carrying machine with propellers operated by a 360 horse-power engine. Machine was wrecked.

1895—Percy S. Pilcher built monoplane gliders which operated successfully.

1896—Prof. S. P. Langley's steam-driven toy monoplane model flew over the Potomac successfully for over 3,000 feet, at from 20 to 25 miles an hour.

1900—Wilbur and Orville Wright experimented with gliders with arched surfaces and adjustable rudder in front.

1903—Wright brothers' machine, weighing 750 pounds, flew at speed of 30 to 35 miles per hour for period of 12 seconds.

1903—Wright brothers flew for a distance of 24 miles in 38 minutes.

1906—Santos Dumont made the first officially recorded European flight, leaving the ground for a distance of 26 feet at the rate of 23 miles per hour. In another flight he remained in the air 21 seconds and flew a distance of 700 feet, winning prize offered by French Aero Club.

1907—Delagrange demonstrated a Voisin biplane, and Henry Farman, an Englishmen, flew a Voisin over 2,500 feet in 52.5 seconds in a straight line.

1908—Henry Farman made a complet circuit of about a mile in one and one-half minutes. Delagrange flew at Milan in a Voisin machine, covering a distance of 10½ miles in 16 minutes. Glenn H. Curtis flew his "June Bug" at the rate of 39 miles per hour. Orville Wright made official flights at the Camp of Auvours. Farman made first cross-country flight from Chalons to Rheims, a distance of 16 miles, in 20 minutes. Orville Wright made flight of two hours and 19 minutes' duration, with passenger.

1909—Capt. Spelterini, an Italian officer, explored the Alps in neighborhood of Mount Blanc. Blerlot crossed the Channel from Calais to Dover in 37 minutes. Henry Farman broke the world's record for distance. Paulhan broke the world's record for altitude, attaining a height of 970 feet.

1910—Paulhan surpassed Latham by climbing 4,163 feet. Sommer established a record in flight with three passengers. Labeteau set distance record for the year of 363 miles.

1911—Curtiss successfully rose from the water. McCurdy flew from Key West to shore of Havana. Prier flew from London to Paris, 290 miles, without a stop.

1912—Fowler flew across American continent, 3,232 miles. Garros set altitude for year of 13,480 feet at Tunis.

1913—Provost established speed record of 126.59 miles per hour. Pegoud made the first voluntary loop-the-loop in a Bleriot monoplane.

1916—Curtiss tri-plan flying boat made successful trial flights in England.

1914-18—Aviation developed to its highest degree during war.

1919—American N.C. seaplanes flew to Azores and then to Lisbon. Harry G. Hawker attempted flight from Newfoundland to Ireland.
British airplanes flew from England to India.

Very Discreet.

"I was presented at a ball," said Jones, "to a young lady whose proportions were anything but meager. After the accustomed manner, I asked her to honor me with a dance. She replied with a decisive air:

"'I am only free for the cotillion, and I cannot pledge myself for that, because I am not certain whether my people will not be leaving before it comes off.'

Jones thought he would seize the chance of a compliment and said, "Oh, now empty the room with room when you have left it."

You should have seen the savage look that she gave poor Jones.

Neglect Is Unpardonable

"Neglect of eyes by any one
Is certainly an earthly sin;
The world, which credits what is done,
Is cold to all that might have been."

Beat the rule, and don't let this be the way your accquaintances look at you. If you complain to them of Eyesight being poor, they will wonder why you haven't let DR. FOWLER take care of your Eyes.

OBITUARY

JOHN WALTER DAWSON.

The death occurred in Guelph General Hospital early this morning of John Walter Dawson, second son of Mr. and Mrs. Wilford Dawson, Bailieboro, after a week's illness from Spanish influenza, followed by pneumonia.

The deceased had only been at Guelph Agricultural College from the first of the year, and when the epidemic broke out was one of those who was stricken down.

He was born in South Monaghan 21 years ago and attended school there, later studying at the High school in Millbrook and Port Hope, but for the last couple of years he had worked on the farm with his father. He, with several other boys from the district, decided to go to Guelph to take a special agricultural course the first of the year, and his death in Guelph will be read with deepest regret by his many friends. Of a fine, manly character, he was a leader both at school and in the Methodist church, Bailieboro, and his death at such an early age called away one of the most promising young men of South Monaghan.

Besides his sorrowing parents he leaves one elder brother, William of Otonabee and one younger brother, Harold, at home, and one sister, Mrs. George Hanbridge, of Otonabee. Mrs. (Dr.) G. E. Marshall and Mrs. P. E. Rutherford, of this city, are aunts of the deceased.

The funeral arrangements will be announced later.

IN MEMORIUM.

In loving memory of Maud E. Godfrey, died January 31st, 1918.
Inserted by Mrs. H. W. Johnson.

IN MEMORIUM.

In loving memory of Maud E. Kaines, beloved wife of the late Pte. Wm. Godfrey. Died Jan. 31st, 1917.

We loved her yes, no tongue can tell
How dear, how deeply, nor how well
God loved her too and thought it best
To take her home with him to rest.

Inserted by Mr. and Mrs. Ball and Family.

IN MEMORY.

In loving memory of Maude E. Kaines, beloved Wife of the Late Pte. W. F. Godfrey, 93rd Batt., who died Jan. 31st, 1918.

Two years have passed, our hearts still sore,
As time goes on we miss her more,
Her loving smile, her welcome face,
No one can fill her vacant place.
Forget her, no, we never will,
We loved her then, we love her still.
Her memory is as fresh to-day
As in the hour she passed away.
—Fondly remembered by her little girlies, Winnie and Amy; also her Sister and Brothers.
—Alice C. and S. Godfrey.

Exchange Situation.

(Special to The Examiner.)

LONDON, Jan. 31.—Exchange sterling on New York market to-day was $3.50 1-2.

AN OLD TIME SOCIAL EVENING

ST. ANDREW'S YOUNG MEN'S GUILD ENTERTAIN ON MONDAY NIGHT

The old time interest has been again aroused in the affairs of the Young Men's Guild of St. Andrew's church. Their activities are in evidence along many lines of church matters. On Monday evening they will present to the congregation and the friends of St. Andrew's an old time social evening, commencing at 8 o'clock, to which they expect a large gathering. If you wish to enjoy a social time of much pleasure, don't miss the event on Monday night in the lecture room of the church. Admission only 25c.

NOTICE

With regard to the notice appearing in paper for last two weeks regarding closing of roadway in Chemong Park on Registered Plan No. 25 of Township Smith, I have notified my solicitors, Messrs. Moore & Wearing, to withdraw the application for closing said roadway.

City Development Commission Wants Topographical Map

WILL ASK THE CITY COUNCIL TO MAKE A GRANT OF $1,500 FOR THIS PURPOSE.

CITY PLANNING

The City Development Commission is an advisory rather than an operating branch of the local government, under the jurisdiction of the City Council. It was instituted by the Council on 1st December last to co-operate with Mr. Thomas Adams, the Government City Planning Adviser, in making a design for the physical development of Peterborough.

The Commission is composed of George H. Duncan, chairman; Ryerson Ritchie, secretary; John Edgar, E. E. Harvey, and R. H. Parsons.

In its first communication to the Mayor and Council it recommends a grant of fifteen hundred dollars in order that a general and topographical map of the city and environs be made.

Chairman Duncan and Secretary Ritchie, on behalf of the Commission, have prepared for publication the following statement giving the reasons which led to this recommendation.

The report to the Mayor and Council gives the essential considerations bearing upon the city planning, but a brief statement of other advantages the proposed map will have is thought advisable, in order that the people themselves may fully understand the merits of the proposal.

Peterborough was a century old last year. The beautiful and prosperous city of our day is the result of nature, the high character and enterprise of the people who settled and have lived here, and kindly fortune.

During these hundred years the city has never been studied as a whole. No systematic or authoritative attempt has ever been made to plan it. In all these years the city has never had a comprehensive graphic map for the purpose of city planning or the use of its officials or government.

Map Is Needed.

But now at the beginning of our second century, as we vision the greater city of the future, we realise more than ever the need of this map; it is essential if we are to study and plan for real growth.

It is absolutely necessary to the city's economic government, for every department will be aided and benefited by its use.

The Board of Education needs it to study localities and school development.

The Board of Health needs it to watch danger spots, sanitation, and emergencies that may arise.

The City Trust, or sinking fund commissions, need it to help gauge changes, growth, revenues, resources, appreciations, and depreciations; for these affect our assets and financial operations.

The Library Board needs it in estimating and meeting sectional and educational demands.

The Utilities Commission needs it to figure upon and provide for city expansion and industrial growth. expansion and industrial growth. The problems of the water works and distribution of electrical energy are wisely solved only by an intimate study and comprehension of the whole city.

The Charity Board needs it to keep an eye on neighbourhood development. The segregation of classes, and especially of the pobrer people in sections, should be avoided; so far as the poorer people are concerned, the Charity Board's real job is "prevention."

The Board of Public Works needs it at almost every meeting, and especially in studying and passing upon the many difficult problems, involving large sums of public money, which the city's demands impose upon that body.

The Police Commissioners need it in their study of the problems of good order and law observance.

The Fire Department needs it; no [illegible] is necessary to make that clear.

Use to Council.

The Mayor and City Council need constantly in their administrative and legislative work. An enlarged map of the city, placed in the Council

(Continued on page 8.)

GIVE YOUR EYES THE CONSIDERATION DUE THEM

Seeing is by far the most important sense of the human body, and still it is the one most frequently neglected. If you do not know what it is troubling your eyes, allow us to make a thorough test of them. W. H. Lacey, Optical Specialist, 410 George street. Open Wednesday and Saturday evenings.

CANNOT SEE IT WITH TELESCOPE

Lloyd George, Jr., Says Prohibition is Far Distant.

(United Press.)

BUFFALO, N.Y., Feb. 2.—Major Richard Lloyd George, son of England's Premier, stopped in Buffalo a few hours yesterday en route to Chicago. He also visited Niagara Falls. Lloyd George said America should not be blamed for the low rate of exchange and the high cost of living as the English press was opposed to the Government charges. It is an after the war condition and is no more than can be expected he said.

"Prohibition in Great Britain is so far distant that scientists cannot see it with their most powerful telescope," Lloyd George declared when asked as to the progress of American prohibitionists in England.

INFLUENZA IS BAD IN OTTAWA

SEVERAL DOCTORS COMMENT ON THE OUTBREAK IN THE CAPITAL.

(Specia lto The Examiner.)

OTTAWA, Feb. 2.— Influenza, of exactly the same violent type that made such terrible inroads into the population of Ottawa last year, has again broken out here, several physicians stated. Every doctor spoken to reported having influenza cases in his practice.

"Apparently," said one, "the people who had the 'Flu' last time are immune this time. I say apparently because, while I have not come across any repetitions, I should not like to say a recurrence in the same person is impossible. It behooves all to be most careful and take the necessary precautions."

'There is the same streptococcus infection now that there was in 1918," said another. "The same poisoning of the blood, congestion and pneumonia. Of course there are not nearly as many cases yet, but the disease is already assuming epidemic proportions in Ottawa, and I hope the authorities are prepared."

THE WEATHER

In Saturday's issue it was stated that the temperature was down to 26 degrees below zero at daybreak, and going down. Later in the morning it reached 28 below zero. This is the lowest point that has been recorded this winter, and lower than any reached last winter. Sunday morning's low point was 20 below.

January of this year has proved to be one of the most severe we have ever had. Though there were no bad storms, the cold weather was almost continuous. On 21 days the temperature was below zero in the morning, and on four days it did not rise to zero during the day. The coldest was 28 below on the 31st (Saturday last.) The highest was 34 on the 8th. There was no "January thaw," or any appearance of one. The snowfall was 25 inches.

To-day is Candlemas Day, and according to the old saying Bruin is supposed to come out of his winter's sleep and take a look to see if the sun is shining sufficiently to cast his shadow. If he sees his shadow he goes back for another six weeks. If he sees no shadow he stays out, and expects spring to be around the corner.—W. P.

JERRY COUGHLIN HAS MADE A GOOD START

Lew Brown in the Montreal Star, says Jerry Coughlin has greatly improved the forward line of the Quebec "pro" team:—

Jerry Coughlin, who played with Toronto in 1916 and 17, a former Peterboro graduate, made his appearance with the Athletics and he showed a nice brand of hockey although still shy on condition. He is bigger and stronger than ever and given a real chance should make a regular position. He was started at right wing and showed some nice puck carrying ability. Forwards of his stature are few and far between and Manager Quinn should have a good prospect in him.

AMERICA WALKED AWAY WITH FRUITS OF WAR

BRITISH PEOPLE URGED TO FORGET THEIR WRATH AND LOOK AT BOTH SIDES OF THE QUESTION.

(United Press.)

LONDON, Feb. 2. — "From the European point of view, America has assumed the position of a fortunate combatant two, when the battle is over, walks his army away, leaving his wounded comrades on the field," J. L. Garvin writes in the current issue of The Observer.

"That thought is very bitterly and genuinely felt in Europe," Garvin asserts, "because of the influence of President Wilson," Garvin says.

"The Versailles Treaty was framed on the assumption of American cooperation in its enforcement. Europeans would have made much different arrangements had they known they would be forced to depend on themselves alone," Garvin ads.

"Let us meet the United States so liberally and boldly as to leave them no rag of a decent excuse for staying out of the League," Garvin advises, urging the British people to "forget their wrath and olok at both sides of the question."

POLES ATTACK THE BOLSHEVIKS

(Canadian Press.)

WARSAW, Feb. 2.—Concentration of large numbers of Bolshevik troops north of the Dvina River has been prevented by attacks by Polish units, according to an official statement issued by the War Office here to-day.

Attempts to gather Bolshevik forces along the Lituanian and White Russian fronts are believed by military authorities to be a part of the Soviet Government's preparations for a spring attack against Warsaw.

The newspapers here say that the Red offiensive against Poland will be commenced as soon as possible.

SPEED THE GERMANS HOME.

France to Put 1,500 Prisoners on Ships in a Few Days.

PARIS, Feb. 2. — Repatriation of German prisoners of war, which began last week, is now proceeding rapidly. Trains have left from Valenciennes, Cambrai, Toul, Verdun, and other concentration points, and other trains are to leave Soissons and Laon.

Two German ships now at Havre will take home 1,500 German prisoners in a few days and two other ships are ready to take back fifty German officers and 700 men.

Comment in Berlin papers on the condition of the repatriated prisoners is favourable. Tageblatt and Vorwarts admit that the first who have returned from France appear to have been well fed and cared for, and that generally they make a good impression.

CONSTABLE BRISTOW HAS RESIGNED

Constable Leslie Bristow, of the Police Department, resigned from the force on Saturday afternoon to take up ranching in the West.

WOMEN'S ART ASSOCIATION FORTNIGHTLY MUSICALE.

A large audience filled the studio of the Women's Art Association on Saturday afternoon, January 31st, at their fortnightly musicale. The programme was arranged by Mrs. Percy Hooper and was one of particular interest.

Mr. Otto Gliddon's playing of "Egerie," by Kroeger, was greatly enjoyed, as was also Miss Ida Sanderson's piano selection, Chopin's "Polonaise Militaire." The 'cello solo by Mr. Tom Smith with piano accompaniment by Miss Agnes Logan, was most delightful. Mr. Matthews whose splendid voice was heard for the first time by a Peterboro audience, sang most acceptably two groups of songs, the first, "Until," and "An Old-Fashioned Town," the second, "Roses of Picardy," and "Bendeemer's Spring." Miss Helen Maclaren's first selection, "The Wren," by Liza Lehrman, was very pleasing. Miss Maclaren sang also a group of songs, "The Will o' the Wisp," by Sproose and "Open Secret," by Woodman, in a very charming manner. Miss Aikens, gave two readings, "Lady Clare," and "Katies' Answer," which were well received.

Mrs. A. Mowat and Mrs. F. C. Neal were hostesses at the tea hour, the assistants being Mrs. T. Cruikshank, Mrs. Porter, Mrs. F. I. A. Morris and Miss Ethel Richardson.

SETTLEMENT OF THE DALMATIAN DISPUTE

PLAN FOR SETTLEMENT INVOLVES A MEASURE OF HOME RULE.

By Camillo Cianafara.
(United Press Staff Correspondent.)

ROME, Feb. 2.— A new plan for settlement of the Dalmatian controversy involving Home Rule for Dalmatia under the Italian protection has been advanced by the Radicals in the Adriatic districts, a despatch to the "Tempo" from its Trieste correspondent to-day said. The correspondent said a report was current in Dalmatian circles that patriotic Dalmatians, in order not to embarrass the Italian government, would suggest the new plan for settlement of the Jugo Slav-Italian controversy, to Premier Nitti.

GENERAL [illegible]NSEND DEFE[illegible] POSITION

(Cana[illegible] Press.)

LONDON, [illegible] 2. — Major General Cha[illegible] Townsend, defender of Ku[illegible]ara, who recently tende[illegible] his resignation to the War [illegible]ce, declared, in answering cri[illegible] the claim that he showed l[illegible] resolution in not attempti[illegible] fight his way out, that he [illegible] from such a heroic sortie [illegible] he had positive orde[illegible] from General Sir John Nico[illegible] Mesopatamian commander in chief, not to make such move.

HORSE HAD TO BE DESTROYED

ANIMAL RAN AWAY AND CRASHED THROUGH STORE WINDOW,

Last evening at about 10 o'clock a horse belonging to Mr. D. G. Maloney, of Maloney's Livery Stable, 421 Chambers street, took fright while passing Redner's store on George street. The shouts of some young men standing in the store doorway was said to have been responsible. Dashing down the street to the corner the horse swerved to Brock street, the cutter to which it was attached, which was occupied by two young ladies, slewing and hitting the horse in its shins and frightening him still more. He then turned down Chambers street toward the livery stable to which it belonged, and dashing against a post, threw the occupants of the cutter out and became liberated. Continuing its course down Chambers street it made a headlong dash across Hunter street, slipped on the ice in front of Hourigan's clothing store, broke its leg and the plate glass in the west window. Constable Lawrence was immediately on the spot and put the animal out of its agony.

Mr. Maloney stated this morning that while the horse was not insured, the loss will be covered by boys who had hired the animal. The plate glass in Hourigan's store, which is worth some $100 was insured. According to Constable Lawrence's report the boys who were driving the sleigh were Lipset and Record of East City.

THREE BEST PICTURES WERE SHOWN HERE

In a review of the screen productions of the past year the New York Times quotes a long list the first three of which have all been seen in Peterboro "Blind Husband" being here for three days at the Grand commencing to-night.

First place is given to David W. Griffith's "Broken Blossoms", with George Loane Tucker's "The Miracle Man" second and "Blind Husbands" by Eric Stroheim third. These three pictures have been at the Grand Opera House and the ranking given them by the Times affords some satisfaction that the three best pictures of last year were brought to Peterboro.

INFLUENZA MAY COME TO CITY

DR. M'PHERSON, M.O.H., HAS MADE ARRANGEMENTS TO TAKE CARE OF CASES.

In reference to the reported epidemic of influenza which has broken out in Toronto Dr. A. W. McPherson M.O.H. said to-day that the epidemic will in all probability show itself in the city very soon. He further stated that he would advise all people to take steps to keep in good condition, avoiding exposure, getting wet and taking proper nourishment. While no epidemic has as yet broken out in the city Dr. McPherson has made arrangements for the cases which cannot be treated at home or taken care of at the hospitals to occupy the North ward in the Isolation Hospital. This in his opinion would be the sanest and most economical way to tend the patients.

MESSAGE FROM NEWTON WESLEY

(Canadian Press.)

OTTAWA, Feb. 2.—Dealing with the question of the voting power of the British Dominions in the League of Nations in an address before the Canadian Building and Construction Industries Association here, Hon. N. W. Rowell said that no other nation disputed Canada's right to a voice in the League of Nations except the United States. He did not believe that the people of the United States would put themselves in the position of being the first to object.

Referring to the trouble over the Treaty in the United States, he said, "Stripped of all its diplomatic verbiage, the question which we face is, Shall the Dominions be denied distinctive voting rights in the League in order that one o fthe many objectons urged by some United States Senators be removed? To that question there is only one reply possible, and that is a dignified but unequivocal No."

Bolshevist Agents Travel in Disguise

BOLSHEVIKI SAY. ENEMY IS FLEEING

(Canadian Press.)

LONDON, Feb. 2. — Moscow wireless despatch dated Saturday gives the following official communication: "in Elizabethgrad region our troops occupied Gloadas and series of villages twenty-five to thirty miles west of Elizabethgrad in Kransk region we occupied Nijnia-Udjnsk. The enemy is retiring in panic eastward."

LETTER AIDS TREATY FIGHT

LORD GREY'S LETTER CREATES PROFOUND IMPRESSION IN STATES.

Special to Examiner.

WASHINGTON, Feb. 2. — A profound impression has been created in the United States by the publication of Viscount Grey's letter in which he sets forth his personal views regarding the attitude of the United States towards the League of Nations.

There is a strong belief here that before publishing the letter he submitted it to the London Foreign Office and the British Cabinet members.

The statement in the letter that Grey would be willing to accept the treaty with the proposed Lodge reservations, is expected to have considerable effect in the treaty fight.

The Republican Senators declared this morning that the Grey letters merely confirm what they had believed for some time—namely, that Great Britain and France would be willing to have the United States enter the League on its own terms.

The reservationists assert that the letter opens the way for President Wilson to reach a compromise with the Republicans over the League project.

A striking development this morning that during the informal talks which he had with many Senators, Lord Grey made it clear that the British Government was willing to accept even the Lodge Reservations which have served as a basis for the treaty fight in the Senate.

SEVERAL HAVE BEEN ARRESTED —FORGED AMERICAN PASSPORTS.

LABOUR GREETINGS

(Canadian Press.)

LONDON, Feb. 2. — Bolshevist agents entrusted with messages regarding sensational wide-spread Red plans have been for a considerable time travelling between Berlin and Soviet Russia on false credentials, it is stated officially. They usually travel as American Red Cross delegates on the pretext of arranging for exchange of German prisoners from Russia.

A number of agents have been arrested in Lithuania. Two men on their way to Moscow via Berlin were found to have letters concealed in their neckties; one was a German, the other a Swiss Socialist. The German carried a letter to Tchitcherin, the Soviet Minister of Foreign Affairs, from the head of that body. Another letter described the system of forged American, French and German passports. The Swiss had a letter from the head of the Red Society in Berne asking for further supplies of Bolshevik literature. The German courier, under examination, said that German Independent Socialists would attack and overcome the German Government the moment they were assured of support from Lenine.

AN APPEAL.

(Canadian Press.)

LONDON, Feb. 2. — A Moscow wireless despatch received here addresses a message to trade unions.

Let your delegates come to study the situation themselves and become acquainted with our professional movement, with its positive and negative [illegible]

"We invite all workers and all oppressed or persecuted. We shall greet them with an open soul and outstretched arms." The message points out that Russian trade unions have often tried to inform their foreign comrades but have met with the bayonets of the governments, who are afraid of the truth about the mighty and heroic example of the Russian proletariat.

The appeal concludes: "For all real revolutionaries, Russian trade unions will have a special interest because good or bad they are practical attempts at Socialism. We desire to share our experience with you We want you to share with us, as only a joint struggle of the proletariat of the whole world, close co-operation in its economic organizations, and direct struggle for Socialism, can lead to final victory."

THE CALL FROM ARMENIA

A CANADIAN WRITER PICTURES THE SAD CONDITIONS—MAY HAVE TO PUT AN ORPHANAGE ON HALF-RATIONS.

Mr. C. V. Vickrey, secretary of the Near East Relief Fund, states that message to Dr. F. W. MacCallum, in Constantinople, regarding the Armenian Fund, had been sent to him by use of naval radio, says:

A MESSAGE FROM A CANADIAN.

"I have just to-day received the following from Dr. W. Nesbitt Chambers, who has charge of our work in Cilicia, sometimes known as 'Little Armenia,' with headquarters at Adana. Dr. Chambers, whose home is in Woodstock, Ontario, will be known personally to many of your readers. His field includes Tarsus, the birthplace of Saul, where I this summer saw on the grounds of St. Paul's Institute large numbers of refugees engaged in industrial work provided by our committee, and supervised by Dr. Chambers. In his letter, written 17th December, he says: 'This rainy winter weather, with people crowded out in tents and dilapidated houses, with insufficient food, clothing and bedding, causes the very marrow of our bones to shiver.'

ORPHANAGE ON HALF-RATIONS

"Another message received to-day from Dr. Henry H. Riggs, President of Euphrates College, Harpout, says:

"'We have an excellent group of workers here and the work is well in hand, but the threatened reduction in our appropriations means that we will have to put our entire orphanage on half-rations, and if the cut suggested cut in appropriations becomes operative, we are in for wholesale murder here this winter, for turning out three-quarters of our orphans would mean nothing less.'

"D. James L. Barton, in speaking of Horpout, says: 'It is the largest orphan centre in the field, and is a place where orphans are still outside, begging to be taken on, and perishing because they cannot be so received.'"

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

THE CENTAUR COMPANY, NEW YORK CITY

THE STABLE IN WINTER

Keep Your Dairy Cows Comfortable and Clean.

Spray the Place With Whitewash—Add Some Germ-killer—Fill In All Broken Window Panes, and Provide Other Ventilation—Care of Plants in Winter.

(Contributed by Ontario Department of Agriculture, Toronto.)

THE period of long, cold winter is here. Of necessity, our milking cows must have special protection from the cold, and at the same time must be made as comfortable as possible.

The whole of the inside of the stable should have a thorough cleaning. The dust and cobwebs should be swept from the walls, ceiling and windows; the windows should be thoroughly cleaned, also the mangers and stalls. Then spray whitewash all over the inside, except the windows. To the whitewash add some disinfectant such as a carbolic acid preparation, or a chloride germ-killer. This will kill disease germs, lurking in dark, damp places and maintain the health of the animals, which is at the foundation of profitable milk production.

The next step is to put in all broken window lights, but where the owner thinks he cannot afford to buy glass at the present high prices, a piece of coarse cloth, such as an old sack, may be tacked over the window space. This will provide some ventilation in a stable not otherwise ventilated.

Cow stables need ventilation in winter by having the foul air removed and fresh air introduced without a draft directly on the cows. A simple way to do this is to hinge all windows at the bottom and allow them to open inward, so as to shoot the air toward the ceiling. There should be a V-shaped board at each side or end of the window, to prevent the side-draft. Foul air outlets should extend below the ceiling of the stable, and preferably have two inlets for foul air—one near the floor and one at the ceiling, as in this way the foul air is removed without cooling the stable too much, by simply closing the top outlet. No system of cheap ventilation works automatically. They all require some attention.

Other points in stable preparation are to have all ties secure so that a cow may not get loose; repairs to mangers and gutters should be made so that they may be kept clean and sanitary without too much labor. Litter and feed carriers are great savers of labor in looking after a herd of milkers during the winter.

In a word, make the cows comfortable and lessen the labor of stabling cows by having them sanitary and convenient, with as many helps as possible in the form of machinery.—Prof. H. H. Dean, O. A. College, Guelph.

Care of Plants in Winter.

Water growing pot plants only when they need it, then water them thoroughly. When the soil begins to get dry and powdery on the surface, or when the pot is tapped with the knuckles or a knife handle and it emits a ringing sound, the plant requires water. Give sufficient water so that it runs out through the bottom of the pot. Water plants in the morning in cold weather, not at night. Use tepid rain water, or water that has been exposed to air and sun for a day or two, if possible. The water should be lukewarm, about 50 to 60 degrees F. in winter.

Humidity in the atmosphere is one of the main requirements to be successful with plants indoors. Place pans or saucers of water on the heaters or registers. A steaming kettle or pot of water on the stove is a great help in this respect.

When the pots become full of roots, or where the soil is poor, worn out or exhausted, liquid fertilisers can be given plants. The soil should be moist, not dry, or very wet, when the fertilizer is applied. There are several good plant foods sold at seed stores. "Sterling Worth Plant Tablets" or "Bonora" are both good. Half an ounce of nitrate of soda dissolved in a little warm water first, and cold water added to make one gallon, also makes a fairly good fertilizer for pot plants. Apply once every week or ten days.

Spraying with water will help keep down insect pests. A fine spray thoroughly applied to all parts of the plant is necessary to be effective. Plants having very rough hirsute foliage, should not be sprayed or sponged, especially in winter, only the plants having glossy, glabrous foliage. Insect pests increase and thrive best in a dry, warm atmosphere. For aphis or green lice, white fly, red spider and thrip, "Sulpho-Tobacco Soap" is a good remdy. Black Leaf 40 is also a good remedy for most insect pests on house plants. Soapy water or a solution of whole oil soap and tobacco water are beneficial for scale insects on plants.

Slake about one-half pound of fresh lime in a pail of water, allow it to settle. Give about a teacupful of this solution once or twice to each plant suffering from earth worms.

Put frozen plants in a dark place at once, temperature about 45 degrees F. Do not touch the leaves. Sprinkling with ice cold water is beneficial.—W. Hunt, O. A. College, Guelph.

DRUGS EXCITE YOUR KIDNEYS, USE SALTS

If Your Back Hurts or Bladder Bothers, Drink Lots of Water.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water— you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

Celery will keep fresh a long time if it can stand with its roots in water.

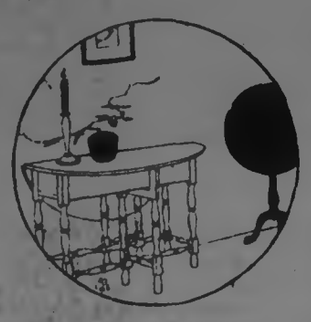
More Items From the February Sale of Furniture

To Increase the Already Large Selection

WE are more than pleased with the result of the first few days of the February Sale of Furniture. In these times of high and advancing prices, a genuine sale of this sort is very popular. Every reduction here quoted or those in our full-page advertisement last Thursday night are real. We are prepared to back them up.

A $52.50 Parlor Suite That Can Be Had for $45

There are three pieces in the set—divan, arm chair and arm rocker. They are well constructed of birch mahogany and are upholstered with a heavy quality French silk in two tones of green.



Would a Couch Be Welcome in Your Living Room? $35.00 Value for $28.50

The frame is fumed oak and the covering is a serviceable, medium coloured tapestry. It has a spring edge and steel construction.

A Reed Arm Chair and Rocker, Regular $18 50 Value for $13.75 Each

They are dark fumed finish and the seat and back are upholstered with a good quality tapestry.

An Arm Chair for After Suppertime, Regular $28.50 Value for $20.75

It is large and cozy and is upholstered in brown imitation leather. Possibly it is just such a chair that you have planned to possess.

$50 Arm Chair for $38.50

It is large and comfortable. The upholstering is a black imitation leather; spring steel frame.

$40 Morris Chair Rocker, $28.50

The frame is fumed oak and the upholstering is genuine Spanish leather; automobile spring seat and reversible cushion back.

Two Pairs of Chairs, Regular $30 Each, For $23.75 Each

Arm chairs and arm rockers with cane panel backs and seats, upholstered with good quality tapestry. Steel spring construction and fumed oak frames.

Library Tables, Two only, Regular $42.75 Value for $32.50

Both are solid quarter cut oak and polished golden finish. Double magazine shelf at each end and drawers open on both sides.

A Chesterfield that is Worth Every Cent of $475 for $410—There Are Also Two Chairs to Match That Are Included in this Price

The chairs and the Chesterfields are large and roomy, with spring pillow arms, spring back and the seat is fitted with Marshall spring cushions. The tapestry is a good English quality. The design is a medallion pattern with a floral mixture on a dark ground and Persian pinks and blues are in evidence here and there throughout.

The "Free Service Sale"

Many people that are interested in economy are taking full advantage of this sale. Its benefits save much labour and time, and furthermore there are several special price inducements in floor coverings and curtains, draperies, etc.

We will—

Measure, make and hang all curtain nets free.
Measure, make and hang all curtains free.
Measure, make and hang all window drapes free.
Measure, make and hang all portiers free.
Measure, make and hang all window shades free.
Measure, make and lay with felt paper all carpets free.
Measure and lay all rugs with felt paper free.
Measure and lay all oilcloths and linoleums free.

Will Take Off All Excess Fat

Do you know that there is a simple, harmless, effective remedy for overfatness that may be used safely and secretly by any man or woman who is losing the slimness of youth?

There is; and it is none other than the tablet form of the now famous Marmola Prescription, known as Marmola Prescription Tablets. You can well expect a reduction of from two to four pounds a week without dieting or exercising. Marmola Prescription Tablets are sold by all druggists at $1.00 for a large case, or if you prefer you can order direct from the Marmola Co., 864 Woodward Ave., Detroit, Mich.

IN MEMORIAM.

In sad but loving memory of Alfred H. Lehane, who passed to his eternal

reward, February 1st, 1918. A requiem mass will be sung for the repose of his soul on Wednesday morning at 8 8 o'clock in St. Peter's Cathedral.

A loving husband true and kind,
A beautiful memory left behind.

LEVER BROTHERS LIMITED, TORONTO

CITY DEVELOPMENT COMMISSION WANTS TOPOGRAPHICAL MAP

(Continued from page 1.)

Chamber, would greatly facilitate the business and deliberations of that body.

Every committee of the City Council needs it, particularly those of Fire, Water and Light, Manufactures, Property, Legal, Railways, and Parks.

The City Assessor needs it; for want of it he is greatly handicapped in his efforts to arrive at a fair and equitable valuation of all property for taxation.

The City Clerk needs it in his daily work, and especially in dealing with industrial companies and locations.

The Board of Trade and other societies that are voluntary workers for business, social and moral improvement need it. Indeed, it would be tedious to enumerate the many uses such a map will conserve.

The City Development Commission has found a most satisfactory and economical method of making this city map, and has brought it to the attention of the Mayor and City Council, who will consider it at this evening's session.

The old way of making a map by ground surveys and sketches is cumbersome, tedious ,and costly, when combatant who, when the battle is available to-day.

This new method should place the actual map in the Council Chamber within two months' time.

THE Y.M.C.A. HONOUR ROLL

Arrangements are being completed to place a suitable memorial in the Y. M. C. A. to those members who fell in the War. A committee of the Board of Directors has been appointed to select a suitable memorial tablet, and the list of members who paid the supreme sacrifice has been carefully compiled.

In order to prevent mistakes and to allow for any corrections before the memorial is purchased, the list of names is being published.

The friends of the Association are asked to examne the list carefully and to report any errors or omissions to the office o ithe Y. M. C. A. as soon as possible.

REV. F. E. MALOTT MADE A STIRRING APPEAL FOR THE ARMENIAN PEOPLE

WAS THE FIRST NATION TO EMBRACE CHRISTIANITY—SACRED CANTATA WAS REPEATED.

A Sacred Cantata, "Penitence, Pardon and Peace" by J. H. Maunder was rendered very ably by the choir of Trinity Methodist Church at that church yesterday evening. The singing of the choir was excellent, while the work of Mrs. George King, soprano and Mr. F. Hartshorn, baritone the soloists, was particularly outstanding.

Armenian

Between the second and third parts of the Cantata, Rev. F. E. Malott, the pastor, spoke briefly on the Armenians. He traced Armenia's history from its foundation as an independent kingdim during the eighth century, B.C., through its many vicissitudes to the present. Once a country of 25,000,000 inhabitants stretching from the Black Sea to the Caspian and from the Caucasus to the Plain of Mesopotamia, it had fallen before all the great conquerors of the eastern world from Assyria to the Ottomans. It had been the first nation to embrace Christianity and the Armenian Church had maintained an unbroken line of bishops to the present day. The Armenian Church was a distinct denomination.

Conquest by the Turks

Continuing, Mr. Malott told of the withdrawal of the Armenians to the country bordering upon the Mediterranean and their assistance to the Crusaders. With the failure of the Crusades the Armenians had been left to the mercy of the Moslems. They had, however, refused to forsake their religion. They had fallen a victim to the conquests of the Turks during the fourteenth century and since had been subject to Turkish rule.

Turkish Persecutions.

With the first check to the Turk invasion of Europe, the Turks adopted a policy of neglect toward their conquered states. Despite this, the Armenians prospered and progressed, and to Armenia the Turkish Empire owed whatever prosperity and progressiveness it possessed. During recent years the Turkish policy had changed to one of persecution and the Armenians had suffered greatly. There were the massacres of 1896 and the more horrible efforts at extermination on the part of the Turks during the Great War, simply because the Armenians were Christians.

Mr. Malott closed with a vigorous plea for aid for the suffering Armenians. They were our allies in two senses of the word, because of their aid in bringing about Turkish downfall in the East and because of the fact that they were Christians, members of one of the earliest Christian churches.

WHY DO WOMEN SUFFER

When There is Such a Remedy for Their Ills as Lydia E. Pinkham's Vegetable Compound?

Mishawaka, Ind.—"I had such a severe female weakness that I could not do my work and I could not get anything to relieve me. A physician treated me, but it did no good. I had been in this condition for three months when I began taking Lydia E. Pinkham's Vegetable Compound (tablet form) and it cured me. I keep house and am able to do my work now. I certainly praise your medicine."—Mrs. SUDA OLDFATHER, 648 West Second Street, Mishawaka, Ind.

Women who suffer from such ailments should not continue to drag around and do their work under such conditions, but profit by the experience of Mrs. Oldfather and thousands of others who have tried this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, and found relief from such suffering. If complications exist write the Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their 40 years' experience in advising women on this subject is at your service.

ANNOUNCEMENT

"We beg to announce to the Public that we have relinquished the agency of the Canadian Express Company, who after February 1st, will occupy new Offices at the Grand Trunk Railway Station.

As soon as contemplated alterations and improvements may be made our entire Office Building at 433 George Street will be used in connection with our large and expanding Insurance and General Agency."

SANDRA THE JEALOUS

BY JANE PHELPS

AN UNEXPECTED LUNCH PARTY.

CHAPTER 36.

Barrett Edmonds had been gone but a very few minutes when Everett came in. I started to tell him Barrett had been calling but before I had even mentioned his name Everett said:

"Don't keep me talking, Sandra. I have to catch a train. Send Richard to me at once."

I did as he asked, then queried:

"Oh, you wouldn't understand. One of my managers in a branch office has been speculating with the customers' accounts and ran away when he lost their money."

"Oh, isn't that dreadful," I returned, although as he had said, I did not understand at all. "Shall you be gone long?"

"I don't know! don't bother me."

In about an hour he was ready to start. I knew that he must be awfully troubled because he didn't give a single order. He just kissed me, carelessly and said:

"Good bye, Sandra. Be a good girl until I get back."

Tears filled my eyes. I wondered if ever he had left Leola so indifferently. Of course he hadn't—He loved her! I wandered idly from room to room. What in the world should I do with myself? I did not know how long he was to be away. Perhaps a long time. He had not taken a trunk but a man could get along with less luggage than a woman, and he had taken a bag and a suit case.

The next morning I went down town to get some new music I had seen advertised. I thought perhaps I might call Barrett up and tell him about it. He might come up and have another 'sing' as he called it.

I ordered the car and soon was browsing about in the music store. I had selected several pieces to take home when I heard a voice exclaim:

"How do you do, Mrs. Graham?" and turning, I saw Alice Sloan.

"Where are you lunching to-day?" she asked, after we had chatted for a few minutes.

"At home, as usual," I tried to say it brightly but a little of the loneliness that I felt must have crept into my voice for she said:

"You poor dear! come and lunch at Rappelye's with me."

"Oh, I'd love to!" I had been there after the theatre with Everett but never in the day time. It was an awfully smart place also a very gay one. "But I am not dressed for a luncheon party."

"You look lovely! You are dressed sufficiently to put everyone else in the shade. That shade of blue that you wear is simply adorable with your hair."

She dismissed her chauffeur and we both rode in my car. She was about twenty five or twenty six, but she was so vivacious and so animated that she seemed younger. It was perfectly delightful to be with her.

"Why aren't we better friends?" she said laughing. "You have lots of time on your hands, haven't you?"

"Indeed I have! Some days I hardly know what to do with myself."

"We must meet and lunch together once or twice a week. We can shop first then go somewhere and have a good time."

"I shall enjoy doing so immensely," was my answer.

Arrived at Rappelye's, I found she had engaged a table.

"Were you coming alone?" I asked, astonished. I never should have dreamed of going into a public restaurant alone——then

"Yes—I always run into some one I know. And if you don't engage a table it is hard to get a good one without waiting for a long time."

We had scarcely ordered when who should I see coming towards us but Barrett Edmonds.

"Hello, Barry! all alone, or have you some fair damsel tucked away in a corner?" Alice Sloane laughingly queried.

"All alone, and very lonesome he replied as he shook hands. "But why the question? Be careful! You are raising hopes"——

"Don't be silly! sit down and lunch with us. Two lone females should appeal to your sympathies."

"May I?" To my surprise Barrett addressed the question to me. The look in his eyes was an appeal to me to say yes

"Why, certainly!" I replied foolishly blushing because of that look. "This is Mrs. Sloane's party, and she invited you."

"I have a horror of butting in," he said as he sat down. "I saw you coming in and would have spoken of my desire then but I thought that one or both husbands might appear on the scene and scalp anybody who had the temerity to usurp their places."

"Mr. Graham is out of town, so he couldn't come," I informed him.

"Duane never can get away at noon, at least he says that he can't." Mrs. Sloane added.

"Then I am safe! On with the lunch,' he said as he called the waiter and without looking at the menu told him to make the order he had taken from us sufficient for three. I was glad Alice Sloane had ordered. She knew better how to order a meal than I did. Graham always did the ordering when we were together.

To be Continued.

HEART SO BAD

WAS NOT SAFE TO LEAVE HER ALONE

Miss Eva P. Yatem.n, Krugersdorf, Ont., writes: "I feel that I must write and tell you of the great benefit I have received from Milburn's Heart and Nerve Pills. About four years ago I was taken terribly bad with my heart, nerves and fainting spells, and was down in bed for about six months. I doctored with two different doctors and seemed to get better although the fainting spells would not leave me. I would take such terrible falls wherever I was, that it was not safe to leave me alone at any time. At last I decided to resort to proprietary medicines, and took several different kinds but seemed to receive but little benefit from them. One day noticing the advertisement of Milburn's Heart and Nerve Pills I decided to try them. Before I had taken more than two boxes I could see that they were helping me. I have taken about ten boxes and am almost cured of those terrible spells. I sincerely feel that your medicine has proved a blessing to me and I advise anyone troubled with their heart to try them as I am confident they will find relief."

Milburn's Heart and Nerve Pills are 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

LAKEFIELD PERSONALS

LAKEFIELD, Jan. 31. — Mr. James Thompson, ex-M.P.P., was in the village on Friday.

Lieut. Kenneth McKenzie returned this week from England.

Mrs. Britton was a visitor to Peterboro on Saturday.

Miss McKenzie spent Saturday in Peterboro.

Mr. Thompson Braden was in Peterboro on Saturday.

Mrs. Silas Pearson and daughter, were visitors to Peterboro on Saturday.

Mrs. Fred Crawford and Miss Hazel Crawford visited Peterboro on Saturday.

The Misses Wood were visitors to Peterboro on Saturday.

Mr. Jos. Lemay spent Saturday in Peterboro.

Miss Beatty Johnson was in Peterboro visiting friends on Saturday.

Miss Doris Spencer visited Peterboro on Saturday.

Mr. W. Robinson was in Peterboro on business on Saturday.

Miss E. McCauley and W. M. Graham were in Peterboro on Saturday attending a meeting of the Central Committee of the Anglican Forward Movement.

Mr M. Hamilton and daughter were in Peterboro on Saturday.

Mr. W. Batten was in Peterboro on Saturday.

Mrs. Wesley Sherin was a Peterboro visitor on Saturday.

Mr. Jos. Stewart, the License Inspector, was in the village on Saturday.

Miss Blanche Moore of Peterboro, is home for the week end.

Miss Laura Quinn returned home from Peterboro on Saturday.

Miss Myrtle Lemay is home from Peterboro for the week end.

IF THIN AND NERVOUS TRY BITRO-PHOSPHATE

While excessive thinness might be attributed to various and subtle causes in different individuals, it is a well-known fact that the lack of phosphorous in the human system is very largely responsible for this condition.

It seems to be well established that this deficiency in phosphorous may now be met by the use of Bitro-Phosphate, which can be obtained from any good druggist in convenient tablet form.

In many instances the assimilation of this phosphate by the nerve tissue soon produces a welcome change—nerve tension disappears, vigor and strength replace weakness and lack of energy and the whole body loses its ugly hollows and abrupt angles, becoming enveloped in a glow of perfect health and beauty and the will and strength to be up and doing.

CAUTION:— White Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

BUSINESS GIRLS HELD A TEA

In spite of the bitter weather of Saturday afternoon the tea given by the Business Girls Club at the home of Mrs. W. R. Morris, 483 Homewood avenue, was a splendid success and a substantial amount realized by the girls. In the drawing room Miss Margaret Sherlock, president of the Club, received with Mrs. Morris, Miss Olive English assisted. In the dining room where the table decorations of daffodils and narcissus were much admired Mrs. Douglas Loomis presided at the tea table and was assisted by Mrs. Drummond, Miss Bessie Latimer, Miss Grace Evans, Miss Ethel Rae and Miss A. Davidson.

Musical Programme

During the afternoon a most acceptable musical programme was given to which Miss Hazel Davidson contributed a solo, Miss Florence Emmerson, a solo, Miss Rannie and Miss Agnes Logan, piano solos.

Nut cookies are good for the children's luncheon.

Be sure the drainage of your house plants is good.

Voice Of The People

Peterborough, Feb. 2nd, 1920.

To Editor, The Examiner:

Dear Sir,—I notice that at last somebody, through your paper, lets us know that he thinks your buy at home campaign is a farce under present conditions as regards wages in Peterborough. Any man or woman with a cranium full of brains, or no brains at all must admit that what he thinks is correct. Let any right-thinking man ask himself this question. Can a man with a family live on $16.25 a week? The answer is decidedly no. Mr. Editor, there are hundreds of men in this town forced to try to do it. Some are selling part of their furniture. Some wives are minding their neighbor's children while the mother of them goes to work in a factory. Others go out washing or anything they can get to do and leaving little children at home. Mr. Editor, these people are not all foolish; they are trying every means to make an honest existence, and are going to buy where they can get the most for their money, just as a great many of us are apt to do. The wages of the ordinary working man are absolutely inadequate, and he cannot spend out of town the money he never gets in town. Hundreds of children in this town are under fed, poorly clothed, and neglected otherwise all because somebody (announces) continually that the price of this or that is gone up and (likely to go higher.) But nobody announces a rise in wages. He is often advised, however, that half a loaf is better than none. But believe me, Mr. Editor, that half a loaf is fast waning. How can we expect healthy boys and girls?

Yours truly,
P. VINE.

CLEAN SIDEWALKS.

To the Editor,— Please allow me space to bring to the notice of those in high places in this city how very dangerous to pedestrians, and especially to the aged and infirm, are the slippery sidewalks.

I observe the city clears away the snow from the sides of the streets in many places and that quite a number of the merchants and householders clean the sidewalks in many places, but with the continued traffic and the children's sledges being pulled along they become very dangerous, even to those wearing rubbers, and even young folk cannot step out for a brisk walk as they should.

Could we not in such an up-to-date city, have sand or something scattered on the sidewalks (or utilize the ashes and cinders that are collected as garbage) ,thus enabling our elderly pepole to get out of their homes each day and take the fresh air, which is so essential. It is indeed sad to see those of the few elderly who venture out how the cold pierces them, as they cannot walk quickly enough on the slippery streets to keep up their blood circulation.

Yours truly,
MORE SAND.

P.S.—Frequently I see in the Examiner that some elderly person has fallen (I venture to presume owing to the bad condition of the street) and broken a leg or a hip. I sincerely hope something will be done immediately to remedy this. M. S.

TELEGRAPH NEWS

(United Press.)

ROME, Feb. 2.— Barushi Shimoy, Japanese author, left for Fiume today to invite Gabriele D'Annunzio, in the name of leading Japanese literary societies to participate in the Rome-Tokio airplane flights.

WILL NOT SEND DIPLOMAT.

(United Press.)

ROME, Feb. 2.—The Vatican does not intend to send a diplomat to Paris to prepare for the resumption of diplomatic intercourse, a semi-official communique declared to-day. Such a step, the communique said, would be possible only when the French government prepared to do likewise.

Grove's O-Pen-Trate Salve
Opens the Pores and Penetrates

A Remedy for Chest Colds, Head Colds, Sore Throat, Stiff Neck, Earache, Spasmodic Croup and kindred ailments. Apply freely to the skin just over the affected parts and rub it in.

GROVE'S O-PEN-TRATE SALVE

is also an Excellent Germicide for the Nose and Throat.

It should be applied to the nostrils so that you will be continually inhaling the vapors while in the presence of patients who are sick with contagious diseases, or when you are entering crowded cars or other public places during an epidemic of Grip or Influenza. Any Grip or Influenza germs breathed through the nose are destroyed by this germicide salve before the germs can reach the throat.

FOR THE SICK

Place One Level Teaspoonful of GROVE'S O-PEN-TRATE SALVE in a hot saucer in the sick room. The Antiseptic Vapor rising from the heated salve makes breathing easy for the patient. It induces sleep and is a great comfort to anyone suffering with Spasmodic Croup, Asthma, Bronchitis, Sore Throat, Coughs, Colds, Whooping Cough, Diphtheria or Pneumonia. The Healing Effect of the Vapor relieves the patient and is very comforting. Price 35c per box. If your Druggist hasn't any, send 35c in postage stamps to Paris Medicine Company, 193 Spadina Ave., Toronto, and a full-size box will be mailed to you promptly.

INSTANT POSTUM

It agrees with everyone in the family. No sleepless nights, disturbed digestion or irritated nerves follow its use. "There's a Reason"

The World Of Sport

LINDSAY AND PETERBORO MEET HERE TO-NIGHT IN FIRST OF PLAY-OFF GAMES

Lindsay and Peterborough have been ordered by the O.H.A. to settle the tie in this district by home and home games, the first to be played at Brock street rink to-night and the return in Liudsay on Wednesday. The winners will play in Oshawa on Friday night.

Although the notice is short, there is no doubt that there will be another huge crowd at Brock street rink to-night. None of the fans who saw Friday night's battle would think of being absent to-night, for the game should be a repetition of Friday's sensational contest, over which the enthusiasts are still enthusing. Both teams came through the engagement without casualties, and they will therefore be at full strength to-night. The ice will be in great shape and the hockey dished out should just about be the best of the season. The total goals on the two games of course decides the series, so that the teams will work at top speed for the whole distance. It is the battle of the year and standing room will be at a premium. The game is called for 8.30 o'clock.

"SUBBING" WON FOR PETES DECLARES LINDSAY WARDER

The Lindsay Warder says of Friday night's game:

"Three hundred fans from Lindsay helped considerably to swell the attendance, and a noisy bunch they were. They were given every chance to cheer for the Lindsay boys as the game was a series of thrills from start to finish, but particularly in the last two periods. Talk about speed, it was the bigest avalanche of the game, with both teams primed to the breaking point. Peterboro had six good players on the ice, with two almost equally good subs; and they worked every player and every sub. to the bursting point. As a whole their players were not in condition, but by interchanging and relieving with subs. every time the game was stopped for off-sides or penalties, the Petes literally worked over-time to win—and the scheme succeeded well. At times two subs would dash out to relieve the hard-pressed Petes. On the other hand Lindsay practically stuck to the same team throughout the game although the subs. were given lots of chances to excell. But it was the repeated 'subbing' that won the game and made it fast and thrilling.

"Even with this manner of strategy the Petes just managed to squeeze through with victory perched on their banners. Lindsay gave them the battle of their lives.

"For the Petes, the ytrotted out an old team in person and name, but new in ginger, pep and dash. Every man was fast, fine with combination, and equally brilliant with individual rushes. It was a game they deserved to win, although it was anybody's game for that matter."

BIG GAME IN CITY LEAGUE NEXT WEDNESDAY NIGHT

The game the fans have all been looking for in the city league will be staged on Wednesday night, when the C. G. E. Tool Room and the Canadian Woollens will clash. The C. G. E. team are at present out in front and if they come through with another win over the Woollens outfit on Wednesday will cinch the City League Championship. On the other hand the Auburn outfit can sew up the race by a victory and they are confident that they will come through and tie up the league. The game will be the first on the cards Wednesday night, the Belmonts and the Business College coming together in the second game.

The Auburns will practice to-morrow night at 6.45 o'clock and the following players are requested to be out: Legros, McMartin, Tudhope, Williams, Graham F., Graham H., Lipsett, Blewett, Rutherford, Jackson.

OLD COUNTRY SOCCER

SCOTTISH CUP.

CURLING RESULTS FROM LAKEFIED

THE U.F.O. RINKS DEFEATED VILLAGE RINKS.

LAKEFIELD, Jan. 31. — A very exciting game of curling was played at the rink this week between a rink of U.F.O.'s and a village rink. The U.F.O.'s gave them a bad beating, 13 to 6. The rinks were lined up as follows:

U. F. O.'s — R. J. Jory, B. Q. Dench, Levi Payne, skip, 13.

Villagers — J. B. Jarrell, C. S. Tanner, J. W. Ridpath, F. X. Fortier, skip 6.

Langley's Rink Downed at Last

On Friday evening one of the series was played between Langley's and Crawford's rinks, Crawford's rink winning by 2 shots, the game being close and exciting. The rinks were as follows:

Geo. Hilliard,	J. B. Jarrall,
R. J. Jory,	N. A. Moore,
Tompson Braden,	J. M. Simpson,
O. A. Langley,	T. Crawford,
Sk.....13	Sk.....15

CURLING RESULTS

The folloking are the results of the games of the lady curlers this morning. These games are played three times a week, viz, Monday morning, Wednesday morning and Thursday afternoon. Some of the men curlers who pride themselves on their ability to lay a stone might do well to see the ladies lay one and might get a few pointers also.

DE LAVAL BOYS ACCEPT CHALLENGE OF LOCK WORKS AND DEFEATED THEM 14-3.

On Saturday afternoon a lively game of Hockey was witnessed on Mark street rink when a team consisting mainly of De Laval Company employees played the Locks' Company and defeated them 14-3. The Separator Bunch had the game their own way from start to finish. The stars for De Laval being Rue, Meehan and Frick. For the defeated team Wyatt and Lipsett were chief players. The line up is as follows:

For De Laval Company, Goal, Lightheart; right defence, Frick, left defence, Howden; centre, Rue; right wing, Meehan; left wing, Miller.

For Lock Company, goal, Burke; right defence, Wyatt; left defence,—centre, Kennedy; right wing, Black; left wing, Lipsett.

A little alcohol is excellent for cleaning mirrors.

ERIC STROHEIM ROSE FROM FLY-PAPER SALESMAN TO MOVIE MAGNET.

The life of Eric von Stroheim, Universal star and director, who wrote, directed and starred in "Blind Husbands", would contain chapters dazzling in the tinsel and gold romance of the comic opera and other chapters sombre with the narrative of an exile from a land accursed.

Eric von Stroheim's real name is Count Erich Oswald Hans Carl Marie Stroheim von Nordenwald. He was born in Vienna thirty-four years ago, the son of a colonel of the general-staff and a Lady-in-Waiting to Princess Elizabeth.

He spent eighteen years in school, principally in Wiener-Neustadt and later completed his education in the national military academy and at the war college of the Hapsburgs.

The opening weeks of 1902 found him a second lieutenant of the fourth regiment of Austrian Dragoons. In 1904 he became "officer-orderly" or aide-de-camp to Louis de Bourbon, a French prince of the blood, who, before the war, was attached to the Austrian army traditionally. In 1905 von Stroheim was ordered to the war college. In the annexation of Bosnia in 1908 he was wounded in action with his troops and incapacitated. He was transferred to the Imperial Palace Guard and decorated. In 1909 he came to America and was the acknowledged "catch" of the season in the estimation of New York dowagers.

From his arrival in America Stroheim's fortunes fell. In his own words he has been everything except a bartender or a waiter. At one time he sold fly-paper, acted as overseer on a big California estate, was a boatman at Lake Tahoe, put over a sketch on the Orpheum Circuit and fell headlong into the realm of motion pictures.

From then his fortune ascended with his ability to depict the foreign drama for the screen. He worked as an assistant director and as a technical director for Griffith, Fairbanks, Sir Herbert Tree, Norma Talmadge and other players.

His first big featured role was as the brutal Hun officer in the greatest of the war plays of the screen, "The Heart of Humanity."

Count von Stroheim's latest achievement is "Blind Husbands," a Universal photodrama in which he may be seen as the star at the Grand Theatre to-night, Tuesday and Wednesday of this week.

Always save mailing tubes and corrugated paper.

"A SOCIETY EXILE," TAKEN FROM BRITISH PLAY

One of the most intensely dramatic pictures in which the distinguished stage and screen star, Elsie Ferguson, has yet appeared, was shown this afternoon at the Allen Theatre. It is a Society Exile, from the stage play by Henry Arthur Jones, "We can't be as bad as all that." English country life the streets of Venice, the Canal City, are faithfully portrayed in some of the most beautiful scenes ever shown on the screen.

In addition to the splendid feature shown was Chas. Chaplin in a revised edition of the "Fireman, his funniest screen comedy. The Canadian National Pictorial depicts some interesting scenes taken in Canada.

THIS BOXER WAS NOT A SLACKER

REESE WILLIAMS, WHO WILL APPEAR AT THE GRAND THIS EVENING WITH "BLIND HUSBANDS."

Something about the identity of Reese Williams, who will appear as the headliner on the vaudeville programme at the Grand this evening, will be of interest to the sporting fans. Reese or "Kid" Williams as he was known in the army, left the Welsh coal pits where he was employed and joined the army. Wiliams holds the welterweight championship in the army, and also the featherweight belt of the National Sporting Club, London. For some years he was Freddie Welsh's sparring partner. Reese was compelled to relinquish his connection with the ring when he received a bullet in his arm and was badly gassed. To-night he will appear at the Grand as 'The Welsh Pit Boy" in a novedty musical act.

In addition to this will be shown Stroheim's wonder play, "Blind Husbands."

Of special interest to the lovers of good music will be the musical setting for Blind Husbands, inasmuch as it contains some of the best selections from the great masterpieces. A few of the numbers that are interpreted in this wonderful score during the screening of the picture as Poeme Symphonique by Bache, Souvenir De Lucerne (Swiss love song), Kaertner Melody, Serpert; Alpin Fantasia, Tobane; Intermezo Rubato, Levy; Dreamy Momements, Ehrich; Because You Said Good-bye, Levy; Folk Song Fantasia, Tyrolean, Parlow; Omnipotence, Schubert; Birds and Butterflies, Vely; Springtime, Ziegler; Cantilene, Lee; Love Song, Flegier; Sunrise in the Mountains, Borsh; Erl King, Schubert; Le Aid "Arangonaise," Massenet; Blissful Dreams, M. Helmund, etc., etc. The orchestration was selected and compiled by M. Winkle, whose fame has been noted, especially in his selection of the musical score for the Birth of a Nation and other large picture productions. The management has gone to considerable expense to secure this score, which is the original musical setting for the picture, and was played during this feature's long run at the Capotil Theatre, N.Y., the largest theatre in the world.

A WINS

Sporting Editor of the Examiner,

Will you please decide this pool on Friday's night's game. A has 6 to 5 in favour of Peterboro. B has 7 to 4 in favour of Peterboro. Which wins

MRS. ROBERT ADAMSON OF OTONABEE DEAD

NINE IN THE FAMILY HAVE INFLUENZA—NURSES ARE NEEDED.

Pneumonia, following influenza, claimed another victim in Keene this morning, when Mrs. Robert Adamson, of Otonabee, near Mather's Corners, died after about a week's illness. The epidemic, otherwise than abating, is on the increase, and in one family, that of Mr. V. McCarthy, thirteen members are ill.

Dr. Yelland, who was in the village over the week end, attended to seventy-five cases, and in several instances found nine in one family suffering from the disease. Nurses are almost absolutely improcurable, and in several cases the father of the family is tending his family. Dr. W. T. Harrison has resumed his practice, and Dr. Devlin from Douro, is relieving him.

DIED

MASTERSON — On Monday morning, Feb. 2, 1920, Mary Madeline Masterson, daughter of Mr. and Mrs. Casey Masterson, 210 Lake Street.

SOCIAL AND PERSONAL

Mrs. Thomas Hill is recovering from the severe illness she has had for the last few weeks

Mr. and Mrs. George Dockings, of Belleville have returned home after visiting their sister, Mrs. Thos. Hill.

Mrs. Ed. Galvin visited her sister, Mrs. Thomas Hill, who has been very ill at Young's Point.

Mrs. Jim Galvin, from the west, visited Mrs. T. Hill on Tuesday last.

Mrs. Wheeler has been spending the week end with her sister, Mrs. Hill, Young's Point.

Mr. and Mrs. Weldon Lytle, daughter of Mrs. T. Hill, visited her on Saturday last from Lindsay.

Miss Una Kennedy took the 3.20 train on Sunday en route to Vancouver to visit her sister, Mrs. (Dr.) McDonald.

Mr. Thomas Boyle is spending a few days in Ennismore.

Mrs. H. M. Yelland will receive for the first time at her home, 539 George street on Wednesday, February from 4 to 6 p.m. and from 8 to 10 p.m. when Dr. Yelland will be present.

Miss Florence Cameron is in Kitchener visiting Mrs. Sommerville.

Mrs. Charles S. Cummer, 342 Charlotte street will be at home first Wednesday of each month.

The many friends of Mr. A. B. Cranfield, who was injured in the recent wreck on the G.T.R., will be sorry to learn that he will be laid up for at least six weeks.

The many friends of Mr. George R. Record, will be pleased to learn that he is improving after a serious operation in St. Joseph's Hospital, in the meantime his business is being conducted under able management.

Mrs. Alexander J. Robertson, 397 Reid street will receive on Wednesday afternoon from four to six-thirty o'clock. Mrs. Reginad Lockhart with her.

SAYS DENTAL INSPECTION IS NOW FREE

Inspector Broderick Says Department Will Pay the Shot.

In addressing the Victoria County Council, Inspector G. E. Broderick, of East Victoria, said that the Ontario government had specified to the Inspectors that dental inspection of school children would be free to all municipalities, but not regarding medical examination.

Councillor Jenkins said that dental and medical inspection had been paid for by the Township Council of Mariposa for some years past with excellent results. He would be interested to know if the government is going to make the matter general. First-class results were obtained in Mariposa Township as records showed.

Inspector Broderick thought he was sure of the statement he made, but would corroborate the same by getting in touch with the Department at Toronto.

HERE IS TRUE PHILOSOPHY

"A spendthrift should settle up before he settles down. Likewise he should care for his eyes while his eyes are caring for him."

NEW YORK STOCK MARKETS

(United Press)

NEW YORK, Feb. 20. — Prices were irregular at the stock exchange opening to-day. Crucible was 224 up 2 3-4; U. S. Rubber 128 up 1-2; Mexican Pet 198 up 1 3-8; U. S. Steel 105 1-2 up 1-4; Republic 116 up 1 1-4; Marine 39 3-4 up 1 1-2; Baldwin 119 3-4 up 1 1-2; Goodrich 97 1-2 off 1-2; Gen. Motors 310 up 2 1-3; Canadian Pacific 127 3-4 off 1-4.

The market slipped rather rapidly shortly after the opening reactions of 2 points or more occurring in Republic Steele general motors crucible and other high priced stocks, chandler got down to 138, while Baldwin sold off it was noticeable that there was an eight market for the stock at all times.

Rails became active shortly after noon. Southern Pacific sold at 101 1-2 up 1 1-4; and Union Pacific above 123; Pere Marquette gained 1 1-4 to 31, and Ann Arbor 3-4 to 13.

The whole industrial list was then raided. The extreme declines occuring in Crucible, General Motors, and American Woollen. Even Baldwin, which had been held up well during the earlier trading, sold below 117; the raid was staged at the time of the announcement that sterling had fallen to a new low at $3.47 7-8.

Exchange Market.

NEW YORK, Feb. 5. — The principal foreign exchanges again felt to new low records in the money market to-day.

Demand sterling broke to $3.47 7-8. The previous low was $3.49 and the par value is $4.86 5-8. Franc checks declined to 13.49 and lire to 15.85 re dollar. Sterling later fell still further to $3.47 1-4; francs to 13.57, and lire to 15.97; Marks were .018.

EXCHANGE RATES.

(Special to The Examiner)

LONDON, Feb. 2.—Exchange sterling on New York to-day was $3.50.

BEAR SAW HIS SHADOW BUT NOBODY CARED

Weather signs and prophecies have been so discredited by the January sample of Dan Whetung's open winter that little attention was paid today to the legendary awakening of the first of the seven sleepers and the ominous appearance of Bruin and his Shadow.

The public was so relieved by the spring-like blandness of the air and the warmth of the sunshine that they didn't care two hoots whether Bruin saw his shadow or not. And the old folks assure us that he did, and that following his instinctive custom he betook himself back to the hollow tree, turning over, as it were, for another snooze, while the remaining six weeks of renewed winter spends itself with frost and snow and winds and influenza, and all the tribulations that make the weaker and delicate folks long for Carolina, Florida, Havana, or the Bermudas.

To-day's sunlight means that short coats will be worn for another six weeks.

"Peterborough Presents Possibilities Unsurpassed."

MONDAY, FEBRUARY 2ND, 1920.

A FEASIBLE SUGGESTION.

One of the suggestions made by Fire Chief Grange in his recommendations to the Council could be carried out so simply and with so comparatively little expense that it is surprising to read in the Chief's report that he has for several years made this recommendation. The reference is to the desirability of indicating the location of the fire alarm boxes with a red incandescent lamp so that they can readily found be found at night. Chief Grange points out that to those who do not know where the boxes are situated, finding them at night is a difficult task and much valuable time could easily be lost in the search for an alarm. As an experiment the Fire Chief had a red light placed over one of the boxes a year or so ago and the signal could be seen from several blocks away. For some reason or other no action has been taken in the matter, so the annual suggestion bobs up again on this occasion. This year's Fire, Water and Light committee may possibly give the recommendation more warm-hearted welcome than it has received on its previous appearances.

THE G.W.V.A. GRANT.

Although the County Council displayed liberality in their grants to the Peterborough Industrial Exhibition and to the various township fairs, they can hardly be accused of extravagance in the $150 grant to the Great War Veterans' Association. The members of the County Council in their consideration of this question seem to have lost sight of the fact that many of the members of the Great War Veterans' Association are county residents and that many of the cases on behalf of which the Association exerts its efforts come from the rural sections of the county. The argument that the Government should look after all these cases is sound enough logically, but the trouble is that there would be many cases of distress if the unfortunate dependents of some of Canada's soldiers had to wait for the Government to act. The Great War Veterans' Association exists to bridge the gap and to look after those who would otherwise be in a most unfortunate position. The work is one that has been recognized by Dominion and Provincial Governments and by many municipalities who have been glad to assist. The pittance given by the County Council might easily have been increased.

A GOOD START.

In choosing ex-Mayor Geo. H. Duncan as permanent chairman of the newly organized City Development Commission, that body has made an excellent start. As an alderman, and during the past two years as chief magistrate of the city, Mr. Duncan has given lavishly of his time and energy in the city's interests. He acquired the enviable reputation during his term as mayor, of being "always on the job," and there is every reason to expect that in his new and important position he will continue to faithfully serve his fellow citizens.

The body of which he has been elected chairman, is an organization that is capable of great work in the public interest. The members are apparently enthusiastic over the possibilities that are before them of making Peterborough a better city in which to live and the City Council will doubtless be glad to co-operate with them in carrying out their plans. It is too early to predict just what lines these will follow, but the personnel of the Commission leads to the confident belief that they will be decidedly beneficial to the community. One recommendation that is being made to the Commission is for the immediate securing of a good map of Peterborough and the suburbs. This is so manifestly necessary that the request of the Commission will be granted.

THE ARMENIAN FUND.

Peterborough's contributions to the Armenian Relief Fund, through the subscription list of the Examiner, total about $3,000, a splendid showing in a campaign that was purely voluntary. It has been decided to keep the subscription lists open indefinitely, as the latest advices in regard to the Armenian situation is that in spite of the large sums that have been raised in Great Britain, the United States and Canada, there is still a great need of money. The reports tell of the good work that has already been accomplished, but there is a vast amount of relief work yet to be done if thousands of women and children are to be saved from death from starvation. It is necessary to continue the campaign until assurances are received that the crisis is over, and accordingly the Examiner wishes to announce that it will, until further notice, continue to receive and forward subscriptions for Armenian relief. Donations may be left at the Examiner office or, if it is more convenient, the banks will receive subscriptions. The need is still urgent; if you are able to subscribe, don't delay—your donation may save a life.

THE PREMIER'S BY-ELECTION.

The announcement that the Liberals in Halton have decided not to oppose the election of Premier Drury and that he will probably be returned by acclamation will be, it is fancied, rather generally approved. Public opinion seems to favour giving Mr. Drury and his government a chance to make good, or at least can see no advantage at the present time in a course of action that might result in another general election and an even greater confusion than attended the last appeal to the electorate. The feeling apparently is that if the Drury government makes good it will be a good thing for the province, while if it fails it will be a bad thing for the government and the Farmers' movement, so the majority of urban dwellers are willing to follow Mr. Asquith's advice, "wait and see." Again, the defeat of the Premier in a by-election would undoubtedly result in a postponement of the session of the Legislature, and there is much important legislation to come up that should not be delayed. One of the first matters of course to be considered will be a resolution from the Legislature calling upon the Dominion government to take a referendum vote in Ontario on the question of preventing the importation of liquor. This is to be introduced at the beginning of the beginning of the Legislature and will, it is expected, be almost unanimously passed.

WAS AN INNOCENT BOY HANGED?

Grave doubts have arisen in Montreal as to whether or no an innocent boy was hanged in Bordeaux Jail. The you htin question, Murdoch Allen by name, seventeen years of age, wrote a pathetic letter on the eve of his execution to the members of his family, fully protesting his innocence. The murder of the unfortunate farmer Payette, at St. Sulpice, for which three men were executed, was a brutal and cold-blooded one, and so long as death is the prescribed penalty for murder, the actual slayer certainly merited it. But the actual murderer has not yet been discovered. The victim was killed by a pistol or revolver shot, and only one shot was fired. Five men or boys were present when the killing occurred. Two turned King's evidence against their three companions, and their lives were spared. The other three were hanged though only one fired the shot. What of the other two who were hanged for the crime of which he was guilty? One of the three, a boy of seventeen years, is the writer of the letter to his family, already referred to. Another boy was only eighteen years old, while the third executed was a man of about thirty. It has not yet been stated whether the two last referred to protested innocence of the crime or not. Allen, writing under the very shadow of the gallows upon which he was about to die, called upon God to witness that he was innocent. Writing to his father, mother, sisters, and brothers, he asked them to try to think well of him, because he was not the one who shot the farmer. "If I was," he wrote, "I would stand up and say, 'I am the man and the other two are not guilty.' That would be like a man. Well, if he does not pay in this world, he will in the next."

The clergyman of St. Mary's Church, Montreal, which Allen and his family attended, Rev. Mr. Overing, has addressed a strong letter to the Standard on the subject, in which he protests against the manner in which those administering the law are permitted to enter into compacts and agreements with criminals for the detection of crime. "Where," he asks, "is the justification in Divine law or in human reason for the slaughter of three, or as it might happen, a dozen, for the commission of one crime? Does it not smack somewhat of the French 'Reign of Terror,' or of Russia as it appears to us to-day? One of the boys hanged, viz., Allen, was accused by none of the gang as having fired the shot. He was the youngest of the crowd, and to use the words of Canon Almond, 'he was not a vicious boy.' Canon Almond has had a very wide experience of men, especially in the last five years. He has had to deal with 'all sorts and conditions of men.' He knew Allen and spent all of Thursday night with the boy and did not leave him until all was over. His opinion is worth something. This matter ought not to be allowed to drop, and I hope sincerely it will not drop, but it will be the starting point of a determined effort which will demand a thorough and impartial re-survey of our statutes and the expurgation of all that is inconsistent with the highest sense of Justice tempered with mercy and wisdom."

In the face of all the facts, many people will be inclined to believe that this case was one in which the Minister of Justice might have acted upon the principle that it is better that a hundred guilty men should escape than that one innocent person should suffer. Capital punishment vetaoinm suffer. Capital executions which leave any shadow of doubt whatever of the guilt of the scaffold's victim not only leave a very painful and alarming sensation in the public mind, but unfortunately—or otherwise—go very far in strengthening the hands of those who are agitating for the entire abolition of capital punishment. If a definite answer can be given to the question at the head of this article it ought to be forthcoming. Was an Innocent Boy Hanged or Not?—Quebec Telegraph.

EDITORIAL NOTES.

No regrets have been heard at the passing of January.

Dan Whetung declined to talk about the weather when he was in town Saturday. The Chemong patriarch realizes that he said too much on that topic last autumn.

One County Councillor remarked that the G.W.V.A. would not last long. Certainly not on the $150 grant from the County Council.

GEORGE STREET SUNDAY SERVICES

FIRST OF SERIES OF SHORT SERMONS BY THE PASTOR.

Communion services were observed at the George street Methodist Church yesterday morning, with the Love Feast at 10 o'clock and the Sacrament at 11 o'clock. In connection with the latter service twenty-six persons were received into membership.

In the evening Rev. J. A. Thomas, the pastor, preached, taking as his subject, "A Man who was Taught a Great Fact in a Strange Way." This was the first of a series of sermons on some of the unnamed men of the Bible.

Mr. Thomas took as his text II. Kings, ch. 6, verse 17 — wherein Elisha the prophet, when news was brought by his servant that the Syrians had surrounded the town with an armed host, prayed that the eyes of the young man might be opened, "and the Lord opened the eyes of the young man and he saw and behold the mountain was full of horses and chariots of fire round about Elisha."

Mr. Thomas pointed out that we must believe that this vision was not a mere subjective fancy but a view of the spiritual hosts of heaven. The Bible is full of the existence of spiritual beings higher than man but lower than God, some of which have become visible to men at various times. There is a great sublime truth—that there is One in the universe of the unseen world who stand alone above all—God, the Omnipotent, Omniscient and Omnipresent, the climax of whose revelation was in Jesus Christ.

"The world is not simply material," said Mr. Thomas, "and the reality of the spiritual is a constant protest against the materialism of human nature." He showed that one of the good results of the Great War is a new sense of the spiritual which is revising our values of materialism. Yet many men still have eyes that do not see.

We need an increasing sense of the unseen to solve the problems of today—the spiritual dominence of Jesus Christ.

"Everyone," Mr. Thomas said, "must be his own prophet in the last analysis. He must pray for himself." "If all you can see is materialism, then cry out for sight to Christ and he will say 'Receive thy sight.'" Get a vision of the spiritual and you will have victory over everything that tempts to unrighteousness.

THE PRICE OF BREAD WILL NOT ADVANCE

NEW PRICE EOR WHEAT WILL NOT AFFECT BAKERS.

(Special to The Examiner.)

TORONTO, Feb. 2.—Housewives rejoice, salute the happy morn, the price of bread in Toronto, for once, is not going to advance in price as a sort of automatic aftermath to the announcement that the Canadian Wheat Board has increased the price of Government standard wheat flour from $10.10 a barrel to $11.25 a barrel basis f.o.b. cars Montreal. The three decker, two column headlines in a morning paper that "Another increase in bread is to follow the new flour price set by the Wheat Board," is unduly pessimistic to say the least of it. "It won't affect the price of bread at all," declared Mark Bredlin, President of the Canada Bakery to-day. "As I understand the order, only winter wheat flour is affected. That is only used in the manufacture of cakes and for household purposes. We do not use the flour at all, though some of the smaller bakers do."

LIVE STOCK RECEIPTS

(Canadian Press.)

TORONTO, Feb. 2. — Receipts heavy, trade slow. Quotations heavy beef steers, $14 to $15; butcher steers choice $12.75 to $13.50; butcher cows, medium $8 to $9.50; calves $20 to $23; ewes $8 to $12; lambs, $17.50 to $19.50; hogs fed and watered, selects, $19.25.

FIREMEN CALLED OUT IN COLD

Saturday evening at 8.25 the firemen were called out in zero weather to Box 15, at the corner of Perry and George streets, and when they reached the box they found they had answered a false alarm. Whether it was rung in as a practical joke or whether it was done in spite remains to be found out, but if the person who rang it in can be found he will be dealt with severely by the police. Some people might regard it as a joke, but the joke would be entirely eliminated if their own house caught fire while the firemen were away answering a false alarm.

The Road to Independence

Trouble comes to all of us at one time or another.

The man with a snug bank account, is fortified against the "slings and arrows of outrageous fortune".

It is the duty of every man to lay aside something for the inevitable rainy day.

Open a Savings Account today—and take your first step along the road to Independence.

Serving the New Canadians

DURING the past twenty years Canada received three million new settlers of whom about one million were of foreign speech. The war interrupted immigration, but soon the march westward will begin again.

Mutual Requirements

What do we expect of these new citizens? Respect for Law and order, a measure of diligence, that they may not become a charge upon the community, and a willingness to adjust themselves to a new environment.

What do they expect of us, the native-born? Justice, sympathy and kindness. They are entitled also to the stimulating influences of great Canadian Ideals. They have a right to the Gospel of Christ, not only explained in theory, but *worked out in practice* by Christian men and women.

The Church Hampered

The Church has not been neglectful of these new Canadians, whether settled in the crowded cities, or on the Western plains. But the effort to reach them with the ministry of Religion has been made difficult for lack of Missionaries to overtake the work, and by inadequate financial means.

A Case of Misunderstanding

Many Church Members do not realize the magnitude of the task. Lacking complete understanding of the situation, they have not sought out spiritual leaders for these new Canadians, and have been content with former standards of giving. Even with a slowing-down of immigration, the needs have not been met. What will happen when the flood-tide rolls in again?

Look! A Study in Contrasts

In the year 1860, the United States had a population of 3,908,483. During the next twenty years, 194,000 immigrants arrived in American ports.

In 1901, Canada had a population of 5,371,315. During the next fifteen years, the immigration to this Dominion reached a total of 2,906,021.

From 1904 to 1914, Canada accepted 250,000 MORE immigrants than the United States received in the same period — despite the fact that the population of the Republic was ten times that of Canada.

Israel Zangwill and others speak of the United States as the melting-pot of the world, and marvel at the task of assimilating the new comers. WHAT WOULD THEY THINK OF THE PROBLEM IN CANADA?

Moulding the National Spirit

The great majority of immigrants now settled in the Dominion are men of good-will, with an aspiration for useful citizenship. They are helping to do the day's-work of this land for the advantage of us all. The future public opinion of Canada, the future moral stability of the nation depends upon the will and power of the Church to fulfil its trust to these New Canadians.

Motives for Activity

You are a Canadian, proud of your country, and deeply concerned for its future. You are a Christian, believing that the Gospel is the only dependable and invincible civilising agency. You are urged to pray, to serve and to give, that the Home Missions of your Church may be properly sustained in this day of national emergency.

THAT SON-IN-LAW OF PA'S — Madame Peelitoff Is No Recommendation For Her Business — By Wellington

W-WHAT? YA SAY YOU'RE GOIN' T' ACT INGENUE PARTS IN TH' MOVIES? GOSH, AIN'T YOU A LITTLE TOO-ER-TOO PLUMP FOR INGENUE PARTS?
PERHAPS, BUT I WON'T BE IN A WEEK'S TIME.
I HAVE ENGAGED MADAME PEELITOFF, THE FAMOUS RUSSIAN OBESITY EXPERT, TO GIVE ME HER WORLD-RENOWNED REDUCTION-REATMENTS.
MADAME PEELITOFF HATES SO TO SEE A WOMAN OVERWEIGHT THAT SHE'S SPENT HER LIFE IN PERFECTING HER OBESITY TREATMENT, THAT SHE GUARANTEES WILL NEVER FAIL. SHE'S CALLED "THE FOE OF FAT." SHE'S WAITING IN THE LIBRARY NOW.
?
"TH' FOE O' FAT"? GREAT GUNS! SHE'S HER OWN WORST ENEMY, AIN'T SHE?
Gene Wellington 2-2

NOW WONDERED HOW SHE STAYED ALIVE

ST. JOHN WOMAN COULD HARDLY EAT FOR LONG TIME BEFORE TAKING TANLAC—"IT'S WONDERFUL," SHE SAYS.

"No words can express how terribly I suffered for three years of rheumatism and stomach trouble, but thanks to Tanlac I am well and happy," said Mrs .Frank Farrar, of 89 Portland street, St. John ,N.B., recently. Mrs. Farrar stated that she felt ten years younger.

"My stomach was in such bad condition that everything I ate seemed to sour and bloat me up with gas until I could hardly get my breath. Sometimes at night I simply had to walk the floor to breathe at all. Nearly all the time I felt like I had swallowed a lump of lead, and at times for several months I couldn't bear the smell of anything cooking. I could eat so little it is a wonder to me how I kept alive. I also had the rheumatism in my whole body and especially in my legs and feet, which would sometimes swell so I could not get on my shoes. Sometimes the pain was so dreadful I could hardly bear it. I tried lots of different medicines and treatments but nothing seemed to do me any good and I had about given up hope of every being my old self again when one day a friend called to see how I was getting along. Seeing that my condition was getting worse instead of better she advised me to try Tanlac.

"I sent my little daughter to the store and got a bottle, but I could not see that it did me much good. I guess it was because my condition was so bad. I got another bottle and before it was gone I noticed a big improvement. I have taken six bottles now and my stomach is in perfect condition. I eat three hearty meals a day and never have the slighest trouble from indegstion The rheumatism has disappeared and as I said before I feel ten years younger than I did two months ago. Tanlac certainly is a wonderful medicine and I intend to recommend it every time I can."

Tanlac is sold in Peterborough by W. B. Warne Drug Co., Limited; in Havelock by A. C. Denike; in Lakefield by Tanner Drug Co., Ltd.; in Fowlers Corners by W. A. Hunter; in Gelert by A. J. Scott; in Westwood by G. Pringle & Son.

AIRMEN FORM A UNION.

French Aviators Fix Minimum Pay for Flying.

PARIS, Feb. 2. — Aviators have formed a union here, decided on minimum salaries, and adopted a standard form of contract for members.

Second-Lieutenant Antoine Marchal, who flew across Germany dropping proclamations on Berlin en route, has been elected president.

The union will open an employment agency for the benefit of an accident fund, and will make a study of insurance for its members.

THE DREAD PYORRHEA BEGINS WITH BLEEDING GUMS

Pyorrhea's infecting germs cause many ills. Medical science has proven this.

Diseased conditions, which not long ago doctors were unable to trace to a cause, are now known often to be the result of Pyorrhea germs that breed in pockets about the teeth. Rheumatism, anaemia, nervous disorders and other diseases have been traced in many cases to this Pyorrhea infection.

Don't let Pyorrhea work its wicked will on *your* body. Visit your dentist frequently for tooth and gum inspection.

And watch your gums yourself. Pyorrhea, which afflicts four out of five people over forty, begins with tender and bleeding gums; then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of poisons generated at their base.

Forhan's For the Gums will prevent Pyorrhea—or check its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy—the teeth white and clean. Start using it today. If gum-shrinkage has set in, use Forhan's according to directions and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send to us direct and we will mail tube postpaid.

LATE NEWS DESPATCHES

(Canadian Press.)

LONDON, Feb. 2.—Bolshevik delegates at Dorpat declare that Poland has abandoned her military preparations against Russia, according to a Reval despatch. They say the course was taken because Livonia has withdrawn her promise to place her army and Reval harbor at Poland's disposal.

MEET MONDAY.

(Canadian Press.)

TORONTO, Feb. 2.—Labor members of the Legislature will meet at the Provincial Parliament Buildings next Monday to discuss legislation for the coming session. Sergeant-Major MacNamara, soldier Labor member for Riverdale, has been invited to attend the conference. Until after the meeting no intimation can be secured as to what Labor legislation will be brought into the House by the government next session.

BOLSHEVIK RISING.

(Canadian Press.)

LONDON, Feb. 2.—Bolshevik rising is reported to have occurred at Tiflus Kutais, in Trans-Caucasia. Both cities are said to be in the hands of the Reds.

EXCHANGE MARKET.

(Canadian Press.)

NEW YORK, Feb. 2. — Another low record established this morning for pound sterling when it opened at $3.48. The value of Canadian dollar in the New York market remains low, the discount rate being quoted at 12 1-8 per cent.

LIST APPROVED.

(Canadian Press.)

PARIS, Feb. 2.— List of German subjects, whose extradition is demanded by the Allies, was finally approved by Council of Ambassadors to-day. The Council also approved terms of the note to accompany the list. The list and note will probably be handed to Baron Von Lersner as soon as a covering letter has been framed.

MORE EXPORT TRADE.

(Canadian Press.)

OTTAWA, Feb. 2.— Government officials point out to-day that the decline in Canadian exchange corresponds with the decline in sterling exchange. More export trade on a cash basis is regarded as the only way out of the difficulty.

In regard to trade, Canada and Great Britain have been following much the same lines. The export trade built up since munition ceased has been selling on credit and buying for cash, it was stated to-day. "Until there is a return to something like normal trade conditions, we cannot expect much permanent improvement in exchange rates," one official said.

A NEW HIGH.

(Canadian Press.)

MONTREAL, Feb. 2.—New York funds advanced 12 1-2 per cent. premium this morning, which is a new high record.

TOWNS TURNED OVER.

(Canadian Press.)

LONDON, Feb. 2.—Towns of Kenitza and Behrent included in West Prussian territory alloted to Poland by peace treaty, were turned over to the Poles on Friday, according to a wireless message from Berlin.

PRESENT HOSPITAL.

(Canadian Press.)

AMERONGEN, Feb. 2.— Former German Emperor expects to present to Amerongen a hospital in remembrance of his stay here. Preliminary construction of the hospital is under way on the ground donated by Count Von Bentinck. It was the former Emperor's interest in a survey for this structure that occasioned rumors that a house was being built at Amerongen for one of his sons.

PEACE CONCLUDED.

(Canadian Press.)

LONDON, Feb. 2.—Peace was definitely concluded this morning between Esthonia and Russian Soviet Government, it is announced in a wireless despatch from Moscow received this afternoon.

EARTHQUAKE SHOCKS.

(Canadian Press.)

WASHINGTON, Feb. 2.—Very severe earthquake lasting more than two hours, and centred between thirty-three and thirty-eight hundred miles from Washington was recorded early to-day. The shocks began at 6.42 a.m., reached maximum about eight and ceased at nine o'clock.

CUSTOMS RECEIPTS LOWER.

Customs receipts for the past month aggregated $88,086.85, considerably less than the same month last year.

Grip, Influenza

Hamlin's Wizard Oil a Reliable, Antiseptic Preventive

During influenza epidemics spray the nose and throat several times a day with one part Wizard Oil and two parts water, using an atomizer. If you haven't an atomizer, gargle the throat and snuff the mixture up the nose. This treatment sets up an antiseptic wall of defense against "Flu" germs.

Chest colds and sore throat lead to grip. Stop them at once with Wizard Oil before they can develop into dangerous influenza.

Get it from druggists for 30c. If not satisfied, return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30c at druggists. Guaranteed.

WATER SCARCE IN THE COUNTY

FARMERS HAVE TO GET THEIR WATER SUPPLY FROM THE RIVER.

As a result of the long dry fall, a general complaint is heard throughout the country of wells drying up and this complaint is also heard in the outlying parts of the city.

In the country this is a very serious condition, for a great deal of water is necessary for the stock and this necesitates carrying the water in barrels from the nearest supply which is sometimes several miles distant. Those living near the river and near Rice Lake have been forced to cut a hole in the ice and carry the water to their homes.

The only alternative to carrying water from the river is to melt snow and this is a very long and tedious operation, when several barrels are needed, and the soft water is not relished.

Residents in the north end of the city whose wells are dry have had to carry their water from the open river and as all the water to be used for drinking purposes has to be boiled it becomes a great inconvenience to the busy housewife.

BLISS NATIVE HERB TABLETS

Your STOMACH is in such a condition that most of the food you eat, especially that which you like the most, causes HEARTBURN, BLOATING, and the food to rise in the mouth. This has been caused by CONSTIPATION. BLISS NATIVE HERBS TABLETS not only cure CONSTIPATION, but they cure INDIGESTION, making the Stomach function properly. Eating becomes a pleasure and you eat whatever you wish. Eskie Adkins, East Lynn, W. Va., writes: "For three years my stomach was in dreadful shape, and I could not retain food. But your BLISS NATIVE HERBS TABLETS soon corrected this trouble." Each box contains a GUARANTEE coupon, and is sealed with a blue seal bearing signature of ALONZO O. BLISS. For sale by all leading druggists in boxes containing 200 doses for $1.00 and a smaller size for $.50. Made by A. O. BLISS CO., WASHINGTON, D. C.

LAKEFIELD NEWS

LAKEFIELD, Feb. 2.—Messrs. N. A. and Oscar Nicholls of Peterboro. were in the village on Friday.

Miss Jean Thomson left on Saturday afternoon for Peterboro to commence her duties in the Y.W.C.A.

Miss Olga Kenyon was the week end guest of Miss Edna Braden.

Mr. Albert Doidge of Toronto, spent the week end with his parents, Mr. and Mrs. Wm. Doidge.

Mrs. Charles Graham of Peterboro was a week end visitor to friends in the village.

Mr. Thomas Ceque and Mr. John Weldon of Gore's Landing, were week end guests of Mr. and Mrs. F. Weldon.

Mr. Cephas Lemay of Toronto, is spending a few days in the village.

Mr. T .A. Simpson is in Kingston, this week on business.

Owing to the death of the operator's wife the Queen street theatre was closed last Saturday night.

Mr. F. Rogers is in Kingston this week.

The Inter Church Banquet Committee met on Friday evening last, at St. John's Rectory, to close up the business of the banquet, Rev. P. L. Jull was in the chair.

Rev. W. Archbold D.D., was appointed permanent Secretary-Treasurer to inaugurate the proposed banquet to be arranged for at this time next year.

The financial statement of the Committee showing a balance of $40.10 was handed the Royal Bank for the Armenian Fund.

MORE BIRTHS AND MARRIAGES, 34 DIED

The birth and marriage rates for the city for the past month increased over the same month last year, while the death rate remains pretty much the same.

Months Statistics.

	1920.	1919.
Births	51	43
Marriages	24	11
Deaths	34	33

During January, 1920, four building permits were issued from the City Hall, aggregating $4,900, while in January of last year the same number was issued, aggregating $190.

HIGHER PRICES FOR WHEAT

WINNIPEG, Feb. 2. — Effective from midnight on Saturday last and until further notice, the Canadian Wheat Board has ordered changes in the price of wheat and flour. The price of British Columbia , Ontario and Quebec wheat to mills in Canada is now raised by 25 cents per bushel, and the board also increases the maximum wholesale price of Government standard Winter wheat flour from $10.10 per barrel to $11.25 per barrel, basis f.o.b. cars, Montreal.

ALLIES MAKE DENIAL

Wouldn't Recognize the Hapsburg Dynasty if Restored.

(Canadian Press.)

PARIS, Feb. 2.—Formal denial of rumors that Allies would promote or recognize the restoration of the Hapsburg Dynasty in Hungary was issued by Council of Ambassadors this afternoon. Statement said that such restoration would be in direct variance with principals of Peace

BANQUET COMMITTEE DESERVES CREDIT

Friday evening's banquet to Mr. T. F. Matthews was of so pleasing a nature and so successfully carried out in all its details that the committee in charge of the affair is to be congratulated upon the smoothness with which the arrangements were completed. Mr. W. G. Morrow the chairman of the committee with him in the preparations for the event can have the satisfaction of feeling that no more successful occasion of its kind has been held here. This was the verdict of all those who attended.

OBITUARY

MICHAEL LEO O'KEEFE.

Michael Leo O'Keefe of Norwood, died last night, at St. Joseph's Hospital after a lingering illness. He was brought to the hospital some time ago for special treatment but in spite of all that medical science could do, he passed away.

The remains were taken on the noon train to-day to Norwood for inment.

DENELDA ROBINSON.

Denelda Robinson, aged 22. only child of Mr. and Mrs. Nelson Robinson, 508 Bolivar Street, died on Saturday afternoon after a long illness.

The deceased had only lived in this city for seventeen months, her parents having moved here from Pembroke, yet in her short residence in Peterborough her kind disposition, happy smile, and eager readiness to help in any good cause had won her a wide circle of friends, to whom her death will come as a shock.

She was very fond of music, and was a valued member of Trinity choir, and she was always ready to help in any church work. She belonged to the Rebecca Lodge, and the funeral will be under the auspices of the Lodge.

The funeral will be held to-morrow afternoon at two o'clock from the family residence, 508 Bolivar Street, to the Little Lake Cemetery—Rev. F. E. Malott officiating.

MRS. ROY ROBINSON.

Edna Payne, wife of J. Roy Robinson, Lakefield, died suddenly at her home on Saturday afternoon. She had been in her usual good health in the morning and had attended to her household duties until after dinner, when she complained of feeling ill, and lay down, passing away a few moments later. Death was said to have been due to a clot of blood on the heart.

Deceased, who was 23 years and 5 months old, was a daughter of Mr. George Payne, of Lakefield. She leaves of the immediate family her husband, an infant son, her parents, two sisters, Mrs. George Taylor, of Warsaw, and Miss Myrtle, of the Public School staff, and one brother Warren. She was a general favourite throughout the village, and an ardent worker in the Methodist Church. The funeral took place this afternoon from the residence of her father to the Lakefield Cemetery.

MARY MADELINE MASTERSON.

The death occurred yesterday of Mary Madeline Masterson, the daughter of Mr. and Mrs. C. Masterson, 210 Lake street, after a short illness from diphtheria.

The little girl, who was only 11 years old, was born in Peterboro, and had lived here all her life. She was a great favorite among her little playmates and her parents will have the sympathy of a wide circle of friends. She leaves to mourn her loss, beside her parents, three brothers, Vincent, Leo and Herbert, and two sisters, Lorraine and Agnes.

The funeral took place this afternoon at 2 o'clock to St. Peter's cemetery.

JOSEPH LALOND

Joseph Lalond, aged 27, the well-known lineman for the G.N.W. Telegraph Company, died at his home, 9 Park street on Saturday after one week's illness from pneumonia.

The young man had only lived in this city for about a year but during his residence here had made a large number of friends, who will deeply regret to hear of his early death.

The deceased leaves a wife and four little children.

The remains will be sent to Montreal where the deceased formerly lived, for interment.

SISTER MONICA.

Sister Monica, of Loretta Abbey, Toronto, a sister of the Mother Superior of Mount St. Joseph's Convent, died yesterday.

The remains were sent to Toronto this morning for interment.

MRS. J. B. RAY.

The death occurred this morning of Elizabeth Eve Ray, beloved wife of J. B. Ray, 554 Roger street, after an illness of one week.

The deceased was born in Ely, Cambridgeshire, England, in 1877, and came to Canada about ten years ago, and has lived in this city since then. During her residence here she has made a host of friends who will deeply regret her death.

She is survived by her husband and one son, Lacey, and one daughter, Dorothy, both at home. Her mother, three sisters and one brother, reside in England.

The funeral will take place Wednesday at 2 o'clock, and will proceed to St. Lukes church for service, and thence to the Little Lake Cemetery.

WEDDING BELLS

WILSON—GRAHAM.

A pretty wedding was solemnized on Wednesday, Jan. 28th, by the Rev. McKenzie, of Knox church.

Miss Hazel Graham, of Peterborough, was united in marriage to Mr. Robert A. Wilson. Miss Mina Unger was bridesmaid and Mr. Cornelius Millen supported the groom.

After the wedding a dainty repast was served at the home of the bride's sister, Mrs. Tindell, 266 Simcoe street.

The young couple received a number of pretty and useful presents from their numerous friends.

Mr. and Mrs. Wilson will reside at 403 London street, this city.

MALONEY—RYAN TOWNS—RYAN

On Tuesday, January 20, 1920 St. Paul's Church, Norwood, was the scene of a very pretty double wedding when Miss Rose F. Ryan, daughter of Mr. and Mrs. Michael Ryan, Norwood, became the bride of Mr. Jermiah Maloney, Douro and Miss Margaret Ryan became the bride of Mr. John Towns.

The brides wore Reindeer brown broadcloth suits with hats to match. After the ceremony which was performed by Rev. Father McCarthy, the happy couples drove to the brides home where a dainty wedding breakfast was partaken of. In the afternoon they left for Toronto and Kitchener to spend a short honeymoon and on their return will reside in Douro.

BROWN—YOUNG

A quiet wedding was celebrated at the Lakefield Presbyterian Manse on Wednesday afternon when Miss Laura Jean Young, daughter of Mr. James Young, was united in marriage to Mr. Aaron Brown of Peterboro. The ceremony was performed by the Rev. P. L. Jull, B. A. The bride was assisted by her sister, Miss Charlotte Young, while Mr. Andrew Young acted as groomsman. The happy couple will reside in Peterboro and have the best wishes of a large number of friends.

BELLEVILLE MAN FOUND DEAD IN A BOX CAR

BELLEVILLE, Feb. 2.—Mr. William H. Ketcheson, a well-known resident of this city was found dead in a box car at Grafton on the line of the G.T.R. Deceased had a car of potatoes at Grafton, and on Friday night remained in the car all night to keep on fire, owing to the severe weather. Fumes from the stove caused death.

INFLUENZA CLAIMS MANY DEATHS

THE DISEASE IS ON THE WANE IN NEW YORK AND CHICAGO.

(Canadian Press.)

NEW YORK, Feb. 2.—Influenza and pneumonia cases in many cities of the United States continued to wane to-day.

New York reported over one thousand reduction in the influenza cases and over one hundred pneumonia cases.

Only 453 cases of influenza were reported in Chicago, but the death-rate continues high, with ninety-one reported since yesterday.

Pneumonia claimed an additional 67 deaths, while 241 new cases were recorded.

Reports from the State of Maine show a great decrease in the number of cases recorded.

TORONTO, Feb. 2.—Dr. C. J. Hastings stated to-day that although the influenza is spreading rapidly in this city, it is not anything like the virulent type of last year, and mortality so far is comparatively low.

Dr. Hastings is preparing auxiliary hospital accommodation, and has decided not to publish the daily number of cases reported, but will publish the deaths as compared with 1918.

GEORGE STREET CHOIR ENTERTAINED.

The spacious residence of Mrs. Jas. Kendry, 754 Water Street, presented an animated appearance last Thursday evening. Some sixty members and friends of the choir of George Street Methodist Church were the guests of Mrs. Kendry, and enjoyed to the full her kindly hospitality.

The evening was devoted to an informal programme of music rendered by members of the choir, contests, and readings. The latter, which were given by Miss Urquhart, teacher of elocution at the Peterborough Conservatory of Music, were most enjoyable. Dainty refreshments were served by T. H. Hooper & Son. Mrs. Kendry proved a charming hostess, and the evening passed all too quickly.

Before the gathering dispersed, as an expression of the deep appreciation of the choir for her kindness, a hearty vote of thanks was tendered Mrs. Kendry.

Inflammatory Rheumatism Cured by B.B.B.

Rheumatism is a constitutional disease, caused by the uric acid in the blood. It manifests itself by pain and lameness attacking the muscles and joints of the body, which often swell and become hot and inflamed.

Anyone who has suffered months after months, and perhaps year after year, with rheumatism, and who has tried remedy after remedy in the hope of relief, and without success, should not give up hope.

Burdock Blood Bitters, by invigorating the digestive organs and eliminating the uric acid from the system, will give prompt and permanent relief

Mrs. D. Barry, Purlbrook, Ont., writes:—"I feel it my duty to let you know of the great benefit my husband derived from using your Burdock Blood Bitters. He had been suffering for the past two years with inflammatory rheumatism. He tried many medicines but got no better. A friend advised him to take B. B. B. He did so, and after taking five bottles he felt like a new man, and was able to go to work the same as ever."

Burdock Blood Bitters has been on the market for over 40 years. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

LIKE A SATURDAY BATH

Lots of Folks Wait Until the Liver and Bowels Stop Acting—Take "Cascarets" Tonight

Don't stay bilious or constipated. But don't think of the nasty cathartics, sickening oil, upsetting salts and griping pills of the old days! They're back numbers—like candles and horse cars. Take Cascarets occasionally—feel splendid always. They are a regular laxative-treat; act without griping and insure gentle cleansing of the liver, stomach and bowels of excess bile, waste and poisons which are removed without inconvenience to you. Cascarets work while you sleep—and their cost is so little. Switch to Cascarets!

A Little Good Advice FREE

To Those Who Are Run Down Through Overwork, Worry or Sickness

A similar epidemic to the one of 1918 is sweeping over the country. The time to build up your system is now and not when you are in bed sick.

THE TORTURES OF RHEUMATISM

Happily Stopped When He Began To Take "Fruit-a-tives"

3 Ottawa St., Hull, P. Q.

"For a year, I suffered with *Rheumatism*, being forced to stay in bed for five months. I tried all kinds of medicine without relief and thought I would never be able to walk again.

One day while lying in bed, *I read about "Fruit-a-tives"* the great fruit medicine; and it seemed just what I needed, so I decided to try it.

The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me."

ST. ANDREW'S CHOIR WERE ENTERTAINED

At the conclusion of practice on Thursday evening last, the choir of St. Andrew's church were entertained by Rev. and Mrs. Rollins, at the Manse. A most enjoyable time was spent in games, music, etc., and dainty refreshments were served. Mr. F. E. Kerr, on behalf of the choir, voiced appreciation of the kindness of Rev. and Mrs. Rollins, which was warmly responded to by the choir.

VOL. XLVI NO. 28 PETERBOROUGH TUESDAY, FEBRUARY 3, 1920 PRICE TWO CENTS

THE LEAGUE OF NATIONS

EACH OF THE DOMINIONS ENTITLED TO VOTE---A SOUND PRINCIPLE.

GREY'S LETTER

(Special to The Examiner.)

OTTAWA, Feb. 15.—Official Ottawa is slow in forming an opinion regarding Lord Grey's letter to the London Times with respect to the attitude of the United States in the League of Nations. Official Ottawa is further reticent about expressing that opinion for publication once formed. The fact that initial information regarding the letter in Canada was contained in a despatch which but inadequately represented the views of Lord Grey and the further fact that a discussion by Canadian Ministers of the merits of his arguments might lead to a three-cornered controversy is probably responsible for this attitude. A first reading of the meagre despatch received here gave the impression that Lord Grey was inclined to agree with the contention of the United States' Senate to the effect that the British Empire was entitled to but one vote in the League and that the Dominions should not have the individual right to vote. The opinion of the Government in this regard is clear and has often been expressed. It is that each Dominion has a right to vote and it is in repudiation of the counter claim of the United States to six votes on the same basis.

'There is no principle in the world," said one Canadian authority on the subject, "which would entitle the United States to more than one vote ,or deprive Canada of a voice. Panama and Honduras have a vote in the League. Can anybody contend that Canada should not?"

The general impression created by the letter here appears to be that on the one hand Lord Grey desires to impress upon the British people the desirability of having the United States enter the League as a willing partner with full obligations or not at all, and on the other hand he wishes to impress upon the people of the United States that in actual practice no dispute will arise in which the six votes of the Empire will be in conflict with the votes of the United tSates.

"It would appear to me," a prominent authority declared, "that Lord Grey is extremely optimistic in regard to about a satisfactory compromise. That being so it would be unwise to undertake any controversy on the matter." There is no considerable body of opinion in Ottawa to the effect that it probably not favorable to the satisfac- League of Nations in the Treaty of Peace. "The atmosphere at the conference," declared one man, "was probable not favorable to the satisfactory carrying out of such a proposal. It might have been better had the proposal to form a League been adopted and had the first matter on the agenda of the first meeting of the League been the framing of a constitution."

NO PROVOCATION

(United Press.)

LONDON, Feb. 3.—Japan will not fight the Russian Bolsheviki in Siberia unless there is "provocation," Commissioner Kato, the Japanese representative at Irkutsk, declared, in an interview at Tien Tsin, according to a despatch here to-day. Japanese troops in Siberia are necessary to protect the railways, Kato said. He was en route from Irkutsk to Tokio.

PREPARING TO FORCE ISSUE

ALLIES MAY BLOCKADE DUTCH PORTS.

(Canadian Press.)

PARIS, Feb. 3.—Entente rejoinder to refusal of Holland to accede to Allied demand for extradition of former Emperor William is imminent, according to the "Petit Parisien." The newspaper says that while the note will be generally conciliatory it will consider in the case of a new refusal by Holland, measures going as far as the breaking of diplomatic relations or naval blockade of Dutch ports.

DR. HELEN M'MURCHY HERE TO-MORROW AFTERNOON

WILL ADDRESS A MEETING OF WOMEN'S CANADIAN CLUB AT PUBLIC LIBRARY AT 3.30 O'CLOCK --AN INVITATION TO ATTEND.

The Women's Canadian Club is to be congratulated on securing for to-morrow afternoon, February 4th, the services of such an able and indefatigable worker as Dr. Helen McMurchy, of Toronto, to address them.

Dr. McMurchy needs no introduction to a Canadian audience. Her work has proved to be of the highest value to the Province and to the Dominion as the result of the whole-souled interest and study she has devoted to it.

The meeting on Wednesday afternoon at the Public Library Assembly Hall will open at 3.30 o'clock instead of 4 o'clock as Dr. McMurchy must leave the city on the 5.40 G.T.R. train for Toronto.

Miss Helen McLaren will be the solist for the afternoon. An opportunity will be given to any woman who is desirous of joining the Club to do so before the meeting.

TELEGRAPH NEWS

ANOTHER BREAK

(Canadian Press.)

NEW YORK, Feb. 3.— Another sharp break in British Exchange occurred here to-day when demand bills declined to $3.36 1-4.

THINKS HOLLAND WOULD CONSENT TO RELEASE OF CRIMINAL PRISONERS

Canadian ress.

AMSTERDAM, Feb. 3. — According to "Handelsblad," it is quite probable that Holland would consent to the extradition of the German war criminals who are within her borders if extradition were asked on the grounds that they actually are vicious or criminal. In the event that the request were based on some act of the ordinary course of the war or reprisal ordered by superiors, the case would be different, the newspaper asserts. Unless the allied list includes former Crown Prince William, the newspaper says it has been unable thus far to ascertain which if any of the desired persons are now in Holland. The Handelesblad says further that if the extradition of former Emperor William had been demanded on actual criminal grounds instead of political grounds, Holland's reply might have been different.

Peace Essential to Trade Resumption With Soviet Russia

BOLSHEVIK REPRESENTATIVE IS NEGOTIATING FOR THE EXCHANGE OF PRISONERS---FOREIGN TRADE IMPOSSIBLE.

(Canadian Press.)

LONDON, Feb. 3.—Peace between Soviet Russia and the Allied Powers is the first essential to resumption of trade relations, Maxim Litvinoff, Bolshevik representative, has told James O'Grady, British delegate, with whom he is negotiating for exchange of prisoners, according to a Reuter despatch from Copenhagen. Foreign trade is virtually impossible for Russia at the present time, Litvinoff is said to have declared, as Russia is compelled to make war, and it is necessary to keep the railroad clear for moving troops and military supplies.

VILLAGE CLERK FOR 23 YEARS, HAS RESIGNED

BOBCAYGEON, Feb. 3. — At a special meeting of the village council, Messrs. Chas. Bigley and Joseph Kelso took their seats, making the full board. Mr. W. D. Grant was appointed assessor at $65.00, L. J. Garlick reappointed constable at $60 per month, and Wm. F. C. Jackson a member of the Board of Health, and by-laws confirming these appointments passed. At the same meeting Mr. Chas. E. Stewart, village clerk since February, 1897, and treasurer since 1908, tendered his resignation. Mr. Stewart has been a model officer, a man of considerable ability and took both a pride and pleasure in his work. His position will be hard to fill. Mr. Stewart stated in handing in his resignation that he had been in business for over forty years. He had many requests from friends to take a little pleasure before it was too late and this being his only tie desired to relinquish the post.

COUNCIL HAS POWER TO BORROW $33,000

A by-law authorizing the Council to borrow $33,000 for the purpose of purchasing Riverside Park properties was passed at last night's meeting.

Soem of the members stated that there was no need of hurrying this action, but City Clerk Armstrong informed the Council that the by-law carried by the people on New Year's Day had to be implemented within not less than two and not later than six weeks after the vote. Last night's by-law empowers the Council to borrow the money, but does not require the issue of debentures until they are needed. In short the Council is not commited in any way by this formality.

LIST OF GERMANS

(Canadian Press.)

LONDON, Feb. 3.—List of Germans accused by Allies of war crimes whose extradition is to be demanded is headed by former Crown Prince Frederick William and several other sons of former German Emperor. The list will be handed to Baron Kurt Von Lersner German representative here this afternoon.

CURLING

WON IN BOBCAYGEON.

Playing for the Fitzgerald-Bottum trophy, four local rinks defeated Bobcaygeon last night in the first half of the home and home games, by the score of 54 to 32. Three rinks remained for the bonspiel that began this morning. Last night's scores were as follows:

Peterborough.		Bobcaygeon	
Sturgeon	11	Nicholls	7
A. Moore	16	A. Bottum	8
W. J. Oke	15	Moore	6
J. Brightman	12	Bottum	11
	54		32

MARRIED

MILLER — DEWART. — At the George street Methodist parsonage, on Feb. 3rd, 1920, by Rev. Amos J. Thomas, Stephen Miller, of the Township of Douro, to Clara May Dewart, daughter of Mrs. John Dewart of the same township

REASONS FOR HIGH PRICES

(Canadian Press.)

TORONTO, Feb. 3.—At a meeting of the Ontario Swine Breeders' Association to-day, President William Jones, of Mount Elgin, commented on the good conditions which have prevailed early in the year, but stated that later conditions had reacted uncomfortably.

The Board of Commerce, he said could not be criticised too severely, as it was not to be blamed for the slump. He believed that the actions of the Board had been taken for the general good of the country.

H. S. Artell, Live Stock Commissioner, said that food prices were high on account of the abnormal exchange and the European demand for grain.

The prices of Canadian hogs could not reach a low level until Denmark, Holland, and Britain increased their production.

THE APPLICATION WILL BE HEARD

(Canadian Press.)

OTTAWA, Feb. 3.—After a private deliberation, which lasted about fifteen minutes, the Supreme Court this morning decided to hear the application of the Board of Commerce for a determination of its powers and jurisdiction, immediately at the close of the Quebec list of cases, as the Western and Maritime Province cases are heard before the Quebec list.

It is considered likely by counsel that at least three weeks will elapse before the Board of Commerce case comes up.

TO TUNNEL MONT BLANC.

Engineers Study Line to Join France and Italy.

CHAMONIX, Switzerland.—French and Italian engineers have arrived here to make studies on the ground for a tunnel under Mont Blanc, directly joining France and Italy.

This project, which has been under examination for many years, now appears near attainment, as both Governments have voted preliminary credits to commence work.

France has appropriated 45,000,000 francs and Italy 46,000,000.

BARTENDERS AND ALIENS LEAVING UNITED STATES.

CHICAGO, Feb. 2.—Departing at the rate of twelve a day, former Chicago saloonkeepers and bartenders are going to Cuba, according to Joseph Popper, Internal Revenue Deputy Collector.

Mr. Popper also divulged that aliens are leaving Chicago for their native countries at the rate of 300 a day.

At least 150 a day are going to Poland. Czecho-Slovakia, Jugo-Slavia and Holland, and Scandinavian countries follow with smaller numbers.

GERMAN LIKES CANADIAN BISCUITS, SO ORDERS THEM.

BRANTFORD, Feb. 2.—The German, who in peace was a business man, must have got hold of some Canadian biscuits in the captured canteens after the Fifth Army retreat, and thought them good. The Patterson firm in this city has received a surprise order from Germany for biscuits. No effort has been made by the firm to establish business with Germany, but during the war it shipped large quantities of biscuits to the Allies.

COUNCIL RESCINDS RESOLUTION FOR AN ELECTIVE POLICE COMMISSION

EUROPE'S FINANCIAL BURDENS NOT CAUSING APPREHENSION

UNITED PRESS

LONDON, Feb. 3rd. — By Webb Miller, Staff correspondent. —America's refusal to take up Europe's financial burdens is not causing apprehension in British governmental circles despite the vehement outbursts in a section of the press, it was learned authoritatively to-day. British officials while regretting America's delay in the ratification of the peace treaty, were confident that the United States will eventually become a party to the Versailles pact and the League of Nations. The present delay, they pointed out, is much the same as that existing before the United States entered the war.

The plight of Europe, especially her smaller nations, officials said, could well be compared to the days preceding America's war declaration only now instead of German militarism, it is financial ruin that threatens.

The position of Great Britain, officials said frankly, was far better than it was in the pre-American war days. The Jingoism in a section of the press, they said, was not representative of the government.

GIRLS' AUXILIARY HELD A SHOWER

MISS ANNIE TINWORTH WAS RECIPIENT OF MANY GIFTS.

In honor of her approaching marriage, which takes place this month, thirty-one members of the Girls' Auxiliary of St. John's church last evening assembled at the home of Mr. and Mrs. W. E. Conway, 396 Downie street, to present Miss Annie Tinworth, 414 McDonnel street, with a miscellaneous shower. After a short time spent in music the presentation was made in a novel manner by means of a mock marriage, Miss Dorothy Fenwick acting as the bride, Miss Ollie Conway as the groom and Miss Horsefield as the parson carried in a gaily decorated basket containing the gifts, and at the conclusion of the mock ceremony the basket was opened and the pretty gifts presented.

Miss Tinworth, in a few words, thanked the members of the Auxiliary, of which she is leaflet secretary, and Mrs. Conway for their thoughtfulness and kindness, and assured all of her continued interest in the work of the organization. Dainty refreshments concluded the extremely pleasant evening.

LATEST NEWS DESPATCHES

(Canadian Press.)

TORONTO, Feb. 3. — Sir Sam Hughes, former Minister of Militia, is seriously ill here. He had to be removed yesterday from his rooms at the King Edward hotel to Wellesley Hospital, where his condition is said to be very serious. The nature of his illness has not been disclosed.

BORDEN IN ENGLAND.

(Canadian Press.)

LONDON, Feb. 3. — Sir Robert Borden landed at Portsmouth to-day with Lord Jellicoe from the battle cruiser New Zealand and proceeded to London. It was announced that his visit would be strictly private.

WANTS NEW LEASE.

(Canadian Press.)

LONDON, Feb. 3.— Bonar Law, Government leader of the House of Commons has written to the Unionist candidate in Paisley, where ex-Premier Asquith is running on the Liberal ticket, commending him to every elector who believes it in the national interest, that the present government should continue.

NEW MOONS POSTURE DISPROVES OF SOME WEATHER THEORIES

Things seem to be twisted around. Have you noticed the new moon? It sits squarely on its base. Weather sharks say that kind is a dry moon and it means a dry spell of weather during the month following.

The present new moon came into being last week. Since then more snow has fallen than perhaps all the previous time of the winter.

Snow and rain are the same thing and can both be described as falling moisture, so apparently that old saying about the dry moon is all poppycock—in other words, the belief has been knocked into a cocked hat.

Of course some of the weather sharks will continue to argue. You know some of them will painstakingly inform you that when the moon rests on its base it is actually a wet moon—it is full of water. If it tipped it wouldn't hold water, because a bowl situated that way would not. Undoubtedly the dry moon is one so tipped that the water has run out of it, they cry triumphantly and not without a bit of logic too.

The occasion is always around somewhere when it is required.

An extravagant man is always preaching economy to his wife.

WILL MEET IN THREE WEEKS

PARLIAMENT HAS A PRECARIOUS FUTURE.

(Canadian Press.)

OTTAWA, Feb. 3.— Three weeks from Thursday Parliament opens for what may prove to be the last session for the present government. The air is agog with rumors and prophesies. There is considerable discussion of sessional programme, but the talk is rather of sessional possibilities than of programmes, and whether or not the session will end in a general election. In government circles the situation is admited to present its pitfalls. None the less there is confident expectation expressed that the government will weather the storm and remain in power at any rate until after redistribution, which will follow the census of next year Apparently the outcome of the session will depend largely on the strength of Hon T A. Crerar, former Minister of Agriculture. Rapid growth of the farmers' movement in the west and in Ontario, indications that it is spreading into the Maritime provinces and even to a certain extent in Quebec, give to Mr. Crerar an unquestioned position of power.

Last year an opposing tariff amendment was defeated by 51 votes, but it had the support of fourteen Liberal Unionists. Tariff amendment by Mr. Crerar, supported along the lines of the farmers' platform, might very conceivably attract a measure larger measure of support from rural members and the government be defeated. On the other hand, it is questioned if Mr. Crerar could secure a measure of support from Unionist members, necessary to defeat the government. Parliament has, technically, three years to run. It is improbable that general elections would return more than a comparatively small proportion of the present rank and file of the House of Commons.

LIVE STOCK RECEIPTS

(Canadian Press.)

TORONTO, Feb. 3. — Cattle receipts light, trade quiet. Quotations: Heavy beef steers, $14 to $15. Butcher steers, choice, $12.25 to $13.50. Butcher cows, medium, $8 to $9.50. Calves, $19 to $22. Ewes, $8 to $12. Lambs, $17 to $19.50. Hogs, fed and watered, $19.25 to $19.50.

DISAPPROVES OF SCHEMES.

Premier of Alberta Opposed to Govt. Housing Loans in Canada.

EDMONTON.—In regard to their request that the Government take advantage of the housing loan offered by the Dominion Government for the building of homes for workers, the Premier told the Alberta Federation of Labour that he was opposed to the scheme entirely. He did not think it at all feasible for a Government directly to lend money to the people, and while such a proposition might be necessary in such crowded cities as are found in the old countries, he could not see that it was at all necessary here.

WANTED FOR WAR CRIMES.

(Canadian Press.)

PARIS, Feb. 3.—Included in the list of Germans who are wanted for war crimes are Dr. Theobald von Bethmann-Hollweg, who was former German Imperial Chancellor, Field-Marshal von Hindenburg, General Erich Ludendorff, former First Quartermaster-General, Field-Marshal von Mackensen, Crown Prince Ruprecht of Bavaria, the Duke of Wurttemberg, and a number of other princes and titled officers.

The total number of names on the list is about eight hundred, and it is divided into eight sections.

The first section is a common list of all the accused. Then follow seven other lists, giving the names, ranks, and accusations of persons whose names were supplied by Great Britain, France, Italy, Belgium, Roumania, Jugo-Slavia, and Poland.

AMERICAN SYSTEM IS FRAUGHT WITH DANGER, ALD. GORDON WARNED; AND PEOPLE ARE SATISFIED WITH BRITISH SYSTEM, ALD. WHITEHOUSE SAID

TO OVERTAKE COPIES OF OTHER

The resolution passed by the Council on December 1st., petitioning the Ontario Government to amend the present legislation so as to make the Police Commission an elective instead of an appointed body, was rescinded last night on Ald. Gordon's motion seconded by Ald. Turner, and the City Clerk was instructed to send copies of this revoking resolution to each person who had received a copy of its forerunner.

Six of the eleven members of the Council voted for the repeal, Aldermen Gordon, Turner, Copping, Jones, Hamilton and Whitehouse.

"This will make us look foolish", Ald. Crowe protested with some heat, but he was reminded that there was a new Council in control.

Introducing his motion, Ald. Gordon said he doubted whether that of last December had been carefully considered. The police Commission was appointed in order that it might be removed from every changing popular wind and placed in a position where it could not be interfered with for any reasons, political or otherwise.

"I think it would be dangerous for the Legislature to pass an Act putting the police force on the same footing as the Council. The Police Force often has to take an unpopular stand, and it should be secured against any infringment of its integrity."

Mr. Gordon spoke of the wisdom of the British methods and added that for some reason it was suggested here that the American system should be adopted. That change would be fraught wit hdanger. Almost at that very time the Boston police troubles were taking place during which that city was unprotected and riot reigned for sixty hours. Because of the laxity of contol thugs from all over America went to Boston. It not infrequently happened that the police had to arrest men for whom there was a wave of popular sympathy. In all such cases the duties and rights of the police should not be infringed. If a vote had been taken at the time of the execution here it would have been against the two men suffering capital punishment.

Ald. Crowe.

"The reason for that vote in December was that the management of the police affairs in the past has not been satisfactory", Ald. Crowe replied. "The people objected to it—"

Ald. Whitehouse—"No, they do not object."

Ald. Crowe—"And because the people have nothing to say on the financial end of it. The Mayor does not get any notice from the two other members. They act in with the police. They are all one in the family."

Ald. Whitehouse.

Ald. Whitehouse stated that the members of the Commission were highly respected and honorable gentlemen who in the performance of their duty had given every satisfaction. "I don't know where Ald. Crowe gets his information but I believe the people are will satisfied with its work."

It was stated in the discussion that the former resolution had been sent broadcast throughout the province and the abrogation of it would make the city look ridiculous. Some cities had approved of it, and others were opposed. The following from Port Arthur was read last night:

"That the correspondence with the City Clerk of Peterboro, respecting an elective Board of Police Commissioners be received and filed, and he be informed that the present system as established by the Municipal Act is working well in Port Arthur, and that this Council cannot see its way clear to recommend a change."

YOUR WINTER'S SUPPLY OF WOOD

The Peterboro Planing Mill Woodyard has the following wood for sale:
12 inch mixed slabs, $4.00 load.
12 inch mixed wood, $4.00 load.
12 inch mixed hardwood, $5.00 load.

GIVE YOUR EYES THE CONSIDERATION DUE [illegible]

Seeing is by far the most important sense of the human body, and still it is the one most frequently neglected. If you do not know what it is troubling your eyes, allow us to make a thorough test of them. W. H. Lacey, Optical Specialist, 410 George street. Open Wednesday and Saturday evenings.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at Tongue! Remove Poisons from Stomach, Liver, and Bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver, and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

Not a Corn or Callus on Feet

Apply few drops, then lift them off without pain.

A noted Cincinnati authority discovered a new ether compound and called it freezone and it now can be had in little bottles for a few cents from any drug store.

You simply apply a few drops of freezone upon a tender corn or painful callus and instantly the soreness disappears, then shortly you will find the corn or callus so loose that you can lift it off with fingers.

No pain, not a bit of soreness, either when applying freezone or afterwards, and it doesn't even irritate the skin.

Hard corns, soft corns or corns between the toes, also toughened calluses, just shrivel up and lift off. It works like a charm. So easy. It is wonderful! Try it!

Women should keep freezone on their dressers and never let a corn ache twice.

There are nineteen active volanoes in the Chilean Andes.

ENDORSES APPEAL TO BUY AT HOME

IF PRICES ARE REASONABLE CANADIANS SHOULD SUPPORT HOME INDUSTRY.

At the suggestion of the Canadian Reconstruction Association the following resolution was passed by the Council last night upon Ald. Hamilton's motion, seconded by Ald. Turner:—

"That this Council endorses the principle that public supplies be purchased in Canada whenever they can be secured from Canadian factories at reasonable prices. And that all municipal officers in making purchases shall be requested to consider the possibilities of securing Canadian products."

To Offset Exchange Rate.

The letter from Sir John Willison stated that during the first seven months of the current fiscal year 79.2 per cent. of all imports into Canada for consumption came from the United States. The premium on exchange imposed an additional cost upon the Canadian people at the rate of $60,000,000 a year. The world exchange situation threatens to curtail orders from overseas especially in manufacturers, and to cover a possible deficiency more support would have to be forthcoming from the home market.

LIVER TROUBLE AND HEARTBURN

All liver diseases of whatever character are diseases of the highest importance and demand close attention.

The liver is the largest and one of the most important organs of the body. Its duty is to prepare and secrete bile, and serve as one of the filters of the body, cleansing it from all impurities and poisons. Therefore when the liver gets out of order it is the starting of trouble in nearly every part of the body.

Keep the liver active by using Milburn's Laxa-Liver Pills and you will have no heartburn, constipation, biliousness, sick or bilious headaches, dull, yellow eyes, brown blotches, sallow complexion, coated tongue, jaundice, catarrh of the stomach, or the painful protruding, internal or bleeding piles.

Mrs. John Kadev, Chipman, N. B., writes: "I have used Milburn's Laxa-Liver Pills for some time and can recommend them to anyone suffering from heartburn nd liver trouble. I tried other remedies but they only relieved me for a short time. I always recommend Laxa-Liver Pills to all sufferers as I think that they are a valuable remedy."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

DANCE WAS A BIG SUCCESS

A FEW OF THOSE PRESENT—GOOD MUSIC.

Notwithstanding the fact that the counter attractions in the city detracted from the usual large number who attend such entereainments, the dance given last evening in St. Alphonsus Lyceum was a splendid success. Excellent music was supplied by Moher's Orchestra while the refreshment committee provided a dainty supper. A few of the many present were Mrs. Thomas Lane, Mrs. White, Miss Eva Lawless, Mr. Vincent and Mr. Walter Killoran, Miss Lillian Kelly, Miss Leone Mc Ginty, Miss Carrie Lajoie, Miss H. Warmington, Mr. Bill MacDonald, Miss Margaret and Mr. Earle Mulhall, Mr. Jack and Mr. Vincent McCabe, Miss Cecil Shevlin, Miss A. O'Brien, Mr. Art Costello, Miss Corinne De Laire, Mr. Charlie Carson, Mr. John Galvin, Miss Kathleen White, Mr. Marcel O'Brien, Mr. Norman Laing, and Mr. Vincent O'Brien.

Voice Of The People

Peterborough, Jan. 31st, 1920.

To the Editor of the Examiner:

Dear Sir,—I would like to say that the gentleman who referred to the "Irishwoman" in the "Temple of Fame" the other evening, must surely have been mistaken in his nationality, as he was certainly devoid of wit.

Your sincerely,
E. M.

It's sometimes difficult to distinguish a barber from a butcher.

The site of Amsterdam was originally a peat bog.

Reindeer were first imported to Alaska 28 years ago.

CHASE & SANBORN, MONTREAL.

FIRE LOSS IN PETERBORO FOR THE PAST YEAR WAS THE LOWEST SINCE 1915

ANNUAL REPORT OF FIRE CHIEF GRANGE—THE INSPECTION OF BUILDINGS—THE RECOMMENDATIONS.

Following is a copy of the annual report of Fire Chief Grange covering the operations of the department for the past year. It was dealt with at last night's meeting of the City Council.

The twelvth annual report of the Peterborough Fire Department contains the following.

During the year the department responded to 191 alarms of fire and in doing so the apparatus travelled 291 miles. The department laid 15,150 feet of standard 2½ inch fire hose, used 1079 gallons of chemical extinguisher fluid and raised 932 feet of ladders.

The total losses as nearly as can be ascertained being $35,977.88, distributed as follows—$11,401.88 on buildings and $24,576.00 on contents. This is the lowest fire loss for Peterborough since 1915. The heaviest individual loss during 1919 was $10,000.00 at the plant of the Canadian General Electric Co. on October 8th.

Shortly after I was appointed to the position of Chief of the department I started a system of monthly inspection of the business section of the city. For this purpose the city is divided into four districts and an officer of the department detailed to look after each district. The officer is directly responsible to the Chief for the condition of the buildings and premises in the district over which he has charge. The duty of the officers conducting inspection work is to see that on each floor of the buildings (from the cellar to the attic) there is no combustible rubbish or congested condition allowed to exist. Any unsafe condition is reported to the chief, who immediately takes the matter up with the owner or occupant of the premises. On inspection trips the officers are accompanied by one or more members of the brigade for the purpose of giving every man the opportunity of thoroughly acquainting himself with location of all openings, stairways, etc., in each building and the method and material used in their construction. A record of all such information is filed in the office of the Chief.

Owners dilatory.

During 1918 the Chief advised that 37 buildings be equipped with fire escapes of the type approved of by the Government regulations. Several owners have complied with the recommendation, while others have been extremely dilatory respecting the matter.

I would advise that some legislation be enacted prohibiting the operation of large dry cleaning establishments in the congested portion of the city. Their presence prove a great menace to the safety of lives and property, especially to the lives of the firemen who would be compelled to fight fire in the vicinity of a building that contains gasoline to the extent of seventy-five gallons. Gasoline fumes travel for a great distance and are very penetrating. The presence in the vicinity (even in a nearby building) of any exposed fire or of one smoking might be sufficient to ignite the fumes. The fire would then travel back to the source of supply and an explosion result. The placing of the gasoline in tankes under the earth does not relieve the situation. The gasoline is being used on the surface.

All of the apparatus has been kept in a good state of repair. During the year we added one 45 ft. ladder, one 25 ft. and one 20 ft. to our ladder equipment, to replace others which had become unserviceable. One Baker cellar pipe and two Little Giant ladder nozzles were added also.

The general health of the department has been good, with one exception. Death claimed Engineer Percy Pammett on September 7th. There were no serious accidents to firemen during the year.

Discipline Good.

The discipline of the department has been excellent. This has been more marked since the adoption of the double platoon system. It affords me much pleasure to inform you of the loyal support I receive from the officers and men of the department and the satisfactory manner in which both officers and men perform their duties. This is borne out by the favourable comment of the public press and the letters of thanks and donations to the Benefit Fund received from citizens whose property has been protected by the department. The police department have rendered valuable assistance where fires have occured and I am pleased to have their co-operation. The manufacturers and merchants have taken very kindly to any suggestions we had to offer relative to the safeguarding of either lives or property. The harmony and goodwill existing between the firemen and the public has, I am pleased to say, apparently extended to the Council board. For all of which I am extremely thankful.

During the year we had six calls for the pulmotor. In only three of these was the pulmotor used. With [illegible] tating two of these but the third patient had been dead for some time before the pulmotor was called.

The Recommendations.

I would strongly recommend the erection of two sub-stations, one in East City and one in the manufacturing district in the south. An additional sliding pole should be placed in the dormitory at the central station. We have been unable to successfully carry on ladder drill, owing to the fact that we would be holding up the heavy automobile traffic on the thoroughfares in the vicinity of the fire station. I would like a drill tower erected in the yard at the hall for this purpose. I would also recommend that a hydrant be placed in the back yard and a concrete block of pavement on which to wash the hose. This would have the effect of helping to preserve the hose, the men not being compelled to wash the hose in the front and then haul them through the building in order to hang them up in the tower to dry. I would also recommend that red lights be placed over all fire alarm street boxes. I have recommended this on several occasions without material result. I also suggest that another telephone be placed in the fire station. One phone would then be used for fire calls only and any other business could be transacted over the other. Some delay is apt to be occasioned in getting an alarm through because of a busy line. A tank for gasoline should be placed in the back yard to supply the pieces of motor apparatus in service on the department. In order, the more successfully to carry on drill, the yard at the rear of the station should be enlarged by the securing of about 16 feet to the west of the present yard. Ample room would then be provided for the different drills in connection with the department.

You will find attached to this report a stock sheet, showing the amount and value of supplies and equipment on hand Dec. 31st, 1919. There is also a table showing the number of alarms received, date of each fire, day of week, time of day or night, cause of the fire, names of owner and occupant of property, estimated damage occasioned by fire, distance apparatus travelled, number of feet of hose used, number of feet of ladders raised, number of gallons of chemical used, how alarms were received (Box, Phone or Verbal) time alarm was received, time apparatus returned, name of firemen receiving alarm, type of buildings involved, number of telephone calls received at the fire station each month, number of inspections made by the department, number of reports made, number of official letters sent out and a comparative statement of former years.

In conclusion I wish to express my sincere thanks to the Mayor, the Chairman of the Fire, Water and Light Committee and the members of the Council for the courteous treatment received at their hands and for the interest they have taken in the department during the year that is just passed.

Respectfully submitting all of the above, I have the honour to be, Sirs,
Your obedient servant,
GEO. GRANGE.
Chief of Fire Department.

Report for 1916 does not include $2,000,000.00 fire at Quaker Oats Co.

FIREMAN GETS KISS FOR RESTORING WOMAN'S SAVINGS

WINDSOR, Feb. 2. — Fireman Jack Wilson risked his life here to prevent more than $1800 in bills being burned when the home of Joseph Marshall of 7 Assumption street, was destroyed by fire. The money belonging to Marshall's mother in law, was in a cash box in the drawer of a desk in the room where the fire started from an over heated stove. Fireman Wilson, covered his face and hands with wet cloths, crawled to where the cash was kept, and found it undamaged. When he restored the roll of bills, the life savings of the woman, he was rewarded with a kiss.

AS EASY AS A.B.C.

Simply drop an OXO Cube into a cupful of hot water, stir with a spoon and your OXO is ready. What could be more simple—more convenient!

A cup of OXO is good at all hours—and is ready in a minute.

It revives—strengthens—and keeps one brimming over with health and vitality.

INFLUENZA IS GETTING WORSE

(United Press.)

COPENHAGEN, Feb. 3.—The influenza epidemic in Denmark continued to spread to-day, according to reports in the capital, with more than three hundred cases in Copenhagen in the last three days and 22 deaths yesterday. The authorities are taking drastic measures to curb the disease.

ANNOUNCEMENT

"We beg to announce to the Public that we have relinquished the agency of the Canadian Express Company, who after February 1st, will occupy new Offices at the Grand Trunk Railway Station.

As soon as contemplated alterations and improvements may be made our entire Office Building at 433 George Street will be used in connection with our large and expanding Insurance and General Agency."

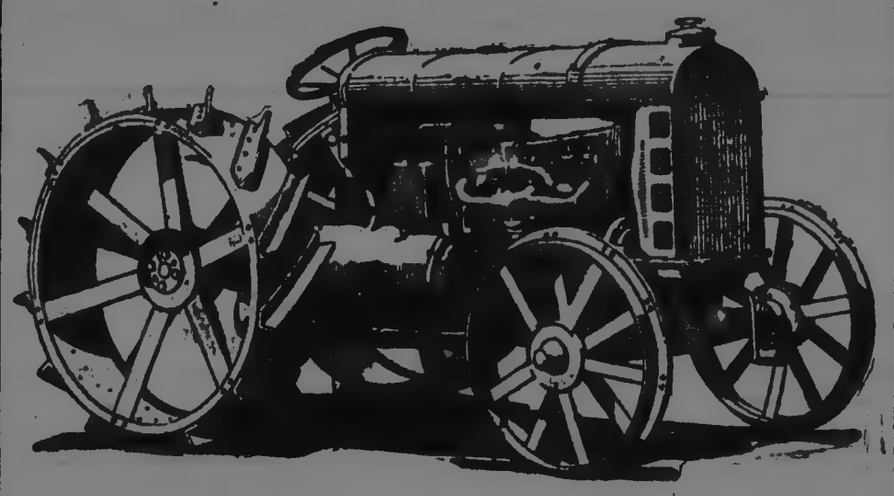
Cuticura Is All You Need For Your Skin

Bathe with Cuticura Soap to cleanse and purify the pores. If signs of pimples, redness or roughness are present smear gently with Cuticura Ointment before bathing to soothe and heal. For every purpose of the toilet, bath and nursery Cuticura Soap and Ointment are ideal.

Soap 25c., Ointment 25 and 50c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., Montreal.

Cuticura Soap shaves without mug.

Fordson Tractor



For obvious reasons we cannot urge too strongly the immediate placing of orders by those who require the use of the indispensible FORDSON TRACTOR any time during this year.

The almost daily increase in the cost of material and labor makes a raise in price unavoidable.

The present price of the FORDSON TRACTOR is a little more than that of a good team and it will do the work of six to eight horses.

The hot weather last year killed many valuable horses. Weather conditions make no difference to the FORDSON. In the busy season you can keep it going from daylight until dark. On account of not having to walk, your work will be a pleasure instead of a drudgery.

The FORDSON TRACTOR may enable you to accomplish *increased acreage* to pay for itself. It may also *reduce your labor bill* sufficient to go a good way on the price.

Place your order now, ensure delivery, and be in a position to *keep up* with your work.

Change your undertakings from worry into efficiency, comfort, pleasure, economy, satisfaction and above all *increased profits.*

"Peterborough Presents Possibilities Unsurpassed."

TUESDAY, FEBRUARY 3RD, 1920.

HELPING THE VETERANS.

In their treatment of the Great War Veterans' Association the Victoria County Council has shown a better appreciation of the work of the Association and a more generous desire to help than did the Peterboro County Council. The Victoria Council made a grant of $1,000 to the G.W.V.A. fund, repeating a similar grant made last year. Altogether the Veterans of Victoria have received $2,000 from the county body while the Peterboro G.W.V.A. has to be contented with $150. This too in spite of the fact that the membership of the Association in Peterboro County is considerably larger than in the adjacent county.

A MODERN PLAN.

The City Development Commission must be congratulated upon being modern in its ideas. The recommendation made to the City Council last night that an aeroplane map of Peterborough be prepared as early as possible in the spring for the use of the Commission and of the various civic departments shows that the members of the Commission are not lacking in enterprise. City planning by means of aerial photography is a sign of progress, and Peterborough, if the suggestion is acted upon, will gain an amount of advertising as a result that will many times repay the original cost of the map. Outside of this feature, however, there is no questioning the fact that a modern map of Peterborough and its environs is badly needed.

THE END NOT IN SIGHT.

The Canadian Wheat Board has ordered another advance in the price of wheat and flour by which the price of Ontario, Quebec and British Columbia wheat to the mills is boosted 85c. per bushel, while hard wheat flour advances from $10.10 per barrel to $10.25 per barrel. The news will be received by the general public with mixed feelings of resignation and indignation, for as usual the consumer will have to pay the shot. The increase will simply be passed on to the people who buy the bread. The new scale of prices went into effect at midnight on Saturday night. The increase in wheat and flour which may be termed basic products is disconcerting to those who have been predicting that prices were shortly, due to take a drop. Apparently the ned is not yet in sight.

AN S.O.S. FROM OTTAWA.

The straits in which the Union Cabinet finds itself is evidenced by the announcement that Premier Borden's vacation is to be interrupted long enough to enable the Prime Minister to be present at the opening of session. Sir Robert, however, is expected in London today or tomorrow and the Ottawa reports, that he and Hon. Dr. Reid will return to Ottawa in time for session are puzzling. In fact the story from the Capital declares that it was to consult the Premier that Dr. Reid made his trip to Florida and that it was the ill-health of hte Cabinet and not personal illness that caused him to seek the Sunny South.

Sir Robert Borden is needed in Ottawa—that is the Cabinet needs him. There is a sharp cleavage of opinion as to his successor for most of the Cabinet ministers are not in favour of submitting the question to a Parliamentary caucus. The presence of the Premier for a portion of the session would have too desirable result from a ministerial standpoint of postponing the matter of choosing a successor, and any step that avoids a crisis or renders the precarious hold the Cabinet maintains on the reins of office more secure is heartily welcomed by the harassed ministers.

A CHANGE OF POLICY.

The Council of 1920 is not of the same mind as the majority of last year's aldermanic board in regard to the police commission. The action of the new Council last night in rescinding the resolution passed by last year's Council calling upon the Legislature to enact legislation providing for the members of the police commission to be elected by the vote of the people is a development that may cause some surprise, but that will be approved by the many citizens who feared the result of making the administration of the police department a question of municipal politics. The rescinding of the resolution leaves the matter somewhat involved, for Mr. Tooms, M.L.A., has, it is understod, already discussed the matter with the new government and was to be the sponsor of a bill to come before the Legislature at the next session which was to carry out the request of last year's Council. The member for West Peterborough, in view of the fact that the new Council has decided against the policy outlined in the resolution passed last year, will perhaps withdraw his bill which of course would dispose of the matter. The Council in taking the stand that it did last night, and in advising other municipalities of the change in Peterborough's official attitude towards this question, has acted wisely. There is no great demand for an elected police commission, and the advantages of such a system are overshadowed by its defects.

A Dress Suit and a Shave Won't Do It

To *be at* your best, you must *feel* at your best. The man that is magnetic, popular, successful—is the one who radiates vigor and health. Nothing pulls a man down more surely—more insidiously—than constipation. The poisons arising from the decaying intestinal matter take the color out of your face and the "pep" from your stride. Keep clean—*inside* as well as out.

By an *entirely new principle* Nujol will keep the poisonous waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol *prevents* constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it.

Nujol is sold by all druggists in sealed bottles only bearing Nujol trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

MR. E. F. MASON WAS APPOINTED MEMBER OF BOARD OF HEALTH

SUCCEEDS MR. DAVID SPENCE, WHO DECLINED TO ACT ON THE NEW BOARD---CITY WILL EXPROPRIATE WILSON LAND FOR SEWAGE DISPOSAL PLANT.

GARBAGE RATE UNCHANGED

Mr. E. F. Mason was appointed a member of the Board of Health at last night's meeting of the City Council on Ald. Crowe's motion, seconded by Ald. Morrison. Mr. Mason succeeds Mr. David Spence whose resignation was received.

Garbage Rate Unchanged.

The cost of the collection of garbage this year is estimated at $12,808 for which the rate of nine-tenths of a mill, the same as last year, will be included in the tax bills.

Mr. A. E. Peck Re-appointed.

Mr. A. E. Peck was re-appointed City Trust commissioner on a motion of Ald. Hamilton, seconded by Ald. Turner.

Board of Education's Needs.

The Board of Education's financial requirements this year total $157,700, of which $116,200 are for the Public Schools and $41,500 for the Collegiate Institute. It was stated that is an increase of approximately $32,000 over last year's demand. The communication was referred to the Finance Committee.

$450 Monthly for Hospital.

Mr. John Crane, secretary of the Nicholls Hospital Trust board, wrote that $450 a month would be required from the city for the hospital's needs this year. Referred to the Finance Committee. This is an increase of $250 a month.

For Protestant Home.

Miss Flora H. Davidson requested the Council to purchase the lot, 50 feet by 100 feet immediately west of the Protestant Home as a site for a house for the manager of the Home. Referred to the Property Committee.

Will Expropriate.

Ald. Phelan reported that the best offer Mr. A. Wilson offered for the proposed site of the sewage disposal plant was $19,000.

This announcement put the damper on the last hope of settlement without recourse to legal process.

Ald. Gordon moved, seconded by Ald. Crowe that City Solicitor Widdlefield be instructed to launch expropriation proceedings.

"The City Engineer can then go on the property as soon as we file our plans," Ald. Gordon explained for the advice of the Board of Works department.

FEBRUARY CALENDAR HAS FIVE SUNDAYS.

For the first time in forty years there will be five Sundays in February. Ordinarily the sequence of five Sundays in February occurs once in every twenty-five ears, but owing to the fact that 1900 was not a leap year, the calendar "slipped a cog" and Sunday, being shunted out of place in numerical order, it did not get back into position to become the first and last day of the month from 1880 until this year.

Save The Old Shoes

A campaign to be launched by the National Shoe Retailers' Association of the U. S., estimated to save $300,000,000 by repairing all the old shoes.

Retail shoe dealers are to be urged, not that new shoes be purchased, but that Old Shoes be dug out of the closets and repaired.

It is said that there are "millions of shoes in the closets of the nation that with a little repair, can be made perfectly serviceable. If people will get out these old shoes it will reduce the shoe bills from more than $1,000,000,000 to $700,000,000."

What is true of the U. S. is true of Canada and of Peterborough. I am splendidly prepared to repair all kinds of Old Shoes. *Dig them out* of the Closets and bring them here for a first class job. We don't cobble Shoes, we *repair them.*

SANDRA THE JEALOUS

BY JANE PHELPS

SANDRA RESPECTS HER HUSBAND'S WISHES

CHAPTER XXXVII

We were rather early, but the place soon filled up. The music was delightful, and I scarcely could keep my feet still. Soon people commenced to dance. As I never had seen dancing in the day-time, I was so interested in watching them that I almost forgot to eat, or that I was supposed to talk to the others.

"We will have a turn as soon as we finish," Barrett Edmonds said, as he noticed my interest. Then he turned to Mrs. Sloane: "Mrs. Graham is a wonderful dancer, as light as thistle-down."

I blushed at his praise, but said regretfully:

"I won't dance to-day, thank you."

"Why not?" it was Alice Sloane who asked the question. "Everybody dances at Rappelye's."

Barrett looked keenly at me.

"Really, do you mean that you will not dance?"

"Really I mean it," then I explained, stammering a little; "Mr. Graham does not like me to dance in a public place."

"What's the matter—afraid he'll lose you?" Alice asked, but Barrett made no remark.

"Perhaps!" I tried to say it brightly, but I failed. It seemed that I never had wanted to do anything so badly in my life as I wanted to dance with Barrett Edmonds.

"You won't mind if Barry and I do?"

"No indeed! I shall love to watch you," which was quite true. I loved to watch people dance. That is if they were graceful. And I knew that both Alice Sloane and Barrett were.

When we had finished they rose and, with a laughing apology, left me alone.

"Not dancing, Mrs. Graham" I looked around at the voice and it was that fat Mr. Leveredge. I hoped he wouldn't sit down, but he did, saying: "It's too bad to leave you alone. Shall we take a turn?"

"No, thank you, I'm not dancing," I replied, glad that I could say so honestly, as I recalled Everett's desire that I treat this man nicely because of their business relations—and almost reconciled to not being able to dance with Barrett, when I remembered how Mr. Leveredge trod on my toes and how miserable he made me when I danced with him at Mrs. Norton's.

"Not dancing!" in surprise. Then "I thought you were a devotee of that particular indoor sport."

"I do love to dance. But Mr. Graham does not approve of my dancing in public places."

"And like a good wife you refrain! Graham is getting mighty particular, but I don't know that I blame him. You are too attractive, too noticeable with that wonderful hair to let out alone. I am surprised he allows you to lunch without him."

I was on the point of telling him that Everett was away, and that it was my first luncheon without him in a public place. But his tone was rather nasty, and I just kept it to myself. He could think what he pleased.

He chatted a moment with Alice and Barrett, said something he thought facetious about my being such a demure little wife, then returned to his own table, just a little ways from us. My back had been toward him which accounted for the fact that I had not seen him until he spoke to me.

We had coffee and then Barrett and Alice danced again. I was afraid Mr. Leveridge would come over again, but he didn't. When the music was soft I distinctly heard him say to his companion, a man of about his own age:

"Yes, Graham's second wife. Looks enough like the first one to be her sister. That one led him a pretty dance. I can't quite make this second one out. She's awfully young and unsophisticated, and he's pretty strict with her I imagine. She wouldn't dance because he didn't want her to. The first one would have danced all the oftener. But she was a peach. There wasn't a man in our crowd that wouldn't have crawled on his hands and knees for Leola Graham. She was the most fascinating creature I ever have seen. No wonder he loved her and was so insanely jealous of her—I never thought he would marry again."

"Wasn't there some gossip about him and Irene Alston?"

"Yes. Everyone thought if he ever married, she would be the second Mrs. Graham. But—well, she's not young, and I guess Graham is ready to settle down with a family. It looks like it to me, marrying that child. He is"—just then the music swelled louder and I could catch nothing more although I listentd intently.

Was I never to get away from that Leola, that first Mrs. Graham? A fierce jealousy of her, her influence over Everett, her ability to do as she pleased, possessed me. I was his wife just as much as she had been, and I hardly dared make a move for fear of displeasing him. Again I muttered as I always did when thinking of her:

"It isn't fair- I won't stand for it. I'll be indiscreet too."

We left immediately after that—Barrett Edmonds promising to come up the next afternoon to try my new songs; and Alice and I making an appointment to lunch at Rappeleye's again in a few days.

Tomorrow—Sandra Finds Life a Puzzle.

BIG INCREASE IN PAPER CURRENCY

HAS JUMPED 600 PER CENT. SINC BEGINNING OF WAR.

NEW YORK, — Paper currency throughout the world increased 600 percent. since the beginning of the war in 1914, while the gold reserve behind it increased only 40 percent., according to statistics compiled by the National City Bank, published to-day. The face value of paper currency of 30 principal countries, which totalled $7,850,000,000 in 1914, it was stated, increased to $40,000,000,000 at the time of the armistice and to $50,000,000,000 in December, 1919, exclusive of $34,000,000,000 issued by the Russian Soviet Government. The world debt was estimated at $200,000,000,000, compared with $40,000,000,000 in 1914.

"The four Central Powers—Germany, Austria-Hungary, Bulgaria and Turkey—show an advance in note circulation from $1,200,000,000 in 1914 to $12,300,000,000 at the close of the war, and $18,770,000,000 in December 1919," the report said, "the gold reserve falling from $600,000,000 in 1914 to $327,000,000 in 1919, the ratio of gold to notes declining from 49.7 per cent. in 1914 to 5.5 per cent., in November, 1918, and 1.7 per cent. in December, 1919."

In the eight principal countries of the Allies, paper notes increased from $1,166,000,000 in 1914 to $2,420,000,000 in 1919, while the gold reserve also increasd from $516,000,000 to $1,450,000,000, a ratio of 44.3 in 1914 and 59.9 in 1919.

CHILDREN'S COUGHS QUICKLY CURED

It is very hard to keep the children from taking cold. They will run out of doors not properly dressed—play too hard and become overheated—get their feet wet—kick the bed clothes off at night.

There is nothing so good for children's coughs, colds, croup, whooping cough or bronchitis as Dr. Wood's Norway Pine Syrup. It is so pleasant to the taste the youngsters take it without any fuss, and at the same time its promptness and effectiveness in loosening the phlegm and healing the lungs and the bronchial tubes are such that the cough is checked before any serious trouble can possibly develop.

Mrs. Harold Acker, Lake Pleasant, N. S., writes: "I have three children, the eldest eight years old and the baby ten months old. They all had a bad cough. I knew of quite a few persons who had used Dr. Wood's Norway Pine Syrup with good results so I got three bottles. I am glad I did so as it is a sure cure for coughs and colds. A home where there are children should never be without it. I highly recommend it to those who need a quick cure."

Price 25c and 50c at all dealers. Manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

THE FIELD OF HONOUR.

Leave our fired bones as they lie,
We shall sleep soft where we fell;
For we live, we did not die.
Hear our call—"All's well!"

Our bright bodies were of clay.
Mourn not, for the empty shell
Served His purpose in His way.
Hear our call—"All's well!"

Through the gates of life unbarred
Sped our souls with you to dwell,
Soldiers of God's bodyguard.
Hear our call—"All's well!"

—Cuthbert Hicks.

KEPT CLOTHES ON OVER 25 YEARS

DISAPPOINTED ENGLISHMAN MADE VOW—WEDS OLD SWEETHEART.

LONDON—On Sunday, January 11, an eldery man living at Clacton, Essex, changed his clothes for the first time in twenty-five years. It was his wedding day.

Twenty-five years ago this eccentrician was well-to-do and engaged to be married to a beautiful young girl whom he had known since childhood, but on his wedding morning he awaited his bride in vain. She had eloped with another Lochinvar from America.

In the first transports of grief and disappointment the rejected sweetheart vowed never to change the suit he then had on. Neither the entreaties of his sister, with whom he lived, nor the protests of friends, nor the ridicule of relatives could move him. On one occasion his own sister went so far as to remove his clothes while he was asleep and substitute a new suit. Her brother threatened to remain in bed for ever unless his old suit was restored. After the bed strike had continued for three days his sister gave in.

When the war came the man was called up and everyone expected that he would at last be forced to change his clothes. But he was medically rejected.

At last, however, the much-mended but still wearable garments are discarded. The bride who fled returned a widow. Her first marriage was unhappy. Sunday the pair were married. The bridegroom, in a brand new suit, was accompanied to church by the bride. The old suit is to be carefully cherished.

POLAND ABSOLVED FROM POGROMS

Morgenthau Finds Were Not Part of Preconceived Plan.

NEW YORK—The report of the mission headed by Henry Morgenthau, which investigated reports of pogroms in Poland absolves the Polish nation from responsibility for the excesses.

"Just as the Jews would resent being condemned as a race for the action of a few of their undesirable co-religionists, so it would be correspondingly unfair to condemn the Polish nation as a whole for the voilence committed by uncontrolled troops of mobs," says the report. "These excesses were apparently not premeditated, for if they had been part of a pre-conceived plan, the number of killed would have run into the thousands instead of amounting to about 280. It is believed these excesses were the result of wide-spread anti-semitic prejudice ,aggravated by the belief the Jewish inhabitants were politically hostile to the Polish state."

The committee appointed by Secretary Lansing, consisted of Morgenthau, Brigadier-General Edgar Jadwin and Homer H. Johnson.

AFTER 16 YEARS EXPERIENCE A DOCTOR SAYS Zam-Buk HAS NO EQUAL FOR SKIN DISEASES

"For sixteen years I have used Zam-Buk in my practice, and have always found the results from its application highly satisfactory. In my opinion there is nothing to compare with it for skin troubles—from roughness and irritation to chronic skin diseases. Without a doubt, Zam-Buk has wonderful curative properties, and when a patient requires such a remedy I always prescribe Zam-Buk."

This letter of appreciation has just been received by the proprietors of Zam-Buk from Dr. A. P. Shibley, of Washington, D.C. The medical profession is always slow to recommend a remedy, and the fact that many doctors now prescribe Zam-Buk, is one of the surest proofs of its superiority.

Zam-Buk's superiority is due to its herbal composition. It is all medicine, with absolutely no animal fat, and is so blended, refined and concentrated that it contains the maximum germ-destroying, soothing and healing power. Owing to its absolute freedom from animal fat, Zam-Buk cannot become rancid, but will keep indefinitely without losing any of its strength or purity. While the healing power of Zam-Buk, and its power to penetrate to the root of skin disease is so great, yet its action is so mild, that it is the ideal preparation for the pimples, eruptions, and rashes which so often occur amongst young children. Mothers agree that it is the best balm for baby.

Zam-Buk should be ready in every home for cuts, burns, scalds and bruises. Equally good for eczema, ringworm, ulcers, abscesses, boils, pimples, blood-poisoning and piles. All dealers 50c. box.

Send this advertisement, stating paper and the things (for which purpose) to Zam-Buk Co., Toronto, and free trial box will be sent you.

FORTUNES IN WALES NOW RAPIDLY MADE

Ships Golden Argosies of Cardiff, Where Freight Rates Are High Since War

CARDIFF, Wales,—Quick fortunes and knighthoods are the present day products of South Wales, says a special correspondent of the Daily Express. He cites numerous examples of rapidly acquired wealth and honors in Cardiff which now boasts about twenty-five millionaires. To be accounted a millionaire in Wales it should be understood one must possess not $1,000,000, but £1,000,000 ($5,000,000).

Ships are the golden argosies of Cardiff— not the stately liners that carry passengers across the Atlantic but lumbering tramps—many of them ancient and rusty. Freight rates are high, says the correspondent, and shipping men are raking in fortunes. One can met many men in Cardiff who before the war were clerks at small salaries and now have big motorcars, wives with furs and diamonds and country houses.

One man in Cardiff who sailed the seas as a pilot five years ago but his savings into a ship and now can write his check for $2,500,000. A small tradesman invested $1000 in a ship and received $30,000 for his interest two years later. A man who held a small clerkship in a shipping office before the war came unexpectedly into a windfall of $20,000. He invested it in a shipping company and now has sold his interest for $500,000.

A former railway porter is now director of sixteen companies. A boy of twenty-one, who inherits $100,000, is now, at twenty-seven, chief owner of eleven ships and worth many hundreds of thousands.

A man who formerly had a type-writer agency drifted into shipping. He recently bought a country estate for $1,250,000 and his daughter was heard complaining that he allowed her "only $105,000 a year."

CENTRAL ONTARIO FAIRS.

BELLEVILLE, Jan. 31.—The annual meeting of the Central Ontario Fairs Association was held in this city and was largely attended by representatives of various agricultural societies. The officers were as follows: President, C. H. Ketcheson, of Sidney; 1st Vice-President, A. Nicholson of Madoc; 2nd Vice-President B. Leavens of Picton; Secretary-Treasurer, Dr. Hay of Campbellford; Auditors W. J. Hill, Madoc and J. A. Kerr, Belleville. Delegates to Provincial Fair Association meeting at Toronto, T. A. Macfarlane. The dates selected for holding the Fairs were as follows:—Belleville, Sept. 6, 7, 8; Wooler, Sept. 5, 6; Brighton, Sept. 9, 10; Frankford, Sept. 10, 17; Napanee, Sept. 14, 15, 16; Campbellford, Sept. 21, 22; Picton, Sept. 21, 22, 23; Kingston, Sept. 22, 23, 24; Stirling Sept. 23,24; Marmora, Sept. 27, 28; Cochill, Sept. 28, 29; Shannonville, Sept. 18; Colborne, Sept. 24,25; Tweed Sept. 30, Oct. 1; Ameliasburg, Oct. 1, 2; Bancroft, Oct. 7, 8; Madoc, Oct. 5, 6; Warkworth, Oct. 7, 8; Millbrook, Oct. 7, 8; Norwood, Oct. 12, 13; Castleton, Oct 5, 6; Keene, Sept. 30; Peterboro, Sept. 14, 15, 16, 17; Odessa, Oct. 8; Centreville, Sept. 25; Maynooth, Sept. 13, 14.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" identifies the only genuine Aspirin,—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally.

The boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Your Most Important Deal

When a man applies for Life Insurance, he is taking up the most important de' of his life, for, presumably, he will not be here when it is settled.

How important then that he select the best obtainable.

The record of the SUN LIFE of Canada for the past 49 years of its ex tence, has been an unbroken march of progress obtained through square dealing, and the past year has surpassed all others with its assets of over ONE HUNDRED MILLION and Income of TWENTY-FIVE MILLIONS and surplus on Government Standard of over TEN MILLIONS. Where can you find its equal?

Is it not to your interest therefore to place your Life Insurance with the Sun Life of Canada?

$5,000 FOR CATTLE BUILDING IS SOUGHT FROM COUNCIL

FAIR DIRECTORS UNDERTAKE TO RAISE EQUAL AMOUNT--ORANGEMEN ASK FOR $400 TO HELP ADVERTISE THIS YEAR'S CELEBRATION AND THE CITY.

ON WITH BRIDGE PIER

With slightly altered plans the construction of the foundation of the eastern pier of the main arch of the Hunter street bridge has been begun on hardpan, Ald. Hamilton reported to the Council from Mr. Frank Barber last night. The engineer, it was stated was satisfied with the soundness of the subsoil as turned up in the recent borings.

Ald. Gainey—Mr. Barber told us last year he wouldn't build a bridge of that kind on anything but rock.

Ald. Gordon said that a certain estimate of the depth of the pier had been made by Mr. Barber and if that proved wrong he would seem to be liable for all extra costs in the present excavation.

A motion simply recording the alterations to the plans for the eastern pier and the cause for them was closely scrutinized by the Council but it was agreed that it did not in any way express an opinion of the engineer's changes.

The question of the payment of Mr. Barber's representative on the bridge work and the fact that he is now listed as an inspector and as such is paid by the city was discussed to some extent but action was deferred until Mr. Barber meets the Council or special bridge committee.

Hold Up Sale of Lot.

Ald. Phelan's motion introducing the by-law to convey to A. McDonald Lumber Company the deed of the lot they arranged last year to buy from the city was held up. Ald. Hamilton who moved an amendment that the by-law be laid over until it was ascertained whether the company needed the property now.

"They told us they needed that part of an unopened street for their new building" said Ald. Hamilton, "but they went ahead with the building on their own land and that it is not on the street at all. I'd like to know whether they need it for that purpose now."

Ald. Gainey said he could think of no reason why the by-law should be delayed. He asked for the ayes and nays which on the arresting amendment were recorded as follows:—

Ayes—Aldermen Whitehouse, Jones Hamilton, Turner, Gordon, Crowe and Morrison.

Nays—Aldermen Phelan, Copping, Gainey and Mayor McIntyre.

The by-law was set aside until the information desired is obtained from the McDonald Company.

For Pigeon Creek Bridge.

E. M. Elliott, representing the County Council, asked the city to co-operate with Peterboro and Victoria counties in sending a deputation to urge upon the Government the rebuilding of the Pigeon Creek bridge.

Ald. Gordon moved, seconded by Ald. Phelan that Mayor McIntyre arrange with members of the Council to join this deputation.

"We don't all need to go" said Ald. Gordon. "The County Council can make enough noise. This matter is of interest to the city and we should be represented."

Industrial Exhibition.

Directors of the Peterboro Industrial Exhibition asked for a grant of $5,000 toward the cost of a new cattle building. Mr. R. Denne introducing the deputation stated that $2,000 had been granted by the County Council. If the city gave $5,000 it was expected that an equal sum would be raised by private subscription.

Mr. R. H. Turner said that during the past two years $17,800 had been spent on the Exhibition grounds.

The deputation was composed of R. Denne, W. H. Bradburn, R. H. Turner, Thos. Barrie, W. G. Morrow, W. S. Merrill, S. D. Hall, H. E. Hodgens, Vincent Eastwood, R. G. Kingan and E. F. Mason. This request was referred to the Finance Committee.

To Celebrate July 12th.

W. J. Hanock, E. R. Reid and several others comprised a delegation of the Orangemen who are preparing for the celebration of July 12th here next summer asked for a grant of $400 which would be expended in advertising the city and the celebration. Mr. Hanock explained that 10,000 attractive booklets were being printed for a wide, free distribution three months before the celebration which was expected to bring 15,000 visitors to the city on that occasion. Each visitor would spend at least two dollars, and some of them might be so impressed with the city that they might decide to move here. The deputation also requested permission to use Central Park during the celebration. The application for a grant was referred to the Finance Committee.

Civil Service Appointments.

The following is an extract from the reply of the Civil Service Commission to the resolution passed at the January meeting of the Council with respect to appointments and the precedence given to qualified applicants.

The secretary wrote in part:—I am instructed to say that the terms of the resolution most faithfully describe the exact procedure followed by the Commission. No one can be appointed to a permanent position in the Public Service without passing the prescribed Civil Service examinations, and in filling positions those who have passed the examination qualifying for permanent appointment but who have not yet received permanent appointment are offered temporary appointment while waiting their turn for permanency.

The balance of the temporary appointments for which there may be no qualified candidate on the lists in the Commission office are given to those whose applications are before the Commission and who are considered to possess qualifications sufficient to enable them to meet the requirements of the position. All these appointments whether temporary or permanent are made in order of merit.

Any returned man who can obtain the minimum pass mark is placed in order of merit on the list ahead of all civilians and consequently are appointed to positions ahead of all civilians. The same rule is applied in the case of temporary appointments when the eligible lists of qualified candidates are exhausted.

The returned soldier pays no fees when writing the examination, is restricted by no age limit and is given the benefit of the more liberal interpretation of health requirements."

DR M'PHERSON ASKS FOR SALARY OF $2,000

INCREASE TOWARD THE END OF LAST YEAR NOT SUFFICIENT.

Dr. A. W. McPherson, Medical Officer of Health, rather bluntly intimated to the Council last night that his salary, increased toward the end of last year, was unsatisfactory. He asked for $2,000 in his letter, from which the following is a quotation:

"This ($1,200) is about one half the amount that should be paid and I would ask that you fix the remuneration at $2,000 a year, beginning Jan. 1st, 1920 with $100 a month extra for the months of November and December 1919.

It is not my purpose to go into detail and give the reasons for the further increase as it would be much more satisfactory to both parties for me to meet the Council or Committee and go into the matter.

Will you kindly let me have a reply in the next few weeks." Referred to the Finance Committee.

A teaspoonful of tea for each person is the best rule for making tea.

SLOW DEATH

Aches, pains, nervousness, difficulty in urinating, often mean serious disorders. The world's standard remedy for kidney, liver, bladder and uric acid troubles—

THE Y.M.C.A. HONOUR ROLL

Arrangements are being completed to place a suitable memorial in the Y. M. C. A. to those members who fell in the War. A committee of the Board of Directors has been appointed to select a suitable memorial tablet, and the list of members who paid the supreme sacrifice has been carefully compiled.

In order to prevent mistakes and to allow for any corrections before the memorial is purchased, the list of names is being published.

The friends of the Association are asked to examne the list carefully and to report any errors or omissions to the office o fthe Y. M. C. A. as soon as possible.

MR. FINNIE DUBIOUS OF BUILDING SCHEME

ALARMED AT COSTS OF MATERIALS ---OFFERED HIS RESIGNATION.

Impressed by estimates of several houses for which he was offered the contract, Mr. James Finnie tendered his resignation from the Housing Commission to the Council last night. The cost of building materials alarmed him to such an extent that he doubted the feasibility of the housing scheme, and in that mood he did not wish to spend the city's money on a trip to find out what other cities have done with the aid of the Provincial Government.

The Council declined to accept his resignation. Ald. Gainey proposed that Mr. Alex. Morrison be appointed if Mr. Finnie did not wish to act, but Ald. Jones said he believed Mr. Finnie would continue, although he would not accompany the Mayor and Mr. F. H. Dobbin on their visit to other cities.

For the purpose of gaining the information desired, City Engineer Parsons was named to take Mr. Finnie's place temporarily, on a motion by Ald. Turner, seconded by Ald. Crowe.

Ald. Turner asked the Council to apply to the Government for $200,000 for a housing loan, but the other members objected to this application until the Commission turned in their report.

MARS WOULD USE RAYS OF LIGHT TO SIGNAL EARTH.

LONDON, Feb. 3. — Prof. Albert Einstein, the German astronomer, whose theory that gravitation deflects the rays of light recently has been the subject of considerable discussion, in an interview with The Daily Mail's Berlin correspondent, asserted that he believed the mysterious signals referred to by Signor Marconi as having been heard on various wireless apparatus are due either to atmospheric disturbances or to experiments with other systems of wireless. Prof. Einstien, who believes that Mars and other planets are inhabited, added that in intelligent creatures on other planets tried to communicate with the earth he would expect them to use rays of light, which could be much more easily controlled.

THIRD ROUND DRAW FOR THE ENGLISH CUP

LONDON, Feb. 3.—The draw for the third round of the English Cup Competition was made in London, Eng to-day, and resulted as follows:

Liverpool v. Birmingham
Chelsea v. Leicester.
Preston v. Bradford City.
Bristol City v. Cardiff.
Aston Villa v. Burnley or Sunderland.
Notts County v. Bradford.
Tottenham v. West Ham.
Huddersfeild v Plymouth.

The games will be played on the grounds of the first-named club on Saturday, February 21.

CARPENTIER COMING SOON

PARIS, Feb. 3.—Georges Carpentier, accompanied by his manager, M. Descamps, will leave France shortly for the United States, according to an announcement made by Descamps. At the present time Carpentier is touring the provinces.

$177 PER PELT FOR SEAL SKINS

4,000 BELONGING TO CANADIAN GOVERNMENT BRING $572,000 AT AUCTION.

ST. LOUIS, Mo., Feb. 3.—More than $4,000,000 of furs were sold at the opening of the Winter auction of the International Fur Exchange here. Prices advanced virtually in every lot disposed of.

Nine thousand United States Government seal skins brought $1,282,000 and 4,000 for the Canadian Government netted $572,000. The top price on seal was $177 a pelt, a 55 per cent. increase over last September.

At the afternoon session 9,500 Persian lamb skins brought $180,000, an advance of 30 per cent. Some choice skins brought $22.50 a-piece. Russian squirrel advanced 90 per cent.. 1,20,000 selling for nearly $2,000,000.

Buyers asserted the high prices reflect the small visible supply of furs in the world, which is estimated to be worth about $50,000,000. About half the supply is expected to be sold during this sale, which will continue through 14th February.

COW ACTS AS FIRE ALARM; SAVES FAMILY FROM DEATH.

EGG HARBOUR, N. J., Feb. 3. — The bellowing of a cow saved William Foster, his wife and their five children from being burned to death. The Fosters live on a farm on the outskirts of the town. About 2 o'clock in the morning Mrs. Foster was awakened by the bellowing.

Flames were already eating their way into the bedroom. She aroused her husband and children, and they escaped through a window in their night clothes. The building and much live stock were destroyed by the

PRIZE OF 100,000 FRANCS FOR SIGNAL TO PLANET.

PARIS, Feb. 3.—The Academy of Sciences evidently considers communications between the earth and the planets as among the possibilities, for it has undertaken to act as judge for a prize of 100,000 francs to be given for the best means of making a sign to a heavenly body and the receipt of a reply.

"Until a solution is obtained," says the Academy's announcement, "the interest on the prize money will provide a prize for scientists making the greatest progress in knowledge of the planets and their relation to the earth."

BRADFORD CITY CLUB ARE FINED BY LEAGUE.

Canadian Press:

LONDON, Feb. 3.—The Bradford City Club was fined by the Football Association £150 for failing to arrange to play their postponed cup tie game so as to prevent interference with the League programme.

NO EXCURSION TO LINDSAY.

After an endeavor to arrange for a special to Lindsay for the hockey fans on Thursday night it was found impossible to do so or get any information that might suggest that it could be done.

VOICE OF THE PEOPLE

Peterborough, Feb. 2nd, 1920.

To the Editor of The Examiner:

Dear Sir.— I am sure a great number of citizens have read with considerable interest two recent letters in The Examiner on the buy-at-home campaign which your journal is carrying on. These two writers evidently have a grievance which is very real to them, but are they are barking up the wrong tree? They harp at the merchants if they think low wages are paid by a few employers .The "buy-at-home campaign" is an issue of itself and one deserving of the support of every citizen, for undoubtedly everyone is directly or indirectly benefitted by money being kept in circulation in our own community instead of a steady stream of our earnings going to mail order houses.

To make a success of this campaign the retailers of town must arrive at an intelligent answer to the question, "Why does the average person send out of town for goods?" As one of the "average" here is the answer I would give: Two mail order houses send to me, twice a year, immense catalogues, describing the quality and giving the price of anything and everything. I will possibly need or want from monoplanes to mousetraps. Naturally I find listed in the catalogue many articles which I want and, by the same token, want many which I find, the description is so alluring.

It seems to me that the local merchants have the cure for this in their own hands, viz., by showing us in the papers, (not on Dollar Day only) but every day, that they have something we need, at a fair price. To my mind this method of advertising beats the catalogue game to a standstill, for we all read the papers through each night, while the catalogues in hundreds of cases, are used for putting under some utensil on the kitchen table, or given to the kiddies to cut up.

This is the candid opinion of one of the "average persons."

Thanking you, Mr. Editor, for the privilege of expressing my views, I am,

Yours truly.
X. Y. Z.

MUSIC AND DRAMA

"PICCADILLY JIM".

"Piccadilly Jim" the feature picture of the Empire drew a capacity house last evening and the most sanguinary xepectations of the audience of a good picture, were more than realized. Based upon Wodehouse's famous Saturday Evening Post Story the picture is one of absorbing interest from beginning to end and Owen Moore makes a most acceptable and lovable hero. Alice Joyce in "The Winchester Woman" is remarkable clever and the story in which she appears one of strong human interest.

CHANGE BABB'S LANE TO LESLIE STREET

LONDON PROPOSES APPLICATION FOR SHARE OF AUTO LICENSE MONEY.

County Clerk Elliott's ears must have tingled with satisfaction at the Council meeting last night as he listened to the proposal from London that the Legislature be requested to return to municipalities for expenditure in road improvement some of the local money collected for motor licenses. The communication was referred to the Board of Works.

Expunge Name of Babb.

Frank Merritt is the only resident on Babb's lane, a street between Homewood avenue and Gilmour street. For several years he has appealed to the Council to help him get rid of that "lane" appellation. The only result was to wipe out the name Babb and with it would go the objectionable "lane," which did not tend to appreciate the value of his property.

Ald. Jones moved, seconded by Ald. Copping that the name be changed to Leslie street, and included in the motion, on Ald. Gordon's suggestion, Cedar street is changed to Murray street.

Ald. Phelan explained that he didn't wish to oppose Mr. Merritt's request, but he regretted that the name of Babb was being discarded. "Mr. Babb was an honorable gentleman who at one time owned all the north half of Gilmour street."

TURK NATIONALISTS RAID BRITISH "DUMP."

Secure 80,000 Rifles and 33 Machine Guns at Callipoli.

LONDON, Feb. 3.—News has reached London that the British dump at Gallipoli, composed of Turkish booty, has been raided, supposedly by Nationalists. Eighty thousand rifles, half a million rounds of ammunition and thirty-three machine guns were removed, probably to the Asiatic side.

PARENTS SEEING NEWS OF MISSING SOLDIER SON

TORONTO, Feb. 3. — Mr. Pat. Burke of Peterboro, has written City Clerk Littlejohn and the Chief of Police, requesting their assistance in locating his son John S. Burk. Mr. Burk said that the young man enlisted in the Army Medical Corps and his number was 64430, and he is supposed to have been honorably discharged from the army early in 1919. The family have received no mail from him since he left France.

Application to the Records Office only elicited the information that the young man had given his address at Toronto. His mother is very sick, and desires to see or hear from the young man.

FIRE DESTROYS DOURO HOME

Fire from an unknown cause destroyed the home of Mr. Albert Rowe on the Douro side, near Young's Point, last night at about 8 o'clock. The house, which is of frame construction, is owned by Mr. Henry Downs, of Douro, and was insured, as was the furniture, the latter the property of the occupant. Attempts to save the property proved futile and the house and contents were absolutely destroyed.

FRANCE TO DOUBLE PRICE OF BREAD.

Large Families and War Cripples to Be Given Special Rates.

PARIS, Feb. 3—The Ministers of Commerce, Finance and Agriculture will ask the Cabinet to authorize an increase in the price of wheat flour to between 90 and 92 francs per 100 kilogtams. It will be left to the Mayors to fix, in agreement with the Prefects of departments, the price of bread, which will vary between 90 centimes and one francs 10 centimes per kilogram — double the existing prices. The new prices will be effective March 1.

There is no question of resuming the bread cards at present, but large families and war cripples more than 50 per cent. incapacitated will be presented with special tickets, enabling them to buy bread at the present price.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. BINZER, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass.

NO OPPOSITION TO PREMIER DRURY

Halton Liberals Decide Against Putting Man in the Field.

MILTON, Feb. 2.—At the second and final meeting of the Halton Reform Association held here on Saturday afternoon last it was decided to drop the idea of putting a Liberal in the field to oppose Premier Drury in the coming by-election in Halton County. On account of illness, many members of the association were absent, but E. H. Cleaver, of Burlington, defeated candidate in the Provincial election of last October, and several other prominent men of the party were present and discussed the political situation for nearly three hours.

SEVEN TEST NEW PARACHUTE

WASHINGTON, Feb. 2.—The Director of the Army Air Service advised that seven parachute jumps from airplanes were made at McCook Field at Dayton, with the new pack type chute, developed by the equipment section of the Air Service. All such tests proved successful.

The Martin bomber was used in connection with the tests, and for the first test was sent up 2,000 feet. Each jumper, while in his place on the airplane, allowed the parachute to open first and then drag him off the machine.

In some of the tests the jumps were made as low as 1,000 feet from the ground.

Blow of a Whale's Tail.

Ask ten persons what is the strongest animal force in the world and nine will reply that it is the blow of a lion's paw. The tenth man may express the belief, based on experience, that it is the kick of a Missouri mule.

As a matter of fact, the blow of a whale's tail is incomparably the strongest animal force. A blow delivered by a full grown whale placed at just the right distance would smash in the side of a wooden ship as though it were an eggshell.

The second strongest force is the kick of a giraffe, and this terrible kick is adequate protection to these otherwise helpless animals. The stroke of the lion's paw comes third on the list.

Cousins and Economy.

"Should cousins marry?" was the subject of an animated discussion at a ladies' debating club the other night.

After a great many speakers had rigorously taken the negative side a prepossessing young lady, who was known to have crowds of cousins herself, spoke up boldly in the affirmative and threw fresh life into the discussion by declaring that she always did her best to encourage her own cousins to marry one another, as such unions were very economical.

"Economical! How, dear?" her chummates cried in chorus.

"Well, you see," said the speaker demurely, "one wedding present does for both then."—Exchange.

A Single Application Banishes Every Hair

(The Modern Beauty)

Here is how any woman can easily and quickly remove objectionable, hairy growths without possible injury to the skin: Make a paste with some powdered delatone and water, apply to hairy surface and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This is a painless inexpensive method and, excepting where the growth is unusually thick, a single application is enough. You should, however, be careful to get genuine delatone.

KRUPPS OUT OF POLITICS.

BERLIN, Feb. 2.—Because a recent Krupp bulletin contained political matter, 600 workers at the Krupp plant at Essen held a demonstration before the headquarters of the directorate.

To a committee, the directors promised that in future political opinions would not appear in the bulletins, but declared that what had appeared was not adverse to the workmen.

While the discussion was going on the crowd waiting outside became involved in a melee with guards, the fight resulting in the disarming of the guardsmen and the destruction of their weapons.

JOYFUL EATING

Unless your food is digested without the aftermath of painful acidity, the joy is taken out of both eating and living.

KI-MOIDS

are wonderful in their help to the stomach troubled with over-acidity. Pleasant to take—relief prompt and definite.

Perfumes for Religious Rites.

Persia saw the earliest development of the perfume industry. The priests in Egypt, who were the sole depositories of science, knew the secret of aromatic substances and prepared them. Egyptian perfumes acquired great celebrity, especially those made in Alexandria. Reserved originally for religious rites, perfumes subsequently became of current use among the wealthy classes. During banquets they were diffused through the halls and were burned in profusion. The Israelites during their sojourn in Egypt adopted the use of aromatic substances primarily for religious purposes and afterwards for personal usage. The Jews were fond of cosmetics and even used them to paint the face. All these perfumes were extracted from essences of trees and various plants. The Greeks, who loved elegance, were especially addicted to the use of perfumes, and they taught their secrets and usage to the Romans. The latter in the days of their decadence went so far as to scent the coats of their dogs. In the Middle Ages, the Arabs, Venetians, Genoese, and Florentines became famous for the preparation of sweet-smelling essences. —Family Herald.

The Methodists In Europe.

Methodist stations are already scattered throughout Europe—more than five hundred of them in eleven countries—and as a result of the War Emergency and Reconstruction campaign there will be more.

The Centenary program for Europe includes new missions in Spain, Roumania, and the Jugo-Slav State, as well as the extension of work in the countries already occupied.

Plans for the new work emphasize social service. There will be clinics and day nurseries, community centres and model farms, as well as schools and churches.

Methodism will also aid in the rebuilding of twelve villages near Chateau-Thierry, and will send to Europe relief cargoes of food, clothing, furniture, and farm implements.

To meet this program the church is raising $2,500,000 in 1919, twelve and a half times the amount appropriated in 1918.

The Test of Greatness.

When Elliston, the theatrical manager, went from London to his own theater at Birmingham he was known to scarcely a member of his own company. On reprimanding one of them sharply the irate actor threatened to kick him off the stage. He rushed to the stage manager and asked who that man was.

"Mr. A," said the manager.

"A great man, a very great man," said Elliston. "He threatened to kick me, the lessee of Drury Lane. Such a man as that must go to London. He mustn't waste his energies here." And he engaged the actor on the spot for Drury Lane.

An X-ray cabinet has been devised by a Florida inventor for destroying insect life in foods, tobacco and other perishable articles.

A Chat About Chickens.

In very cold weather to make the hen comfortable and to keep her in good condition feed (a little at a time, but often, in dry straw or other litter) some kind of mixed grain.

Milk to drink, or about a pound of meat or its equivalent in beef scrap each day, is required to supply material for the building of the egg white for twenty hens.

LINDSAY AND PETERBORO TIED IN FIRST GAME OF PLAY-OFF SERIES

5-5 DRAW WAS BEST PETES COULD GET LAST NIGHT—TO WIN THE GROUP CHAMPIONSHIP THEY WILL HAVE TO BEAT LINDSAY ON THEIR OWN ICE.

WELL, THEY DID IT BEFORE

To capture the group championship the Petes will have to turn the trick by beating Lindsay on the latter's ice to-morrow night. In the first of the home-and-home series played at Brock street rink last night before a crowded house, the best the local crew could do was to hold the visitors on even terms. The final score was 5-5, so that the district title depends solely upon the result of to-morrow night's battle in Lindsay.

So evenly matched are the two teams that it is still anybody's round. Of the five games played each have won two and one resulted in a draw, while on the total score in the quintette of contests Lindsay leads by two goals. The Petes are still very much in the running and the Wednesday game in Lindsay will be a torrid session.

Last night's game, in spite of its close score, was not as thrilling as Friday's battle. The pace, except for a while in the second period, was not as fast and there was not the same mad up-and-down rushing that characterized last meeting between the two teams.

Peterborough lost a chance to carry a lead to Lindsay with them because of their fingerless work in the first period. The old "pep" seemed to be lacking in the first twenty minutes, and Lindsay, outplaying the homesters found the nets three times while the Petes registered only on one occasion. There was little back-checking by the local forwards, and the responsibility of handling the Lindsay atack was thrown almost altogether on the defence, with the result that the Petes were two goals behind at the end of the period.

The home gang came to life in the second session, however, and had a big margin on the visitors, driving home three goals in succession and taking the lead for the first time. Lindsay managed to tie the score in the last couple of minutes, and the score was 4-4 at the end of the second.

Early in the third round the Peterborough crew again took the lead, but Lindsay once more equalized and the tie remained unbroken.

The biggest factor in the game was the work of Coombs, the Lindsay captain and right wing player. He was all over the ice, back-checking right across the rink and mussing up one Peterborough attack after another, while on the offensive he was by far the most dangerous of the visitors. His swift, accurate shooting gave Lindsay three counters, and had it not been for Murray's good goal-keeping, would have scored a dozen more. Coombs is 50 per cent. of the Lindsay team and was the best man on the ice. Flavelle was good on the defence, and O'Loughlin was more than good in the nets, making some beautiful saves.

For the Petes, Murray, although beaten by a couple of long shots, made up for it by a score of pretty stops and by his quick clearing in dangerous situations. Ray Rose was conspicuous by reason of his effective back-checking, and Halpin rushed nicely, his dash for a goal in the second period being the prettiest individual effort of the game. Lornie Rose was closely watched and did not get away as often as in Friday's game, but his rushes were always dangerous, Jackson was more than usually effective.

Referee Steve Vair was strict and vigilant and little escaped him, although the last Lindsay goal was scored on an offside that he missed.

The teams:

Lindsay.— Goal, O'Loughlin; defence, Flavelle, Lipsett; centre, McElroy; right wing, Coombs; left wing, Carew; subs, Mills, McPhee.

Peterborough— Goal, Murray; defence, Halpin, P. Thornton; centre, R. Rose; right wing, H. Thornton; left wing, L. Rose; subs, Evans, Jackson.

The first period was not particularly fast, although the ice was at its best. The Petes did not seem able to get going, especially on the forward line, and the failure of the advance guard to check back in this period gave Lindsay plenty of chances. In the first ten minutes both goalkeepers were called on to handle a lot of drives from outside the defence and did so without trouble. The period was nearly half over when Coombs opened the scoring. Getting the rubber at centre he started a circular rush and going at top speed scooped a long shot into the nets from twenty feet outside the defence.

A little later Coombs was chased for tripping Lornie Rose, but the Petes did not get a chance to score when he was off. The teams were at full strength again when Harry Thornton broke inside the defence and beat O'Loughlin with the tieing goal.

Lindsay were not to be denied, however, for shortly afterward Carew and McElroy combined for a neat goal by the former and the visitors were again in front.

Carew and Pete Thornton were chased for mixing it and while they were off a rush by Flavelle gave Lindsay another score. Murray came out and beat Flavelle, but the rubber was deflected to McElroy, who registered. The period ended with the score 3 to 1 in favor of Lindsay.

The Petes showed a considerable reverse of form in the second period when they outplayed the visitors in good style. They lost a fine opportunity early in the session when Lindsay had Carew and McElroy in the enalty box at the one time. The green shirts were over anxious and threw the chance away.

However, with the teams even again, Grover Halpin started the fireworks when, starting from behind his own nets he swept down the side of the rink, outskating the Lindsay forwards, and beat O'Loughlin with a swift, accurate shot.

The score seemed to put new life into the Petes and for the next few minutes they were all over the visitors. A little later, with Mills off for tripping, Pete Thornton took a pass from Evans close in and tied the score, and a minute after Lornie Rose put the Petes ahead for the first time when he slammed in a rebound off a shot by Harry Thornton.

The local lead did not last long, however, for Coombs squirmed up the side and scored on a shot that Murray met with his pads, but that rolled in between his legs.

Halpin drew a penalty for dumping Coombs, but there was no scoring while he was off. Flavelle got a crack on the nose and retired for repairs just before the period ended. McPhee, who replaced him, was chased for tripping and Lindsay were playing five men to six when the bell rang.

Early in the last period Lornie Rose was penalized for slashing. A little later Jackson put the Petes ahead by a scoop shot from the side that caught the corner of the net, and the score was 5 to 4.

Pete Thornton was given a sentence for slashing, and soon after Coombs tied the score with one of his long shots from the wing.

With the figures 5-5, the teams tried hard to break the tie, but the ice had become sticky and both outfits tired badly. Jackson and Flavelle both served sentences at this stage, but there was no further scoring. The summary:—

First Period.

1 Lindsay, Coombs.
2 Peterborough, H. Thornton.
3 Lindsay, Carew.
4 Lindsay, McElroy.

Second Period.

5 Peterborough, Halpin.
6 Peterborough, P. Thornton.
7 Peterborough, L. Rose.
8 Lindsay, Coombs.

Third Period.

9 Peterborough, Jackson.
10 Lindsay, Coombs.

HIGH ROLLERS WON TWO GAMES

Last night at the Water street Alleys in the Ten Pin League the High Rollers won two out of the three games from the De Laval, winning the second game by one pin. For De Laval Walter Fitzgerald rolled the nice score of 602, Barrett next with 327. For the High Rollers Solomon was high with 606. Thompson next with 545. The scores:

De Laval

W. Fitzgerald	197	184	221—602
Ruiter	157	125	167—459
A. Fitzgerald	104	155	166—484
Barrette	184	175	165—547
Carter	114	155	132—401
	810	794	851-2464

High Rollers

Thompson	208	160	168—545
Miller	177	158	131—466
Maynard	158	140	150—488
Thomas	135	132	136—403
Solomon	198	196	212—606
	876	795	797-2468

CENTRALS TAKE THREE FROM POST OFFICE

Last night in the Business Men's Five Pin League the Centrals came in strong and took three straights from the Post Office. The Post Office was short of one of their players and had to use a Dummy Score. For the Centrals, Ritchie was high man with 614, Flaherty next with 585, Jory 583, Wood 539. For the Post Office Ballard rolled the high three game with 618. The scores:

Centrals

Perry	126	135	172—433
Flaherty	163	224	168—585
Jory	172	187	224—583
Ritchie	221	173	220—614
Wood	176	223	160—559
	858	942	944-2743

Post Office

Fallen	123	132	88—353
Rightmeyer	219	158	122—499
Lacheur	85	129	147—361
Ballard	293	137	188—618
Dummy Score	130	130	130—390
	850	784	675-2309

HAYAKAWA GRIPS IN BIG FEATURE

FAMOUS JAPANESE STAR AT HIS BEST IN "THE ILLUSTRIOUS PRINCE."

A remarkable and graphically realistic fog scene is exposed in "The Illustrious Prince," the Robertson-Cole Superior Picture starring Sessue Hayakawa in a dramatization of E. Phillips Oppenheim's engrossing mysterr story.

How these fog scenes were obtained, is not only a proof of the ingeniousness of the producing staff of Hayakawa and their desire for artistic verity, but makes an interesting story in itself.

The little town of Van Nuys, California, was the locale selected for these fog scenes, and that hamlet got the thrill of its existence when the entire force of Haworth tackled the proposition. The players, directors, electricians, property men, riggers and helpers arrived one morning, secured the co-operating of the fire department in having the streets thoroughly drenched, and placed dozens of smoke pots around the town square and down the side streets. A smoke barrage was started and as this drifted in a perfect fog effect was obtained. Director Worthington then started his action which included mysterious appearances and disappearances of the principals in the story, the scene of the murder in the cab and the collision with the messenger boy.

The boy who played the messenger was badly injured in the shooting of tis scene, and had to be taken to a hospital. He was supposed to be run over by an automobile when one of the characters, after committing a murder; leaps from the cab. The fog was so bewildering and the action so rapid, that the little fellow was really thrown under the automobile.

This picture will be shown at the Grand on Thursday, Friday and Saturday of this week.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't Stay Gray! Here's an Old-Time Recipe that Anybody can Apply.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is mussy and out-of-date. Nowadays, by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

Cover a cheese with paraffin and it will keep in almost any weather

Omelets made with water are lighter than those made with milk.

GRIPPING STORY - GRAND THEATRE

WELSH PIT BOY MADE A BIG HIT—SPECIAL MUSIC FOR PICTURE.

At the Grand Opera House last night was presented Von Stroheim's famous play "Blind Husbands," which has been admired everywhere it has been seen, because of its wonderful story and superb acting and setting. This super production visibly impressed and delighted the well filled house that greeted it on its first evening.

Besides this wonderful picture a news feature and a comedy were very much enjoyed and a special vaudeville act, "The Welsh Pit Boy," by Reese Williams and Miss Elsie Addison, won well merited applause. The setting for the act was a Welsh mine pit, and Mr. Williams as a pit boy and Miss Addison as his sister were given full opportunity to display their talented vocal powers.

"Blind Husbands."

The great picture, "Blind Husbands," is one that will not soon be forgotten by those who were fortunate in seeing it. Too much cannot be said of the superb settings for this story of heart interests of the wonderful acting and of the story itself written by Von Stronheim, who plays the part of the Austrian lieutenant, Von Steuben.

The story revolves around a visit of Dr. Armstrong, a famous American surgeon, and his pretty wife, to the Alps. Von Steuben, an immaculate Austrian officer, who is staying at the same hotel as the Americans, attempts to alienate the wife's affections from her husband, who is blind to his wife's appeal for love, and is engrossed in his reading and mountain climbing. The Americans do not see through the clever Austrian for some time and the climax of the story comes when after climbing high mountains with him he leaves him to the birds of prey and comes down alone. He falls but is caught on a jutting rock covered with soft moss, and is not seriously injured.

Von Steuben is at the pinnacle of the mountain and in sheer desperation of the vultures which circle over him he moves nearer and nearer the edge and finally slips over the precipice.

Dr. Armstrong now sees his wife's need for his attentions and his past neglect and his habits are altered accordingly.

The story is one that is full of pathos and heart interest, yet filled with thrilling scenes, and is a picture that appeals to everyone.

The augmented orchestra played the original setting for the production in a manner that deserves the highest merit. This music contains some of the best selections from the great masters and is of such a character that it transports one across the sea to the scene of the play and adds much to the picture.

Hats continue to be worn low on the head.

The popularity of the overblouse is assured.

Browned flour will keep a long time if put away in screw top jars.

FLOWERS

are dispensers of joyfulness. When they grace the family table they help to dissipate the gloom of workaday's troubles and make the mealtime more enjoyable. When are you going to get acquainted with our floral offerings? They will most certainly please you.

Sleep is the Body's Building-up Time

ONLY deep, sound sleep can restore the energy spent in your day's work.

You can't get this kind of sleep in a wooden bed that creaks and groans every time you move in it. Or a metal bed that rattles and sways. Or on a spring that sags—does not support the body.

People who know the facts are going beyond the mere looks of a bed, and asking about *sleeping quality*.

There isn't anybody anywhere but will sleep better on a Simmons Metal Bed and Waldorf Box Spring.

• • •

THE Simmons Metal Bed is *noiseless*. It locks firm at the corners. The corner locks are made of pressed steel — fit true and snug — not a creak, rattle, or feeling of unsteadiness.

It is perfectly rigid — feels and moves like one solid piece.

The Simmons Pressed Steel Corner Locks are protected by basic patents—*exclusive with Simmons Limited*, not to be duplicated or imitated.

IF you want the most relaxing and constructive sleep anyone can get, you'll find it in a Simmons *Twin Bed*.

Everywhere people of refinement are learning that there's nothing like a separate bed for promoting perfect rest and good health.

This advanced thought about sleep has long been a Simmons specialty. They are pioneer makers of Twin Beds. There is nowhere a showing of Twin Beds equal to those produced by *Simmons Limited*.

And in Simmons Waldorf Box Spring you will find a spring that really *does* what you have always wanted a bed spring to do.

It invites *complete* relaxation, sound and health-giving sleep.

It supports the body *at ease* on fine resilient spring coils—each coil conforming freely to the *contours*, so that the spine is perfectly rested, whether one sleeps on the back or on the side.

It fits firmly on the bed — is noiseless — does not sag, hump or lose its resiliency.

It is covered with ticking of the finest grade and great wearing quality, in new and attractive designs.

• • •

NO doubt you're tired of trying to get the *right* kind of sleep on a bed made merely for *looks*

You'd be glad to get a *good* metal bed.

The Simmons Bed comes in enameled steel and in lacquered brass — new and beautiful designs

Not all furniture dealers carry Simmons Beds. But leading merchants everywhere have a complete stock of Simmons Metal Beds, Waldorf Box Springs, Simmons Mattresses and Pillows.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established *beautiful and authoritative design* in Metal Beds.

If you do not know the Simmons merchants in this section, we shall be glad to send you their names.

Sleep is a big subject! Write us for the brochure, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

MEN'S GUILD HELD A SOCIAL

WAR VIEWS SHOWN AT ST. ANDREW'S CHURCH.

The Young Men's Guild of St. Andrew's Church held a social in the lecture room last night which was a great success. Everyone was happy, the young men were attentive to their guests; the refreshments were all that could be desired; the program consisting of vocal and musical selections and lantern slides of the fourth year of the war pleased and interested the audience; and the period before and after the program in which everyboy got better acquainted robbed the evening of all stiffness and formality. All visited the exhibit of "Souvenirs" provided by the members of the Guild who had been overseas.

The young men appreciate very much the assistance given toward making the evening a success by Mrs. Wm. Stevens, Mrs. C. McFarlane, Miss Doris Pilling, Miss Eastwood, Mr. Hartshorne, Mr. Jos. John, Mr. Frank Clark, Mr. John Crane, The Heintzman Piano Company and those who contributed to the refreshments. Mr. Norman Brand occupied the chair and explained the war views.

NEW NOTE HAS BEEN PREPARED

(Canadian Press.)

PARIS, Feb. 3.— The Council of Ambassadors have decided that neither the list of persons whose extradition is to be demanded by the Allies nor note to be addressed to Germany in this regard, will be made public here. The draft of the note was decided upon by the Council this morning. The Council also discussed the reply to Holland regarding the surrender of Count Hohenzollern, and the terms of the Allied response will be further taken up at a meeting of the Council on Friday. It is not expected that a decision will be reached on that day as the different governments interested must be consulted.

PRIMITIVE BOOKKEEPING.

Remarkable System of the Illiterate Peruvians.

If you have spent precious hours computing your income tax and other financial problems, you still have cause to congratulate yourself that you are not a Peruvian. For Peruvians keep their accounts by means of knotted strings.

It is sometimes claimed that knot-records have been used to commemorate important historical events, preserve traditions, etc. Whether or not this be true, it is well known that the use of knotted-string records for preserving numerical accounts has been widely practiced by primitive peoples, particularly in China and Peru. The most remarkable development of knot-records is to be found in more recent times among the Incas of Peru. Many carefully kept knot-records have been found in Inca among the variety of personal possessions buried with the dead.

The Incas, although representing an advanced stage of civilization, and possessing a highly developed governmental machinery, a wealth of tradition and an unusually rich and expressive language, had no system of writing. Yet they kept accurate records of all the accounts of the Inca empire, census and tribute statements, birth and death statistics, and so on, as well as private accounts such as crop and stock records. Still more surprising, they used the decimal system.

A knot-record consists of a series of knotted cords, depending, like a fringe, from a main cord called a "quipu" (from the Quichua Indian word meaning "knot"). The cords used in knot accounts were spun twice the desired length, then doubled and the two strands twisted together, a loop being left at the closed end. In attaching to the quipu or main cord, the pendant cord was laid around the quipu, the free end being passed through the loop formed by the doubling, and was then drawn taut.

The knots in the pendant cords represent different numbers, their value depending on their distance from the main cord and on the manner of tying. A single or overhand knot tied in a pendant cord, if it is in the position farthest from the main cord (units position) stands for 1. Two such knots in the same position represent 2. Two such knots in the position next farthest away from the main cord (tens position) indicate 20, or, if in the next position (hundreds order), 200. The decimal system being used, not more than nine single knots are ever found in one group. A long knot was used in place of a cluster of single knots to express the repetition of units of the same order. The rows of knots representing units, tens, hundreds etc., in a complete knot-record were kept straight (so that they ran horizontally across the fringe), just as our columns of figures are kept straight in accounting.

Different colored cords were used, sometimes merely as a matter of fancy or convenience with the record keeper, but frequently to indicate different accounts.

Mr. L. Leland Locke, of Columbia University was the first to work out the significance of the Peruvian knot-records. To him belongs the distinction of having analyzed what was probably the earliest decimal system of notation of the western world. Mr. Locke has demonstrated, by testing and checking, that he can readily and correctly read the knot-records of the Incas.

Iron Industry In Switzerland.

The iron and steel industry of Switzerland employs thousands of workmen and furnishes the means of livelihood to a large and influential part of the Swiss population.

Here is What the Principal Learned

DODD'S KIDNEY PILLS ARE THE REMEDY FOR KIDNEY ILLS.

Principal of Saskatchewan Schools Tells Out of His Own Experience What to do When the Kidneys are Diseased.

Webb, Sask., Feb. 2.— (Special.)— That there is one sovereign remedy for kidney disease and that remedy is Dodd's Kidney Pills is the outspoken opinion of Mr. George Hutchings, principal of the public schools here.

"I suffered for two years from diseased kidneys," Principal Hutchings states. "I was advised about a year ago to try Dodd's Didney Pills. They have helped me more than any remedy I have ever tried. I find that my health has been greatly improved.

'I can conscientiously recommend Dodd's Kidney Pills to anyone suffering from kidney disease. I would not be without them."

Dodd's Kidney Pills act directly on the kidneys. They help the kidneys to do their full work of straining all the impurities out of the blood. The result is new health and energy all over the body. Ask your neighbors about Dodd's Kidney Pills.

POPULAR PRESSURE MAKES JURYMAN CHANGE VIEWS

MONROE, La., Feb. 2.—Because a juryman failed to agree to a verdict of guilty in the case of Alvin Calhoun, a negro, alleged confessed slayer of N. E. Arnold, a young white farmer, a mob publicly whipped the recalcitrant juror and then dipped him in a mud hole, said reports reaching here last night from Tallulah, where the trial was held. After his chastisement, the report said, the mud-covered juror returned to the jury room and agreed to a verdict of murder in the first degree. He was then ordered to leave town by a delegation of citizens.

Good-bye Dyspepsia

No More Gurgly Brash, "Lump of Lead," Bad Digestion, Heartburn or Such Troubles.

The man who can't help making faces at his stomach, the man or woman with a grouchy digestion, or with downright dyspepsia need fret no more.

The heaviest, richest dinners, the most unspeakable quick lunches, all can be taken care of without imposing on the stomach. A scientific digestive can do the digesting where the stomach either did not do it before or did it very imperfectly.

This is why the use of Stuart's Dyspepsia Tablets has become so universal among those who suffer from indigestion and dyspepsia.

Take one of Stuart's dyspepsia Tablets after your next meal and if you are given to belching, sour risings, fermentation, heavy, lump, feeling in the stomach, indigestion, dyspepsia, loss of appetite or other such digstive derangement, you will find at once a remarkable improvement.

They arouse the gastric juices and give the stomach the rest it needs before it can again be healthy and strong.

Stuart's Dyspepsia Tablets are for sale at all druggists at 50c. a box

375,000 AUSTRIANS HAVE DIED IN SIBERIA.

Remaining 125,000 War Prisoners Kept Alive by International Red Cross Workers.

GENEVA, Feb. 2.—Nearly 375,000 of the 500,000 Austro-Hungarian prisoners of war taken by the Russians have perished in Siberia from small pox and typhus, according to Vladivostock despatches to International Red Cross headquarters here.

The rest were kept alive only by the efficient work of the Japanese, American, and British doctors, who have been assigned to different towns along the Trans-Siberian Railroad. East of Lake Baikal, Chinese physicians are also helping, but the work is difficult owing to the Bolshevist invasion.

SCOTLAND YARD BANS FILM ON ARMENIANS

Decides American Production, "Auction of Souls," Showing Women Being Crucified, Is Indecent.

LONDON—Scotland Yard police authorities have banned the pubilc exhibition of the American film, "Auction of Souls" and thereby have treated an extraordinary situation. The film which is based on Lord Bryce's report on the Armenian horrors, was shown privately in London two months ago to a distinguished audience, which included Lords, ladies, Bishops and politicians. Lord Bryce himself saw it and he and others realized the propagandist possibilities of the picture. Finally the League of Nations Union, of which Viscount Grey is President, and Lloyd George, Balfour and Asquith are honorary Presidents, undertook the responsibility of exhibiting it in London, although it was realized there might be considerable public comment on the production. Some papers had written adversely about the film, declaring that its harrowing scenes, and especially those showing the crucifixion of nude women and stripped women being flogged in a harem, rendered its public exhibition undesirable. The League of Nations Union, however, after careful consideration, arranged with the General Film Renting Company, which controls the English rights, to screen it for three weeks at Albert Hall, commencing Monday next.

Scotland Yard today notified the film company of its objection and it is gathered, placed the banning of the film on the ground of indecency. The matter has been referred to the Home Office, one of whose representatives had seen the film and upon whose report final decision rests.

To Overcome Winter Complexion Troubles

If the chill air causes your skin to dry and scale or become unduly red or spotted, before you go to bed spread a thin layer of ordinary mercolized wax over your entire face. Remove next morning with warm water. This is the ideal complexion treatment for the winter girl. The wax gently absorbs the dead particles of surface skin, so gradually there's no discomfort. This gives the underlying skin a chance to breathe and to show itself. In a week or so the new and younger skin is wholly in evidence and you have a really matchless complexion. Naturally all its defects disappear with the discarded cuticle—as chaps, roughness, blotches, pimples, freckles, blackheads. Usually an ounce of mercolized wax, procurable at any drugstore, is enough to renovate even the worst complexion.

BASEBALL PRICES MAY BE INCREASED

NEW YORK.—Frederick G. Lieb writes in The Sun:

The fact that not a Yankee player has returned his signed contract for 1920, is nothing new with that club, but it indicates the trend of affairs throughout both major leagues. From all indications this winter will bring out a banner crop of holdouts.

It was predicted early in the winter that the clubs would experince a lot of difficulty inducing their players to sign at the war salaries of 1919. From various conversations with the athletes it was evident they intended to insist upon sharing in the returned prosperity of the game.

The remarks made by Charley Stoneham, the Giant president, on his recent return from Cuba have added fuel to the flames of discontent Stoneham remarked that the Giants would get salaries in accordance with the present high cost of living.

When out of town club owners read it they were thrown into a panic. The players, who often go by New York standards, had a new weapon to employ.

All Reds Holding Out.

The Cincinnati Reds seem to be most insistent in their demands for more money, and practically the entire team is holding out for big salary increases. Miller Huggins who lives in Cincinnati, recently said one Red player is holding out for $14,000. Of the prominent Reds only Ray Fisher and Jimmy Ring, the former Yanks, have signed.

One method suggested to meet all these requests for raises is to increase the rate of admission. This question will come before the two leagues at their joint conference in Chicago on February 10.

Some magnates are pointing out that to raise the prices is the only remedy the club owners have. With the exception of doing away with the 25 cent bleachers in most parks or crease prices and that baseball must of present day operating. Just how cutting them down to a handful few clubs have put up prices. Some clubs would like to raise their 75 cent grand stand seats to a dollar, on the ground that all other amusement enterprises have been obliged to indo the same to cover the heavy cost the fans would take it as another matter.

CHANCE FOR WILLARD.

NEW YORK, Feb. 2.—Little has been heard from Jess Willard since he lost his crown to Jack Dempsey in the sun-baked arena at Toledo, but he other day he broke his silence long enough to say that he would challenge Georges Carpentier if the Frenchman happened to defeat Dempsey.

If Willard is thinking of returning to the ring, he should get into action before he loses what little form he regained while training for Dempsey.

If Willard needs money for improvements on his ranch, he could command a considerable amount by consenting to take on Fred Fulton. Willard figures to have an excellent chance of beating Fulton, and, if held in New Jersey, the bout would draw a small fortune.

EUROPE THREATENED BY CHILD MORTALITY

Reports at "Save the Children" Conference Show Conditions.

GENEVA.—Disaster threatens Europe through the increasing mortality among children and there will be a rapid spread of disease unless help is available, especially from the United States and England, according to reports of the leading delegats to the recent 'Save the Children" conference held here.

Lady Muriel Paget, one of the British representatives, said hundreds of children were dying in Czecho-Slovakia this winter from cold and lack of clothes. There was only one doctor for each 50,000 inhabitants of the country, she asserted.

DANDRUFF SOON GETS YOUR HAIR

Let "Danderine" Check Nasty Scurf and Stop Hair Falling Out.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair usually stops coming out and you can't find any dandruff. Soon every hair on your scalp shows new life, vigor, brightness, thickness and more colour.

PUBLIC SHOULD TAKE EVERY PRECAUTION TO GUARD AGAINST "FLU"

Reports Show That Influenza Epidemic is Gaining Headway In Many Sections of the Country.

KEEP SYSTEM IN BEST POSSIBLE CONDITION

Persons Weak and Rundown Are Earliest Victims. Fortify Against Attack By Taking Tanlac.

According to late press reports issued by state and city health authorities, Influenza is again becoming epidemic in many sections, and some alarm is now felt that it may become general over the entire country.

Owing to the lateness of the season it is not thought possible that the disease can become the great and terrifying scourge that it was last year, when it swept the entire country and claimed its victims by the hundreds of thousands. The danger is too great, however, to take any chances, and everything possible should be done to ward it off.

Medical authorities agree that people who are weak and run-down are the earliest victims of Influenza. If you find yourself tired (and nervous), weak, and losing flesh, or if you are in a generally run-down condition or catch cold easily, this warning should be heeded promptly. You are really in danger if exposed to the disease, because it is generally believed to be very contagious, and you are apt to fall an easy victim if you come in contact with the germs.

People who are well and strong are not likely to contract the disease because they are able to throw it off. The common-sense way to keep from taking it is to fortify the system against attack by building up the constitution, in other words, begin immediately to build up your powers of resistance

To accomplish this it has been demonstrated that nothing on earth will strengthen you and build you up like Tanlac, the powerful reconstructive tonic which contains the very elements needed to build up the system and give you fighting strength to ward off the Influenza germ.

First of all, Tanlac begins its work by creating a good, healthy appetite for wholesome, nourishing food, and assists every organ of the body to perform its natural function, thus helping to build up health and strength in the natural way.

Tanlac is also an ideal strengthening tonic for persons who are suffering from the after-effects of Influenza, Grippe, and bronchial troubles, and hundreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment it is necessary to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are enclosed with every bottle of Tanlac. It is also important that the every-day rules of hygiene be observed, that is, sleep in well-ventilated rooms, get plenty of fresh air and exercise, and keep away from crowds.

Tanlac is sold in Peterborough by W. B. Warne Drug Co., Limited; in Havelock by A. C. Denike; in Lakefield by Tanner Drug Co., Ltd.; in Fowlers Corners by W. A. Hunter; in Gelert by A. I. Scott; in Westwood by G. Pringle & Son. (Advt.)

REBELLION IN STOMACH

"Pape's Diapepsin" at once ends Indigestion and Sour, Acid Stomach

Lumps of undigested food cause pain. If your stomach is in revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just take a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the pain, acidity, indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless stomach antacid is Pape's Diapepsin, which costs so little at drug stores.

AERIAL PHOTOGRAPHY TO MAKE MAP OF PETERBORO

CITY DEVELOPMENT COMMISSION URGES TOPOGRAPRICAL MAP TO BE MADE FROM AIRPLANE ---ASK FOR GRANT OF $1,500 ---ENUMERATE ADVANTAGES OF THIS GUIDE.

REFERRED TO COMMITTEE

The first report of the City Development Commission was presented to the Council last night and their request for a grant of $1500 to cover the cost of an exact and accurate topographical map of Peterboro to be made by aerial photography was referred to the Finance Committee. The report follows:—

Your City Development Commission beg respectfully to submit their first report and, at the outset, desire to say that the need for and the objects of city planning may be briefly summarized as follows:—

To so guide the development of the City that there will be no congested areas. To direct the development of business, residential and factory districts. To develop the means of communication between the different sections of the City along the most convenient and shortest lines.

To the end that sewer, water and other public utility systems may be adequately and economically planned with a view to future growth. That streets may be in harmony with the city plan and advantageously located as to the subdivisions of abutting properties. That all sections of the city and all subdivisions of property may become parts of one harmonious whole.

To provide parks, parkways and play-grounds where they will be most accessible and of the greatest benefit to the community.

To make the City a place to live in and enjoy, instead of a place in which to exist.

Suggested by Mr. Adams.

On November 7th, 1910, Mr. Thomas Adams, the Government Town Planning Advisor, advised as essential steps toward a City plan; first, the creation and appointment of a City Development Commission; second, the location of the railway station centre as the "hub" of the City's plan; and third, the preparation of a topographical map by a general survey of the city and suburbs.

Scope of Commission.

On December 1st, by unanimous action of the Council, the City Development Commission was constituted to consider and report upon (1) the physical improvement and extension of the City's streets and highways, (2) parks and parkways, (3) water and water frontages and (4) other subjects that may originate with or be referred to it; (5) to cooperate with the Government Town Planning Advisor in elaborating and reporting upon a specific plan of city development and also (6) to report upon a permanent system under which the future development of the city may be furthered.

On January 1st, the strong support of the ratepayers, in favour of the proposal to purchase Riverside Park and the properties immediately north and east to Burnham street for park purposes, was indicative of a growing and positive interest in park extension and improvement.

This City is fortunate in having unequalled natural advantages, a few difficult conditions to overcome, in the systematic planning of its future. By preliminary designing, we can ensure the wise development of the whole city physically and thus effect a result that must enhance its attractiveness, enrich material values individually and collectively and promote to the general welfare.

The whole problem of town planning hinges, to a large extent, upon transportation conditions and facilities. In the opinion of your Commission, the railway station problem is amendable to negotiations and your Commission believe that the sympathetic and practical co-operation of the interested corporations can be secured. This should obviate the need of employing an expert railway engineer which would involve a considerable outlay. Under a plan of co-operation with the chief engineers of the railway companies we can have the position of all sidings and lines of extension indicated and can then judge the effect of these upon the growth of the City.

Then too, comparatively, little expense will be involved in the preparation of a complete topographical map of the city because the data has already been compiled by the City Engineer and will require only technical study and drafting; but the preparation of a general map adapted for the purpose of Mr. Adams, the City Engineer and your Commission, in their collaborative work, is primarily necessary.

Taken From Airplane.

Mr. Adams suggests that an aeroplane photographic map of the city and environs be made. Your Commission believe that such a map would be a substantial and profitable investment for the city at this time when its future is to be critically studied and planned.

The preparation of a general map, by means of the usual ground survey, would cost a vastly greater sum. This new method is a step far in advance, both in excellence and economy, over the old way of making such maps. The photographs are taken vertically from a distance of about 4,000 feet above the City and are joined together so as to form a perfect whole.

This map will be of great use to your several departments. The City has been without such a map since what was known as Cameron's map, made some twenty-five years ago. Goad's Plan, made some forty years ago, has been periodically revised by the Canadian Board of Underwriters which owns it. The photographic map will be incomparably superior and will show the entire city exactly as it is—all the houses, buildings and sections and their relation to each other. Many of the City departments have urgent need of such a map and the one suggested would meet that need.

It will be modern, up-to-date, and should advertise Peterborough in a unique way, since this city will be the first of its size on the continent to have an aeroplane photographic general map. In correspondence and negotiation with new industries and in their actual location in the city its value can hardly be estimated.

Acting upon the suggestion of Mr. Adams and at the request of your Commission, Mr. Parsons has ascertained that the aeroplane company now engaged in making a similar map of Toronto will undertake the work at Peterborough at a cost not to exceed ten hundred dollars and that the company can make the map in the early spring when conditions are ideal for the purpose.

Get Mr. Adam's Services.

In view of the fact that the city is assured the practical advice and direction of Mr. Thomas Adams, who stands at the head of his profession in the English-speaking world, practically without cost to the city it is not only important that his specific recommendations be favorably received and approved, but that we do all in our power to simplify his study and facilitate his work. Your Commission believe that it will be a distinct advantage and a source of profit to the city to place the desired map under the eye of Mr. Adams, and those of his assistants, in his well equipped office in Ottawa; he will then have less occasion to visit the city in person and can consequently advance his work without delay.

The urgency of prompt action is obvious. The immediate negotiation of a contract with the aeroplane company is imperative if the work is to be done this spring. Mr. Adams promises to begin at once the preparation of the City's plan which is to comprehend the entire city's development for generations to come.

Your Commission respectfully recommends: First, as the position of the transportation lines and the railway station centre form an essential part of city planning you may wish to concentrate attention to them and to refer all correspondence and negotiation touching these questions to your Commission and, if this be your desire and order, such matters shall have earnest and immediate attention. Second, that an appropriation be authorized, not to exceed fifteen hundred dollars, for the purpose of making an aeroplane photographic map of the city and suburbs and also for elaborating a topographical map, from data now in the hands of the City Engineer, to the scale of one inch to two hundred feet, for the special use of Mr. Adams, your Commission and all other departments of the City.

This man will be the property of the city and may be placed in the custody of the City Engineer who can have prints made for every department requiring its use.

All of which is respectfully submitted by your City Development Commission.

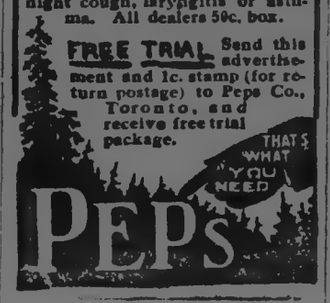
GEORGE H. DUNCAN,
President.
RYERSON RITCHIE,
Secretary.

IF you had a sore place, and had to choose between two remedies, one of which went to the sore spot direct, and the other by a round-about way, which would you prefer? Undoubtedly, the one that gets there direct!

That is just the reason for people's preference for Peps for ailments of the throat, bronchial tubes and lungs. Peps get there direct, because they are breathable, while remedies which are swallowed only go to the stomach

Dissolve Peps in the mouth, and the vapor which is liberated is carried by the breath direct to the breathing passages and minute air cells of the lungs, destroying all germs, and soothing, healing, and strengthening the delicate membranes.

Once you try Peps you will never use any other remedy for coughs, colds, sore throat, bronchitis, tightness across the chest, night cough, laryngitis or asthma. All dealers 50c. box.



FREE TRIAL Send this advertisement and 1c. stamp (for return postage) to Peps Co., Toronto, and receive free trial package.

FACTS! NOT FICTION

Since our Genuine 20% off Reduction Sale which started a couple of weeks ago, the selling has been something out of the ordinary. But our Stocks in the Two Stores are still large—and the season is well advanced. Several thousands of Dollar's worth of New Spring Footwear has been purchased, and is ready for shipment; but we have no room on the shelves for it. We must move the present overload of Stocks more quickly. Necessity Knows No Law.

The Remedy is: Bigger Sacrifices than ever! and we're compelled to make them. WEDNESDAY MORNING we inaugurate

A Reckless Re-Adjustment Clearance

TO INSURE A CLEAN-SWEEP OF OUR WINTER STOCKS. ALL PRICES STILL FURTHER SLASHED!

25%

RECORD-BREAKING REDUCTIONS IN BOTH STORES

Invest in Shoes NOW. This unparalleled Sacrifice is Genuine—A FACT that everyone can prove to-morrow for themselves

NEW YORK STOCK MARKETS

(United Press.)

NEW YORK, Feb. 3.—The stock market was irregular at the opening to-day, but prices varied only fractionally from the previous close. U. S. Steel opened at 104 5-8, unchanged; Marine Pref., 95 1-8, off 7-8; International Paper, 82 1-2, off 1-4; Sinclair, 40 3-4, off 1-4; Studebaker, 103 7-8, off 1-4; Central Leather, 91 1-2, unchanged; U. R. Stores, 85 3-4, off 1-4; New Haven, 27 3-4, up 1-4; Southern Pacific, 100 3-4, up 3-8; Bethlehem B., 96 1-8, off 1-4; Baldwin, 117 5-8, up 1-8.

The bears took advantage of the demoralization in sterling to start a drive. Endicott Johnson broke 4 to 125 1-2; General Motors 2 1-2 to 303; Mexican Petroleum 2 5-8 to 192; Pan Amn 1 3-8 to 91; American Woollen, 2 to 150, and Crucible 2 1-4 to 217.

Selling continued in special issues during the forenoon. Middle States Oil receded to 37 1-4—a new low on the move. Baldwin declined 1 to 16 1-2; Gen. Motors to 299; Marine Pref. to 94 1-2 and Republic to 112½. Steel common held within range of half a point from Monday's close but rails gave ground with general list.

Prices still showed a sagging tendency round noon Steel Common held at 104 but most speculative leaders moved toward lower levels United States Rubber dropped to 127; U. R. Stores to 84 American Woollen to 148 1-2.

(United Press.)

NEW YORK, Feb. 3.—The British pound sterling opened off 4 cents at a new low record of $3.39 in the money market to-day after demand sterling exchange had opened in London at the same price.

In the first half hour sterling declined again to $3.36 1-4. Other foreign exchanges also reached lower levels. Francs opened at 14.02 off 15 centimes, and lire 16.52 off 46 centimes. The German mark fell to .0109—Belgian cables were 14 francs per dollar and Vienna kronen .0034.

CHIROPRACTIC
Splendid results obtained in Rheumatism, Nervous Diseases of all kinds, Stomach, Kidney and Liver Troubles, no matter how long standing
Dr. R. T. Pettersone
435 George Street

NOT WHAT YOU EXPECTED

You thought I was going to tell you, the Havelock man came back this week with all of Havelock, but while it would be exciting reading, it would not be true, but listen! Last summer a friend suffered agony for two weeks with acute indigestion. She was induced with difficulty to take Gallagher's Blood Purifier, was soon cured and now it is a family remedy. The other night I met a young Douro farmer who told me he had doctored for years for acidity of the stomach and indigestion, getting no relief until he took our Blood Purifier. Now he is not troubled with it. Is it any wonder I am enthusastic about it when almost every day someone tells me a similar story. This Herbal Remedy is manufactured by the Gallagher Remedy Co., 333 Water St., Peterborough. If you are similarly troubled, I know it will do the same for you. I thought you would like to know. Your friend.

JACK SPEILL.

Russia has a girl scout organization.

SOCIAL AND PERSONAL

Mrs. Reginald Lockhart is in the city visiting her parents, Mr. and Mrs. Alex. J. Robertson, 397 Reid street.

Master Harold O'Toole, who has been seriously ill at his home 216 Perry street, suffering from sleeping sickness is improving and is considered out of danger by the doctors in attendance.

Mrs. Wm. White and Miss Pearl, O'Neill were in Peterboro to-day, having accompanied Miss Agnes White, who entered th Joseph's Novitiat in that city—Lindsay Post.

Miss Margaret Gibson of Brunkild, Manitoba, is the guest of Miss Grace Allin, Sherbrooke street.

Mrs. H. M. Yelland will receive for the first time at her home, 539 George street, on Wednesday, Feb. 4th, from 4 to 6 p.m., and from 8 to 10 p.m. when Dr. Yelland will be present. Regular parades will be resumed

Mr. Gordon Greer of Gilmour street, returned last evening from a business trip to Winnipeg.

Mrs. Albert Stratton and Miss Stratton are in Toronto, visiting Mrs. T. F. Matthews.

Similar in every respect to the charming society functions held before the war was the delightful tea given by Mrs. W. H. Somerville at her residence on Wednesday afternoon to a number of her Twin-city friends in honor of her house guests Miss Florence Cameron and Miss Reinhart of Peterboro both of which assisted the hostess in the drawing room. The prettily appointed tea table centred with sweet peas and ferns was presided over by Mrs. E. Frowde Seagram while those assisting at the tea hour were Mrs. R. H. Edmonds, Mrs. H. A. Moyer, Mrs. L. Breithaupt and Miss Butler.—Kitchener Telegraph.

In a list of honors gazetted in London, on February 2nd, Captain E. Vivian Fessenden of the 15th Battalion, is mentioned as "brought to notice."

Mr. W. T. Blaney, production manager of the Remington Arms Co., of Swantou, Vermont, is in the city, the guest of Mr. H. M. Bishop, of Homewood Avenue.

Good things may be cheap, but cheap things are seldom good.

WEDDING BELLS

VAREY—TOMS
A quiet wedding was solemnized at the George street Methodist parsonage on Jan. 28th 1920, when John Stanley Varty and Vida Viola Toms, both of the Township of Belmont, were united in marriage, Rev. Amos J. Thomas performing the ceremony.

MILLER—DEWART.
On Monday, February 2nd, at two p.m., at the George Street Methodist Parsonage, by the Rev. Amos J. Thomas, there was united in the holy bonds of matrimony, Miss Clara M. Dewart, of the Brantford Business College staff, youngest daughter of Mrs. John Dewart, of Douro, and Mr. Stephen Miller, eldest son of Mr. Thomas Miller, also of Douro. The bride wore a tailored suit of navy tricotine, with navy satin hat. The young couple will reside in Douro. Their many friends wish them every happiness.

OBITUARY

ROBERT FREEBURN
The death occurred this morning at the family residence, 104 Dublin street, at 10.30 o'clock of Robert Freeburn, aged 50 years. The deceased had been in failing health for some time but during the last few days his condition has become rapidly worse and in spite of all that could be done for him he passed away this morning.

Mr. Freeburn had only resided in this city since last fall, he and his wife and daughter moving here from Hall's Bridge, where the deceased was born and where he had lived until his removal here and his many friends in the village and through the district will regret to hear of his death.

He leaves to mourn his loss his wife and one daughter, Zetta of this city and his mother and two brothers Richard and Frank all of Smith Township an one sister, Mrs. Dubay of this city.

The funeral will take place on Thursday.

GILBERT WALTON BURSTON
The death occurred this morning at Nichol's Hospital of Gilbert Walton Burston, the ten year old son of Mr. and Mrs. Eli Burston of Bridgenorth. The deceased is the only child and had only been ill for a short time. Death was due to pneumonia.

The funeral will take place Thursday morning at 10.30 o'clock from Belleghem's Undertaking Parlours to the Little Lake Cemetery for interment Service will be held at the Parlours at 10 o'clock, the Rev. Mr. Webster of Bridgenorth, officiating.

MUST SPEAK ENGLISH OR ELSE GO TO JAIL

NEW YORK, Feb. 3.—"The time will come when a man who can't speak English will be sent to jail," said Magistrate W. Bruce Cobb to an Austrian summoned before him. "How long have you been in this country?" he asked.

"Six years," was the reply, through an interpreter.

"Well, you ought to be ashamed of yourself. There is no legitimate excuse for your not having at least a speaking knowledge of our language. I want to take this occasion to warn you that the time is coming when a man who can't speak English here will be sent to jail without the option of a fine."

The man said he had a wife and two children and that he was so busy making a living that he had no time to learn English.

"That's all tommyrot," said Magistrate Cobb. "You learn English."

HOSPITAL STRIKE AVERTED WHEN THE STAFFS WERE FED

VIENNA, Feb. 3. — A strike of the staffs in the various hospitals in Vienna was averted by the authorities promising to furnish the personnel with meals. The physicians employed by the health insurance companies struck to-day for higher fees, their action being part of the general agitation for higher compensation by members of the medical profession.

BIRTH
DWYER.—At St. Joseph's Hospital, Jan. 12th, 1920, to Mr. and Mrs. Joseph Dwyer, a daughter, Clara Ellen.

RUMOR HAS IT THAT GOWDY MAY BE RELEASED

There is a belief in Boston that Hank Gowdy, hero of the world's series of 1914, and of the World War of 1914-'18 has played his last game as a member of the Braves. George Washington Grant is now formulating plans which will result in a thorough shaking up of the Braves before the dawning of the season of 1920, and Gowdy, it is said, will be one of the first of the club's veteran players to go.

Gowdy probably would be greatly benefited by the consummation of a deal that would take him away from Boston. The morale of the Braves was very low during the last season.

To thin paste use vinegar instead of water, and the paste will not spoil.

German Ambassador Resigns and Leaves For Home

WILL SIGN COVENANT

POLES COMPEL BOLSHEVIK GOVERNMENT TO GUARANTEE IMMUNITY FROM RED PROPAGANDA.

MORAL BULWARK

(Canadian Press.)

WASHINGTON, Feb. 4. — Polish Diet will sign the peace treaty proffered by Russian Soviet government, if guarantees are given that propaganda will not be carried on in Poland and other European countries, it is said by Prince Casimir Lubomirski, Polish Minister to the United States. The Soviet peace proposal, the Minister said, is proof that the Polish policy of maintaining a strategic military frontier against the Bolsheviki has been the right one. The Poles have at all times been on the defensive and have no imperialistic intentions, he added.

"Poland will be glad now to serve as a peaceful and moral bulwark against Bolshevism, just as it has been until now the military bulwark. But to this purpose Poland must get enough food to enable the demobilized army and labor classes to work energetically and must have raw material such as cotton and wool, to give them opportunity to work," said the Prince.

LIST RETURNED TO THE PREMIER

GERMAN REPRESENTATIVE HAS RESIGNED HIS COMMISSION.

(Canadian Press.)

PARIS, Feb. 4.—Kurt von Lersner, the German Charge d'Affaires here, has returned to Premier Millerand the list containing the names of the Germans whose extradition is demanded by the Allies, which was handed to him last night, and has informed the Premier that he has resigned, and is leaving for Berlin by the first train.

FOTHERINGHAM ILL

(Canadian Press.)

OTTAWA, Feb. 4.—Following his return from Toronto, where he attended the wedding of his daughter, Surgeon General J. T. Fotheringham, C.M.G., director general of medical services was taken ill at his office yesterday morning and now lies in St. Luke's Hospital suffering from a complaint which is said to be one of long outstanding. His condition was reported not serious.

HARD TO GET GOOOD MECHANICS

(Lindsay Warder)

The Boving Hydraulic and Engineering Co., according to an agreement with the town, reported at last night's meeting that during 1919 there were from 50 to 64 men employed, there being upwards of 60 men employed at the present time. The company experienced difficulty in getting the class of mechanics required for their business.

BOYS WANTED

DOWNWARD TENDENCY

THE BRITISH POUND HIT A NEW LOW TO-DAY--ENGLAND HAS NOTHING TO SELL.

A NEW LOW

(United Press.)

CHICAGO, Feb. 4. — Charges from British sources that American money interests are deliberately causing a depreciation of the British pound were ridiculed by bankers here to-day.

"The British pound is dropping merely because Britain has nothing to sell to this country," said George M. Reynolds, president of the Continental and Mercantile Bank.

"The British could not blame us for not lending them money."

ANOTHER DROP.

(United Press.)

NEW YORK, Feb. 4.—The greatest single drop demand sterling has taken since the present decline in foreign exchanges began was made to-day when the British pound opened at $3.27 1-4 off 5 1-4 cents from yesterday's close.

Bankers predicted that the bottom has not yet been reached in the slump of foreign moneys in exchange for American dollars, and further declines to-day were expected.

HELD A CONFERENCE.

(Canadian Press.)

OTTAWA, Feb. 4. — Sir Henry Drayton was in conference this morning with leading bankers of the Douation was under consideration. The uation was undre consideration. The conference was a continuation of the previous meetings, in the course of which causes and possible remedies have been under review. Bankers were headed by C. A. Bogart, general manager of the Dominion Bank and President of the Canadian Bankers' Association.

There is every desire in official circles to do anything which might tend to improve the unprecedented heavy discount on Canadian currency. The view is taken by the authorities here that the present condition is so dependent on international causes that it is doubtful if anything the Dominion government could do would greatly affect the situation. However, a close study is being given to the matter with a view to taking any action thought feasible.

LATEST NEWS DESPATCHES

(Canadian Press.)

LONDON, Feb. 4.— Fifty per cent. reduction in London's allotment on Hydro power resulted in the closing down of nearly all this city's industries for the day. Ice conditions at Niagara Falls was given as the reason for the decreased power supply.

INFLUENZA SPREADING ALONG TRAFFIC LINES

(Canadian Press.)

OTTAWA, Feb. 4.—Based on information received from all parts of the country the Federal Department of Health gives the information that influenza is undoubtedly epidemic in a considerable number of centres in Canada. Up to the present, places east of Montreal have not been affected, but from the progress of the disease in every direction from its point of origin in the United States, there is little doubt that the whole of Canada will be affected. The disease is spreading rapidly along lines of traffic.

DENIKINE LANDS AT BULGARIAN PORT

(Canadian Press.)

GENEVA, Feb. 4.—General Denikine, former anti-Bolshevik leader in South-western Russia, landed at the Bulgarian port of Varna on Monday with a few of his officers, according to a Belgrade despatch. It is reported that Denikine is going to Bucharest to hold a conference concerning the danger of the Bolshevik invasion of Bessarabia, the despatch says.

TWO MEN LOST IN MONTREAL FIRE

(Canadian Press.)

MONTREAL, Feb. 4.— Two men were burned to death and a third badly injured in a fire which this afternoon destroyed the paint shop of the Blain Carriage Works. Fifteen men were working in the plant when the fire started, it is believed by the accidental ignition of liquid veneer. Twelve of them barely escaped with their lives. One was rescued from the blazing place and two were cut off.

BIRTH.

LOGAN.—At 44 Woodycrest Ave., Toronto, January 31st, 1920 to Mr. and Mrs. R. E. Logan (nee Annie E. Girven) a daughter.

Lersner Refuses to Transmit to Germany the Allied List of Persons Guilty of Crime

HE RETURNED THE LIST AND THE NOTE TO THE FRENCH FOREIGN OFFICE--ALLIED COUNCIL MEET.

CANNOT CARRY OUT EXTRADITION TERMS

United Press

PARIS, Feb. 4. — Baron Kurt Von Lersner, head of the German delegation here to-day, refused to transmit to Berlin the allied list of persons guilty of war crimes, and the accompanying covering note.

He returned the list and the note to the foreign office and notified it of his resignation as president of the German peace delegation. Following Von Lersner's action, the French foreign office stated it regarded his procedure as purely a personal affair and expressed the belief that it was not the result of instructions from Berlin.

It was further stated at the Foreign office that the allies have other means of transmitting the list and the note to Berlin other than through Von Lersner.

Special Session of the Allied Council

Baron Von Lersner said to-day that his decision was in line with the attitude he maintained throughout, regarding the question of extradition. He declarer he had held that no German oficials could be instrumental in carrying out the extradition clauses of the treaty and consequently there was nothing left for him to do but to resign and go home.

The allied council of ambassadors was called into extraordinary session this morning to discuss the situation and it was subsequently made known that an official statement will be issued some time to-night. The extradition of 896 Germans is demanded in the note.

England demands 97.
France and Belgium 334 each.
Italy 29.
Poland 57.
Roumania 41.
Serbia 4.

UP TO GERMANY TO ASK HOLLAND

(Canadian Press.)

THE HAGUE, Feb 4. — The Associated Press is informed that any demand upon Holland for the surrender of the former German Crown Prince as a war criminal, would be treated by the Dutch Government probably according to the Dutch extradition treaty with Germany, and it would be a question for the courts to decide rather than the government, as in the case of the former German Emperor. It was stated that if the Crown Prince is demanded it is then up to Germany to ask Holland for him.

MR. THOMAS TOOMS WILL GO AHEAD

Mr. T. Tooms, M.P.P., said he had no intention of withdrawing his bill before the Ontario Legislature to make the police commission an elective body instead of an appointed body. Mr. Tooms will carry out the mandate of the 1919 City Council, at which the measure was endorsed. The new Council has rescinded the resolution to make the police commission an elective body.

DELEGATES COMING TO PETERBORO FOR BIG CONVENTION.

CHAPLEAU, Feb. 4. — The annual general meeting and election of officers of Chapleau Great War Veterans Association, was held at the headquarters last evening and was well attended. The branch reported satisfactory progress and firm financial standing, with a substantial balance in hand. The various committees were elected and the following officers appointed:

President, W. A. Lyness.
First Vice-Pres., Frank Pitts.
Second Vice-Pres., Geo. Collinson.
Sec.-Treas., S. S. Leighton.

It was decided to send delegates to the Provincial convention at Peterboro; also to the Dominion Convention at Montreal in March, the delegates appointed being Vice-President Frank Pitts and Comrade C. B. Ryan. Several new members were initiated.

WRIT ISSUED FOR UNSTATED DAMAGES.

Breach of Promise and Seduction is Alleged.

A writ was issued to-day by Moore & Wearing against Hubert Hooten of Cavan, on behalf of Mrs. Kate Fox and Grace Fox, claiming unstated damages for breach of promise and maintenance of the defendant's illegitimate child and also for seduction.

DR. J. W. McCULLOUGH WILL ADDRESS BOARD OF TRADE TO-MORROW NIGHT

President Turner, of the Board of Trade, anounces the acceptance of the Board's invitation by Dr. J. W. McCullough, of Toronto, chief officer and secretary of the Provincial Board of Health, who will address the members at the special meeting, Thursday evening at 8 o'clock, on the subject of the public health.

Dr. McCullough has an international reputation as a specialist in the problems of public health, and is a forceful speaker.

Peterborough's Health Officer, Dr. A. W. McPherson, will also make an address on the Good Health of Peterborough, and will doubtless speak frankly on the issues confronting the Board of Public Health and the city generally.

Peterborough's death rate should be lowered and its health rate raised, and Dr. McPherson is expected to tell how that can be accomplished.

Much interest is taken in the public health question, and there is likely to be a good turnout of members to greet Dr. McCullough and Dr. McPherson as guests on this occasion.

Admission is by ticket, issued to members only and their invited guests.

G.T.R. OFFICIALS GUESTS OF CITY BOARD OF TRADE

ASSURES BOARD THAT G.T.R. WILL ASSIST IN THE INDUSTRIAL DEVELOPMENT OF THE CITY.

A get to-gether luncheon was held at the Empress Hotel to-day by the Reception Committee of the City Council and the Board of Trade jointly in order to give the members of the Board of Trade and the members of the Reception Committee an opportunity to meet and discuss industrial problems pertaining to Peterboro with prominent G. T. R. officials who are in the city on special business for the railway company.

The officials are H. C. Martin, freight and traffic manager of the G. T. R., W. R. Davidson, general superintendent, W. P. Fitzsimons, Industrial commissioner, J. D. McMillan, district superintendent, Belleville R. W. Long, divisional freight agent, Toronto, R. E. Orr, train master, Lindsay, F. Gould, travelling freight Toronto, and the local G. T. R. agent A. MacNab was present.

After the luncheon Ald. G. N. Gordon, who acted as chairman in the unavoidable absence of Ald. Crowe, chairman of the reception committee spoke briefly on the industrial questions pertaining to the development of this city and in introducing the G.T.R. officials he said "The G. T. R. has grown up with Peterboro and I am sure you will be very glad to hear these prominent men."

Mr. Fitzsimons the industrial commissioner for the G. T. R. said that he was very pleased to be present at the luncheon. He complimented the city on their city clerk and his ability and he also referred to Mr. Ryerson Ritchie and the great success he had met in other cities is developing the industrial life and said that the city would surely expand in the next couple of years unes the leadership of Mr. Armstrong and Mr. Ritchie. The G. T. R. he said would be always ready to help in anyway.

Mr. H. C. Martin said that on this his first visit to Peterboro, he had been impressed with the thriving nature of our city and the evident spirit everywhere of co-operation.

In referring to business condition Mr. Martin struck the keynote of optimism and said that the next couple of years would be a busy time for the manufacturers and concluded by reiterating Mr. Fitzsimon's sentement that the G. T. R. would do all it could to advance this city's interests.

Mr. Davidson spoke very briefly on his friendly feeling for Peterboro and his desire to see it advance and he also pledged the support of the G. T. R.

Trip Around City.

The chairman spoke of the plan of the committee to show the men around the city this afternoon and show them the industrial possibilities in this city and concluded by thanking the officials for their presence at the luncheon to which Mr. Martin replied and thanked them for the luncheon and the cordial reception given them.

The following members of the Reception Committee, members of the Council and Board of Trade were present.

Ald. G. N. Gordon, Ald. Copping, Al. Phelan, Ald. Turner, Ald. Hamilton, City Clerk Armstrong, Mayor McIntyre, Mr. Ryerson Ritchie, Ald. Whitehouse, Mr. T. Barrie, Mr. W. R. Breyfogle, Mr. V. Fauswood, Mr. E. J. Duffus, Mr. F. G. Paterson, Mr. E. F. Mason, Ex-Mayor Duncan, Mr. J. W. Fraser.

"WATER FOR ALL"

(Special to The Examiner.)

REGINA, Feb. 4.—The Royal assent will be given to the Saskatchewan Temperance Act 1920. "The hard law, but still the law," was referred to by Hon. W. F. A. Turgeon, Attorney General, in his address on the second reading. He has already been nicknamed "Water-for-all" Turgeon, and there is a wide diversity of opinion as to how the referendum under the legislation will result. That it will carry seems the general opinion, but the question of a big majority for the drys is questioned in numerous quarters. In committee efforts were made to tighten a tight bill by cutting down druggists' stocks from 40 to 20 gallons, but an amendment to this effect was defeated. Whiskey baths, if 16 ounces for external use can be termed such, will not be allowed, nor can anyone buy more than the prescribed 8 ounces regardless of how far he lives from a drug store. Just in case any bets were overlooked, the committee is given power to prohibit physicians issuing prescriptions for liquor if the records show he seems to be overdoing that phase of pharmacy. The penalties against illegal purchasers were reduced in committee, but illegal sales are punished worse than ever. It came to light in committee that doctors can possess only brandy and rye for professional work, Scotch being denied to them altogether.

SPECIAL TRAIN FOR GAME AT LINDSAY

MANY FANS FROM PETERBORO WILL SEE THE DECISIVE BATTLE TO-NIGHT.

Louis Yeotes at the request of a large number of fans has guaranteed the cost of a special train to Lindsay to-night for the big game between Lindsay and Peterboro intermediates and as a result there will be a big crowd of rooters on hand to cheer the Petes in their battle for the distinct honours. The special train leaves here at 7 o'clock sharp and will return after the game.

'CITIZENSHIP" WAS THE SUBJECT OF ADDRESS

Mr. T. J. Mulcahy, of Orillia, delivered an address on "Citizenship" at the meeting of the Knights of Columbus last night. It was one of the most interesting and instructive lectures delivered here in any of the winter series of the K. of C. Club.

The subject was treated fully, with a historical review of the development of the duties and rights of franchise and citizenship, from the Greek and Roman eras down to the present.

ICE BRIDGE BREAKS.

(Canadian Press.)

SARNIA, Feb. 4. — The River St. Clair ice bridge broke and the ferry boats have had a thrilling battle with the ice.

SUFFERING PETROGRAD

FAMINE CONDITIONS PREVAIL IN THE RUSSIAN CAPITAL--WATER SCARCE.

(Canadian Press.)

LONDON, Feb. 4.— Petrograd is described as a city suffering from famine, cold, disease, and robbery, in a report just made by Professor Zeidler, President of the Russian Red Cross Society, who was investigating conditions in the capital.

"Owing to want of fuel, the capital is becoming a desert," he says. "In a few houses only there are still some inhabitants, and these generally live in their kitchens. Famine conditions in this city are terrible. If the populaton had not already accustomed itself to feeding on wheat, which the people in normal circumstances never eat at all, they would have no food whatever. The water supply has stopped owing to the want of fuel, and the inhabitants draw their supplies from the Neva or the canals, or use melted snow.

"Spotted typhus and Spanish influenza, with various complications, have put an end to the sufferings of many unfortunate people. There are no medicines to be had at all. Only four hospitals are still open.

Electric lights are permitted from 5 to 8 p.m. only. Tram cars run at certain hours, and then merely on the routes needed by the Bolsheviki. The authorities are powerless to guard the public safety.

"Gangs of robbers are at work in deserted quarters of the city, carrying off all that may have been left after the search made by the Red Army."

WILL VISIT PETERBORO

PETERBORO'S CLAIM TO A GOVERNMENT EXPERIMENTAL FARM WILL BE INVESTIGATED.

Mr. Richard B. Rogers, President of the Peterborough Farmers' Club, received the following letter from Hon. Manning Doherty, Provincial Minister of Agriculture, yesterday:

"I beg to acknowledge yours of the 23rd inst. in regard to the report that the Government intends establishing several Demonstration Farms and urging that any decision in regard to location in your section be left until after my suggested visit to Peterborough. I am unaware as to what reports have appeared in the press on this matter, but I beg to assure you that the Government has not arrived at any decision to establish Demonstration Farms in the Province. The matter of course is one which has been suggested among several others, but no decision whatever has been arrived at. I can assure you that should any such decision be arrived at in the future, the claims of your section will receive full investigation and consideration."

The resolutions which led to the recent appointment of a committee to urge upon the Ontario Department of Agriculture the consideration of Peterborough for one of the Experimental Farms, were adopted by the Peterborough Branch U.F.O. of which Mr. Rogers is president, and sent to Minister Doherty and read as follows:

We your humble petitioners pray that, whereas, you have expressed a desire to establish additional Experimental or Demonstration Farms in the Province of Ontario, and, whereas, the eastern portion of Ontario is not at present served by any Experimental Farm or Station; therefore, we pray that an Experimental Farm or Demonstration Farm be established in close proximity to the City of Peterborough.

Peterborough being the most important city between Toronto and Ottawa, situated in the chief centre of the midland counties, is easy of access, is surrounded by a fertile agricultural area, occupied by aggressive and practical farmers who are desirous of increasing production by applying the most modern methods. The need of applied science in Dairy Farming, thereby insuring the greatest results by the minimum of costs for benefit of producer and consumer, also the need of propogating and growing seed for farm and garden.

It was moved by Mr. F. E. Wilson, seconded by Mr. Torrence Lillico, and resolved that we, the members of the United Farmers' Club, request the cooperation and assistance of the following gentlemen and public organizations:

Mr. Thomas Toomps, M.P.P., E. N. McDonald, M.P.P. of East Peterborough, Mr. Sadly, M.P.P. of Omemee, Mr Samuel Staples, M.P.P. of Ida, the Warden of the County, the County Council, the Mayor and City Council, Board of Trade, Principal of the Normal School, Principal of the Collegiate Institute, Peterborough Branch, Ontario Vegetable Growers' Association, Horticultural Society, Peterborough Industrial Exhibition, the Fair Boards of Lakefield, Norwood and Peterborough, the Municipal Councils of Emily, Cavan, Vernlam, the Board of Education.

GOVERNMENT ULTIMATUM

ITALY DEMANDS RELEASE OF GEN. NIGRA WITHIN TWENTY-FOUR HOURS.

FIUME FIASCO

(United Press.)

ROME, Feb. 4.—The Government has sent an ultimatum to Gabriele D'Annunzio at Fiume demanding that he release General Nigra within twenty-four hours, it was rumoured here to-day.

Nigra, commanding the Government forces in the Adriatic recently, was captured by D'Annunzio's men.

Eugusto Tesi, a naval lieutenant, and Giovanni Trentini, chief mechanic, members of the Fiume Legion, have been arrested by the Government authorities for attempting to induce the crews of submarines stationed at Brindisi to join D'Annunzio, according to despatches.

Clashes between Jugo-Slavs and Italians in the Adriatic are occurring with frequency, according to the Idea Nazionale.

The newspaper Zara reported today that the Italian steamer Danubie was attacked when she entered the harbour at Taru. Crowds of Jugo-Slavs stoned the vessel, and later Jugo-Slav motor boats pursued the steamer, firing machine guns.

The commander and two women were injured.

ANNUAL MEETING ORANGE LODGE

MR. GEORGE WILLIAMSON WAS ELECTED COUNTY MASTER.

At the annual meeting of West Peterborough County Orange Lodge, held last evening, the officers elected for the ensuing year were:

W. Co. M.—Bro. George Williamson, L.O.L. No. 1175.
Dep. Co. M.—Bro. George Porter, L.O.L. No. 80.
Chaplain—Bro. E. Clarke, No. 80.
Co. Rec.-Sec.—Bro. W. G. Bartley, No. 321.
Co. Fin.-Sec. — Bro. McCullough, No. 50.
County Treasurer—Bro. W. Kirk, No. 457.
Co. Lect.—Bro. S. Anderson, No. 50.
1st Lect.—Bro. R. Darling, No. 122.
Co. Director of Ceremonies—Bro. I. Ritchie, No. 321.

The newly-elected officers were installed by Past County Master Brother John Edgar.

Flourishing Condition.

After a short address by the retiring County Master and County Recording Secretary, the County Treasurer in presenting his report showed the lodge to be in a flourishing condition.

WANTED

COMPETENT STENORAPHER FOR GENERAL OFFICE WORK. APPLY STATING EXPERIENCE, WAGES REQUIRED TO BOX 7512 EXAMINER. 3d 29

ANOTHER EPIDEMIC OF THE SPANISH INFLUENZA

A great many authorities have predicted a return of that terrible plague which swept Canada from one end to the other not long ago and left so many deaths in its wake, and those who did survive were left in a great many cases with some serious after effect such as weak heart, shattered nerves, improvished blood and a general weakened and exhausted condition of the system.

If you are run down, heart not just right, nerves a little shaky, take a few boxes of Milburn's Heart and Nerve Pills and fortify your system against this terrible plague.

If you had the "Flu" before and it left you with any bad effect Milburn's Heart and Nerve Pills will bring you back to health and strength.

Mrs. C. C. Palmer, Keppel, Sask., writes:—"I wish to inform you of the great good Milburn's Heart and Nerve Pills did for me. After a bad attack of the Spanish Influenza my heart and nerves were left in a very bad condition.. I got two boxes of your pills and must say they are the best I ever used, and I have taken a great many different kinds I will always keep Heart and Nerve Pills in the house."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

POUND DROPS AGAIN.

(Canadian Press.)

NEW YORK, Feb. 4—There was another bad break in the exchange. The pound sterling is 30 per cent. from normal.

WANTED

KNOX CHURCH YOUNG PEOPLE GAVE A CONCERT

A SPLENDID MUSICIAL PROGRAMME WAS PROVIDED.

Last evening Knox church young People's Guild put on a very successful amateur entertainment, and the lecture hall in which it was given was filled to capacity

The evening opened with a few remarks by the chairman, Mr. A. McKenzie, who spoke on the splendid work carried on by the Guild, and welcomed the large audience. Following the chairman, Mr. Hill gave a much apreciated solo. Dr. Park contributed two violin solos, which were most enthusiastically encored, Mr. Walden a solo, Mr. J. A. MacKenzie, a piano solo, Miss Keturah Hall, a reading, Mr. Tom Smith, a 'cello solo and Mrs. Walter Byers, a solo.

Three Sketches.

During the musical programme the young people gave three humorous sketches, each of which was both cleverly acted and staged. In the first "The Book Agent," Mr. Ted Jackson took the part of Cyrus Corntossel, Miss Keturah Hall, Pricilla Corntossel, Miss Trucie Pearson, Jennie Corntossel, and John Bradbury, Howard Styles.

In "Room 44," Mr. Ted Jackson took the part of Mr. O'Brien, and John Bradbury, Mr. Cassidy. This sketch like "he Book Agent," was delightfully witty.

The feature of the sketches was "The Family Album." In this Dougall McDougall (Rev. J. A. MacKenzie), and Christy McDougall (Miss L. C. Esplen) entertained their young grandsons, Charles Edward Drury Dewart (Alfred Tucker) and Samuel Ebenezer Tooms (Fred Drake) with the family album, living models appearing for the diferfent relatives who had either predeceased them or well known members of Knox Church in their younger days. The local hits were more than appreciated and called forth peals of laughter from the audience.

Vote of Thanks.

At the conclusion of the splendid programme a hearty vote of thanks was moved to the diferent artists who took part.

EPIDEMIC STILL RAGING IN KEENE

HAROLD SHEARER ANOTHER VICTIM OF THE DREAD DISEASE.

Spanish influenza continues to rage in Keene and Lang showing so far, rather than signs of abatement, a disposition to spread, each day bringing in new patients. Several further cases have turned to pleura pneumonia and the victims are in a very critical condition. On Monday Harold Shearer of Lang died after an illness of about ten days of pneumonia, following influenza.

Dr. Devlin of Indian River, is still in the village of Keene, assisting Dr. Harrison in fighting the epidemic.

ONE REASON FOR HOUSING SHORTAGE

This week a well known resident of Peterboro sold a property which had been rented to one tenant for thirty years, for an annual rental of one hundred and sixty-eight dollars. The taxes on this property amounted to ninety-four dollars a year, leaving the owner something like seventy-four dollars for the capital invested in the property.

Since disposing of the property the owner has invested his money at 6% and now realizes several times as much on his invested capital.

MARK STREET CHURCH NOTES

The open session of our Sunday school was largely attended and was very successful. An excellent missionary programme was rendered, in which Mrs. (Rev.) Ross delivered a clear, forceful and inspiring address on "The Great Commission", "Go Ye." Mrs. Ross emphasized the following points: The call to come, the command to go, the resources to send, and the response to our efforts.

The services of the church were largely attended, and we are much encouraged by the deep interest taken in the affairs of the kingdom.

The morning subject was "The Conflict and the Review," and the evening subject, "The Way to the City." In the coming "Forward Movement" canvass, the pastor asks his people to take as their motto, "What Would Jesus Do?" If we try to do what Jesus would have us do, we shall not fear the issue. G. E. R.

MONTHLY MEETING OF MISSION CIRCLE.

Instructive Talk by the Secretary of the Y.W.C.A.

The regular monthly meeting of Trinity Mission Circle was held last night at the Reid street Hall. Previous to the meeting a delightful supper, which was thoroughly enjoyed by all who partook of the dainties, was served by the girls.

After the supper, Miss Layton, secretary of the Y.W.C.A., gave an address, which was interesting as well as instructive, and the Mission Circle are very much indebted to Miss Layton for her talk.

At the conclusion of the address the general business was attended to after which one of the most successful meetings ever held, was brought to a close.

BITRO-PHOSPHATE IS GOOD FOR THIN NERVOUS PEOPLE

A PHYSICIAN'S ADVICE.

Frederick S. Kolle, M.D., Editor of New York Physicians' "Who's Who," says that weak, nervous people who want increased weight, strength and nerve-force, should take a 5-grain tablet of Bitro-Phosphate just before or during each meal.

This particular phosphate is the discovery of a famous French scientist, and reports of remarkable results from its use have recently appeared in many medical journals.

If you do not feel well; if you tire easily; do not sleep well, or are too thin; go to any good druggist and get enough Bitro-Phosphate for a two weeks' supply — it costs only fifty cents a week.

Eat less; chew your food thoroughly, and if at the end of a few weeks you do not feel stronger and better than you have for months; if your nerves are not steadier; if you do not sleep better and have more vim, endurance and vitality, your money will be returned, and the Bitro-Phosphate will cost you nothing.

Voice Of The People

WHITHER ARE WE DRIFTING.

It is asserted in our local papers that the people are all crying out for a topographical plan to enable the skilled men who are to lay out, develop and beautify the city, to see by a bird's-eye view from a point 4,000 ft. up in the clouds just what is below them. One would think from this demand that the artists had come from their homes in the sky, that these celestials were ignorant of the lands below, whereas the fact is, they were born on the earth, and if they know anything it is about what is under their feet rather than what they will ever learn from a point 4,000 ft. above their footing. A topographical map, a bird's-eye view from above, will be of no earthly use.

Everything will be foreshortened. One may see patches of woods, parks, river and lake, but all that they knew before they ascended. They can go up the Court House hill or North Monaghan high land or Milburn's hill or the hill below Downer's corners and with a lead pencil sketch the topography in an hour or two, without going up so high that everything will be flattened out. Such a view as they seek will give no levels that can be used. It will reveal nothing that they don't know all about. It is simply a photographer's scheme to get a thousand dollars that have been rung from the taxpayers. Hire an auto and drive these city improvers around the city and suburbs for an afternoon and they will know all about it. If they don't then get some others that are not so hard to teach, and so expensive.

CITIZEN.

THAT TOPOGRAPHICAL MAP.

For 30 years the City has greatly needed a good map, the Registrar of Deeds has hundreds of maps of parts of the City. The Lawyers have repeatedly asked for a city map, one which would contain all the plans, subdivisions etc., to facilitate examinations of titles, to facilitate assessments of lands, to assist survey assessing etc. It is urgently needed. Council after council has been importuned to employ a surveyor to make a city map. Surveyors could not afford to employ a staff of assistants and work a year for nothing. The City refused to pay for a good map and so there is no accepted, verified city map of Peterborough. The Original Government Map is here, but that was a village map. The City grew beyond it. The half acre lots have been cut up and multiplied and we are in a bad way for a complete accepted Map of the City. The late Alfred Cameron spent much time and labor on a city map but the city would not pay for it. He died and his map, surreptiously used, is the map now relied on. His widow has never been enriched from Mr. Cameron's labors. Instead of wasting a thousand dollars on a picture made from the clouds let the money be put in a much required accurate and complete map of the city.

THE CALL FROM ARMENIA

STORY OF THE WORK AMONG THE HOMELESS AND DESTITUTE THAT CONTRIBUTORS BY THEIR GENEROUS GIFTS ARE HELPING TO CARRY ON—SITUATION IS "WORST IN THE WORLD."

"Just what is this Near East Relief?" The question is being asked by many people whose interest has been awakened to the terrible conditions existing today. The Near East Relief is an incorporated international body whose object is "to provide relief and to assist in the repatriation, rehabilitation and re-establishment of suffering and dependent people of the Near East and adjacent areas; to provide for the care of orphans and widows and to promote the social, economic and industrial welfare of those who have been rendered destitute or dependent, directly or indirectly, by the vicissitudes of war, the cruelties of men, or other causes beyond their control."

ONE HUNDRED PER CENT. RELIEF.

The aim of the organization is one hundred per cent. relief—the kind of relief that puts those aided on a self-supporting basis, that instills in them a confidence for the future, places in their hands the means to begin life anew, and in their hearts the courage to go on. Work is the prescription of those loyal men and women who have journeyed into perilous places for the sake of their fellow-men, to make these people independent for the future, to encourage the flickering fire of national pride.

The Armenians are universally recognized in normal times as the most thrifty, industrious and prosperous people of the Near East, but they have now been fugitives for four years, exiled from their ancestral homes. Their last vestige of negotiable property has been sacrificed for food and protection, and they enter the doors held open by the Near East Relief destitute, hopeless and utterly forlorn.

HOW THE WORK IS CARRIED ON.

For these people, escaped from almost unreal horrors, ragged, starving, shaken with disease, naturally the first thought is food, clothing and medical care. In nearly all the homes maintained by the Near East Relief there is either a hospital in connection with the institution, aclinic to which the people may go for treatment, or a visiting physician alert to segregate suspicious cases, keeping a watchful eye on the health of the little community.

There are thirty-seven hospitals, with as many as 88,728 clinic attendants each month. There are 168 orphanages at present in the districts to which the little children have fled from the cruel treatment of the Turk. Thus far 41,200 homeless, wandering, helpless creatures have been gathered into the mothering arms within the portals of the Near East institutions, and still they come, and more doors must be opened, for there are 250,000 hungry children—some even nameless children—in the Near East today.

SOUP KITCHENS IN OPERATION.

Yet the children are a small portion of the destitute in Armenia. Thousands of refugees are continually passing through towns in which the relief workers are stationed, en route to their former homes. Soup kitchens are feeding the hungry all along the route. There are fifty-four relief stations catering to this refugee population.

There are 82,291 workers employed in the industrial establishments where wool is furnished for the women to spin and weave, and all the girls who are strong enough are washing wool, sewing beds, grinding and sifting wheat, tailoring and learning to make lace. The big problem is to make these women independent.

There are fourteen rescue homes at present sheltering the girls who have escaped from the harems of the Turks, Kurds and Arabs. Over a thousand of these young women are in the kind hands of the relief workers, but other thousands are still held by the Turks because their release cannot be demanded until there are available places to care for them.

"THE WORST IN THE WORLD."

This is the work of the Near East Relief in a country from which word comes that the "situation is the worst in the world," where the suffering is unbelievable, where 1,200,000 adults and 250,000 little children are dependent on outside help and will starve if that assistance is withdrawn. Nowhere in history is there a record of suffering on such an extensive scale.

About 500 workers are now in the field, including 36 eminent physicians and surgeons, 76 nurses, 7 mechanics, 15 industrial experts, 16 agriculturists, 14 bacteriologists, 197 relief workers, 25 supplies and transport workers, 19 teachers, 20 administrators, 36 secretaries, 7 engineers and 45 army officers.

TRAGEDY OF PAIR OF SILK STOCKINGS; THEY SUDDENLY VANISH IN WATER

(By Anne Merrill)

LONDON.—A sad tale of a pair of silk stockings is told by a Paris correspondence.

The day of the Reveillon, France's gay celebration of ushering in the New year, which had not been previously properly done since the war, a fair demoiselle desired a particular pair of silk stockings to wear that night as they exactly matched a gown she was about to costume herself in. Discovering that the stockings had been worn, she hurriedly called her maid and gave quick instructions to wash them at once.

Presently the maid returned almost in tears, exclaiming in expressive French, and with all the accompanying gestures of arms and shoulders, that the stockings had disappeared, all, in fact, but the "garter" part or more substantially, circular band with which the stockings were finished at the top, and which she held up defiantly as evidence.

Mademoiselle hurried to the scene of the tragedy and found the water in which the stockings had been washed of an almost gelantinous thickness, and came to the conclusion (later borne out by evidence of several of her girl friends) that the stockings must have been made of the stuff known as "vegetable" silk, a kind of substitute material much in vogue in parts of Europe at the moment.

The maid had made the fatal mistakeof plunging the stockings into hot water instead of mildly tepid, or better still, cold water.

The correspondent mentioned the incident to a customs officer, who said the stockings were probably made of a kind of weblike substance of purely vegetable origin, which is immersed in a mixture of cellulose and alcohol and then dried, so that the bulk of the material of which the vanished stockings were composed consisted of a sort of solidified alcohol (which affords ample reason for their disappearance). The excise man went on to say that the proportion of alcohol in "vegetable silk" was such that the frontier authorities classified such goods under the heading of "imported alcohol", after deducting a fraction of the weight in respect of the vegetable foundation.

Now that the United States has gone dry, the writer says, he wonders how the United States customs authorities will deal with "vegetable silk".

And will this result in "Stocking cocktails"?

RUB SPRAINS, PAINS AND SWELLINGS AWAY

Don't suffer!...It's so needless—instant relief follows a rubbing with "St. Jacobs Liniment."

Rub it on a sprained ankle, wrist, shoulder, back or a sprain or strain anywhere, that's when you realize the magic in old, honest "St. Jacobs Liniment" because the moment it is applied, out comes the pain, ache, soreness and swelling. It penetrates right into the injured muscles, nerves, ligaments, tendons and bones, and relief comes instantly. It not merely kills pain, but soothes and heals the injury so a quick recovery is affected.

Get a small trial bottle of "St. Jacobs Liniment" right now at any drug store and stop suffering. Nothing else sets things straight so quickly—so thoroughly. It is the only application to rub on a bad sprain, strain, bruise or swelling.

G.W.V.A. DANCE WAS A SUCCESS

About seventy five couples attended the dance given last evening in the G.W.V.A. hall by the Ladies Auxiliary of the Great War Veterans and the affair was a complete success. During the evening some features were introduced in the throwing of ribbon confetti and a Leap Year dance to which all responded most enthusiastically. The patronesses of the evening were Mrs. Joseph Mills Mrs. W. R. Morris, Mrs. Joseph Crowe, Mrs. Perry and Mrs. R. J. Devey.

Mrs. Harold Carmen of Picton, who has been visiting her parents, Mr. and Mrs. A. Mowat, Water street returned home this morning.

Dr. Helen McMurchy is the guest of Rev. James and Mrs. Rollins during her visit in the city.

"ROSY-FIT"

If Bilious, get your Pep and Color back with "Cascarets"

Furred Tongue, Bad Taste, Indigestion, Sallow Skin, and Miserable Headaches come from a torpid liver and sluggish bowels, which cause the stomach to become filled with undigested food which sours and ferments, forming acids, gases, and poisons. Cascarets to-night will give your bilious liver and constipated bowels a thorough cleansing and have you feeling clear, bright and as fit as a fiddle by morning. Cascarets never sicken or inconvenience you like nasty Calomel, Salts, Oil, or griping Pills. They work while you sleep.

DOWNEYVILLE CORRESPONDENCE

DOWNEYVILLE, Feb. 4 — The death of Mr. Denis O'Leary, of Lachine, son of Mr. and Mrs. J. C. O'Leary, King's Wharf, was a surprise to the entire community. He was suddenly taken sick with heart trouble during the first of last week, and died within a few hours of his attack. The deceased was forty years of age, and was well known by the people of this community.

The funeral took place on Saturday morning. High Mass was chanted by Rev. Father Galvin, and the interment took place in St. Luke's Vault.

He leaves to mourn his loss his wife and five of a family, all young, two brothers, Jack of Lindsay and Joseph of King's Wharf, four sisters Mrs. W. E. Perdue of Peterborough, Mrs. Michael Harrington and Mrs. John Guiry and Florence, all of King's Wharf.

Misses Madeline Guiry and Ida Murray, who are attending school in St. Joseph's Academy, Lindsay, spent Saturday and Sunday at their home here.

A very fair crowd was present at Mr. William Henderson's sale on Monday. Mr. George Jackson was auctioneer, and everything sold well.

Miss Teresa Clancy is spending Sunday at her home here.

Mr. Wilfrid Murtha was in Lindsay on Saturday.

Miss Margaret Houlihan spent Sunday at her home here.

Mr. Peter Murray was in Lindsay on Friday.

EXCHANGE DISCUSSED.

(Canadian Press.)

LONDON, Feb. 4.—British bankers discussed the exchange situation with the Cabinet. There is great secrecy regarding the proceedings.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about $2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex (50 cents worth) in a 16-oz bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make 16 ounces—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.

FATAL WATER BOTTLE.

LONDON, Eng. — Owing to its supersensitive skin, a 3-months-old baby, which was placed on a hot-water bottle at Belgrave Hospital, Woolwich, for an operation, sustained burns and died. The temperature of the bottle was such that another child placed on it suffered no ill-effects. Accidental death was the verdict at the inquest.

ANNOUNCEMENT

"We beg to announce to the Public that we have relinquished the agency of the Canadian Express Company, who after February 1st, will occupy new Offices at the Grand Trunk Railway Station.

As soon as contemplated alterations and improvements may be made our entire Office Building at 433 George Street will be used in connection with our large and expanding Insurance and General Agency."

"Peterborough Presents Possibilities Unsurpassed."

WEDNESDAY, FEBRUARY 4, 1920.

A HIGHWAY TO BE IMPROVED.

Mr. R. R. Hall's suggestion that the efforts of the various municipal councils and of the different public organizations in the district affected should be concentrated upon securing a Provincial Highway from Port Hope through Peterboro to the Kawartha Lakes is one that should be systematically entered upon. The new Minister of Public Works, Hon. Mr. Biggs is a good roads enthusiast and he has enunciated the principle of good roads everywhere throughout the province. It should not be difficult to convince him of the desirability of including the Port Hope-Peterboro-Kawartha Lakes Highway in the programme to be undertaken this year. No section of road in the district carries more traffic and the importance of improving this highway is readily recognized by any one who has driven over the road. A campaign in which the different councils could co-operate to place the question before Hon. Mr. Biggs as soon as possible should be inaugurated.

MR. MOWAT'S REPORT.

The annual report of Mr. A. Mowat, Public School Inspector is an interesting resume of the work done in the public schools of Peterboro during the past year. Mr. Mowat covers the ground thoroughly in dealing with the most outstanding features of the year's operations and his report should be read by the ratepayers with a great deal of interest. There will be general agreement with his statement that while the United States Federal Government and the Legislature of many of the States are giving liberal grants to further the work of education in all departments in Ontario the Legislative grants are discouragingly small.

Approved too, will be Mr. Mowat's definition of the purpose that should animate the work in the public schools. "This work" declares the Inspector "should not be formal or narrow or limited. It should include the physical welfare of the children, the cultivation of their minds, the inculcation of patriotic and moral ideal and in some degree preparation for their life work."

A SENTENCE AND A WARNING.

The action of Police Magistrate Denison of Toronto in sentencing to six months imprisonment a Toronto returned soldier, who while holding a position with the Toronto Fire Department, represented himself as being out of work and on the strength of his statements secured relief from the Federal Emergency Appropriation may seem somewhat severe treatment for a man who saw much service in France, but it will undoubtedly have a decidedly beneficial effect. It is ex-service men of this type that add to the grievances of the returned soldiers and to the trouble of those who are endeavouring to see that they get a square deal. Among returned men as among other people there are inevitably dishonest individuals who see in such agencies as the Emergency Appropriation a chance to get a little easy money. They are not particular about the means they choose in carrying out this ambition and accordingly we have cases such as the one which terminated with a jail sentence. There is likely as a result of the publicity to be a falling off in the number of fraudulent claims and in the genuine cases being given a better opportunity of being considered.

THE POLICE COMMISSION.

As intimated in these columns last evening Mr. Thos. Tooms, M.L.A., for West Peterboro is to introduce a bill at the coming session of the Legislature providing for the elective system of appointing police commissions. Furthermore, Mr. Tooms whose bill is based on the resolution passed by last year's Council in favour of such a system declares that he proposes to go ahead with the measure. And to pay no attention to the action of this year's Council in rescinding the motion of the Aldermanic Board of 1919. The result will be that the member for West Peterboro will have to sponsor a bill in the Legislature that is not wanted by the majority of this year's Council. The withdrawal of the measure by Mr. Tooms would under the circumstances be a logical solution of the matter but as the original resolution was fathered by the representatives of labour in the Council, Mr. Tooms as the standard-bearer of the labour party is not likely to abandon his bill which will be considered by the Legislature. This year's Council will of course acquaint the Government with the fact that the legislation asked for by last year's board is not now officially wanted by Peterboro.

STOP THE FLOOD.

The sooner the people have an opportunity to vote on the question of preventing the importation of liquor into Ontario the better it will be for the province. There is no doubt that the abolition of the order-in-Council making the bringing in of liquor illegal has been responsible for a marked increase in the amount of drinking. It can safely be said that there have been more men under the influence of liquor in evidence in Peterboro during the past month that were seen during the whole period of the order-in Council. Unfortunately too, much of the drinking is being done by young men, some of whom have yielded for the first time to the temptation since the flood of liquor from Montreal began last month. In spite of the vigilance of the police force and the severe penalties that are prescribed under the Ontario Temperance Act there appears to be many drinkers who do not hesitate to carry a bottle with them and on this account young men are being exposed to a temptation that to many appears to be irresistible.

The first act of the new Legislature should be to ask by resolution the Dominion Government to give the people of Ontario a chance by their votes to stop the rush of liquor into Ontario. There have been unhappy scenes in homes during the last month that were missing when importation was forbidden; there has been money sent to Montreal for stimulants that was needed for food and clothing. The voters of Ontario who by their answer to the recent referendum showed their views on the temperance question will be as emphatic in their verdict against the importation of liquor when they get a chance to express their opinion.

WAR HONORS.

Following the example set by Admiral Sims, several officers of the American navy refused to accept certain decorations which were being awarded by an American Naval Board. This action has called forth some comment in a number of British and American papers as to the justice or injustice of the methods followed in awarding honors during the war. It is only fair to admit that so long as the principle of handing out decorations for acts of bravery or valiant service exists it is humanly impossible to arrive at a system which will be absolutely just. Recommendations for awards must come from some authoritative source, and it is not in the nature of things that staff officers are in a position to observe all the brave deeds done in the army. Actions that merit reward are not done in places of safety under the admiring eyes of the higher commands. Brave acts are usually done in the shambles of front-line trenches or in no-man's-land under cover of darkness or in the thick of hand-to-hand engagements. Quite obviously a vast number of such acts must pass unseen and unrecorded. Hence, for every decoration honestly won and awarded a hundred were earned. This fact, however, did not cause the front-line soldier to worry very much. He could see quite clearly that it was utterly impossible to over-ride all difficulties and be absolutely fair. What he did object to was the decorations that "came up with the rations" and were handed out for no particular reason or for reasons that were not particularly creditable to the recipients. However, all decorations given soldiers in the fighting zone may be passed over, though we would not be surprised to see some washing of dirty linen on this subject in the future. Something that proved slightly irritating, to say the least of it, to the the men who were doing the fighting, was the way in which medals were often dished out to men who had never seen any real scrapping. There was no particular objection to rewarding men for faithful and efficient service in any capacity, but the men in the line did feel, and frequently gave forceful expression to their views, that there should be a very clear-cut distinction between honors awarded for different achievements. Private Jones got the D.C.M. "for his wonderful bravery and devotion to duty when after six of his comrades had been killed from a near-by enemy machine gun post, the said Private Jones on the night of July 1st crawled over the top, and having successfully laid out the non-com. in charge with the bully-beef tin, and captured the remainder of the crew, returned triumphantly to the trenches with the enemy machine gun and prisoners. Private Jones was severely wounded and afterwards died at the dressing station." The famous "baker of Boulogne" got the D.C.M. for the quality and quantity of the bread he turned out. There was no such distinction at least in the early days of the war. They both got the Distinguished Conduct Medal, and there was an end of it, except, of course, that the baker lived to wear his while poor Jones was "pushing up daisies." At a later stage of the war, owing to complaints from combatants, an effort was made to draw this distinction so that one might know whether the honorable duties which merited special attention were performed by a sergeant on the pay office staff or a bomber in the line. But as a British writer points out "the new rule, after the old laxity, had the unfortunate secondary effect of increasing the prestige attaching to the past rewards for exemption from fighting. As things stand now you cannot be sure, or even make a confident guess, whether an unknown wearer of the D.S.O. the M.C., or the D.C.M. got it for rushing an enemy machine-gun post, or for seeing that some general officer's milk was always properly boiled, or for efficiency in baking bread at a base. It is a pity. For, if different kinds of merit had always been kept apart you could always tell, on seeing a man wearing certain decorations, that he was a brave man. And it would have been quite easy to give something else to the good A. D.C.'s and the clerks at the base—to make them all peers and knights or anything else that they liked and that would not be misunderstood.—Turner's Weekly.

EDITORIAL NOTES.

About the only place Hon. W. E. Raney can get a seat seems to be on the water wagon.

Judging by the attack he made upon Hon. Mr. Doherty Mr. Hartley Dewart must have been doing some dredging on his own account.

A good way to avoid the flu, suggests the Kingston Whig is to keep warm physically and cool mentally.

The drawing power of hockey is shown by the fact that many people are willing to even go to Lindsay to see a game.

The Armenian Fund lists are open at the Examiner Office. Help is still needed.

All the other countries of Europe, which adopted the daylight saving plan during the war, intend to hold to it as a measure of economy. It is only extravagant America that has even considered returning to the pre-war fixed time.—Buffalo News.

FIVE DOLLAR BILL NOW HAS VALUE OF ONE!

Noticing so many comments about what labor troubles has brought forth, my opinion is that it is another strong evidence against the unreasonable high cost of living. It is alarming to note what remains of $3 when one has a peck of potatoes, pound of butter, dozen of eggs, which aforetime could all be purchased for half a dollar, reducing the $5 bill to the value of $1 in previous years.

MENNEN'S SHAVING CREAM

Just the thing for warm weather when there's only cold water available.

Mennen's is just as good with cold water as with hot.

FELT COMPLIMENTED.

LONDON, Eng.—Sir Charles Johnston, at a dinner of the Old Comrades' Association of the 5th Battalion City of London Volunteer Regiment, said that while in Buffalo, U.S.A., with his wife, the conductor of a tramway car refused to change for him a twenty dollar note, the only money he had.

He asked a coloured man beside him if he could change it. "No, I can't," was the reply, "but I am obliged to you for the compliment."

(Cahadian Press.)

LONDON, Feb. 4.—Serious rioting occurred at Limerick. Military fired on crowd and one man was killed.

$25-A-WEEK CASHIER WAS CHICAGO BELLE

HAD $1,500 SADDLE HORSE AND $2,000 AUTOMOBILE.

CHICAGO, Feb. 3.—Monda Rose, who was arrested here in Winnipeg, Canada, at the request of the Chicago authorities, is a lady who lived a double life in this city. By night she was "Blue-eyed Monda Rose," a dashing member of the North Shore Society set. By day she was Rose Schweiburg, a $25 a week cashier in a wholesale leather house.

Rose was missing for several days, and investigation of her books revealed a shortage of $10,000, say the police. Her employers received a wire from her at Winnipeg stating that she was about to be married in Canada. The police of the Canadian city were notified, and in the meanwhile the company seized Rose's $1,500 saddle horse, her $2,000 automobile, and the furnishings of her luxurious apartment. Her mother, who works for her living in a factory, told the police today that the girl had gone to work at the age of 12 to help support the family.

Charged With Forgery.

WINNIPEG, Feb. 3.—Madame Rose Schweiburg, who, it is alleged, forged a cheque for $1,975 on the Mechanics' and Traders Bank of Chicago, was arrested here. She will be sent to Chicago as soon as deportation is arranged.

Chicken fats go further than butter and less should be used.

To Pay Small Accounts

where you may not wish to send personal cheques, use Bank Money Orders issued by The Merchants Bank.

This is a convenient way to settle newspaper and magazine subscriptions—to pay for goods ordered out of town—in fact, to send any amount up to $50 through the mails.

Bank Money Orders are easily secured—safe to send in a letter—will be replaced without extra charge, if lost or stolen—and can be cashed anywhere in Canada or [illegible] at face value.

SANDRA THE JEALOUS

BY JANE PHELPS.

SANDRA FINDS LIFE A PUZZLE.

CHAPTER XXXVIII.

So everyone had thought Everett would marry Irma Barton. Perhaps he was sorry he hadn't! He always acted so gay and interested when he was with her—not at all stern and quiet as he was when with me. I had felt a little jealousy of Mrs. Barton ever since the first time I had seen Everett talking with her. Now that jealousy was increased. She acted flattered by Everett's attentions—but if he had cared for her, why hadn't he married her instead of me?

Then I remembered what Mr. Leveredge had said.

"She's not young, and I guess Graham is ready to settle down with a family. It looks like it, marrying that child."

How I wished the music had not just then started up. I couldn't help wondering what more he would have said. He had started "He is" —then I heard no more.

"If Everett Graham thought he was going to marry me just to make a mother of me, he was mistaken! Let him adopt children, if he wanted them," I said to myself, then blushed at my immodesty in thinking of such things. Yet hadn't he as much as told me that was his reason for asking me to marry him?" A home and family, wife and children," he had said when I asked him what he had married me for when he loved Leola.

Sometimes I thought no girl ever had such a queer sort of a puzzle to solve as I did. If I could have written or talked it over with Mother, I think she would have found some way to have helped me. But she was so far away; had been so averse to my marrying an older man, and would be unhappy if she thought I was not contented, that I couldn't bring myself to let her know anything about how I felt.

I blushed whenever I thought of how I had told Rose Grandon that Everett was "crazy over me, wild to marry me." I had heard how he treated Leola, the woman he was in love with, and of whom he was so jealous. And I knew the way he treated me, the woman he had married for those other reasons.

Oh, if I only dared to do the things Leola did! If when Everett told me not to dance in public places, I had the courage to dance all I wanted to —and when he treated me, coldly or flared up at me, I dared to make such a fuss that he would have to do something to quiet me!

Some day when I was a little older and had been his wife a little longer, I would do things too—the things Leola used to do. I was learning a lot about her. Perhaps I would soon learn some of the indiscreet things she had done; then I would do the same things. If they made Everett love her, they might make him love me too. He might also be jealous of me. And I, like all young girls, thought jealousy a sign of love, instead of lack of faith.

I did not reason that it was not because of the things Leola did that Everett loved her, but because of what she was—she herself; that he loved her so well that he was willing to bear with her because of that love, and that not having that same feeling for me, that same intense love, he would not be willing to put up with the same things from me.

The next afternoon Barrett Edmonds came up to practice the new songs. I tried again to get him to enthuse over Rose, but he simply would not. He just said nice things to me. Not silly, babyish things like fat Mr. Leveredge and that horrid Mr. Cantwell did—Barrett treated me as if I at least knew a little some thing and had passed the stage when all I could do was to play with dolls.

We had a delightful time even if he wouldn't talk about Rose. I called him Mr. Edmonds, of course, but he asked me if I didn't think we knew each other well enough for me to call him "Barry," as Alice Sloane did.

"Oh, no," I replied, blushing furiously. "I never called anyone in Hendon by their first names."

"Why not in Hendon as well as any other place?"

"Oh, I don't know!" I wanted to say I didn't think Everett would like it, yet hated to. "You see I haven't known you very long."

"I won't urge you. But if you"—he left his sentence unfinished. "May I join you and Mrs. Sloane Friday at Rappelye's," he asked a moment later.

"I should enjoy it," my reply sounded stilted.

"Please expect me then. Tell Mrs. Sloane I hope to be host on that occasion."

The rest of the time he stayed we just talked and laughed. I told him of home and the boys and girls, of Toodles and Buster. I made him laugh heartily when I told of some of their pranks; and how they used to teaze me. I had not meant to be so confidential; Everett had told me to keep my home affairs to myself—that people were not at all interested in what belonged solely to one's own family. Yet Barrett Edmonds said when he left that he had not spent so happy an afternoon in a long time. I was very sure I hadn't.

"Until Friday," he had said when he left—then raised my hand to his lips!

I had read of men who did this, but it was the first time a man ever had kissed my hand. Someway it kept him in my thoughts.

To-morrow—Sandra Lunches Alone With Barrett Edmonds.

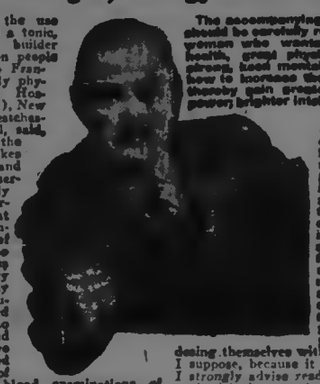
THE CANADIAN SALT CO., LIMITED

Physician Explains Who Should Take Nuxated Iron

Practical Advice on How To Help Build Up Great Strength, Energy and Endurance.



The accompanying article of Dr. Sullivan should be carefully read by every man and woman who wants to possess perfect health, great physical endurance and a strong, keen mentality. Dr. Sullivan tells how to increase the iron in our blood and thereby gain greater physical and mental power, brighter intellects and better health.

Commenting on the use of Nuxated Iron as a tonic, strength and blood builder by over three million people annually, Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and The Westchester County Hospital, said, "Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it utterly robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. I have strongly emphasized the great necessity of physicians making blood examinations of their weak, anaemic, run-down patients. Thousands of persons go on year after year suffering from physical weakness and a highly nervous condition due to lack of sufficient iron in their red blood corpuscles without ever realizing the real and true cause of their trouble. Without iron in your blood your food merely passes through the body something like corn through an old mill with rollers so wide apart that the mill can't grind.

For want of iron you may be an old man at thirty, dull of intellect, poor in memory, nervous, irritable and all "run down," while at 50 or 60 with plenty of iron in your blood you may still be young in feeling, full of life, your whole being brimming over with vim and energy.

But in my opinion you can't make strong, vigorous, successful, sturdy iron men, and healthy, rosy-cheeked women by feeding them on metallic iron. The old forms of metallic iron must go through a digestive process to transform them into organic iron—Nuxated Iron—before they are ready to be taken up and assimilated by the human system. Notwithstanding all that has been said and written on this subject by well-known physicians, thousands of people still insist on dosing themselves with metallic iron, simply, I suppose, because it costs a few cents less. I strongly advise readers in all cases to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble then purchase Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package. If you have taken preparations such as Nux and Iron and other similar iron products and failed to get results, remember that such products are an entirely different thing from Nuxated Iron.

Manufacturers' Note—Nuxated Iron which is used by Dr. Sullivan and others with such surprising results, and which is prescribed and recommended above by physicians is not a secret remedy, but one which is well known to druggists everywhere. Unlike the older inorganic iron products it is easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

AN EPIDEMIC OF FROZEN SERVICE

PETERBORO PLUMBERS HAVE HAD A BUSY SESSION DURING THE PAST FEW WEEKS.

Due to the extreme cold weather of the past few weeks the plumbers in the city have reaped a harvest in thawing frozen pipes and installing new ones where the old pipes have burst. At the Water Works Department this morning seven calls for water services frozen at the street were brought in before eleven and this number was but a fraction of what have been reported to the Department since the first of January, when an average of ten came in daily. During the mild days which follow the cold snaps the average housekeeper slacks up in her vigilance and in place of continuing to let the taps run at full speed throughout the night turns off the water thinking all is safe. To avoid this the Department has had printed circulars to be distributed to each house they attend to and if the instructions are not carried out the damage is chargable to the householder.

One plumber stated today that while there is lots of work thawing pipes there is little money as the persons hardest hit are those who cannot afford to pay for the damage done. In several instances the sewer pipes in terraces have become frozen, Sunday being a favorite day for such an occurrence.

WARSAW NEWS HAPPENINGS

WARSAW, Feb. 4.—The Presbyterian Ladies' Aid held their annual meeting at the home of Mrs. (Dr.) Munro. In the absence of the president, Mrs. David Taylor, on account of illness in the family, the vice-president, Mrs. Munro, took chair. After usual opening exercises, minutes of last meeting were read, also the annual report. This report showed the Aid to be in a flourishing condition financially. The Aid had put in the Memorial Tablet to the four boys who laid down their lives, also had in conjunction with Cotenloe, painted the manse. A certain amount of this money was to be handed to the treasurer of the church. There is a substantial balance in the bank and a few dollars cash on hand. A letter was read from Mrs. Middleton, who though now living in the West, is keeping up her connection with the society. There was also a communication from Mrs. Taylor regretting her inability to be present and stating it was absolutely impossible for her to be president any longer. The election of officers tok place and Mrs. Munro is president. Mrs. Edward Hawthorne vice-president and Miss Margaret Miller secretary-treaserer.

The skating rink is in fine trim now and the young people enjoy it in the evening. The school children like to get there at noon.

Small-pox Situation.

So far as can be learned the small-pox patients are progressing favorably, but report has it that some have had it lightly and have said nothing about being ill to anyone until quite well again. Quarantine may be a trial, but keeping quiet and other members of the family going and coming is not fair to either doctor or community.

Quite a number of good cattle from this district were shipped at Indian River last Tuesday.

The vestry meeting of St. Mark's church was held last Wednesday evening. There will be another vestry meeting in two weeks.

Church Services.

The extreme cold and so much sickness made attendance at all the church services yesterday rather slim. The Presbyterian Sunday School was the smallest it has been in many months. The church service, which was intended for the children had very few. The text was "The Children Carried Wood." They had no service in the evening.

Rev. Roberts of Toronto, (not Rev. Percy Robert) conducted the service in the Baptist church. He did not go to Indian River as there is so much illness there, the church was not to be opened.

Rev. James, of Omemee conducted the service in the Anglican church Sunday afternoon. He spoke on the Forward Movement.

There were the regular Sunday services in the Methodist church.

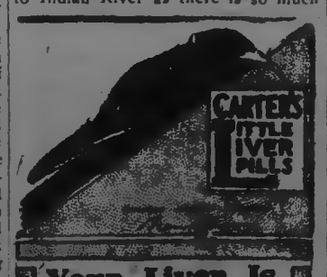
Women's Institute.

The regular meeting of the Warsaw Woman's Institute will be held in the hall over Mr. Chas. Calders's store on Thursday afternoon, Feb. 12th, at 2:30 o'clock. The meeting concerning Consolidated Schools made the Institute as a whole a committee to work on the matter. The next W.I. meeting will be devoted to the subject, pros. and cons., methods, and etc. So it is earnestly hoped that every woman, for or against these schools, a member of the Institute or not, will be present. Unless fresh cases develop the small-pox scare should be over by that time.

Mrs. George Taylor received the sad news on Saturday afternoon of the sudden death of her sister, Mrs. Roy Robertson, Lakefield.

Mr. Jas. Ruth was in the village and neighboring village last week.

There is general regret that Mr. Archibold is unable on account of his health to conduct the services in the Anglican church. The long cold drives from Lakefield are telling on him.



Your Liver Is the Best Beauty Doctor

A dull, yellow, lifeless skin, or pimples and eruptions, are twin brothers to constipation.

Bile, nature's own laxative, is getting into your blood instead of passing out of your system as it should.

This is the treatment, in successful use for 50 years—one pill daily (more only when necessary).

CARTER'S LITTLE LIVER PILLS

Signature Beauchamp

Colorless faces often show the absence of iron in the blood.

Carter's Iron Pills will help this condition.

TO COMPENSATE HOLDERS

Bill for Expropriation of Land to Develop Water Powers

QUEBEC, Feb. 3.—Hon. Honore Mercier, Minister of Crown Lands, has given notice of a bill which he will present this respecting the expropriation of lands required for the development and utilization of water powers. It happens that when the Government constructs dams for the storage of waters that large areas of land are flooded. The object of the bill which the Minister will bring down is to permit the Government to compensate the holders of such lands by giving them equal areas of forest land in some other district as near as possible to the one which has been flooded.

CLERGYMAN GIVES $1,000 TO DARTMOUTH FOR BOXING.

HANOVER, N.H., Feb. 3.—An endowment of $1,000 to be used for prizes for promotion of boxing has been donated to Dartmouth College by Rev. I. E. Johnson, '66.

Dr. Johnson is one of the largest benefactors of college organisations. He has made many donations to the Dartmouth Outing Club, of which he is now honorary president.

France now has about 1,000,000 more women than there are men.

Peace Incomes and War Prices

TEN years ago a Canadian clergyman was forced by illness to retire from active work. The largest salary he had received in the forty years of his ministry was $1000 and a furnished house. The average did not exceed $800.

On this sum he had maintained and educated his family. He and his wife were given to frequent hospitality. They supported every good cause, and even contributed to the maintenance charges of the Church they served.

A Minister's Budget

By good management and economy they were able to carry an endowment insurance policy, pay an assessment to their Church Superannuation Fund, and accumulate some small savings. When that clergyman was superannuated in 1909, he bought a house. His income during the first year of retirement was as follows:—

The retiring allowance from the Church (being $10 for each year of active work)	$400.00
Interest from investments	100.00
Wedding fees and sundries	75.00
Summer supply work	100.00

Against this total of $675 stood the charge for taxes, insurance and maintenance of the house; say, $75, leaving a net annual income of $600.

The Shrinkage in Values

Before the war, the rise in the cost of living had necessitated careful management of this income. Today, the pressure is too great to be borne. If the statisticians are correct, the dollar of 1913 is worth now in purchasing power about 47c.

Therefore, the real income available to maintain these people of refinement and culture is $282 a year.

Do you say that this is an exceptional case? On the contrary, scores of retired clergymen are not so well situated as this one. Some are tasting the bitterness of destitution, since in a few instances no retiring allowances are provided for.

Veterans of the Cross

These men gave a lifetime of unselfish service for their Church, their country, their neighbors; visiting the sick, burying the dead, comforting the bereaved, preaching Christ crucified, and doing their part in making Canada "God's country." In a time when the payment of pensions to old employes is accepted as a reasonable thing by industrial firms, these veterans deserve more consideration than they have been getting from the Christian people of this Dominion.

The Forward Movements

The Superannuation, Beneficiary or pension funds of the five Communions co-operating in the United National Campaign must be largely increased to yield a reasonable and an adequate income for these old heroes of the pulpit.

They ARE heroes. They make no complaint. They still are found doing all that their strength will permit for the great and noble Cause to which they devoted their lives. They still are enduring hardness as good soldiers of Jesus Christ.

National Peace Thank-Offering

Simultaneous Every-Person Canvass by Each Communion

February 9-14

What Are You Going To Do About It?

This is not a question of Charity. It is a question of justice, of chivalry, of common honesty.

Your Church is seeking, through the Forward Movement, to do its full duty to the retired clergymen.

Your interest and your subscription are needed.

Tell your Church leaders where you stand. Do it NOW,

The United National Campaign

Representing the Simultaneous but Independent Forward Movements of the Anglican, Baptist, Congregational, Methodist, and Presbyterian Communions in Canada

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night, your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now? Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

ANNUAL REPORT OF THE PETERBORO PUBLIC SCHOOLS

ATTENDANCE DURING THE YEAR DID NOT FALL BELOW NINETY PER CENT—SCHOOL INSPECTOR MOWAT PRESENTS INTERESTING REPORTS.

In his annual report on the general conditions of the Peterboro Public Schools presented to the Board of Education last evening Mr. A. Mowat, Public School Inspector said:

The year 1919 was marked by a general and world-wide interest in Education.

The world has entered the era of Re-construction and its aims—universal peace, democracy, and improved social conditions—can be secured and maintained only by an intelligent and educated people. Never before has the importance of education been so universally recognized, nor has such sympathetic interest ever before been taken in the teacher and his work.

The task entrusted to the school calls for wise leadership on the part of those in authority, and a real devotion to duty on the part of all who have any share in the work.

The nature of the teacher's work and the almost universal recognition of its importance should attract increasing numbers of the brightest minds to make this their life work.

The work of the Peterborough Public Schools throughout the year was marked by several encouraging features.

1...Attendance.

The regularity in attendance of pupils was good. In no month of the year did the attendance fall below 90% and in the month of September it reached 93%.

The total number of pupils enrolled during the year was 3,384 being distributed as follows:—

King Edward	671
Central	627
South Central	578
Queen Alexandra	471
King George	478
Queen Mary	607

2...The Staff.

There was little sickness on the staff during 1919, in marked contrast with the year 1918. The changes on the staff were few. Misses Jenkins, Greaves and Butler resigned at the end of June, and Misses MacKenzie and Mason together with Mr. Gould resigned at the end of the year.

The staff consists of 67 regular class teachers, together with one supply teacher, one half-day Kindergarten teacher, one supervisor of Art and one of music, one Instructor of Manual Training and one of Household Science.

3...Accommodation.

Accommodation was provided for all Public School children by transferring a considerable number of pupils from the South Central School to the Central and Queen Mary Schools, and by using the basement of the St. James' Sunday School hall as a classroom.

The pupils of the King Edward and South Central Schools are yet unable to pursue the courses in Household Science and Manual Training, and will apparently have to wait for these until the new Membrial School is completed.

Should the Government raise the compulsory attendance age to 16, it would necessitate the continued use of the old South Central as well as the new school.

4...Organization and Equipment.

Several changes in Organization were effected during the year.

Greater responsibility and authority were placed upon the Principals. This should enable them with the co-operation of their staffs to develop in each school a spirit that should mean much for the progress and happiness of the pupils. A good atmosphere, I believe, prevades our schools, yet much can be done to promote still further a spirit of courtesy, uprightness, respect, kindness and a desire to excell in all they do.

A change was made in the organization of the classes of Form II, so that the work in this Form may be covered in one year instead of in two as heretofore. Greater attention is being paid to reading and writing in the Primer Grade and somewhat less to Arithmetic in this grade. By these means the average of our entrance pupils should soon be cut down by one year which is very necessary as Educationists generally agree that the best time for pupils to begin the secondary course of study is about 12 or 13 years of age and not 14 which is the average age throughout Ontario.

More suitable reading material should be placed in each school. Children should have abundance of reading matter so that they may form the "Reading Habit" in school, and that this habit may be directed along right lines.

5...Examinations.

Examinations are receiving much adverse criticism. Their importance has no doubt been over-emphasized in the past but there is a danger of going too far in the opposite direction.

Examinations judiciously used have their advantages. They set a standard for pupils and teacher; they train the pupils to express themselves clearly and to the point, and they are very necessary in grading pupils.

In our schools, examinations have not been unduly emphasized. Promotions are made upon the classwork and examination results of the whole half-year and not upon one final examination. This plan has been followed in the Peterborough Public Schools for more than fifteen years.

For a number of years, the Peterborough Entrance Board has passed from 50 to 75% of all entrance candidates on the recommendations of their principals so that these pupils entered High School without passing any final tests.

This is a Provincial Regulation which any Entrance Board may adopt.

6...Cost of Education.

No uniform system of estimating the cost of education per pupil has yet been adopted by the cities or Education Department of Ontario.

Most cities take the total cost of maintenance (not including interest on debentures and expenditures on capital account) and divide this by the total number of pupils enrolled during the year, which gives the cost per pupil, enrolled attendance. By this method the cost per pupil in the Peterborough schools for the year 1919 was $28.32 as the total cost of maintenance was $95,549.93 and the number of pupils was 3,374.

The cost per pupil based on the average attendance for the whole year was $38.62. These figures compare favorably with other cities reporting on the same bases.

In a recent report on the cost of Education in American cities, it is stated that in these cities the tax for educational purposes amounts to from 1-3 to 2-5 of the total tax rate, and of the expenditures on education from 70 to 85% of the total went for teachers' salaries.

The United States Federal Government and the State Legislatures are giving liberal grants to further the work of education in all departments. In Ontario the Legislative grants to urban municipalities have been discouragingly small.

Speaking of the cost of education, Sir Robert Falconer in a recent address, among other things, said:—"It is the duty of all classes of people to develop themselves intelligently, and there is no safer investment than money spent for the minds of the rising generation, in order that the leisure hours that are going to be part of their lives may be used profitably and wisely."

7...Medical Inspection.

A real forward step was taken in introducing Medical Inspection into our Public Schools.

The school has been so long identified with the mental, and, in a less degree, with the moral development of children that it is difficult for the general public and even for the teachers to realize that first consideration should be given to the Physical welfare of the children.

I am pleased to be able to report that the health of our school children is being safe-guarded and the parents are receiving most valuable reports on the physical condition of their children which must prove of great value and should result in great good to the children.

Through the efforts of the school nurse and the school medical officer our schools were free from infectious and contagious diseases during 1919.

8...Special Departments.

A.....Art.

The Art and Drawing work continues both attractive and useful to the pupils. Its educational value is not neglected. This study is valuable because among other things it demands:—

(a) Neatness and carefulness on the part of the pupils.

(b) Hand and eye must work in union with the brain.

It also developes a love and appreciation of the beautiful, and stimulates the creative faculty.

B.....Music.

The study of music is growing in interest from year to year. There are abundant evidences of an increased love for singing on the part of the pupils.

The successful concert given in May by the Women Teachers' Guild and the singing at the Exhibition by the Childrens' Choir give some indication of the work beng done in this department.

C. Manual Training.

Interest in the Manual Training Department continues to grow and the only regrettable feature is that the work cannot be expanded until the new school is completed when accommodation for all the classes will be available.

D. Household Science.

The work being done in this Department is most satisfactory. One forward step was taken during the year by introducing sewing into all the schools.

Further expansion of this work will have to wait the co-operation of the new school.

9...Associated Activities.

The work of the Play-Ground Association, while not coming under my supervision, was most successfully conducted during the summer vacation of 1919. I am pleased to know that it is receiving the sympathy and support of the Board.

The Home and School Associations are doing a useful work. The socialized school is the school of the near future and any organization that will bring parents and teachers more closely together and will tend to make of our schools social centres, should receive every possible encouragement.

10...The Teacher's Task.

The chief educational factors of any community are the home, the school, the church and the press.

On the teacher, however, largely depends the training of the child, and the nature of this training depends very largely upon the personality of the teacher. The good teachers give themselves to their work. This makes great demands upon their nervous energy and they cannot teach well if they are in low spirits.

The liberal encouragement extended by the Board to the Public School staff should mean much for the progress of education in our schools. The public recognition of the importance of their work will increase their teaching power.

The good work done in our schools during the past should lead to better work in the future. This work should not be formal or narrow or limited. It should include the physical welfare of the children, the cultivation of their minds, the inculcation of patriotic and moral ideals, and in some degree, preparation for their life work.

11...Some Educational Problems.

Some of the most pressing educational problems in urban centres that are demanding attention are:—

(1) That still greater care be given to the physical well-being of the boys and girls.

(2) That the present Public School course of study be reduced in content in several of the subjects. The present course is too wide for thorough mastery, and a superficial knowledge is all that can be gained by the average pupil. Greater emphasis must be placed upon thoroughness so that there may be developed in the pupils more power of thought, initiative and self-effort.

(3) That the compulsory attendance age be raised to 16 years.

(4) That a suitable secondary course of study be provided for those boys and girls who purpose entering Industrial Life.

(5) That provision be made for the proper training of mentally deficient children.

British Columbia Woman Speaks Plainly.

Her Message is to Everyone.

Those who have found relief are the people who want all sufferers to know what they gained from their experience.

Mrs. B. Walters, of Savona, B.C., writes, praising Gin Pills for the immediate relief given by these splendid Pills. Mrs. Walters says:—

"I advise people who have not used Gin Pills to try them. I have been troubled for years with weak kidneys, and one box of Gin Pills cured me. I recommend them as an absolute and reliable cure."

Derangement of kidneys or bladder is so very serious that, at the first sign of pain in side or back, treatment with Gin Pills should begin. The duty of the kidneys is to cleanse the blood. If weak or inactive, uric acid and other poisons and waste are carried to the joints and muscles, causing inflammation, rheumatism, sciatica, neuralgia, lumbago, constant headaches, dizziness, floating specks before the eyes, gravel or stone in the bladder, general debility and lassitude. If you have any of these symptoms, get Gin Pills at once. Free sample on request. At druggists or dealers, 50c a box. Money refunded if not relieved.

"WAS A BLESSING" SAID ROBT. O'NEIL

DARTMOUTH COUPLE ARE RESTORED TO HEALTH AFTER TAKING TANLAC.

"When I saw what Tanlac did for my wife I began taking it, and now both of us are in the very best of health, and I have gone back to my work after I had to give it up," was the unusual statement made just the other day by Robert O'Neil, who lives in Woodside, Dartmouth, Nova Scotia.

"My wife," continued Mr. O'Neil, "had been troubled with a bad case of indigestion for over fifteen years. She had practically no appetite at all, and what she did eat disagreed with her, and caused her to be belching up gas and undigested food for hours afterwards. She would bloat up terribly with gas and would have awful cramping pains, and sometimes at night she would be so bad off she could hardly get a wink of sleep. She was troubled with constipation, and was subject to sick headaches. She lost fifteen pounds in weight, and was so nervous and miserable she would have to go to bed almost every day, and rest awhile.

"Every medicine she tried failed to do her a particle of good until she began taking Tanlac, and the way it went after her troubles made it look like Tanlac was made specially for her. She never has a touch of indigestion now, and can eat anything she wants without being troubled in the least. The headaches and nervousness have all left her, and she is no longer constipated. She sleeps sound at night, is built up in every way, and is gaining in weight and strength right along.

"I was in a general run-down condition, felt tired and worn out all the time, and just seemed to be giving out all at once. I had no appetite, and finally got so weak I had to quit work. Tanlac had helped my wife so much that I made up my mind to try it, and it has certainly done the work for me just like it did for her. I have taken two bottles, and my appetite has come back. I am sleeping better and just feeling so fine that I have gone back to work. Tanlac has certainly been a blessing to my wife and myself, and it is a real pleasure for us to tell others about it."

Tanlac is sold in Peterborough by W. B. Warne Drug Co., Limited; in Havelock by A. C. Denike; in Lakefield by Tanner Drug Co., Ltd.; in Fowlers Corners by W. A. Hunter; in Colert by A. J. Scott; in Westwood by G. Pringle & Son. (Advt.)

OUCH! MY BACK! RUB LUMBAGO 'P IN AWAY

Rub Backache Away With Small Trial Bottle of Old "St. Jacobs Oil."

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right on your aching back, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints!

"POST NO BILLS."

Isn't it about time that Oshawa outgrew the little village idea of tacking bills and cards advertising all sorts of amusements, etc., on posts and trees in the down-town sections?

No other towns of similar size in Ontario we know of permits such littering of the streets as is permitted here. Bills stay up till they are torn down by the wind and rain, and at this moment there are old bills hanging in all stages of dilapidation "advertising" events that passed into history months ago.

This may seem like a trifling thing to take up in a newspaper, but it is surprising what little things sometimes give lasting impressions to the visitors or newcomers to town. If action taken by the owners of the poles, whose "post no bills" signs are disregarded, and by the town authorities trere is no doubt that many citizens would highly appreciate and commend the same.—Oshawa Reformer.

Talk about Good things says Bobby

FARM BEATS CITY IN CAR OWNERSHIP

But License Revenue is Slightly Greater From the Latter.

Ontario is fast becoming a "motorist" Province. The records for 1919, just compiled, show that there were 127,860 passenger cars in operation during the year, an increase of more than 26,000 over 1918. There were 11,428 trucks and 5,516 motorcycles. Of the passenger cars licensed over a third were city-owned—46,614, compared with 80,898 owned outside of the cities. Toronto has 21,747 passenger cars and 4,590 trucks.

The returns indicate that the cities contribute slightly more to the motor license revenue than the farmers. The latter own 46,997 cars, or slightly more than those owned in the cities, but the cities have more big, expensive cars, which contribute more largely to the revenue. It will be a surprise to some folk to know that men engaged in the skilled trades own more cars than the business men of Ontario, the figures being, 15,042 to 13,837, doctors own 1,157 cars, manufacturers 4,362 and other professions 5,119.

PRESENTATION TO H. M. MONCRIEF

Mr. Harry Moncrief, auditor of the Canadian Packing Co., was presented by the office staff of Peterboro with a beautiful silver coffee percolator and a case of pipes and also by the offices of Brantford, Montreal and Toronto, with a beautiful gold Waltham watch.

Mr. Moncrief has been with this company for several years. Mr. Monchief was taken very much by surprise but made a suitable reply. He has now accepted a position with The Price Water Co., Toronto.

MARQUIS WHEAT WILL OUTYIELD RED FIFE

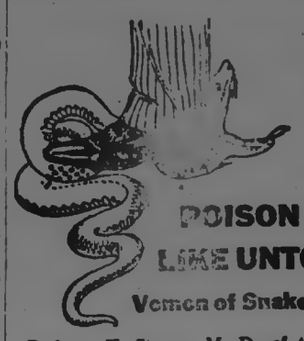
A LONG EXPERIMENTATION HAS PROVED GAIN OF FOUR BUSHELS TO THE ACRE.

OTTAWA.—J. H. Grisdale, Deputy Minister of Agriculture, announces that, from figures obtained in a long series of experiments carried on at the Dominion Experimental Farm, it has been shown that Marquis wheat will outyield Red Fife, the best of the older varieties, by four bushels to the acre.

Practically half of the acreage sown to wheat in the Prairie Provinces at present are sown to Marquis, and assuming that on ordinary farms the increase over other varieties averages only half that shown on the Dominion Experimental Farm, the introduction of Marquis has meant an annual average increase of some 13,300,000 bushels of wheat in the Prairie Provinces, over the crop that would have resulted had Red Fife or some similar variety been sown in its stead.

The discovery and the distribution of Marquis wheat, have, therefore, resulted in increasing the value of the wheat crop in the Provinces of Alberta, Saskatchewan and Manitoba, by reason of increased yield, by over twenty million dollars annually for the past five years.

Copper is good colour for dresses.



Professor H. Strauss, M. D., of the Royal Charity Hospital, says, "The cause for an attack of gout, rheumatism, lumbago, is supplied by the increase of uric acid in the blood serum, the result of various causes, the most frequent of which is renal. Before an attack, one suffers sometimes from headache, neuralgia, twinges of pain here and there."

When your kidneys feel like lumps of lead, when the back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; when you suffer with sick headache, or dizzy, nervous spells, acid stomach; or you have rheumatic pains or lumbago, gout, sciatica when the weather is bad, do not neglect the warning, but try simple means. Take six or eight glasses of water during the day, then obtain at your nearest drug store 'An-uric' (anti-uric acid).

This is the discovery of Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. "An-uric" is an antidote for this uric acid poisoning and dissolves uric acid in the body much as hot coffee dissolves sugar. "Anuric" will penetrate into the joints and muscles, and dissolve the poisonous accumulations. It will stamp out pains. Send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for trial package.

To Ward Off Trouble Build Up With Milk

Says Dr. Leonard Keene Hirshberg

Of Johns Hopkins University: "Morbid states of health and infections are most common among those who have forgotten that there is such an excellent preventative of sickness as milk."

Proofs in abundance show that **Pasteurized Milk** is probably the greatest factor of safety for your nutrition, and protection against disease."

"Milk used in combination with butter, or each used separately, either cold or warm, are excellent 'warders off' of many physical troubles. They act as preventatives because they build up bodily resistance to the disease."

Use milk liberally, either hot or cold. If you want to get a greater variety, a great number of delicious milk drinks are recommended by Dr. Hirshberg.

THEY WILL SELL AT $47.50

THE LENGTH of the coats reach to the finger tips and in several instances show vestees of tricollette of contrasting colours. Black military braid is in evidence everywhere, and bone buttons are artistically grouped for trimming. Whenever a belt is used it is very narrow. The linings are silk in handsome floral patterns in pleasing tones. The skirts are made to be worn shorter than the present season; the approved distance from the ground is eight inches and the width 54 inches. The effect throughout is very modish.

Georgette Blouses Fresh from Their Tissue Paper Wrappings

We Have Assembled a Number of Flesh Colored Ones that Are Priced from

$8.95 to $25

Somewhere at either end or within this range of prices you will find the amount that you wish to pay for a blouse and the blouse itself will not disappoint you, for there is always allurement and charm where soft pleated fronts and ruffles of lace are to be found, and the latter by the way is the outstanding feature of the assemblage. As to collars, the makers have run up and down the scale, all the way from high neck to collarless style and many in-betweens with reveres or a hint of a round collar at the back. The sleeves are both long and elbow length. They are truly a most unusual lot.

The "Free Service Sale"

Bringing to Your Attention—Eight Brussels Rugs—Regular $16.00 Values for $11.75 Each

The size is 4 feet 6 inches x 7 feet 6 inches. The colours are mostly Brown and Fawn tones, with small conventional designs. TECHNICAL SCHOOL DISCUSSED BY THE BOARD OF EDUCATION

MEMBERS ARE OF THE OPINION THAT SUCH A SCHOOL IS NECESSARY IN PETERBORO—REGULAR MONTHLY MEETING OF THE BOARD.

At the regular meeting of the Board of Education held last evening Mr. E. G. Patterson urged that steps should be taken in the near future towards forming a policy regarding the proposed Technical School for the city. He thought that the Industrial Committee should be urged to meet and bring in a report to the Board which would then proceed to have plans prepared and if necessary send representatives to London, Hamilton and Ottawa so that the members of the Board might be familiar with the scheme should it be found advisable to call for tenders for the construction of the school. Mr. J .W. Worth stated that he was in thorough accord with Mr. Patterson in the matter of being prepared and thought the Industrial Committee should decide what subjects would be most suitable to teach in the city and what kind of building would be most suitable.

Mr. A. A. Fowler objected to any drastic steps being taken in the matter of securing the new Technical School on the grounds that the extension of the Collegiate Institute should receive priority. He stated that the Inspector would probably ask for an extepsion to the Collegiate Institute and Mr. Kenner agreed that the present accommodation would in all probability be inadequate during the coming year. Mr. R. Denne suggested that in view of the many expenses confronting the Board the recreation room of the Institute might profitably be turned into a class room as has been done in many other cities. He also stated that Mr. Sangster has practically complete data prepared for the question of a Technical School.

Commenting upon the discussion of preparedness in the matter of the school which he endorsed Mr. G. O. Cameron remarked that it was laughable that in the ten years he has been in the city each year technical education has been used as a plank in the platform of some aspirant to municipal honors. Mr. J. W. Worth suggested that in the event of a Technical School being built the Collegiate Institute will, rather than being over crowded be relieved of many pupils who would transfer to the new branch of education.

New Schedules.

On behalf of the teaching staff of the Collegiate Institute Mr. H. R. H. Kenner acknowledged the revisel salary schedule. The Principals and vice-Principals stated that they felt in the revised schedule they had been most fairly dealt with and that all grounds for dissatisfaction had been removed. The Woman's Teachers Guild and Mr. A. Mowat also acknowledged the revisal of salary schedule.

Mr. W. H. Pretty and Mr. Harry Cressman expressed gratitude at having been appointed to the Advisory Commercial Committee and Mr. L. D. W. Magie his appreciation at having been re-appointed to the Library Board by the Board of Education.

School Attendance.

The report of the school attendance for the past month showed a considerable falling off due to the cold weather which prevented the smaller children from attending school.

	On Roll	Av. Att.
King Edward	535	470
Central	506	455
Queen Mary	493	438
South Central	400	361
Queen Alexandra	353	314
King George	322	289
Collegiate Institute	379	359

Withdrew Motion.

Mr. J. W. Worth gave notice of the withdrawal of his motion regarding the paying of salaries to teachers who are absent from school on account of illness in the family. He will bring up the matter at some future and more opportune time.

Committee Changed.

Upon motion of Mr. G. O. Cameron Mr. Cormack was appointed a member of the Advisory Industrial Committee to replace Mr. J. A. McKone and Mr. McKone appointed to succeed Mr. Cameron on the Advisory Commercial Committee.

School Attendance Officer.

The report of the School Attendance Officer, Mr. F. Miller showed 39 absentees during the month 24 due to illness.

School and Home Club.

At the conclustion of the meeting Mrs. W. R. Morris invited the members of the Board with their wives to attend a concert to be put on under the auspices of the School and Home Club in the Queen Mary School on Friday evening.

GOOD ROADS FOR PETERBORO

It would be interesting now to hear the testimony of the Grandfathers of those who are past middle age on the question of good roads in their time and ours.

Those hardy Pioneers thought nothing of carrying a bag of flour from Port Hope to Peterborough on their shoulders.

They tramped over a trail through the woods with their heavy burden seemingly increasing in weight as they toiled along their lonesome journey.

What a contrast between the highway of that generation and the one in which we live!

What safety, enjoyment and pleasure may the next generation have as compared with the ruts and bumps our own miserly habits impose upon us!

We honor our forefathers because they laid the foundation of Canadian Nationality in a great unknown primeval forest, with little means at hand to improve their roads. The present generation however have the means at hand to improve their roads but apparently is handicapped by shortsightedness and parsimony and neglects to improve them.

Both urban and rural travellers use our highway to a greater extent than ever before and the better these highways are built and maintained the more profit and pleasure are derived out of their use.

The Romans, upwards of 2,000 years ago appreciated the great advantage of good roads and profitted by their Appian Way and even by their good roads in Gaul and Britain and elsewhere.

Are we in these advanced days, enjoying the use of modern motors, going to be content to bump from one hole to the other and to swing from one rut to the next?

The immediate advantage of a first-class highway would immediately assist in reducing the high cost of living by affording quicker and cheaper transportation for the carraige of milk, poultry, butter, cheese, vegetables of all kinds and meats of all kinds and other farm products from the country to the city and farm supplies of all kinds from the city to the country.

It is highly important that we in this district should make a beginning. Let us build a first-class highway from the Kingston Road through Peterborough to the Kawartha Lakes and more and more profitable roads in all directions will follow to the great profit and advantage of both this city and the surrounding country.

What is being done elsewhere? The various states of the American Union have each constructed thousands of miles of good modern roads. Even the Province of Quebec upon which the people of this Province so proudly look down upon has ten miles of the best modern highway to every one mile that Ontario now enjoys.

But tell it not to the inhabitants of this county and city that the despised habitant of Quebec can and does travel over better highways, more modern, safer and more permanent than any of their inhabitants, for so it is.

The present Minister, the Hon. Mr. Biggs, is most anxious to improve our Provincial Highways and is willing to give liberal Provincial aid.

I therefore would suggest that our City and County Councils and our Township Councils should at once interview the Hon. Mr. Biggs and urge upon him the immediate construction of a modern highway from Port Hope through Peterborough to the Kawartha Lakes.

LIBERTY BONDS SOURCE OF AMERICAN EXTRAVAGANCE

A great deal of the exeravagance in the United States is said to be due to the Liberty bonds. Messrs. J. S. Bache and Co., of New York City, say: "Twenty million people invested in these, and now find themselves with a depreciated security on hand. The tendency is to get rid of it, and they are doing it. Unfortunately, instead of learning to invest and be thrifty, they are being led to extravagance. This is another argument for funding the bonds by exchnge into a long-term security, offering an attractive rate of interest for a time. The bonds would then become more valuable and would increase in price The tendency to pay them out as currency would be checked, as the new bonds would prove a really attractive investment, and the disposition would be to hold them."

SEIZED TORPEDO BOAT.

(Canadian Press.)

TRIEST, Feb. 4.—Gabriel Dannunizio seized torpedo boat and auxiliary ship carrying munitions and food for the Italian Navy. The vessels were brought to Fiume.

Harmless Means of Reducing Fat

Many fat people fear ordinary means for reducing their weight. Here is an extraordinary method. Extraordinary because while perfectly harmless no dieting or exercise are necessary. Marmola Prescription Tablets are made exactly in accordance with the famous Marmola Prescription. A reduction of two, three or four pounds a week is the rule. Procure them from any druggist, or if you prefer send $1 to the Marmola Company, 864 Woodward Ave., Detroit, Mich., for a large case.

THE EPIDEMIC.

(Canadian Press.)

NEW YORK, Feb. 4.—Maine and New York states report great increase in cases of influenza. Chicago situation improving.

A Bad Case

Eczema All Over His Body—His Legs—His Arms Covered

John Clark of Brockville, N. B., crowds a story of great suffering into a few words.

"I was tormented beyond words. I could not sleep. You could not put a pin on my whole body. I tried several doctors. They said it was eczema. Three dollar bottles of D. D. D. is all I used. I have not had a sore for five months."

Each week we are selecting a letter from some Canadian sufferer to show what can be done to itching, burning skin disease by the clear, purifying liquid wash, D. D. D.

Stop that itch today. You are not asked to use D. D. D. for weeks before you receive results. If you don't get relief from the very first bottle we hand your money back. $1.00 a bottle. Try D. D. D. Soap, too.

Fortunes Made Without Effort

Profits of Stockholders in Mail-Order Houses Stagger the Imagination.

Customers Supply Capital

One Man Makes More Than $250,000 on $25,000 Investment in Nine Years—Hundreds Like Him

(Copyright.)

There is one way to make money by dealing with the mail-order houses but it isn't by buying goods from them.

The man who thinks he is making money by buying his goods from mail-order houses has only to read of the these big corporations to realize that all the money is being made by the man on the other end of the deal.

The stock-holder in a big mail-order concern toils not and neither does he spin, but he piles up his money so fast that it makes the ordinary man's head swim to read about it. Here is the experience of the stockholder in one of the large mail-order concerns, as told by a reliable financial journal. It gives a glimpse into the inside workings of the mail(order business that should be of interest to those who have made such things possible.

How the Game Works.

In 1908 this man bought 600 shares of stock in the mail-order corporation in question when the stock was selling around $40 a share, the 600 shares costing him a little less than $25,000. In 1911 the company declared a stock dividend of 33 1-2 per cent. In other words the company after paying cash dividends regularly had accumulated a surplus profit of one-third of the amount of capital invested in the business; but instead of distributing this profit among the stockholders the company kept the money in the business and issued stock for that amount to the stockholders. By this action 200 more shares of stock were issued to the man who had originally bought 600, increasing his holdings to 800 shares, without his having put any more money into the business.

Another stock dividend of 50 per cent. was declared in 1915 and this added 400 shares more to his holdings, giving him 1,200 shares in all. A third stock dividend of 25 per cent. was paid early in 1917, bringing this man's stock holdings up to 1,500 shares, still without his having paid in any more money. On this 1,500 shares of stock, cash dividends of $8 a share are now being paid. This investor therefore is now receiving $12,000 a year from his original investment of about $25,000, and as the stock is now worth around $160 a share, the present market value of his stock is $240,000, giving him a profit of $215,000, in addition to cash dividends which he received during nine years, amounting to many more thousands of dollars.

Only One of Hundreds.

This is the story of just one small stockholder in one mail-order concern. A profit of more than $215,000 made by one small stockholder in nine years on an investment of less than $25,000! It reads like fiction but it is financial history. There are hundreds of other stockholders in this and other mail-order corporations, some of whom have made millions while this man made thousands. Add the profits of all these stockholders together and the result is a sum that staggers the imagination.

Small wonder that the men who own the stock of the big mail-order houses can live in palaces, ride in the highest-priced automobiles, own palatial private yachts and buy $100,000 paintings. But who has furnished the money to pay for the palaces and the automobiles and the yachts and the $100,000 paintings? The people in the country and the small towns who have kept an endless stream of money flowing into the coffers of the mail-order houses have made all this possible. Their millions of dollars have gone to the big cities to build up these great concerns. Their millions of dollars have provided the automobiles and yachts and other luxuries for the stockholders in these corporations.

Present From Mail-Order Buyers.

These men who have piled up such big fortunes in the mail-order business have not even had to pay for much of the stock from which they are now drawing princely dividends. The people in the country and the small towns, generous souls, have bought it for them. This is shown in the case of the stockholder just mentioned, who originally invested. The generous mail-order buyers have made him a present of $215,000 worth of stock and he has not had to turn his hand over to get it. He has never even had to so much as write a letter to get it. The generous mail-order buyers have handed it to him on a golden platter.

There's money in the mail-order business without a doubt, but its on the side of the man who does the selling and not the one who does the buying. If you must do business with the mail-order house, buy some of its stock and let the fellow in the next town buy you automobiles and private yachts while the struggles with the hard times that come from draining his town of the cash that goes to keep you in luxury.

The World Of Sport

BIG BATTLE IN THE CITY LEAGUE

MUCH INTEREST IN THE C.G.E.-CANADIAN WOOLLENS GAME.

For the fans who remain in Peterboro to-night there is a lively bill in the City Hockey League that should attract a big crowd to Brock street rink.

The clash the fans have been looking for between the C.G.E. Tool room and Canadian Woollens is the first game on the cards otnight and there is great interest in the results. Both teams are in the best of shape and both are supremely confident of victory. A defeat for the Woollen men put them out of the running while a win leaves the two leading teams tied.

The Business College and Belmont teams came together in the second game of the night.

LINDSAY HAS SMALL LEAD OVER BELLEVILLE

LINDSAY, Feb. 3.—In a game that lacked team play, Lindsay midgets beat Belleville juniors by the score of 5 to 4. Belleville played a semi-defenee game and broke away with better combination than the midgets. Speed developed with the game, and the play was particularly fast in the last period, with Belleville using their superior weight to advantage. Garnet was Lindsay's best, and Cannington starred for Belleville.

Belleville— Goal, Hulin; right defence, Beach; left defence, Cannington; centre, Swain; right wing, Coon; left wing, A. Hollway. Subs.—Tillon and B. Hollway.

Lindsay—Goal, McClory; right defence, Garnet; left defence, Green; centre, Bell; right wing, Chambers; left wing, Stoddard. Subs—Mills and Sutton.

Referee—Lou Marsh, of Toronto.

L. G. Dobbin	R .M. Waddell
— 7	—17

Both the Lindsay rinks, skipped by Larry O'Connor and George Little, were defeated by Collingwood in the first round of the Tankard finals yesterday. In the second round Collingwood won from the Toronto Granites and are the favorites for the finals.

In the ladies' curling this morning Mrs. Waddell and Miss Davidson were tied in the last end, and in the extra Miss Davidson counted two two, winning by 7 to 5. It was the closest game of the season.

WILL PLAY VICTORIAS.

Five rinks will go to Toronto tomorrow to play the Victorias for the Waddell-Capon trophy. The local skips are R. M. Waddell, W. J. Thompson, George Boucher, D. E. Eason and S. T. Medd.

Result of the Ladies Curling Match at the curling rink this morning:

TRADING AT A STANDSTILL DUE TO COLLAPSE IN THE EXCHANGE

THE STOCK MARKET OPENED WEAK TO-DAY—NEW LOWS WERE MADE IN MANY LEADING ISSUES.

(United Press.)

NEW YORK, Feb. 4.—The continued demoralisation of the foreign exchange was reflected in the stock market opening to-day, most of the issues showing losses from yesterday's close.

Crucible fell 3 points to 209, U. S. Steel was 102 1-4 off 1-4, Southern Pacific 97 3-4 off 3-4, Baldwin 111 1-2 off 1-4, Central Leather 88 3-4 off 3-4, U. R. Stores 81 off 1, Marine 34 1-2 off 5-8, Mexican Petroleum 188 off 1-8, U. S. Rubber 122 off 3-8, Studebaker 100 1-2 off 1-8, Sinclair 38 off 1 1-2.

MARKET WEAK.

The collapse in the exchange market brought trading virtually to a standstill in the forenoon, demand sterling falling to $3.23 3-4.

Francs fell to 18 centimes more to 15, and lire 13 to 18.15.

Steel Common and Baldwin offered the best resistance to a great outpouring of stocks in the early trading, and strength in these issues served to strengthen the general market early in the second hour. Baldwin rallied to 111 7-8 and Steel Common to 102 1-2, and their recoveries started a similar movement in other active issues. American Tobacco declined to 241 1-2 against the previous close of 250 1-8.

The extreme weakness of foreign exchange which, in the case of demand sterling, fell to $3.20 at 12.30 p.m., caused heavy selling on the stock and cotton exchanges to-day.

NEW LOWS RECORDED.

The stock market opened weak, showing losses from yesterday's close. After a brief rally about 11 o'clock prices again sagged off and new lows were made on the decline in the second hour. Steel Common held well at 102 until reports were circulated in Wall Street from commercial agencies that Britain had stopped cotton imports owing to the collapse in sterling exchange. Offerings of stocks then came more freely than at any time since the wave of liquidation started yesterday.

Steel Common receded to 101 3-4 off 3-4, Southern Pacific 93 3-4 off 2 3-4, International Paper to 75 off 3 5-8, Pan-American 86 off 3 1-2, Studebaker 98 3-4 off 3 1-4, Crucible 203 1-2 off 6 1-2, General Motors 285 1-2 off 8, Baldwin 109 off 2 3-4.

Call money ruled at 14 per cent., while time money was in demand at 10 per cent. for 90 day loans, but lenders were cautious and time new money was available for the accommodation of traders.

In early trading the bulk of trade sections in the bond market were in the Liberty Victory issues, most of which made new lows. In the second hour there was a rally, which carried most of the issues up to last night's close. The foreign bonds were dull and fractions were low.

Demand bills on British pound sterling, which dropped yesterday to $3.23 declined further to $3.19 on the market this morning.

Canadian exchange followed. By noon the discount rate had advanced to 16 per cent.

Oil shares were especially weak as a group an sold off sharply in the first hour under the leadership of the D-O-Henry issues. Mexican Petroleum broke 2 1-8 to 186, Pan-American 1 1-2 to 88, Middle States 3 1-2 to 31, and Sinclair 1 1-2 to 38.

U. S. Steel showed a disposition to rally, getting up to 102 5-8, a recovery of 3-8 from the opening. American Woollen continued under pressure, receding 2 to 139.

Urgent liquidation broke out in American Sugar, which sold down to 129, off 3-4, at times losing a point between sales. American Hide and Leather preferred was 113 3-8, off 7-8.

Curb Market.

The curb market showed a disposition to conform to the general downward trend, but most issues only eased off fractionally.

Call money continued at 14 per cent. Sales for the first hour were 449,200 shares. Liberty Bonds continued to sag, but were offered only fractionally.

Sterling Fell.

In the first half hour Sterling fell to 3.26 3-4. Franc checks were 14.82 francs per dollar, off 30 centimes, and Lire 18.02 per dollar, off 52 centimes.

The German mark fell to a new low record at .013. At the end of the first hour demand sterling was quoted at $3.24.

Cotton Market.

(United Press.)

NEW YORK, Feb. 4.—The cotton market broke sharply at the opening to-day, prices falling from 2 to 8 points on first sales and then declining from 11 to 18 points below the previous close, following the crash in the foreign exchange. The only notable exception was May cotton, which was up 4 points at the opening. After the first fifteen minutes prices steadied for a time on trade buying.

STILL ROUNDING UP THE SINN FEINERS.

SEVEN PERSONS ARRESTED THIS MORNING.

(Canadian Press.)

DUNDALK, Ireland, Feb. 4 — A round-up of persons supposed to be connected with the Sinn Fein movement occurred this morning.

Seven persons were arrested, including three members of one family and a newly elected member of the Urban District Council.

TURKS AND FRENCH TROOPS IN FIGHT.

(Canadian Press.)

LONDON, Feb. 4.—A despatch to the Exchange Telegraph Company from Constantinople, dated 31st January, reports important engagements in the region of Marash and Aintab, Turkey in Asia, between the National forces and French troops.

Marash is seriously endangered, the despatch says.

AMERICAN RELIEF WORKERS MURDERED.

EXPEDITION HAS ITS HEADQUARTERS IN NEW YORK.

(Canadian Press.)

WASHINGTON, Feb. 4. — The murder of three American relief workers in Syria was reported to-day to the State Department.

The relief expedition was under the auspices of the American Committee for Relief of the Near East, headquarters of which are in New York.

TURKS RED ARMY OFF TO CONSTANTINOPLE

(Canadian Press.)

LONDON, Feb. 4.— An exchange telegraph dispatch from Constantinople today says; The young Turks Red Army will in near future reach Constantinople to throw out Turkish enemies. Turkish Bolsheviki announce that a war solely against Great Britain will be undertaken in the Spring.

The Temple Bandsmen are looking for a Banner Year in 1920.

HAD ECZEMA
For Over 28 Years

Eczema or Salt Rheum manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust is formed, and the intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat is almost unbearable.

The success which Burdock Blood Bitters has met with in skin diseases of such severity is due to its wonderful blood cleansing and purifying properties, and we know of no other remedy that has done or can do, so much for those who are almost driven to distraction with the terrible torture.

Mr. James Walker, 189 Niagara St., Hamilton, Ont., writes:—"I have been using Burdock Blood Bitters for some months past, and find it an excellent remedy for skin eruptions. I have suffered with eczema for over 28 years, and have tried almost everything you could think of. I was recommended to use Burdock Blood Bitters, and I am now clear of my skin trouble. It is certainly a good remedy and I shall recommend it to all my friends."

Manufactured for over 40 years by The T. Milburn Co., Limited, Toronto, Ont.

SPECIAL MEETING.

A special meeting of the Trustee Board of the George street church is called for to-night. All members of the Board are urged to be present.

RECIPIENT OF PRESENT

Mr. J. Sullivan of Ops township, was the recipient of a useful present the other night, as well as a nicely-worded address, the social evening and presentation taking place at the home of Mr. John Sullivan. The presentation was made by Mr. Norman Hardy:

WOMEN'S ART ASSOCIATION LECTURE

Mr. F. J. A. MORRIS, M.A., of the Peterborough Collegiate Staff, will will give a lecture on "J. M. Barrie." Thursday evening, Feb. 5th, at 8.15, in the Studio at the Conservatory of Music. Members are privileged to bring friends with them.

THE CONSERVATORY DRAMATIC CLUB

Thursday evening the Conservatory of Music Dramatic Club will begin a new term dramatizing the plays of Shakespeare. Anyone wishing to join this Class will please apply to the Conservatory or 'phone 355. 2d 7504

NEW BARBER SHOP PARTNERSHIP.

Mr. W. J. Spence, who has sold out his George street business to the Knut-Krust Company, has entered into a partnership with Mr. A. A. Haskill, and they will continue to conduct the barber shop on Simcoe street. Mr. Spence will be pleased to see all his old patrons at his new address, where their barbering wants will receive careful attention. 3d-28

GRENFELL MISSION.

You are cordially invited to attend a meeting in the interests of the Grenfell Medical Mission in the Y. W. C. A., corner of Aylmer and Simcoe streets, at 3.30 p.m., on Friday afternoon, February 6th. A committee will be appointed and officers chosen at this meeting and it is hoped that all interested in the work will make an effort to attend.—M. G. Wood, Secretary.

OBITUARY

DAMAS FECTEAU.

Damas Fecteau, aged 92, died last night at the House of Providence, Lakefield. The deceased formerly lived in Belleville, and leaves two sons, one of Trenton and one of Toronto.

The remains were sent on the two o'clock train for Belleville for interment there to-morrow morning.

GEORGE O'KEEFE.

Yesterday in Lindsay, there passed away George O'Keefe, in his thirtieth year. He leaves to mourn his loss, a sorrowing wife and one child; seven brothers, Jack, Thomas, Daniel, Henry, and Albert of town, Arthur of Chicago, and William of Peterborough; also two sisters Mrs. James Roach, of East Ops, and Genevieve at home.

OSCAR WILBUR BENNETT.

The death took place at the Guelph General Hospital of Oscar Wilbur Bennett, B.S.A., son of Mr. J. J. Bennett, 191 Perry street, and nephew of the late Major Bennett.

Mr. Bennett has been on the staff of the O.A. College of Guelph since returning from overseas, where he spent two years in active service. He was wounded at Arras in August, 1918.

The deceased leaves to mourn his loss, his father and one sister, Mrs. R. E. Clark, Perry street.

The funeral will be held from the family residence, 191 Perry street, (private) Thursday afternoon.

JOHN O'REILLY

John O'Reilly, formerly a well known former of Ennismore died this week at his home in Regina, aged 60 years. He had resided in the west since 1912. He leaves of the immediate family his wife and several children. Two sisters, Mrs. Costello of Ennismore, Mrs. O'Connor of East City, and two brothers, Mr. Stephen O'Reilly and Thomas O'Reilly.

The remains were laid at rest in Regina yesterday.

DR. HELEN MACMURCHY ADDRESSED THE PETERBORO WOMEN'S CANADIAN CLUB

INTERESTING ADDRESS THIS AFTERNOON WAS BASED ON MR. JUSTICE HODGINS REPORT ON MENTAL DEFECTIVES.

At a very largely attended meeting of the Woman's Canadian Club held this afternoon in the Public Library Dr. Helen MacMurchy gave a most interesting and instructive address basing her remarks upon the report of the Royal Commission for Mental Defectives and Feeble Minded in Ontario prepared by Mr. Justice Hodgins after examining one hundred witnesses in the principal Canadian cities and after visiting New York, Boston and other American Cities in the course of his investigation.

The speaker who is Government Inspector of Feeble Minded for Ontario and Inspector of Auxiliary Classes for Ontario drew attention to some of the characteristics and more important topics dealt with by Mr. Justice Hodgins in his report giving her audience a world of information upon the subject which is claiming such wide spread attention of the present moment.

Five Points.

Dr. MacMurchy based her address upon five points of the Hodgins report commencing with a review of the general excellence of the report and its general value for reference and in continuing spoke of the hopeful outlook given by the writer of the report, the moderation and reasonableness of the report, the wide survey the Judge takes of the whole subject and the practical plans suggested by him for dealing with the question. The speaker illustrated each point by reading from the report.

Practical Plans

In speaking of the practical plans of the writer of the report Dr. MacMurchy drew the audience attention to his suggestion of the formation and proper equipment of special classes for the mentally deficient in the Public Schools, the removal of the insane from other institutions to other institutions specially designated for their care, provision for all mentally defective children, who appear at the Juvenille Court or before the Children's Aid Society, the establishment of a new and properly equipped Psychopathic Hospital and the provision of temporary quarters in connection with the second and third recommendations.

Vote of Thanks

At the conclusion of the Doctor's speech a hearty vote of thanks was moved by Miss Archer.

Endorsed Technical Schools

Previous to the meeting of the Canadian Club in discussing some of the pressing questions of theday, Dr. MacMurchy said that the importance of technical education, which will probably be instituted in Peterboro in the near future, cannot be overestimated and remarked when told that medical inspection had been introduced into the city schools that such inspection has proved of inestimable good where ever properly tried. She congratulated Peterboro on having instituted a Woman's Canadian Club and was especially impressed with the large membership. The club has secured two hundred although an organization of but a few months.

LINEMAN FELL THIRTY-FIVE FEET

SUFFERED SERIOUS INJURIES---REMOVED TO HOSPITAL.

Jack Robertson, a lineman employed by the Bell Telephone Company, while working with a gang of men on a telephone pole on Water street, just at the end of the post office building, about 3 o'clock this afternoon fell from the top of the pole to the pavement below, a distance of about thirty-five feet and suffered severe injuries.

One of the men working with him up on the pole said that he thought the man's belt broke.

Drs. Gallivan and Morgan were called and the injured man removed at once to St. Joseph's Hospital. It is said that he is suffering from a broken hip.

FOLK NOT AS PANICKY AS DURING 1918 "FLU"

MORE COMMON SENSE, SAY THE DRUGGISTS---LESS BUYING OF PREVENTATIVES.

TORONTO, Feb. 4.—Even if the old-timers maintain that "an ounce of prevention is worth a pound of cure," one druggist apparently disagrees. When asked if the demand for preventives against the flu, such as camphor and eucalyptus was getting large, he replied that it did not seem to be. "We are filling out more prescriptions now than we usually do," he said. "Then there's not a large demand for preventatives as there was before?" he was asked. "No. There is more common sense prevailing among the people. They are not so panicky as they were in 1918."

A large wholesale drug firm in Toronto states that since the outbreak of the flu epidemic in 1918 the price of camphor and eucalyptus has not gone down. According to this firm camphor was very cheap before the scourge of 1918. When told by a reporter that a piece of camphor about one inch and a half square was costing 40 cents at the present day, the wholesale man replied that prices vary, "but they're not gaining much," he added.

According to one wholesale fruit firm the people will be to blame, in one sense, if the price of lemons soar upward. Lemons have gone up in price recently, though not noticeably to the housewife. The advance was about 50 cents on the box.

"A despatch from New York states prices 50 per cent." The reporter told another wholesale fruit firm. This firm then stated that as the prices in Toronto were somewhat governed by those in New York the price there would probably go up also if the report from New York was correct. In regard to the recent boost in price this firm did not think it was because of the flu epidemic.

DIED

BENNETT — At the Guelph General Hospital, Oscar Wilbur Bennett, son of Mr. J. J. Bennett, 191 Perry street.

Funeral from 191 Perry street, on Thursday afternoon (private.)

"Diamond Dyes" Add Years of Wear to Discarded Garments

Don't worry about perfect results Use "Diamond Dyes", guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton, or mixed goods,—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

MEDAL PRESENTED TO DR. DELA MATTER

VISITORS TO HASTINGS DURING THE WEEK.

HASTINGS, Feb. 4.—The Royal Humane Society medal, which was procured by the Daughters of the Empire, was presented to Dr. De La Matter at the reception which was held in the Town Hall on Friday night. Dr. De La Matter risked his own life and succeeded in saving the two Blue children, who were nearly drowned here last summer.

Mr. W. Runnels, of Lindsay, was in town on Monday.

Miss Mae Huycke entertained a number of young people at her home on Thursday evening, and all report a most enjoyable time.

Mrs. Robinson, of Foxboro, has been visiting at the home of Mr. and Mrs. E. Prentice.

Mr. Lloyd Hess has purchased the residence of Mr. Ed. Lynch.

At the election held here on Monday for a councillor to fill the vacancy caused by the resignation of Mr. L. Kelley, Mr. J. McGrail was the successful candidate. The other candidates were Mr. F. Tyler and Dr. W. E. Wilson.

The regular monthly meeting of the I. O. D. E. was held in their rooms on Monday afternoon.

Mr. H. B. Hutchinson, of Peterborough, was in town on Monday.

Mr. and Mrs. H. B. Wilson visited friends at Warkworth on Thursday.

Miss J. Blue, of Campbellford, spent a few days with friends here.

A dance under the auspices of the I. O. D. E. will be held in the Town Hall on Wednesday evening.

A NUMBER OF VILLAGES CAPTURED

LONDON, Feb. 4—Bolsheviki, after the capture of Nikolaiev and Kherson, to the north-east of Odessa, continued their advance and captured a number of villages, according to an official statement sent out by the Soviet government at Moscow. Bolshevik troops are making forced marches, the statement says.

VOL. XLVI NO. 30 — PETERBOROUGH THURSDAY, FEBRUARY 5, 1920 — PRICE TWO CENTS

Stoppage of Cotton Shipping

ONE RESULT OF THE EXCHANGE DIFFICULTY--A REAL BUY-AT-HOME CAMPAIGN.

NEWSPAPERS JOIN IN THE CAMPAIGN

(By Webb Miller, United Press.)

LONDON, Feb. 5.—The stoppage of cotton imports is "one of the first and most telling efforts of the exchange situation" between Great Britain and the United States, it was declared to-day.

While no official ban has been placed on cotton imports from America, the newspaper pointed out that the British manufacturers can improve their position only by refusing to buy until the value of the pound becomes more nearly normal in New York.

(United Press.)

LONDON, Feb. 5.—British cotton buyers are being forced automatically by the exchange slump to restrict their imports from America, says The Manchester Guardian, which is located in the heart of the British cotton manufacturing area. As a result of yesterday's sensational slump in the value of the pound sterling in New York, the move to refrain from buying American-made goods to-day reached such proportions that it caused grave concern among representatives of American business houses here.

British financial authorities pointed out that the movement has for its only object the relieving of the sterling exchange situation. One after another newspaper have joined the campaign, urging the people not to buy anything made in the United States except absolute necessities.

The latest adherent to the cause was the Evening News, one of Lord Northcliffe's newspapers. Commenting on the cotton situation, American business men here pointed out that the effect on the cotton raising states in America probably would be most serious.

"To-day's drop in exchange puts an effective and definite halt to any ideas of importing cotton under existing conditions," The Manchester Guardian said. "Manchester manufacturers of cotton goods," the newspaper asserted, "even have started shipping bales back to the United States."

U. S. PENSIONERS IN PETERBORO WILL BENEFT BY EXCHANGE

HOW THE EXCHANGE SITUATION AFFECTS BUSINESS MEN IN THIS CITY.

Mr. Leonard, American Consular Agent in Peterboro, today states that for the benefit of those in the city desiring to take out Consular Invoices are required to pay $3.00 to-day in Canadian money instead of $2.75 and $1.20 for returned American goods declarations instead of $1.10.

Pensioners Benefitted

The several American pensioners who receive their cheques through the American Consul are benefitting considerably through the exchange, their cheques being worth 17 per cent. more in Canada than in the United States.

INFLUENZA IS BAD IN TORONTO

The Epidemic is not So Severe as Last Year.

(Special to the Examiner)

OTTAWA, Feb. 5.—Dr. Clark of the Public Health Department, states that figures regarding influenza are supplied confidentially by the Provinces and that he is not free to give them out even for confidential purposes. He declares however, that by far the greater proportion of the cases are in Toronto itself but that the epidemic is not nearly so severe as last year.

TRAIN WORKERS DREAD RETURN "FLU" EPIDEMIC

The Bodies Are Responsible for a Horrible Odor.

(Special to The Examiner.)

OTTAWA, Feb. 5.— Workers who are much upset by the possibility of a severe return of the influenza epidemic are the baggagemen and messengers on passenger train. During the last epidemic the carrying of bodies on the trains was a terrible hardship for them. The railways require that they must not leave the cars and they declare that bodies of those who have died of the 'flu' are responsible for such a horrible odor that the cars are unfit to remain in a minute. A number of bodies have been brought to Ottawa in the past week or two as the result of influenza, and the baggagemen and messengers assert that the doctors who claim that influenza is a poison and a loathsome thing, can get plenty of proof if they compare the odor from the bodies of victims of it with that from the bodies of those who have died from other causes. One of the suggestion made was that to prevent the spread of influenza it would be wise to do as is done at sea, inter the bodies at the place where death occurred.

FUNERALS AT STATED HOURS

BIG RUSH OF BUSINESS RESPONSIBLE FOR NEW ORDER.

(Special to The Examiner.)

NEW YORK, Feb. 5.—The Motor Hearse and Car Owners' Association, Inc., published the following advertisement in the morning newspapers here to-day:

"Notice to undertakers.—Owing to the unusual demand for motor hearses and limousines, the Association has been obliged to form the following time schedule for auto funerals: 8.30 a.m., 12 noon, 3.30 p.m."

A Second Note Off to Berlin

FRENCH DIPLOMATIC MESSENGER LEFT ON SAME TRAIN AS GERMAN DELEGATE.

NEW NAMES

(By Henry Wood, United Press Staff Correspondent.)

PARIS, Feb. 5.—A second note will be despatched to Berlin shortly demanding that the German Government punish Baron Kurt Von Lersner for his refusal to transmit the Allied list of war guilty, with its accompanying covering note, it was believed to-day.

A French diplomatic messenger, it was learned, left on the same train with Von Lersner for Berlin late last night, carrying copies of the list and the covering note.

ARE PREPARED TO NAME DELEGATES FOR CONFERENCE

Want Glass Letter Brought to Notice of Governments.

(Canadian Press.)

WASHINGTON, Feb. 5.—While agreeing to the limitations proposed by former Treasurer Secretary Glass as to the proposed international conference, the Chamber of Commerce of the United States aanounces that it is prepared under certain conditions to name representatives to attend such a meeting.

One condition is that the letter of former Secretary Glass be brought to the notice of European Governments and signatories of the European memorial asking for the conference. If they think it advisable to go on with the conference, then the activities and discussions of the conference shall be kept within the Glass limitations.

American representatives, if any are named, are to act merely in an informal capacity.

CROWD FAILED TO FIND THE HALL

LECTURE BY MR. WALTER M'RAYE WAS CALLED OFF.

Mr. J. Walter McRaye did not lecture in the G. W. V. A. Hall last evening as scheduled, due to the fact that only a handful of people turned out to hear him. It was extremely unfortunate, to say the least, for Mr. Raye has the reputation of being a most interesting and fluent orator. He visited Peterborough several years ago on a tour with the late Miss Pauline Johnson, the Canadian poetess, and his interpretation of Dr. Drummond's "Habitant" is famous in England, Canada, and the United States.

The lecture which he was to have delivered here, "Canada and the Empire," has been received with enthusiasm wherever given.

FIRE DAMAGED A RESIDENCE ON M'DONNEL STREET

DELAY IN SUMMONING THE FIRE DEPARTMENT GAVE THE FIRE A CHANCE TO SPREAD.

The first fire of any importance uring the whole winter occurred last night about midnight when the home of George Hutton, 65 McDonnel street, suffered considerable damage from a chimney fire which spread rapidly. Flames were pouring out of the rear of the back wall of the house filling the midnight sky with a lurid reflection.

Mr. Hutton is working out of town and his wife and her eldest boy aged 12, were just retiring the other two children being in bed, when Mrs. Hutton noticed the heat from the Chimney. When she placed her hand on it she knew the chimney was afire. Thinking that the fire was not very serious she left the two little children aged four and five up stairs alone and instead of ringing in the alarm at the corner of McDonnel and Water streets, Box 27, she hastened to the Police Station. This of course caused much delay and the police telephoned in the fire to the station.

As they said it was only a chimney fire the chief's car was dispatched but when they arrived flames were pouring from the house. The children were taken out of the house and the alarm rang in from the box 27. A line of hose was laid from the corner of Waterford and London streets and within fifteen minutes the fire was under control.

It was found that the lower part of the chimney was filled right up with soot and when this was let out the heart of the fire was got at. The chemicals were used until exhausted and then the hose was used and the fire was soon smudged out but not without considerable damage to the contents.

The house is owned by a Dr. Howell formerly of this city, and the loss is covered by insurance.

Two Lessons.

As the chief pointed out this morning there are two lessons to be derived from the fire one is the absolute necessity for red lights on all boxes, for in the time lost in informing the department the fire gained great headway and had reached serious proportions when the firemen arrived The other lesson is to keep the chimney cleaned out well from the basement smoke hole for chimneys filled with soot have been the all too frequent causes of fires of late.

WILSON WILL ACCEPT SOME RESERVATIONS TO THE PEACE TREATY.

(Canadian Press.)

CASPER, Wyoming, Feb. 5. — President Wilson is ready to accept any reasonable reservations to the peace treaty Senator J. B. Keldrick to-day told the Democratic State General Committee meeting here.

He predicted the adoption of the treaty and the League of Nations Covenant by the Senate next week.

Italian Flag Was Insulted

EXCITEMENT OVER THE DALMATIAN SITUATION--MOB ON A RAMPAGE.

TWO ARRESTS

(Canadian Press.)

ROME, Feb. 5.—Details of alleged Jugo Slav attacks upon Italians at Spalato and Trau are published here and cause further excitement over the Dalmation situation. It is reported that on January 27 a manifesto was posted on the walls at Spalato calling a meeting to protest against "Italian Imperialism". When the meeting ended the mob rushed throughout the city sacking and destroying all Italian shops and offices of Italian organization. Later the Italian flag was torn to pieces. The only arrests made were two Italians who dared to comment on the occurrence.

Foreign Exchange Position

(Canadian Press.)

LONDON, Feb. 5.— The foreign exchange position was eagerly discussed in all quarters here to-day and pending official action, the market for continental exchange remained feverish. Exchange on Paris and Brussels was a shade worse than yesterday. The New York exchange, however, wa steadier, improving to 3.23 1-2, at which business was smaller.

Opinion in financial circles seemed to be that an International conference may decide upon granting of credits for European countries to set the wheels of commerce in motion, guarantees agreeing to abstain from unnecessary exchanges and to carry out drastic reforms themselves. One of the principle objectives counted as necessary is undoubtedly the expansion of exports to America. This aim is being fostered officially.

Note Reduction.

(Canadian Press.)

OTTAWA, Feb. 5.— The gradual reduction of Dominion notes in circulation, it is understood, is planned by the government as a means of improving the financial situation. The last return issued by the Finance Department shows that on January 9th there were notes in circulation amounting to $318,690,089. They were secured in gold to the extent of $114,821,602, and in approved securities under terms of the Finance Act of 1914 to amount to $154,237,000. Gold is therefore about 35.9 of total issue. The ratio of the gold reserve to the note circulation it is suggested, might be improved in two ways. On one hand the gold might be bought and on the other hand outstanding notes might be received from time to time from proceeds of loans or from revenue. It is necessary also to attract gold from the United States and this will only be possible when the balance of trade is in favor of this country.

A report from New York that some of the banks there had discontinued the discount of dollar bills against export of merchandise was viewed with satisfaction here, as it would mean that fewer goods would be sold to Great Britain.

THE ALLIED POWERS AND GERMANY HAVE REACHED A CRISIS.

Berlin Cabinet Expresses Defiance to the Powers.

(Canadian Press.)

PARIS, February 5. — The relations between the allied powers and Germany seem to have arrived at a crisis as a result of the refusal of Baron von Lernsner to forward to Berlin the list of Germans whose extradition is demanded by the entente. The incident aparently finds an echo in the attitude of the Berlin Cabinet which is reported in the London despatches to have expressed through Gustav Noske seeming defiance to the Powers. Baron von Lersner left for the German capital last night.

BARRIE'S WELFARE CLUB

DROVE TO LAKEFIELD AND HAD SUPPER THERE.

Last evening about thirty members of the Barrie Welfare Club had a most enjoyable outing, when the young people drove to Lakefield, spent the evening skating at the Lakefield Rink, and wound up at R. H. Alford's, where a supper was served.

Owing to the late hour at which the skaters returned to have supper, the splendid programme which had been prepared was omitted.

An entertainment on a bigger scale will be held in a couple of weeks' time when the Y.M.C.A. will be secured for the occasion.

ALLIES ASK FOR THREE SONS OF FORMER EMPEROR

"The German People Will Not Bear New Shame."

(United Press.)

BERLIN, Feb. 5.—The list of accused Germans whose surrender for trial by Allied tribunals is demanded, began arriving here to-day. The former Crown Prince, Field Marshal Von Hindenburg, General Erich Ludendorff, General Von Falkenhayn, Admiral Von Tirpitz, Dr. Theobald Von Bethmann Hollweg and former Foreign Minister Zimmerman were among those whose surrender is demanded. The list of names began arriving in Berlin at 11 a.m. "The German people will not bear this new shame," the "Lokal Anzeiger" said to-day, protesting violently against the Allied insistence for delivery of German war guilty, as provided in the Peace Treaty.

Three sons of the former Emperor of Germany are included in the Allied list of German war guilty, which Baron Kurt Von Lersner yesterday refused to transmit to Germany. Besides the former Crown Prince, the Allied demand includes the former Princes Eitel, Frederick and Oscar.

WILL INVESTIGATE LONDON HOSPITAL

COMPLAINTS LAID BY A FORMER EMPLOYEE.

(Canadian Press.)

LONDON, Feb. 5.—It has been decided definitely that the investigation into the conduct of the Ontario Hospital for the Insane here will be opened on 18th February, before Judge Talbot McBeth.

The charges against the Hospital management were made by a former employee, Harry Lawder, and advertisements are now running in the local papers requesting any who have complaints to make, to correspond with his counsel, G. W. Weeks, before 14th February.

WILL FORCE USE OF CANADIAN AND BRITISH GOODS

Special to Examiner.

OTTAWA, February 5. — "The Board of Commerce does not announce before hand what it intends to do in a contingency," said W. F. O'Connor, assistant chairman of the Board this morning when he was questioned as to whether the court was taking steps to see whether Canadian manufacturers are advancing prices on competitive products from the United States to take advantage of the increasing exchange rates.

Mr. O'Connor intimated that he knew of no such increases as suggested in the enquiry. Protection to Canadian manufacturers has almost doubled owing to the exchange situation. Should Canadian manufacturers take advantage of the considered protection a heavy increase in Canadian made commodities would follow.

A heavy increase in imports from the United Kingdom and Europe may follow the present situation.

WILL FLOAT PORTION OF FRENCH LOAN IN THE UNITED STATES.

This will be done to Ease the Exchange Situation.

(Canadian Press.)

PARIS, February 5. — A portion of the new French loan will be floated in the United States through a combination of bankers and will be placed in 'dollars' with a view to easing the exchange situation it is learned. It is understood that the amount of the bonds to be placed in the United States has not yet been fixed.

Subscriptions will also be received at London in pounds sterling on the same terms as those given the United States.

WINTER FANCY.

In these barren shut-in days
Fancy lures me many ways;
Fancy, with its necromancy,
Prodigal the part it plays.

For it shows me how the Spring,
From the south-land journeying
With the northward-faring bluebird.
Will return on azure wing.

Tells me tales of pimpernels,
Where the white wake-robin dwells,
And reveals the hoarded honey,
Hidden in the wild-phlox cells.

Of its wealth bids me to share
Orient aromas rare,
All the ecstasies of April
With its daffodilian air.

Come, then, Fancy, bide with me
Till the hour when I shall see
The eternal vernal rapture
In its clear reality.

—Clinton Scollard in N.Y. Times.

Number Are After Monarchy

FIVE PRETENDERS TO THE HUNGARIAN THRONE--ASSEMBLY MEETING.

THE ASPIRANTS

(Canadian Press.)

VIENNA, Feb. 5. — There is no doubt, according to newspapers here, that the National Assembly, at its to be held on 1st March, will declare itself in favour of a monarchy in Hungary.

There are five Pretenders to the throne. They are Prince Louis Windisch Gratz, who is supported by Premier Huscar and several members of the Frederich Government; former Emperor Charles, who never abdicated as King of Hungary, and who is supported by the party which calls itself "Legitimist"; Count Andrassy, who is urged by Admiral Horthy, head of the new Hungarian army and Hungarian delegates to the Peace Conference; Archduke Joseph, the clerical candidate; and Prince Cyril of Bulgaria, who, if chosen, will, it is said, marry one of Archduke Joseph's daughters.

THE SURVIVORS

A delicate maiden—a strong, virile man.
Living their lives on a primitive plan,
Cast on an Isle in the tropical seas,
Never were lovers so happy as these.
Then came the rescue,—which neither one sought,
Back to a life with unhappiness fraught,
All joy seemed dead,—then fate intervened!
The most thrilling love tale that ever was screened.

BAND TO-NIGHT at Trinity Rink, Good Ice. Admission 35c.

STOCK MARKET OPENED IRREGULAR WITH TENDENCY TO STRENGTHEN UP

STERLING EXCHANGE OPENED A QUARTER OF A POINT BELOW YESTERDAY' CLOSE--BAD BREAKS IN THE COTTON MARKET--HOG PRICES LOWER.

NEW YORK, Feb. 5.—The stock market opened irregular. Crucible opened at 209, up 1, Central Leather 86, off 1-2, Gen. Motors 280, off 4; American Loco. 90, off 2; Studebaker 95, off 1 1-8; Industrial Alcohol 98 3-8, up 1 3-4; U. R. Stores 75, off 1-2; U. S. Steel 100 3-4, unchanged; Southern Pac., 95 1-2, off 1-4.

Sterling Exchange.

Sterling exchange opened at $3.22 1-4, off 1-4 from the figure given as close on Wednesday.

Sterling was firm during the first half hour, davancing 3-4 to $3.23. Lire checks were quoted at 19.27, off 45 centimes, a new low record. Franc checks were five centimes lower at 14.87. Marks were steady at $.0105. Belgium cables were quoted at 14.75. On the bond market Liberty and Victory bonds opened lower, Liberty 3 1-2 opened at 97, off 10. First 4's 90.98 unchanged, second 4's 89.50 off 30, escond 4 1-4's 89.94, off 16, third 4 1-4's 93, up 8, fourth 4 1-4's 89.84, off 16. Victory 3 3-4's 97.98, off 18, and 4 3-4's 97.76, off 14. Half an hour after the opening Liberty 3 1-2's sold at 96 20, off 90.

Market Stiffened.

After hesitation at the start, the market stiffened and prices in the general list scored marked recoveries. General Motors rallied five points from the opening and Crucible sold up four points net. Steel Common was taken in large blocks, and Baldwin recovered to 109 1-2. Pan American regained 1 1-4 to 82 3-4, and Mexican Petroleum 1 3-4, selling at 164 3-4. Rail issue were in demand and scored fractional advances.

Call Money.

Call money was quoted at 17 per cent. both for lending and renewing to-day, against 25 per cent. at the close yesterday. Most of the commission houses report that margin calls on recent declines were not important and that outstanding accounts have been heavily margined. Attracted by the high money rates, an increasing number of people are bringing money into the street for loaning, assisting the recovery in exchanges which was noted in the early trading to-day.

Cotton Market.

(United Press.)

NEW YORK, Feb. 5.—The cotton market opened generally lower and yielded still further after the opening, apparently on foreign advices that while no government action has been taken to stop imports, English importers were inclined to either stop or limit their cotton importation from the United States so long as the exchange rate was so badly against them. Shortly after the opening March was off 50 points, May off 55, July off 60, Oct. off 50, and Dec. off 58.

Hog Market.

(United Press.)

CHICAGO, Feb. 5.—The hog market here opened fifty to sixty cents lower to-day with trading extremely dull. Receipts were fairly heavy despite the slump of yesterday. Cattle and sheep receipts were affected by the drooping market.

THE WORST GALE IN MANY YEARS

HEAVY PROPERTY DAMAGE AROUND NEW YORK.

(Canadian Press.)

NEW YORK, Feb. 5.—The worst gale and blizzard in years to-day wrought enormous damage to seashore property along the middle and north Atlantic coast, practically tied up shipping from Cape Hatteras northward and seriously hampered railroad traffic for miles inland. Street railway service in many instances was suspended. Snow and sleet, driven by a gale that blew as high as sixty miles an hour, were expected to continue into the evening.

New York and New Jersey beaches were particularly affected. Thousands of dollars' damage was done at Coney Island, Atlantic City and Rockaway Beach alone by the washing away of hotels, bath houses, amusement property and bungalows.

MORE ALTERATIONS

THE GRAFTON DOUBLE STORE TO BE THROWN INTO ONE—REMOVING PARTITION.

Still further improvements to the interior are taking place at the Grafton store. At present the workmen are busy removing the last of the partition that divides the big double store in part, and it will be replaced with decorative pillars. This will throw the entire store into one, adding materially to the appearance, as well as the convenience of the big store. The management finds it difficult to accomodate the stock that must be moved to leave the workmen room, and have advertised extensive price cuts, in an effort to clear out a lot of it even at considerable loss

WANTED — TWO SMART GIRLS, CLEAN WORK, GOOD ADVANCEMENT IF INDUSTRIOUS. APPLY COLONIAL WEAVING CO. 3d30

Just Try This When Hairy Growths Appear

(Modes of To-day.)

A smooth, hairless skin always follows the use of a paste made by mixing some water with plain powdered delatone. This paste is applied to the hairy surface 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No pain or discomfort attends the use of the delatone paste, but caution should be exercised to be sure that you get real delatone.

Voice Of The People

A JOB FOR THE BOARD OF HEALTH.

Editor of the Examiner:

Sir: Some years ago you will perhaps remember, there was a regulation passed by either the local Board of Health or by the Council, to the effect that ice cut for public consumption must not be taken from the Little Lake on account of the impurities therein.

Objection was taken to this by the ice companies who made the plea that for cooling purposes, where it did not come in contact with food or drink ice from this source was as good as any other and cheaper.

My recollection is that the regulation was then modified so as to allow of ice being cut in the Little Lake for use only when it did not come in contact with food or drink—the inference being that the companies were to cut other ice, presumably from the river or canal above the lake, for use in direct contact with food or drink. Everyone is well aware that in hot weather large quantities of ice are used in water and other drinks.

The result of this modification however has been that ice is harvested in the Little Lake and there only, and the regulation is a dead letter. It is absolutely ignored by the ice companies. Board of Health and the Council.

A statement was published recently in your paper, credited to the local Medical Health Officer, to the effect that ice from the Little Lake was pure and non-injurious. If this official ever stood at the outlet of the sewer at the end of Rink street, near Macdonald's mill, and watched the solids in the sewage discharged into the lake at that point, he would be inclined, I am sure, to revise his opinion. This is supposed to be only a storm drain, but it is supposition only.

Again, if the Health Officer were accustomed to drinking ice water from the pitchers in the dining rooms of our local hotels he would find every few days the water would be unfit to drink on account of a most offensive and strong odor somewhat resembling that of gasoline or kerosene. This comes from the ice used as I have experienced it many times in different hotels. Once in examining a piece of ice from a water pitcher to trace the cause of the offensive matter a number of black specks of the size of a pin hea or larger were found. These appeared to be of a tarry nature and when disturbed caused a dark colored matter to spread through the water and discolor it.

Also if our Health Officer will just stick his nose into the top of the ice chamber of a drinking water cooler, such as is used in many offices in the city in hot weather he will find most striking evidence as to the impurity of our ice.

Now, Mr. Editor, what is to be done in this matter. Is this state of affairs to continue as it has in the past or is the Board of Health sufficiently alive to its duties to interfere?

A great deal of fuss is made about a few cases of a very mild disease said to be smallpox, and the Health officials are very excited, but I venture to say that the injury to the health of the citizens during the past few years from the filthy ice used as been very much greater than that from small-pox.

There is a tendency for municipal and other officials who find a little power allotted to them to use it in enforcing petty regulations with regard to individual conduct, ostensibly for the public good, but really to display to the public their own self-importance. Let us hope that our officials are not of this sort, but are alive to matters of real importance.

I am, sir, yours,

"CIVICUS."

Hurrah! How's This

Cincinnati authority says corns dry up and lift out with fingers.

Hospital records show that every time you cut a corn you invite lockjaw or blood poison, which is needless, says a Cincinnati authority, who tells you that a quarter ounce of a drug called Freezone can be obtained at little cost from the drug store, but is sufficient to rid one's feet of every hard or soft corn or callus.

You simply apply a few drops of freezone on a tender, aching corn and soreness is instantly relieved. Shortly the entire corn can be lifted out, root and all, without pain.

This drug is sticky, but dries at once and is claimed to just shrivel up any corn without inflaming or even irritating the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rehumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes, and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink.

ANTICIPATE INFLUX ENGLISH DOMESTICS

Chain of Hostels Will Extend From Coast to Coast.

(Special to The Examiner.)

TORONTO, Feb. 5.— As Ontario is the only unorganized link in the chain of hostels, which extend from coast to coast, to handle the great influx of English domestics expected in the spring, plans are now being made to establish one in the city in the near future. Mrs. Robt H. Kneil, of Edmonton, secretary-treasurer of the Canadian Council of Immigration of Women for Household Service, visited the city to-day and was in conference with Mr. H. A. MacDonnell, head of the Colonization Department. In her opinion it will not be long before final arrangements will be completed.

SMITH TOWNSHIP HOME DESTROYED

HOUSE AND CONTENTS WIPED OUT BY FIRE.

Yesterday afternoon, fire destroyed the home of Mr. Albert Hughes which is located on what is known as the John Galvin farm on the tenth Concession of Smith township. overheated pipes are given as the cause. The house which was of frame construction was destroyed together with a large portion of the contents. The fire occurred about three o'clock.

INCREASINGLY HOSTILE.

(Canadian Press.)

LONDON, Feb. 5.—The attitude of both the Bolsheviki and the Afghans toward the Persians is becoming increasingly hostile, according to British War Office advices.

Unverified reports from the Trans-Caspian area say that the transport of Bolshevik troops thence is continuing at the rate of about two thousand a week. These troops are said to be well equipped and led by officers of the old Russian Army. Their morale and training are believed to be good.

A number of high military and civil officials, including some Germans, are reported as having arrived at Tashkent in a special train from Moscow.

AN ADDITIONAL LIST OF CRIMES

(Canadian Press.)

BERLIN, Feb. 5.—Included in the list of persons demanded for extradition were the following names not already published:

Count Von Bernstorff, Ambassador to the United States, Count Von Boesm, Count Bismarck, Duke of Mecklenburg, General Groener, Enver Pasha, Prince Ernest of Saxony, Prince Frederick of Prussia, Grand Duke of Hesse, Field Marshal Von Hindenburg, demanded by France and Belgium, Prince August of Hohenzollern, Prince Eitel Friedrich of Hohenzollern, Prince Oscar of Hohenzollern, General Von Hutier, General Ludendorff, General Von Dermarwitz, Talat Pasha, Prince Wittgenstein and Alfred Zemmerman, former Secretary of Foreign Affairs.

MISS FITZGERALD WON BRONZE MEDAL

Won Largest Number of Prizes at at School Fair.

The bronze medal given to the pupil winning the greatest number of first prizes at the school fair held at Zion township of Otonabee, was won by Loretta Fitzgerald, St. Joseph's school No. 8, Otonabee.

ANOTHER NOTE

(Canadian Press.)

LONDON, Feb. 5— The Cabinet has decided to send a note to the Allies calling attention to the fatal consequences which would ensue upon extradition of Germans demanded for trial, according to a despatch to the Exchange Telegraph Company.

"Peterborough Presents Possibilities Unsurpassed."

THURSDAY, FEBRUARY 5, 1920.

AN INCREASE FOR FAIRS.

The Ontario Legislature is to be asked to grant a liberal increase in the annual appropriation for the aid of fall fairs and exhibitions. The amount hitherto paid by the Province for the purpose is $85,000 but this year the Legislature will be asked to increase the sum by $40,000 making the total $125,000. The new government might reasonably be expected to be sympathetic towards this request. Its members are in a position to realize the benefit that the farming community derives from the annual exhibitions and should be prepared to show their appreciation of the work being done by the Agricultural Societies by voting for a larger Provincial grant. Municipal Councils throughout Ontario are making liberal appropriations on behalf of the annual fairs. The Peterboro County Council for instance has granted $2,000 to the Peterboro Industrial Exhibition and smaller sums to the township fairs and similiar grants are being made in other counties. The Provincial Government will miss the spirit of the province if it fails to increase the annual appropriation.

THE G.W.V.A. CONVENTION.

The problem confronting the Peterboro branch of the G.W.V.A. in connection with the Provincial Convention which is to be held here in March is that of finding accommodation for the 500 or 600 delegates from all parts of the province who will be here. Only a small percentage of the visitors can be taken care of at the hotels and the majority will have to be billited in private homes. They are not of course seeking free accommodation but will come as paying guests and the only difficulty is to find enough people able to entertain one or more of the delegates.

In an effort to solve the problem the Great War Veterans are this week seeking to enlist the co-operation of the various city ministers who are being asked to take the matter up with their respective congregations. The convention will be the biggest gathering that Peterboro has been honoured with and it would be a sad reflection on the city's reputation for hospitality if billets enough to accommodate all the visitors could not be located.

ANOTHER MIRACLE MAN.

If Premier Drury and his Government can make good on the promises the Premier has been making recently Mr. Drury will go down into history as "a miracle man." He told a Burlington audience the other night that the government had in view the development of a scheme of public appointments which would forever remove patronage from politics. There have been many speeches of that kind heard from political platforms in Canada but people are still waiting for a government that would implement promises of the elimination of patronage. Mr. Drury and his legislators from the U.F.O. may have succeeded in finding the remedy. It will be a grand thing for Ontario if this proves to be the case. But unless the Premier is very sure of his ground the promises that he is making so lavishly at the present time may develop a bomerang tendency and come back to plague him later on in his public career. Of men who promise the doing away of patronages there have been no end in Canada. A Premier who can transpose promises into performance will be a new type to the people.

THE TEMPERANCE SITUATION

A new complexion has been put upon the temperance situation by the decision of the Provincial Executive of the Dominion Alliance, against asking for a referendum on the question of the importation of liquor. The committee express the opinion that the Provincial Legislature has power to enact legislation on its own account that would make Ontario "bone dry," and that the Federal Act is faulty because it does not deal with the manufacture of liquor, will not stop direct deliveries from breweries and distilleries to private houses if ordered through a Montreal agent and does not safeguard the bringing in of liquor for medical and industrial purposes, the matter has been left to the annual convention of the Alliance to settle.

The Ontario Legislature will however meet in the meantime and Premier Drury has already announced that one of the first acts of his government will be to introduce a resolution calling upon the Federal Government to take a plebiscite in the province. Whether this resolution will not be submitted now because of the attitude of the Dominion Alliance remains to be seen.

THE SAME OLD GERMAN.

The psychology of the German mind and spirit remains as odd as before and during the war points out the London Advertiser. What with any other people would be dishonorable, something to be ashamed of, to the Teuton is reason for cheers and congratulations. Consider the case of Admiral von Reuter. The great scuttler, home from Scapa Flow, is welcomed by cheering thousands of his fellow-countrymen, hailed as a conquering hero, although he broke faith with the Allies and sank his "victorious" fleet rather than fight it out. Apparently Von Reuter's "Sink your ships, boys; the British are trusting us," or words to that effect, will go ringing down for centuries in the Teutonic imagination, supplying the same thrill and inspiration that succeeding generations of English take from Nelson's noble Trafalgar message, or the pride which Americans feel as they recall the brave Lawrence's last words, "Don't give up the ship." This new demonstration of the peculiar German mind, however, makes the more understandable the glorifying by medals of the Lusitania horror and the countless atrocities and brutalities practiced by the enemy throughout the struggle. Also it indicates that the Teuton will be hopelessly degenerate for a long time, and that only by the watchfulness of a Foch and the readiness of the British sea power can he be kept to the conditions of the peace pact. A nation that makes a hero of a sneak and coward cannot be placed on its honor to carry out its obligations.

THE EXCHANGE SITUATION.

A noteworthy fact about the industrial expansion, commercial power and financial problem of Canada is that while Canadian exchange in New York has been at a discount of 10 per cent. to 12 per cent. British exchange has been at a discount of 25 per cent. to 27 per cent. While the British pound has been worth $3.49 in New York, it has been worth $3.90 in Canada. And, let it be remembered, nearly half of all Canadian exports go to Great Britain. On the other hand, the United States is Canada's pre-eminent buying market.

"For more than five years Canada has been a heroic financier of the allies in general, and in particular of Great Britain. Our intrepid neighbor's contribution to the winning of the war was not merely of troops, which measured by her population, were sent across prodigally, and in food supplies shipped stupendously for her own and to other fighting forces in Europe. Canada bought raw material in the United States and elsewhere by the hundreds of millions of dollars, and manufactured it into munitions and war weapons and equipment of all kinds, speeding it across to the allies on credit. Canada thus became, and Canada continues to be, one of the great creditor nations of the world.

"There are however, credit bounds beyond which Canada, rich as she is in natural resources, strong as she has become in international trade and fintnce, cannot go. She can sell, and sell hugely, out of her own surplus products. She can carry hundreds of millions more of such credit burdens. But Canada cannot buy without limit from us, for example, to resell to Great Britain and the continent on credit. She can postpone her collections on her deliveries of her own goods. She cannot pay slathers of cash to us for goods that are going to her non-paying customers abroad.

"No foreign trade of this country has for us a higher potential value, industrially, commercially and financially, than our trade with Canada. No other foreign trade makes so powerful an appeal to our hearts. We must give prompt and full attention to the need for Canadian financing on this side of the border. For both the United States and Canada it will be a 100 per cent. safe investment. For both it should be a 100 per cent. sound link in the chain binding together neighbors, friends and kindred."—New York Sun.

THE CALL FROM ARMENIA

ARMENIA NOW SOLELY DEPENDENT ON HER ALLIES IN THE GREAT WAR—WHAT A SOLDIER SAW.

DEPENDENT ON HER ALLIES.

Armenia is helpless unless her Allies in the great war come to her assistance. The wily Turk is biding his time to fall once more upon the helpless people. If the refugees could return to their homes in peace and under a pledge of security, Armenia could produce crops in about two years, but it would be about four years before they would be able to feed themselves without outside assistance.

Most of the refugees are huddled in concentration camps. These people are normally industrious and thrifty. Now they are helpless. There are thousands of children; many of them have lost both parents and do not even know their own name. The Near East Relief is working with splendid courage, in spite of inadequate funds, to save these little folk.

WHAT A SOLDIER SAW.

William Higgins, who was one of the soldiers detailed to accompany Herbert Hoover on his visit to the Near East, says that what moved him more profoundly than anything else was the plight of 700 orphans brought to Derindge by the Harbord Mission and several relief agencies. Clad in rags, their faces and bodies showing the effects of long-continued hunger, these boys, Higgins says, were a sight to move the hardest heart. They were fed and sheltered and clothed at Derindge, and for the first time in months got what might be called a square meal. Later they were distributed to orphanages or homes.

A MARTYRED CHRISTIAN PEOPLE.

The Canadian people have heard the Call from Armenia and have rallied nobly to the cry that has come from that stricken land. Not only individuals but whole groups of people have sent in their contributions. More and more is being heard from the churches. Should they not be among the first to rise and help? It is for a Christian people that the appeal is being made, a people who have stood true to their faith in spite of persecution almost unparalleled in history. The heart of Islam has been laid bare. Suffering, licentiousness and death are still found where it holds sway. There is no advancement, no progress for those under Moslem rule. It is the very opposite of Christianity. Above all else, the Call from Armenia is to the Christian.

"AS HE WOULD BE DONE BY."

An Armenian friend tells of the Moslem soldier who was brought home, wounded in both feet, from the battle front. The Armenian went to his house to ask for news from his relatives in the army, and as he stood waiting in the doorway, was astonished to see the wounded man come on hands and knees and seize his hands—the proud Moslem kneeling at the feet of the despised Christian—while he poured out his gratitude for what the Armenian's son-in-law had done for him in the far-off field hospital, showing him human sympathy when all others were callous and cruel.

Such people are worthy of help.

EDITORIAL NOTES.

Western men are disgusted with Union Government a Winnipeg speaker declares. But why specify Western men?

Ottawa advices say that several hundred cases of fraud have already been discovered in connection with the Federal Emergency Appropriation. It is safe prediction that the false claimants were among the loudest shouters for the $2,000 bonus.

Oats were held sacred by the Egyptians.

BUSTER BROWN TO BE WED.

Original Children's Favorite Takes Out a License.

CHICAGO, Ill.— "Buster Brwn" is to be married. Richard Felton Outcault ,son of the famous comic artist and the original from which the elder Outcault fashioned his Buster Brown, obtained a license here to wed Miss Margaret Filer, of Oak Park. Young Outcault served as an aviator during the war.

BERNARD LASTER IS IN GERMANY

FORMER PETERBORO MAN ON HIS WAY TO PALESTINE.

LONDON, Ont., Feb. 5.—According to Bernard Laster, a London merchant, formerly of Peterboro, who is now in Germany, that country is in a terrible condition. He says that there is no danger of competition from the Germans for three or four years, because the home market cannot be supplied in less than that time, and there is talk of a prohibition being put on the export of goods and materials until such time as the wants of the people there have been met.

Only sufficient fuel to heat one room in a house is allowed. Each person is rationed on a quarter of a pound of meat per week and heads of families are permitted to purchase from a quarter to a half pound each of greens, barley, rice or flour. The price of clothing is from 30 to 35 times greater than before the war.

Laster, who is on his way to Palestine, says the Germans in many cases have cut down their own rations in order to let the starving Austrians have food. On the border between Holland and Germany he says he saw children being fed who who had been brought from Austria, where they were starving.

A DANGEROUS WARNING —BLEEDING GUMS

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhea.

This disease of the gums, which afflicts four out of five people over forty, not only destroys the teeth, but often wrecks the health.

In Pyorrhea, the gums become spongy, then recede; the teeth decay, loosen, and fall out—or must be extracted to rid the system of the infecting Pyorrhea germs which breed in pockets about them. These germs lower the body's vitality and cause many diseases.

You can keep Pyorrhea away. Visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums.

Forhan's For the Gums prevents Pyorrhea—or checks its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean.

Start using it today. If your gums have receded, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you, send to us direct and we will mail tube postpaid.

GIRL SAYS SOCIALIST SPAT ON AMERICAN FLAG

ALBANY, N.Y., Feb. 5.—A sensation was sprung at the trial of five suspended Socialist Assemblymen here when Ellen E. Chivers, a girl of eighteen, testified that she had seen Charles Solomon, one of the accused, spit on the United States flag during the war. She had, she said, volunteered her evidence as "the duty of any American."

According to the girl's story, in the summer of 1917, a detachment of soldiers on recruiting duty asked Solomon, who was at that time delivering a street-corner address, if they might use his platform. The Assemblymen refused, telling the men that the gutter was good enough for them.

"I would not let you wipe your dirty feet on my platform," was another remark attributed to Solomon.

Most of the skirts feature pockets.

Save The Old Shoes

A campaign to be launched by the National Shoe Retailers' Association of the U. S., estimated to save $300,000,000 by repairing all the old shoes.

Retail shoe dealers are to be urged, not that new shoes be purchased, but that Old Shoes be dug out of the closets and repaired.

It is said that there are "millions of shoes in the closets of the nation that with a little repair, can be made perfectly serviceable. If people will get out these old shoes it will reduce the shoe bills from more than $1,000,000,000 to $700,000,000."

What is true of the U. S. is true of Canada and of Peterborough. I am splendidly prepared to repair all kinds of Old Shoes. Dig them out of the Closets and bring them here for a first class job. We don't cobble Shoes, we repair them.

KEENE NEWS

KEENE, Feb. 4. — Mr. Harry Cruikshanks of Toronto, spent a few days the past week at the home of Mr. William Campbell.

Misses Gil and Mary Ellen McCarthy of Rochester, are at the home of their brother, Mr. Vincent McCarthy.

Mrs. C. H. Byers of Freeton, is visiting at the home of her parents, Mr. and Mrs. Guilbert Howson.

Born, a son to Mr. and Mrs. Geo. Gall, on Thursday, January 29th.

Mrs. Ralph Humphrey and son, "Bobbie," have returned from Freelon where they spent two weeks with Mr. and Mrs. C. H. Byers.

Mrs. William R. Wedlock and sons, William and Alex., returned to their home in Peterboro on Monday.

Master Albert Kent, the 9 year old son of Mr. and Mrs. John Kempt, who was operated on at St. Joseph's Hospital, last Saturday, we are pleased to report is doing nicely.

The house belonging to Mr. James Asheburn, on the River Road, caught fire on Sunday morning and was completely destroyed in half an hour. The origin of the fire is supposed to have been from a defective chimney.

Mr. Archie Kempt, who has been suffering from an attack of pneumonia the past week, is doing nicely.

Mathers' Corners School House has been ordered closed on account of the epidemic of the "flu."

The ice harvesters are busy getting in their supply of ice for the season. It is reported to be in splendid condition being from 15 to 18 inches thick.

Mr. Thomas Howson is able to be out again.

As a result of the long dry fall, quite a number of the village wells have gone dry.

Mr. Wiliam Kempt was in Peterboro on Monday on business.

Miss Lillian Moore was home from Norwood for a few days this week.

Mrs. Stanley Taylor is in Peterboro this week.

Miss Agnes Campbell, who spent the past four weeks with her parents, Mr. and Mrs. William Campbell, has returned to New York.

Miss Belle McCarthy was called home on Saturday on account of 13 cases of "flu" in the family of her brother Vincent.

Mr. L. Burley was in Peterboro last Friday on business.

Miss Mary Burley of Peterboro, spent Tuesday in the village.

PROTECT WILSON FROM THE FLU PERIL.

WASHINGTON, Feb. 5.—President Wilson contracted a cold several days ago and had a narrow escape from influenza, his physician, Rear-Admiral Grayson, said.

Every precaution is now being taken to protect the President. No person with even the suspicion of a cold is permitted to enter his room.

OVERCROWDING OF G.E. STREET CARS

SERVICE TO BYERSVILLE INADEQUATE, SAYS LABOUR DELEGATE.

The overcrowding of the C.G.E. street cars and the general inadequacy of the service to Byersville was the subject of a passing discussion at the Labour meeting last night. A delegate stated that he had recently some sixty passengers whereas the car had comfortable accommodation for only twenty-eight. It was suggested that some extra service should be provided during the rush hours if possible, and also that the extension of Charlotte street line to Byersville would be a decided improvement.

Several delegates remarked that the city would have to bear the cost of the extension which would primarily benefit residents of North Monaghan, but several from that district replied that a better service was becoming a necessity and that the city as a whole would benefit from it, particulaly the uptown stores. The Aladdin company would begin operations in a month or two and their employees would increase the traffic.

Ald. Crowe gave the assurance that the City Council intended to put forth every effort to extend and improve the lines. The system was owned and managed by the Hydro-Electric Commission who desired to dispose of it to the city. This question would be fully considered. Ald. Crowe stated that Sir Adam Beck had offered to write $100,000 of the cost and to sell the entire system on a paying basis. Hitherto, Sir Adam had informed a deputation last year, it had not operated at a profit.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head or ear noises or are growing hard of hearing go to your druggist and get 1 ounce of Parmint (double strength), and add to it ¼ pint of hot water and a litle granulated sugar. Take 1 tablespoonfull four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who has Catarrhal Deafness or head noises should give this prescription a trial.

THE CANNY SCOT AGAIN.

Turning over the pages of Harry Furniss's new volume, "My Bohemian Days,' I came across a good story concerning Archibald Forbes, the famous war correspondent.

A deputation of jurnalists had been granted an interview with the Grand Duke Nicholas of Russia.

While it was in progress (writes Mr. Furniss) Forbes, to his annoyance noticed that a certain Scottish correspondent was writing in his note book—making "copy" of the interview while actually in the presence of the Grand Duke.

This was too outrageous. "Do put that away. Cant' you carry what you want in your head?" said Forbes in an undertone.

But the other was not making copy —"I hae juist thought," he explained, "that I paid five francs yesterday for a dinner which I didna put down in ma expense account."

Of course the ten-year-old joke is decade.

Girls will be girls—if they can't be married women.

Run Down Nervous Mothers

Gain Strength Rapidly on Vinol

In their zeal to do all in their power for their loved ones, most mothers overwork and soon get in a nervous, rundown condition. Vinol, the non-secret cod liver and iron tonic, is exactly what they need to build them up, make them strong and quiet their nerves.

Please be Convinced by this Positive Proof

"I was weak, run-down and nervous. I had dizzy spells and no ambition to do anything. I saw Vinol advertised and tried it. In about one week I felt better and it built me up and restored my strength. I want to recommend Vinol to other women who are weak, nervous and rundown."—Mrs. E. Trotter, 2 Grant St., Toronto, Ontario.

"I am a farmer's wife and keep house for my family of six children. I suffered from a constitutional breakdown and a weak, nervous, rundown condition. My daughter recommended Vinol and it built me up so I enjoy my meals and feel like a different woman."—Mrs. C. J. Snoddy, Moosomin, Sask.

For all run-down, nervous, anaemic conditions, weak women, overworked men, feeble old people and delicate children, there is no remedy like Vinol.

Your money will be returned if Vinol fails—Leading Druggists.

Vinol Creates Strength

SANDRA THE JEALOUS

BY JANE PHELPS

SANDRA LUNCHES ALONE WITH BARRETT EDMUNDS

CHAPTER XXXIX

The house was awfully lonely. The evenings seemed endless. I had not thought I should miss Everett as I did. But the excitement of dressing for him; watching until he came in to dinner, then either talking a while or playing for him unless we went out had filled the hours fuller than I had realized.

I didn't bother to dress for my solitary dinner which I soon finished. Someway I couldn't get up any enthusiasm about my music afterward. I went to bed unusually early but instead of sleeping, I lay thinking of all I had been told of Leola —and of Barrett Emonds.

"Would I have been happier if I had married a young man like him?" I asked myself, then felt guilty toward Everett, and ashamed of my thoughts. Everett was my husband. No one made me marry him; I did it because I wanted to; because I thought him a little finer clay than the village boys, an felt flattered by his gifts and his attentions.

I had known for some time that I was not in love with Everett the way I supposed I should be. But I had also thought that my ideas of love, mostly taken from books, were wrong. That it was only for people like Leola that men had such love; and that women only had that kind of adoration when a man was very kind and indulgent. That it was a woman's duty to love the man she married and his to support her, had also been one of the things which never had entered my head until I heard Mrs. Gray say so. She had been talking to Hetty. It was about some young girl friend who had married and then, because she was not happy and did not love the man she had married, had left him.

"It's a woman's duty to love her husband," Mrs. Gray had said. "He supports her, and gives her a home."

"But she can't love him if he isn't nice to her," Hetty had objected.

"She can if she will stop thinking of herself, and think of him. The trouble with women is they don't make any allowance for a man. They have lots of temptations women don't have. And most of them work hard. Women are silly to keep thinking about being loved all the time.

Were they?

I kept asking myself that question. I did so want to be loved—really loved like Leola had been, not in the cold calm way Everett acted toward me. Only once had he shown me any of that sort of affection, and that had been the night of my birthday when he had crushed me in his arms. But he had gone away for days and left me with one little careless, and evidently no regret. That hadn't been the way he left Leola, I knew.

Friday came but Alice telephoned me she had a terrible headache and couldn't go to luncheon.

"You go, dear," she said "Barry called up and said he was going to join us."

"No, I won't go—yes, I will too. I do wish you'd come."

"If may head is better I may change my mind. I don't know that it is safe to let you and Barry alone. He's half in love with you already. First thing you know he'll be asking you to run off with him."

"The idea of putting such things into my head," I laughingly replied. "Now you'll have to come! I shall be uncomfortable if you do not!

"Nonsense, I was only joking. But he does like you awfully well. He's a charming fellow, and many a girl would like him as an escort."

I dressed with the greatest care. I was purposely a little late. Barrett was there and met me at the door. We went in together after I had satisfied myself that Mrs. Sloane was not in the dressing room.

"I must not stay long" I said before he had ordered. I had a feeling that I should not have come, that Everett would be angry if he knew. I also was positive someone would tell him if I didn't, so I had made up my mind to inform him I had lunched with Mr. Edmonds as soon as he came home.

"Why in such a hurry?"

"I wouldn't have come if I had known positively that Mrs. Sloane would not be here; but she half promised to come when we talked on the telephone.

"I won't keep you one moment longer than you want to stay."

He ordered a simple luncheon, and while I enjoyed being with him and watching the people, I was in a way thoroly uncomfortable. I was doing nothing particularly wrong; yet I knew that at home a married woman never lunched with another man unless her husband was along.

I began to fear Everett would be terribly angry.

I wouldn't have coffee, but excused myself and hurried home. I knew by his expression that Barrett was surprised by my actions. But I could not help it. He never had seen Everett angry. I had. I couldn't forget the time he had been so angry when I sat in the hotel corridor when we were on our wedding trip. Perhaps he would think this worse.

To-morrow—Everett's Letter Disappoints Sandra.

GERMAN DYES FOR BRITISH.

Yorkshire Committee Go to Purchase £2,000,000 Worth.

HUDDERSFIELD, Yorkshire, Feb. 4.—A committee of dye users has gone to Germany to select and purchase £2,000,000 worth of dyestuffs, owing to the shortage of suitable dyes for trade use here. It is reported that the Goverament is financing the scheme.

Recently The Board of Trade Journal announced the formation of an expert committee in connection with the distribution of dyestuff supplies from Germany under the reparations clause of the Peace Treaty. The visit to Germany, however, is for the purchase of dye additional to the amount British users are entitled to under the Treaty provisions.

ACCIDENT TO OMEMEE MAN

STRUCK BY A PIECE OF FLYING WOOD—OMEMEE NEWS.

OMEMEE, Feb. 4.—A very serious accident occurred on Saturday afternoon, last, while the sawing machine owned and operated by Mr. Herb. Jones was sawing at Mr. William Rehills. A small stick of green birch, got behind the saw and flew with great force striking Mr. Bent on the side of the head making a terrible cut in his cap through into his head. He was picked up unconscious and carried into the house. No hope of his recovery, was held out until an operation was performed by Doctors McCulloch of Lindsay and Earle of town which lifted a piece of the skull off the brain. On Sunday morning he became conscious and each day brings news of his improvement, which his many friends look forward to.

Mr. Bent is a son of Mr. and Mrs. Charles Bent of town and has several sisters and a brother residing in this neighborhood. He is a married man with one son about eight years of age and resides about three quarters of a mile nogth of Omemee. Miss Roach of Peterborough, is the nusre in attendance.

The following letter is copied from Newburyport's papers and I thought it would be of interest to a great many of your readers, as Walter Nugent is an old Omemee boy his parents, Mr. and Mrs Henry Nugent still residing in town.

Rev. Dr. Nugent is invited to become pastor of Portland Society.

Rev. Dr. Walter H. Nugent, pastor of Central Congregational Church, in Newburyport, Mass., the past ten years, has received a unanimous call to become pastor of the Presbyterian church at Portland, Oregon, and has accepted the invitation, having handed in his resignation which is as follows:

Newburyport, Mass.

To the members of Central Congregational Church and Society.

Dear Friends,—In March 1910, after a visit to Newburyport for mutual acquaintance, you invited me to become the first minister of Central Church. The history of many churches that had been formed by a union of churches, was not such as to make the call altogether inviting. but, because I saw the unique opportunity to demonstrate the wisdom of the union of the three churches, and to do an effective work in commenting that union and in organizing the united forces for constructive service, I accepted your invitation.

In the almost 10 years that have passed many changes have taken place, and much has been accomplished which I shall not attempt to summarize. Suffice it to say that to but few ministers is ever given the pleasure of seeing accomplished in so satisfactory a manner the thing that was attempted.

The union of the churches has been justified and I believe there is no finer example of church union in the United States than may be seen in the Central Church of Newburyport. This is due by no means alone to the Minister but also to the fine Christian spirit on the part of the members, whose loyalty and devotion to Chrise have made them seek the welfare of His church.

I believe now that the work of the first minister has been accomplished and that a sure and strong foundation has been laid on which I trust another can build, larger and better. And having received a unanimous invitation to become the minister of the Central Presbyterian Church, of Portland, Oregon, and desiring to accept the same I hereby tender my resignation as minister of the Central Church, to take effect at as early a date as shall be mutually satisfactory.

To all the friends who have been loyal in their love, and without whose support and co-operation this success would not have been possible, I extend my sincerest thanks, meantime assuring you that no one, whom you may be led to choose as my successor will love you more, or be more interested in your welfare as individuals or as a church, or seek harder to be of real service to you and the kingdom.

Very sincerely yours,
Walter Henry Nugent.

The Portland Church was formed about three years ago, by a merger of two Presbyterian Churches, and is rated as the 3rd strongest among the 28 churches and that denomination in the city. It has a membership of nearly 600 and is planning to build a new church building, the present edifice being too small for the growing needs.

Portland is the home of Mrs. Nugent's parents, Mr. and Mrs. A. O. Whitcomb, and also of her only brother, so that Mrs. Nugent will be reunited with her family, after being separated by the continent for ten years.

The minister received the degrees of bachelor of divinity, bachelor of law and doctor of philosophy at Chicago Theological Seminary. He was born in Manvers township later moving with his parents to Omemee where he received his early education in High School and Albert College, Belleville. He entered the ministry in June 1898, preaching three years in Canada. In 1901 he moved to the U. S. and has been in church work in Iowa, Chicago, Minneapolis and Newburyport.

The newly organized Guild of the Presbyterian Church, meet every Wednesday evening in the basement of the Church, with a social evening, once a month. Last Wednesday evening being the social evening a very pleasant time was spent when games of various kinds were played also there were two contests which required plenty of intellectual power. Refreshments were served at the close.

A Sleigh Ride.

On Friday evening last, the members of the Methodist Choir enjoyed a sleigh ride into the country to the home of the organist, Miss Eva Race, where choir practice was held and a very pleasant evening spent. Refreshments were served by the hostess before the jolly crowd returned home.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

The name "Bayer" is the thumbprint of genuine Aspirin. It positively identifies the only genuine Aspirin,—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package of "Bayer Tablets of Aspirin" which contains proper directions for Colds, Headache, Toothache, Earache, Neuralgia, Lumbago, Rheumatism, Neuritis, Joint Pains, and Pain generally.

Tin boxes of 12 tablets cost but a few cents. Larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross"

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

VISITED LLOYD GEORGE.

(Canadian Press.)

LONDON, Feb. 5. — Sir Robert Borden visited 10 Downing street, Lloyd George's residence, this morning.

BULGARIAN REDS HAVE FIXED DATE

(Canadian Press.)

SALONIKI, Feb. 5. — The Bulgarian Bolsheviki have fixed May 1 as the date of the coup d'etat by which the present regime in that country is to be ousted by violence, according to Sofia despatches, which tell of the seizure of Bolshevik documents there. Many arrests of communists are reported.

FIREMEN HAD LONG RUN TO SOUTH END CAN OF GASOLINE CAUGHT FIRE

This morning at 10.50 the firemen were given a long run to the new Aladdin Company to put out a gasoline fire. The men were working on the nuew siding an were using a gasoline engine in their work an in some way a can of "gas' 'was spilled out and caught afire from one of the torches used in thawing the ground. The fire team were promptly summoned and the fire put out with sand with ng damage resulting.

FAILED TO ANSWER THE CHALLENGE.

Last evening the Lock Works team failed to turn up for their match with the Fire Hall team, and the latter had the ice to themselves.

BENEFIT GAME FOR ED. DUGGAN

CITY LEAGUER BROKE HIS SHOULDER IN LAST NIGHT'S GAME.

It has been suggested that a benefit game of hockey be played between the Juniors and the pick of the City League to assist Edwin Duggan the clever defence man on the C.G.E. line up who is suffering from a dislocated shoulder received in last night's rough house between the Auburn's and the C.G.E. Toolroom.

This should provide a lively battle for the fans for there are enough ex-O. H. A. men in their ranks to put up an aggregation that would keep the Bantams guessing.

ARCHIE MOORE'S RINK BROUGHT HOME PRIZES FROM 'CAYGEON SPIEL

Archie Moore's rink won the primary series of the Bobcaygeon bonspiel and the steel fishing rods that were given as first prizes. His rink was composed of John Brightman lead, Andy Webb, second, and Harry Foote vice-skip. They defeated Marks of Bobcaygeon in the final game. In the semi-finals Alex. Kay's rink lost to Marks.

In the consolation series John Reid reached the semi-finals, where he was put out by Moore of Bobcaygeon, who in turn was defeated by McCallum of Fenelon Falls in the final game. Reid's rink surprised the Peterboro crowd. He had Eddie Freeman as vice, Gordon Matthews second and some chap from Kinmount who had never thrown a stone before was lead. They won five games before they were eliminated.

The curlers speak in the highest terms of their reception by the Bobcaygeon club, who by the way are sending five rinks to the Peterboro bonspiel next week. "It was the best trip I ever had", said one of the local curlers. They banquetted us and had always something doing."

CURLING

Tankard Winner.

Collingwood won the Ontario Tankard from Napanee by nine shots yesterday. It was a case of the North wrestling the provincial honours from the east. The Globe says: "The Collingwood rinks are strong from top to bottom, and nothing less than a well-practiced, all-star combination could hope to beat them on the form they displayed in the various rounds of the Tankard."

POOL WINNERS.

Sporting Editor Examiner: Please settle this pool: A has Peterboro 7, Lindsay 4. B has Peterboro 5, Lindsay 3.—Fan.

A wins.—Sporting Editor.

Sporting Editor Examiner: In a pool there are these scores:

A 6 to 3 for Peterboro; B 7 to 4 for Peterboro; C, 8 to 5 for Peterboro. Which wins? Subscriber.

A wins.—Sporting Editor.

SEEN IN THE SHOPS.

The crushed girdle is shown in many pretty dresses.

If there are panels at all, they are very slim and long.

Appliques of contrasting colour will to a large degree replace embroidery.

Sash ends may extend almost to the hem of the skirt.

The new tailormades are decorated with much braiding. And on some of the more attractive models the braids are wide, very supple, and cleverly twisted into circles and scrolls.

THE C.G.E. AGGREGATION AND THE AUBURN TEAM TIED GAME

LARGE CROWD TOOK IN THE CITY LEAGUE FIXTURES—RESULTS OF BOTH GAMES.

In a game that was a battle from start to finish the C. G. E. Tool Room tied up the Auburn outfit to the tune of 3-3 in the City League games last night, and even if the brand of hockey that was displayed was not as good as it might have been the game proved to be an interesting fixture to the best crowd that has turned out to see the City League teams perform.

The C. G. E. team had three victories to their credit and in the first game with the Canadian Woollens won by 6 to 3 ,but since then the Northerners have been going stronger and the C. G. E. knew when they faced them last night that they would have to show some speed if they were to come out at the long end of the score. Both teams deserve credit for their hard work and gameness, and if the tie will have to be played off it should be an engagement that would show some of the fastest hockey seen here for some time.

On the Auburn line-up Legros in goal was perhaps the most useful member and he saved the day time and time again for the Auburn six. The two Grahams worked as hard as ever, both getting a share in the goal getting and Williams was a veritable "Will o' the wisp" and worked like a steam engine. Rutherford and Blewett were very effective as subs and Tudhope and McMartin on defence kept the enemy away from the Woollens' nets, and also did some clever rushing.

The star on the opposite side was Frank Barrie who was a worker from start to finish and right at the Auburns' heels all the time. Both the Butchers were on the job and George in goal stopped some hard ones. The defence Helson and Duggan were in good form, and worked like Trojans. Duggan had the misfortune to break his collar bone in the second period, and Wade was substituted and was very effective in rushes and his wicked shooting came near scoring a dozen times.

The play started with both sides working their heads off. For several minutes the play seemed to be pretty well divided. McMartin and Freddie Graham collided, and Graham was shaken up badly but returned to the ice again in a few minutes. Auburn got away and H. Graham scored followed a second later by his namesake who shoved the rubber past Butcher on a pass from Williams. The Auburn goal minder was kept pretty busy until Barrie, the C. G. E. star, got the rubber and scored from close in.

After the face-off both teams had an even go. Graham and Company rushed Butcher who broke up the combination very cleverly. Tudhope got the puck and passed to Graham, but the rubber went wide, although the goal was wide open. After a couple more wild rushes and wilder shots the period ended with the Canadian Woollens at the long end of the 2-1 score.

Second Period.

The second period opened with both teams chasing the puck all over the ice, the Northerners giving Butcher plenty of work to do and the little C. G. E. goal minder had to stop some fast shots. The game now began to look more like a street corner game of "shinny" than a City League game. The wood was laid on frequently and in no uncertain way and the unfortunate who had the puck was chopped down from all sides. Duggan was very badly hurt in a collision with McMartin and it was found later that the fast defence man was suffering from a broken collar bone. After Duggan was carried off the merry sport went on.

One rush after another was cut to pieces and back checked but neither side seemed able to carry on a real offensive. At last the Auburn outfit got under way and F. Graham lifted one into the C.G.E. nets from close in. This made the score 3-1, but Wade in a pass from Barrie added one to the C. G. E. total. In the next couple of minutes two casualties were reported. Barrie was off for a minute and H. Graham was off for the rest of the game with a sore toe. The period ended with a brilliant exhibition of "rough stuff" intersepersed with wild shooting and a general grandstand performance.

The third period found the C. G. E. trying hard to tie the score, and they did their best to do it and only Legros' beautiful stopping in the nets saved the Auburns from utter defeat. The Northerners set them a hard pace throughout and time and again they rang the rubber just a little wide of the goal. The slugging and mix-it-up tactics were much in vogue and in utter disregard of the high cost of hockey sticks, stick after stick was smashed over the other fellow's shins.

Helson, just at the end of the period suffered a cramp and play was held up for a couple of minutes.

Graham and Blewett rushed but failed and Butcher got the puck and with only a minute to go tied up the score.

The line-upwas:

C.G.E. Tool Room — G. Butcher; Defence, Duggan and Helson; centre, A. Butcher; Right wing, Barrie; Left wing, Barclay; Subs., Wade and Kennedy.

Canadian Woollens — Goal, Legros; Defence, Tudhope, McMartin; Centre, H. Graham; Right wing, Williams, Left wing, F. Graham; Subs., Rutherford and Blewett.

The Second Game.

The second game, staged between the Business College and Belmont Club; was a lively battle. Two weeks ago the same outfits clashed and the Belmonts were lucky enough to get off at the long end of the score of 9-8. Last night, after a hard-fought battle, the Belmonts won from the College boys by 8-5.

The pace was fast all the way and both teams worked hard, and although the Belmonts had the best of the play, the plucky lads from the Business College never stopped trying. During the first period it looked as if they were in for a win and at the end of the period the score was 2-1 in their favor.

In the second period the other six came back stronger and succeeded in shoving three past Lebarr, and held their opponents down and never let them get a counter.

The last period was full of pep, both teams going for all they were worth, and in the twenty minutes seven goals got past the nets, four for the Belmonts and three for the Business College. The period was the best of the game and if the Belmonts hadn't got the lead in the second period the score would have been tied. The line-ups were:

Business College. — Goal, Lebarr; defence, Rootes and Anderson; centre, Campbell; right wing, Carson; left wing, K. Anderson. Subs, Laplante and Dormer.

Belmont Club.—Goal, Darling; defence, Head and Murray; centre, Wright; right wing, Gillespie; left wing, Stewart. Subs, Rutherford and Doughty.

Percy Bond had charge of the bell for both games.

BLISS NATIVE HERB TABLETS

Are first aid to thousands of people for the relief of KIDNEY TROUBLE. For thirty-two years has been regarded as a standard herb remedy, they contain no calomel nor other mineral poison. Each box contains a GUARANTEE coupon, and is sealed with a blue seal bearing signature of ALONZO O. BLISS. CARPET BOWLING PRACTICE.

The men of Knox Church are invited to the Lecture Hall of Knox Church to-night (Thursday) at 7.30. New carpets have been purchased, and in preparation for the forthcoming tournament, all are asked to put in an appearance there, and have some practice. Rinks are also to be picked, and all who wish to participate, both in the tournament and on the opening night (Tuesday next), when the Peterborough Caledonian Club rinks will be the guests of the men, are requested to be on hand, to give their names and receive instructions from the skips. This game is becoming popular in this quarter of the town, and no doubt Knox Church carpet bowlers will take advantage of the facilities provided for many evenings of fine enjoyment.

FOR FRIDAY AND SATURDAY

Late in the Season Prices on Various Articles of Apparel

This is another demonstration of the value-giving that we endeavor to give you at the end of each season and the woman who is seeking high-grade garments at moderate prices will be rewarded if it is a coat that she is in search of, for these $52 and $25 values are really worth your while.

$75 Plush Coat $52

It is a beautiful quality of 'Salts' Esquimette plush and is lined throughout with a heavy Italian satin. The front is belted and a Kolinsky fur collar fits snugly around the throat when desired.

$45 and $47.50 Coats for $25

The material is that popular and serviceable fabric, silvertone velour, and is obtainable in the following colours: brown, green, French blue and navy blue. Every garment is beautifully lined with silk and three-way collars are featured.

Regular $8.50 Sweaters for $5.50

They are all-wool, are a fancy knit, pullover style, and the collars are sailor pattern. The colours are rose, mauve, Paddy green and Copenhagen.

$1.39 and $1.98 Voile Blouses 98c

These dainty white blouses are trimmed with lace and insertion, and convertible or tuxedo collars contribute greatly to their attractiveness. The sleeves are long.

A Corset Cover for 35c

They are made of white nainsook and the yokes are formed of lace and insertion and in some instances all-over embroidery is used and the beading run with ribbon.

The Redfern Store

Operated by THE CRESSMAN CO., LTD.

THE CRESSMAN COMPANY'S THIRD ANNUAL BANQUET TO EMPLOYEES

SEVENTY-EIGHT MEMBERS OF THE FIRM TOOK PART--SHORTER HOURS COMMENCING ON MONDAY NEXT.

Similar to everything undertaken by the Cressman Company Limited, the third annual banquet given by the Company to the co-workers of the firm was a marked success and the seventy-eight members of the firm present were given ample reason for further appreciation of the generosity of the management. Throughout the entire evening the spirit of good fellowship and co-operation that permeates the employees and management was uppermost and everyone enjoyed each moment of the happy event:.

The Toasts

At the conclusion of the banquet which was held for the first time in the splendid new lunch room and lounge room on the third floor Mr. H. E. Raynor proposed the toast to "The King" which was responded to by the singing of the National Anthem, theaccompaniment rendered by Miss Baird. "The Firm" was next proposed by Mr. W. H. Ford, who wished Mr. A. W. and Mr. H. W. Cressman continued good health and prosperity. To this Mr. H. W. Cressman responded.

Shorter Hours.

In responding to the toast Mr. Cressman said in part "My most fitting salutations fellow workers would be, were I an after dinner speaker, "Beautiful Ladies and Handsome Men" and even such a salutation would fall short of adequately describing the appearance of the members of this gathering. Continuing he thanked Mr. Ford for his complimentary remarks which he stated were greatly appreciated and referred to his and his father's appreciation of their good fortune in being associated with so fine an organization." To-night he continued is our second distribution of profit sharing covering the six months period from August the 1st to February the 1st. Every co-worked who has been associated with the firm from the 1st of August shares in this. I am pleased to say that the total distribution is considerably larger than before and with but one or two exceptions each individual one is larger.

My father's absence which will probably be of year's duration, has necessitated the creation of two new positions on the staff of management —that of superintendent and assistant Superintendent and to these two positions Mr. Raynor has been appointed to the former and Mr. Ford the latter. In their hands all matters of decision have been left." Here Mr. Cressman referred to the trust the Firm has placed in the two young men, who will fill the responsible positions and of the several good reasons they have given to have merited such confidence.

Mr. Cressmen concluded by announcing that starting on Monday, February the 9th shorter hours would be established for co-workers in the store when each will be on hand in the morning at 8.55, the store to open at 9 o'clock instead of 8.30 as previously.

At the conclusion of his address Mr. Cressman called upon the young men to distribute the envelopes containing the profit sharing cheques.

Vote of Thanks.

On behalf of the employees Mr. Cowie extended a hearty vote of thanks to the Cressman Company Ltd., which was seconded by Mr. McBride. In a short address Mr. Wolfe spoke of the many kindnesses of the Messrs. Cressman referring in particular to the generosity of the firm in giving holidays and urged each member to put forth even greater efforts in the future to ensure the firm's continued success. Mr. Cressman thanked Mr. Wolfe for the sentiment expressed. In proposing the toast to Mr. and Mrs. A. W. Cressman, Miss D. Walker, accountant of the firm spoke of the many kindnesses shown by Mr. and Mrs. Cressman to the employees independent of business.

Musical Programme

After the toasts the following musical programme was rendered by coworkers of the Firm:

Programme

Piano Solo—Miss Baird.
Dialogue—What Will Bobby Be?
Solo—Miss Gallagher.
Reading —Mrs. Gardiner.
Solo— Miss Williamson.
Comedy—"Puzzling."
Solo—Miss Powell.
Reading —Miss Cunningham.
Miss McCormick and Miss Gallagher.

The balance of the evening was spent in a pleasant social hour with excellent music.

The Menu

Too Much Appetite may be as dangerous as too little

When the skin is sallow or yellow, the eyes dull, the head aches or sleep broken and unrefreshing, the back aches, or there is a pain under the right shoulder blade—it is an indication that the body is being poisoned by poorly digested and imperfectly eliminated food-waste. It is a wise thing to take

Beecham's Pills

to relieve these symptoms by helping to remove the causes

Sold everywhere in Canada. In boxes, 25c., 50c.

ANNUAL MEETING OF KEENE CHRRCH

THE BUSINESS MEETING WAS FOLLOWED BY A BANQUET.

The Presbyterian congregation at Keene had very satisfactory reports presented at their annual business meeting held recently. One hundred and twenty families contributed the total sum of $4,305.00, of which $1,465.00 was for missions and education.

An increase in salary of $300.00 was granted to the minister, Rev. R. McEachern.

During the past year extensive repairs were made to the church building The auditorium now presents a fine appearance, having been beautifully decorated.

The business meeting was followed by a banquet furnished by the ladies of the congregation, at the close of which complimentary addresses were given by prominent members of the church.

The allocation for the Forward Movement Thankoffering for Keene is $2,500.00. It is generally expected that the congregation will exceed this amount.

Mr. James McNeil is the honoured secretary, and Mr. John Lang the efficient treasurer of the congregation.

HUNGARY BEGINS TERRORIST TRIALS

COUNT APPONYI DECLARES ONLY STERN JUSTICE ACTUATES COURTS.

BUDAPEST, Feb. 5.—The trial of a large number of terrorists are under way. Count Apponyi, head of the Hungarian peace delegation, when asked if there was any persecution of Communists, replied: "I have implicit confidence in the judges, who are moving so slowly that there have been only twenty-seven executions for murder so far, which is a small number when it is remembered that the Communists killed several thousand persons. Nobody is being arrested for opinions, but for acts.

"Hungary is in a state of self-defence against the Red Terror, just as the United States, which is deporting Bolshevists. With semi-Bolshevik Governments at Vienna and Prague, and also agents coming in from Russia, all preparing to subvert the peace of Europe, we are bound to be careful."

The correspondent was allowed to visit the prison, in which more than 2,000 persons are locked up awaiting trial. These include Prof. Peter Agoston, former Minister of Foreign Affairs. He said that his freedom had been guaranteed him by the British and Americans last August, provided he would return from Vienna and help to overthrow Bela Kun. He did so, but was arrested in November.

Prof. Agoston disclaims any complicity in the terrorist murders, and representations are being made by the Allies in his behalf. His hair turned gray while in prison. As there is no heat in the building, his arm, which was injured in the war, is giving him much trouble. It is expected that he will be removed to the hospital, if not released.

VERDICT OF MURDER IN CHELSEA INN TRAGEDY.

LONDON, Feb. 5.—A verdict of wilful murder against some persons unknown was returned at the inquest on Frances Buxton, the landlady of a Chelsea inn, whose body was discovered a fortnight ago in the cellar of her house. Deceased's maiden name was Poole, and she was originally from Toronto, having been a member of the choir of Dr. Wild's church there.

The coroner said there seemed to be no ground to expect an arrest.

RESULTS OF THE Y.M.C.A. CONTESTS

Saturday last was a great day in the Junior Department of the Y. M. C. A. when 46 boys availed themselves of the field day competitions to train further for the Hexathlon contests, which will be held in March. All the scoring was according to Hexathlon scoring table, which allows for the difference in age of the competitors by substituting for age limit a weight class. Supper was served at 6.30, when enthusiasm was at fever height. The following shows the results in the different events (all scoring by the Hexathlon Training Table):

The Employed Boys are thus winners of the first of the bi-monthly field day contests by 43 points. The next big event will be the Father and Son banquet to be held in the Gymnasium on Friday, 20th February, to which every Dad is invited to attend with his boy.

Girls! Your hair needs a little "Danderine"—that's all! When it becomes lifeless, thin or loses its lustre; when ugly dandruff appears, or your hair falls out, a 35-cent bottle of delightful, dependable "Danderine" from any store, will save your hair, also double it's beauty. Try "Danderine" and see!

Your Most Important Deal

When a man applies for Life Insurance, he is taking up the most important deal of his life, for, presumably, he will not be here when it is settled.

How important then that he select the best obtainable.

The record of the SUN LIFE of Canada for the past 49 years of its existence, has been an unbroken march of progress obtained through square dealing, and the past year has surpassed all others with its assets of over ONE HUNDRED MILLION and Income of TWENTY-FIVE MILLIONS and surplus on Government Standard of over TEN MILLIONS. Where can you find its equal?

Is it not to your interest therefore to place your Life Insurance with the Sun Life of Canada?

Constipation or Costiveness

Constipation, although generally described as a disease, can never exist unless some of the organs are deranged, which is generally found to be the liver.

There is nothing more productive of general ill health than constipation of the bowels, and a regular action is absolutely essential to general health. One of the most common, painful and troublesome troubles caused by constipation is piles, and unless the bowels are kept open by the use of a good laxative such as Milburn's Laxa-Liver Pills the whole system will be poisoned and many different complications of diseases arise, so if you would be well, keep your bowels regular.

Mr. A. Roder, Hastings St. E., Vancouver, B.C., writes:—"I desire to express my thanks for what Milburn's Laxa-Liver Pills have done for me. I had been suffering from constipation for two years, and also had a bad cough and headaches. I tried all sorts of cures and remedies, but got no relief until I was advised to try your pills. I got great relief after the first few doses."

Get Milburn's Laxa-Liver Pills when you ask for them or send 25c. and they will be sent by return of mail by The T. Milburn Co., Limited, Toronto, Ont.

Be Careful What You Wash Your Hair With

Don't use prepared shampoos or anything else, that contains too much alkali, for this is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulsified cocoanut oil, for it is pure and entirely greaseless. It's very cheap, and beats anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy, and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

YOUNG TURKS TO START HOLY WAR.

RED ARMY ON ITS WAY TO CONSTANTINOPLE.

(United Press.)

LONDON, Feb. 5.—An Exchange Telegraph despatch from Berlin quotes advices from Constantinople as saying that the Young Turk "Red" Army will reach Constantinople and soon free the city of the enemy.

The Young Turks expect to start a Holy War against Great Britain in the spring, according to reports.

THE EXCHANGE SITUATION.

BABY FOUND.

Wrapped Body Used by Children as Football.

HAMILTON, Feb. 5.—The police were notified that the body of a child had been found at the corner of Young street and Ferbuson avenue. Detective Smith accompanied the patrol wagon to the vicinity where it was found that a parcel had been discovered by some children playing in the neighborhood of Kilgour's factory. Using the parcel as a football they kicked it across the tracks where it burst open and was found to contain the body of a newly-born male child. W. Miller, 294 Charlton avenue, who happened to be passing, notified C. Sinclair at the T., H. & B. office, who, in turn, communicated with the police. The body of the child was wrapped up in cotton wool and covered by newspaper dated January 3, and is fully developed.

The police communicated with Dr. Rennie, who ordered the removal of the body to the morgue. Later Dr. Rennie stated that an inquiry would be held, but that the date for this had not yet been fixed. The police in the meantime are making inquiries in the district.

The Hacking Cough Strains the Lungs

The terrible, hacking, lung-wracking cough that sticks to you in spite of everything you have done to get rid of it is a great source of danger to your health, and the longer it is allowed to stick the more serious the menace becomes.

You can easily get rid of the cough or cold at its inception by using Dr. Wood's Norway Pine Syrup, a remedy that has been universally used throughout Canada for the past 30 years.

Mrs. Samuel Matthews, Portage, P. E.I., writes:—"Last winter I caught a heavy cold, and was laid up for sometime. I had such a hacking cough I could not sleep at night and did not think I would ever get over it. One day a friend dropped in to see me and was surprised to see how bad my cough was. She advised me to use Dr. Wood's Norway Pine Syrup, so the next day I sent for a bottle and soon got relief and by time I had taken two bottles my cough was all gone. I doubt there is anything to equal it."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; 3 pine trees the trade mark; price 25c and 50c. Manufactured only by the T. Milburn Co., Limited, Toronto, Ont.

FRANCE PREPARES TO ADJUST 3,220,000 PENSION CLAIMS.

PARIS, Feb. 4.—Andre Maginot, the new Minister of Pensions, says that 660,000 pensions have been liquidated, but that nearly five times as many still remain to be settled, 1,975,000 being pensions for those disabled, 700,000 for widows, and 550,000 for dependents.

"To this total of 3,225,000 there may be added 2,400,000 demands for increased pensions, based on the number of children that claimants have," said the Minister, "and also 600,000 cases of demobilisation claims. There remain pensions due to civilian victims of the war unde rthe law passed on 1st January. None of these latter has yet been liquidated."

STOP HEADACHES BEFOREHAND

You never had a headache when you were well.

To keep well is to keep clean, inside.

To relieve headache, and to prevent it, keep the liver active and industrious and the bowels as regular as a clock.

Two generations of healthy, vigorous people have done this by taking one pill at bedtime, regularly—a larger dose when nature gives the warning.

LABOUR COUNCIL CENSURES ALDERMEN FOR RESCINDING THAT RESOLUTION

MR. TOOMS STATED THAT THE QUESTION OF ELECTING THE POLICE COMMISSIONERS HAD GAINED PROVINCIAL ATTENTION AND IMPORT.

G.T.R. GATES UNATTENDED

A vote of censure was passed by the Trades Council last night upon the six Aldermen comprising the majority of the City Council who were responsible for the rescinding of the resolution requesting the Legislature to make the Police Commission an elective body.

Referring to the City Council's action, Mr. Thomas Tooms, M.L.A., stated that he respected the intelligence of the Council of 1919 as much as the intelligence of the Council of 1920. Only a bare majority had supported the recent resolution. In the meantime the city had communicated with many other cities of the province from most of whom replies had been received. Hence, the question here with ceased to be a local one, and it became a provincial one.

"I consider it my duty to take it from the local council of eleven to the provincial council of one hundred and eleven" said Mr. Tooms, who said it was no time to turn back. He deplored the editorial attitude of the Examiner on this question, and also "the machine voting at the crack of the whip as it appeared in the City Council."

Mr. Tooms announced that if any of the members had any proposals of legislation which they considered should be put forward he would be glad to receive them in preparation for a meeting in Toronto next week when a survey of the opening session of the Legislature will be made.

Other delegates spoke of class legislation by the Council and Police Commission, and some one observed that the workingmen who had neglected to vote for the Labour candidates on New Year's day had only themselves to blame for the undoing of the resolution passed in December.

"Let Ald. Whitehouse put this question of electing the Police Commissioners to a vote and he will find out how much they want it" said one delegate, and another declared that Ald. Gordon tried to discredit Labour by introducing his resolution.

Gates Up On Sunday.

Ald. Crowe was requested to investigate a complaint that the G.T.R. gates are not operated on Sunday. A delegate reported that on Sunday January 25th a cutter going west on Charlotte street barely escaped a train from the north..

The two women and the man in the cutter drove confidently and without a thought of danger over the tracks. They did not see the train that was hidden by the Perkins-Ince warehouse. The cutter was struck a glancing blow by the engine and was swung around, averting a serious and perhaps fatal accident by only a fraction of a second

It was discovered that none of the gatemen between the C.P.R. diamond and Brock street were on duty from 11 p.m. Saturday until 11 p.m. Sunday. It was alleged that this was the manner in which the company gave the employees one day's rest in seven since the eight-hour working period went into force.

SHOP INSURANCE QUESTIONED BY LABOUR COUNCIL

OPINION EXPRESSED THAT IT RESTRAINS MEN FROM GETTING BETTER POSITIONS.

That the new system of shop insurance tended to discourage employees from accepting better positions in other factories and to that extent appeared to be inimical to organized labour was the opinion expressed by Mr. Thomas Tooms, M.L.A., at the regular meeting of the Trades Council last night.

Commenting on this restraining and binding influence, a delegate cited the case of a man who, because of the automatic severance of his shop insurance, declined a position with another company that offered him an increase of fifteen cents an hour over the wage he was receiving.

"Surely he must have realized that $1.35 a day was a mighty high premium to pay for that insurance," was one remark.

Mr. Tooms also stated that if employees of such shops went on strike they would doubtless forfeit their insurance.

The Council decided to write to Mr. Tom Moore, president of the Trades Congress for their opinion of this insurance system, and also whether in any way it conflicted or would nullify the Workmen's Compensation Act.

Will Ask For $250.

Looking forward to this year's Labour Day celebration, the secretary was instructed to ask the City Council for a grant of $250 to help meet the expenses of this year's event.

Several Increases.

Secretary Stevens' salary was increased from $25 to $35, and Ald. Gainey was appointed a member of the Board of Trustees, who recently advanced his salary from $25 to $50. Ald. Gainey had asked that his resignation be accepted, but the Trustees declared that without him the Unions and Labour Council would be greatly inconvenienced. A small desk will be provided for this work in the Gainey Brothers' store. Ald. Gainey succeeds B. M. Fredericks whose resignation was received last night.

Organization Campaign.

It was proposed last night to undertake a general organization campaign early in the Spring. A special committee for that purpose was appointed.

SOLD MELTED SOVERIGNS

Three Londoners, Crown Charges, Obtained $550,000 in Gold From Bank.

LONDON,—The taking of testimony was resumed against the six persons, including Harry Lewis, a barrister, and Shure and Chamberlain, diamond merchants, who are charged with melting gold coin following their arrest, made under a provision of the defense of the Realm act.

The testimony tended to show that no less than 110,000 sovereigns in gold were withdrawn from the Bank of England during the year by the accused men. The total weight of the metal was eighteen hundredweight. Lawyers for the Crown asserted the defendants had organized a remarkable system for obtaining coins which were melted down and the gold sold. During December alone, it was charged, they disposed of bar gold worth 9,400 pounds sterling while During the month they succeeded in getting 26,000 sovereigns from the bank.

GATHER HORSES FOR ALLIES.

Roundup in Berlin to Select Animals for Surrender.

BERLIN—Historic Konigsplatz, flanked by the Column of Victory, the General Staff building, and the monuments of Bismark, von Moltke, and von Roon, which was the scene of last week's disorders was converted today into a horse market.

This market will be conducted by the City of Berlin in pursuance of the provision of the Versailles treaty which calls for deliveries of horses to France and Belgium. Owners of horses in the city were threatened with heavy fines if they failed to make an appearance, and the result was a gathering of horses of all breeds.

Well-fed draft horses were ranged beside decrepit cab horses. Here and there spirited saddle mounts cavorted while awaiting approval by the official veterinarians.

As the general average was below the required standard, most of the horses were returned to their owners. It is not expected that Berlin will be able to contribute a large number of horses to the general levy, as the better class of them is being held in the rural districts.

INCREASED PRICE OF PAPER.

Owing to the increased cost of newsprint, labour, etc., the Border Cities Star advanced the price of its paper to three cents on Monday.

AMERICA GIVEN FOKKER PLANES

TWELVE GERMAN MACHINES TURNED OVER IN ACCORD WITH ARMISTICE.

WASHINGTON, Feb. 5.—Twelve German Fokker airplanes of the latest type have been turned over to the United States Government in fulfillment of armistice terms, and have been sent to the army's aviation repair depot at Indianapolis.

In 1916, asserts a statement made public by the War Department today, A. H. G. Fokker, a Dutch inventor, says Germany asked him to make a very cheap plane, using possibly discarded or obsolete airplane engines. The planes were to be capable of about four hours' flying, and were to be steered through the air by means of wireless. It was planned to load each of them with a huge bomb and send them out under control of a flying man.

Dropped as Designed.

"This pilot," the statement continues, "would herd his fleet of flying bombs through the air to the objective, where they would be dropped either singly or all together.

"While the bomb plane would be destroyed on explosion of the charge, this method of bombardment would be more accurate and deadly, and scarcely more expensive than the firing of long-range shells, according to Fokker. The Germans, he said, believed it was a tremendous waste to send projectiles through the air by means of high explosives when they might be sent to their destination by gasoline power.

Failed to do Work.

"The airplane bombs were designed and would have been in operation in 1917, Fokker states, but for a blunder of the German War Office. The German Government, he said, attempted to build the planes and failed. In 1918, three months before the armistice, the order was again given to him, and production had been started when the war ended."

COULDN'T PAY UNDERTAKER.

MONTREAL, Feb. 5. — Because there was no money to pay the undertaker, two children, aged three and one years, are lying in the home of Louis Barette, 346B Clarke Street, unburied. Their deaths occurred early on Saturday morning, one from pneumonia and the other from acute indigestion. The mother, who was ill in bed, explained that the father had made arrangements with an undertaker for the burial. The undertaker had demanded payment of $31, and when the father said that he did not have the money at present, he drove away and refused to bury the children. The bodies will be interred by the municipality.

WORLD OF SPORT

PETERBORO OVERWHELMS LINDSAY AND CAPTURE THE GROUP CHAMPIONSHIP

WITH 400 PETERBORO FANS TO CHEER THEM GREEN SHIRTS HAND LINDSAY A TERRIFIC WALLOP, BEATING THEM 8 TO 3 ON THEIR OWN ICE.

WILL PLAY OSHAWA NOW

Playing by far the best brand of hockey they have shown this season, the Peterborough intermediates threw an unexpected bomb into the camp of the Lindsay crew last night, when they overwhelmed the Scugog outfit on their own ice, and beating them 8 goals to 3, won the group title by a score of 13 to 8 on the round. Lindsay, after tieing the Petes here 5-5 on Monday night, expected a comparatively easy victory, and had their plans all made for the trip to Oshawa tomorrow night.

With their backs to the wall, and the district honors depending upon the result of last night's game, the Petes met the test in a spirit that knew no defeat. Every player worked as if inspired. They cut out such a fast pace from the initial face-off and smothered up the Lindsay players so effectively by persistent checking that the first period took all the gimp out of Coombs and Company, and in the last two sessions the Petes, developing a most effective combination, with short, snappy passes, swept Lindsay off their feet.

The teams scored one goal each in that first period, Lindsay's coming within two minutes of the start and the Peterborough counter half way through the session. It was fast, hard going, and don't get the idea that Lindsay were not in the hunt at this stage. They were decidedly dangerous all through the period, and had it not been for the superb goal-keeping of Keevin Murray, the losers would have had a nice lead at the end of twenty minutes. Murray, who has been starring all season, was a marvel last night. In that first period he blocked, by actual count, thirty-seven shots on the Peterborough nets. It is true many of them were from well out, but they were awkward to handle nevertheless, and Murray had to do miraculous work with his stick, pads and hands to save the day.

The great goal-keeping and the closeness of the Peterborough checking broke Lindsay's heart, and in the next period ,after Murray had twice saved when the defence was beaten, the Petes cut loose with an attack that took them all over the Scugog bunch, and three times in succession the white flag fluttered behind the Lindsay citadel. It was 4 to 1 at the end of the period, and barring accidents, the Petes had the game well in hand.

Lindsay played the only card they had left in the last period, and converting the defence pair into two extra forwards and throwing five men up on the attack. These tactics earned them a score early in the session, but Grover Halpin and Pete Thornton took advantage of the situation to lead rush after rush down the ice, and with the Lindsay defence out, the Petes ran in three goals in a row and cinches the game. Lindsay managed to score another at that stage, and the green shirts, to show that they still had lots in reserve ,got it back in short order, leaving the final figures 8 to 3.

Over 400 wildly enthusiastic fans from Peterborough saw the victory of the Petes. There were 365 people on the special train which left Peterborough at 7 o'clock, and about 40 enthusiasts went up on the regular train, so that the team had plenty of support. The enterprise of Louis Yeates was responsible for the special train. He guaranteed the $345 necessary to engage the train, taking a chance, for the benefit of the fans who wanted to go to Lindsay and to give the team a following to encourage them in the crucial test. As everything above the guarantee went to the railway, Mr. Yeates had everything to lose and nothing to gain and deserves the thanks of the fans for his willingness to take a chance.

Every Peterborough man had a share in the honors of the evening. Individually and as a team the Petes were never beaten. Murray's great work has already been referred to, and in front of him Grover Halpin and Pete Thornton gave by far their best performance of the year. Their defensive work was faultless, while on the attack their effectiveness is shown in the fact that they scored half of the Petes' goal. All five who figured on the forward line did grand work. Lornie Rose, although handicapped with a bad cold, scored three goals and was always going, and Ray Rose did some great checking. Harry Thornton looked after Carew in good style, and Evans and Jackson, who were called on often, were of great assistance.

For Lindsay, Coombs was so closely checked that he did not shine as usual, although he tried for every ounce that was in him, and was all in at the finish. Carew looked the most effective of the works last night. O'Loughlin was good in the first period, but the Petes came too fast for him after that.

Referee Lou Marsh handled the game in good style.

The teams:

Lindsay — Goal, O'Loughlin; defence, Flavelle, Lipsett; centre, McElroy; right wing, Coombs; left wing, Carew. Subs, McPhee, Mills.

Peterborough —Goal, Murray; defence, Halpin, P. Thornton; centre, R. Rose; right wing, H. Thornton; left wing, L. Rose. Subs, Jackson, Evans.

The rink was packed when the Petes skated out at 8.30 o'clock for their warm up and the roar of cheering that greeted them showed how many enthusiastic rooters from Peterborough there were in the crowd. Referee Lou Marsh made his appearance shortly after the green shirts took the ice, and little time was lost in getting the game under way.

The teams started at top speed and the Petes had the first opening, Lornie Rose hitting O'Loughlin's pads from the side. Flavelle relieved and the play was transferred to Peterborough territory where, after a scrimmage in the corner, the rubber was passed out to Carew, standing uncovered in front of the nets. Murray hadn't a chance to save and Lindsay were in front 1-0 in the first ninety seconds.

The Lindsay fans started [illegible] to watch the Coombs gang ran in a bevy of goals, but they were mistaken. The goals were not forthcoming, for the Petes, checking as they have not done in any previous game, kept the Scugog gang at bay, and Murray, performing with the coolness and sureness of a veteran, [illegible] all their shots. In spite of the close checking they had a heap of drives on the nets, but the Petes goaler was unbeatable. And while this was going on the Petes were doing some attacking themselves, and O'Loughlin, although not as busy as Murray in this session, nevertheless had a lot of work to do and handled it well. McElroy drew the first penalty of the game when he tripped Harry Thornton, and a little later Lipsett upset Jackson as he came down the side, and he too was benched. There was no score while the Lindsay men were serving time. Jackson was penalized for slashing, and while he was off the Petes, after ten minutes of hard playing, evened the count. Halpin came down with a nice rush, and although his shot was blocked, Lornie Rose collared the rubber and beat O'Loughlin for the tieing goal.

For the rest of the period the teams battled along on even terms and there was no change in the score, although Chuck Carew, playing inside home, hammered in a goal on a shot by Coombs. He was so far offside, however, that he drew a penalty for loafing and the goal of course did not count.

The Petes were on high all through the second period, and were all over the Scugog crew ,although the Lindsay bunch were dangerous on several occasions. Early in the period Carew took a pass from McElroy and was right inside, but Murray pulled off a spectacular save. A little later Carew came back again on a combined rush and Murray beat him again, picking off his close-in shot with the blade of his stick. Then the Petes opened out and the Lindsay outfit started to fade. Evans put the green shirts in front when he got the rubber at centre on a pass from Pete Thornton, and going up alone, beat O'Loughlin with a pretty shot from well out.

Jackson drew another penalty for tripping, and while he was a spectator Murray made another great stop on a close-in play. Halpin got away nicely and his shot from outside the defence struck the cross bar of the net. The Lindsay goal umpire hoisted his hand at first and then pulled it down again and no score was allowed but a new umpire was installed. The Petes came right back, however, with one that did count, when Halpin beat O'Loughlin on a three man combination. That left it 3 to 1 and Lindsay's chances for the group title were fading badly.

Jackson drew his third penalty, this time for loafing, but there was no scoring while he was off. Lornie Rose stick-handled inside after one of the prettiest rushes of the night, but O'Loughlin made a fine save. The Petes nearly scored a minute later on a combined rush. Just before the period ended Lornie Rose scored the Petes' fourth on a pass from Harry Thornton, and it was 4 to 1 when the session ended.

Acting on the instructions of Pete Spratt Lindsay threw Flavelle and Lipsett up on the attack in the third period in a desperate attempt to turn the tide. It was the only tactics left for them, but going as the Petes were at that stage the six-man attack of the Coombs crew was useless. For a few moments it looked as if the policy might be successful, for with Harry Thornton o for dumping Coombs the later scored for Lindsay in a mix-up in front of the Peterborough nets.

The goal acted as a spur on the Petes and they cut loose with a vengeance, with Grover Halpin and Pete Thornton leading the attack. Pete made it 5 to 2 on a combined rush, and Halpin came right back with another on a neat pass from his defence mate.

Harry Thornton and Coombs were chased for mixing it. The Petes were going great guns at this stage, and when Lornie Rose went down the side and beat O'Loughlin neatly, the Lindsay rooters were as dumb as oysters.

Jackson was chased for tripping, his fourth penalty. Carew gave the Lindsay crowd a chance to cheer, although their effort was a weak one, when he scored from a scrimmage, but Pete Thornton got that one back when he went down alone and slammed a fast one past O'Loughlin for the last counter of the game. The Petes had little difficulty in holding Lindsay safe for the balance of the game. The losers were a badly beaten bunch, even the redoubtable Coombs fading to a whisper at this stage, and the final bell, although it meant the end of hockey for them this season, was not an unwelcome sound to the Scugog gang.

The summary—

First Period.

1 Lindsay, Carew.
2 Peterborough, L. Rose.

Second Period.

3 Peterborough, Evans.
4 Peterborough, Halpin.
5 Peterborough, L. Rose.

Third Period.

6 Lindsay, Coombs.
7 Peterborough, P. Thornton.
8 Peterborough, Halpin.
9 Peterborough, L. Rose.
10 Lindsay, Carew.
11 Peterborough, P. Thornton.

—Penalties:

Lindsay—McElroy, Lipsett, Carew, Coombs. Total 4.

Peterborough — Jackson 4, H. Thornton 2. Total 6.

WILL PLAY OFF IN THE CITY LEAGUE

C.G.E. HEADS [illegible] LIST WITH THE AUBURN [illegible] SECOND,

Last night's [illegible] in the City League brought the C.G.E. to the head of the L[illegible] with three wins, one draw and [illegible] losses. Auburn comes [illegible] ning one draw and one [illegible] Business have two games [illegible] credit and two losses and the [illegible] College are at the bottom of the ladder with four defeats.

Next week the Belmonts encounter the C.G.E. squad and the game should be a battle royal for the fans and the Business College have an engagement with the Canadian Woollens.

The fans may hope that a better brand of hockey will be displayed than was shown last night and that the stonewall tactics will not be employed as frequently.

OSHAWA HERE MONDAY NIGHT IN SECOND ROUND

Having disposed of Lindsay and captured the group championship, the Petes' battle cry is "On to Oshawa." They will play in Oshawa to-morrow night, leaving on the 11.45 G. T. R. train, and the return game will be played here on Monday night. Oshawa and Peterborough are old rivals, and the series should be productive of two great games, with a crowd at Brock street rink on Monday night that will beat all records for the local ice box.

The Petes came through last night's game without injuries and are in good shape for to-morrow's battle. The line-up will be the same as in Lindsay.

(For Additional Sports see page 6.)

There Will Never Be Another Picture Like "AUCTION OF SOULS"

"AUCTION OF SOULS"

An Indictment of Turkish Cruelty.—The Story of Ravished Armenia on the films.

"Auction of Souls" is a film production founded on the book, "Ravished Armenia," by H. G. Gates, and on the experiences of an Armenian girl, Aurora Mardiganian, who escaped from the Turks and found refuge in the United States She takes the principal part in the film, which is designed to bring home to the American and British public the sufferings of the Armenians under Turkish oppression. The scenes are supported throughout by quotations from the official report of the Bryce Commission on Armenia, Lord Bryce, who with Lord Gladstone ,attended a private exhibition of the film at the Queen's Hall recently, said that all the statements in the report wert true and, if anything, fell short of the facts .Miss Mardiganian is now visiting this county and speaking of her experiences.

"Auction of Souls" will be shown at the Allen Theatre next Wednesday anl Thursday, Feb. 11th and 12th.

'SQUARE DEAL SANDERSON' RED-BLOODED STORY

A real, red-blooded story of ranch life in Arizona and New Mexico, it abounds in thrilling situations, in suspenseful moments, and affords the star a wonderful opportunty for fast riding, shooting, and roping. Such is William S. Hart's picture, "Square Deal Sanderson," whach was shown at the Allen Theatre yesterday.

Forty-eight people, including a lot of real punchers from the ranges of the West, appear in the scenes. Ann Little is his leading woman in the cast.

TYRONE POWER

Mr. Tyrone Power by invitation of the Bishop of Montreal, addressed 600 priests at the St. Lawrence College on Thursday night, January 29th, on the conditions of the stage to-day, and announced to them the list of great successes that he proposed producing through Canada on his various tours, announcing his initial production of "The Servant in the House," to be followed immediately by "The Little Brother," "The Middleman," "The Professor's Love Story," and "Anathema," the latter play by Andreyef the greatest of all Russian dramatists.

Mr. Power after his address, was followed by the Rev. Father Cantin, who spoke of the unfortunate condition of the theatre to-day in the presentation by the certain element of producers of plays of the flimsy and immoral calibre, and expressed the thanks and gratitude of the church in the efforts of Trans-Canada Theatres, Limited, and Mr. Tyrone Power to give the theatre, not only a clean class of entertainment, but plays of great dramatic value, and powerful interest.

Mr. Tyrone Power recently purchased the old homestead on Lake Richelieu, in the Province of Quebec, of the Martin Family, which closely adjoins Mr. Power's Summer Home, and Architects and Landscape Experts are now busy in laying out plans to join the two estates together, and erecting thereon a large residence with gymnasium, golf links, etc. Mr. Power, as he has done in the past three years, intends to make Canada his permanent home, having recently disposed of his interests in England.

TO MEET A TEAM FROM BELLEVILLE

HOME AND HOME SERIES WITH PETERBORO WINNERS.

The fast Belmont Club team, winners of the City Basketball League, will meet the Belleville team in the opening game of a home-and-home series on Saturday afternoon in the Y. M. C. A. Gymnasium.

Both teams have shown considerable speed, and are members of the Ontario Amateur Basketball Association. A fast game is promised.

The return game will be played in Belleville on the 13th.

THE GROCERS WON TWO MORE GAMES

Last night in the ten pin league the Grocers won two from the Quaker Oats. Dawson for the Grocers rolled the high three games with a 580 score —Weber next with 530; for the Quaker Oats Miller was high with 550.

The scores:

Quaker Oats—				
Miller	162	205	183	550
King	129	185	144	458
Villeneuse	123	117	165	405
Ritchie	167	120	143	430
Kirn	139	137	173	451
	720	764	810	2294
Grocers—				
R. Ross	141	178	156	475
A. Ross	137	166	118	411
Gillespie	132	176	150	458
Weber	197	177	156	530
Dawson	194	199	187	580
	801	896	767	2454

To-night: King Pins vs. Business Men.

FAIRBANKS AT GRAND THEATRE NEXT WEEK

"DOUG" HAS NOT OVERLOOKED A SINGLE TRICK TO MAKE "WHEN THE CLOUDS ROLL BY."

The management of the Grand Theatre has had every assurance that the United Artists Corporation that the next production made by Douglas Fairbanks, to be shown here during Monday, Tuesday and Wednesday of next week is the most elaborate, costly and stupendous picture he has ever turned out from his California studio.

When "Doug" began his picture, immediately after he had finished his first United Artists release, "His Majesty, the American," he called a conference of all of his associates at his studio in Hollywood, Cal., and told them his idea for the next story. Everyone was astonished. "Doug" was absolutely determined that he wos going to do something daring and with that he insisted that everything from beginning to end had to be of the most elaborate order.

He went so far as to insist in his story that an entire city such as may be found throughout the middle western section of the United States, be destroyed in providing one of the spectacular punches in the production. And the destruction was not to be an ordinary destruction. It had to be a flood. The proposition seemed almost impossible but to "Doug" there has never been anything that he can't do when he wants to. And a flood it was. He spared no expense in reproducing this particular community, the smallest detail having been carefully carried out so as to enable the presentation of the most genuine character of realism obtainable.

A location in the foothills of the Cascade Mountains, Northern California, about two square miles in area, furnished the site for the city. A hundred or more carpenters and laborers, under the supervision of Robert Fairbanks, production manager, were utilized in the construction work which covered a period of one month in necessary preparation.

With the use of four massive electric pumps, more than one million gallons of water were drawn from the Sacramento River and stored in a specially constructed reservoir at the highest point of the new city. Numerous scenes were filmed in the city, the final one being the spectacular destruction of the little settlement by the flood. The huge gates of the reservoir were raised and the water, assisted by the steep grade of the mountain, rushed into the foothills carrying everything before it. Dwellings, churches, theatres, bridges and railroad lines were lifted from their foundations and all piled up in masses of debris.

NEW FAIRBANKS' PICTURE TO BE SHOWN AT THE GRAND THEATRE.

"When the Clouds Roll By," Doug's Second "Big Four" Picture Soon to be Released.

Since Douglas Fairbanks, associated with Mary Pickford, Charlie Chaplin and D. W. Griffith, decided to produce independently a year ago, each forthcoming announcement from this "Big Four" is greeted with much enthusiasm. The United Artists Corporation from their New York office wired the Grand Theatre today that "Doug's" next production, "When the Clouds Roll By," will be ready for exhibition here on

The policy of the Grand Theatre during the past year to give the amusement-lovers of this community the very best obtainable, lead its patrons again to look forward with great expectant pleasure to this picture. Independence in production has given the "Big Four" of the screen the opportunity of their lives. The assurance from these producers that each additional picture will bring better things to the public has well been sustained, for the reviews of critics throughout the country rank "When the Clouds Roll By" to be the most spectacular and interesting production in which the inimitabel Fairbanks has ever appeared.

It is well for the theatre-goers of this community to know that the policy begun by the "Big Four" meant that they would produce fewer but bigger and better productions each year. Their popularity has always stood unchallenged in their respective fields and their productions now have reached such a height that there is scarcely offered a standard to which they can be compared.

With these ideal conditions the second Fairbanks production, "When the Clouds Roll By," has proved an exceptional picture and one which the management of the Grand Theatre is delighted to present, for it fits in so well with the policy they have set up for themselves, to give only the best productions that the motion picture industry offers. In every respect the production is exceptional, and the Grand Theatre management has planned a presentation that will excel anything of its kind presented in the theatre for a long time past.

SOCIAL AND PERSONAL

Mech. Sergt.-Major A. J. Dubay, R.A.S.C., M.T., son of Mr. and Mrs. M. Dubay, 15 Hilliard street, arrived home from the north-west frontier, India, where he has been stationed for the past two and a half years. Mech. Sergt.-Major Dubay enlisted in Cobourg in 1915, and has seen two years' service in Mesopotamia, before going to India.

Mrs. Hatton and Miss Nora Hatton are in Toronto for a few days, where they were called by the illness of Miss Margery Hatton.

Mrs. A. J. Robertson received yesterday afternoon at her home, 307 Reid Street, with Mrs. Reginald Lockhart, of Toronto, for the first time in Peterborough since Mrs. Lockhart's wedding. In the tea room Mrs. G. N. Gordon and Mrs. R. R. Hall presided at the charmingly decorated tea table, on which the colour scheme of pink and white was tastefully carried out in huge bouquets of pink roses and tulle. Mrs. J. H. Eastwood cut the ices, while Mrs. Fordyce Strickland and Misses Elinor Collins, Seabourne Hamilton, Georgie Stevenson, and C. Clementi assisted.

Mrs. Furry, of Buffalo, is in the city visiting her sister, Mrs. Max Yelland, 539 George Street.

Miss Agnes Carmichael, of Toronto University, is visiting her parents, Dr. and Mrs. D. N. Carmichael, for a few days.

Miss Elizabeth Laing was in Millbrook yesterday attending the Eyre-Francey wedding.

Miss Margaret Eastwood was in Toronto for a short visit this week.

Yesterday afternoon and evening, Mrs. (Dr.) Max Yelland received for the first time since coming to the city at her home, 539 George Street. In the handsome drawing-room, with its tasteful colour scheme of grey and mulberry, Mrs. Yelland received her many guests, assisted by her sister, Mrs. Furry, of Buffalo, and Mrs. (Dr.) Moir. In the tea room, which like the rest of the house, was profusely decorated with spring flowers, Mrs. Geo. Laing presided at the tea table, centred with exquisite Cluny lace and lace. Miss Gladys Yelland, Miss Dora Scott cut the ices. Miss Muriel Wallis, Miss Gladys Yelland, Miss Dorothy Routley and Miss Florence Scott assisted. Mrs. A. J. Thomas showed the guests from the reception room to the tea room, while Mrs. H. Foote brought them to the reception room. During the afternoon Miss Florence Scott delighted the guests with several solos.

Lieut. Kenneth MacKenzie, of H.M.S. Renown has been invalided home, and by reason of his impaired eyesight, due to the injuries received in the Halifax explosion, will probably leave the service of the Navy.

Mrs. Earl Wagner, 134 Hall Street, Akron, Ohio, entertained the members of her sewing club on Friday evening, honoring Miss Verna Whorley, who took this opportunity to announce her engagement to Mr. Fred J. Lowes, of Peterborough. The announcement was made by means of tiny red hearts, inscribed with Miss Whorley's name and that of her fiancee, which were concealed under a large red heart that adorned the centre of the table. Little Kewpie dolls, which marked each plate, were given as favours. No date for the wedding has been set. Miss Whorley is the daughter of Mr. and Mrs. C. H. Whorley, Niagara Avenue. Mr. Lowes is a member of the Torrence, Lowes & Reamish real estate firm.—Akron Evening Times.

(Mr. Lowes is a son of Mr. and Mrs. Elias Lowes, 781 George Street.)

Mr. and Mrs. Robert Neill left this week for Chicago.

LAST STICK CAUGHT HER HAND IN SAW

Endeavoring to finish the job of wood cutting quickly at her home on the Norwood Road in Otonabee, Mrs. Kathrine Dalton thrust the last stick of wood to be cut into the sawing machine, and in some way caught her hand. Painful injuries were inflicted before the action of the saw could be stopped, and the bone was completely severed. Dr. F. McNulty was called and the injured woman brought into St. Joseph's hospital, where she is making satisfactory progress towards recovery.

WEDDING BELLS

WATKINS—RENWICK

A quite wedding took place Wednesday February 4th at six p.m. when Lillie C. eldest daughter of Mr. and Mrs. Walter J. Renwick, Keene, was united in marriage to Allie E. Watkins of this city Rev. R. A. McEachern officiating Mr. and Mrs. Watkins will reside at 228 London street.

EYRE—FRANCEY.

At the home of the bride in Millbrook, yesterday afternoon, at 2.30, a very pretty wedding was solemnized when Miss Clara Francey, daughter of the late James Francey, was united in marriage to Thomas Eyres, Rev. Dr. Lee officiating.

The bride who was unattended, wore a pretty gown of grey satin and a small black hat with touches of silver, and travelled in a tailor suit of navy blue, wearing the hat she wore at the ceremony.

After a short honeymoon, to be spent in Toronto, Mr. and Mrs. Eyre will reside near Lindsay.

OBITUARY

C. H. DALLIER.

Mr. A. Sanders, 596 Gilmour street, received word this morning of the death of his brother-in-law, Mr. C. H. Dallier, which occurred yesterday in Detroit. Death was due to pneumonia, following an attack of influenza.

The late Mr. Dallier was well known in Peterborough, having once resided here. While in Peterborough he worked at the tailoring trade, and subsequently removed to a farm in Haliburton county. A short time ago he disposed of the farm and went to Detroit to visit his children, where he contracted influenza and died after two weeks' illness. He leaves a wife and five children to mourn his loss. The funeral will take place in Detroit.

GEORGE J. REILLEY

George J. Reilly, formerly a well-known druggist of this city died yesterday evening at his residence, 25 Thorold street, Toronto, after an illness of about two days of pneumonia following influenza. Deceased who was 43 years of age was born in the United States and had resided in Toronto for the past eight years conducting a large drug store on corner of McCaul and Dundas streets. He leaves of the immediate family his wife and one brother, Thomas of Peterboro. The remains will be laid at rest in Toronto on Saturday morning at 9 o'clock. While in the city the deceased conducted a drug store at the corner of King and Bethune streets.

ESTHONIA'S FEARFUL SCOURGE OF TYPHUS

AMERICAN OBSERVER ASKS AID FOR 12,800 SICK, WITH ONLY 30 DOCTORS AND NURSES.

AT LEAST 40,000 NEEDED

RIGA. —Appalling conditions are reported from northwestern Esthonia, where typhus and other epidemics among the debris of the Yudenitch army and the Russian refugees have utterly submerged the relief and sanitary workers. At present there are 12,800 sick in the various hospitals, with a total force of thirty doctors and nurses to look after them. This includes Americans, British, French and Russians. It is known that the Esthonians do not care much whether the Russians live or die, but in this case they have to be careful, with an inadequate medical staff, in attending their own people and preventing the spread of disease among them.

Many allied nurses and doctors have fled and the rest are utterly exhausted. More nurses are attached to the Russian army, but in reality they are wives of officers, who have taken nominal positions so as to accompany their husbands, and are neither able nor willing to help.

According to the allied officers, conditions in Narva are fully as bad as the horrible situation revealed by a commission of inquiry on the breaking down of the Sanitary Service in Mesopotamia. There are hospitals there where the few remaining orderlies—there are no doctors nor nurses left—have abandoned the attempt to do anything. Living and dead are huddled, pellmell on the bare floor, without even straw to lie upon, in all the horror and filth of typhus, dysentery, smallpox, wounds, frostbite, pneumonia, and gangrene.

The sufferers are fortunate if they get a cup of milk or a bowl of soup daily. Men have been there for weeks without even having had their clothes removed. They are too weak to make any effort to clean themselves.

In a hospital where four officers of the English Military Mission, instructed by General Turner to assist in the work, have begun to take things in hand. They have found floors and passages more than ankle-deep in filth. Such details hardly bear repetition, but the Allied, and particularly the American authorities here, are anxious that the world shall know how full of sorrow is the situation and realize the urgent need for immediate help.

As the British themselves admit, the chief responsibility for the Yudenitch army falls upon them, but America, with a large Red Cross staff more or less available in Europe, is in a position to do a great deal to alleviate the misery.

What is needed is staff doctors and nurses to take charge. The Russains and the Esthonians can handle the fatigue and orderly work if it is properly supervised. The medical supplies are adequate; the crying demand is for skilled personnel.

At the present moment the American Red Cross has only two doctors in Esthonia. I have been asked to emphasize the tremendous opportunity—one might use the responsibility—of the situation for the Red Cross. There is now in Copenhagen an eminent Red Cross physician with an efficient staff who has successfully fought in Eastern Europe typhus and similar epidemics aggravated by shocking conditions of living, malnutrition, etc. If he could be sent without delay his services would be a most valuable asset, but not less than 400 doctors and nurses are required.

In the whole hideous business there is only one bright spot. That is the close co-operation existing betweeen th different allied representatives. Any workers who come, no matter what their nationality, will have a free hand and full scope, and both military and political missions are prepared to the utmost to insure their receiving all the help they may require from Russians and Esthonians.

WAR PLANTS CONVERTED.

English Factories Turning Out Locomotives and Other Railway Stock.

Great Britain is rapidly converting her wartime extensions in manufacturing plants to commercial uses, particularly in locomotives and railway equipment, according to word that has been received by the Bankers' Trust Company. Much of this extension is being turned to the supplying of equipment needs, Europe as a whole being heavily in need of this sort of manufacture. Other plants are being converted to automobile manufacture.

'One of the largest ship and armament building companies in Great Britain," says the bank, "has converted an extensive shell plant into locomotive shops, intended to be the largest and most modern shops in the British Empire.

'The onversion of this plant, which had manufactured 14,500,000 shells during the war, and the production of its first main line locomotive were accomplished within a year from the armistice.

'The same company has acquired a plant for automobile manufacture on a large scale ,has transformed one of its gun and gun carriage shops into marine engine works, turned another war-material shop into an iron foundry ,diverted gun forges to the production of marine shafting, altered armor plate mills to manufacture ship and locomotive plates, re-arranged its ship yards so that their greatest output is now merchant instead of war craft, acquired an electrical works for building its own power machinery, and also expanding in the construction of pumping engines, cranes, dock gates and similar output.

Educative Address By Dr. McCullough

HEAD OF PROVINCIAL BOARD OF HEALTH ADDRESSES MEMBERS OF PETERBORO BOARD OF TRADE.

THE EPIDEMICS

At the special meeting of the Board of Trade last night some fifty members and their guests had the privilege of hearing Dr. J. W. McCullough, of Toronto, chief officer and secretary of the Provincial Board of Health, in an address that was not only educational but was delivered by this fluent speaker in a logical and forcible manner. Dr. J. W. McCullough is a brother of Dr. T. P. McCullough, of this city, and is well known here. He is a very versatile speaker and his addres to the Board of Trade last night was interspersed with many a joke and witticism, and those who were fortunate in hearing the M.O.H. last evening, may hope that they and more of the citizens may hear him again in the near future.

Excellent Address of Local M.O.H.

Dr. A. W. McPherson, the local M. O.H, made an address on the Good Health of Peterborough that was a surprise and a pleasure to the members to hear, for it is a long time since an address covering such a wide sphere as Dr McPherson's did, has been given in this city on local health matters. Little pertaining to these conditions was omitted in his address and the subject was well handled.

President J. J. Turner.

President J. J. Turner of the Board of Trade, occupied the chair and spoke briefly on the pleasure they felt in having Dr. McCullough with them, and said that they were also very much indebted to Dr. McPherson for preparing an address that occasioned so much work.

Dr. McCullough.

Dr. McCullough began his address by referring to the pleasure he felt in being in Peterborough to-night and he said that he felt much honored that they should come to hear him. The speaker spoke on his long friendship with Mr. Turner, and his many friends in Peterborough Dr. McCullough highly praised the address of Dr. McPherson and said that before this he knew we had one of the best M.O. H.'s in Ontario, but "I think the war has improved him." "The duties of an M. O. H. is not always pleasant," he said and remarked that they had lots of 'rows' in Toronto.

Preventative Medicine.

The Provincial M. O. H. said he wanted to speak particularly on preventative medicine. "There is nothing so important to the lives of our people." He referred briefly to the great advances made in preventative medicine during the last generation and what it had done in the late war He told of how in the Boer war, deaths from disease were four times as great as those from injuries in the war, but in the late war 95 p.c. of the deaths were due to injuries and only 5 p.c. were due to disease. "In the Boer war there were more deaths from typhoid alone than were killed in action."

Dr. McCullough accounted for the great prevention of disease in the armies in the late war to the use of vaccine and to the careful examination of all drinking water used by the troops and its sterilization.

Avoid the Crowds.

The dangers of new and comparatively unknown diseases like the 'flu' were impressed by the doctor, who stated, however, that the disease would not reach such serious proportions as it did last year because of its being better understood. "Avoid the crowds," he said, "and if you get sick get right to bed and do not try to hang on. "The great shortage of nurses was alluded to and the speaker urged the organization at once of women's societies and clubs to "cope with the outbreak we are going to have."

Water Supply.

"It is impossible to touch on all the

EARTHQUAK SHOCKSE WERE REPORTED IN VERA CRUZ REGION

Government Endeavors to Prevent an Outbreak of Plague

(Canadian Press.)

MEXICO City, Feb. 5.—Earthquake shocks were felt at 12.50 o'clock this morning in the Vera Cruz region, according to reports.

Travellers coming to this city from the earthquake district, in the state of Vera Cruz, report an outbreak of smallpox and other diseases among the survivors of the cataclysm of 5th January.

The Government is endeavouring to forestall the disastrous plague there.

RAILWAYS FACE A HUGE DEFICIT

AN EFFORT WILL BE MADE TO INCREASE THE RATES.

(Canadian Press.)

OTTAWA, Feb. 6.—Faced with a loss of approximately thirty million dollars during the present financial year, it is regarded here as inevitable that the rates of government railway lines will have to be increased if the roads are to pay. Already there have been hints of probable action in this direction. The whole situation, it is stated, is now being closely investigated. Increases in rates authorised some time ago, do not, it is claimed, meet the ever-increasing cost of materials and operation. While final figures will not be available for some weeks, it is estimated that loss on Canadian National railway system as a whole will be about nineteen million dollars. To that has been added an estimated loss of nine million dollars on the Grand Trunk Pacific or a total of twenty-eight millions.

PRINCESS ANNA RAN AGROUND OFF ROCKAWAY POINT

(Canadian Press.)

NEW YORK, Feb. 6.— The steamship Princess Anna of the old Domiion Line, carrying thirty-two passengers and a crew of seventy-two from Norfolk, Va., to New York, ran aground a mile off the coast of Rockaway Point, on Long Island, early to-day, and sent out S.O.S. calls for assistance. Tugs have been despatched. Wireless reports added that Captain Seay of the vessel had been seriously injured, but no details were given.

Latest reports from the stranded ship were that she was taking water rapidly and the Captain sent a message asking that passengers and crew be taken off before night. Heavy seas have so far prevented tugs getting in close touch with the vessel.

PURCHASE MILK ON BUTTER FAT BASIS

DAIRYMEN ASK FOR ENFORCEMENT OF ACT.

(Canadian Press.)

TORONTO, Feb. 6.—A deputation of dairymen waited upon Premier Drury and the Hon. Manning Doherty this morning asking that the Dairy Standards Act be made operative. It was passed in 1916, and calls for payment for milk on the basis of the amount of butter fat it contains, instead of by the gallon. It was to apply to milk sold to creameries, cheese factories, and condensers, not to that for human consumption.

Mr. Doherty said this would entrice. He said it was very likely that trict. He said it was very likely that the Act would be put into force as soon as such a system could be arranged.

FOREIGN EXCHANGE SITUATION CAN BE Rrighted IF EUROPEANS WILL PRODUCE

(Copyright, 1920, by the United Press.)

NEW YORK, Feb. 6.—Frank A. Vanderlip, who first called attention to Europe's serious economic decline nine months ago, declared in a statement to the United Press to-day that the foreign exchange system can be righted and Europe can be put on her feet only if the Europeans will go back to work. But Europe can *only* do this, he said, if America will supply her with food and raw materials. The former head of the famous National City Bank of New York added that America can easily undertake the work of rehabilitation. The first step, he said, was the most important, though it need not be a large one. "A billion dollars will go a very long way," Mr. Vanderlip stated, "in starting Europe to the way to production, but it must be a billion dollars spent for food and raw materials. It must not be a billion dollars spent on any financial rehabilitation."

This is the first move necessary to help the exchange rates recover. The present decline in exchange tends now to halt our exports. It is conceivable the halt might occur very sharply. To a considerable extent ships are now going to Europe without full cargoes. Last year we exported eight billion dollars' worth of goods, and the trade balance in our favour was four billions. In pre-war days a trade balance of $600,000,000 for us was about the top figure. These figures indicate that if the halting of our exports go far enough it will result in a jar that will pile up cotton, agricultural products, and to some extent manufactured goods.

ALLIED NOTE REPEATS ORIGINAL DEMAND FOR WILHELM'S EXTRADITION

NOTE WAS SUBMITTED TO LLOYD GEORGE AND CABINET FOR FINAL APPROVAL

MAIN FEATURES

(United Press.)

LONDON, Feb. 6.—The Allied reply to the Dutch note refusing extradition of the former Kaiser, will be a distinct re-application of the original Allied demand that he be delivered to them for trial, it was stated on good authority here to-day.

The note, which was drafted in Paris, was received in Downing Street late yesterday, and was submitted to Premier Lloyd-George and the Cabinet for their inspection before it is transmitted to Holland.

The outstanding features of the Allied communication, according to authoritative officials, is a rebuttal of the Dutch legal arguments against extradition.

The communication, it is said, cannot really be classed as a reply, for it is a distinct re-application of the Allied demand for surrender of the former Emperor of Germany.

The note, it was said, contains additional information and arguments why extradition is desirable and even imperative.

The second section, it was intimated, offers the alternative that should Holland refuse to submit to the demand for extradition, the Allies must make it clear that they cannot consent to the former Kaiser's remaining in Europe, and that Holland must remove him to some place where it will be impossible for him to return to Germany.

The resignation of Kurt Von Lersner, former head of the German delegation in Paris, has been accepted by the German Government, according to a despatch from Berlin to-day.

The resignation, the despatch said, was tendered by telegraph from Paris.

INVITATION TO LADIES

When you are down town, come to P. Black's and look over our assortment of ladies' ready-to-wear garments. We are quoting them at the same low prices you have always been so glad to pay for them here. You will find them well worth an early visit. They embrace fine all-wool tailored Serge Skirts, nicely trimmed with silk braids, buttons and pockets—no two alike.

Dresses also, in Silk, Georgette, Duchess Satin, Taffeta, and Serges — all colors and well assorted sizes and styles.

Waists, made up handsomely of Voiles and Georgette, and prettily trimmed, in good selections.

Coats, the assortment is good and the prices have been remarked at $10.00 up.

Ladies' Corsets, a good showing, in popular makes and qualities, and at moderate prices.

Select your garment and we will hold for you until required. Any special garment required that we should not have, we will be pleased to get it for you.

P. BLACK, George street south, opposite Turner & Sons, corner of King street. 1d

WALTER M'RAYE GAVE ADDRESS IN LAKEFIELD TO THE WAR VETERANS

"CANADA AND THE EMPIRE" AND AMBULANCE WORK IN FRANCE —A GOOD ATTENDANCE.

THE OPPRESSOR

LAKEFIELD, Feb. 6. — Mr. Walter McRaye gave a lecture last evening on "Ambulance Work," under the auspices of the G. W. V. A.

Mr. Robert Webster, president of the local branch of the G. W. V. A., occupied the chair, and in a few appropriate remarks introduced Mr. McRaye.

Mr. McRaye announced that he would prefer to speak on his favorite subject, "Canada and the Empire," but the Veterans had been anxious that he would speak on the Ambulance work so he decided to split his subjects and give half the evening to each.

The first half of the evening was devoted to the former subject, the Commonwealth of Nations, as it had been called and rightly so. The empire is not made up of conquered countries ground under the heel of an oppressor but of self governing countries enjoying the protection and other benefits of British subjects. The loyalty, the undying loyalty, of Britons at home and overseas, was the most priceless possession of Britain, and during the war it was demonstrated over and over again.

Who Won the War?

In these days when so much is said about who won the war, we can say without fear of boasting that two things played a great part in it — British institutions and the British navy.

British institutions have made a wonderful impression in the world. Through them civilization was brought to North America, Africa and Australia. Little bands of settlers carried these to the very outposts of Empire.

When in 1776 the British colonists felt that their freedom, their British privileges were assailed and rose in revolt there were many people in Britain who sympathized with them. George III was neither the wisest nor the best king Britain ever had, but he was made in Germany. (Applause.)

The schools of the United States have fostered that belief that the British red coat was the personification of tyranny and lay stress on ing George III and Lord North, and never mentioning Pitt and Burke and others who strove hard to get them their rights. These books have been largely written by Germans and have really been used as German propaganda.

Present Time.

At the present time such men as Newton Baker, Elihu Root, and Admiral Sims (derisively called by the Americans, "the best British Admiral in the American navy") have published a pamphlet which they are circulating all over the states, entitled "Stop Hating England."

During the war the British Empire clung together in spite of the efforts of our foes to disintegrate it. Ireland had her so-called troubles but our soldiers who visited Ireland during the war knows that there was always plenty to eat, and other things. Ireland had no ratioing, no conscription, no tremendous loss of man power, but enjoyed a prosperity never before known. Sinn Feiners will never settle Ireland and their victories in the last election were due to the fact that 300,000 loyal Roman Catholics and Orange Irishmen were away fighting in the British army. We all would like to see Ireland with the same sort of self government that we ourselves enjoy. (Applause.)

In South Africa a rising occurred but was put down at once by the Dutch themselves under General Smuts and Sir Louis Botha, who twenty years ago were fighting against us. Both have been strong admirers of British institutions, and in the death of Sir Louis Botha Britain lost an able statesman and one of her best men. General Smuts was a powerful figure and his work in Eng-

Continued on page 11.

GRAIN MARKET

(Special to The Examiner.)

WINNIPEG, Feb. 6.—On the grain market the serious discount in the rate of exchange has had the effect of practically killing all export business to Europe, and until some improvement is shown in this exchange rate there is little prospect that any export business will be consummated.

For the past six weeks there has been no export of coarse grains to Great Britain from either Canada or the United States, except the little that was needed to fill ocean tonnage which already had been arranged to take all the chances.

Up to two weeks ago a fair export business was being done from Canada to Belgium and France in both oats and barley; but from that time on it has been stopped. Both countries had satisfactory financial arrangements through New York, but now these buyers cable that they are unable to continue these arrangements under the present rate of exchange, and this export business has therefore ceased.

In Europe there is splendid demand for Western Canada oats and barley, and it is expected that business will be resumed when the exchange rate is adjusted somewhat.

AN IMPORTANT BUSINESS TRANSER

THE LADIES WEAR PART OF BANKRUPT SIMMONS FUR CO. STOCK BOUGHT BY B. CHESLER.

With his usual keen business insight, Mr. B. Chesler has again taken advantge of the opportunity of the moment, and has purchased at a very low rate, the bankrupt stock of Ladies wear of the Simmons Fur Company. This gives Mr. Chesler an unequalled chance to add a host of new customers to his already large clientele, by turning this splendid stock over to the public at prices so close to his low purchase rate as to leave barely enough margin to pay the cost of handling it. That will certainly mean a deluge of bargains such as has not been seen on George street in years.

The goods are now at Mr. Chesler's upper store at 422 George street and will not be absorbed into the regular stock at all as Mr. Chesler expects that at the bargain prices at which the garments will be offered the entire lot will be cleared in a few days. Particularly for to-morroy (Saturday), the rush is likely to be an exciting one, and early comers are going to get surprising bargains that will certainly make a quick clean up.

Mr. Chesler's interests are being gradually centered in his upper store and he has only nine days more in which to dispose of the bulk of his high class stock in the lower store at 289 George street. His time expires February 15th and the removal sale at this store also offers inviting bargains as great efforts are being made to reduce the stock to the lowest possible amount before moving it to the upper store. The quality of Mr. Chesler's goods in the lower store, Leady Block is well known and to get such garments and ladies furnishings at the sale prices is too good a chance to miss.

FARMERS' DANCE.

PETERBOROUGH BRANCH NO. 519, U.F.O., WILL HOLD THEIR ANNUAL DANCE IN VICTORIA HALL ON WEDNESDAY, FEB. 11TH. MOHER AND FITZGERALD'S ORCHESTRA. $1.00 A COUPLE. 2d 31

Sterling Exchange Shows Improvement

THE INFLUENZA EPIDEMIC SHOWS AN IMPROVEMENT

Fewer Cases in Neighbourhood of Keene--Well Known Cheesemaker Dead.

While the epidemic of influenza is abating in Keene, several additional cases of pneumonia have developed, and another death has occurred, that of W. J. Irwin, the result of pneumonia following influenza.

The late Mr. Irwin, who was about 30 years of age, was well known about the country, and for the past two years had been a cheesemaker in Villiers, having moved there from below Campbellford. He leaves a wife and several small children.

PROGRESS OF THE "FLU" EPIDEMIC

FIFTEEN ADDITIONAL DEATHS IN TORONTO.

(Special to The Examiner.)

TORONTO, Feb. 6.—The deaths from influenza in the city reported early this morning by the Medical Health Department for the previous twenty-four hours numbered 15, and from pneumonia 9. The number of new cases of smallpox for the previous twenty-four hours was 12, the total smallpox cases now in the city being 272. Dr. Hastings estimates that there are between 15,000 and 20,000 influenza cases in the city.

DOES NOT EXPECT ALL DEPARTMENTS TO ENDORSE VIEWS

MR. GORDON GIVES REASONS FOR SUPPORTING PRESENT SYSTEM.

Mr. G. N. Gordon, when interviewed to-day, said that he was sorry that the Trades and Labor Council had taken the attitude they had regarding an elective police commission. According to Mr. Gordon, he had given the matter considerable thought and for reasons he had given in the council thought it highly important that the Police Commission should be independent in its deliberation and that the police constables should not be appointed by and under the control of the city council or elected bodies, subject to every counter-blast of popular excitement that might blow.

Mr. Gordon said that he was just as strong in his support of the labor man and his efforts as he ever was, and that he had, when the committees were struck, urged the giving to each Labor man in the council the chairmanship of the committee and representation on every committee. The members of the council were unanimous in agreeing to do this so that Labor might have complete representation in the council.

However, Mr. Gordon said, that he could not expect every person to agree with his views and he supposed that the Trades and Labor Council had the right to differ with him if they desired, but the fact did exist, that the present system of administering the affairs of the Police Department had been considered highly satisfactory, and up to last year Mr. Gordon said, he had never heard of any agitation for any change; in fact according to Mr. Gordon our system is similar to the old country system, inasmuch as the administration of the police department is not under direct local elective administration, but largely under government control, and free from local influences while the American system has lead to very great dangers to the liberties of the people.

STERLING ROSE 5 CENTS WITHIN A FEW MINUTES AFTER THE OPENING—ALL STOCKS UP.

BRITISH POUND

(United Press.)

NEW YORK, Feb. 6.—The Stock Exchange opened as usual at ten a.m. to-day, but was immediately closed to re-open at 10.30, owing to the traffic delay due to the storm.

Sterling demand opened to-day at $3.34, up 5 cents.

In the first few minutes sterling rose an additional 5 cents to $3.39.

The rapid recovery of sterling was reflected in the Stock Market, when trading began on the Exchange when it became known that the British pound had jumped ten cents from yesterday's close. The whole list strengthened, and first sales were made at rising prices.

Crucible opened at 215 up 6 points, U. S. Steel at 100 7-8 up 3-4, New York Central 67 1-2 up 3-8, Central Leather 85 1-2 up 1-8, Texas 177 1-4 up 1 3-4, Republic 107 1-8 up 2 1-2, U. R. Stores 75 1-2 up 3-4, U. S. Rubber 105 1-2 up 1 3-4, Pan-American 82 1-2 up 2, General Motors 283 up 7, Baldwin 110 1-2 up 2 3-4.

Eleven O'clock Despatch.

Allied exchange which slumped in value badly in the last few days, developed strength at the exchange of the money market to-day and recovered rapidly. The British pound sterling opened at $3.34, an advance of five cents from the previous close, and then rose five cents more to $3.39, representing a jump of 20 cents from its low it reached on Wednesday. French france were quoted at 14.32 per dollar, up 48 centimes, and Italian Lire 18.32, up 40 centimes. The German mark, however, continued weak at 0.0106.

Twelve O'clock Despatch.

Sterling was steady at $3.35 1-4. The market was in a feverish state early. The rapid rise in early trading was then were more settled. Franc checks were quoted at 14.52 and Lire checks at 19.32. Marks moved up to .0110. Call money was quoted at 17 per cent.

One O'clock Despatch.

Sterling subsequently re-acted to $3.34 3-4 ,after selling above $3.39.

The market eased off from the opening levels. U. S. Steel sold down to 100 1-4, Baldwin to 109 7-8, General Motors to 279 3-4, Mexican Pet. to 181 1-2, and Amn. Wool from 136 1-2 to 135.

One O'clock Despatch.

The high call money rate checked the tendency of prices to improve, and this afternoon there was renewed selling. U. S. Steel again sold below par and the whole list sold off. General Elec. was weak, breaking 5 1-2 to 154 on announcement that the company plans to sell $15,000,000,000 debenture bonds.

EXTOLS HOOVER'S CHARITY.

Pope Benedict Says He Ranks High in Christian History.

ROME.—In Pope Benedict's letter thanking Herbert Hoover for his work in aid of the children of war victims, His Holiness says that Mr. Hoover's work entitles him "to a very high rank in the history of Christian charity and gives him a unique place in the gratitude of peoples."

The letter was addressed to Mr. Hoover and sent to the Chairman of the Inter-Allied Food Organization through Cardinal Gibbons of Baltimore.

LACK OF REST

worry, over-work or imperfect nourishment, all in a measure contribute to and are the beginnings of nervous prostration.

SCOTT'S EMULSION

is a decided help to those who are nervous, in that it provides an easily assimilated food that quickly builds up the general health by nourishing the whole body. Give less attention to worry; enjoy regular rest and sleep and take *Scott's Emulsion* regularly after meals. *Scott's never fails to nourish and strengthen.*

Scott & Bowne, Toronto, Ont. 15-20

ARCHDEACON DAVIDSON SECURES SPLENDID RESPONSE TO A.F.M.

In the closing weeks of the A.F.M. Campaign in the diocese of Toronto, it was felt that a travelling organizer was needed to visit town and country parishes and to give final direction and impetus to efforts being brought to bear with regard to the great campaign. Archdeacon Davidson, of Peterborough, was urged to undertake this eleventh-hour enterprise, with the help of a few local clergy in some deaneries impossible to be thoroughly canvassed, acting under the diocesan organizer, Dr. Seager.

The results of this impromptu mission have been up-to-date, most encouraging. In a spirit of daring faith men and women have risen to standards of giving hitherto unknown in connection with the church.

It may seem invidious to mention specific instances, but it seems a duty at this time to give concrete examples which may stimulate others. To give examples of different types of parishes. The rising town of Oshawa is an instance of a daring venture of unselfish faith. In the very midst of an intensive campaign for their new $100,000 church, the members of this parish at a largely attended meeting, chose with enthusiasm $10,000 as their objective, and are striking out boldly to raise it, hoping thereby to enable their Deanery of East York to meet its objective of $20,000 in full, most of its parishes having comparatively small financial strength. Port Hope's two parishes accept willingly between them $4,500, the raising of which is assured. Bowmanville not only takes $2,000 as its objective, but practically guarantees this sum or more, as also does the small country parish of Newcastle with the same generous objective. It seems fairly certain that the Deanery of Durham will overpay its assessment of $24,000.

Brampton has revised a previous negative resolution of the vestry and entered for a $3,000 objective, of which $1,500 was enthusiastically subscribed at once. Erindale has taken $2,000 and has united its efforts to meeting the Peel objective.

Peterborough city churches are waging a united campaign and in view of the weakness of surrounding missions raised their objective from $16,000 to $20,000, so that their Deanery might be carried, which is, however, in doubt. Cobourg adds its quota of $4,000 and Lindsay the same, with prospects of exceeding the sum. Alliston aims at $2,000, a large sum for them, while eight men of the village of Omemee got together on a hurried call at two hours' notice and subscribed $900 as a "starter" to their contribution. Coldwater, in spite of past difficulties, took its proportion with spirit, and the wholly country parish of Mulmur at two large week-day meetings determined on $2,000 at least, with the expectation of largely exceeding this. Its energetic Rural Dean is determined that South Simcoe Deanery will reach its objective of $17,000, and is taking practical steps to ensure this. Collingwood and Barrie are aiming at generous sums in the neighborhood of $4,000 each, which await final decision. West Simcoe's objective is $19,000 and that of East Simcoe $20,000. Reports of other parishes in the diocese are daily coming in on similar levels.

In the country parts of Toronto diocese, as elsewhere, men and women are showing in this loyal and practical way that they heard the call of their nation-wide church to hold their respective portions of the financial battle-line, and that they intend to do it.

Archdeacon Davidson, the organizer of the country districts of the diocese of Toronto, asks all clergy in his constituency to instruct the chairmen of their committees in addition to notifying headquarters as per printed instructions, to telegraph to him at Peterborough, on February 15th at latest the different parochial objectives and the amounts actually raised, both cash contributions and promised amounts being stated. These will be tabulated as quickly as possible and acknowledgment duly made. The district organizer also gives his final call to constituents in all country parishes of the diocese that determined efforts be made to secure the name of every single member for this the Canadian churches' honour roll, and that the individual givings be raised from low levels and small acts of commonplace duty, to inspired ventures of daring faith stimulated by the vision of Divine power and the appealing call of our church and country.

ASK PLANES TO BOMB FISH.

Brittany Fishermen Urge Destruction of Porpoises to Save Sardines.

BREST—Such havoc has been wrought in the sardine fisheries off the coast of Brittany by shoals of porpoises that the fishermen have appealed to the French Ministry of Marine for relief.

The Ministry has been asked to station seaplanes at the fishing ports, supplied with bombs, having an explosive area of 300 yards, to rid the fishing grounds of the peat.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Here's Grandmother's Recipe to Darken and Beautify Faded Hair.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural colour and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

GOOD ADVICE FOR NERVOUS PEOPLE

What Worn, Frazzled, Unstrung, "Jumpy" Nerves Really Need.

When you are run down, out of sorts, tire easily, have lost confidence in your ability to do things, and ambition seems to have deserted you, it's a sure sign your nerve force has run down and that your nerves need a stimulant to restore to your system its old-time strength and energy, and bring back the good old pep that used to make you famous. Many of the drug stores in Peterborough and vicinity, are selling a wonderful nerve remedy called Ferro-Peptine on a positive guarantee of satisfaction or money back. It's amazing how quickly Ferro-Peptine tones up the entire system, calms and steadies the nerves, and puts vim, vigor and vitality into men and women who are fagged out, nervous, despondent and ambitionless.

Thousands testify to their remarkable value in cases of severe mental depression, nervous prostration, nervous dyspepsia, trembling, "jumps," "fidgets," and the generally unstrung nerves that come from excessive work, worry, lack of sleep or overindulgence in drinking, eating, or smoking. They never fail to benefit. If you are blue and feel as though you didn't give a hang, or are cross, irritable, and your nerves are right on edge, get a package of Ferro-Peptine right away. It comes 42 tablets to a box. Eat one with every meal for a few days, and see what a wonderful improvement they make in your whole nervous system.

"Go Teach All Nations Beginning at Jerusalem"

"THAT'S it," says a critic, "'beginning at Jerusalem!' You should correct paganism at home before going abroad to look for it. I do not believe in Foreign Missions."

The Need of Africa

Africa was first explored by a Missionary who lies in Westminster Abbey, honored by all nations. David Livingstone was succeeded by other devoted men, who gave themselves unreservedly to the people of the Dark Continent. Triumphant success in some districts—Uganda for instance—is balanced by dull failure in others. Yet the general prospect is encouraging. Through Canadian Missions in that land, men are raised out of savagery, women are ennobled, children are cared for and educated.

Yet Jerusalem was not Christianized when the Apostles went to Antioch; when Philip was sent to the Ethiopian.

Remember This

The man who does not believe in Foreign Missions stands today clothed and educated because of Foreign Missions. When did English culture begin? With the visit of St. Augustine, a Foreign Missionary from Rome. Who Evangelized Rome? A Foreign Missionary named Paul, of Tarsus and Jerusalem! What if he had gone to the Ganges instead of to the Tiber?

Certainly Canada needs more Christianity, but the best way to improve our own spiritual life is to help bear the burdens of the world.

The Missions Established

Five Christian Communions in Canada — Anglican, Baptist, Congregational, Methodist and Presbyterian — have an extensive mission work abroad. They have sent overseas many devoted men and women. By their work, barriers have been broken down and in every land there is an eager call for more missions, more teachers, more doctors, more hospitals. Now, owing to the declining value of the dollar, it is necessary to double the expenditure in order even to hold the ground won. Until that is done, an advanced Missionary programme can not be undertaken.

Mass Movements in India

India is our brother-land, a loyal British dependency. Illiteracy is the rule. Caste imprisons the people and stifles all ambition. British administration has taught the folk the value of peace. English-speaking Missionaries from Canada are teaching them the value of education and the power of the Name which is above every name. Great masses of the people are asking for baptism, but there are not enough Missionaries to teach them.

A Mandate for Expansion

All men, who think honestly realize that the Gospel of Christ is unique in moral splendor, in spiritual force, in civilizing influence. It redeems the individual and exalts the nation. It has made the modern world of thought, of industry, of progress. It must go out over all the earth to ease international relationships, to put an end to cruelty and misery. There is free entry for the Gospel in every nation under Heaven. Lift up your heads, O ye Gates of India, and be ye lifted up, ye everlasting Doors of China and Japan and Africa, and the King of Glory shall come in.

The Chance in China

China is attempting to develop a democratic spirit before the nation is prepared for it. Many of the leaders got their first glimpse of true liberty in Christian Mission Schools. Now they talk of establishing one million Government primary schools. They look to Canadian Missionaries for help in the establishment of normal courses. Was ever such an opportunity before the Church — to help influence the school teachers of a great, new nation of four hundred million people?

The Call to Action

Canadians, Churchmen or non-Churchmen, you met the charges of the war with cheerfulness, since it was waged to establish righteousness in the earth. Now hear the call of the Churches for adequate means to continue by peaceful suasion the work which for four years was done by batteries and bayonets. Your Church appeals directly to you, civilized and educated by Foreign Missions of an ancient time, to meet your obligation to that same Great Cause today.

The Need of the World

Japan, Formosa, Korea, the South Sea Islands, South America, and not least, the pagans in our own land, need the Gospel. The Missionary is welcomed in all lands. Men everywhere appreciate the spirit of those Canadians who forget themselves in order to serve the suffering and the weary. *Idealism in action counts.*

Have You Had Your Glasses Adjusted Lately?

Are your glasses in good order? It is just as important for you to have your glasses kept in proper adjustment as it is to secure a proper examination. Perhaps the screws have come loose, or you need new springs, just bring them in, we can fix them in a few minutes. For the same reason that you consult your dentist at regular periods, you should once a year have your eyes examined, so as to insure correct vision and more eye comfort. When in doubt CONSULT

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

MR. W. STEINKRAUSS ENTERTAINED DIRECTORS

ENJOYABLE SLEIGH DRIVE INTO SMITH TOWNSHIP LAST NIGHT AND SOCIAL EVENING—FINE MUSICAL PROGRAMME WAS FEATURE OF VERY PLEASANT EVENT.

Forgetting for the nonce the problems of finance, new buildings and general improvements to the Fair grounds, the directors of the Peterboro Industrial Exhibition accompanied by their wives enjoyed a sleigh drive last night to the home of Mr. and Mrs. Steinkauss on the second line of Smith. The outing was arranged as a surprise party and to the last detail it was an extremely pleasant success. Two long sleighs packed to capacity left the Post Office about eight o'clock and the four mile trip was a promising prelude to the social evening at the fine country home of Mr. Steinkrauss, who by the way, is one of the keenest directors on the Board. Other guests drove from their own homes but the city crowd formed the majority of the visitors.

The musical programme befitted the occasion. There was talent to spare. Some of the numbers were violin solos by Mrs. Percy Hooper, character songs in costume by Mr. Robert Hendry, and ballads, comics and other vocal selections by Mr. George Chandler, Mr. Reg. Turner, Mr. J. W. Fraser, Mr. Chris Graham, recitations by Mr. Tom Hooper and Mr. Noble Kelly of Bridgenorth. Mr. W. H. Barrie amplified his accompaniments with piano selections.

John Gillespie won the euchre prizes and in the meantime other guests danced an hour away. The refreshments were excellent-recherche supplied by Mr. Hooper and the hosts. At the close shortly after midnight the directors voted their warmest thanks to Mr. and Mrs. Steinkrauss conveyed by Mr. Denne, and in the happy social intercourse found a new impetus and inspiration for the sterner work of this critical year in the history of the Exhibition.

RESUMPTION OF RUSSIAN TRADE

MATTER WAS DISCUSSED AT A MEETING HELD TO-DAY.

(Canadian Press.)

PARIS, Feb. 6.—Doubt as to practical working of a plan for the partial resumption of trade with Russia through Russian Co-operative Societies was developed at to-day's session of the Council of Ambassadors. Discussion came up through the examination of the possibility of the Bolsheviki finding an outlet from Russia through Reval under partial raising of the blockade. During this discussion it was declared that the Soviet government, after saying it would consent to proposed restricted trading with the outside world through these co-operative societies, had shown a disposition to tie up societies with the official administration in such a way as to make even partial trading impossible. During the session the attention of the Council was called by Ambassador Wallace to the fact that representatives of the United States on expert commissions to supervise distribution of railway rolling stock on lines running from Germany into territories detached from the Empire, had been designated under Article 371 of the Peace Treaty to preside over such commissions. The absence of American representation on commissions required the taking of some action in this respect, he pointed out. The Council decided that provisional presidents should be chosen.

NEW MANAGER FOR THE ST. PAT'S TEAM

TORONTO, Feb. 6. — Following their defeat by Canadiens on Wednesday night, St. Patrick's Executive and players had a get-together meeting, and after discussing the situation from all angles, wound up by accepting Frank Heffernan's resignation as Manager. He drops back to the status of player only.

The question of securing a coach was debated, and the name of Frank Carroll was coupled with the position, but when it was ascertained that Carroll had his hands full with the University of Toronto teams it was decided that Harvey Sproule, the Secretary, should assume control at the practises and while the games are in progress.

CURLING

In the Waddell-Capon games at the Toronto Victoria rinks yesterday, Peterborough was defeated by 22 points. The return games will be played here in the week following the bonspiel. R. M. Waddell was down three shots, George Giroux three, George Boucher three and George Bauor fourteen. The Victorias may send one rink to the local bonspiel.

There were ten rinks in action at the Charlotte street rink last night, five ices being use d. There were also four rinks in Toronto, conclusive evidence of the fascination the game retains for the members of the club, for there were a number of counter attractions last night.

From the Toront opress reports this morning it is apparent that the District Cup finals will be played in Toronto next week and will conflict with the Peterborough bonspiel. The draw will be made on Monday and the games begin on Tuesday morning. This will deprive J. W. McDermid's and Ray Best's rinks from participating in the local bonspiel. These rinks are: Jack Lowes, Herb Hair, J. W. Fraser and J. W. McDermid; Ross Dobbin, Alex. Archibald, W. D. Campbell and Ray Best.

THEY GET PUNISHED; THEY CUT RED TAPE

LONDON, Feb. 6.—The Ministry of Pensions has suspended for twelve months the Eastham War Pensions Committee, which administers the war pensions of a large portion of East London, on the ground that it administered public moneys in accordance with its own views, and without regard to its trust.

The Pensions Committee retarted with allegations of Government delays in granting pensions, and declared that soldiers locally were getting out of hand because of these delays, and can only be restrained from violence with difficulty.

"Peterborough Presents Possibilities Unsurpassed."

FRIDAY, FEBRUARY 6TH, 1920.

THE POLICE COMMISSION.

Mr. Thos. Tooms, M.L.A., in discussing his reasons for pressing his bill providing for an elective Police Commission says that the measure will "either be accepted or turned down by the will of the province, not by a single locality which is the more democratic attitude." Mr. Tooms' ideas of democracy as exemplified by the position he has taken on this question are open to criticism. The Legislature as he knows is dominated by farmer members who have little knowledge and less interest in the administration of police departments in the cities. Does the member for West Peterboro believe that they are better able to interpret the wishes of the people of Peterborough in this matter than are the members of the City Council who have by a vote of 6 to 4 declared against the principle of an elective commission?

LIGHT THE ALARM BOXES.

The necessity of carrying out Fire Chief Grange's recommendation that the fire alarm boxes be marked with a red light so that they can be easily located at night was effectively demonstrated by the fire on McDonnel St. on Wednesday night when much valuable time was lost in turning in an alarm. Mrs. Hutton in whose house the fire occurred went all the way to the police station passing the fire alarm box at the corner of McDonnel and Water Sts., thereby causing a delay of at least five minutes in notifying the brigade. Had the box been made conspicious by means of a red light as Chief Grange suggests the alarm would undoubtedly been sent in from there. The chief's recommendation could be carried out with a comparatively small expense and although the suggestion has been turned down on several occasions, there are hopes that this year's Council will recognize the practicability of the plan and put it into force.

A DANGEROUS DIVISION.

The difference of opinion between the Dominion Alliance and the Referendum Committee as to the most effective method of stopping the flood of liquor from Quebec into Ontario since the importation order-in-Council was abolished, will be welcome news to the Citizens' Liberty League and other anti-prohibitionists in the province. The Alliance is opposed to a further Referendum, and wants the Ontario Temperance Act amended so as to make the province "bone dry." The Referendum Committee on the other hand wants Legislature to pass a resolution calling upon the Dominion Government to take a referendum in Ontario on the question of importation. The dividing of the temperance forces is to be regretted. The liquor interests are gaining ground in the province as the result of the releasing of the tidal wave of liquor by the withdrawal of the order-in-Council and it is a very unfortunate time for the leaders of the temperance party to start a cleavage in the ranks which may have disastrous results on their cause.

THRIFT THE ONLY REMEDY.

The continued fall in Canadian exchange is a serious development that cannot fail to add materially to the already exorbidant cost of living. While the obvious remedy of curtailing imports from the United States to a minimum naturally suggests itself, there are commodities such as cotton and coal which we must buy from our neighbors and to the price of which the depreciation of the Canadian dollar means an unwelcome addtion. Financiers agree that at the root of the trouble is the uncontrolled extravagance of a large proportion of the Canadian people. As one expert puts it "there is a perfect orgy of extravagance as any one may ascertain in Canada by inquiring into the purchase of high power motor cars, jewellery, diamonds and above all fine clothes and other articles pertaining to the dress of women." As a consequence of this wild purchasing of luxuries from outside Canada there is the result that the cost of cammodities needed by those who are struggling to make both ends meet is directly and inevitably increased.

Thrift and economy in government, municipal and individual expenditure are apparently the only remedy for a situation that is becoming critical.

A FRANCHISE BILL.

The most important duty of the Government at the approaching session of the Dominion Parliament will be the introduction of a Franchise Bill. The War Time Election Act was a temporary measure which is no longer applicable to the conditions under which elections are to be held. Temporary provision was made also for the several by-elections. But there is no adequate machinery for the holding of a general election. An appeal to the electorate of the Dominion cannot be far off; in the present confused state of politics the necessity for one may arise at any time. It is therefore of the utmost importance that immediately after the opening of the coming session the Government should be ready to submit to the House of Commons a carefully drawn measure to provide for the making of the lists of those who are entitled to vote.

In the past, unfortunately, the enactment of measures dealing with the franchise has usually been attended by much party strife. Many members of Parliament approached the subject with a desire to gain advantage for their own party at the expense of those who differed from them. There should be no need for and no excuse for such strife. The franchise question is one on which there should be no difficulty in obtaining an agreement among all parties. The old time ideas which tended to make the franchise the privilege of the few have passed away. There is an almost universal acknowledgement, in Canada at all events, that the privilege and the responsibility of the franchise should be enjoyed by all British subjects of full age, who are of good character and have a fixed residence and are usefully employed. The laws of the several provinces come so near to manhood (and now we must add womanhood) suffrage that it is a question whether there is any substantial advantage in having the various conditions of qualification that are mentioned. Many there still are, no doubt, who think that a much more limited franchise would be better; but the day of such restriction has passed. What is needed now is the machinery to provide for the enrolment on the list of his or her residential district of every man and woman who is qualified to vote.

The franchise question is one on which there should be such co-operation between Dominion and Provincial authorities as would permit the lists of voters to be used, generally speaking, at both Dominion and Provincial elections. The work of making up the lists of electors involves much labor and sometimes considerable cost to all who take an active interest in public affairs. In some districts it involves keen party strife, the representatives of the respective parties putting forth strenuous efforts to place the names of their friends on the list, and sometimes efforts almost as strenuous to keep the names of others off the list. It is bad enough to have this kind of trougle for one list. To add to the burden and the strife of having the trouble twice—once for the Provincial and once for the Dominion list—would be to create an evil of a serious character. To avoid this, every possible effort should be made to obtain fair lists that could be used at either Provincial or Dominion elections. Lists are already authorized for the Provincial elections. If there is anything in the Provincial laws which is deemed objectionable from a Dominion viewpoint, a conference between Dominion and Provincial authorities should be invited, with a view to removal of the difficulty.

Exceptions perhaps might have to be made as respects some features of a general law. In Quebec the Provincial law does not allow women to vote. In all the other Provinces, if we mistake not, women's franchise has been approved, and the Parliament of Canada has adopted it. It may be necessary, while accepting the Quebec Provincial list as the foundation of a Dominion list, to provide machinery for adding the women's names. Difficulties of this kind are to be expected, but they should not be insuperable. If the whole question be approached in a non-partizan spirit. Parliament should be able to give the country at a very early day a fair and efficient Franchise Act.—Municipal Journal.

Miss Ray returned on Tuesday after a fortnight's visit with friends in Toronto.

Misses Vida Robinson and Letta Robinson, of Peterboro, were in the village on Monday attending the funeral of Mrs. Roy Robinson.

DEAD BACK TO LIFE.

LONDON, England.—The claim of ability to bring the dead back to life has been made by a Burmese woman doctor at Rangoon, according to word received here from Bombay. The treatment is said to consist of seven days' application of internal and external remedies. The woman states that when revivified the dead person has a new mind and better features, but the treatment must be continued for a month.

The Rangoon Times, which publishes details of the claim, suggests that they should be tested by doctors.

Teach the Children to Save

Habits are acquired early in life. Children, who are taught the value of money and the habit of saving, grow up into good business men and capable women.

The easiest way to teach children to save, is to start a Savings Account for each child ($1.00 each is sufficient). After a child has saved another dollar to make an additional deposit, he or she will have a better appreciation of just what a dollar stands for, and how much work and self-denial it represents.

SANDRA THE JEALOUS

BY JANE PHELPS

EVERETT'S LETTER DISAPPOINTS SANDRA.

CHAPTER XL

I went immediately home. To my surprise there was a letter from Everett lying on the table in the hall. I took it upstairs with me and waited until I had made myself comfortable in a negligee before I opened it. I did not try to explain the feeling I had, even to myself, but I had a sort of hesitation about learning the contents of this letter—an intuitive feeling that I should not be pleased.

"Dear Sandra:" he commenced—"I had no time to caution you as to what you should do or should not do while I am obliged to be away. I find that I am to be detained here longer than I expected. I am sorry to find that it is so, and that you necessarily must be alone until I return. I shall expect you to act in all things the same as if I were with you. Accept no invitations until I return. Take a ride each day, also a walk would do you good and help pass the time. But I prefer that you receive no company, or rather that you invite none. Read, practise your music—you should spend more time at the piano—and you have enough to fill your days. Go to bed early. I desire you to keep your health as that is one of your greatest attractions—your perfect health.

"I shall probably be obliged to remain here a week or ten days longer. You may spend a few moments each day writing me what you are doing. I shall be glad to hear. Tell Peter not to drive you too fast when you use the car. He is apt to be reckless, and I hate to trust you with him when I am not there to caution him.

"Your husband,

'Everett."

Tears of disappointment and rage filled my eyes as I read his cold letter. I tried to derive a little comfort from the last sentence. He must care a little or he wouldn't care whether I was killed or not. But the letter was terribly depressing—terribly annoying also.

I wouldn't be treated so!

"I'll not stay at home! And I will invite people to come and see me!" I said aloud, the tears flowing fast—people meaning principally Barrett Edmonds.

I wiped my eyes and reread the letter. I was to accept no invitations until his return. 'I might read and practice.'

"How kind!" I muttered. I was to go to bed early so that I might keep myself attractive for him; and he would do nothing for me.

I was to stay practically a prisoner for a week or the days. He'd see whether I would or not! Leola wouldn't have paid any attention to such a letter; neither would I. But my anger passed, I began to sob again—this time because he had not once said a word of love to me, not even when he closed his letter. Long afterward I learned that he had a firm conviction that if a woman thought a man loved her, she took advantage of that love to do things she otherwise would not dare do when she looked upon him simply as a husband, the man who supported her and who gave her a certain position in society. Leola had always used his love in that way.

Mrs. Gray came upstairs and caught me weeping.

"Is there anything I can do, Mrs. Graham?" she said kindly.

"No! Mr. Graham is to be gone another ten days.

I said that to deceive her as to the cause for my tears. I should have liked to have sobbed out my misery to her; but Everett had warned me so many times not to be confidential with the servants that I restrained myself.

"I know it is lonely for you. But think how much you have that many women envy you for, and that few women ever have. You have a lovely home, a kind and generous husband, motor cars, jewels, no cares at all. There aren't many women as young as you are who have so much. Pardon me for talking to you like this, but I hate to see you fret and act so unhappy. You must get acquainted with some young people. You will after you have lived in Hendon longer."

"Oh, if I only could!" I exclaimed.

Zam-Buk

"But Mr. Graham is so old, he wouldn't care for me to know real young people—I'm afraid."

"Mr. Graham is not 'old' as you say. No man is old at forty-one or two. He is more settled than you are naturally, but don't think of him as old. Pardon me again for the liberties I have taken in talking so to you, but I feel so anxious that you shall be more contented."

"Thank you, Mrs. Gray. I shall be in time I am sure," but even as I said it, I wasn't at all sure—I was only blue and lonely.

I was to go nowhere while Everett was away. And I had been seen in a public restaurant twice. I might as well have remained longer with Barrett, instead of rushing away because Alice wasn't there. I would be blamed just as much probably. I wouldn't really invite Barrett, but if he came I would not send him away. And someway I knew he would surely come. Then suddenly came another thought: 'I would get that attic door open in some way and find what was hidden there before Everett came back. I'd do it if I had to smuggle a locksmith into the house to open the door for me.' The thought helped me to gain my self-control, and so stop crying because of my husband's cold formal letter.

To-morrow—Sandra Visits the Attic.

Are You Fat? Just Try This

Thousands of over fat people have become slim by following the advice of doctors who recommend Marmola Prescription Tablets, those harmless little fat reducers that simplify the dose of the famous Marmola Prescription.

If too fat, don't wait for the doctor's advice. Go now to your druggist or write to the Marmola Co., 864 Woodward Ave., Detroit, Mich., and for $1 procure a large case of these tablets.

They reduce two, three or four pounds a week, without exercise, dieting or any unpleasant effect whatever. If too fat, try this to-day.

ATTRIBUTES HER 100 YEARS TO READING BIBLE.

NEW YORK, N.Y. — To faithful reading of the Bible does Mrs. Katherine Tibball, who was 100 years old the other day, attribute her long life. Mrs. Tibball, who on Lafayette Avenue, Brooklyn, was to have had a birthday celebration with her daughter-in-law, Mrs. Anna Tibball, who had her golden wedding and planned to have her mother with her in her home, De Kalb Avenue, to share in te party. But the mother didn't feel well enough to venture out on such a rainy day, and so her festivities will be deferred.

The Best Habit In The World

is the habit of health. The way to get it is to train your bowels, through the liver, to act naturally, at a fixed time, every day.

Take one pill regularly (more only if necessary) until you succeed. Then you can stop taking them, without trouble or annoyance.

This has been the good-health rule for 50 years.

CARTER'S LITTLE LIVER PILLS

Genuine bears Signature

Celorian forms often show the absence of iron in the blood. **Carter's Iron Pills** will help this condition.

FEW ATTEMPTED TO DEFRAUD FUND

RETURNED SOLDIERS EAGER TO GET WORK RATHER THAN AID.

SITUATION IMPROVING

OTTAWA, Feb. 6.—The experiences of the Federal Emergency Appropriation Department of the Canadian Patriotic Fund indicate that there has been a gradual decrease in unemployment among returned soldiers since January 17th. Officials charged with the administration of the fund voted by Parliament for the benefit of ex-service men out of employment during the Winter have endeavored to find positions for as many such men as possible. In every instance returned soldiers have been eager to accept employment rather than assistance. Very few attempts to defraud the fund, moreover, have been made. To January twenty-fourth a total of $1,230,000 was paid out of the fund to aid unemployed returned soldiers, if the same rate of disbursement is maintained it is estimated that only about $4,500,000 will be required to carry on the work until May 1st, when payments out of the fund are to stop.

In the week ended January 10th relief was extended to 16,999 men, in the week ending January 17th, to 17,827 men, and in the week ending January 24th, to 15,340 men. In the weeks ended January 10 and 17 the relief was distributed to the following numbers of persons in the cities named: Week ending January 10, Montreal, 1,241; Toronto, 4,700; Quebec, 355; Winnipeg, 814; Vancouver, 2,528; week ending January 17th Montreal, 2,094; Toronto, 5,150; Quebec, 413; Winnipeg, 897; Vancouver, 2,946.

Difficulties Encountered.

The Emergency Fund Department has been in existence since December 22nd. In the third week of its operations there were 3391 new cases calling for relief, and 1,339 renewals of relief; in the fourth week 710 new cases and 1,085 renewals; and fifth week 640 new cases and 1,413 renewals; sixth week 559 new cases and 1,224 renewals. Some difficulties have been met with by the department in placing men. For instance, some mining companies ask a deposit of $20 from new employes, and some street railway companies require new men to put in a period of probation before they begin to receive wages. Men entering such positions have to be assisted from the emergency fund.

Faint and Dizzy Spells

Weakness and Shortness of Breath

You can generally tell when the heart is affected by the faint and dizzy spells, the shortness of breath, palpitation, throbbing, irregular beating, smothering sensations, weak, sinking, all-gone feeling, choking sensation, etc.

Many men and women becomes rundown and worn out when otherwise they could be strong and healthy if they would only pay some attention to the first sign of heart weakness.

No remedy will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy and normal condition as Milburn's Heart and Nerve Pills.

Mrs. C. A. S. Drake, Paris, Ont., writes:—"I have used on towards the second box of Milburn's Heart and Nerve Pills and find they have done me good. I had those fainting, dizzy spells, once in a while, and also weakness and shortness of breath, and would become so choked up at times I could hardly sleep without sitting up in bed. When walking too fast I would have to stop and try to catch my breath. I feel a lot better since I have used your pills and know that they have helped me wonderfully as I have improved very much."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

AN IMPORTANT FIND OF OLD COINS

COINS DATE BACK TO 15TH CENTURY

At a meeting of the Society of Antiquaries of Scotland held in Edinburgh there was read a paper on "The Mint of Crosraguel Abbey: A New Footnote to Scottish Monastic History," by Mr. George Macdonald, C.B., L.L.D. During the course of operations necessary for the preservation of Crosraguel Abbey, the guardianship of which had been handed over by the Deans of the Chapel Royal to H.M. Office of Works, an important discovery of relics, which included many coins, was made in the spring of this year while clearing out the debris which filled a drain connected with the sanitary arrangements of the Abbey. These finds have proved of exceptional interest, because not only did they exhibit one class of coins entirely unknown elsewhere, but they contained examples of another class which, hitherto regarded as native to the Continent, are now proved to be Scottish, and were in all probability minted in the vicinity. The relics have been divided into two groups. The first included a rectangular fragment of green glass with a diaper pattern on one side: Scottish, English, and French coins dating from the fourteenth to the seventeenth century; two French "abbey counters" of brass of fifteenth century, date, and the matrix of a seal of a Monk of Carrick, in the same metal and probably of the same period. The second group was made up partly of coins and partly of an omnium gatherum of brass, copper, and lead. The coins numbered 197 in all, 20 being of billon, 156 of copper or bronze, and 21 of brass. The billon coins were pennies of James III. and James IV., and were doubtless contemporary imitations rather than genuine issues of the official mint. Of the brass coins, all but one were farthings of James III. The most important features of the discovery were to be found in the remaining 139 coins. These appeared to be examples not of a royal money, but of a true abbey coinage, which occurance has never before been noted in Britain. They consisted of 51 Crosraguel pennies struck in at least three varieties, and 88 Crosraguel farthings showing four varieties. The date of the Crosraguel money was doubtless about the end of the fifteenth century.

NEAR NINE MILLION PEOPLE IN CANADA

(Canadian Press.)

OTTAWA, Feb. 6.—Canada's population is estimated by the Census Branch of the Trade and Commerce Department at 8,835,102. The Census Branch has based its estimate for the year 1919 on the known increases in population as shown by the census of 1901 and 1911. Such calculations have in the past proved to be approximately correct.

FOR CHEST COLDS, HEAD COLDS, GRIP, INFLUENZA AND PNEUMONIA.

A few external applications of GROVE'S O-PEN-TRATE SALVE will be found very helpful. It opens the pores and penetrates the skin. Its Stimulating and Healing Effect is very comforting. Price 35c. per box. If your Druggist hasn't any, send 35c. in postage stamps to Paris Medicine Co., 193 Spadina Ave., Toronto, and a full-size box will be mailed to you promptly.

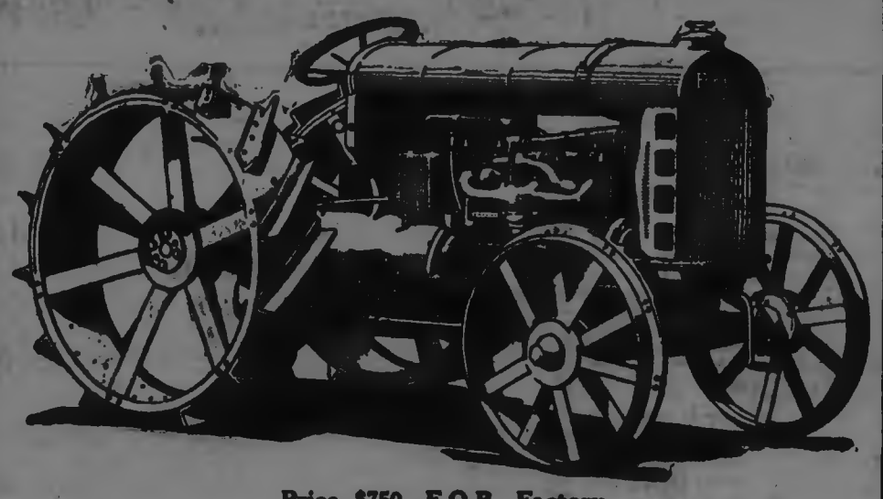
Fordson Farm Tractor



Price $750, F.O.B. Factory

For obvious reasons we cannot urge too strongly the immediate placing of orders by those who require the use of the indispensible FORDSON TRACTOR any time during this year.

The almost daily increase in the cost of material and labor makes a raise in price unavoidable.

The present price of the FORDSON TRACTOR is little more than that of a good team and it will do the work of six to eight horses.

The hot weather last year killed many valuable horses. Weather conditions make no difference to the FORDSON. In the busy season you can keep it going from daylight until dark. On account of not having to walk, your work will be pleasure instead of drudgery.

The FORDSON TRACTOR may enable you to accomplish *increased acreage enough* to pay for itself. It may also *reduce your labor bill* sufficient to go a good way on the price.

Place your order now, ensure delivery, and be in a position to *keep up* with your work.

Change your undertakings from worry into efficiency, comfort, pleasure, economy, satisfaction and above all *increased profits.*

RICHARD HALL & SON LIMITED

EDUCATIVE ADDRESS BY DR. M'CULLOUGH

(Continued from Page 1.)

points that should be touched on, but I would like to dwell on the urgency for a good water supply." Dr. McCullough said that in a city of this size it was nearly impossible to keep the water pure, but he praised the chlorine method now in use in Peterborough. "It is a good method and has saved thousands of lives in the last ten years. He referred to the fact that a city soon outgrows this method and it is no longer effective, and he explained two different methods of filtration the rapid sand filter and the slow sand filter. In the first the water is treated by a chemical which coagulates all the solid material, after which the water is passed through sand very rapidly. This system is in use in New Orleans, where the water is obtained from the muddy Mississippi and is working very satisfactorily. In Washington and Philadelphia the slow sand filter system is being used. This is simply layer upon layer of gravel in a chamber with sand below. The water is passed through, and although the method is very slow it is very effective," he explained. Dr. McCullough now said he would leave the matter to the City Engineer, whom he commended very highly.

Sewage Disposal.

Speaking on sewage disposal he said that the plant the city had in view was a very excellent one and the best obtainable, and that the city would never regret building it.

Milk Supervision.

'The M.O.H. should have entire supervision over all of the milk supply," the doctor said ,and he emphasized the need for pasteurization and the bottling of all milk, and he told how many people get tuberculosis when very young through milk infection, and how diphtheria and other diseases were spread through impure milk.

"Milk is the cheapest food in the world," he said. Dr. McCullough also dwelt on the disease caused by the improper handling of ice cream, and how more thorough supervision of all ice cream parlors and restaurants was needed. The barber shops came in for a raking over by the doctor, who blamed them for the absence of some of his own hair and the utter baldness of many others due to dirty combs and brushes.

Success of the Antitoxin Treatment.

'There should be no deaths from diphtheria," said Dr. McCullough, who blamed the deaths that did occur from either of two things—the symtoms of the disease not being recognized early enough by the parents and a doctor not being called till it was too late, or the dose of antitoxin used being not large enough. The wonderful results of the antitoxin were dwelt on by the doctor.

Dr. McCullough concluded his splendid address by stating that a venereal clinic might be established in Peterborough in the near future, as has also been planned for other cities.

LOCAL ORGANIST TOOK PART IN A CHORAL CONCERT

At a choral union concert held in Campbellford on February the 5th, Mr. Wm. Colborne Thomson, recently appointed organist of St. Luke's church in the city, added fresh laurels to his already enviable reputation by the splendid manner in which he took the part of accompanist. The Campbellford 'Herald" of February the 5th refers in glowing terms to the splendid manner in which each item of the programme was presented, and to the general success of the evening, of which Mr. Thomson was largely responsible.

OLD HOUSES.

The gray old houses are hooded women peering
From sloping, tousled bonnets of garets hung awry;
The gray old houses dream that they are hearing
Voices of their children in the years gone by!

With dim glazed eyes of windows, they are staring,
Thinking of a father when broken was his pride;
And while they brood, they wonder where are faring
The boys that kissed and the girls that cried. .....

What old secrets here often pry and fumble?
What old ghosts hurry to and fro?—
Ghosts of Desires that poke about and mumble
Of hot-headed Youth that fretted long. ago

What Tales and what Romances are dozing and are dreaming
About the broken hearth, within the musty gloom?
What stories of loving and quarreling and scheming
Huddle with their memories to crowd each room?

So, hushed, they stand, like hooded women peering—
These worn old houses that always dream and sigh;
And like old mothers, they brood and stare at hearing
Voices that vanished in the years gone by!

Louis Ginsberg in N.Y. Times.

CROWN WORK ON TEETH PRODUCTIVE OF DISEASE.

CHICAGO, Feb. 5.— The American Academy of Dental Science condemned gold crowns work on teeth as insanitary and productive of disease. The organization also condemned the removal of nerves from decayed teeth preparatory to filling or bridge work.

One delegate declared present methods of extracting teeth needed to be changed. Extractions in cases of persons over 20 years of age, should be made in hospitals with the same treatment accorded other operations, he said.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

Weak, thin people—men or women—are nearly always nervous wrecks; thus conclusively proving that thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be safely taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing.

By strengthening the nerves, weak, tired people regain energy and vigor, thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace debility and gloom; dull eyes become bright, and pale, sunken cheeks regain the pink glow of health.

CAUTION.— Bitro-Phosphate, the cost of which is inexpensive, also wonderfully promotes the assimilation of food, so much so, that many people report marked gains of weight in a few weeks. Those taking it who do not desire to put on flesh, should use extra care in avoiding fat-producing foods.

WILSON GLAMOUR FADES AS RUES TAKE OLD NAMES

PARIS, Feb. 6.—In the department of the Seine, around Paris, streets in sixteen different towns are named after Gen. Gallieni, who as military governor of the capital threw the famous "taxi-cab army" on the flank of Von Kluck at the Marne.

There are ten streets in as many towns named after Verdun as the result of the terrible offensive started by the crown prince on Feb. 21, 1916.

Six streets are named after Miss Edith Cavell, the English nurse who was shot at Brussels in 1915 by order of Gen. von Bissing.

Three streets remain named after President Wilson.

Only one street is named after Marshal Joffre.

Reports from the devasted areas are to the effect that where as a year ago nearly every shell shattered village had changed the name of its main street to "Rue Wilson," or "Avenue Woodrow Wilson," or something similar, since then nearly all have gone back to the old original names.

RULES A FATHER CAN CUSS WHEN HANGING PAPER

MOORHEAD, Minn., Feb. 6— When father lays the carpet on the stairs has long been conceded as a time to throw mantle of charity about certain sayings and doings of paterfamilias that normally would be beneath his dignity.

Now comes a Moorhead judge who says that the law extends this leniency to such occasions as when father hangs the paper on the wall.

So Mrs. Henry Buchols of Sauk Centre, Minn., was denied her bill for divorce, Judge Nye ruling that whatever Henry might do when exhausted from matching wallpaper patterns and when covered with paste and perspiration does not constitute "cruel and inhuman treatment," especially when records prove him at all other times meek, faithful and provident.

The February Mark-Down Sale and Other Events Equally Interesting

And Displays of Fresh Spring Merchandise Will Bring Many People to the Cressman Store on Saturday

Opportunities to economise meet you at every turn. Besides the "February Mark-Down Sale" and "February Furniture Sale" there is the "Free Service Sale," and also the "Sale of White." All of these events feature underpriced merchandise. Maybe with all these Sales in progress an explanation is required, viz: in some instances Spring Stocks are arriving and Winter Goods must pass out; in others—quantity buying and purchasing before price advances make such prices possible.

Music in the Tea Room To-Morrow during the Mid-Day Lunch by Mr. Otto Gliddon. Also in the Afternoon from 4 to 5.30 Mr. Otto Gliddon, Pianist and Mr. Buck of Toronto, Violinist

$6.95 Will Purchase a Georgette Crepe Blouse on Saturday.

A Special Purchase Makes this Price Possible

We were fortunate in securing a special lot of these blouses from a manufacturer who had a small clearance to make. We gave him much business during the past year, so when he had a bargain to offer he gave it to us.

The colour variety includes flesh, white, navy and sand. All follow the style features of the season and are prettily beaded and embroidered. You would receive good value if you paid $8.95 for them. Saturday $6.95

Late in the Season Prices on Suits

$49.00 Values for $34.95

The materials are silvertone, cheviots and poplin, and the colour range includes brown, black, kangaroo, navy and green. Every model is this season's. Sizes 16 to 44.

Coats That are Well Worth While at $29.00 and $32.00 for $15.00

This is a Half-Price proposition that is worthy of your consideration. The materials are Whitneys, Chinchillas, Tweed Coating, and Velours. The colours are Grey, Black, Rose, Green, and Brown. You will recognize the styles immediately as being this season's.

Girls' $25.00 Coats $16.95

We will be Unable To Repeat Such an Offer Next Season

The material is velour and the lines of the garment are straight. The belt and collar are smartly arranged and neat groups of buttons form the trimming. You have choice of brown, green and taupe.

The Miss from 10 to 14 Years must be Warmly Clad. Regular $13.50 Dresses are going for - - - $9.75

You will be glad to know they are serge, for nearly every mother pins her faith to the endurance of this material. The colours are brown, navy and wine. The styles are varied with smart trims of embroidery, braid and buttons. They are fresh, new garments, every one.

$7.95 to $10.00 Sweater Coats $4.95

Unfortunately There Are Nine Only

Smart Garments every one. The styles are varied and the colours are Rose, Maize, Green, and Wisteria. They are closely knit and are well worth their original prices. To-morrow's price is a clearance one.

The CRESSMAN Company Limited

WHOLE NATIONS FACE STARVATION, OFFICIAL REPORT

SIR WILLIAM GOODE, BRITISH DIRECTOR, PREDICTS HEART-RENDING PICTURE.

ACTUAL FAMINE

LONDON, Feb. 6. — Sir William Goode, K.B.E., British Director of Relief for Europe, reporting officially to the Foreign Office, declares that when the relief work began "More than half of Europe, including Germany, hovered on the brink of Bolshevism."

From beginning to end, Sir William's report is weighted with the economic chaos and human suffering covering vast expanses of European territory. He calls for credits for food, and raw materials for Poland, Jugo-Slavia, Czecho-Slovakia, Austria, Hungary, the Baltic Provinces, Anatolia, and Armenia, and asserts that the finances of the Allied Governments are "quite incapable of tackling the job."

Sir William looks upon "far-seeing co-operation on the part of the United States, as the "only possible way of providing credits, without which a considerable part of Europe will reach a state of utter demoralization and even anarchy."

What do the afflicted states require? Hundreds of thousands of tons of cereals, cotton, wool, iron, iron ore, fanning materials, fertilizers, jutes, chemicals, rubber, vegetable oils, high speed steels, drugs, potatoes, leather, copper, tin, nickel, oilseeds, oils, nitrates, locomotives, railroad cars, maize, pigs, coal, rye, barley and oats.

In one part of his report Sir William indicates the economic disaster in terms of such colossal human suffering that even those engaged in the work of relief may be recalled to the individuality of it only by a look at the snow-covered streets of Vienna, where hundreds numb from cold are begging for food, or by a glimpse into the typhus-stricken villages behind the lines, where the Poles are still fighting the Bolsheviki.

Vienna is a heart-breaking picture of the cumulative effects of more than four years of war. Here, in a city of 2,500,000 inhabitants, in the sharp contrast between pre-war prosperity and present day insolvency—the nervous rich and the starving poor—and between the relics of the ill-fated monarch and the voluntary but rather desperate Government, stand out with a brutally strong appeal to the imagination.

Starvation Menace Real.

For some years says Sir William, "it has been my utmost daily task to assist in devising measures to remove the peril of starvation not from individuals or communities, but whole nations. Contact in the abstract with such conditions must tend to accustom anyone to human suffering, but I confess that conditions in Ausria, particularly in Vienna, stung familiarity into realization.

For the first time in my life I found a whole nation of what was left of it in utter and hopeless despair. Cold and hunger were bad enough, but they are nothing compared with the apathy, helplessness and loss of hope that pervade every class from the highest to the lowest. Appalling as these conditions are they are less harrowing than are those in the villages of Anatolia and Armenia.

"Budapest also may become as bad as Vienna. Poland is threatened with dire shortage of coal, food and transport. Serbia was evicted as a nation. When the Serbians returned to their country they lived on plants, leaves and the stems of maize. They dress in sacks, fifty per cent. of the manhood of those people died in the war leaving 500,000 fatherless children of whom 150,000 are still most urgently in need of care and education.

Thirty-five per cent. of the population of Jugo-Slavia is suffering from clearly recognizable tuberculosis while the total number thus afflicted, including incipient cases, amount to between 5 and 80 per cent. Unemployment also haunts these half-starved, disease-smitten peoples.

President Masaryk, whom I saw in Prague, pointed out that it was impossible to put his people to work without wool or cotton for the factories. The problem of this new state he said, resolves itself into a question of the export of merchandise or of population. If raw material is not forthcoming the industrial population must leave the country and unlike the unemployed in Great Britain and France they have no colonies of their own to go to. As regards agriculture the country has lost one-third of its productivity, owing to the loss of cattle and the consequent loss of fertilizing material. We are short of milk and thousands of children are suffering from Malnutrition.

President Masaryk's description of his own country applies with little or no variation to every country where a relief mission is stationed.

SALARY INCREASE FOR REV. CHAPMAN

At a meeting of the Official Board of St. James Methodist Church held this week an invitation was given to the Rev. J. P. Chapman to remain at the Church for another year with an increase of salary of $200.

Five Die After Drinking Face Lotion at Barber Shop

FREEPORT, Ill., Feb. 5.—With five men dead and fifteen others ill from drinking a face lotion obtained from a Freeport barber shop, a coroner's jury began an investigation. An analysis of the liquid showed the presence of wood alcohol, it was announced.

IT WAS AGONY TO RAISE HER ARM

NEW ABERDEEN WOMAN IS REJOICING OVER HER RECOVERY AND PRAISES TANLAC.

"For two years I had rheumatic pains in my right side and arm, but now since I have taken four bottles of Tanlac all traces of the rheumatism have left me," said Mrs. George H. Campbell, of New Aberdeen, Cape Breton, Nova Scotia, a few days ago.

"I have certainly known what suffering means, for during the past two years I have been troubled with rheumatism, indigestion, and nervousness," continued Mrs. Campbell. "The muscles all through my right side were drawn up, and I had dull aching pains in my side and arm that never left me, and at times they were so bad I thought they would run me wild, and if I tried to raise my arm above my head I would be in agony. The rheumatism seemed to trouble me worse at night when I would be lying still, and for that reason it was almost impossible for me to get any sleep. Indigestion troubled me so bad that it looked like everything I ate disagreed with me and caused me no end of misery after every meal. My nerves were shattered, and any little noise I wasn't expecting would completely upset me, and I was so miserable and weak that any work I did was torture to me.

"I had tried so many different things and got no benefit from them that I had lost confidence in medicine, and when a friend of mine advised me to try Tanlac, I wouldn't do it at first, but finally, as I was getting worse and worse all the time, I made up my mind to take it. And now I am certainly glad I tried it, for four bottles are all that I have taken, and all my troubles have entirely left me, and I am in fine health. I don't have a sign of rheumatism any more, and my muscles are not drawn, and I can raise my arms as high as I please. Everything I eat agrees with me perfectly, with no bad effects at all, and my nerves are as steady as a clock. I am sleeping sound every night, feeling fine all the time, and I am so happy over what Tanlac has done for me that I cannot find words to praise it enough."

Tanlac is sold in Peterborough by W. B. Warne Drug Co., Limited; in Havelock by A. C. Denike; in Lakefield by Tanner Drug Co., Ltd.; in Fowlers Corners by W. A. Hunter; in Gelert by A. I. Scott; in Westwood by G. Pringle & Son. (Advt.)

NEWS FROM NOGIE'S CREEK

NOGIES CREEK, Feb. 6.—A welcome change of temperature was recorded this week. It was a welcome change.

Miss Edith Oliver is visiting her aunt, Mrs. Jas. Oliver.

Miss Eva Forest has been visiting her Aunt, Mrs. J. Crowe of South Vernlam.

Mrs. W. Graham has been ill for some time.

Mrs. John Richmond accompanied by Mrs. Kettle visited her mother, Mrs. W. Graham on Sunday.

The Misses Vina and Nellie Cairndoff visited their grandparents, Mr. and Mrs. N. Crowe over the week end of last week.

Mr. and Mrs. Jas. Oliver have sent out invitations for a progressive crokinole party to take place on Friday evening. Other games will also add to the pleasure of the evening.

According to the ice-cutters there has not been such good ice for several years.

ARE WE ALL PIGMIES?

The huge giant, whose fossilised remains have just been dug up in the State of Vera Cruz, strikes a severe blow at those who boast of physical development in the twentieth century. The giant is claimed to be eleven yards high?

Loushkin, the Russian giant, was well under nine feet, or three yards. The biblical giant, Goliath, was merely a dozen feet, and the great King Og, of Basan, did not stand more than sixteen feet six inches in his socks. Og held the record before this eleven-yard champion came along to upset him.

Put him in the kitchen of a modest four-floored house, and his legs would reach the dining-room above, his chest would thrust up into the bedroom, and his head come out in the attic.

The average height of the measly specimen of humanity who inhabits the globe to-day is about five and a half feet. How we are diminishing?

EXPORTERS APPREHENSIVE.

(Canadian Press.)

OTTAWA, Feb. 6.—The exporters in the United States are apprehensive and worried about the effect of the exchange on their trade in Canada.

Over a Hundred Mill Remnants of Knitted Sweater Cloth for a Saturday Sale at Less than the Cost of the Wool

Here is a chance to cut down the cost of clothing your family. The remnants of a big sweater mill were cleared by us at far less than the cost of the wool the goods are made from. These ends come in various weaves in which sweaters are made and in every shade the mill made sweater coats. There are little and medium size ends and some good size ones in the lot. From them you can make ladies' and children's sweater coats, knitted underskirts and kiddies' garments of any kind. When you see them, dozens of ways to use them will suggest themselves. On sale Saturday morning, sold by the end only at

Mid-Season Millinery for Present Wear

A group of interesting New Hats has just arrived in the Millinery Salon. They are for present wear, the time of the season when one becomes a little tired of their Winter Hat. Here is a pleasing change.

These smart little models usher in the Spirit of a new season, so different from the Winter Models.

Especially smart are the hats of satin and silk; many combined with the new straws, wings and berries, ribbons and flowers are deftly employed as trimmings.

COME NOW and visit the Millinery Section.

Last Half Dozen Plush Coats to Sell Saturday at Decided Reductions

If you have delayed buying a plush Coat, Saturday is your chance to get one at a decided sacrifice, if you can select from the last half dozen in stock. Rather than carry them over we are willing to let the last six go at prices like these:

Anticipating the Coming Season

Most women welcome the season when they can don a trimly tailored suit—the basis upon which rests so often the smart wardrobe. Many advance styles are here. The end of stock taking here last week saw the launching of the modes that are destined to rule in the fashion world of discriminating women, and with this new month begins in good earnest the business of assembling the Spring wardrobe. The pleasure of selecting will certainly be added to when one has choice from assortments so varied and so early in the Season.

FIRST SHOWING OF SPRING SUITS.
Tailored models, with shawl, tuxedo or notched collars, narrow string belt, hand embroidery and braiding, navy beading in colors for spring. Materials are tricotines, serges, poplins and gabardines.

PRETTY BLUE SERGE MODELS $47.50.

THE J. C. TURNBULL COMPANY, Limited

EAST PETERBORO AGRICULTURAL SOCIETY HELD ANNUAL MEETING

OFFICERS ELECTED FOR THE YEAR—A NUMBER OF DEATHS IN THE VICINITY OF NORWOOD—NEWS FROM THE VILLAGE.

NORWOOD, Feb. 4 —The East Peterborough Agricultural Society held their annual meeting on Wednesday afternoon and elected the following officers for 1920:

President—Mr. Ed. Hawthorne.
1st Vice-Pres. — Mr. Gilbert Elmhirst.
2nd Vice-Pres.—Mr. P. M. Grover.
Sec.-Treas.—Mr. J. E. Robburgh.
Directors — Messrs. J. Davidson, Wm. Knox, D. C. Hope, R. E. Birdsall, J. F. Elliott, Wm. Brackenbridge, T. Dunham, W. Thompson, N. Griffith, S. McGee, J. A. Robb, A. Humphries, D. Barrie, W. Barrie.
Auditors—Messrs. E. P. Cuffe and A. Breault.
Hon. Directors—Messrs. J. A. Sexsmith, M.P., E. N. McDonald, M.P.P., Chas. O'Reilly, J. B. Pearce

A delegation consisting of Messrs. Hawthorne, Birdsall, Knox, Grover and Roxburgh was appointed to interview the County Council and solicit a grant of $1,000 for the Society, to build sheds, etc.

DEATHS.

Robert Thompson.

The funeral of the late Robert Thompson, who died at his home in Asphodel on Thursday, took place on Saturday afternoon to the Westwood cemetery. Deceased was in his sixty-fourth year.

Leo Michael O'Keefe.

On Monday morning, in St. Joseph's Hospital, Peterborough, the death occurred of Leo Michael, youngest son of Mr. and Mrs. Michael O'Keefe, Hastings road.

Deceased was a most estimable young man, aged 21 years, 4 months, and his early death has caused much sadness among his former companions, who were very fond of him.

He was a student in both the Public and High school of Norwood, and a graduate of Peterborough Normal which he attended a couple of years ago.

For a few months he taught, but left the profession to take a position in the Sterling Bank at Kilalhoe, where he had been but a short time, when he became seriously ill.

On the advice of his doctor he came home in the late fall and as there was no improvement in his condition he was taken to the hospital, where he was under Dr. Neal's treatment since before Christmas. In spite of all that could be done for him, he passed away early Monday morning

The funeral took place on Wednesday morning from his parents' residence to the Roman Catholic cemetery, mass being held in St. Paul's church. The sorrowing parents, his brothers, sisters and many friends have the deepest sympathy of the community.

Mrs. P. P. Cope.

In Dayton, Ohio, at the home of her son, Lewis Cope, the death occurred on Sunday morning of Mrs. P. P. Cope, for many years a highly respected residence of this village.

Deceased had reached the ripe old age of eighty-seven.

While in Norwood she was a most active, enthusiastic member of the Methodist church, a faithful Sunday school teacher and one whose life was that of love and Christian devotion. She leaves to mourn her loss, one daughter, Mrs. McGregor, and a son, Lewis. The remains were brought to Norwood on Tuesday for interment.

The funeral took place on Tuesday afternon from the Methodist church, where service was conducted by Rev. Terrill.

Birth.

On Thursday, a daughter was born to Mr. and Mrs. Wm. Beckett.

The Churches.

On Tuesday afternoon the Ladies' Aid of the Presbyterian church held their January meeting at the home of Mrs. John MacNaughton and elected the following officers.

President—Mrs. W. D. Robson.
1st Vice-Pres.—Mrs. John Weir.
2nd Vice-Pres.—Mrs. N. Robb.
Secretary—Mrs. J. MacNaughton.
Treasurer—Mrs. Cyrus Johnston.

An anniversary tea will be given by the ladies of the Presbyterian church, the latter part of February.

The Sacrament of the Lord's Supper was administered in the Methodist church on Sunday morning.

The Baptist Young People's Society will hold a social on Friday, Feb. 6th at the home of Mr. and Mrs. Louis Fife.

The Methodist young people are arranging for a Valentine party on Feb. 16th.

The Church of England will hold their Sunday school entertainment on Friday evening, Feb. 13th.

Rev. Mr. Mair of South Dummer, conducted the evening service in the Methodist church on Sunday.

Rev. A. J. Terrill, pastor of the Methodist church, took charge of the services in South Dummer on Sunday afternoon, and in Westwood in the evening.

An At Home.

On Friday evening an "At Home" will be held in the Methodist church for the congregation. Rev. Wattam, organizer for the Forward Movement in the Bay of Quinte Conference, will be present to deliver an address.

The Anglican church will hold their annual S. S. entertainment on the evening of Feb. 23rd.

The Young People's Guild of the Presbyterian church held a social evening in the S. S. room on Monday evening.

Dr. Hughes of Toronto, gave a delightful illustrated lecture on Robert Burns, the poet of religion, democracy and love, in the Methodist Sunday school on Friday evening.

A good crowd was in attendance and they not only enjoyed the ready wit and humor of the doctor, but also the most serious part of the address, where he impressed on his hearer that Robert Burns was a truly religious character, that he firmly believed in the brotherhood of man, and his deep, true and lasting love for Mary Campbell, was a true index of his character and showed that he was not the fickle person that some had portrayed him to be.

During the evening Miss Una Duffield sang 'Comin' Thro' the Rye,' and Rev. McCormack sang 'Bonnie Doon.'

Two in the audience, Rev. McCormack and Mr. Wm. Cuthbertson, expressed themselves as delighted with the views and stated that they were carried back to their boyhood's home, where many itmes they played and wandered in the places once frequented by the greatest of Scottish poets.

Handed Over Keys.

At the conclusion of the programme Mr. R. J. Stewart, of Toronto, handed over the keys of the cottage at Stoney Lake to Mr. Keefer, representative of the Methodist church, and Mr. Rorabeck of the Baptist church, and stated that if the Anglicans or Presbyterians ever wanted to build a cottage at the Lake they were to be given a share of the island for that purpose.

The proceeds of the evening will be used to renovate and repair this cottage.

In the afternoon Dr. Hughes visited the High school, where he was heartily welcomed by students and teachers. His talk there was exceedingly instructive and some good, solid advice was given to the pupils.

On Wednesday afternoon the annual meeting of the local Chapter of the I.O.D.E. took place at the home of Mrs. E. P. Cuffe. The officers elected for the year are:

Regent, Mrs. B. W. Squire.
1st Vice-Regent, Mrs. Birdsall.
2nd Vice-Regent—Mrs. McRae.
Secretary, Mrs. W. Puffer.
Treasurer, Mrs. John Weir.
Standard Bearer, Mrs. James Frost
Echo Secretary, Mrs. William Cuthbertson.

One hundred dollars was donated to the Armenian fund and thirty five dollars to the Navy league.

Mrs. B. W. Squire and Mrs. Birdsall intend to go to the Hamilton Provincial Meeting where a Provincial Chapter will be organized, February 6th.

The Schools.

Miss Lillian Moore is spending a short time at her parents home in Keene.

Mrs. A. B. Greenbanks spent Saturday in Peterborough.

Mr. and Mrs. Lawlor weer in Peterboro on Saturday.

Mr. Fred Stewart was in Toronto last week.

Mrs. Wood of Havelock visited her daughter Mrs. W. Beckett last week.

Mr. John Fletcher of Keene, is visiting at the home of Mr. A. Brethen.

Mr. T. Clark of Reamsack, Sask., and Mr. R. Clark, of Ottawa, visited last week at the home of their sister, Mrs. T. Peoples.

URGES CASE OF RUSSIA AS FIRST LEAGUE TASK

PARIS TEMPS SAYS IT IS THE ALLIES' DUTY TO SAVE SMALL NATIONS FROM THE REDS.

PARIS, Feb. 5.—Le Temps recommends that the Russian problem be assigned to the League of Nations as its first task in world government. It says that there is nothing to which the council of the League could better turn its efforts to than to combat Sovietism.

The Temps says that whether or not the big powers fear Bolshevism in their own bosom, it is their duty to shield the smaller nations of Europe bordering on Russia, who now become targets for Bolshevists on their present wave of success. It repeats the French contention that the Allies cannot open relations with the Soviets saying, "If we open our door on condition that they cease their propaganda we will be naive as if we admitted fire on condition that it would not burn."

The Temps goes on to say that the Allies must act together if they expect to accomplish anything against Bolshevism, and declares "there is an instrument all ready. The Executive Council of the League of Nations is holding sessions now. According to Article IV. of the covenant, which says :"The Council may deal at its meeting according to Article XI. It is also declared to be the friendly right of each member of the League to bring to the attention of the assembly or of the Council 'any circumstances whatever affecting international relations which threaten to disturb international peace.' Why not try this new organisation? Can the League of Nations begin in a manner more useful or brilliant than in bringing the Russian problem nearer solution?"

SET PRICE FOR WHEAT.

LONDON, Feb. 6. — The Royal Commission sets fourteen dollars per quarter for wheat.

NEWFOUNDLAND HAS BAD WINTER

Inland Settlements Face Severe Food and Coal Famine.

ST. JOHN'S, Nfld.—The past two weeks have been the most severe winter weather experienced in Newfoundland in the last quarter of a century. Heavy snowfalls almost daily have made the movement of traffic on city and country roads most difficult, snow has been piled ten and twelve feet high along the streets and to the height of twenty-five feet on the country roads and railway tracks, the thermometer varying from zero to ten below in the city, sixteen at Signal Hill and thirty-two inland. From Saturday till this afternoon it caused intense suffering to those whose duties demand outside work. Port St. Johns is frozen, barring shipping entering or leaving for the past forty-eight hours. Conception Bay is frozen solid from Cape St. Francis to the northshore headland. Trains have been blocked two weeks and inland traffic has been paralysed. A serious shortage of the necessaries of life confronts the settlements inland, the shortage at Papertowns, Grand Falls and Bishop Falls being temporarily relieved by the Anglo-Newfoundland Development Company and the Bishops Falls Pulp Company, who have had to draw on their lumbering camp supplies to meet the demands of the population in the past few days.

To Hold False Teeth In Place Use CORI GA

DISCUSS DEMANDS.

(Canadian Press.)

BERLIN, Feb. .—The German Assembly will discuss the Allied demands on Saturday.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy lustrous, glossy, silky and soft, and look and feel a hundred times better

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

FANS ENTHUSIASTIC OVER MONDAY'S GAME WITH OSHAWA

The great victory of the Peterborough intermediates over Lindsay on Wednesday night has aroused the hockey enthusiasm to fever heat, and the second round fixture with Oshawa at Brock street rink on Monday night will attract a capacity crowd. The rivalry between Oshawa and Peterborough is as intense as that between Lindsay and the Petes and with last year's defeat to wipe out, the local crew will work their heads off to eliminate the Bradley crew from the running. The Oshawa players are well known to Peterborough fans. The line-up includes Chilton Childs, the sensational goal-keeper, Jacobi the sterling defence player, Rowden the former Port Hope boy, who is a star forward, and other players who have been in action here before. The game is called at 8.30 o'clock. The reserved seat plan will go on sale at Warne's Drug Store to-morrow. The tickets will be quickly snapped up.

HOCKEY FANS HAD NIGHT OUT

LAKKFIELD TURNS OUT TWO WITNESS HOCKEY GAMES.

LAKEFIELD, Feb. 6.—Two games of hockey were played at the rink on Tuesday night. There was a large crowd of spectators and the excitement was great. The first game was the High School vs. The Grove School and after a thrilling tussel during which the fans yelled themselves hoarse, the game terminated with the High School the victors by one goal.

The second game between the Street Walkers and the Odd Fellows was also fairly close and wound up 7-11 in favor of the Odd Fellows.

The following is the line-up:

Street Walkers—F. Erskine, J. Sabatino, H. Graham, Nelson Ford, J. Hull.

Odd Fellows—C. Crawford, N. Blewett, H. Nelson, W. Murduff, Charles Crawford.

LINDSAY WARDER PAYS TRIBUTE TO THE WORK OF PETERBORO TEAM

(Lindsay Warder)

Something sudden, unexpected and somewhat remarkable happened at the Lindsay street rink last night when the Lindsay Intermediates were trimmed to a peak by Fr. Gorman's fast Peterboro team. It was a night of surprises and one of dismay and disappointment, for the visitors could not be held in check and won out by the large score of 8 to 3. Incidentally 350 red hot enthusiasts from the east came to celebrate the glorious victory of their pets, and needless to say the town was theirs, and they almost painted it red with red-eye.

Peterboro Fast.

Surprise! Lindsay fans were nonplussed and the home team bewildered. In the struggle— which might as well be called a battle—there were several outstanding facts. Lindsay players were not over-confident, did not lay down and certainly played their "heads off" in an effort to avoid defeat and pull out an eleventh hour victory when they stacked their entire team up on the forward line in the last period. The boys played hard enough but did not seem to get any results. On the other hand Peterboro were treated to the surprise of their lives. They did not expect to win, but were determined to give their supporters a good exhibition. They played their best game of the season last night and worked like trojans, every man jack on the team. They worked a two and three- man combination that had Lindsay faded off the map and their backchecking was fierce and wicked. Their defence played a wonderful game, both on the defensive and the offensive, and several times Pete Thornton (who is about as popular in Lindsay as two per cent. is in Peterboro) and Grover Halpin broke clean through the Lindsay line, one of the goals in the last period being the result of their clever work. Pete Thornton was very effective, and Halpin fast.

However, after all is said and the last word has been written, it cannot be denied that it was some game, with a capital, "S". It was lightning fast, hard to win and hard to lose It was a great victory for Peterboro and in suffering defeat the locals were not disgraced. The two teams have been very evenly matched throughout the season, and apparently Peterboro had a slight edge on the locals. They are particularly fortunate in having such a splendid trio on the defence. Murray is one of the coolest and best net guardians in the game, and big Thornton and sturdy Halpin block well and rush well. The Petes have beaten Lindsay twice on Lindsay ice, while Lindsay defeated Peterboro once and tied them once on Peterboro ice. In the matter of goals Peterboro has the lead.

It was a great game for the fans and it was the largest crowd in years—the largest since the time Stratford juniors played a championship game here. It is estimated that there were easily 1,3000 in the rink 350 of whom came from Peterboro and the rest from Lindsay, Oshawa, Oakwood, Omemee, Bobcaygeon and other surrounding towns and villages.

An 8-Man Team.

Peterboro has realy an eight man team. Every player, including the cubs, can skate well, has the weight and can stick-handle. The subs were a factor in the game last night and were effective. The two Thorntons played a whale of a game, especially the big fellow on the defence. Harry Thornton has improved in the last two games. The Rose boys are very fast and clever and Grover Halpin a tower of strength on the defence. In Murray, however, they have a little wonder. The Petes have a team that should beat Oshawa and give either Belleville or Kingston classy game.

NORMA TALMADGE COMING TO EMPIRE

In "The Isle of Conquest," Norma Talmadge's new Select special, the charming star again demonstrates that there is no height of expression too lofty for her.

Her versatility is generously drawn upon as she journeys through the roles of an innocent convent girl to an unhappy wifehood and thence to a life of isolation upon a tropical island with a lone man companion, there to find complete happiness and contentment. Always pleasing and capable, the star ascends to the full height of her emotional talents and holds the interest from beginning to end.

"The Isle of Conquest" is a fast moving drama treating with a young girl's marriage to a wealthy master, through the efforts of a designing mother. Later, the yacht upon which they are cruising is wrecked and she finds herself safe upon an uninhabited island with a stoker from the ship's hold. Months of isolation kindles within them a mutual love and, all hope to rescue having perished, they are preparing to enact their marriage rite when suddenly her husband appears to return her to his world of sham. Here the circumstances become tragic, concluding with an unexpected and sensational climax.

The play was adapted to the screen by John Emerson and Anita Loos from Arthur Hornblow's novel, "By Right of Conquest," and was directed by Edward Jose. It will appear at the Empire theatre for three days beginning Monday.

CURLING

Schedule Games, February 4th.

J. Penrose, A. Davidson, R. F. Downey, E. L. Bowes, Sk. 12	M. J. Swanston, M. J. Roche, C. S. Brown, W. G. Menzies. Sk. 6

Mrs. W. A. Sanderson —4. Mrs. A. E. Coulthard—5

A HOCKEY POOL.

Would you kindly publish an answer on the Lindsay-Peterborough game. The score was 8-3. In a pool A had 8-6, B had 7-4. Would you please settle an argument as to who should win the pool, and oblige,

A Hockey Fan.

B wins.—Sporting Editor.

"AUCTION OF SOULS"

THE STORY OF RAVISHED ARMENIA

Aurora Mardiganian herself living again in pictures her unimaginable experiences during two years of slavery in the hands of the Kurds and in the Harems of the Turkish Pasha, as told in the sensational book by H. L. Gates "Ravished Armenia" has been done into a motion picture by W. N. Selig and released under the title of "Auction of Souls". This picture depicts the true sufferings of the Armenians at the hands of the Turks. The scenes are supported throughout by quotations from the official report of the Bryce Commission on Armenia Lord Bryce, who with Lord Gladstone attended a private exhibition of the film at Queen's Hall, said that all the statements in the report were true and, if anything fell short of the facts.

The management of the Allen Theatre has gone to great expense and trouble to secure this picture in order to run it in conjunction with the local appeal for the Armenians. A per cent. of the proceeds will be donated to the Armenian fund. The public is notified of thefollowing conditions under which this film is being shown. No person under the age of twenty-one will be admitted. All matinees on next Wednesday and Thursday will be for ladies only. At night two performances will be shown. From seven to nine ladies only will be admitted, and from nine to eleven the picture will be shown for men only. Mrs. W. R. Morris will address the women on Wednesday night at seven o'clock, and Mr. R. R. Hall will address the men at nine o'clock sharp

MUSIC AND DRAMA

AT THE GRAND

The Grand Opera House last evening presented a programme which made one of the biggest hits with the large audience that has been made this season. The entire vaudeville programme was different to any yet presented here. Swain and Ostman, comedy acrobats did some dip and dive acts which were unusually clever, Bergman and Edward in a burlesque of "Thee Weaks" were sufficiently breezy to merit continuous encores, Arthur and Leah Bell put on a clever ventriloquist act while the Mabel Fonda Trio of jugglers made the hit of the evening in an excellent juggling act.

The Pictures

Sessue Hayakawa in "The Illustrious Prince' maintained the enviable reputation he has already won on the screen. A bare narration of the picture is inadequate the tragedy being intricate and sufficiently complicated to hold the audience in breathless expectancy. Hayakawa as the prince seeking in London to avenge the ruination of his father's honor meets the Englishman De La Mar, who brought disgrace to his family at a dinner party in the Duke of Devenham's home and recognizing him as the man he has sought for years invites him to his home, a glorious piece of the East transplanted into the heart of London and here has the man identified by his servant. That evening while waiting at Hyde Park for the Duke of Devenham's pretty wife with whom he intends to leave England knowing he has been recognized by the Japanese Prince, De La Mar is murdered and the guilt centres upon the Prince. However, his innocence is proved and the Jap servant confesses to the murder.

A strand comedy which was also shown was heartily applauded and thoroughly enjoyed.

A PICTURE OF THRILLS AND BEAUTY

What are Peps

Peps provide a new treatment for coughs, colds and lung troubles. They are little tablets made up from Pine extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed down direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps are revolutionizing the treatment of colds and their price is within the reach of all. All dealers, 50c. box. Send 1c. stamp for FREE TRIAL PACKAGE.

LICENSE FEES FOR ROAD UPKEEP.

The Stratford City Council endorsed the resolution of the London City Council asking legislation to apply license fees for automobiles towards upkeep of roads.

NOW NURSING TWO FROSTBITTEN TOES

SECURED TABLECLOTH FOR RETURN OF MONEY.

In a communication to the Examiner regarding a case which was tried in the city by Magistrate Langley on January 15th in which Mr. P. G. Walker, Indian River, was accused of removing a table cloth from the home of Mrs. Borland and subsequently fined $10 with costs, Mr. Walker makes a complete explanation of the affair. He says in part:

"To avoid any mistake in the identity of the Miss Borland from whom the cloth was taken I might say it was Miss Agnes Borland. Some time ago she agreed to knit two pairs of socks for me for $1 and after knitting a small portion of one of the socks threw over the contract. After having called at her home several times to endeavour to have the job finished I demanded the return of the money and yarn and succeeded in getting the yarn but was refused the money. Upon her refusal to return the dollar I picked up a cloth and told that as I had as much right to the cloth as she has to the money I would keep it until the money was returned. Mr. Walker concludes by referring to the fact that due to not having the socks he is at present nursing three frost bitten toes.

Voice Of The People

Peterborough, Feb. 4th, 1920.

To the Editor, Evening Examiner, Peterborough.

Dear Sir:—

In your edition of the 2nd inst., the newly created Development Commission starts off by asking the City Council for a grant of Fifteen Hundred Dollars ($1500.00) for a topographical map of the City. I am much surprised indeed to see a man like ex-Mayor George Duncan lending his name to any such wild dream. Fifteen Hundred Dollars ($1500.00) today would not purchase the instruments required to do this work. Someone will say I am trying to knock this Commission. I am not trying to do anything of the kind. I know what I am speaking about, I have been making surveys, plans and maps for over thirty five years and I would not undertake to make an accurate topographical map of this City for Fifteen Thousand Dollars ($15,000.00-.

What a lot of accurate topographical information can be obtained at an altitude of four thousand feet. What a beautiful picture the Hunter street bridge will take in the early spring "when conditions are ideal."

Where is this orgy of expenditure going to stop, what is the tax rate going to be in Peterborough—who will want to own a home here ten years hence at the present rate of civic expenditure.

At the very inception of this Hunter street bridge construction I did my very best, through your valuable paper to warn the Mayor and Council of that day what they were up against. How does this bridge construction stand today. They bring an Engineer down from Toronto—(of course there are no Engineers in Peterborough competent to undertake this work)—he gets the Mayor and City Council of that day to sign a cast-iron agreement with him—what do the ratepayers of Peterborough think of clause six of this agreement which reads:—

"The City shall pay all inspectors and the persons required for inspection purposes by the Engineer, and the Engineer shall not be called upon to pay any wages or remuneration to such inspectors, but he shall nevertheless have the right to employ such inspectors and to dismiss them as he sees fit."

This Engineer then, prepares plans and has the contract let to outsiders (of course there are no contractors in Peterborough competent to undertake this work) and now this Engineer is trying to find a foundation on which to erect this immense 235 ft. experimental reinforced concrete span, information that should have been ascertained beyond peradventure before any plans were prepared or any contract let.

Mr. Barber, at the very inception of this work, in reply to one of my letters called me to task, and asked me if I thought the Ontario Railway and Municipal Board would sanction his plans for the bridge if they were not properly and scientifically prepared. Will Mr. Barber now be man enough to admit that my contention was right and that no Engineer that ever was born could properly or scientifically prepare plans on the information he then possessed? Let me tell Mr. Barber that the Ontario Railway and Municipal Board passed his plans on the information given to them by Mr. Barber and that the abutments for this immense span would rest on solid rock at a depth stated by Mr. Barber. Will the Ontario Railway and Municipal Board now pass the plans for this immense span as altered by Mr. Barber to cover up his past mistakes? Let our worthy Mayor and Aldermen be sure they have the sanction of the Ontario Railway and Municipal Board to build this span on the foundation as it really exists, before they pour any more of the people's good money into this sink hole. I want to again tell Mr. Barber that no one can tell him at what depth he will strike solid rock—he may strike what is apparently solid rock at a depth of 60 or 100 feet, but the most eminent Geologist in Canada cannot say when solid rock is reached. The limestone formation which underlies this City is not a solid formation but is made up of layers or shelves with clay intervening.

If our present worthy Mayor and Aldermen cannot tear themselves away from this present one-span fetich of Mr. Barber's, if they will not like sensible men make a three or at least two-span graceful steel structure capped with concrete, there is but one course Mr. Barber can pursue. Nothing short of a caisson to be filled with concrete or steel shelled concrete piles will suffice for anything like the foundation required to bear the weight and pressure of such an immense span.

Again I respectfully ask our worthy Mayor and Aldermen to halt. You are bound hand and foot to pay this Engineer "four per cent. of the cost of the said high level bridge." What amount will this four per cent be on, Two Hundred and Forty Thousand, or Four or Five Million Dollars.

Respectfully yours,
J. W. FITZGERALD.

The Value of Saving

All successful men began by saving. Later, perhaps, they invested, but they first had to accumulate capital.

The first step towards wealth is to open a Savings Account. The second is to save regularly.

THE CALL FROM ARMENIA

NEAR EAST NATIONAL COMMITTEE SENDS ENCOURAGING MESSAGE—THE GIFT OF AN AGED WESTERN ONTARIO WOMAN.

MAY INSPIRE ACTION IN UNITED STATES.

Another message which will give encouragement to readers who have generously concerned themselves with this campaign on behalf of a martyred Christian people came from Chairman James L. Barton of Boston, head of the United States National Committee of the Near East Relief, which includes among its membership ex-President Taft, Hon. Elihu Root, Herbert Hoover and other eminent Americans. It is as follows:

"I know of no charity more worthy, no place where funds will go farther for the saving of life and of a nation."

At a time when there seems to be considerable doubt as to whether the United States as a nation proposes to send forward the substantial vote to the stricken countries of the Near East recommended by Mr. Hoover, it will be gratifying to Canadians to know that their example is proving an impetus toward starting in neighboring Republic funds similar to that which they have created, and which they are daily replenishing here.

"DID CAST IN ALL THAT SHE HAD."

Another of those heartening incidents with which the development of this campaign has been studded came from a centre in Western Ontario.

An aged woman of 83 years, living alone in a little three-roomed cottage, and having, with which to meet the cost of living problem, an income of only $110, was told of the starving Armenians and of the fund being raised to feed them. She was deeply moved. Without the occasional gifts of friends she could not live herself. To be generous with their benefactions did not seem right. But at Christmas there came to her two United States cheques, which combined yielded an exchange of eighty cents.

"This," concludes the letter, "she considers her very own, to do with as she chooses. So she joyfully contributes it to your fund, and yon will find it enclosed."

HOW TO MAKE YOUR HAIR BEAUTIFUL

Ten Minutes' Home Treatment Works Wonders, Stops Falling Hair and Dandruff and Makes the Hair Soft, Brilliant, Lustrous and Fluffy.

Better than all the so-called "hair tonics" in the world is a simple old-fashioned home recipe consisting of plain Bay Rum, Lavona (de Composee) and a little Menthol Crystals. These three, mixed at home in a few minutes, work wonders with any scalp. Try it just one night and see. Get from your druggist 2 oz. Lavona, 6 oz. Bay Rum and 1-2 drachm Menthol Crystals. Dissolve the Crystals in the Bay Rum and pour in 8 oz. bottle. Then add the Lavona, shake well and let it stand for an hour before using. Apply it by putting a little of the mixture on a soft cloth. Draw this cloth slowly through the hair, taking just one small strand at a time. This cleanses the hair and scalp of dirt, dust and excessive oil and makes the hair delightfully soft, lustrous and fluffy. To stop the hair from falling and to make it grow again, rub the lotion briskly into the scalp with the finger tips or a medium stiff brush. Apply night and morning. A few days' use and you will not find a single loose or straggling hair. They will be locked on your scalp as tight as a vise. Dandruff will disappear. You will find fine downy new hairs sprouting up all over your scalp and this new hair will grow with wonderful rapidity.

Any druggist can sell you the above. The prescription is very inexpensive and we know of nothing so effective and certain in its result.

Cinnaform Pastilles

heal sore throats, quinsy and tonsilitis—break up coughs and colds—because they destroy disease germs finding lodgment in the throat.

Box 7546 Examiner

WALTER M'RAYE GAVE ADDRESS IN LAKEFIELD TO THE WAR VETERANS

(Continued from Page 1)

land and at the Peace conference marked him as an outstanding figure, second only to Lloyd George himself.

India responded to the Empire's call with men and money beyond all expectation and as the war went on the garrison troops were gradually removed from India until none remained. The native princes vied with each other in their gifts.

Second Great Event.

Then the second great thing in the war was the British navy. Without the British navy the war would have been over in ten days with a German victory. The British navy with its blockade, its protection of the trade routes to the allied and neutral countries, was one of the greatest factors of winning the war. They transported food, fuel, munitions and men, they made it possible for the United States to send two million men to France, and 75% of them were taken on British boats. (Loud Applause.)

At no time in her history has Britain possessed a large standing army until the great war just ended made it necessary to raise one and then the response was marvellous. More than five milion men were raised voluntarily and with the volunteer contributions of the colonies an enormous army was put in the field, an army that fought on eighteen different fronts and made the name of the British soldiers an undying one.

A navy will not conquer great tracts of land and Britain's navy has never been used for conquest. It has protected and kept open the trade routes of the world.

Merchant Marine.

The merchant marine service is one of which too much cannot be said; the men did heroic work and thousands died and more were disabled in playing their noble part, in the great war. They were on the cargo ships in trawlers, mine sweepers and auxiliary cruisers and to-day we should take our hats off to these brave fellows.

In Canada there is unrest to-day and if we look at our histories we find that history is repeating herself. After the peace that followed Waterloo, we read of the unrest that gripped the people in which the Victory was lost sight of in thier own private grievances. We expected the Millenium was about to be ushered in when peace was signed and we have not yet recovered from the disappointment. The soldier returns from overseas and finds prices abnormally high and his wife struggling to keep her family together on a mere pittance, being continually reminded by the so-called philanthropist of "look after the penni es the dollars will take care of themselves". The difficulties of the soldier in settling back into civil life cannot be appreciated by the civilian.

Not Same Canada

The Canada he finds on his return is not the Canada of his dreams, not the Canada he fought and bled for. Profiteers and an inefficient government have made it far from what it should. The Union Government was sent to Ottawa with an overwhelming majority because they promised to enforce conscription and how did they keep that promise. In Quebec it was and is a joke and in the rest of Canada it was hardly worth while as only about 42,000 went overseas and of these comparatively few saw real service. Men like Sir Joseph Flavelle has and have become millionaires many times over and have been honored and banquetted. Things like that have made the returned soldier discontented.

The country is in a state of unrest that augers ill for the future if we do not insist on the rights of British citizens. The I. W. W. of Winnipeg tried to produce a general strike that would have paralyzed industry from coast to coast. These men who were Britishers by birth, in the main, have done a great deal of harm. The trades unions, a recognized British institution, which, in spite of a few errors, has a creditable record is doing its best to establish better conditions. Labor and capital must get together and put things on a better basis. We must produce more if we are to reduce the cost of living. Greater production is the only thing that will do it.

Mr. McRaye paid a tribute to the disabled men and urged that they receive greater pensions so that they could always have all they needed.

During the intermission between the first and second parts of the programme Miss Alice Hunter rendered a piano solo. Miss Hunter also played before the entertainment began.

Field Ambulance

Mr. McRaye spoke briefly on the work of the Field Ambulance with which he served.

The greatest credit he gives to the infantry men who took the greatest chances but of course his position would have been much worse if it had not been for the artillery behind who created the barage, the aeroplanes above, which were the eyes of the army, the Army Service Corps (despised as it was) who brought up the rations and the Field Ambulance which provided first aid and took the men back to the dressing stations back of the lines. At first they adopted at night observing a truce with going aut and gathering in the wound ed at night observing a truce with the enemy but the Germans did not respect the Geneva Convention and fired on the stretcher bearers and the Red Cross flag unmercifully. They violated the Geneva Convention also by flying the Red Cross flag over their ammunition dumps. The wounded were taken in as quickly as posed were taken in as quickly as possible and this entailed no small risk to those employed in this way. In fact their casulties per capita ranked second only to the infantry. The herosim displayed was wonderful and many incidents are told showing the untiring devotion to duty of these men. The field ambulance was in the support trench ready when the call for service came. The conditions in thise present war made it necessary to have a M.O. attached to each battalion and he looked after the ill fancied or otherwise of the men.

In the detachment Mr. McRaye belonged to they were privileged to enjoy the ministrations of that prince of padres—Canon Scott. Canon Scott was adored by the men and no compulsion was needed to get men to attend his services. He was absolutely fearless and no corner was too hot for him. His two sons served in the war and one of the two was killed and his body lay in No Man's Land for several days.

The Canon, who was then in another sector, came down and in company with a corporal, who volunteered for duty, went out to get his son's body. He found it and recognized it by a ring on the finger and there in No Man's Land he donned his surplice and buried his son according to the rites of the Church of England.

Conveying Wounded

The work of conveying the wounded to the comparative safety of the dressing station was trying and extremely dangerous as they had to be carried along the narrow trench which was usually muddy and full of pitfalls. Sometimes in a cellar of a ruined house. One of the latter was in the village of Loos near Crucifix Corner. Sometimes the wounded had to be carried three miles to the dressing station, from there they were taken to the hospitals. The poor fellows who were marked for "Blighty" were especially happy and th e"Blighty smile" was well known. Hospitals were established at Etaples La Treport, Boulogne and Rouen by the Canadians and were well conducted institutions. When the hospital at Etaples was shelled, with great loss, in the spring of 1918, it was moved to Trouville in Normandy and there they were in William the Conquerors country. He was buried at Caen and near Trouville still stands the tower where he imprisoned King Harold of England and made him take the oath of allegiance to him. Trouville was before the war a fashionable watering place.

Returned Men.

The Canadian soldiers who have returned should be better men for their experiences in the great war. Sixty thousand of their comrades made the supreme sacrifice and it is our duty to make Canada worth the sacrifice of those men who at Ypres salient, outnumbered ten to one, murmured through their set teeth, "they shall not pass" and who kept the line firm. These men put Canada on the map as a nation, a great nation who led both north and sonth America in the fight for democracy. They fought and died to make Canaad safe for democracy let us make democracy safe for Canada.

Mr. McRye paid a tribute to the magnificient work and sacrifice of the Canadian women and also to the wonderful comfort afforded to wounded men by the cigarettes against which many talked.

Mr. McRaye concluded his programme with several recitations including "The Habitant" and "Little Bateeste" by Drummond," "Family Pride" from the Saturday Evening Post and "The Story of 'erbert 'awkins" by Service.

The entertainment concluded with "God Save the King".

The ladies of the G.W.V.A. Auxiliary entertained Mr. McRaye and members of the G.W.V.A. at supper afterwards.

'ROUND TOWN

One can't help wondering how a shoe dealer can afford to make a reduction of "twenty-five per cent. off" his stock at a time when leather and labour are both advancing so rapidly. Thinking there must be some mistake, the proprietor of the "Walk-Easy" shoe store was asked the question:

"How do you harmonise your advertising a "quarter off" your shoes with the rising condition of the wholesale shoe markets?"

He replied: "I don't pretend to harmonise things, because I couldn't do it. I'm trying to 'realise' on two good stocks of footwear which I was lucky enough to buy at a fraction on the dollar of the invoiced prices from a couple of shoe men who wanted to get out of business the worst way. I am not making much at the reductions advertised, but I'm keeping faith with the public, because I want a quick turnover, and I am selling just as advertised in order to adjust my business in preparation for new spring stocks."

"Don't you figure on paying a big advance for your new spring stock?"

"Sure I do; but I have also to figure on making some sacrifices in business for a purpose. You know there are times in the retail trade when merchants are said to be profiteering, and there are other times when they sell goods at no profit, or at an actual loss. This is considered to be the merchant's own business, and no concern of the public. What's your size? Get in on the 25 per cent. off."

Walk-Easy's show window is quite a study just now. The intelligent window dresser has combined good display with catchy prices that attract lookers.

CABINET MINISTER RESIGNS.

(Canadian Press.)

LONDON, Feb. 6. — The British Food Minister resigns from the Cabinet.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy, Stomach and Acid Indigestion.

Doubtless, if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble — in some cases do get even give relief.

But before giving up hope and destroying you are a chronic dyspeptic just try the effect of a little bisgrated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisgrated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see if it makes a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn, and the bloated or heavy lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisgrated magnesia immediately after a meal you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and more over, the continued use of the bisgrated magnesia cannot injure the stomach in any way as long as there are any symptoms of acid indigestion.

Stomach Disorder

ONLY 6 MONTHS TO LIVE

READ WHAT B.B.B. DID FOR HIM

Mr. Hans Renkl, Magnolia, Alta., writes:— "Some time ago I became very sick from stomach disorder, which the doctor told me had started from drinking bad water. I tried local doctors, but finding I got worse from day to day I went to a doctor in Edmonton. He told me that I must have an operation, and that if I didn't I couldn't live any longer than six months. I told him I had better die after six months than be cut to pieces. I did not have the operation, but returned hom. No one was there to meet me at the station, because they did not know I was coming. I felt so bad I couldn't walk further than 10 yards without resting. It took me 6 hours to walk 2 miles; the distance from the station to my home.

Some weeks later I read an advertisement about your Burdock Blood Bitters. After I had used one bottle I felt much better, and after I had used three bottles I was completely cured; therefore you see your B.B.B. has saved my life, and I cannot praise it too highly."

Burdock Blood Bitters puts the stomach into shape by promoting perfect digestion, and restoring health and strength to the sysem. Manufacured only by The T. Milburn Co., Limited, Toronto, Ont.

No Matter How Disfigured With Pimples, Blotches, Blackheads or Muddiness The Use of Stuart's Calcium Wafers Works Wonders.

You will be astonished to see the wonderful change that so often takes place in just a few days after using Stuart's Calcium Wafers.

Pimples, blotches, liver spots, blackheads, muddy complexion and skin eruptions affect the skin because it is one of the natural outlets of the body and to rid itself of impurities. If you supply it with the proper materials it will convert these skin poisons into a harmless substance to pass off instead of forming ugly accumulation in the skin. These Wafers contain the best skin purifier known to science—Calcium Sulphide.

Get a 50-cent box to-day of Stuart's Calcium Wafers at any drug store.

TELL THE WORLD THIS WOMAN SAYS

That Lydia E. Pinkham's Vegetable Compound made Me a Well Woman.

Los Angeles, Cal.—"I suffered with female troubles for years, was sick most of the time, was not able to do my own housework, and I could not get help from doctors. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers, and took six bottles, and am a well woman. You can use my name to tell the world the good your medicine has done me as I shall praise it always."—Mrs. A. L. DeVore, 647 St. Paul Avenue, Los Angeles, Calif.

Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should do as Mrs. DeVore did, and give Lydia E. Pinkham's Vegetable Compound a thorough trial.

For over forty years this famous remedy, which contains the curative, strengthening properties of good old fashioned roots and herbs, has been correcting just such ailments. If you have mysterious complications write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

WHY BATH INSPIRES SONG.

London Professor Says Note is Struck by Running Water.

LONDON.—"Sounds of the Town" was the subject of a lecture for children the other day by Professor W. H. Bragg at the Royal Institution. He delighted his juvenile audience by his experiments in explanation of familiar noises in the house—the roar of the wind in the chimney, the drip in the bath ,the echoings of an empty room, the singing of the kettle, and the creakiigs that are heard when the house is still at night.

"Why do so many people sing in the bathroom?" asked the professor, and the girls and boys broke out into laughing, remembering the impulse that seizes them to break out into song when they are having a bath. The professor explained that the note is struck for them by the running water. He also pointed out that, while the voice sounds resonantly in the bathroom, it is not half so fine or inspiring when the song is continued in the dressing room. The reason is that the furniture of the dressing room tends to deaden the reverberations.

The explanation given of the singing of the kettle was that the bubbles or steam formed at the botton, nearest to the flame, tried to get to the top, and coming into contact with the water of a lower temperature fell back again with sounds like tiny hammer strokes on something solid.

FIFTY YEARS IN PRISON.

LONDON. — "This old man has been fifty years in prison," said a solicitor at Marylebone when George Lawrence, 75, was charged with stealing a clock, value $50, from the office of the divisional superintendent at Paddington Station.

Three terms of ten years were included in the man's record. "It is true, I am sorry to say," said the prisoner; "but I would point out that I never steal anything of value. I have never done burglary or been guilty of violence."

Mr. d'Eyncourt sentenced him to six months' imprisonment, and said he hoped that if he were charged again he would be indicted as an abitual dhrunkard.

OBITUARY

MRS. D. CARLAW.

Mary Eleanor Carlaw, beloved wife of Mr. D. Carlaw, passed away at the family residence in Belleville as a result of pneumonia after an illness of some duration. Mrs. Carlaw was the daughter of the late Abraham Free and was born in Seymour township. She had been a resident of Belleville for many years. She was held in the highest esteem by a wide circle of friends who sincerely mourn her death. She was a member of John St. Presbyterian church and church work claimed much of her attention.

To mourn her loss she leaves her husband, two sons, H. B., of Toronto and R. F., of New York, and two daughters, Mrs. James Mackintosh, of Peterborough, and Mrs. R. H. Bonneycastle, Jr., of Belleville.

MRS. JOHN C. HOPE

Isabella W. Miller, wife of John C. Hope, died Wednesday evening, at the family residence, Lot 22, Concession 6, Otonabee, aged 61 years and 2 months.

Mrs. Hope was a daughter of the late John Miller, was born in Otonabee and had lived there all her life.

She leaves behind, besides her sorrowing husband, six children, three sons, Richard on the adjoining farm and John and William at home and three daughters: Mrs. S. Graham, Westwood, Mrs. Allan McKewan, Riverdale, Sask., and Edith at home, one brother John Miller, 22 Woolsey street and one sister, Mrs. P. J. McFarlane, Keene.

The funeral will take place at 2 o'clock on Monday, February 9th., from her late residence, Lot 22, Concession 6, Otonabee to Keene Cemetery.

SOCIAL AND PERSONAL

Miss Meta Mairs, of Toronto, is in the city for the week-end, visiting Miss Elinor Collins.

Mr. Bruce Lawrie, of Woodstock, Ill., is visiting his sister, Mrs. James Arnott, of Otonabee.

The condition of Miss Marjory Hatton and her brother Edwin, who are seriously ill in Toronto, shows improvement to-day.

Adjutant and Mrs. Burton were called to Toronto yesterday by the death of the latter's brother after a somewhat lengthy illness. Mrs. Burton will have the sincere sympathy of her many friends in the loss of her only remaining brother.

MANUFACTURERS HELD MEETING

BUILDING FOR EXHIBIT OF PETERBORO PRODUCTS.

The regular monthly meeting of the Manufacturers' Association was held last evening in the Board of Trade rooms with a full attendance.

The chairman, W. R. Breyfogle, referred to the encouraging state of business among the industries of Peterborough and of the resulting need of more skilled mechanics.

Attention was called to the publication of anonymous letters in the newspapers making untruthful statements about wages. The fact is that wages are high, and higher in some spots in Peterborough than in other cities of Canada.

The Association recently made an investigation of this matter and found that Peterborough does its full share in making wages and conditions attractive.

Besides, living conditions, including rent, are far more helpful to the workers than in other cities. One may exist in other cities, but one really lives in Peterborough.

Chairman Breyfogle recently assured the Industrial Fair Board that the Manufacturers of Peterborough desired to make a real exhibit at this year's fair.

At last night's meeting the Association went further and proposed that a special building be erected for an exhibit of Peterborough's manufactured products.

The Fair Board will be asked to select a site for this building and make an estimate of its cost.

The members of the Association will also work with the workers in all plans to make sport, athletics, aquatics and out-door recreation a real feature of the civic life of Peterborough.

SINN FEIN FLAG WAS REPLACED BY THE CIVIC FLAG

(Canadian Press.)

DUBLIN, Feb. 6.— The civic flag replaced the Sinn Feinn banner over the city hall when the Municipal Council met to-day. The Council did not take up the proposal that the mace and sword be removed, on the ground that they were "implements of feudal authority, relics of barbarism and perpetual symbols of servitude." Application has been initiated in the King's Bench division for the release of the recently elected Lord Mayor, Tom Kellly, who is in Wormwood Scrubbs Prison.

TROOPS PROTECT THE HEADQUARTERS

COMMENT ON THE ALLIED DEMAND FOR GERMAN WAR PRISONERS.

(United Press)

LONDON, Feb. 6.—Troops protecting the headquarters of various foreign missions in Berlin have been reinforced because of excitement caused by the allied demand for surrender of German war guilty, an Exchange telegraph dispatch from Berlin to-day said. The German Government according to the dispatch will appoint a new charge D' Affaires in Paris to replace Herr Von Mayer. The cabinet, the dispatch said, was drafting a reply to the allied demand Government leaders have been asked to attend a meeting of the foreign affairs committee on Sunday.

The allied demand for surrender of Germany's alleged war guilty "is an act of revenge worse than Shylock's" Gustav Noske, minister of Defense in the Ebert Government was quoted as saying in an interview cabled to the Daily Mail to-day. The surrender of the accused Germans is a "practical impossibility. Even if the accused men were arrested. "Crowds of Germans would not allow their train to cross the frontiers, and I would not order them shot by our troops" said Noske.

SERIOUS DIFFICULTY
(Canadian Press.)

LONDON, Feb. 6.—The action of Baron Kurt Von Laraner in refusing to transmit the list of Germans demanded by the Allies for trial to his government, if supported by his government, has placed the Allies to somewhat of a dilema is the belief of the moderate Liberal press here. No event since the Armistice has created such a sensation or aroused so much curiosity as to how the crisis will be surmounted. The number and character of names included in list of persons demanded proved a surprise, and while the newspapers of reaction tendencies loudly demand the employment of strongest measures to enforce thesurrender of the men, the more moderate exponents of Liberal opinion do not hesitate to point to the serious difficulties facing Allies.

NOTE DELAYED
(Canadian Press.)

PARIS, Feb. 6.—Final consideration of the new note to be sent to Germany as result of the failure of her representatives here to transmit the list of accused Germans demanded for extradition and the letter prepared to accompany it was deferred by the Council of Ambassadors at its session this morning. The postponement was caused by the non arrival in Paris of Lord Birkenhead and Sir Geordon Hewart who are delayed in their journey from London by fog in the English Channel. The question will be taken up this evening after arrival of British representatives.

A settlement of the present conflict between the Allied powers and Germany relative to the surrender of Germans may determine the value of the Versailles Treaty, according to views of French journals. Several declare that the Allies must call for the execution of guarantees provided in the treaty.

Neutral Trial.
BERLIN, Feb. 6.—The German Government will probably be willing to surrender its nationals charged with war crimes to be tried by neutral tribunal, if the entente will agree, says the "National Zeitung". The Swiss Government, the newspaper declares has signified its readiness to arrange such a tribunal.

HOSTILE TOWARDS FRENCH SOLDIERS

(Canadian Press.)

BERLIN, Feb. 6. — Disturbances followed the arrival of French troops at Gleiwitz, Silesia, on Wednesday.

An excited crowd attacked several French officers with sticks and stones, and some officers were injured.

General Gracier was struck in the face with a bottle and slightly hurt.

Earlier in the day an anti-French demonstration took place in the streets of Gleiwitz, and a crowd attacked a deputation of Poles awaiting the arrival of the French troops at the railway station.

The Poles were badly beaten, their flags destroyed, and the flowers which they intended to give to the French troops were torn to pieces by the mob.

THE SWARTZ SALE GOING AT A LIVELY CLIP

Be prompt to choose at the Swartz Sale, 432 George Street, as this is an opportunity to secure extraordinary values that have only a short time to run. Join the thrifty throng who have benefited through the substantial savings—in many cases fully one-half regular less than most other stores. Do not overlook reading the extensive list of sacrificing prices in the hand bills and newspapers. Really, the reductions are surprising in such things as blankets, curtains, sweaters, underwear, wool scarfs, corsets, hosiery, and gloves. And when it comes to boots and furs and millinery, the red price tickets show still more surprising reductions. There's not a lady but what will find heaps of wonderful ways of making their money do double duty. Bargain tables afford many chances of selecting at the clear-away prices. All reductions are made with the view of a quick clearance, as Mr. Swartz wishes to be relieved of business without delay.

THE GERMANS WILL RESIST THE DEMAND

ERZBERGER CLAIMS THE WHOLE GOVERNMENT THINKS AND ACTS AS HE DOES.

PUBLISH LIST

(By Carl D. Groat, United Press Staff Correspondent.)

BERLIN, Feb. 7.—Germany will resist to the uttermost the Allied demand for the surrender of the Teuton war guilty, according to statements of prominent leaders to-day.

"The whole Government thinks and acts as I do," Mathias Erzberger, the Minister of Finance, told the United Press. "We are in complete agreement with the will of our people," Erzberger added.

Erzberger is credited with being one of the strong men in the Government who forced Germany to sign the Versailles Treaty.

Field-Marshal Van Hindenburg and General Eric Ludendorff, whose names are prominent in the list of accused, both take the stand that no officer shall surrender himself voluntarily upon delivery of the demand.

The Lokal Anzeigler said it was denied officially that Germany will propose to the Allies that the war guilty be tried before a neutral Court.

Germany's only proposition will be that the accused be tried before a Teuton Court at Leipzic, with the Allied Powers fully represented.

The Entente list will be published on Saturday or Sunday, according to semi-official information.

AN UNPRECEDENTED CRASH IN FOREIGN EXCHANGE AT BREAK IN MARKET, FEATURES OF WEEK

(Canadian Press.)

NEW YORK, Feb. 7.—An unprecedented crash in foreign exchange, call loans as high as 25 per cent., and stiffer rates for the more necessary form of financial accommodation were the central features of this week's turbulent and reactionary stock market. The collapse of international credit quotations brought expert conditions to a standstill for the time and excited gravest misgivings respecting the foreign trade movement. This was heightened by rumors of embargoes on various exports from this country, especially cotton. The selling of stock represented a mixture of enforced liquidation and bearish pressure, the former probably predominating. The banks withdrew funds to meet government payment and other usual sources of supply were closed to speculative accounts.

Extreme reactions for the week ranged from 10 to 45 points in wide variety of stocks, especially oils, motors, equipments and shippings. Many low-priced specialties were sacrificed at gross recession of five to 25 points. Favorable developments were ignored or obscured by pessimism which marked the course of foreign exchange. Reports that leading steel mills have sufficient orders to run at full capacity for home consumption into second and third quarters of the year elicited little interest. Reactions in some of important commodity prices, such as cotton, provisions and cereals were in keeping with stock market losses but opinion prevailed that much remains to be done if foreign exchange is to be even partially stabilized.

CONFERENCE RAILWAYMEN TO BE HELD

THEY ARE DISSATISFIED WITH THE CONDITIONS UNDER THE M'ADOO AWARD.

LONG HOURS

(Special to The Examiner.)

MONTREAL, Feb. 7.—Claiming that new conditions under the McAdoo award have a tendency to reduce wages, railwaymen in Canada are much dissatisfied and unless conditions are remedied, threaten to avail themselves of the means at hand to enforce their demands.

When the McAdoo award was put into effect in the United States, Canadian railways made it apply to their railways also. This has been entirely unsatisfactory to the trainmen, who allege discrimination.

One official of the Brotherhood says that to make a living wage at present, the men are compelled to work anywhere from ten to fourteen hours daily, and where eight hours are worked daily, the men do not receive sufficient remuneration upon which to exist.

At a meeting in Montreal, a letter was signed by the chairman of every local lodge, and forwarded to general headquarters at Cleveland, stating the facts of the case, and asking sanction to take strike action.

The Canadian General Committee has been in constant communication with the Grand Lodge in connection with the case, and the officers are well acquainted with the facts.

In the very near future another conference will be held at Toronto, when the Order of Railway Conductors of America, Canadian Division, will

CHANGE IN ATTITUDE OF THE BRITISH

THE FRENCH PAPERS COMMENT ON THE DEMANDS FOR MODIFICATION OF TREATY.

COUNCIL MEETING

(By Henry Wood, United Press Correspondent.)

PARIS, Feb. 7.—British legal authorities, appearing before the meeting of the Council of Ambassadors last night, urged the modification in the severity of the Allied demands for German war-guilty, it was said to-day.

Lord Birkenhead, the British Lord Chancellor, and Sir Ernest Pollock, Solicitor-General, were sent from London to present the British view, which, it was understood, was a virtual reversal of the previous attitude of the London Government.

The French press to-day was "greatly astounded by the change in the British attitude."

The Paris morning press to-day generally believed the strength of the Government of Premier Millerand had been strengthened greatly by the vote of confidence in the Chamber of Deputies late yesterday. The vote was 500 to 70, and followed Millerand's declaration that France will insist that Germany will carry out in full the terms of the Versailles Treaty.

Wage Increase For Express Employees

UNCLE SAM LOSES ON THE HEAD TAX

(Special to The Examiner.)

WINNIPEG, Feb. 7.—Here is one place Uncle Sam is losing in the drop in Canadian exchange. The head tax for immigrants entering the United States from Canada still remains in Canadian currency.

Local United States immigration officials state that the rate is $8.00 a head, with the result that every Canadian crossing the border means, at the present rate of exchange, a loss to the United States Government of $1.16.

With immigration to the United States running into thousands yearly, the exchange rate reduces the returns to the United States treasury.

Notwithstanding unfavourable exchange rate there has been no diminution of the customs importations from the United States, F. J. Allan, collector of customs for the port of Winnipeg, said to-day.

OVER SIXTEEN HUNDRED EMPLOYEES WILL BENEFIT—AGREEMENT SIGNED TO-DAY.

THE NEW SCALE

Special to Examiner.

MONTREAL, Feb. 6. — An agreement was reached to-day between the Canadian Express Company and its employees whereby over 1600 employees in every department of the service, obtain increases in wages varying from 6 per cent. to 20 per cent.

The increases with the additional conditions agreed upon will distribute among the employees, it is estimated, in addition to the present pay roll, over $225,000 a year.

For some days a Board of Conciliation consisting of Mr. Justice Fortin, of Montreal; Chairman, Mr. F. H. McGuigan, representing the company, and Mr. Fred Bancroft, for the employees, both the latter of Toronto, have been taking evidence in the enquiry into the dispute between the express company and its employees. Mr. John Pullen, the president of the company, Mr. W. E. Norman, western superintendent, and Mr. A. J. Seaton, eastern superintendent, represented the company before the board and Mr. J. Dundas of London, Ont., general chairman of the company's employees.

Mr. D. J. Gillespie, of Halifax, and President A. R. Mosher, of the Canadian Brotherhood of Railway Employees, represented the employees.

After many conferences between the representatives and the members of the Board an adjustment of every item in the dispute was made and an agreement signed before the Board, which has been sent on to the Minister of Labor.

The Terms.

General Chairman Dundas, who signed the agreement for the employees, stated that of the 1600 employees, including female employees, there are 400 in Toronto, 350 in Montreal, 75 in Winnipeg, and the others are distributed at various points from Halifax to Vancouver, including Hamilton, London, Guelph, Stratford, Niagara Falls, Windsor, St. Catharines, Sarnia, Kitchener, North Bay, in Ontario; and Quebec, Moncton, Ottawa and St. John among the other points. The employees included are train messengers, office clerks, wagonmen, scalemen, porters, depot foremen and other members of the office staff. The increases granted are as follows:

Employees receiving from $40 to $50 per month, 20% increase is granted.

From $50 to $55, 19%.
From $55 to $60, 18%.
From $60 to $65, 17%.
From $65 to $70, 16%.
From $70 to $75, 15%.
From $75 to $80, 14%.
From $80 to $85, 13%.
From $85 to $90, 12%.
From $90 to $95, 11%.
From $95 to $115, 10%.
From $115 to $125, 9%.
From $125 to $140, 8%.
From $140 to $150, 7%.
Over $150, 6%.

$125 a Year.

The increase works out at about $125 per year to each employee. In this agreement the employees have established time and one half rates for any work performed on the seventh day in a week. Six days per week is to be considered a week's work for the employees, and if they are called to work on a seventh then time and one half is to be paid, although the salaries are monthly salaries. If an employee is called to work on Sunday three hours pay at the regular hourly rates is to be the minimum compensation for the call. If only half an hour's work is performed after the minimum of three hours pay is exceeded then time and one half is to be the pay.

The train messengers have been granted what is known as detention time. If a train is late in arriving at the home terminal, after one hour has passed over the schedule time of arrival the messenger is to be paid overtime for every minute so exceeded. Messengers are also granted what is known as a "Twelve hour limit" for a turn around run. Where a messenger is engaged on a train which takes more than 12 hours of his time out of the 24, including the time he is off duty between train time, he is to be paid overtime.

COUNCIL WANTS MR. BARBER TO MEET THEM NEXT THURSDAY

NOT SATISFIED WITH PRESENT AFFAIRS AND ENGINEER'S COMMUNICATION THAT THE HARD PAN FOUNDATION IS SOUND ENOUGH.

INTERVIEW M'DONALD CO.

"I don't think there is any member of the council or any citizen who is satisfied with the way Mr. Barber has handled this work. We should demand more attention from him and if necessary get further advice before proceeding," said Ald. Whitehouse at the meeting of the Committee of the Whole Council last night.

It was finally decided upon Ald. Morrison's motion, seconded by Ald. Crowe, that the City Clerk write to Mr. Barber, asking him to meet the council here next Thursday night, whether or not he has completed the alterations to the plans of the Hunter street bridge necessitated by the failure to uncover a rock foundation for the eastern pier of the main arch.

In introducing this subject, Ald. Whitehouse stated that unless Mr. Barber was prepared to give what the council considered proper attention to the construction of the bridge that the sooner the city engage another engineer the better.

Ald. Hamilton explained that Mr. Barber blamed the man who made the borings for the east pier foundation. He was now preparing plans for a single span arch on the hard pan base.

Ald. Crowe said that the Council might apply for advice to the Engineering Institute, a branch of which had been formed in Peterboro. They had offered their services to the city in any conection in which they could be of public assistance.

Council is Uneasy.

Ald. Hamilton—The question is whether you are satisfied to take Mr. Barber's recommendation that the hard pan bottom is sufficient.

Ald. Copping—Absolutely not.

Ald. Phelan—How can we accept a hard pan foundation when Mr. Barber told us last year that a bridge of that size could not be built on anything but rock.

Ald. Jones—We had better hear his explanation first.

Ald. Whitehouse—But he seems indifferent. How long is it since he was down here?

Ald. Phelan—Not once this year, anyway.

Ald. Hamilton said that Ald. Phelan had favored a steel arch and was never perfectly satisfied with a concrete arch. The council on a number of occasions had expressed itself last year as satisfied with a concrete arch.

Ald. Phelan—We were satisfied when he said the arch would be built on rock. We would have had a different opinion had we known that it was a hard pan foundation.

Ald. Gainey—Will the Russell-Townsend guarantee the arch on hardpan? They guaranteed it on rock.

Ald. Hamilton—Mr. Townsend assured me that he was satisfied with the foundation he was getting.

Ald. Gainey asked who was responsible for the falling in of the excavation and intimated that the sides should have been buttressed to prevent a cave in.

Ald. Hamilton—Probably the engineer was.

Ald. Jones—We cant' do anything here until we get in touch with the engineer.

There was some reference as to who was liable for the extra cost recently occasioned.

Ald. Phelan—I move that the city seemed to be the only paying party.

Interview McDonald Co.

Ald. Phelan and Ald. Hamilton were appointed a sub-committee to interview the management of the McDonald Lumber Company, for the purpose of finding out what they would be satisfied with in regard to the piece of land they desire to buy from the city. The committee will report back.

Mayor McIntyre—I thought we had sold them the lot.

City Clerk Armstrong explained that a bylaw had been passed authorizing the council to sell the north part of Crescent street as shown on the map, but at present unopened.

It was stated that the company had put up a building on their own property and that they might not need the section of Crescent street.

Ald. Crowe—Mr. Dick, the manager of the company, told me that was only a temporary building and that they would build a bigger one in the spring. That was why they wanted a deed from the city.

Ald. Hamilton—I don't want to see the street closed up. We might need it some time, and the company might be satisfied with a lease. I have in mind a park at Burnham's Point, and we might want that street to get to it some day.

Ald. Crowe.—There is another street there.

Ald. Hamilton—We might want this one too.

Ald. Gordon—Get a definite statement of what they will do in the way of buildings. If they will do certain things they should be encouraged.

City Clerk Armstrong read a recent letter from Mr. Dick, which was in substance that the company intended to put up an additional building for the assembly of their boxes. They asked for consideration from the council in order that they could proceed with their enlargement.

Ald. Morrison—Sell them the lot.

Ald. Whitehouse—If they get only a lease it might affect their building plans.

The committee agreed to ascertain from the company what they proposed to do in regard to expansion, and with what they would be satisfied.

The bylaw provides for the sale of the lot for $540. The company wants to conclude the deal and secure title to the property.

FAIRBANKS AT GRAND THEATRE

GREAT STUNT-MAKE WILL BE SEEN IN NEW PICTURE.

"Some folks get a great deal of excitement from picking up a poker hand to see what they have drawn but for me, the real pleasure in life is in trying out new climbing and jumping stunts just to see what will happen to me." This is how Douglas Fairbanks says he feels when he was questioned about some of the reckless stunts he does in his next production "When the Clouds Roll By," which will be shown at the Grand Theatre on Monday, Tuesday and Wednesday of next week.

While Doug was waiting in the studio for some lighting effects to be worked out in one of the sets, he climbed to the top of one of the studio buildings and jumped some thirty feet into a hedge fence that bordered the lot.

"How did you know that the hedge would break your fall," he was asked.

"I didn't know whether it would or not, that's the reason I jumped.

DONATIONS TO ARMENIAN FUND

Received February 6, 1920.

GERMANY HARD UP.

(Canadian Press.)

LONDON, Feb. 7.—Former Premier Asquith, in a speech last night, said that two billion pounds was all the indemnity that Germany can pay. The balance should be cancelled.

DIFFICULTY OVER THE BOND SALE

(Special to The Examiner.)

WINNIPEG, Feb. 7.—Obstacles have arisen over the bond issue of $2,498,000 recently floated by private tender by the Hon. Edward Brown, Provincial Treasurer. Mr. Brown is now in Toronto in an attempt to solve the complex situation which has arisen, while wires are being flashed back and forth all day between the Provincial Treasurer and the Norris Cabinet.

Bonds were purchased by the Merchants' Bank of Canada for Toronto brokers at 5.75 for ten years. The sale was at 101.86.

BUILDING PERMITS FOR PAST WEEK

PETERBORO CREAMERY WILL EXPEND $5,000 ON ADDITION.

Though few in number the building permits issued this week at the City Hall were for larger sums than have been issued for some time.

12 inch mixed wood, $4.00 load.
12 inch mixed hardwood, $5.00 load.

Telephone 86, Peterboro Planing Mill Wood Yard. 2810

WERE IMPRESSED WITH PETERBORO

PRESIDENT AND VICE-PRESIDENT OF TRANS-CANADA THEATRES LTD. IN THE CITY.

Mr. H. W. Beauclerc, president of the Trans-Canada Theatres, Ltd., and Mr. George E. Driscoll, vice-president and assistant to the president, were in Grand Theatre, which was recently acquired by the company.

Both Mr. Beauclerc and Mr. Driscoll were very favourably impressed with Peterborough and their property here. They inspected the Grand Opera House last evening, and made several recommendations which will add to its facilities for handling high-class productons, and also contribute to the comfort of its patrons.

Mr. Beauclerc and Mr. Driscoll expressed surprise at the failure of Peterborough theatregoers to patronise high-class all-British productions, such as were seen here in "The Luck of the Navy," starring Percy Hutchinson. Martin Harvey, Margaret Anglin, Ethel Barrymore, and other well-known stars have met a similar fate in Peterborough.

In spite of this, the Trans-Canada Theatres, Ltd., will provide Peterborough with more of these high-class productions in the future. The first on the list will be Tyrone Power in "The Servant in the House."

Visited Sarnia.

The visitors have just returned from Sarnia and other Western Ontario cities. In Sarnia a new theatre has been erected, and the entire Tyrone Power Company has been secured as an opening attraction. Sarnia appears to have a spirit of community progressiveness that is hard to beat. It is this spirit that has brought about the erecton of a fine new theatre, and the same spirit is behind the plan to erect a Chamber of Commerce.

In order to find out what Peterborough theatregoers want in the way of amusement, and cater to their wants, Mr. Harry Dahn, manager of the Grand, has been authorised to book his own attractions.

In conclusion, both Mr. Beauclerc and Mr. Driscoll made it plain that Peterborough, along with the other cities in the Trans-Canada group, will be served with high-class all-British attractions.

Mr. Beauclerc was very enthusiastic over the ushers supplied by the Peter Robinson Chapter, I.O.D.E. "They are a fine-looking lot of girls, and are doing an excellent work," volunteered Mr. Driscoll, when it was explained to him that the proceeds of their efforts is devoted to public enterprises such as the Peterborough Health Association and others.

EATON MANAGER LEFT BIG ESTATE

(Special to The Examiner.)

WINNIPEG, Feb. 7.—A total of $315,000 in real and personal property was left by A. A. Gilroy, late manager of the T. Eaton Company, who died on 28th December, 1919. His will is now in course of progress through the Surrogate Court.

LAST EVENING

Last evening the High School Club of the Y.M.C.A. held a very enjoyable social evening. A snow shoe tramp had been planned but owing to the mild weather the plan had to be abandoned and the majority of the members spent the early part of the evening tobogganin and then gathered at the "Y" for supper.

ADDRESSED THE ART ASSOCIATION

LIFE AND CHARACTERISTICS OF J. M. BARRIE.

A real treat was enjoyed by the many members of the Women's Art Association and their friends, who were present Thursday evening, Feb. 5th, at the Conservatory to hear Mr. F. J. A. Morris, M.A., of the Collegiate Institute staff, deliver his delightful address on J. M. Barrie, the Scotch Humorist.

Being himself an enthusiastic admirer of Barrie, Mr. Morris succeeded not only in arousing a deeper admiration in all lovers of Barrie for their favorite author, but also in kindling in the hearts of those who as yet had not come under the spell of the great humorist a strong desire to become acquainted with his writings.

In introducing his subject the speaker clearly defined what is meant by humour, showing the difference between false humour and true, between humour and wit, illustrating his explanation by a delightful reading from The Window in Thrums viz (a humorist on his calling).

Mr. Morris then gave an interesting sketch of the writer's life and career dwelling particularly on the beautiful relationship which existed between Barrie and his mother. The lecturer then spoke of Barrie as a writer of Romance, mentioning as his four great achievements: Thrums Idylls, Margaret Ogilvy, The Little Minister and Sentimental Tommie. From the first of these two readings were given to the great enjoyment of the listeners: Preparing to Receive Company, and The Courting of Ynowhead's Bell.

The lecturer was concluded by an analysis of Barrie's style, special emphasis being laid on his brilliant dialogue, in illustration of which another reading was given—How Garvin and McQueen tried to take Nannie to the Poor House.

An appreciative vote of thanks was moved by Mrs. A. Mowat, seconded by Mrs. Munro, and heartily endorsed by the audience.

Two piano selections (a) Gondola song. (b) Spring's Awakening, by Miss Dorothy Stuart, and a vocal solo—The Wooing of a Rose, by Miss Lillian Eastwood added greatly to the enjoyment of the evening.

Mrs. Sherwood, the president of the Women's Art Association gracefully presided over what one and all pronounced to be a delightful entertainment.

APPLICATION TO PARLIAMENT

NOTICE IS HEREBY GIVEN that application will be made by the Corporation of the City of Peterborough to the Legislative Assembly of the Province of Ontario at the next session thereof for an act to confirm and declare legal, valid and binding upon the said Corporation and the rate payers thereof, a by-law number 2200, authorizing the purchase by the said Corporation of the City of Peterborough of a certain manufacturing property in the said City and the leasing of such property to Nashua Gummed & Coated Paper Company; and also fixing the assessment of the said Company in respect of the said property and the machinery and plant thereon, and the business assessment in respect thereto at $10,000, for the purpose of municipal taxation, excepting school taxes and local improvements, for the maximum period of ten years from the date of delivery of possession under lease of the said property.

The application also asks that the said act declare valid and binding as aforesaid the debentures to be issued under the said by-law, the total amount of the said debentures to be issued being for the sum of $57,200.00 in respect of the purchase money of the said manufacturing property and certain repairs to be made to the buildings thereof, all of which debentures are to be made payable within twenty years at the furthest from the date on which the said debentures are to be issued, and the amount to be raised annually to provide for the sinking fund and the interest of the said debt is $1,046.16.

It is further notified that the amount of the existing debenture debt of the said Corporation of the City of Peterborough is the sum of $2,129,062.04, the particulars of which are as follows:—

General debenture debt	$ 927,185.18
City's share local improvements	318,677.76
Waterworks	653,200.00
Hydro-Electric	220,000.00
Total	$2,120,062.94

and the reason for requiring the issue of the said debentures is to raise the necessary money on the credit of the said Corporation for the purposes set out in the said by-law.

The said application also asks that the said act authorize and validate an assignment (with the consent of the said Corporation) from Nashua Gummed & Coated Paper Company of the benefits and rights acquired by it under a certain indenture dated the 22nd day of September, 1919 made between the said Corporation and Nashua Gummed & Coated Paper Company, to a company to be incorporated under the laws of the Dominion of Canada to be called "Canadian Nashua Paper Company Limited" or such other or similar name as may be procured; and to provide that such assignee shall be entitled to the rights and benefits acquired by Nashua Gummed & Coated Paper Company under the said indenture and by-law in the same manner as if such assignee had been originally named therein in place of the Nashua Gummed & Coated Paper Company.

C. R. WIDDIFIELD,
Solicitor for applicants.

Dated at Peterborough this 30th day of January, 1920. 5d-7-14-21-28-6.

IN THE SURROGATE COURT OF THE COUNTY OF PETERBOROUGH.

To the Next-of-Kin, if Any, and All Other Persons Having or Claiming any Interest in the Estate of William Jackson Deceased.

TAKE NOTICE that an order has been issued directing you to cause an appearance to be entered for you in the Office of the Registrar of the Surrogate Court of the County of Peterborough, at Peterborough, within 30 days after publication hereof and accept or refuse letters of administration of all the estate which by law devolves upon and vests in the personal representative of William Jackson, late of the City of Peterborough, in the County of Peterborough, Returned Soldier, deceased, or show cause why letters of administration of the said estate should not be granted to Sidney Whatley. And it is further ordered that in default of your appearance letters of administration may be granted to the said Sidney Whatley.

Dated at Peterborough this 23rd day of January, 1920.

GEO. J. SHERRY.
Registrar of the Surrogate Court.
3W-24-31-7.

SALE OF TIMBER.

Tenders will be received by the undersigned up to and including the 23rd of February, 1920 for the right to cut the timber on the following lots;

Lots 1 to 8 inclusive in the 2nd Concession of the Township of Digby and also on lots 29 and 30 in the 4th Concession and lots 28, 29 and 30 in the 5th Concession of the Township of Lutterworth.

Full particulars in regard to the sale may be obtained from the undersigned or from Mr. A. Stevenson, Crown Timber Agent, Peterboro.

BENIAH BOWMAN.

THIS WILL INTEREST STOMACH SUFFERERS

Says Indigestion comes from an excess of hydrochloric acid.

A well-known authority states that stomach trouble and indigestion is nearly always due to acidity—acid stomach—and not, as most folks believe, from a lack of digestive juices. He states that an excess of hydrochloric acid in the stomach retards digestion and starts food fermentation, then our meals sour like garbage in a can, forming acrid fluids and gases which inflate the stomach like a toy balloon. We then get that heavy, lumpy feeling in the chest, we eructate sour food, belch gas, or have heartburn, flatulence, water-brash, or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast while it is effervescing, and furthermore, to continue this for one week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and sodium phosphate. This harmless salts is used by thousands of people for stomach trouble with excellent results.

MILLBROOK CORRESPONDENCE

MILLBROOK, Feb. 5.—The annual vestry meeting of the Parish of Cavan were held Monday, Tuesday and Wednesday of last week as in the absence of Canon Allen the Rev. Capt. C. R. Spencer presided. Reports in every case showed balance on the right side and the standing of the churches were good. Executive Committee was appointed for each church, of which the following are chairmen.

L. R. Atkinson, St. Thomas; R. Mc Camus, St. John; R. H. Wood, Christ Church; W. H. Wood, Trinity. The Anglican Forward Movement Committees were appointed with Mr. L. R. Atkinson, chairman St. Thomas; T. H. Winslow, St. Johns; W. W. Brown, Christ Church; John Cheshire, Trinity. Delegates to Synod, St. Thomas, W. T. Wood, A. A. Smith, and J. J. Clark: E. Touchburn, St. Johns; F. Wood, Christ Church and Wm. Kinsman, Trinity Church. At St. Thomas and Christ Church the Wardens were re-elected at St. Johns, Ed. Moore and E. Touchburn; Trinity, Wes. Wood and H. Blakely. Letters of sympathy were sent to Canon and Mrs. Allen from each of the vestries and the hope expressed that they would soon be back with us again.

The vestries decided to carry on for the present with one service a Sunday in three places, the outside stations taking in doing without every third Sunday.

Oddfellows Dance

The Millbrook Oddfellows held a dance in the Town Hall on Monday night. Dance music was furnished by Tucker's Orchestra and a very enjoyable evening was spent by those present. This is the first time the Oddfellows have given a dance in aid of the members of the subordinate and Rebekah Loges, and it was such a success that we hope they will hold another one soon.

A Mock Parliament

On Monday evening last members of the Millbrook and Fairmount Farmers' Club presented "A Mock Parliament". The bill under discussion was "The Farmers' Pension Act". It was introduced by the Government and given its three readings. Upon its second reading it was vigorously debated and so powerful were the arguments of the Opposition that for a time the fate of the bill hung in a balance. However, when a vote was taken, party feeling overcame individual conviction and the measure was carried by a majority of two. An amusing feature of the evening was the forcible ejection of the Sergeant at-arms of a member of the Opposition for the use of unparliamentary language on the floor of the House.

The excellence of the debate and the faithfulness with which it followed the rules of regular Parliamentary procedure reflects great credit upon the educative work being carried on by the clubs. From beginning to end a wealth of humor came cropping up which kept the audience rocking with laughter. All were well pleased with the splendid evening.

The express office of the Grand Trunk was broken into and a case of liquor and a few bottles from other cases were taken.

On Monday night the down town Mr. J. Byam was entered and some money taken ill.

Mr. Geo. Johnston of Toronto, was in town last week.

Mr. Geo. Mills of Toronto, High School Inspector, was in town this week.

Mrs. T. J. Lang was in Peterboro Saturday.

Miss Alice Stuart left Saturday for a week's visit with Peterboro friends.

Mr. J. M. Greene of Peterboro, was in town Monday. While here he was the guest of Rev. S. T. and Mrs. Tucker.

Mrs. H. Taylor of Garden Hill and Mrs. Peck of Sidney Man., were guests of Mr. Jas. and Miss May Hales, last week.

Mr. T. H. McQuade of Omemee, was in town Friday on business.

Mrs. A. A. Birchard and daughter May, have returned home, after a few weeks visit with Oakwood friends.

Some of the members of the Millbrook Methodist choir with their friends gave a surprise party at the home of Mr. and Mrs. Offa Williamson, Friday, January 30. Mr. and Mrs. Williamson gave them a hearty welcome and a most enjoyable evening was spent with music contests, etc. After which a dainty lunch was served by the hostess.

The annual meeting of the W.A. of St. Thomas Church was held on Tuesday January 27 at the home of Mrs. Wood. After the devotional exercises the annual reports of the officers were read and the usual business proceeded with. Refreshments were served at the close of the meeting. The February meeting will be held at the home of Mrs. A. A. Smith.

Mr. Walter Colombe has returned home this week. He left his brother very much improved.

Mr. J. H. Wilson was a visitor to town this week.

The annual stock judging course and winter horse show will be held Tuesday, Wednesday and Thursday of next week.

BAR PEOPLE WITH COLDS FROM CROWDS

BELLEVILLE, Feb. 6.—The Board of Health adopted a resolution that owing to the prevailing epidemic of influenza throughout parts of the province all citizens suffering from colds are requested to absent themselves from church services, theatres and all public gatherings.

Four Good Reasons for a National Forward Movement

"For God so loved the world, that He gave His only begotten Son, that whosoever believeth on Him should not perish but have everlasting life."

DESPITE the four years' fury of War, and the year of uncertainty just ended, the people of Canada have prospered. Yet, spiritual glories revealed to us in the great Conflict are being clouded by drifts of class-hostility, mutual suspicion and cynical materialism.

The world is troubled. Old conceptions are giving place to new. Yet, the Kingdom of God remains, firmly grounded on the great principle of love. It has the one remedy for a world diseased:—"Believe on the Lord Jesus Christ and thou shalt be saved."

Five Christian Communions—Anglican, Baptist, Congregational, Methodist and Presbyterian—call their various constituencies and the whole nation to a livelier and more sacrificial Christianity. They are making a great financial appeal. It is fitting that the public should know the reasons.

1 The Decline of the Dollar

The sharp rise in prices the world over has affected injuriously the position of every man working for a fixed salary. Missionaries are in this category. Stipends that were ample in 1900, and nearly adequate in 1912, are utterly insufficient in 1920. There has been no general increase in these stipends. There cannot be, until the Canadian people scale-up their giving to balance the decline in purchasing-power of the Canadian dollar.

International exchange has been unstable. Money for export has been subject to heavy discounts. In view also of the increased cost of materials and of labor, any new building programme abroad has been out of the question. But the need for new buildings is imperative. Some missionaries are living in clay-floored huts.

New Standards are Necessary

The Anglican Synods, the Baptist Conventions, the Congregational Union, the Methodist Conferences, and the Presbyterian General Assembly, have set new standards for the salaries of Clergymen actively engaged in Canada. But, for the Missionaries, and for the Superannuated Ministers, no increases have been possible.

One of the aims of the Forward Movement is to show the fine-spirited, generous, Christian people of Canada that the old standards of giving for Missions must be revised. It is impossible to maintain existing stations, even on a pre-War basis, without more men and much more revenue.

2 The Call from Abroad

Coincident with this financial difficulty, new and glorious opportunities for the extension of Christian teaching have appeared. In India, literally millions of "outcastes" are pleading for Missionary preachers and doctors. In China, a new National spirit has been born. Missionary teachers are urgently required to help formulate the National system of education. Hospitals, Missionary nurses, doctors and dentists, are heartily welcomed by the people. From Japan, Africa and the Islands of the Sea, comes the same story.

3 The Home Responsibility

Here in Canada, the work of evangelizing Indians and Eskimos must now be undertaken wholly by the Canadian Church. The rapid growth of our cities, the expansion of the West, the great immigration of the last twenty years, and the depopulation of rural areas, make a fourfold problem which can be solved only by radical readjustments of policy and greatly increased resources of men and money.

4 The Pressure on the Colleges

Finally, the decline of the dollar has created difficulties in financing the Colleges and Universities established and maintained for the training of the Clergy. Last year, one College which had been able before the War barely to subsist, faced an additional charge for coal alone of $1600. All other expenditures have risen in like proportion. Christianity has been the mother of Higher Education. A thoroughly trained Ministry is the great need of the times.

The men of faith, filled with the Holy Ghost, who proclaim the Gospel story by the frozen Coppermine, beneath the cone of Fujiyama, along the banks of the Yangtse and the Ganges are the product of our Canadian Colleges. There the Vision first appeared to them. The Church must stand behind these institutions.

The Unity of Faith and Prayer

These are the facts. Faced with such conditions, the Church leaders, at first, were appalled. They went to their knees, first in separate denominational groups, then in company. Putting aside for the time being differences of religious temperament, considering only their common belief in the Everlasting Father, the Almighty Son, and the overpresent Holy Ghost, *they prayed together*. Then they arose, thrilled with a glimpse of the wonderful Missionary opportunity, *to appeal together* to the whole body of Christians in Canada.

The Greatest of All Gifts

You are a believer in the Lord Jesus Christ, and in the Gospel He proclaimed. Your country has become great through Christianity. The hope and love of the Gospel have warmed your heart and illumined your life.

Next week you will be asked by the representatives of your Church to show practical proof of your convictions. Be prepared—not to give a trifle out of your abundance, but to taste the full sweetness of Sacrifice.

FIGHTING THE FLU.

Although Peterborough has been lucky so far in escaping an epidemic of influenza, there are a number of cases here and in all probability there will be more. Fortunately the disease seems to be less virulent in form than in 1918, but nevertheless the precautions advised by the Medical Health Officers should be carefully followed. Chief among these are two mentioned by Dr. J. W. McCullough in his address to the Board of Trade the other night, that is that those who are attacked by influenza should go to bed when the first symptoms appear and remain in bed until complete recovery has set in. The complications following influenza, the doctors say, are caused principally by an effort on the part of the patients to fight off the disease by keeping going, or else through getting up too soon after an attack. If the advice of the experts is followed the danger of complications is reduced to a minimum.

MACHINE-LIKE VOTING.

Complaints about the "machine-like voting of the City Council at the crack of the whip" come rather inconsistently from the Trades and Labor Council. The representatives of that body on the aldermanic board are expected to vote according to the views of the Trades and Labor Council, and if they do not do so are subject to be called before the tribunal and have their actions criticized. Ex-Ald. Garside's case last year is a proof of this statement. Mr. Garside did not see eye to eye with his colleagues on an issue in the Council and voted according to his convictions. The result was that his stand was criticized by the Trades and Labor Council to such an extent that he declined the endorsation of that body in the recent municipal elections, preferring to appeal to the electorate as an independent candidate. Why then should there be talk of "machine-like voting" in the Council?

A SPLENDID REPORT

The fiftieth annual report of the Mutual Life Assurance Company, which appears in this issue, should be very gratifying to the policy-holders of the company. It is the Golden Jubilee year of the company's history.

The first policies were offered to the public in the spring of 1870, and the end of the first half-century sees the company with unimpeachable assets of $38,000,000 and policies in force amounting to $170,000,000.

The most remarkable feature of the year was the flood of new business received, due largely to the awakening of popular appreciation of the beneficent function of life assurance by the experiences of the war, and the influenza epidemic that followed. The increase in new business acquired was nearly 90% That the record for quality business was fully maintained is indicated by the iarge increase of $33,065,691 in the total business in force, being over 80% of the new business written.

No item of the years' operations is more gratifying than the great increase in surplus earnings. Notwithstanding a certain number of abnormal death losses arising from the war and the influenza epidemic, amounting to $352,857.65, the surplus earnings for the year were $1,302,801, an increase over the previous year of 60%, and showing earnings of $34.27 for very $1,000 of total assets held at the end of the year.

Never in the history of Canadian life insurance has there been such a remarkable opportunity for the profitable investment of life insurance funds, and the effect of the past year's investments will be to enhance the surplus earnings over a long period of years, through holding up the average rate of interest earned on the invested funds For the year 1919 the company earned the very satisfactory rate of 6.39%

SIR LOMER GOUIN'S FUTURE.

Nothing, perhaps, more strongly attests the outstanding personality of Sir Sir Lomer Gouin than the widespread interest which has been aroused by the different rumors, circulating of late, in regard to his probable retirement from the Premiership, and to his future intentions. It would not be natural if there was no desire on the part of the Premier after his long and almost unprecedentedly successful public career, to take some rest from the strain, the worries and the fatigues of a government leadership extending over fifteen years,—five and a half of which have been rendered doubly trying and difficult by the additional burdens and responsibilities arising out of the Great War and of the numerous problems to which it has given birth. In the midst of the different reports recently set afloat in regard to the Prime Minister and his intentions, one feature stands out perfectly clear and assured; namely that when Sir Lomer removes from his present position, should he do so at all for, some time to come, he will leave the Government of which he is the present respected head, in good hands, and in a well established position both as regards the Legislature and the country. It is worthy of note that at each recurring general election, the government of Sir Lomer has found itself stronger and more firmly entrenched than before the appeal to the country, an experience which is quite the contrary of that of most public men, whose popularity is more likely to wane than to increase with time. The many positions which have been mentioned from time to time as likely to be filled by the Premier, if he retires at a comparatively early date, illustrates the wide interest which the public generally manifest in his personality. High office in England, in Paris and in London, and directorship and solictorships in the C.P.R., the Bank of Montreal and numerous other great institutions have been identified with the name of Sir Lomer Gouin within the last year or two by the newspapers, and by men occupying very high positions, and in fact scarcely any very high office becomes vacant, or likely to be newly created, that the Premier is not in some quarter or another connected with by public rumor. Nobody really supposes that Sir Lomer, with his great faculty for success in public life, is likely to sink altogether into seclusion if he decides to take the rest and respite from the leadership of the Government to which length of public service so richly entitles him. Nor is it probable that he would retire from Government leadership to accept any of the positions with which the quidnuncs have connected his name. His followers and admirers unanimously hope that he may not be on the eve of retirement, but should the contrary prove to be the case, his political friends, and especially his following in the Legislature entertain no doubt that he would be found standing behind their leaders, at least in an advisory capacity, thus occupying pretty much the same kind of a relationship to them as Lord Shaughnessy, for instance, does to the Canadian Pacific Railway.—Quebec Telegraph.

THE EXCHANGE SITUATION

Before Second Pan-American Financial Conference, Paul M. Warburg, former deputy governor of Federal Reserve Board, said in part: "A gold country repudiating its obligation to pay in gold would have been deemed bankrupt before the war, and a country permitting a substantial gold premium, domestic or in excessive discount on its foreign exchanges, would have been considered headed for insolvency.

"Fear not to be able to fulfill gold obligations was the strongest regulator, not only of financial, but even of economic policies of such countries. Rather than expose themselves to the danger, they would resort to such weapons as high discount-rates, high import duties or taxes, export premium, morrowing in foreign markets on even onerous terms, or any other means of counteracting demands caused by overwhelming adverse trade balance.

"The war brought a complete reversal. The will to win became stronger than desire to preserve gold standards. Goods became more important than gold. Practically the whole world in one form or another, after having withdrawn gold from circulation, suspended gold payments.

"Danger of internal and external gold demands thus eliminated, protection of high interest rates became unnecessary, and almost all belligerents embarked on an era of government finance based on low interest rates born of inflation.

"This enabled the countries to procure domestic goods and services at a cheap price of money. but high prices for things required; people imagining they were escaping taxation when paying it in its most drastic and inexorable form, by depreciation of money.

"The constraining power of gold removed, there was no limit to inflation as long as any government credit remained, or to domestic purchasing power of governments, and, consequently, no limit in sight to the rise of prices.

"There was no limit on purchasing foreign goods (as far as they could be furnished and shipped, and could not be paid for in services, goods, or securities owned) excent willingness o fthe foreign seller to grant individual or government credits in his own currency, or convert his money into foreign balances or obligations, temoted by the low exchanges which followed excessive foreign buying.

"When foreign exchanges first began to decline, a shiver ran down the spine of the financial community. Bankers and business men predicted that trade would stop and the end would come if exchanges were permitted to establish themselves at a substantial discount. But when prices for goods had risen 100 per cent. and more, and government printing presses, manufacturing, a constantly increasing supply of money and credit, were paving the way for further rises, it was difficult to understand why addition to cost of a few points, involvedin initial fall of exchanges, should have so far-reaching an effect. Subsequent events showed that the flow of goods, at that stage, was hardly affected by this comparatively moderate increase in cost. Urgent demand for goods had overridden the gold tradition and the gospel of the inviolability of the gold parities of exchanges. Countries had, in effect, surrendered their exchange parities when they suspended gold payments.

"Belief is entertained by some that, as a solution, we are likely to abandon gold as future menas of ultimate settlement of international balances. I do not believe the would will enjoy fairly stable standards of currency and credit until it returns to observance of approximately the principles of banking and finance as prevailed before the war.

"That does not mean that antebellum exchange parities will generally be re-established. Quite a number of countries will never regain previous exchange levels. Power to reclaim all or in part the shrinkage of their standards will depend on their ability to produce and to save, and the measure of permanent depreciation sustained, not only through decrease of value of their property, but also through increase of national indebtedness. Whatever the level they may be able to recover, ultimately it will be to their vital interest once more to fasten it to a definite gold relation and re-establish a stable exchange, fluctuating between maxima and minima of gold parities, without which a country's trade and growth will remain subject to fatal handicap. (We may expect some countries to aim for direct return to a free gold standard, while others may have to choose the indirect route of a gold exchange standard.)

"But, it is claimed, there may not be gold enough to serve as a basis for the world's financial structures, particularly in view of the phenomenal increase in prices.

"The more perfect the machinery of credit, the more insignificant becomes necessity of settling in actual gold. Where natonal credit, industrial enterprises and banking systems are established ona sound basis, adverse balances can be satisfied in many other ways. If government credits and commercial conditions are stabilized, we may confidently undertake stabilization of exchanges with existing gold supply. Uuless government credits and commercial conditions are stabilized, we could not stabilize exchanges even if an additional billion dollars of gold were poured nto the world.

"That indicates the road we shall have to follow. We are living in an era where production of money and credt ihas increased and oroduction of goods decreased. We must produce less credit and money, and more goods.

"If governments prevent further issue of government securities and money for covering current deficiencies, they will take the first and most effective step in combating decrease of production, rise in prices, and fall of exchanges. If they will not, or cannot, they are headed for insolvency and social and economic disruption.

"Where gold payments have been suspended and foreign exchanges demoralized, the restraining influence once weilded by gold must be exercised by rigid budgets. When by curtailing expenditure and increasng current revenues the issue of government loans to cover current deficiencies has stopped, when floating supply of undigested government securities has gradually been absorbed, the time will again be ripe for effective control of money markets by central banks. When central bank rates are thus once more effective and foreign credit restored, resumption of gold payments may be considered, and with that the stabilization of foreign exchanges."—American Metal Market.

A COMMUNITY NECESSITY.

"Efficient schools are a community necessity," says a bulletin issued by the Bureau of Municipal Research, in which salary increase for teachers is supported.

"The length of the professional education provided for teachers, particularly in the so-called lower ranks of the profession, does not compare with that required in law, medicine or professional engineering," says the Bulletin. "Being unwilling to pay teachers' salaries which would justify a longer term of training for their profession that at present, we prescribe a minimum training which will give us a supply of teachers sufficient in numbers to fill vacancies at the salaries we are willing to pay. What guarantee have we that, in view of low salaries, sufficient candidates will continue to present themselves for the training now provided? In fact, the dearth of teachers is already felt in other parts of the province and in time will reach Toronto, which naturally will be the last city of Ontario to feel the pinch. In the United States similar conditions have led to a dropping off of twenty per cent. in admissions to normal schools during the last few years.

"Study, mental recreation and travel are essential to the teacher," says the Bulletin. "Again, the teachers' financial rewards must be such as to make saving possible without impairment of physical or mental efficiency. A mind oppressed by fear of the future or laboring under a sense of injustice cannot give the best possible service, no matter what the effort may be."

Fifty Years of Progress

Our Jubilee Year.—The year 1919 was notable inasmuch as it completed the first fifty years of the company's active operations, and at the same time marked the year of its greatest development and progress in all departments of its business. The first policies were offered to the public in the spring of 1870, and the end of the first half century sees the company with unimpeachable assets of $38,000,000 and policies in force amounting to $170,000,000.

Remarkable Expansion of Business.—The most remarkable feature of the year was the flood of new business received, due largely to the awakening of popular appreciation of the beneficent function of life assurance by the experiences of the war and the influenza epidemic that followed. The increase in new business acquired was nearly 90%. That the record for quality business was fully maintained is indicated by the large increase of $33,065,691 in the total business in force, being over 80% of the new business written.

The Surplus Earnings.—No item of the year's operations is more gratifying than the great increase in the surplus earnings. Notwithstanding a certain number of abnormal death losses arising from the war and the influenza epidemic, amounting to $352,857.65, the surplus earnings for the year were $1,302,801, an increase over the previous year of 60%, and showing earnings of $34.27 for every $1,000 of total assets held at the end of the year.

Invested Funds.—Never in the history of Canadian life insurance has there been such a remarkable opportunity for the profitable investment of life insurance funds, and the effect of the past year's investments will be to enhance the surplus earnings over a long period of years, through holding up the average rate o interest earned on the invested funds. For the year 1919 the company earned the very satisfactory rate of 6.39%.

Comparative Statement of Growth

Year	Income	Assets	Paid to Policyholders	Assurance in Force
1870	$ 4,956	$ 6,216		$ 500,000
1880	88,691	228,675	$ 26,681	3,064,884
1890	480,853	1,696,076	176,151	13,710,800
1900	1,164,875	5,165,493	424,815	29,518,626
1910	3,020,996	16,279,582	804,759	64,855,279
1919	8,583,404	38,020,949	3,811,092	170,706,305

SANDRA THE JEALOUS

BY JANE PHELPS

SANDRA VISITS THE ATTIC

CHAPTER XLI

When I thought of Everett and Leola I wondered if ever I should be able to take her place in his affections, his thoughts. I longed inexpressibly to have him forget her. Had he written me a nice loving letter, I should have had no wish to do any slightest thing that might displease him. But to be practically a prisoner, to be allowed no freedom of thought and action, simply because the woman he had loved, still loved, had abused both, was unbearable.

Almost unconsciously obeying him, I went early to my room. But after re-reading the cold letter dooming me to days of loneliness save for recreation of his choosing, I began to sob because of his neglect —not of me, but to love me.

"I hate you, Leola! I hate you!" I cried childishly, clenching my fists. " never shall stop hating you —never so long as I live. What beasts men are! Everett married me because I reminded him of you—they all say I am like you. Well, I will be like you. I'll I do all the things to worry him you used to do. Perhaps he'll love me if I do."

I sat down in front of my dressing table. I pushed back the hair which clustered about my forehead. I looked steadily ,fixedly at the mirrored face staring at me. I felt that I must talk must confide in someone. So I talked to myself—confided my secret to the girl in the mirror.

"I think he must dislike me," I moaned. "That's what makes it so hard. That awful Mr. Leveredge said he married me instead of Irma Barton because I was young, and more likely to bear him children. I won't! I love babies, but I won't be made to have them when my husband doesn't love me, but loves a dead woman". I felt sick, faint, almost suffocated.

I took her picture down from the wall, handling it gingerly. Then I held it up so that our faces were close together. Yes, there was a certain similiarity of profile, of feature. Her hair grew close around her forehead in clustering curls, just as did mine. I had been told so often that the color was identical. I could imagine it on the pictured face instead of the dark wavy mass of the camera.

I was overstrung, mentally unnerved with passionate eager toward Everett. Rage and disappointment over his letter struggled together with my love for him. My eyes were filled with scalding tears as I rose and prepared for bed.

"Where are you, Everett?" I sobbed. "And are you thinking of her Leola, instead of me? I'm your wife now. You haven't any right to be thinking of her."

So I fell asleep, tears trembling on my lashes because of the love my husband bore his first, his 'other wife' as people spoke of her.

In the morning the sense of loss was still with me—loss of love and of consideration. I drank my coffee but could eat nothing, which seemed to worry Mrs. Gray. I usually had a healthy appetite, no matter how unhappy I was; but Everett's careful way of disposing of my time, of me, had hurt me as much if not more than anything he ever had done.

"It isn't any use!" I said aloud, as I returned to my room after my attempt to eat. "It isn't any use trying to be nice to him and make him love me. He just thinks of that other woman, that Leola, and loves her while he treats me like a child."

Mrs. Gray went out during the morning, after advising me to do the same. But I refused, pleading a headache. After she left I flew to her room. Perhaps I could find her keys and so get into the attic without any trouble. I can't even now tell what I expected to find, why I was so obsessed that something was hidden there. That it had some relation to Leola, I also felt sure.

I found the keys upon Mrs. Gray's table in her sitting room. After I had tried them nearly all, I found one that seemed to fit the lock. But it turned very hard, as if the door had not been opened in a long time. Finally the key turned and the door came open. I hurried up the stairs, carefully closing the door behind me. I did not want Hetty to know where I was. Mrs. Gray had said she would be gone some time. I would put the keys back before she returned. Then no one would know I had been rummaging.

"I haven't the right to do anything in my own house," I grumbled, as I looked rather fearsomely about the big attic, filled with pieces of furniture and trunks.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up.

County fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open ,the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dry nose or headache; no struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of your head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catafrh yield like magic. Don't stay stuffed up and miserable. Relief is sure.

LAYER CAKE—PLAIN ORANGE CAKE.

One cup milk, one cup sugar, one egg, two cups flour, two teaspoonfuls baking powder, juice and grated rind of one orange, one tablespoon butter. Cream butter and sugar, add egg which has been well beaten separately, add milk and orange juice; lastly flour in which has been thoroughly incorporated the baking powder.

Icing —Yolk one egg, juice one-half orange, a little butter, icing sugar to make thick enough to spread.

Icing II.—One cup maple syrup. Let boil until quite thick, then pour on white of an egg, beaten. Beat until thick and the white fresh.

All bread crumbs should be saved and dried to use in scalloped dishes.

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

Colds, Pain, Headache, Neuralgia, Toothache, Earache, and for Rheumatism, Lumbago, Sciatica, Neuritis take Aspirin marked with the "Bayer" or you are not taking Aspirin at all.

Only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over nineteen years. Now made in Canada.

Handy tin boxes containing 12 tablets cost but a few cents. Druggists also sell larger "Bayer" packages.

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of SalicylicAcid. While it is well known that Aspirin means Bayer medicine, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

A CHILD'S HISTORY OF HASTINGS

(By Master Alex. Wilson.)

Hastings is a village situated on the River Trent, on the north side of the river are beautiful hills now spotted by beautiful churches, schools and public hall. The G. T. R. runs along the south side of the river, almost through the centre of the village. Lying about 12 miles east of Rice Lake, 10 miles from Warkworth, 10 miles from Roseneath, 10 miles from Roseneath, 20 miles from Peterboro, 10 miles from Campbellford, and 30 miles from its county town Cobourg, and it is well surrounded by a first class dairy and mixed farming country.

Inhabitants.

At first it was inhabited by the Red Indians. After a time immigrants came from different countries and settled along the river and now it is almost entirely inhabited by white people. The Indians are now settled in colonies by themselves.

As late as 1835 the only house on the site of Hastings was a small frame house on the north bank where the post office now stands, and operated as a grist mill by Hon. Jonathan Crooks until the year 1850 when he sold the property to Henry Fowlds and Sons.

Its Name.

It was first called the Newcastle District. After a time a man named Jonathan Crooks named it Crooks Rapids after himself. About the year 1851 when Henry Fowlds and Son bought this village from Jonathan Crooks, Mr. Fowlds changed the name to Hastings, and called it after some town in England.

Description of the Town.

From the building of the locks at Crook's Rapids in 1837-8 this place gradually grew into a thriving village of much importance. T. Coughlan. Esq., was the first hotel keeper and store keeper in the place. Its most marked progress took place after the chief portion of the property was acquired by Henry Fowlds, Esq., and his sons, and their removal there in 1851. A new grist and flour mill was added to the old one, a sawmill of great power and numerous saws, capable of manufacturing large quantities of lumber yearly for the foreign markets were speedily erected. Other factories filled with valuable machinery came in later years. Adjoining the saw mill was a large woollen factory which was swept away by a most destructive fire in 1863, which also consumed the saw mill and its contents and also a large planing mill, and a sash and door factory just erected by Mr. Henry Lye in close proximity. This great loss for a time checked the progress of the village and paralysed the enterprise of several active and industrious citizens. Another large factory erected for a cotton mill, a wool carding and knitting factory, and a still larger saw mill than the former one, had in the meantime been erected on the south side of the river just below the bridge, and these important structures with their valuable machinery, continued in active operation until another serious fire occurred in Hastings in the spring of 1864, which destroyed a great many more stores.

The first Presbyterian Church was erected in 1858; the first Episcopal Church was erected in 1863; the first Wesleyan Methodist church was erected in 1864; and the first Catholic Church in 1865; also a brick school house was situated where the one now stands. The first printing press in 1864 was introduced into the village by Mr. A. E. Hayter, the paper being called the Hastings Messenger. The first steamboat from Hastings, called the Forest City, launched in 1858, by Messrs. Fowlds, and was used for the transportation of goods, passengers and lumber

Hastings was incorporated in 1871, the first council being as follows:

Reeve—Timothy Coughlan.

Councillors—H. M. Fowlds, John A. Howard, Wm. Orr, John Peters.

Clerk—John Quinn.

While these men were in office Lord and Lady Dufferin passed through Hastings on the Steamer Isaac Butts and were greeted at the Locks by the Reeve and Council and the Red Coats. Mr. T. Coughlan read the address of welcome and Mrs. James Fowlds presented Lady Dufferin with a bouquet of roses.

Description of the Town Now.

Hastings at the present time has a population of about 700. It has four churches, a Protestant school, and a Catholic school, a town hall, two hotels, two banks, four blacksmiths, two garages, one foundry, one planing mill, one elevator, one merchants' chemical factory, several groceries and dry goods stores, two hardware stores, two jewelry stores, one doctor, one livery, a power house, a beautful locks, an the second largest and best tannery in Canada, known as the Hastings Tanning Co.

Hastings before it was incorporated was in Peterboro county but after its incorporation it was put into Northumberland county.

We also have in the person of Mr. John Coughlan the first white male child born in Hastings, who is the assessor for the municipality; also the third white male child in the person of Mr. Alex. Wilson, Sr., who has been the clerk for the past 29 years. —Hastings Star.

When Visiting Toronto Put up at Cook's

HOURS FOR GENTLEMEN
Every day and all night except Sundays and Ladies' Hours.

FOR LADIES
Mondays, Wednesdays and Fridays 8.30 a.m. to 5 p.m.

FIRST-CLASS sleeping and eating accommodation at Cook's, in addition to the Turkish Bath, which is such an excellent tonic for your health. The Turkish Bath is Nature's way of ridding your system of waste and poisonous matter, and removing the old, dead skin. You come from the bath feeling like a new person, with every nerve and muscle rested and refreshed. Your mental outlook is made more cheerful, as it reflects the improved state of your physique. It relieves the pain of rheumatism and sciatica, soothes the nerves and is the most effective cure and preventive of colds in the world.

Prices, $1.25 to $2.25, according to sleeping accommodation. Good meals served at moderate prices.

FIRST SPRING CATALOGUE.

—x-x—

The poet who writes of the beautiful Spring
Must wait for his theme till the first birdies sing,
Or the stormy hue of a midwinter sky
Changes to suit his professional eye.

Must find pink arbutus deep down in the wood;
Discover new gold in a young crocus bud.
Yea, in order to write his annual rhyme,
He must see and hear—have proof of the time.

But Spring comes to me when the Winter winds blow,
When garden and wood are a great fluff of snow;
When the sky is painted a battleship grey,
And the birds are singing — down Palm Beach way.

The old postman whistles and hands it to me,
And all that it costs is a "penny due" fee;
Yet I know when I tear off its thin disguise
The glory of Flora will blind my eyes.

My first Garden Catalogue! Yes, it is here.
It's gaudy, it's wordy—not real art, I fear;
But I pore o'er its pages of riotous bloom,
And soon, very soon, All Spring's in the room.

E'en the logs on the hearth are sending forth shoots
Of curly green leaflings and odorous roots.
Our dull Persian carpet is magis indeed—
A great bed of pansies now—"grown from seed."

Convolvulus lacework twines table and chair.
Shy wallflowers hide in the corners there;
Delphiniums, roses, sweet-scented stock,
Carnations, oxalis, starry-fringed phlox.

All growing as pictured on Page So-and-So,
As somehow I never can quite make them grow—
Except in the garden I plant on the day
That the first Spring Catalogue comes my way.

—Helen Hambidge in N. Y. Times.

C.G.E. COMPANY ASK FOR RENEWAL OF ASSESSMENT

SENATOR NICHOLLS SAYS COMPANY WILL SPEND FROM $500,000 TO $1,000,000 ON NEW BUILDINGS AND EQUIPMENT IF EXTENSION IS GRANTED—WOULD ADD ONE MILLION DOLLARS TO ANNUAL PAY ROLL.

$150,000 PRESENT IS THE ASSESSMENT

Declining to assume the responsibility of acting upon the request of the Hon. Senator Nicholls, president of the Canadian General Electric Company, that the company's fixed assessment be extended for a period of ten years, the committee of the Whole Council adopted the following resolution last night:

Moved by Ald. Turner and seconded by Ald. Copping, that the Council submit a by-law to the people to confirm the fixed assessment of the Canadian General Electric Company for a further period of ten years, to date from the expiration of the present fixed assessment, on condition that the company expend the sum of $500,000 on buildings and equipment.

Announcing the result of the vote on the committee's recommendation to the Council all the members of which were present, Mayor McIntyre stated that it was unanimous. Ald. Gordon replied that he didn't vote.

'I want a few hours to think it over. There's no hurry," he remarked.

Assessment is $150,000.

Senator Nicholls said that ten years ago the company and the City Council made an agreement to fix the assessment of the company's property at $150,000 for twenty years ,and it was embodied in a by-law, but the legislature said that their policy was not to give a fixed assessment for more than ten years at a time. The legislature changed it to ten years and at the same time said that there was nothing to prevent a request for an extension of ten years when the time was up.

Senator Nicholls asked the Council to keep faith with the company and to extend the fixed assessment for the further ten years. The company intended to expend from $600,000 to $1,000,000 here or elsewhere, and this would add about $1,500,000 to the payroll. In 1919 they had taken work in order to give employment at no profit and at a loss. Some of the directors who lived in Montreal wished the extensions made there, and the Toronto directors, who were in the majority, wished it made there. However if Peterborough did not give his confreres a reason for opposing his recommendation he believed that his recommendation would be adopted and the expenditure would be made in Peterborough.

Pay Roll $1,500,000 Now.

In the past twenty-five years their payroll had averaged $500,000 a year and at present the payroll amounted to a rate of $1,500,000 a year. The company would not expend the money they proposed to expend unless they expected to increase their payroll by at least $1,000,000 a year. The buildings alone would cost between $300,000 and $500,000, with a minimum of $300,000 on buildings, and their programme, which might not be carried out this year, included an expenditure of $1,000,000.

Two years ago the company contemplated building a foundry in Peterborough, but the Council did not see fit to carry out the arrangement that they had agreed to and the foundry went to Montreal, the logical place. Senator Nicholls said he did not propose to bargain, but simply to ask the Council to keep faith. The minimum expenditure on buildings would be $300,000, and on buildings and equipment $500,000, the work to be begun by June 1, 1920, and proceeded with continuously until completed.

Mr. Patterson Present.

Senator Nicholls was accompanied by Mr. E. G. Paterson, general manager of the company's local plant, and Mr. E. H. D. Hall, the company's solicitor in Peterborough.

The present fixed assessment on the local establishment is $150,000 for the municipal rate, and school taxes are paid on the total assessment. If the proposed by-law is carried the fixed assessment would continue to be $150,000 for ten years, but the school taxes would be paid on the entire property including additons.

NEW LOCATION OF ALARM BOX

MRS. HUTTON SAYS SHE DID NOT LEAVE CHILDREN IN BURNING HOME.

Mrs. George Hutton, 63 McDonnel street, whose home was badly damaged by fire on Wednesday evening of this week disagrees with Fire Chief Grange when he states that this particular case emphasized the need for red lights on the fire alarm boxes. Mrs. Hutton said she knew the exact location of the alarm box and could have found her way to it blindfolded if necessary.

Furthermore she did not leave her children in the burning house and run three or four blocks to the police station in order to have the alarm turned into the fire station. Mrs. Hutton s version of the circumstances are as follows.

On the day of the fire, Mrs. Hutton had engaged a man to clean out the chimney. Later on in the evening she placed her hand on the chimney and discovered it was unusually hot. There was no signs of fire at this time. Being acquainted with Police Sergeant Reid at the police station, Mrs. Hutton decided to secure his assistance and accordingly made her way to the police station. Sergeant Reid notified the fire department of the heated condition of the chimney and then made his way to the scene of the trouble. When he arrived the fire in the chimney had broken out and was threatening the house. In the meantime the fire department had despatched the small car with a chemical extinguisher suitable for a chimney fire. When the firemen and Sergeant Reid arrived they realized it was a job for the entire fire department and proceeded to ring in an alarm. Sergeant Reid claims he endeavored to ring in an alarm over the telephone from the home of Mr. Albert Duncan at the corner of McDonnel and Waterford streets but was unable to get the central. He then went to the nearest box and when he returned a man who had remained at the telephone had only then succeeded in getting the telephone operator to answer his call. Mrs. Hutton said had she realized the fire would assume such serious proportions she would have turned in the alarm from the box. She thought it was an overheated chimney and in this connection sought the advice and assistance of the police department.

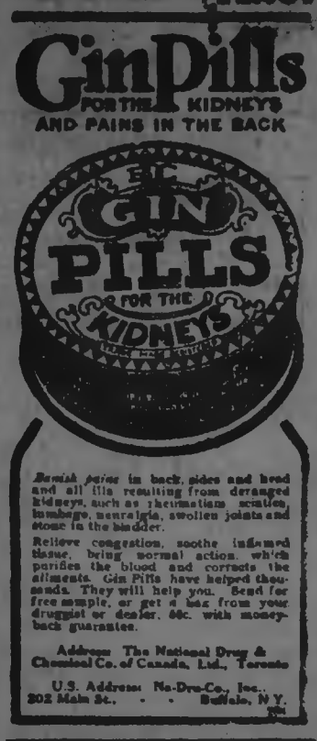
CRIME IS LAID TO BAD HEART

"Not Caused by Kink in the Brain," ex-Convict Says, Criticizing Psychologists.

PHILADELPHIA.— If you toes are tickled with a toothpick during a psychological test and you are human enough to wiggle them, you will be declared criminal by the psychologist, said Robert W. Fenton the ex-convict, who spoke in Houston Hall, University of Pennsylvania.

"Crime is not caused by a kink in the brain," he said. "It is caused by a bad heart. The germ lies there and is incubated by saloons, poolrooms and dance halls. I learned how to become a pickpocket in that school, and I was taught well, for in my career I stole more than $300,000. Where did it go to? To the leeches who live on criminals and protect them from the law.

"The way to prevent crime is to let people know all about it. It can't live in the open. The newspapers do much to prevent it by advertising it. Carelessness goes a long way toward making thieves and wealth toward keeping them as such."



Banish pains in back, sides and head and all ills resulting from deranged kidneys, such as rheumatism, sciatica, lumbago, neuralgia, swollen joints and stone in the bladder.

Relieve congestion, soothe inflamed tissue, bring normal action, which purifies the blood and corrects the ailments. Gin Pills have helped thousands. They will help you. Send for free sample, or get a box from your druggist or dealer, 50c. with money-back guarantee.

SPECIAL SERVICE AT ST. ANDREWS'

St. Andrews' church is fortunate in having secured for the morning service, Rev. Dr. Laird, Finance Minister of the Presbyterian church of Canada. He has a big mind in a big body—a verile type of man—every member of St. Andrews' should hear his message. At the evening service the minister will begin a new series of evening sermons, the first being on "How a Young Man Changed History."

Ideal Wrinkle Remover Easily Made at Home

If weather, worry or poor health has marred your face with wrinkles or furrows, here's good news for you. Every line, even the deepest, can be quickly removed by using a simple and harmless face lotion prepared by dissolving one ounce of pure powdered saxolite in a half pint of witch hazel. This is not only a valuable astringent, but has a beneficial tonic effect also. The firmer, smoother skin, the more youthful appearance, even after the very first application, will astonish and delight you.

If you will obtain some witch hazel and saxolite from your druggist and make your own wrinkle remover as directed, you will find this far more effective than massage creams, pastes and other made preparations.

THE LAKEFIELD MEMORIAL HALL

MR. A HENDREN MAKES AN EXPLANATION REGARDING THE CONTRACT

To the ratepayers of the Village of Lakefield.

There are rumors around the village, also statements made at the meeting held in the Queen Street Theatre, January 26th, regarding the extra cost of the new Memorial Hall.

In reference to extra lumber required over contract, which cost $1803.61, this includes all lumber for basement forms, tool house, mixing boards, mortar boards, mould for cement blocks, arches and sills, strapping for ceilings, planks for bricklayer's scaffolds, all ceiling joist over auditorium, purline plates, three set of stairs, outside steps, frames, sash, cornice, tower, roof over side and front entrance and lath. In regard to ceiling joist over auditorium this item was not on the contract as I had to see the architect as to a change from the plan, which was for the best and cost less money.

When I was engaged by the Council, I was ordered to start at once, as Mr. McDonald was chairman of the Building Committee, he gave me instructions to get what ever lumber I required from Mr. N. Moore on account of his mill being handy and close to the building and he had what I reduired until I had time to make out a list of material for the bill—lumber, roofing, shingles and pine flooring.

Mr Lillicrap of the Kawartha Lumber Co., claims he was entitled to the contract for the bill lumber, his tender being the lowest, also he was to supply all lumber and shingles for $2,000.00. Now this only covered the material I had on the list which was given him, but the public will see by the following letter to Mr. W. Sherin that he could not supply same according to specifications:

Mr. W. Sherin.

Town Clerk. Lakefield. Ont.

Dear Sir—We have been notified by Mr. Hendren, foreman on the Memorial Hall work, that our tender for the lumber required is the lowest and that we can go on and supply same.

At the same time he suggested that we sign an agreement to furnish this lumber from 1918 sawing and have the joists for the ground floor supplied by the 5th inst.

The lumber we are prepared to supply was sawn during the spring and summer of this year and has been from three to four months piled.

This, of course, applies to the bill lumber, scantling and joists. The floor would be bone dry stock. We would also require a reasonable time to get the material on the ground for the basement floor, say two weeks.

We think that there is very little 1918 hemlock on the market.

If you will take the lumber as above mentioned we are willing to stand by our tender.

Yours truly.

KAWARTHA LUMBER CO., Ltd.

Signed by G. J. Emsley.

It would not have been a square deal to let Mr. Lillicrap supply green lumber when Mr. N. Moore could furnish 1918 cut as called for in the specifications.

The lumber which I ordered from Mr. N. Moore before any tenders were called for was supplied for at the rate of $40.00 per thousand. What I had ordered from the Kawartha Lumber Co. was charged at the rate of $49.00 per thousand. I consider I saved the village money by buying as little lumber as possible from Mr. Lillicrap for Mr. N. Moore's rates were much lower.

Mr. Lillicrap said his list of material was not the same as Mr. N. Moore's. If he will leave his list with Mr. Sherin, that was written by my son, F. Roy Hendren, why I will have Mr. N. Moore do likewise and have both copies published. If Mr. Lillicrap does not do this, the public will know his statement was false.

It was brought up at the meeting of January 26th that the Council had not seen a contract signed by Mr. N. Moore. This was signed last July and Mr. W. Sherin has it in his office.

If the Council thought there was any crooked dealings by letting the contracts to Mr. N. Moore it was their place to come to me and find out the particulars, and not wait until the end of the year.

I don't think it is a square deal of Dr. Smith and Mr. Porter to stand up the night of the meeting and say the extra cost of the hall was put on by ex-Reeve Moore and myself. They also try to blame Mr. Moore for having it done by day work. Why Mr. Porter suggested day work to me before Mr. Moore ever thought of it! If the Council was not in favor, why did they sign to have it day work? It is easily seen Dr. Smith and Mr. Porter are not property owners in the village or they would have looked after the cost of the building a little more careful before it went so far.

There are a few men in the village whom I believe caused most of the trouble, and if the village had a Council composed of property owners I believe they would have had better results regarding the keeping down of the cost of the building.

I have been contracting in Lakefield for over 45 years and I defy any person whom I have built for to say I ever done any grafting or had any dishonest dealings with them.

Thanking you Mr. Editor for your valuable space.

Yours truly,

A. HENDREN.

Spanking Doesn't Cure!

Don't think children can be cured of bed-wetting by spanking them. The trouble is constitutional, the child cannot help it. I will send FREE to any mother my successful home treatment, with full instructions. If your children trouble you in this way, send no money, but write me to-day. My treatment is highly recommended for adults troubled with urine difficulties by day or night. Write for free trial treatment.

Mrs. M. Summers
Box 917 WINDSOR, Ontario

WAGES WERE 12C AN HOUR WHEN OTTAWA CHURCH WAS ERECTED IN 1876

OTTAWA, Ont.—Workmen engaged in constructing an addition to Trinity Church, Ottawa South, have made an interesting discovery in the shape of a letter written by the original builders of the church in 1876. It was deeply embedded in the masonry the church.

The letter was written on substantial paper and with remarkable good ink, for it has been removed from its long resting place in the masonry entirely legible.

"Ottawa, Nov. 15th, 1876.
Billings Bridge Church.

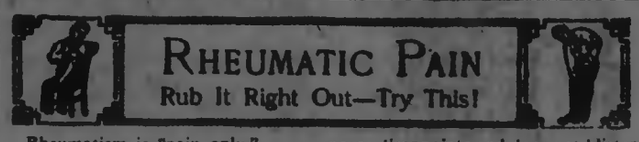
"Builders: William Harris, John Wait, David Wait, John P. Munro.

"Labor: John Brouse.

"The average quantity of whiskey drunk on this church, one quart a day. Wages, 12 cents an hour.

"The architect: Mr. Build."

The portion on which the achitects name was written has been torn, and only a part of the name remains.



Rheumatism is "pain only."

Not one case in fifty requires internal treatment. Stop drugging! Rub the misery right away! Rub soothing, penetrating "St. Jacobs Oil" directly into the sore, stiff joints and muscles and relief comes instantly. "St. Jacobs Oil" conquers pain. It is a harmless rheumatism cure which never disappoints and does not blister.

Limber up! Quit complaining! Get a small trial bottle of old-time "St. Jacobs Oil" at any drug store and in just a moment you'll be free from rheumatic pain, soreness and stiffness. Don't suffer! Relief and a cure awaits you. Get it. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains and swellings.

BETTER DIGESTION STRONGER NERVES AND NEW ENERGY

COMES THROUGH RICH, RED BLOOD

Dr. Williams Pink Pills Actually Make New Red Blood and in This Way Restore Health to Weak, Despondent Sufferers.

In the days when medical science was not as far advanced as it is today it was the fashion to speak of a tonic for the stomach or a tonic for the nerves. This implied a remedy that went directly to these portions of the human system and supplied them with the elements that they lacked.

To-day it is known that there is no such tonic. It is possible to swallow a drug that will stimulate the stomach and create a desire for food, but a stimulant is not a tonic and an appetite so stimulated is not a healthy one. It is possible to take a drug that will stimulate the nerves so that work can be done almost beyond the strength of the body. But the inevitable result of such practice is collapse. The stomach or the nerves can only be toned up through the blood.

The blood can be enriched by treatment that increases the number of red corpuscles and when this is done, the whole body benefits. A tonic for the blood is therefore a tonic for every part of the body. That is the reason why building up the nerves with Dr. Williams' Pink Pills increases the appetite, aids digestion, quiets and strengthens the nerves and gives new ambition to tired, bloodless men and women. Read the statements from people who have been helped, and learn what this system building tonic will do for you.

A NERVOUS WRECK.

Mrs. Peters, Florence, Ont., says: "About a year ago I was almost a nervous wreck. I suffered day and night and the least noise would startle me and set my heart jumping. As a result of the trouble I slept poorly, my appetite was bad and I fell off in weight; and it was only with the greatest difficulty that I could do my housework. I was doctoring almost constantly but it did me no good. Then a friend who is a trained nurse came to see me and strongly urged me to give Dr. Williams' Pink Pills a trial. I was somewhat loathe to believe that they could help me after doctor's medicine had failed but I finally decided to try them. The result was that through their use I am a well woman to-day and am free from the trouble that made my life for a time one of misery. I have every reason to be grateful for what Dr. Williams' Pink Pills did for me, and urge all weak and nervous people to give them a fair trial.

MEALS CAUSED DISCOMFORT.

When the stomach lacks tone there is no surer way to restore it to its normal condition than to build up the impoverished blood. Proof of the value of Dr. Williams' Pink Pills in stomach trouble is given by Mrs. S. Morrison, Varney, Ont., who says: "I shall always feel indebted to a friend who advised me to use Dr. Williams' Pink Pills. I had been a sufferer for years with stomach trouble which resulted in a general weakness of the whole system. My meals always caused me discomfort and at times I would go hungry rather than undergo the suffering which followed meals. I was constantly taking something or other recommended for the trouble but without finding a cure and often the trouble kept me in bed when I should have been about doing my house work. My friend who had a similar attack came to see me and urged me to try Dr. Williams' Pink Pills, which had cured her. I got a supply and began taking them, and soon found relief. By the time that I had used eight boxes I was again enjoying the best of health with a good appetite and stomach restored to normal. Had I known of this medicine earlier it would have saved me years of suffering and I urge anyone who may be in similar condition to try these pills at once."

SUFFERED FROM NEURALGIA

One of the most severe forms of nervous troubles is neuralgia; the pain at times is almost unendurable, and the sufferer is an object of pity. It is literally true that neuralgia is merely the cry of starved nerves for a better supply of pure rich blood, and that when the blood is enriched the trouble disappears. Proof of this is offered in the case of Mrs. Wm. Harris, R. R. No. 2, Milton, Ont., who says: "I had suffered terribly from neuralgia and sometimes the pain was so bad that I was unable to attend to my household duties. I was taking medicine from a doctor but it did not help me and my husband urged me to try Dr. Williams' Pink Pills. I finally decided to do so, and by the time I had used a couple of boxes I found an improvement in my condition, and a further use of the pills restored me to my old time health. You are at liberty to use what I have said in this home that it may benefit some other sufferer."

ST. VITUS DANCE

St. Vitus dance is another disease of the nerves brought on by a morbid condition of the blood, and which is cured through the blood. It is a common disease among children, but frequently attacks adults. Irritability is often one of the first signs of the trouble; the jerky movements that characterize the trouble coming later. In severe cases the limbs and sometimes the whole body jerks spasmodically and in extreme cases the power of speech is affected. A child afflicted with this trouble should not be allowed to study; should be kept quiet, given a nutritious diet, and remain out of doors as much as possible. Dr. Williams' Pink Pills should be given to build up the blood and restore the shattered nerves. The value of these pills in cases of this kind is shown by the following statement of Mr. Frank J. Scrivon, Acton, Ont., who says: 'In January, 1917, my daughter Gertrude, then aged fourteen, had an attack of rheumatic fever, which left as its after effects, a severe attack of St. Vitus dance. For weeks she was confined to her bed under a doctor's care. She was entirely helpless, being unable even to hold a spoon to feed herself. For a time she lost the power of speech almost entirely and only with the greatest difficulty made herself understood. The twitching of her muscles was so bad that it was painful to see her. Finally in May, 1918 we decided to try Dr. Williams' Pink Pills and see what they would do for her. She took them regularly according to directions and after taking several boxes there was a decided improvement. After a further use of the pills she is now as healthy a girl as you would wish to see. Both her mother and myself are convinced that the pills have done her a world of good as she is now far healthier than at one time we thought she would ever be."

WHAT DR. WILIAMS' PINK PILLS WILL DO.

Dr. Williams Pink Pills are a blood builder and nerve tonic. The rich red blood that they make not only carries color to the cheeks and lips and gives vigor to the exhausted nerves and quiets the pains of neuralgia and sciatica. Dr. Williams Pink Pills contain no opiates nor harmful drugs; they restore health and strength but do not give temporary stimulation.

You can get Dr. Williams Pink Pills through any dealer in medicine or by mail at 50c a box or six boxes for $2.50, from the Dr. Williams Medicine Co., Brockville, Ont.

GOOD FOR BOTH YOUNG AND OLD

Buckley's White Bronchitis Mixture

Children's coughs as well as grown-ups' yield to the curative properties of Buckley's White Bronchitis Mixture.

And because it contains no harmful habit forming drugs this guaranteed cough remedy may be administered to the youngsters with absolute safety.

For the relief and cure of Coughs, Colds, Bronchitis, Asthma, etc., Buckley's White Bronchitis Mixture is easily the most efficacious preparation on the market.

Price 60c a bottle; mailed for 75c or three bottles for $1.75 — every bottle guaranteed. Discourage substitutes by looking for the name "Buckley" on the carton.

To Ward Off Trouble Build Up With Milk

Says Dr. Leonard Keene Hirshberg

Of Johns Hopkins University: "Morbid states of health and infections are most common among those who have forgotten that there is such an excellent preventative of sickness as milk."

Proofs in abundance show that **Pasteurised Milk** is probably the greatest factor of safety for your nutrition, and protection against disease."

"Milk used in combination with butter, or each used separately, either cold or warm, are excellent 'warders off' of many physical troubles. They act as preventatives because they build up bodily resistance to the disease."

Use milk liberally, either hot or cold. If you want to get a greater variety, a great number of delicious milk drinks are recommended by Dr. Hirshberg.

THE CALL FROM ARMENIA

ANOTHER $45,000 DESPATCHED TO THE WORKERS IN ARMENIA—WHAT THE FUND HAS ALREADY DONE—BANDITS SLAY MISSIONARIES CARRYING FOOD—ANOTHER APPEAL TO CANADIAN HEARTS.

There was despatched by radio naval cablegram Thursday evening to Dr. MacCallum, head of the Canadian mission to the Armenians at Constantinople, the additional sum of $45,000 from this fund. This brings the total now sent to the field of actual work to $175,000. No delay is occurring in despatching the generous subscriptions of readers to the suffering people for whom they are given. Within twenty hours of the despatch of this cablegram it is expected that the money will be in use in far-away Armenia. And all the money given goes. There are no deductions in this fund for expenses or administration.

WHAT THE FUND HAS DONE.

While the cables were carrying the gifts of Canadians to Armenia last evening they were likewise carrying from the field messages of gratitude and appreciation from the workers there. The following despatch reached Rev. I. W. Pierce, Secretary of the Canadian National Armenian Relief Association, from Mr. Charles V. Vickrey, Secretary of the International Near East Relief at New York, last night:

"Since telegraphing you this morning respecting Colonel Haskell's message from the Caucasus we have received the attached cablegram from Sivas, in the heart of Anatolia, or the centre of Asia Minor:

" 'The contributions that are coming through under the administration of Dr. MacCullum and the Canadian Committee, make possible the restoration of the Sivas appropriaton of 20,000 liras per month, as requested in cable.' "

The reference to the Sivas appropriation in this cable relates to the cutting off of the fund previously apportioned to that district owing to the shortage of money, and a cabled appeal for assistance in restoring it. Readers will feel heartened to know that their wonderful response in this campaign has already made it possible to continue the work among the starving at Sivas.

MURDER OF HEROIC WORKERS.

Associated Press cables record the murder by bandits in Aleppa district of three relief workers who were taking in food to the starving people. The following cable from the British office of the Near East Relief, dealing with the sad news, speaks eloquently for itself:

"Bandit attacks frequent. Our workers daily take lives in hands owing to unstable political conditions in Near East, but desperate condition of starving people impels us to carry on with work. We must not let them starve. Heroic workers feel they owe not only humanitarian duty to starving Armenians, but also to Canadian people whose generosity making possible saving of thousands of lives of men, women and little children. Will cable names of our martyred dead when received from Constantinople."

GREAT NEED STILL EXISTS.

Another message of much interest to readers was received from Mr. Vickrey. It reads as follows:

"Following cablegram received today by Naval Radio Service from Harpout, Turkey: 'Harpout unit now caring for four thousand orphans. Our children are happy, healthy, clean, well-fed, clothed and housed. Other wretched, homeless children come daily tramping through deep snows in bitter cold seeking admission to our orphanage. May we take them in, or must we turn out our own for lack of funds? Refugees in streets and poor in outlying villages are suffering pitifully in zero weather and indescribable rags. We have no funds to feed or clothe them. Medicines greatly needed. (Signed) Riggs and Arnold.' "

MEN WHO SENT MESSAGE.

Henry H. Riggs, one of the senders of this cablegram, is President of Euphrates College, Harpout, and head of the Harpout Relief Unit. Major Davis G. Arnold, the other sender, is Managing Director of the Near East Relief in that area.

It is evident that, while much has been done, much remains to be done. The appeal of these messages will reach many Canadian hearts.

APPEALS TO METHODISTS FOR ARMENIA.

Rev. Dr. S. D. Chown, Superintendent of the Methodist Church in Canada, has issued a letter to all the Methodist Churches in the Dominion asking them to do their utmost to relieve the dreadful conditions in Armenia. He asks that on February 15, or some earlier date, each congregation, by a standing vote, make formal protest against the continued subordination of Armenians to Turkish rule.

The text of the letter is as follows:

"Dear Sir: The appalling situation in which the Armenian people find themselves placed today calls for no elaboration by us. Official reports reveal beyond question the dire extremity in which these people are placed. After all they have suffered at the hands of the Turk it would be a marvel indeed if they did not ardently long to be freed from further Turkish domination. Whatever solution may be found for Armenia, it is unthinkable that the Great Powers will consent to its continued subordination to Turkish rule and authority. The bare suggestion of such a policy is abhorrent to every righteous soul, and yet there seems to be danger that the disastrous relation of the past may be perpetuated.

"We believe that every right-thinking Canadian will zealously join in a hearty protest against such a condition, and in order to give voice to the conviction of Canadian Methodism we advise that on the 15th day of February, or earlier if local situation makes it necessary, formal protest be made in every public congregation of the Methodists by a standing vote of the people. We request also that an official report of this action be promptly sent over the signature of the minister or the recording steward, or both, to the Hon. Newton Wesley Rowell, Ottawa, with the request that the same be forwarded by him to the Imperial authorities in London."

TORTURED BY TERRIBLE ECZEMA

Suffered Three Years Until She Tried "FRUIT-A-TIVES"

DAME PETER LAMARRE

Pointe St. Pierre, P. Q.

"I think it my duty to tell you how much your medicine has done for me. *I suffered for three years with terrible Eczema.* I consulted several doctors and they did not do me any good.

Then, I used one box of 'Soothe-Salve' and two boxes of *'Fruit-a-tives'* and my hands are now clear. The pain is gone and there has been no return. I think it is a marvellous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Soothe-Salve' and *'Fruit-a-tives.'*

'Fruit-a-tives' cooled the blood and removed the cause of the disease, and 'Soothe-Salve' completed the cure."

Dame PETER LAMARRE (Sig).

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

WHY THE MYTSERY?

LONDON, Feb. 6—English newspapers are respecting Premier Borden's privacy, but the Evening Standard remarks:

"While half a dozen newspapermen recognised the Premier of Canada, the following sapient announcement was made by one of his entourage—

" 'If he is here, he is not here officially and not supposed to be here.' "

with the Canadian Premier's mov

The Yorkshire Post, in connection with the Canadian Premier's movements, says it is difficult to see the reason for all this mystery.

LONG BEACH ISOLATED.

(Canadian Press.)

NEW YORK, Feb. 7. — Long Beach, Long Island, has been isolated by the storm for two days. Coal and food question serious.

Nearly Insane From Leg Ulcers

She tells of suffering and brief story of her cure.

Read these two letters from Sarah D. Lawrence of Kenilworth, Ontario. "I can't sleep at night from leg ulcers. I am in pain most of the time. I have doctored but no use. A lady from Winnipeg says that D. D. D. cured her of a bad case of eczema. Must her cause can she healed. Can you help me?"

Here a few weeks from later letter. "I have used D. D. D. as directed, and my leg is completely well."

Why not be convinced and try this remedy today for any form of skin disease. Our special trial offer is to prove. Get a 35c. trial bottle from a druggist. Try D. D. D. soap too.

ARCHDEACON DAVIDSON MAKES APPEAL TO CITIZENS OF PETERBORO

Barrie, Ont., Feb. 3rd, 1920.

The Editor, Examiner, Peterborough,

Sir:

May I through your columns say a few words to members of the Church of England throughout Peterborough, in regard to the great united effort before us all, which can be carried through to a successful issue only by generosity, by real self-sacrifice, and by every single one of us doing our full duty at this crisis to our church, and thus to the Divine Head of that church.

Different calls come to us at different times. The call of TO-DAY is to give in a way, and to an extent that we have never risen to before. In company with multitudes of others who have seen the beckoning Vision, it is our high privilege to step out of what is ordinary, dull, and commonplace, and to set our feet even for a brief period, on the path af daring and heroic venture. It is not only a matter of duty but also of very real privilege.

Let each of us then think out, (perhaps over and over again, as our standard rises,) what is the best and most worthy contribution which we can make over the stated period of two years, and make a glad and truly Religious act of this act of giving.

Coming down from higher grounds to lower, but also real ones, it is most important that each one of us do our part towards securing the raising in full of Peterborough's financial objective of $20,000. It is all very well to say, "this is sure to be done," but as a cold matter of fact it will not BE done unless the giving power of all our people is fully brought out. A great many big generous gifts are necessary, and also a multitude of correspondingly generous smaller ones.

The situation in Peterborough is an exceptional one—the Campaign having been largely left to the Laity, and the issue will be watched by the church generally with interest. Can our LAITY rise to an EMERGENCY CALL? In my privileged work in different parts of our large Diocese I have quoted Peterborough everywhere, (both within and without the Church of England,) as generously and daringly going in for great, worthy objectives, and also as undertaking this big effort unitedly.

On the 16th day of February our City will practically become Campaign Headquarters for the Country Districts, from Brighton to Collingwood, and returns from all parts will be sent here, and the results tabulated. See to it that this honoured Centre is enabled to worthily hold up its own head!

I feel so stimulated by the many thrilling examples of real heroism and devotion which I have seen in my work as a Campaign Leader that with all confidence I call upon our people in a city which is truly "set upon a hill," and has distinguished herself in the National Campaigns of the War to do what is worthy of her past record for the support of this glorious Cause, which is in very truth the Cause, not only of the church but also of the well-being of our Country.

But to insure this remember that what Peterborough is able to do will depend on each single individual contribution.

Faithfully yours,
J. C. DAVIDSON.

NEW MEMBERS FOR BOARD OF TRADE

LIST ELECTED AND LIST APPROVED AND POSTED.

The Board of Trade Council has elected the following new members:

C. J. Townsend, Russell-Townsend Co.; C. E. Jamieson, Collegiate Institute; James McDonald, of Wm. Stock & Son; Moses Fine, Dry Goods Merchant; Richard Sheehy, Contractor; Dr. Herbert M. Yelland, Surgeon.

At a meeting of the Membership Committee the following applications were unanimously approved and ordered posted:

C. S. Cummer, Manager Merchant's Bank; James Garside, Plasterer; F. H. Torrance, Wm. Hamilton Co.; Thomas Gilgour, T. Gilgour & Son; John McCann, Superintendent Radial Railway; Thomas Mark, Manager Manufactures Life; J. H. Gilgour, T. Gilgour & Son; P. A. Mathews, Adding Machines; Francis T. Sollitt, Erecting Engineer.

Lawyers are men who work with a will;
At least, so the doctors say;
But the lawyer's work doesn't begin until
The doctor has opened the way.

SOCIAL EVENING WAS BIG SUCCESS

SCHOOL AND HOME CLUB HAD CHARGE OF PROGRAMME.

Illustrative of the splendid results which may be wrought through the teachers and parents of school children being brought more closely in touch with each other, the social evening held last evening in the Queen Mary School was a great success and all who attended it had a thoroughly enjoyable time. The series of such entertainments have been most gratifying in their results to all concerned, and the School and Home Club has become a most important institution to the school.

The evening opened with a piano solo by Miss Dorothy Ferguson, followed by a vocal solo by Mr. Adail. Mrs. Cruikshanks contributed a much enjoyed piano solo and Mr. Clarke a reading.

The Feature.

The feature of the evening was the charade, "The Lay of the Last Minstrel," put on by the teachers of the school. In this the staff dressed as darkies, paraded about the hall in which the entertainment was held, in negro costumes, each armed with some musical instrument, and were later instructed in negro songs. Latterly all wearily dragged themselves away, but the last man, who fell on the floor. The charade was guessed immediately by one of the audience. An athletic contest among the Home and School Club was an interesting feature and afforded much amusement to all present.

Presentation Made.

During the evening in recognition of their kindness and genuine interest shown to all the children of the school, Mr. and Mrs. J. Eliott, the latter the janitor of the school, were presented with gold pieces.

Refreshments Served.

At the conclusion of the evening, dainty refreshments were served.

JUDGE HUYCKE GAVE THIRD LECTURE

"LEGAL PROCEDURE" WAS THE SUBJECT OF AN INTERESTING ADDRESS

"Legal Procedure" was thoroughly explained by His Honor Judge Huycke to a large and interested gathering of ladies at the Y.W.C.A. last evening. In opening his address His Honor spoke of the meaning of Law, which is summed up in the course of remedying a wrong and sustaining a right, and for maintainance of this a court must be held. With reference to legal procedure there is a general division of criminal and civil courts the former for dealing with such crimes as murder and theft, the latter for differences between the state and individual. In many respects the enforcements of each are the same but they are different in the outset.

Criminal Courts.

His Honor first dealt briefly with criminal procedure. The criminal law he said was codified in Sir John Thomson's time and is mostly derived from the Common Law. If a person suspects his neighbour of being guilty of a crime, no matter how small or great, the first step towards justice is to have an information made. In cities this is done by informing the police who will lay the information before the magistrate. The information having been sworn to by the Magistrate a summons is issued calling upon the accused to hear what is being said against him and the Magistrate hears the evidence. In an ordinary case the Magistrate or Justice of the Peace hears the evidence, gives due emphasis to the more important parts and in minor matters over which he has jurisdiction gives decision. In matters of graver importance however, the Magistrate hears only the evidence of the Crown or the evidence against the accused and if he finds a case against him sends him to a higher court. Once the person is committed for trial his case must be heard within a short time before the Judge the case reveiwed and the accused given a chance to choose between being tried by the local judge or sent to the next court of competent jurisdiction. If the accused is anxious to have the trial over the trial proceeds. If however, he elects to wait he may apply for bail and having secured this he will be bound to appear on the date appointed and is free and innocent until proved guilty. When he appears, his bondsmen are released. Exceptions are very rare but failing his appearance, if he has property, it is confiscated.

The Juries.

If the accused comes to court two juries are called. The grand jury an institution of great antiquity hears the evidence against him. The thirteen men all supposed to be men of intelligence and good standing are directed by the judge to examine each witness on oath and find if there is a true bill or no bill. If sufficient evidence is found a true bill is brought in but should they find the matter is the result of spite or that the evidence is of trivial importance no bill is brought in. The matter of the accused going up for trial is left solely in the hands of the grand jury, who hear only the evidence against the accused. If they find the case is a proper one to be tried a true bill is brought in and the accused is then tried. The accused when sent for trial comes before the petit jury.

The grand, and petit jury and witnesses are sworn in on the method considered most binding to their conscience. Here His Honor gave a brief description of the methods used for swearing in different religious sects. The jury gives verdict according to two things their conscience and evidence heard. Because the speaker remarked stories differ when told in court. It is no criterion that the witness is lying as no two people ever saw or heard the same thing exactly alike. From the time the case comes to this stage the procedure is much the same as in all courts.

Civil Court

Supposing, His Honor continued, a dispute arises between two persons, the plaintiff will go to the Division Court Clerk he will write out what he wishes to sue for and hand the statement to the Clerk. He may or may not employ a lawyer to look after his interest. Having entered his claim with the Clerk he makes out a summons and calls upon the defendant, who if he admits the claim, may pay at once. Failing to do this, however a summons is issued upon which it is stated where and when the case will be held. All parties concerned must be present. In the Division Court the accused may have a friend to appear for him, in the higher courts, however, he must have a lawyer. Trials in the Division Court are much the same as in other courts. In certain cases a jury may be called but this is very seldom done.

Procedure Similar.

The procedure of all courts is much the same. Supposing a person wishes to serve a claim for slander. The writ of summons states definitely what the writ is issued for. The defendant is served with a writ and is required to put in an affadavit stating that he has a defence on the merits of the case. The next step generally speaking is for the plaintiff to put in a statement of claims which is filed in court. The refendant is required also to put in a statement of defence stating clearly and definitely upon what he is relying. This is known as a record of the case and this record is certified to by the registrar and through this the judge knows what the parties concerned are fighting for. The tendency of jurisprudence nowadays is to fight in the open. Preparing a case, His Honor continued is a difficult matter. The parties now being ready for trial. If a jury case such as for slander malicious persecution the accused must be given notice when the trial is to be heard and prepare accordingly. If no jury is employed the persons meet the judge on the day appointed by him.

Interesting Part.

The trial is the most interesting part of the case. The counsel for the plaintiff addresses the jury and tells them what the case is about. The witnesses are next called and in adducing evidence much genius is required. Here the speaker told some interesting instances regarding leading questions. The plaintiff calls his witness first and the opposing counsel has the right to cross examine the witnesses and to ask leading questions. The plaintiff always has the last word in addressing the jury. The case having been heard the judge charges the jury. In a criminal case a jury of 12 is called in a civil case 10. The jury having gone out deliberate upon the evidence, decide, and bring in a verdict and the judge must enter judgment in accordance with the verdict. If no jury is employed the counsels argue the case out before the judge.

His Honor will give the fourth of his lectures on Law, next Friday.

STORMY WEATHER HARD ON BABY

The stormy, blusteryweather which we have during February and March, is extremely hard on children. Conditions make it necessary for the mother to keep them in the house. They are often confined to an overheated, badly ventilated room, and catch colds which rack their whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will not fail to break up colds and keep the health of the baby in good condition till the brighter days come along. The Tablets are sold by medicine dealers or by mail at 25c a box, from the Dr. Williams Medicine Co., Brockville, Ont.

LARGER MARKET THIS MORNING

FEW PRICE CHANGES DURING THE WEEK

This morning's market was larger than it has been for several weeks. Prices remained unchanged from last week. This morning's prices follows:

Beef, pound, 18c. to 22c.
Pork, pound, 25c. to 27c.
Eggs, dozen, 80c.
Butter, pound, 65c.
Chickens, pound, 35c.

Towards noon the price of butter slumped off from sixty-eight cents to sixty-two and sixty-three cents a pound. Potatoes were selling strong at five dollars a bag.

DYE OLD, FADED DRESS MATERIAL

"Diamond Dyes" Make Shabby Apparel Stylish and New.

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods,—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.

Indigestion!

"Pape's Diapepsin" instantly relieves Dyspepsia, or a Sour, Acid, Gassy Stomach—quick! Sure!

Food souring, gas, acidity! Wonder what upset your stomach? Well, don't bother! The moment you eat a tablet or two of Pape's Diapepsin, all the lumps of indigestion pain, the sourness, heartburn and belching of gases, due to acidity, vanish—truly wonderful!

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diapepsin now! Don't stay miserable! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.

The Forward Movement Campaign

A Four Weeks' Programme

January 18—Day of Intercession. The World Situation.
January 25—National Aspects of the Appeal.
February 1—Foreign Aspects of the Appeal.

MEN PLACED AT LABOUR BUREAU

FORTY-FIVE APPLICANTS DURING THE WEEK

At the Labor Bureau during the week 45 new applications were received and 36 vacancies reported in the male department 8wenty-eight men were placed locally and three were transferred to other places. There is plenty of work for skilled mechanics and unskilled labor, but office positions are a minus quantity. In the women's department a very quiet week was reported and all positions open are for either domestics or female workers in the factories.

MACBRIDE NOT DETHRONED

Judge Hardy Dismisses Proceedings to Upset Election

BRANTFORD, Feb. 6. — Judge Hardy has rendered a decision dismissing proceedings taken to protest the election of Mayor M. M. MacBride.

" 3 p.m., Sunday School.
" 7 p.m. Gospel Meeting
Wednesday, 8 p.m., Prayer Meeting.
For the wages of sin is death, but the gift of God is eternal life through Jesus Christ our Lord.—Rom. 6. 23.

Willard STORAGE BATTERY

Uniformity

Uniformity is the secret of success of any good product.

It's the reason Willard Batteries with Threaded Rubber Insulation are making such a wonderful record of long life without repairs.

Ordinary materials used for insulation between battery plates are taken just as they come from nature and can't be made uniform by any process.

But Threaded Rubber Insulation is built up by a scientific manufacture. Every piece of it is like every other and almost invariably Threaded Rubber lasts as long as battery plates.

No wonder many of these batteries have given three and four years of uninterrupted good service.

Drop in and get the whole story.

WALTER BAKER & CO. *Ltd.*
MONTREAL, CAN. *Established 1780.* DORCHESTER, MASS.

A LETTER FROM MR. BURNHAM

To the Editor of The Examiner.

Sir,—Much as I appreciate the natural ease and literary finish of your editorials I am surprised that you do not refer to those great meetings in Canada and the U.S., at which the leading thinking clergy are quietly but clearly warning the people against the principle of prohibition. But a short time ago a leading Baptist Brooklyn pastor at a great meeting in Massey Hall brought up with a jerk those who would institute unfermented for fermented wine in the Communion. He warned them that they missed the meaning of its use since fermented wine was symbolical of the death and resurrection. You must be familiar with the fact that the recent wave of unreasoning emotion excited by the tragedy of life has passed and that people are beginning to see where a policy of Coercion will lead them.

Last night as reported in today's Globe at a great Baptist meeting at Massey Hall the Rev. Dr. MacNeill came boldly to the rescue of the situation. He said:

"In the presence of such a world need, the Baptists have a three-fold mission," maintained Dr. MacNeill.

The Baptist Misson was one in regard to the spirituality of religion. "Baptists," he declared, "stand for spirituality as against ritualism." Then, too, Baptists believed in the idea of a world kingdom for Christ in which all men shall be free and equal. This applies to the social and industrial, as well as the religious aspect of life. He looked toward a day when the whole round world would crown Christ King of all Kings in every department of life."

Probably some of your readers will remember the case of the old lady who reproached our Lord in her prayers for not having Himself brought in prohibition "long, long ago" when Noah the only "man of prominence" saved at the deluge so far forgot himself as to get "drunken with wine" and she said "You know O Lord that you could have prevented nearly all the sin and crime in the world but instead of that ye just let men do as they please."

Regulation by mankind even of a severe kind is permissible but total Prohibition is as we see a reproach of God Himself and a sin greater than all others. Let us not destroy our faith at the very time we would fain increase it. It is this the thinking people see the danger of.

J. H. BURNHAM.

A TRENTON "BUG" HERALDED BIGGER CROWDS FOR PETERBORO'S FAIR

ONE OF THE SIGNS OF THE NEW TIMES WHICH ENCOURAGE THE EXHIBITION DIRECTORS IN THEIR PLANS FOR EXPANSION—ARE ASKING CITY FOR AID AS AN INVESTMENT.

That stimulating line of Shakespeare's,

"There is a tide in the affairs of men which, taken at the flood, leads on to fortune,"

has been quoted so often that it has become trite and flat, but it so exactly fits the condition of the Peterborough Industrial Exhibition this year that it acquires something of its full force in the applicaton. And t is because of the crisis the directors face that they are more anxious than ever to make the 1920 Fair a long stride toward that position of self-support and profit-bearing that is the ambition of its promoters and the hope of every citizen who desires to realise ull returns rom the labour and money that has been expended on improvements and general developments so noticeable in 1919.

However remote that shining goal may be, it is the inspiration of the directors who would probably realise the fulness of their dreams when they could present the Exhibition as a revenue-producing enterprise to the city. In this lean period of struggling uphill against the cost of improvements that are urgently needed, the directors would be happy to break even in their accounts. As it is, the exigent demands for proper accommodation for exhibits, a grand stand that will ensure ordinary comfort for the public, and those other features that will contribute to the acceleration of the approaching success, compose a problem in which the directors are forced to appeal for assistance.

From the County this year they will receive the regular grant of $175 and a special grant of $2,000. They have asked the City Council for $5,000, and it is expected that a comparatively large sum will be raised by subscription. The manufacturers have broached the idea of putting up a building of their own for the display of the products of the local factories. In short, if the expectations and promises are fulfilled, the Exhibition will be pushed over the hill of hardship this year on to the upper plateau of easier and less toilsome progress.

A Sign of the Times.

While the citizens were impressed by the number of exhibits, the crowds, and the appearance of the grounds last year, the most heartening herald of the new day for which the directors are striving to prepare was an automobile bearing a Trenton pennant wheeled into the grounds covered with dust, and parked with many other cars that had gathered from all the neighbouring counties.

The motor car has veritably conquered distance. Twenty miles an hour is the average speed the farmers register, and a two hours' drive brings Peterborough within easy reach of almost that entire expanse of country, of which it is the geographical and, ultimately will be, the commercial centre.

This means that the Fair should be advertised more widely even than last year. Oshawa on the west is now near at hand, Port Hope and Lindsay are just across a few concessions, and on the east there are hundreds of cars where that Trenton "bug" came from. This is a matter of fact and not the stuff of dreams. It might pay the sceptical citizens who do not appreciate the hope and prospects of the Exhibition directorate, and might also encourage some of the directors themselves to study a map of the Midland district in an effort to realise the tide that is now at the flood, not only for the Fair, but for the bringing of Peterborough and the outlying parts of the Midland district into closer connection.

The automobile is the means of communication, and it is noteworthy that more motor licenses were issued last year to farmers than to the dwellers in cities. Events of 1919 demonstrate the awakening there has been among farmers. There is a new rural spirit, and locally, at any rate, it is friendly to Peterborough and the Peterborough Industrial Exhibition.

The directors, therefore, look forward with confidence to increasing attendances from year to year, just as there are already assurances of a record list of exhibits for 1920. And it is because of this promise of success that the directors desire to reach, even to run, after it.

Inadequate accommodation for the public and for exhibitors, however, brings only complaints and condemnation. It is to obviate dissatisfaction that the appeals are being made now. They will not be perennial. They should decrease in indirect proportion to the Exhibition's advances.

Whatever response the City Council makes to the appeal for a grant of $5,000, it should not be grudging. The Council is wrestling with a transportation question that vexes many of the ratepayers and residents in the suburbs, but it will not be inclined to assume the control of the street railway system unless the venture appears profitable or self-supporting. That has been their attitude since Sir Adam Beck began his inducements to unload this utility, which he has said is not returning a profit.

The Fair directors ask for a grant from the city as an investment, the returns from which cannot be calculated now; but every citizen realises with more or less pride that the Exhibition is decidedly moving on the upgrade; the directors are thinking not only of a better autumn Fair, but also of a winter stock fair, both of which, when developed, would give Peterborough an agricultural ascendancy in this part of Ontario that would benefit both farmers and citizens alike.

"SLOAN'S LINIMENT NEVER FAILS ME!"

Any Man or Woman who Keeps it Handy will tell you that Same Thing.

ESPECIALLY those frequently attacked by rheumatic twinges. A counter irritant, Sloan's Liniment scatters the congestion and penetrates without rubbing to the afflicted part, soon relieving the ache and pain.

Kept handy and used everywhere for reducing and finally eliminating the pains and aches of lumbago, neuralgia, muscle strain, joint stiffness, sprains, bruises, the result of exposure to weather.

SIR JAMES GRANT DEAD.

(Canadian Press.)

OTTAWA, Feb. 7. — Sir James Grant, the sole survivor of the first Canadian Parliament, died last night.

MEETING NEXT WEEK.

(Canadian Press.)

LONDON, Feb. 7.—The first meeting of the League of Nations Executive Council will be held next Wednesday at St. James' Palace.

The House of Eddy

A Factor in Canadian Life

IT is probable that not a day goes by in which the House of Eddy does not make life more comfortable and convenient for you. Eddy Products—Eddy Conveniences—are woven into the very fabric of Canadian life. You light the kitchen fire, or the gas-grate of a morning—or perhaps your pipe, and the comfortable glow springs from the end of an Eddy match-stick.

Eddy's Products are Products of Convenience

Eddy's Indurated Fibreware Pails, Washtubs and Washboards are widely used on the farm and in the cities. Your butter was shipped in an Eddy Butter Tub, which kept it free from taint or odor. Eddy Milk Pails play their part in keeping your supply clean and sweet. Your purchases from the store are sent home in Eddy Paper Bags. It is highly probable that the newspaper you are now reading is printed on paper which was made at Hull—by Eddy.

The E. B. EDDY Co., Limited
Hull - Canada

Matches—Indurated Fibreware—Paper Specialties.

Eddy's Matches Indurated Fibreware—Paper and Paper Specialties all contribute to make Canadian life more convenient. Since 1851 the House of Eddy has been bending its energies toward this one end.

HOW INFLUENZA IS RECOGNIZED

HEALTH DEPARTMENT ISSUES A STATEMENT SHOWING THE SYMPTOMS.

This article is issued by the department of health in the hope that the information contained therein may be of assistance in the recognition of influenza cases in the first stages. Commencement of proper treatment will, in nearly all cases, result in no serious developments.

In most cases a person taken sick with influenza feels sick rather suddenly. He feels weak, has pains in the eyes, ears, head and back, and may ache all over. Many patients feel dizzy. Most of the patients complain of feeling chilly, and with this comes a fever. Sometimes the temperature goes as high as 104. In most cases the pulse remains relatively low.

The patient looks sick in nearly all cases, however slight. His eyes and the inner sides of the eyelids may be slightly bloodshot or congested, as the doctors say. There may be running from the nose and some cough. These signs of a cold may not be marked; nevertheless, the patient looks and feels ill.

HAD TO GO TO BED HEADACHES SO BAD

MILBURN'S LAXA-LIVER PILLS MADE HER WELL

When your liver gets sluggish and inactive, your whole health suffers. Your bowels become constipated, your head aches, your tongue is coated, breath bad, specks float before the eyes, you are bilious, have heartburn, water-brash, pain under the right shoulder, muddy and brown spotted complexion, etc.

Help the liver to resume its proper function by removing the bile that is circulating in the blood and poisoning the system.

Mrs. E. Bainbridge, 80 Maple Ave., Amherst, N.S., writes: "I take pleasure in writing you of the good I received by using Milburn's Laxa-Liver Pills for headaches. I was so bad I had to go to bed, and could not sit up. A friend told me about your wonderful medicine, and two vials have made me as well as I can be."

Milburn's Laxa-Liver Pills are small and easy to take, do not gripe, weaken or sicken, do not leave any bad after-effects. Price 25c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Voice Of The People

HANGING OUR BOYS.

To the Editor of The Examiner:

Kind Sir,—We were talking in our home just recently on the problems which keep presenting themselves and calling for serious minded people to answer them. The writer made the remark that if she were given a chance she would move this old world a block ahead. Does this seem to the reader an idle boast. Good people put the thought away, my heart is too sad to boast of anything and I would not think of saying such a thing as I did if I did not feel that there was a power at the back of me urging me on. The sins and sorrows of mankind have grip[illegible]me and are shaking me as a mig[illegible]mpest rocks a tree. I find it diff[illegible]e days to attend to my eve[illegible]es, which are many. Last eve[illegible] looking down the edito[illegible]l when this caught my ey[illegible] innocent boy hanged." W[illegible]ough to affect a mother whose[illegible]gest son is near that age. I think so and I know there are other mothers like myself, for I have talked with them. Sir, can we go on and not protest against this damnable business? Can we stand by and see other mother's hearts bleeding to death? We cannot, we will not. Today, I am not ashamed to say it, I wept for that mother, I raged against the law an unjust, cruel law, and it would not do for me to attempt to write here the things I thought, but in the end I prayed for God to make me calm enough to write this little article. We hear people say sometimes of why does not God intervene? Let me say to you good people who talk so foolish, give Him a chance to do something. God is a spirit and spirit needs a body to work through, and because there are so few who are connected up to Him He cannot get His messages through. He needs our bodies to live and dwell in and operate through. Oh church of the loving Saviour, 'where are you?' I am not appealing to our edifices of brick and mortar nor to the great generality of folk who attend them, but to the living members of Jesus Christ, are you, I ask, about your Master's business, or are you being drugged by the frivolities and pleasures of this life that the agonies of mankind do not appeal to you? I have heard folks say, I wonder God's heart does not break over the terrible sufferings of this world. Dear friends think twice before you say such a thing again. Take a look back at Calvary and there behold a Father's sacrifice, His heart broken for you and me. No greater thing can He ever do for mankind than He has done and how far that love shall affect others depends on you and me. But drops of grief can never repay

The debt of love I owe,
Here Lord I give myself to Thee
'Tis all that I can do.

Last evening after retiring for the night I heard a young lad go whistling by. I often hear him, and he is always whistling; some mother's bright boy, and I said softly to myself, 'Oh God if I could give back that poor mother in Montreal her boy. Oh if I could, but I cannot, but if I can only be as a spoke in the wheel of events to prevent such agonies as that I will not have lived and wept and prayed in vain.

God's calling, yes I cannot stay
I yield my heart without delay;
Vain world farewell, from thee I part,
The voice of God has reached my heart.

Dear readers of the Examiner, how many of you will join with me in this decision. I leave you to announce it to your God. He needs you, the world needs you.

Thanking you, kind sir, for your favor in allowing me to express myself here.

Your very truly,
A MOTHER.

Editor of the Examiner.

Dear Sir,—The flue has once more paid us a visit (Canada) and I advise everybody who has his or her health at heart, to refrain from skating and especially from dancing and thereby avoid overheating one's self, which is extremely dangerous, now that the flue is within a stones throw of our City. We all dread this malignant disease and we should do all in our power individually to prevent its recurrence in our City. In short we should strive to keep fit, to keep in the pink of condition and we can't do that and dance all night, we can't do that on only four or five hours sleep. So I urge everybody to go a little slower and avoid fatigue and by so doing you will be better fortified against this dangerous disease which is not alone for your own sake but for the sake of others as well. But alas! I fear these words will be lost like a voice crying in the wilderness.

R. RICE.

Sir,—From the standpoint of a woman interested in the problems of her own sex, and also that of a former teacher, I should like to comment on the recent salary schedule put into force by our Board of Education. I note that, with maximum salaries running as high as $4,000, the maximum for the women assistants of our public schools is the modest sum of $1,250—this is $250 and $350 less than the minimums of the male assistants. Having taught in a graded school myself, I know something of the actual work done by the male and female assistants in public schools, and my own opinion is that the only honest principle is that of equal pay for equal work.

We are not living in China or Russia, and the twentieth century has been called a woman's century, and if the women teachers of our public schools are capable and efficient, why have they been discriminated against to such an extent? If they are not efficient and capable, this is a grave mistake, as they are the rank and file of our whole educational system. So many boys and girls leave school at an early age that a large percentage of our future citizens are receiving the most of their education from this same rank and file, and consequently its work is of inestimable importance to the State.

Now that citizens everywhere recognise the fact that women should be members of Boards of Education, possibly such manifestly unfair discrimination shall be set right wherever they happen to exist.—Yours,

Ex-Teacher.

Famous Old Recipe for Cough Syrup

Easily and cheaply made at home, but is beats them all for quick results.

Thousands of housewives have found that they can save two-thirds of the money usually spent for cough preparations, by using the well-known old recipe for making cough syrup at home. It is simple and cheap but it has no equal for prompt results. It takes right hold of a cough and gives immediate relief, usually stopping an ordinary cough in 24 hours or less.

Get 2½ ounces of Pinex (50 cents worth) from any druggist, pour it into a 16-oz bottle and add plain granulated sugar syrup to make 16 ounces. If you prefer, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, keeps perfectly, and lasts a family a long time.

It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes and heals the membranes, and gradually but surely the annoying throat tickle and dreaded cough disappear entirely. Nothing better for bronchitis, spasmodic croup, hoarseness or bronchial asthma.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, known the world over for its healing effect on the membranes.

Avoid disappointment by asking your druggist for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

United Press.

PARIS, Feb. 6. — J. J. Jusserand, the French ambassador to the United States already has carried out prudently the instructions given him to advise the American government that France's attitude towards the American Senate's position on the peace treaty is similar to that expressed in Viscount Grey's letter to the London Times, according to the Echo.

Young Men Don't Get Bald Cuticura Does Much To Prevent It

Dandruff, itching, scalp irritation, etc., point to an unhealthy condition of the scalp, which leads to thin, falling hair and premature baldness. Frequent shampoos with Cuticura Soap and hot water do much to prevent such a condition, especially if preceded by a gentle anointing with Cuticura Ointment to spots of dandruff and itching.

Soap 25c. Ointment 25 and 50c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, St. Paul St., Montreal. Cuticura Soap shaves without mug.

PETES TIE OSHAWA ON OWN ICE; RETURN GAME HERE MONDAY NIGHT

GREEN SHIRTS HOLD BRADLEY GANG EVEN IN FIRST GAME OF SECOND ROUND SERIES--THE SCORE WAS 6-6, WITH PETES HAVING THE EDGE AFTER THE FIRST TEN MINUTES.

BIG CROWD SAW BATTLE

Playing their fourth game in seven days, the Peterborough intermediates opened their second round series with Oshawa very auspiciously last night when they held the Childs-Jacobi-Rowden outfit to a 6-6 tie in Oshawa. The return game will be played here on Monday night at Brock street rink, and barring accidents, the Petes should be able to win the round and qualify for the semi-finals. But they will have to battle all the way.

They were unlucky last night not to come home with a victory tucked away. Barring the first ten minutes of the game they had the edge on the play and were leading with only a couple of minutes to go when a fluky long shot hit a Peterborough stick and was deflected into the nets. Oshawa started at a wild clip, and at the end of ten minutes were leading by 2 to 0, but the Petes soon got their bearings and it was 2 to 2 at the end of the period.

Oshawa were outscored 2 to 1 in the second session, the green shirts leading by 4 to 3 at the rest period. Early in the third period the lead was increased to 5 to 3, but Oshawa tied it up again .Once more the Petes went out in front and had victory in their grasp when the break, already described, gave the visitors a chance to tie up the contest.

The biggest crowd that has seen a hockey match in Oshawa for several years was on hand. There were fans from Port Hope, Bowmanville, Whitby and other neighboring hockey centres in the gang, and the majority of the outsiders rooted for the Petes. Among the spectators was Sheriff Paxton, the genial treasurer of the O.H.A. The Oshawa fans declared the game was the fastest and most exciting of the season. The ice was good at first but soon grew sticky, and there was considerable water on it in the last period. The stick-handling of both teams under the circumstances was surprisingly good.

As in Lindsay, all the Petes showed good form. Murray in the nets outshone his more famous rival Childs in the Oshawa citadel, doing some fine blocking and clearing. Halpin and Pete Thornton turned in a fine game on the defence, while all the forwards did good work. Lornie Rose suffering from a bad cold, was used as a sub and did not get into the game until the first period was half over. There was little sign of his illness in his work. Geo. Evans did some great shooting, beating Childs twice ,and making clever stops necessary to save on many other occasions. Jackson and Harry Thornton rushed nicely and Ray Rose's great checking was, as usual, a feature. His sweeping poke check broke up rush after rush.

A RECORD CROWD WILL SEE OSHAWA AND PETERBORO BATTLE HERE MONDAY

Brock street rink will be too small on Monday night to accommodate all the people who will want to see the Oshawa-Peterborough second-round intermediate battle. The great victory of the Petes in Lindsay, and their fine feat of holding Oshawa to a tie last night, have aroused the enthusiasm of the fans, and there will be a rush to the Brock street ice box on Monday night that will break some records.

Although the Petes succeeded in playing a draw in Oshawa they will have to work all the way to win the round. The Bradley crew are doughty opponents who have won many a hard-fought contest. In Childs they have one of the best known and cleverest goalers in the O.H.A. Jacobi is a fine defence player, and Rowden is a dangerous and shifty forward, while the rest of the outfit play good hockey. They are coming here Monday, confident that they can win out, and may run a special train to Peterborough, as many of the fans are clamoring for a chance to see the game. It will be the biggest hockey event of the year.

The Petes have been running through a pretty strenuous schedule, MoMnday's game being the fifth since a week from last night. Fortunately the team came through last night's game without injuries and are in good shape for Monday's contest.

For Oshawa, Childs, Rowden and Jacobi were the best. The much-touted goaler was beaten by some easy shots, but to give him his due he made some great saves on close-in plays. Rowden was the king pin of the attack, scoring four goals. He cut a dizzy pace in the first ten minutes, but faded badly. At that he was always dangerous when he broke away. Jacobi, while not as fast as he used to be, is still a clever defence man, and he rushed well. Charlie Blanchard, the Whitby veteran, has not lost his cunning, and Osborne, a youngster from the junior ranks, looks very promising.

Steve Vair handled the game in faultless style. It was a clean contest, the only regrettable feature being an uncalled for attack by Roenigk, the Oshawa right wing man, on Murray. The Petes' goaler after coming out to clear, was skating back to the nets when Roenigk tried to cut his foot off from behind. Vair was following the rubber down the ice and missed the assault. The game had to be stopped until Murray recovered.

The Peterborough team continue to improve. Their defence work was splendid last night, Halpin and Thornton handling attacks with good judgment, while the forwards back-checked consistently. Team work is being developed nicely, and the green shirts pulled off some sparkling combination plays in spite of the heavy going.

The teams:—

Oshawa — Goal, Childs; defence, Kemp, Jacobi; centre, Rowden; right wing, Roenigk; left wing, Blanchard; subs, Hambley ,Osborne.

Peterborough —Goal, Murray; defence, Halpin, Pete Thornton; centre, R. Rose; right wing, H. Thornton; left wing, Evans; subs, L. Rose, Jackson.

The ice was good at the start and the game opened at a hair-raising clip, with Oshawa setting the pace. They were coming down fast, led by Rowden, who in the first few seconds had a shot on the nets which Murray blocked. He also got one a moment later from Blanchard. The latter was almost immediately after penalized for triping ,and the Petes, for the first time, were on the attack. Evans nearly scored on a nice rush, and Childs made a sensational stop when Ray Rose took a pass at the mouth of the net.

Play was even for the next few minutes, but finally Rowden, capturing the rubber in the corner, skated out and beat Murray at close range for the first counter.

Ray Rose drew a penalty for tripping ,and while he was off Childs made a fine save on a good shot by Evans. Rowden got away and worked in close, but Murray grabbed his shot. From a face-off in front of the Petes' nets, Rowden scored on a shot which bounced on the rough ice.

That made it 2-0 and the Oshawa fans were jubilant— for a moment. Then the Petes got away on a nice piece of combination, and although Child's blocked Jackson's shot, the latter recovered the rubber and scored on a shot that carromed off Child's foot into the nets.

Lornie Rose, who had been a spectator, was interjected into the game at this stage. The first wild dash of the Oshawa gang had pretty well faded, and the Petes were outchecking and outplaying them. Childs saved several times, but the green shirts were not to be denied, and Evans beat the Oshawa goal-minder cleanly on a long shot from the side, tieing up the game. It was 2-2 when the period ended.

Early in the second period, Harry Thornton nearly scored on a pass from Lornie Rose, but the shot was blocked. Jackson was chased for tripping, and a little later Roenigk went off for the same offence. The Petes were having the better of the argument and finally, after seven minutes' playing, PeteThornton got away nicely and dodged inside the Oshawa defence, beating Childs easily.

In the next few minutes Childs was kept busy. He made a fine stop of a hard shot from Harry Thornton, and several times beat the Petes' forwards when they were close in. Lornie Rose was penalized for upsetting Osborne with what apeared to be a fair body check. Jacobi tripped Jackson and he too was sent away.

Roenigk got close in on an individual rush, but Halpin stopped him and Murray came out and cleared. As Murray skated back to the nets Roenigk chopped him viciously over the heel and the game had to be called until the Petes' goaler recovered. Referee Vair did not see the assault and the Oshawa man got away without a penalty.

When play was resumed, Ray Rose put the Petes further ahead on a nice short from outside the defence.

Soon after he was sent to the side lines for tripping, and while he was off Blanchard scored on a combined rush. Just as the period ended, Jacobi was penalized for tripping.

Both Rose and Jacobi had to complete their penalties in the third period, the teams commencing with five men each. The Petes pressed from the start. Evans and Halpin got through on a combined rush, but Childs blocked Halpin's shot and also got two rebounds when Evans slammed the rubber back at him. A little later he saved again on a dangerous shot from Evans. Then Rowden got away, but Murray got his foot over in time to block his low shot to the corner. He also had to make a sensational stop when Jacobi shot from close in. The Petes broke away again and Childs stopped a beauty from Ray Rose. A moment later Lorne Rose slid a long one one past him and the Petes were 5 to 3 in front.

Oshawa evened up the count in the next few minutes. Rowden, repeating his feat of the first period, scored from a face-off in front of the Petes' nets and came right back with a nice rush and quick shot in thirty seconds, tieing the score.

It did not remain 5-5 long, for Evans took Child's measure on a shot from outside the defence, putting the Petes in front again.

Both goalers made good saves in the next few minutes and as the end of the game grew rapidly near, the Petes looked good to hold their one goal lead. Oshawa threw their whole team up on the attack, however, and worked their heads off to even it up. They were successful on a lucky shot just before the end of the game, when a long heave from Jacobi glanced into the Petes' net off Ray Rose's stick. There was no further scoring.

The summary:

First Period—
1 Oshawa, Rowden, 4 mins.
2 Oshawa, Rowden, 4 1-2 mins.
3 Peterborough, Jackson, 1 min.
4 Peterborough, Evans, 3 mins.

Second Period—
5 Peterborough, Pete Thornton 7 mins.
6 Peterborough, Ray Rose, 7 1-2 mins.
7 Oshawa, Blanchard, 3 1-2 mins.

Third Period—
8 Peterborough, L. Rose, 7 1-2 mins.
9 Oshawa, Rowden, 1 1-2 mins.
10 Oshawa, Rowden, 30 secs.
11 Peterborough, Evans 1.30 mins.
12 Oshawa, Jacobi, 7 mins.

NOTES OF THE GAME.

The fans were hanging from the rafters of Manager Bradley's ice-box.

Oshawa can have their Childs. Peterborough is satisfied as long as Murray is in the nets.

Grover Halpin was given a new nickname by the Oshawa fans. He is Charlie Chaplin now. The reason —why, that hirsute adornment on his upper lip.

Oshawa looked very dangerous for ten minutes. They were trailing after that, and were lucky to escape with a draw.

Childs is supposed to be invincible on long shots. But if you could see the one that Bobbie Rose slid past him, well, "you'd be surprised."

Pete Thornton is improving every time out. Morley Jacobi will say he is a hard man to run into.

Steve Vair wound up the game with a back flip that was a scream. The referee was standing on his left ear when the final bell rang.

Sheriff Paxton, the O.H.A. treasurer, was an interested spectator. As becomes his official position, he was neutral as far as rooting went. The Sheriff is a great fan.

Charlie Blanchard, who was playing hockey in Whitby when some of the present Petes were getting into hockey matches by carrying the players' skates in, is still going strong. He has been with Oshawa for a number of seasons.

The Oshawa team is pretty representative of the Lake front towns. Rowden is originally from Port Hope. Roenigk and Osborne from Bowmanville, and Blanchard from Whitby. Childs, the goalkeeper, comes from Woodstock.

The Oshawa gang expect to win in Peterborough on Monday night. It should be a grand game and a record crowd.

The Peterborough team was badly scattered at 12 o'clock last night. One section drove over to Myrtle Station to catch the C.P.R. train which arrives in Peterborough at 1.27, another went over to Port Hope in order to get the morning train for home, and the third remained in Oshawa until to-day.

CHRISTIAN MARTYRS KILLED BY TURKS FOR REFUSAL TO RENOUNCE BIBLE TEACHINGS

"Auction of Souls" Presents Facts of Mohammedan Atrocities Visited on Two Million Armenians.

"Auction of Souls", the screen story if Aurora Mardiganian, the only survivor of half a million young Armenian girls is persecuted by the Turks when they ravished her country, and which is to be presented at the Allen Theatre next Wednesday and Thursday in connection with the local Armenian appeal, has its opening scenes laid in the forebodying shadows of Mt. Ararat, which is linked with some of the most ancient of human history. It was in the shadow of this picturesque peak that Aurora Mardiganian lived with her parents and a sister and brother, all now dead, in 1915.

Is Place Where Ark Went Aground

Mt. Ararat, which is more than 16,000 feet high, was the mountain on which the Bible says the ark rested as the deluge dropped, and those in Noah's boat returned to ground. In latter days the Assyrians were ambitious to add it to their domains, and it was the scene of many battles.

In modern times it has been the joining point of the lines of Persia, Turkey and Russian territory. Frequently it has been the scene of earth quakes, and hundreds have been killed by such disturbances.

The land lying in the region about Mt. Ararat is unusually fertile, and therein has been the source of the persecution of the Armenians. Industrious and inclined to accumulate, they have constantly been tormented, robbed and ravished by the indolent and unprincipled Turks.

Persecutions Greatest in 1915.

This persecution reaches its height in the atrocities of 1915, which are pictured in "Auction of Souls". Based on the story of Aurora Mardiganian this detailed portrayal of Turkish heartlessness follows closely the report of Viscount Bryce, the eminent Englishman who was made head of the commission which was appointed among the Allies to investigate the Turkish treatment of the Armenians. Every detail of how this little girl's father, mother, sisters and brothers, with two million other Christian Armenians, were made to suffer before they died, is shown in such a way as to make Canadians feel the true character of the Turk ever Christianity's scourge.

PETERBORO BONSPIEL OPENS ON TUESDAY WITH ELEVEN ICES

NEW PRIZE FOR WINNERS OF LARGEST NUMBER OF GAMES IN PRIMARY ROUNDS—WEATHER ONLY DOUBTFUL ELEMENT.

With four splendid silver trophies and prizes, valued at approximately $425.00, the annual bonspiel of the Petesborough Curling Club opens next Tuesday morning with the draw at 9 o'clock, and the first games half an hour later. The local plans, together with the intimations from other clubs, promise a bigger success than ever, providing the weather continues cold.

Eleven playing rinks will be available, seven at the Charlotte Street and four at Brock Street.

Monday night's hockey match may interfere with the laying out of the curling ice, but if there is sufficient frost, there should be no delay in preparing the extra sheets for the bonspiel.

With the W. G. Morrow Cup, won by J. W. McDermid, of Peterborough, last year, four mahogany cabinets of silver, worth $80.00, are given as first prizes and four cut glass bowls for second.

The Matthews-Blackwell Trophy, won by Clifford, of Oshawa, last year, carries with it four Jaeger wool auto rugs, worth $75.00, as first prizes, and four dozen Community silver spoons (Adam design), valued at $32.00, for second.

A Special Prize.

The Management Committee are offering a special prize this year of four silver tobacco jars to the rink winning the most games in the Morrow and Matthews-Blackwell competition. This should prove a strong drawing card to the rinks that may be eliminated before reaching the finals.

The Peterborough Club Trophy to the winners of the consolation series, is the historic cup of the entire offering, though less valuable, from a financial viewpoint, than the others. It was won last year by Howson, of Keene. The Club donates with it four cut glass water sets, worth $40.00, for first prizes, and four umbrellas, worth $24.00, as second.

The R. M. Waddell Trophy.

The R. M. Waddell Trophy is given for a special competition, which in its first stage is open to twelve rnks of the Peterborough Club and to an equal number of rinks selected from all visiting clubs. If the visitors win, all the visiting rinks at the bonspiel shall be eligible to play for the trophy and the prizes in the second stage. If Peterborough wins, all the city rinks entered in the bonspiel shall be eligible for the second stage.

J. E. A. Fitzgerald won this trophy last year.

The added prizes are four silver tea sets, valued at $80.00, and four thermos bottles, valued at $24.00.

All the trophies have been returned to the Club. Invitations have been posted to all the curling clubs in the district, and Tuesday morning's roll-call should find a great gathering for the draw.

The Club Officers

Hon. President—J. W. McDermid.
President—Geo. H. Giroux.
Vice-President—Dr. Wightman.
Secy.-Treas.—F. Brownscombe.

BAD COLD LEFT HIM WITH BRONCHITIS

However slight a cold you have you should never neglect it; if you do it can have but one result. It leaves the throat or lungs, or both, affected.

Bronchitis is one of the most common affections of a neglected cold, and neglected bronchitis the most general cause of consumption.

Dr. Wood's Norway Pine Syrup is just the remedy you require to cure the bronchitis. It does this by loosening the phlegm and mucous, and stimulates the weakened bronchial organs, allays isritation and subdues inflammation, soothes and heals the irritated parts and thus prevents it becoming chronic.

Mr. R. P. Sundblad, Francis, Sask., writes:—"I had a very bad cold which left me with bronchitis. I tried several cough remedies and oils of all kinds, but they all failed. At last I got Dr. Wood's Norway Pine Syrup and after using two bottles I have never had a sign of bronchitis since. I therefore can honestly recommend it for coughs and colds."

Don't accept a substitute for Dr. Wood's. The genuine is put up in a yellow wrapper; 3 pine trees the trade mark; price 25c and 50c. Manufactured by The T. Milburn Co., Limited, Toronto, Ont.

SO EASY! LIKE ROLLING OFF LOG

Sore, touchy corns stop hurting, then lift right out with fingers

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says the Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without pain.

A quarter ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin. After you lift away the troublesome corn or callus the skin underneath is as pink, firm and healthy as the palm of your hand.

Suits and Coats Made to Order In Advanced Spring Styles

All our garments made-to-order in high-class workmanship and materials in the latest styles and leading shades, costing less than "ready-to-wears."

LINDSAY SURPRISE BELLEVILLE JUNIORS

BEAT THEM BY 5 GOALS TO 4 ON THEIR OWN ICE LAST NIGHT.

The Lindsay Juniors uncorked a big surprise last night when they invaded Belleville and beat Eddie Thomas' good crew by 5 goals to 4, winning the district honors by a margin of two goals on the round. Lindsay only beat Belleville 4 to 3 in Lindsay the other night and the Bay of Quinte lads were expected to come through handily on Dick Arnott's ice box. But the conquerors of the Peterboro youngsters sailed into the Belleville gang as if they had a ten goal lead and were in front all the way through.

Fred Martin, Ed. Armstrong and the bunch were in Peterboro this morning on their way home and they were so hoarse from cheering that they could hardly tell the score.

It was a play off between the two sections of this district and Lindsay are now ready for their second round games. There is mourning in Belleville for both of the Belleville teams have been extinguished in the last three days and in both cases the winners rubbed it in by beating the Arnott gang right on their own ice. If Lindsay did not take any money home with them it was because Kingston got it all on Wednesday.

TYRONE POWER

TYRONE POWER WILL PLAY "LITTLE BROTHER" ON FORTHCOMING TOUR.

It is announced by Trans-Canada Theatres, Ltd., that during the course of his forthcoming transcontinental tour in "The Servant in the House," Charles Rann Kennedy's famous morality play, Mr. Tyrone Power, who plays the Drainman in that drama, will also be seen in "The Little Brother" by Milton Goldsmith and Benedict James.

This is the powerful story of the conflict in religions between a priest of the Russian Church and a Rabbi of the Jewish faith, which has its inception in Russia and which ends in a truce of souls in New York. When Mr. Power first produced it two years ago, his portrayal of the Little Brother, a fanatic of the Greek Church faith, was so vivid and so impressive as to create a sensation closely paralleling that which he made as The Drainman.

It is not yet decided which cities will see "The Little Brother" but there is a likelihood of the first performance being given in Toronto and others on the return trip from the West.

In this play there will appear a young and rising actress who will be welcomed by many who knew and admired her distinguished father. Miss Enid Holland comes of notable acting stock, for the late R. M. Holland was in his day one of the most illustrious figures upon the English-speaking stage. Miss Holland possesses natural histrionic gifts of a high order and bids fair to win something of her famous father's popularity.

FIFTH ANNUAL MEETING OF OTONABEE CHAPTER I.O.D.E.

OFFICERS ELECTED FOR THE YEAR—NINE GENERAL MEETINGS HELD.

The fifth annual meeting of the Otonabee Chapter I.O.D.E. was held in the green room at the Y.W.C.A., on Thursday afternoon, Feb. 5th, 1920

The following officers were elected

Hon. Regent.—Mrs. Wallace Nesbitt.

Hon. Vice Regent—Mrs. Huycke.

1st Vice Regent—Miss Lancaster.

2nd Vice Regent—Mrs. R. Harstone.

Secretary—Mrs. Seels.

Treasurer—Miss English.

Echo Sec.—Mrs. Morphet.

Standard Bearers— Mrs. Stratton, Miss Nan Hall.

Councillors—Mrs. Fessenden, Mrs. Sanderson, Mrs. Widdess, Mrs. Carmichael, Mrs. Stenson, Mrs. Stapleton, Mrs. A. Robinson, Mrs. F. Robinson, Miss Archer, Miss Burnett.

During the past year two executive and nine general meetings have been held.

Average attendance regular meetings twenty three, being an increase of three over last year.

We have enrolled 15 new members and lost eighteen. One by death, eleven have left the city, and six withdrawn from the chapter.

We now have a paid up membership of 86.

During the year several functions for the purpose of raising money have abeen held. All of which have proved very successful.

They were: a St. Patrick's tea and musicale at Mrs. T. H. Denne's.

A Children's Fancy Dress Party held on April 26th in Y.W.C.A.

A Lawn party and dance at Mrs. R. R. Hall's on June 24th.

Card party at Mrs. Dunsford's in October.

Tag Day in October to aid the Navy League.

Dance and card party at G.W.V. Hall in November.

Tea, card party and sale at Mrs. Morphet's December 19th.

Dress up party at Y.W.C.A. January 28th.

At the October meeting Miss English gave a report of annual meeting. At April meeting Dr. Bernie talked to us about the proposed baby clinic, and we were glad to give aid to so worthy an object.

At April meeting our Regent Mrs. Allen told us she was about to move from town and so tendered, and we were obliged to accept with regret, her resignation as Regent.

Mrs. Coulthard was then by unanimous vote elected to fill the vacancy and again has most ably filled the position.

We wish to thank the members who so kindly gave us the use of their homes and the committees for the year who have been most faithful and have performed their tasks with enthusiasm and hearty good will.

Some of the members having done war work so much in the past, think this a time to relax. Now there is as great need for united effort that the work of education for our soldiers' children may be made possible and readjustment of all people and things throughout our Empire need our woman's aid.

We as true Daughters of the Empire must not drift with the times. We must be ready to work for better things when ever comes the call. Since our soldiers have given so much to make this country a safe place to live in we must keep it so by doing whatsoever our hands find to do though at times it means giving up some amusement more pleasing than the duty at hand.

Co-operation has proved the lever in so many big undertakings which have proved successful. Let us prove its efficiency throughout the year by standing with our officers and so by each doing our little duties prove an inspiration to them and a power in all the work our patriotism calls us to do.

MAE W. SEELS,
Secretary.

REGULAR MEETING DOURO COUNCIL

WILLIAM CONDON APPOINTED ASSESSOR FOR 1920.

At the regular meeting of the Douro Township Councnil held on February 2nd it was moved and carried that the Reeve and Councillor Graham be appointed to see Mr. Hawthorne in connection with getting a road into Lot 24, Concession 2 with full power to act. It wasmoved by R. Moloney, seconded by J. J. Leahy that the treasurer be authorized to pay William Condon $2.00, the refund of his dog tax payment and also pay K. Crough the same amount for his and that Taylor and Hall be paid $27.75 for tile; Mrs. C. O'Brien $6.95 for forty-six yards of gravel. Several other accounts were also settled.

It was moved by J. J. Leahy and seconded by William Quinlan that William Condon be appointed assessor for the year 1920 at a salary of $65.00 per annum. The motion carried The motion that P. C. Towns be retained as treasurer at a salary of $125.00 a year beginning January 1st and that it be signed and sealed in order to give it the force of a by-law carried by a big majority.

It was moved and carried that the sum of $200.00 to be expended on conjunction with a like amount granted by the County to be spent on the Douro road leading to Lakefield and to be paid on the order of the reeve. A motion was also moved and carried that the reeve and treasurer be authorized to borrow certain sums of money as required in order to meet the current expenses for this year and that these sums are not to exceed $600.00.

It was moved by G. Graham and seconded by W. Quinlan that the matter of settling for wood provided for John Crough be left in the hands of Councillors Moloney and Leahy and that the treasurer be authorized to pay for the same on the order of J. J. Leahy. The motion carried.

It was then moved and carried that the meeting adjourn till March the 8th when the next meeting will be held.

This Soldier Knows What Helped Him

DODD'S KIDNEY PILLS CLEANED OUT HIS RHEUMATISM

He Found in the Old Canadian Remedy Relief That the Hospitals of Egypt Could Not Give.

Cape St. George, Nfld., Feb. 6th. (Special.)—Eugene Cornect, keeper of the light and fog alarm here and who was overseas with the Newfoundland forces is a firm believer in Dodd's Kidney Pills as a help for kidney disease and rheumatism.

"For two years I suffered from kidney disease and rheumatism," Mr. Cornect states. "I was treated for them in the hospitals in Egypt. But it was five boxes of Dodd's Kidney Pills that cured me."

Dodd's Kidney Pills are purely a kidney remedy. By putting the kidneys in shape to strain all the impurities out of the blood they remove the uric acid, the cause of rheumatism. With the kidneys cleansing the blood there can be no uric acid to crystallize in the muscles and cause those excruciating pains known as rheumatism. Ask your neighbors about Dodd's Kidney Pills.

PASSENGERS STILL IN DANGER.

(Canadian Press.)

NEW YORK, Feb. 7.—Lifeboats have so far been unable to rescue the 104 passengers on board the s.s. Princess Anne. The seas are running very high.

"NO FOUNDATION FOR THE RUMOUR"

PETERBORO'S EXPERIMENTAL FARM IS STILL ON PAPER.

Thomas Tooms, M.L.A., by request of the Committee of the Board of Trade and Farmers' Club, wrote a few days ago to Hon. Manning M. Doherty, Provincial Minister of Agriculture, inviting an appointment for a deputation to discuss with him the establishment of an Expermental and Demonstration Farm near Peterborough.

The Minister disposes of the matter at the moment by saying that there is no foundation for the rumour. "The subject has not" said he, "received any consideration from the Government and there is therefore no present intention on the part of the Government to establish such Farms in the near future."

Mr. Tooms was, however, informed that the Minister would be happy to meet any deputation he would introduce to him and that he would, with the Prime Minister, be glad to discuss the subject and fix a date for the conference.

It is more than likely that Mr. Tooms will interest himself actively in the matter as the farmers and business men have an excellent case to put before the U.F.O. Government and are unanimously and enthusiastically anxious to make Peterborough a centre of agricultural research and propaganda.

PRESENTATION TO MRS. F. ROME

Vimy Ridge Lodge No. 244, Express Appreciation of Services of Mrs. Frank Rome.

On Wednesday evening just at the closing of the Lodge, Mrs. F. Rome was called to platform and the following address was read by Pearl Lucy and presentation made by Mrs. Charles Wright.

Dear Sister Rome,—

It is with much pleasure we are able to meet here tonight and present you with this small token of appreciation for your true and faithful service as pianist. You have been always a cheerful and willing worker amongst us and we wish you to accept this ring with good wishes of the officers and members of Vimy Ridge Lodge, No. 244.

Although completely taken by surprise Sister Rome made a suitable reply, wishing the Lodge every success in carrying on its good work.

"SYRUP OF FIGS" CHILD'S LAXATIVE

Look at Tongue! Remove Poisons From Stomach, Liver and Bowels.

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the little stomach, liver and bowels. Children love its delicious fruity taste. Full directions for child's dose on each bottle. Give it without fear.

Mother! You must say "California."

OBITUARY

JOHN AUSTIN

The death occurred last evening of John Austin, aged fifty-two years. The deceased passed away at the home of his son-in-law, Mr. Thomas Pitchford. He leaves a wife and two daughters. The daughters are Mrs. Pitchford and Miss Nellie at home. The late Mr. Austin came from England seven years ago and has resided in Peterboro ever since. He was a machinist by trade and was well known and highly respected by a wide circle of friends. The funeral will take place on Monday afternoon at two o'clock from 431 George street south to Little Lake cemetery. Funeral will be private.

FORSYTHE RITCHIE

Forsythe Ritchie, brother-in-law of Mrs. T. W. H. Young, died last evening at his home 170 Spadina Road, Toronto, after a few days illness from pneumonia, aged about thirty-one years. He leaves a wife and small children. Deceased was a young lawyer, who had already shown great promise in his profession. The funeral will be announced later.

MARY SHEEHAN

The death occurred yesterday after noon at St. Joseph's Hospital, of Mary Sheehan of Lot 4, Concession 2, Douro, after an illness of short duration.

The deceased is survived by one brother, Richard, at home, and one sister, Mrs. Hynes, senior, of Lakefield.

The funeral will be held at 9 o'clock Monday morning from St. Joseph's Church to St. Joseph's Cemetery, Duoro.

FOURTH ANNUAL MEETNG OF THE PETER ROBINSON CHAPTER, I.O.D.E.

The Chapter Has Concluded a Very Successful Year—A Big Round of Activities—Officers Elected For the Year.

At the fourth annual meeting of the Peter Robinson Chapter, I.O.D.E., held Friday, February 6th in the Public Library, the officers elected for the coming year were:

Regent—Miss George Stevenson.
1st Vice Regent—Miss Helen Stapleton.
2nd Vice Regent— Mrs. Gertrude Lemay.
Secretary—Miss Estelle Knox.
Treasurer—Miss Mabel Patterson.
Standard bearer — Miss Florence Scott.

Donated $60.

Fifty dollars was granted to the Armenian Fund.

Reports Will Follow.

The reports for the year will appear in Monday's issue of the Examiner.

NOT WHAT YOU EXPECTED

You thought I was going to tell you, the Havelock man came back this week with all of Havelock, but while it would be exciting reading, it would not be true, but listen! Last summer a friend suffered agony for two weeks with acute indigestion. She was induced with difficulty to take Gallagher's Blood Purifier, was soon cured and now it is a family remedy. The other night I met a young Douro farmer who told me he had doctored for years for acidity of the stomach and indigestion, getting no relief until he took our Blood Purifier. Now he is not troubled with it. Is it any wonder I am enthusastic about it when almost every day someone tells me a similar story. This Hrbal Remedy is manufactured by the Gallagher Remedy Co., 332 Water St., Peterborough. If you are similarly troubled, I know it will do the same for you. I thought you would like to know. Your friend.

DOUG FAIRBANKS IS JUST LIKE A LITTLE BOY.

There's absolutely no secret about the wonderful ability Douglas Fairbanks displays in doing his hazardous stunts and the way he does them, for Doug is just like a boy who has never grown up. He is constantly trying out new perilous feats that keep everyone around his studio in a constant state of breathless suspense.

During the making of his latest production for the "Big Four," "When the Clouds Roll By," which will be shown at the Grand Theatre Monday, Tuesday and Wednesday of next week. Doug decided that one scene would be improved if he performed a standing back somersault. But he had never done such a stunt and did not know quite how to go about it. For days and days he practiced in his gymnasium at the studio and incidentally, got some rather severe falls. Still he would not give up. And when the day finally arrived for the filming of this particular "set" he did his back somersault without the slighest bit of trouble.

THE SEVEN DEADLY SINS.

In Trinity church on Sunday night the pastor, the Rev. F. E. Malott, will preach the first of a series of sermons on "The Seven Deadly Sins." There will be special music.

FARMERS' DANCE.

Peterborough Branch, No. 519, U. F. O. wil hold their annual dance in Victoria Hall, on Wednesday, Feb. 11. Moher and Fitzgerald's orchestra. $1.00 a couple. 1d

MADE A BIG HIT.

Last evening the Y.M.C.A. Minstrels made a big hit in Omemee playing to a full house. The boys were promised an even bigger welcome should they decide to return at any time.

ELOQUENT SPEAKER.

Dr. H. F. Curr, of McMaster University, a speaker of torrential eloquence will preach in Murray Street Baptist church tomorrow both morning and evening.

DIED IN TORONTO.

The death took place in Toronto last week of Mrs. Martin Mowry, wife of Mr. Martin Mowry, formerly of Peterborough. Mr. M. Mowry, city, attended the funeral.

FREE METHODIST CHURCH

The Sunday morning service at the Free Methodist church will be of a special character. In the evening the subject will be "A Perfect Cure". All members are urged to attend the special service in the morning.

ANCIENT ORDER OF FORESTERS, COURT STANLEY, NO. 7080.

All members of the above are earnestly asked to attend the meeting Tuesday, Feb. 10th, at 8 p.m., in the Sons of England Hall. Bro. Archie Martin (High Court Secretary) will be present to address the meeting, and present jewels. Initiation of candidates will take place, followed by a social aid refreshments. Alfred Day, Secretary. 3d-32

CHARGED WITH STEALING COAL

In this morning's police court Frank Pamero of Burnham street, was charged with stealing coal valued at $1.50, from the William Scott Co., coal merchants, early this morning.

Pamero was apprehended by Constable Cookman, while drawing the coal away on a sled.

Magistrate Dumble was lenient and allowed Pamero to go on suspended sentence for two weeks, Pamero to pay the court costs and the cost of the coal, $5 in all, as the accused had a large family and until about a week ago had been employed since before Christmas.

ATTEND GEORGE STREET TOMORROW

The services at George street Methodist Church will be conducted by the pastor, Rev. A. J. Thomas, both morning and evening. In the morning the subject of the discourse will be "In His Name."

Mr. Thomas will is preaching a series of sermons on the "unnamed men of the Bible" will give the second tomorrow evening, on "The Man who was in need of a Friend". Those who heard the first of this series last Sunday evening could not help but be impressed with the helpful and interesting lessons drawn from this source. A cordial welcome is extended to strangers.

German Policy.

(Canadian Press.)

BERLIN, Feb. 7.—A committee of the oldest members of the National Assembly will meet to-day to advise the government relative to the extradition question. Philip Scheidemann, former Chancellor, who has been summoned to Berlin, conferred yesterday with President Ebert, Premier Bauer and and Foreign Minister Mueller preparatory to Monday's meeting of the Cabinet at which Germany's policy will be decided upon

EXCELLENT RECITAL HAS BEEN ARRANGED

WILLING WORKERS OF ST. ANDREW'S CHURCH TO PRESENT MISS JESSIE IRVING.

The Willing Workers of St. Andrew's Church have arranged for the apearance here of Miss Jessie Irving, a talented elocutionist, at a recital to be given in St. Andrew's Church, on Friday, March 5th. Tickets are in the hands of members of the class and others, who will call on you during the coming two weeks. As the admission price is only 75c do not hesitate to get your tickets as they will be sold rapidly.

Miss Irving is the most entertaining elocutionist before the public today and all her selections, ranging from the pathetic to the humorous, and whether grave or gay, are vibrant with human interest.

The London and Hamilton papers speak of her as follows:

London Advertiser: Miss Jessie Irving, elocutionist, of Hamilton, who has on two former occasins charmed Londoners, received a warm reception and it is safe to say that Miss Irving charmed her host of admirers on each re-appearance.

Hamilton Spectator: Her broad Scotch specially delighted the hearts of her Scotch auditors. Her interpretation of "A Scot Indeed" drew tears from many eyes.

NEW YORK STOCK MARKETS

NEW YORK, Feb. 7.—Demand sterling on the Foreign exchange was off 12 cents opening at $3.31¼. Franc checks opened at 14.60 off 12 Centimes, and Lire checks at 19.47 off 12. German Marks were quoted at $.0107. Saliss checks at 5.96 and Belgian cables at 14.30.

SOCIAL AND PERSONAL

Miss Cora Mowry, Charlotte street, has gone to Colborne to be with the Misses Mabel and Maude Brown for a few days, who have suffered the loss of their uncle, a former resident of Homewood avenue, city.

Miss Agnes Neill of Toronto University is spending a few days at her home.

Dr. and Mrs. T. W. H. Young left to-day for Toronto, where they were called by the illness of Miss Phyllis Young, and the death of Mrs. Young' brother-in-law, Mr. Forsythe Ritchie

Dr. H. F. Curr, of McMaster University, will be the guest of Dr. and Mrs. Scott over the week end and will speak in Murray street Baptist church to-morrow.

Mr. Loftus Amys, of Toronto, is spending a few days with his parents, Mr. and Mrs. A. L. Amys, Gilmour street.

Mrs. R. H. Hunter left last night for Montreal to visit her daughter, Mrs. Watson.

A BREAKER OF MARRIAGES

NEW OFFICE CREATED IN RUSSIA—COUNTESS SUICIDES.

(Canadian Press)

GENEVA, Feb. 7.—Countess de Henrichen, member of the Russian Colony at Montreux and formerly maid of honor to the Dowager Empress of Russia has committed suicide by drowning in Lake Geneva. Her body still decked in valuable jewels, was found floating in Lake off town of Villeneuve, near upper end of lake. Driven from Russia when imperial regime was overthrown Countess came to Switzerland. Assassination of former Czar was keenly felt by her and she was often heard to complain of barbarities in Russia by the Bolsheviki. She left no letters or papers. Russians who have arrived here recently by way of Sweden and Germany, say former Minister of Justice Spitzberg, has been installed in Petrograd as "breaker of marriages." He is said to be granting from five hundred to six hundred divorces weekly. No investigation being necessary. All that appears to be required is the signature of person desiring freedom from matrimony.

DIED IN HIS SLEEP.

QUEBEC, Feb. 7.—The Hon. Judge Charles Langelier, of the Court of Sessions, died suddenly last night.

He died in his sleep, and his dead body was found in bed when a member of the family went to awaken him.

ST. PAUL'S PRESBYTERIAN CHURCH HELD BANQUET

ARRANGEMENTS COMPLETED FOR THE FORWARD MOVEMENT CANVASS WHICH OPENS NEXT WEEK.

St. Paul's Presbyterian church is asked to raise the sum of $25,000 as its share of the Forward Movement Fund. A banquet was held in the church last evening at 6:30 at which fifty of the men of the church assembled to make final arrangements for the canvass. The Ladies' Aid provided in their usual liberal way for the banquet, and at the close Mr. Madill moved that a hearty vote of thanks be extended to the Ladies for all they had done to make the gathering the success which it was. The chair was taken by Mr. P. A. Ferguson, the chairman of the Committee appointed to look after the canvass. He spoke of the amount allocated to St. Paul's and expressed his confidence in the members of the church that they would not only raise this amount but go far beyond it.

The Rev. E. W. Mackay, the Synodical Organizer, was present and spoke at length on the spiritual aim of the movement. In closing he said we owed it to God, we owed it to those at home and abroad who need the Gospel of Christ, we owed it to ourselves, and especially do we owe it to the splendid men who staked their all, some of whom gave their all, that we might enjoy life and freedom, to make the movement a success. We cannot afford to fail. The present movement is a result of the war and it aims to complete their work and establish freedom, righteousness, brotherhood in our land and in all lands. It will require the same resolute and self sacrificing men to carry on for Christ as it did to win the war.

Mr. Robert Harstone, who has taken a deep interest in the movement, and is a member of a special committee to secure large subscriptions, gave a short but inspiring address in which he called upon the men and members of this church to rise to the occasion and opportunity and see that when the canvass is complete St. Paul's share will be full subscribed.

After a few words by the minister, and the singing of the doxology, in which all joined heartily, the meeting was brought to a close. The canvassers then separated to receive special instructions in preparation for their work, which will begin on Monday.

Church Destroyed.

(Canadian Press.)

LONDON, Feb. 7.—Egerton street Baptist church, one of London's newest and most magnificent edifices, was totally destroyed by fire at an early hour this morning. The church was recently erected at a cost of sixty thousand dollars and the insurance carried totals twenty thousand. The origin of the fire is unknown.

Rode the Gale.

(Canadian Press.)

NEW YORK, Feb. 7.—The old Dominion Liner Princess Anne, aground on the shoals off Rockaway Point since Friday morning, successfully rode last night's gale, and efforts will be made during the day to remove the thirty-two passengers if the seas continue to subside. Rescue tugs stood by the stranded steamer all night.

VOL. XLVI NO. 33 PETERBOROUGH MONDAY, FEBRUARY, 9, 1920 PRICE TWO CENTS

Speaker Makes Scathing Attack on Union Government

Fair Board Held Meeting to Deal With Committees

PLANS FOR A BIGGER AND BETTER FAIR—COMMITTEES APPOINTED.

CO-OPERATION WANTED

If the first meeting of the new board of directors of the Peterboro Exhibition held in the Board of Trade Chambers on Saturday afternoon at 3 o'clock, may be taken as an augury of the success of the Peterboro Industrial Exhibition, Peterboro citizens may well look forward to seeing a bigger and a better fair this year than they have ever had the privilege of seeing in the past.

The following members of the new board were present with President R. Denne occupying the chair: Messrs. Turner, Cox, Roberts, Johnston, Williams, Hooper, Grandy, Young, Steinkrause, Roseborough, Milburn, Fraser, Gearry, Kelly, Gillespie, Roberts, Brown, Jordan, Oke, Dickenson, Wood, Cummer, Ball, Fowler, Roger.

Spirit of Co-operation.

Judging by the way in which the new members entered into the work and by the manner in which the old ones continued their duties and by the spirit of co-operation evidenced on all sides the affairs of the exhibition will be in good hands this year and if the fair is not a marked success this year it will not be because the directors did not do their share of the work.

The meeting opened shortly after two o'clock. The minutes of the last meeting were read by the Secretary F. J. A. Hall and carried.

A letter was read by the secretary from the Women's Art Association re the art exhibit and after some discussion a motion was moved and carried that the Women's Art Association be given their section of the prize list to arrange.

Prize Tickets.

Another letter was read from the Merchant's Bank offering them prize tickets free of charge if they allowed them to make use of the back for advertising purposes. This would save the board about twenty or twenty-five dollars and a sample of one of the cards was shown.

"We want good cards", Mr. Reg. Turner remarked.

The President pointed out that they had received much assistance from the other banks and that they didn't wish to show any discrimination, Mr. Turner moved that the letter be received.

The Committees

Mr. Denne spoke on the most important work of the meeting that of striking the committees. "This is a matter for much thought and there are lots of good men to pick from. We should mix the new men and the old ones up well so that the new members may profit by the experience of the old members and the old members may be helped by the counsel of the new ones.

"I must insist that every committee be responsible for its own work and the reports must be in before the first of April so that we can get the prize lists ready before the spring work. Mr. Denne referred to the need for better cattle prizes to promote interest in the exhibits. "We don't want any prize pot hunters but we must give good prizes if we are to get the exhibits."

Publicity Work.

The need for an advertising man, who could look over all publicity and advertising (which last year amounted to no less than $1600) was urged by the President.

It was moved by Mr. J. W. Fraser seconded by Mr. T. N. Kelly that a committee of five made up of R. H. Turner, W. J. Cox, T. Brown, J. Gillespie, H. Webber and the President be appointed to strike the committees. The motion carried and M. Denne asked Mr. Fraser to take the chair while the committee adjourned.

Several important matters were discussed during the time the committees were being struck. The chairman spoke on the growth of the fair during the last couple of years and the necessity of carrying insurance on the crops and exhibits and how the government insurance was not large enough. He suggested that the secretary look into the premiums. The matter came up later on in the meeting but no action was taken as it was brought out that the government insurance was to be doubled.

Admission Fee.

Mr. Fraser strongly advocated an increase in the price of admission from thirty five to fifty cents. "The extra fifteen cents does not do much good anyway these days." He also raised objection to the members paying one dollar membership fee and getting into the fair free perhaps half a dozen times.

(Continued on page 6.)

WILL ADDRESS BOARD OF TRADE

MR. J. GROVE SMITH WILL BE SPEAKER OF THE EVENING.

Next Thursday's meeting of the Peterborough Branch of the Engineering Institute of Canada will be held in co-operation with the Board of Trade.

The speaker of the evening will be Mr. J. Grove Smith, Dominion Fire Commissioner for the Department of Insurance at Ottawa.

His subject will be the Economical Significance of Canada's Fire Waste, and he will discuss all features of this terrible drag on Canadian prosperity.

Mr. Smith, in his capacity as consulting engineer to the Committee of Conservation, has recently issued a report on Fire Waste in Canada.

While in the city, Mr. Smith will be the guest of the Engineering Institute, and will inspect the fire-fighting facilities and the water works. He will also visit some of the principal factories.

NEW INSPECTOR FOR PETERBORO

POSITION WILL GO TO A WAR VETERAN.

Electrical Inspection for the Hydro Electrical Inspection for the Hydro Commission for some considerable time has been obliged to give up his work owing to his connection with the Quaker Oats Company, who will now require Mr. Fife's entire time, and it will therefore be necessary to place a new Inspector in this District Mr. Fife is well and favorably known throughout this district and his field in very high esteem by the Commission who regret the necessity of his leaving.

Inspector for the Hydro Commission visited Peterboro recently and has appointed Major H. J. Clifton, a returned veterans to fill Mr. Fife's office. Major Clifton has been connected with the Toronto Inspection Department of the Hydro Commission for some months, and comes to Peterboro well broken in to inspection work.

REDUCTION IN TARIFF

HON. A. T. CREARAR ADDRESSED A PUBLIC MEETING IN THE WEST.

FARM PROBLEMS

(Special to the Examiner)

RUSSELL, Man., Feb. 9th.—Hon. T. A. Crerar addressed a crowded public meeting here Saturday night at which he spoke of the entrance of the farmers organization into politics Crerar attacked the Union Government vigorously for its Customs Tariff policy. He said "there must be sweeping changes from existing conditions, it is all very well for Canada to be a protected country but if we keep imports out of the country how can we expect to sell our exports. Canada grows three hundred millions bushels of wheat a year out of which there is consumed at home only one hundred million bushels leaving 200 million for sale. This ratio applies to all Agricultural products. How does the tariff effect the returned soldiers we are asking to settle our lands? We ask him to farm and immediately he is fixed with exorbitant cost of farm implements." Crerar said he would favor a strong reduction and revision of the tariff and for the raising of revenue. He was in favor of Income Tax and direct taxation of all unoccupied lands.

Wheat Board.

Crerar said that he had been given credit for the existence of Wheat Board for the marketing of Canadian wheat but that he could not take this for he didn't think that this was only way that the crop could be handled as the business of England and European countries was done in London by Royal Wheat Commission and explained why it would be almost impossible for individual firms to trade to advantage. Crerar also explained the embargo to get Canadian Wheat to mix with their soft wheat for milling and that when that went into effect, every bushel of wheat in the hands of millers was affected by the advance thus dispelling the belief of a number of farmers that milling companies had all stocked up before the raise. He spoke on matter of caring for returned soldiers and said that a huge sum was needed annually for pensions but that was a debt of gratitude to 500,000 men of the Canadian army, men who were excelled by none and equally by few and a tribute to sixty thousand who were left buried on field of honor. He hoped that the Canadian people would realize the fact that "these men had done their duty for us, that we should do our duty for our country by sweeping reforms and thus make Canada a better country to live in.

ANNUAL MEETING OF BIBLE CLASS

The annual meeting of the Young Womens' Bible Class was held at the home of Mrs. Stevison, Gilmour street, last Friday evening.

The following officers were elected for the ensuing year:
Hon. Pres.—Mrs. Stevison.
President—Mrs. A. C. Young.
Vice- Pres.—Miss Sisson.
Secretary—Miss Carrd.
Treasurer—Miss Morrow.
Social Committee—Convenor—Mrs. R. H. Price, The Misses Sproate, and Miss Price.
Visiting Committee—Convenor — Miss Lang, Miss E. Rootes, Miss Wilson.
Flower Committee—Mrs. R. Manley and Miss O. McCracken.

The financial report was most encouraging, the past members are greatly indebted to Mrs. Stevison for her untiring efforts in their behalf through the year.

LIVE STOCK RECEIPTS

OWL TAKES IN STRANGE SIGHTS

Midnight Visitor Visits and Whom.. He Heard of Pinafore's Tax Rate.

A small brown screech owl was seen perched on a tree on London street near George street last Friday night. The owl appeared to enjoy the glare of the bright lights and the people passing up and down the street immensely and a ride in one of those big things with two big bright eyes that were whizzing up and down George street was no doubt the height of his ambition and those other funny things that only had one eye but every so many lights and were full of people and made so much noise and rattled and squeaked and stopped and then went on again. How he would have liked to be in these but for those funny people that always wanted to catch him put him in a tiny cage. There was much to attract this little midnight visitor and his friends on London street will wish that his visits may become more frequent.

AMAZING LIST OF LOCAL ROBBERIES

YOUTHFUL QUINTETTE REMANDED UNTIL TO-MORROW.

Five local youths, ranging in age from 15 to 17 years, and whose burglaries and shopbreaking activities, it is alleged, have rivalled anything in the annals of the local police, appeared before Magistrate Dumble this morning with a string of offences as long as the moral law.

The case was remanded until to-morrow, and only four of the boys will appear; the other, being under 16, will come up in the Juvenile Court.

From the following list of alleged robberies and from the miscellaneous variety of the goods on display in the Court, the gang cannot have wasted many minutes since the inception a couple of months ago and the business-like manner in which the alleged

Following is a list of the alleged robberies, dating back, some of them, for two months:

Peterborough Incinerator—Knives, tools, a stove, all valued at $10.

Frank White's store, Water Street—Flashlights and batteries valued at $8.00

Peterborough Canoe Co. — Tools, tobogganS, valued at $50.

Frank White's store, Water Street, was relieved of $10 worth more of flashlights and batteries on 5th December.

On 31st December, A. P. Brown—Two rifles and cartridges, worth some $30.00.

On 20th January, A. Swartz, George Street—was visited and two pairs of Boots and one pair of shoes, valued at $0.00, disappeared.

The Lundy Candy Factory — lost chocolates and candy valued at $10.

The Peterborough Hardware Co.—Two rifles, six knives, two pairs of gloves, in all worth $30, and two pairs of boots and skates, worth $20, belonging to Earl Robinson, an employee, were taken.

On 3rd February H. T. Millard—received a visit, and flashlights, knives, and even safety razors, disappeared—a total value of $60.

One of the boys was rounded up on Sunday afternoon at the Incinerator by Acting Detective Cookman and Constable Boyd, and through him the rest of the gang, and the booty, was located.

LATEST NEWS DESPATCHES

LETTER NOT ULTIMATUM

TEXT OF ALLIES' LETTER HAS EASED THE SITUATION IN GERMANY.

THE ARCHIVES

(United Press.)

BERLIN, Feb. 9. — The Entente letter, covering the list of alleged war guilty Germans, whose delivery for trial by Allied tribunals is demanded was described to-day as "not in the nature of an ultimatum."

The text of the letter, it was said, has eased the situation considerably from the German point of view.

The letter, it was learned, was signed by Great Britain, France, Roumania, Poland, Jugo-Slavia, Belgium, and Italy. It asserts that the list does not include all the war guilty Germans, but names for the sake of practicability, only those who are chiefly responsible for war crimes.

Germany cannot conclude necessarily that other war guilty have been granted amnesty, for the Entente reserves the right to prosecute them if they are found in Entente territory.

The letter asks the right to examine German archives, and asserts a supplementary note will be sent explaining to the Berlin authorities how the Allies' demands may be carried out.

UNNAMED MEN OF THE BIBLE

SECOND OF A SERIES OF SERMONS IN GEORGE STREET CHURCH.

Services at George street Church yesterday were conducted by the pastor. In his morning address Mr. Thomas reviewed various phases of the Campaign and made a stirring appeal for the earnest and hearty support of every member of the congregation.

In connection with his evening discourse, Mr. Thomas based his theme upon the story of the impotent man whom Jesus healed by the pool of Bethesada as told in the fifth chapter of St. John's gospel. There were many places where Jesus might have gone that day, but instead he sought someone in distress.

Mr. Thomas pointed out that the healing of this man showed us the sympathy was one of his strong qualities. Mankind can still count on this sympathy of the exalted Saviour. A similar spirit should be fostered in every character. Practical sympathy is the mark of true greatness.

This story also shows the relation which exists, sometimes at least, between sin and suffering. This is brought out by Jesus' injunction to the healed man, "Sin no more, lest a worse thing come upon thee." There is no justification however, for believing that all suffering is the result of sin, for we read in John 9: 2 "Neither has this man sinned nor his parents; but that the works of God should be made manifest in him." Suffering is sometimes God's arresting touch, and we are chastened and disciplined by pain. This does not discount the fact that suffering is often retribution. "When you have solved the problem of sin," said Mr. Thomas "you have solved the problem of the suffering of the world."

This story also brings out Christ's view of the Sabbath day. The Jews were so applying the letter of the law that they were destroying its spirit To Jesus, the Sabbath was God's great gift to mankind. He believed it an opportunity for rest, worship and to help others. If Jesus were here today, however, he would denounce the desecration of our Sabbath. We shall suffer the consequences if we are untrue to the Sabbath and its holy purpose.

Another Point.

Another point brought out is Christ's ability to spiritually heal, spiritual impotency is worse than physical disease. This story suggests the condition of society without Christianity. "It would be wrong," said Mr. Thomas, "to say that the world is in that utterly hopeless and helpless condition but it is apparent enough to everyone that the world's situation is grave enough to cause our serious consideration." There are those who would try to heal the world's needs by some external means. Nothing but the application of the gospel can save the world.

"We are standing on a volcano," concluded Mr. Thomas. "God only knows what the future will be. Nothing but Christianity will be our salvation. The object of this great National Campaign is that the Church is endeavoring to save society and to save the world. What the five Protestant denominations do this week will determine the destiny of this country and in many ways of the so-called heathen world."

Union Government Great Mistake of Patriotic People

LOST THE SPIRIT OF WESTERN FRONT

STIRRING ADDRESS BY SECRETARY OF WAR BAKER.

(United Press.)

NEW YORK, Feb. 9.—Declarng that the United States has lost the spiritual leadership of the world and abandoned the spirit of Chateau Thierry and the Argonne, Secretary of War Baker, in an address before the Free Synagogue yesterday, said that America should have supported the Peace Treaty as soon as it was completed instead of adopting a policy of doubt and delay, which had brought its own reward.

"A great industrial conflict lies before us," Baker said, "and obviously we cannot get far without some sort of Treaty of Peace."

POLICE BROKE UP THE HOUSE PARTY

TRIO OF THIRSTS SPENT SUNDAY EVENING WITH THE POLICE.

In this morning's Police Court a local trio appeared before the Magistrate after spending the night under the care of the police.

These three men faced the Magistrate as the culmination of a raid on the home of Enos Mayette, Driscoll Terrace, on Sunday evening. The police have had their eye on this place for some time.

Mayette, it is alleged, has been selling liquor, and was remanded till to-morrow, while the other two pleaded guilty to the charge of being intoxicated, and were each separated from $10, and costs, amounting to $10.

One unnamed individual from a local doctor was blamed for one man's insobriety, and not Mayette's whisky, and he said that he was just calling on Mayette when he walked into the arms of the police.

The other man made no bones about the matter, and told how he spent Saturday and all day Sunday in the convivial atmosphere of his friend's home, and he was, judging from his memory, in a state of coma until he reached the cooling breezes of the Police Station.

A SMALL BOY'S TRAGEDY.

His Hockey Stick Broken Beyond Taping By Companion.

This morning's brightness, quickening every pulse and awakening little songs of spring in so many hearts, was turned to gloom for a five year old youngster who dragged himself home along Bethune street, sobbing without restraint. He was carrying a hockey stick taller than himself, and when asked the cause of all his tears, he held up the hockey stick in both hands, the handle in one and the blade in the other, broken neatly at the heal.

"Bob—— broke "boo-hoo" my hockey stick," and his voice was smothered by more sobs as he went on toward home with his richest possession destroyed beyond repair.

INDEPENDENT LABOR PARTY, LABOR HALL, GEORGE STREET, TUESDAY, 10TH FEBY., AT 8 P.M. SPEAKER—C. P. LLOYD. SUBJECT: "POLITICAL ACTION VS. TRADES UNIONS OPEN FOR DISCUSSION." ELECTION OF OFFICERS FOR THE ENSUING YEAR. ALL PEOPLE INVITED. 3d-33

THE WAR PRODUCED A NEW CROP OF MILLIONAIRES FOR CANADA—CAUSE OF PRESENT UNREST DEALT WITH BY MR. WALTER M'RAYE.

GRABBING OFF THE EXTRA INDEMNITY

A disappointingly small audience heard Walter McRaye's lecture, "Canada, the Empire and Reconstruction," in the G.W.V.A. Hall yesterday afternoon under the auspices of the G.W.V.A. Mr. McRaye paid eloquent tribute to British institutions and with clarity and fearlessness attacked the problems confronting Canada and especially the returned soldier. His fluency, his clear insight, his exposition of British democracy and liberty, his violent arraignment of all that he considered unfair and corrupt in our national life, and his high ideals and virile ideas held the absorbed attention of his audience, while occasional touches of humor served to lighten its earnest background.

Britain's Asset.

In opening Mr. McRaye stated that the recent war had been a trial by fire in which had vanished many illusions. Britain had emerged with an asset greater than that of any other nation, in that the loyalty of her dominions had been proved, a loyalty which was the by-product of the liberty and freedom which she had always granted them. Germany had prophesied the Empire would be broken up and had called it a vast, greedy territory gained by greedy conquest and held together by force. In France, Italy and the United States somewhat similar views had existed, fostered by German propaganda. The word "empire" suggested conquest, but not "Commonwealth." The Prince of Wales had used a phrase which was better, "The British Commonwealth of Nations."

Loyalty of Dominions.

As an example of the loyalty of Britain's dominions, Mr. McRaye pointed out the remarkable response of India to the call to arms. Such could not have happened with a tyrannical empire. Aside from Ireland and South Africa there had been no unrest within the Empire during the four and a half years of the war. He believed that Sinn Feinism would never settle the Irish question. De Valera, the so-called "president" of Ireland, was a joke in the United States, where he was trying to enlist sympathy for "suffering and down-trodden Ireland." As a matter of fact Ireland was flourishing. During the year 1915 its ex-

Hunter and Aylmer Sts.

Dead Town Very Seldom Recovers

Community That Is Not Prosperous Cannot Attract New Residents

Is Like Big Corporation

People Are Stockholders and When They Spend Their Money Away from Home They Deplete Its Capital

Copyright.

There is nothing deader than a dead town. Try as hard as it may to conceal the facts the truth is written all over it so that he who runs may read. No camouflage of bluff and bluster can conceal the true situation from anyone who comes within the limits of the community. A dead town is dead, and that is all there is to it.

The worst of it that once a town dies it stays dead. There have been exceptional cases in which dead towns have been revived, have taken on new life and prospered, but these are merely exceptions that prove the rule.

The fact that a town can seldom come back is easily explained. The growing and prosperous town to-day is the one that can attract new residents and new capital. It is the one that can offer attractive inducements for the location of new industries. The dead town offers no attractions to outside capital. A man looking for a place to launch a new business or a new location for an old industry, is not going to pick out a dead town. He is going to select a town in which money is plentiful, a town whose business men are progressive and whose residents as a whole are prosperous and contented. There are too many live and thriving towns in the world for a man to risk his future in one that is dead. This is the reason that a town once dead almost always remains dead.

Town Like Corporation.

There is just one thing ordinarily that kills a town in the first place and that is a lack of money. A town is just like a corporation and the money possessed by its inhabitants is its capital. If this capital is depleted the town will fail just as the corporation whose capital is depleted through poor management or other causes, fails. And just as the corporation which has once failed can seldom retrieve its lost fortunes, the town that has failed cannot often "come back."

The capital of a community is depleted when its money is spent away from home in a way that brings no return benefit to the community. It takes no great amount of thought to realize that the town, like the individual, cannot last long if it is paying out more money than it is taking in. That does not mean that the prosperous town is one in which the people do spend money but it is one in which they spend the money at home. As long as the money is spent at home the town gains by having it kept in circulation, but when it is spent away from home, either by being sent to the mail order houses or by shopping trips to other cities, the town's capital is impaired to that extent and if enough money is spent away from home in that way, the town collapses and virtually goes into bankruptcy just as does the corporation which dissipates its capital.

The people of a community are apt to overlook the fact that they are stockholders in their town and that their fortunes are bound up with those of the community as a whole. They do not realize that if their town fails they will fail with it. They or many of them at least, send their money away to the mail order houses in the great cities without realizing that they are impairing the capital of their own corporation and that if enough of them pursue that course they will force their corporation into bankruptcy.

Merchants not only Ones Hurt.

Many customers of mail order houses say that they are under no obligation to trade with their home merchants, and this may be true. They overlook the fact that the business men of a town do much for their community and are entitled in return for what they do, to the support of the people in the community, but leaving this out of consideration they overlook the fact that they are bringing about their own downfall when they drain their town of its money—their capital.

The home merchant will not be the only one that will be hurt when the town "goes broke" The merchant can reduce his stock and cut down his expenses and get along some way, or he can sell out and move to some other town which has not been so blind to its own welfare. It is the great body of the people of the community including all those who have sent their money away to other cities instead of spending it at home that suffer the most when the hard times come.

The time for all the people to pull together for a live town is while the town is still alive and not after it is dead, for when a town dies it is a long time dead—if not forever.

Learns His Faults.

A man never realizes how many faults he has until he gets married—then his wife tells him.

Make Our Garage the Home for your Auto. We handle a full line of Accessories, Tires and Gasoline. We do Auto Repairing, any make of car, and are Local Distributors for the McLaughlin Automobiles. Quick and efficient service is our motto.

Peterborough Fancy Goods Store, 184 Hunter Street

A WORD WITH BUSY WOMEN.

Never put away a garment in need of mending.

A large lemon sliced into the water and soap used in boiling clothes acts as a harmless bleach.

One teaspoonful of borax added to the rinse water for white clothes acts as a harmless bleach.

A blunted sewing machine needle may be sharpened by stitching through a piece of sandpaper for a short distance.

Place several thicknesses of newspapers under the rug. It will save wear and prevent the cold air from coming through the floor.

When peeling large quantities of apples, drop them into cold, slightly salted water, after coring, peeling, and slicing them. This will prevent discolouration.

Blankets should be darned with fine yarn, and when their edges become worn they should be bound up with ribbon. If it is necessary to put patches on them, make them out of the good parts of old blankets or old flannel garments, and herringbone them, don't hem them. Hems are too bulky and they cause the ratch to pucker.

Tenders For Ashes

SEALED TENDERS, addressed "Ald. R. N. Jones, Chairman, Property Committee," and endorsed "Tender for Ashes," will be received at the Office of the undersigned up to Four o'clock p.m., on FRIDAY, the 20th Day of February, 1920, for the Ashes from the Incinerator, for the period of from March 1st, 1920, to February 28th, 1921. Particulars may be obtained from the Sanitary Inspector. A cash deposit or accepted bank cheque for the amount of the Tender must accompany each Tender, and will be retained as Payment in advance from the Person whose Tender is Accepted. The Lowest or Any Tender not necessarily accepted.

E. R. ARMSTRONG, City Clerk.

MONDAY, FEBRUARY 9TH, 1920.

NOT WORTH THE CANDLE.

It is a singular paradox that while in the countries which the Socialists claim are in the clutches of the capitalists ,the eight-hour day is being generally adopted. Soviet Russia, the Utopia of the revolutionists, has inaugurated a twelve-hour working day. There will be much cause for reflection on the part of American and Canadian Bolsheviats in this report from their model. If Bolshevism only succeeds in causing starvation, suffering, stagnation, and sorrow, and a twelve-hour day, the game, even in the eyes of the most ardent Red, can hardly be worth the candle.

Revolutionist stocks will develop a tendency to tumble as a result of the news, and as the Montreal Star puts it, "Thousands hear it and tremble. In countless cosy retreats of the plotting-elect, tears water the beer and the near-beer out of its mellow inspiration. And orators fall just as flat."

PLEASANT RELATIONS.

In these days of industrial unrest and trouble between employers and employees, it is refreshing to be able to refer to establishments where difficulties of this kind are unknown.

Cressman's, Limited, is one such firm. The relations between the heads of the business and the employees are most harmonious and pleasant, marked on the one hand by the desire to make the conditions of employment as comfortable as they can be made, on the other by the reciprocal aim of the employees to give the best service possible. Profit-sharing, shorter working hours, and other features have been adopted to the mutual advantage of both employer and employee.

The announcement that commencing to-day the Cressman Store will not open until nine o'clock each morning, is an example of what has been referred to in this article. The extra half-hour in the morning will be appreciated by the employees, and will lead to even more efficient service on their part.

THE C. G. E. EXTENSION.

The announcement that the Canadian General Electric Company are contemplating the building of a million dollar extension to their already huge plant in Peterborough has been received with much satisfaction by the citizens generally, and the by-law that is to be submitted to the ratepayers, providing for a continuation of the present fixed assessment of $150,000 for another ten years will undoubtedly be strongly supported. A new industry that proposed to spend from $600,000 to $1,000,000 on a plant and to open a pay-roll of $1,500,000 a year, would be received with open arms, and there is no reason to expect that a different attitude will be shown toward Peterborough's largest industry ,particularly as the concession asked is merely a case of making good an agreement entered into by the City Council twenty years ago. At that time, it will be remembered that the Ontario Legislature restricted the term of the fixed assessment to ten years instead of the twenty agreed upon, the assessment terminating at the end of this year.

What the Canadian General Electric Company has meant to Peterborough is shown by the statement that the pay-roll of the company for the past twenty-five years has averaged $500,000 a year. At present the pay-roll is $1,500,000. The extensions to the plant that are contemplated will practically double the total wages paid.

The by-law that is to be submitted to the people in the near future continues the fixed assessment on the C. G. E. plant for ten more years, on condition that the company spend at least half a million dollars on new buildings and equipment.

"DESERTING MR. WILSON.

French comment on Lord Grey's letter seems to be directed very largely from the same viewpoint, and without taking into consideration conditions as they exist in the United States.

Lord Grey's letter was largely in the nature of an explanation to his fellow-countrymen of the situation exihting in the United States, an explanation which was needed to offset the very bitter comments of some Bri-

As such the letter had a stable purpose, and it will be a most surprising thing if it fails of a great effect.

French writers, however, consider it an abandonment of President Wilson and an attempt to come to terms with the majority in the American Congress. But surely there is no abandonment of the President in the obvious desire of Britain to have the great scheme for which the President risked his very life adopted. It is easy to be wise after the event, but it must be apparent to most people now that Mr. Wilson's chief mistake throughout the whole course of the peace negotiations was his failure to conciliate, or at least to consult the United States Senate, which has ratifying powers on all treaties. Quite possibly he discounted senatorial opposition; he has certainly encountered and overcome enough of it during his last term of office. It is quite evident now that the President has lost the ability to impose his will on the recalcitrants of the Upper House, and that the latter will be guided by other motives than deference to the presidential office.

That being the case, those who have the interests of the League at heart, and who believe that only through the League can the world be "made safe for democracy," to use Mr. Wilson's famous phrase, cannot be accused of deserting him if they realise the changed situation at Washington. The sine qua non of American participation in the League is senatorial ratification. Lord Grey has done his best to explain the influences which have fought against ratification. If, acting upon the information so provided, Great Britain should seek to re-state the case or to convince the Senate of her bona-fides, it surely cannot be fairly called a "desertion" of Mr. Wilson. His was the original inspiration. He has not been able to complete his work. If it can be done without him, it will still be his dream which is translated into fact. He will not be deserted.—Montreal Star.

A NEW HYDRO POLICY?

If the Farmers' Sun is speaking from the book, and as the official organ of the United Farmers of Ontario, it should be sure of its facts in regard to the new Government's policies there is going to be a change in Hydro affairs in this Province. Sir Adam Beck's power is to be curtailed, he is no longer to have a free hand in Hydro matters, and there are grave doubts as to whether any extensive programme of building radial lines will be carried out. The Hydro, according to the Sun, has been developed only for the benefit of cities and towns. The farmers are now in control, and the country districts are to get their chance—with the obvious inference that urban centres have had all the benefits they can look for.

Here is the Sun's idea of the matter:

"The farmers of this Province have perhaps unconsciously aided in the exodus from the farms to the cities through their support of the Hydro-Power development. It is well known that in the past a very generous support has been given to Sir Adam Beck and the Hydro-Power Commission.

"The farmers are now just commencing to realise that nearly all the money that has been spent and all the developments made, have been for the city manufacturer and urban centres in general. Now when they are requesting that rural Hydro lines be installed and that power be utilised to light their houses and barns, and to generate power for farm purposes, they are told that there is not sufficient available and they must wait until the Chippawa development is completed in 1921.

"At the U. F. O. Convention held in Massey Hall last December, one of the resolutions passed was a recommendation to the government to go slow in the matter of Hydro development. It has developed very largely into a one-man concern. Sir Adam Beck may be a good man, but to entrust any one man with the expenditure of some $86,000,000 in a single year and allow him to say where and how that money is to be spent is not democracy, and is not good business

"We believe that under the new regime the Hon. Col. Carmichael will have a considerable say in Hydro matters. The Drury Government might as well realise that the country is not going to stand for Sir Adam Beck having a free hand in the development and distribution of Hydro Power in this Province, especially if all the development is going city-ward. We also ought to go slow in the building of radial lines. The cities have enough bright lights at the present time—it is now the turn of the country to be brightened up."

DAYLIGHT SAVING.

In considering the question of daylight saving in so far as its adoption by urban centres is concerned, it is not necessary to do any conjecturing as to the opinion of the farmers. The agricultural interests are opposed to the scheme—so thoroughly opposed to it that the Governments of the United States and Canada, no matter how much they favour daylight saving from an economic and health standpoint, have been forced, for political reasons, to discard a system that is successfully used in the majority of European countries.

The farmers can carry on by standard time—the majority of them did so any way even when the daylight saving was adopted on a national basis. There is no need to consider them in discussing the advisability of cities putting into force a daylight saving scheme on their own account. A number of them have already decided to do so. Toronto is one city that will have the new time during the summer months, and Ottawa is another. The latter city took the sensible course of submitting the question to the people at the municipal elections, and a very substantial majority was given in favour of daylight saving. Every section of the city, in fact, expressed a favourable attitude towards the measure, and it is a reasonably safe prediction that a plebiscite on the question in any other city would give a similar result.

Objection is made to the scheme on the grounds that it is only the leisure class who benefit by daylight saving. That is scarcely an accurate presentation of the case. The leisure class, those whose working hours are short, are perhaps the people who need the new time the least, for they have, under standard time, all the recreation hours they want. It is the men and women who work in factories and stores that are the real garners by the extra hour of sunlight in the summer evenings. The young men in the factories who want to play baseball or lacrosse or visit the swimming beaches, the older men who like to watch the games or spend an hour in fishing—in fact, all the workers whose sunlight hours are all too short—these are the people who appreciate daylight saving. And it is nonsense to say that the new method robs the workers of an hour's sleep every night. People simply follow their usual routine. If they have gone to bed at eleven o'clock standard time, they retire at eleven o'clock daylight saving time. If they are accustomed to get up at six o'clock by the old time, rising at six o'clock by the new time comes quite naturally.

In order to get the best results out of the scheme, however, it should be confined to the summer months when the days are the longest. From the 1st of June to the end of August would be quite long enough—and at all events the method should not be commenced before the middle of May nor continued after the middle of September.

The legality of a local adoption of daylight saving was not questioned last year when Peterborough, in common with nearly every city and town in the Province, used the new time.

The question of daylight saving is one that the City Council might well consider in the near future. And if the aldermen are unable to judge the opinion of the public on the question, it might be considered advisable to submit a by-law and have a vote taken when the Canadian General Electric Company's by-law is sent to the people.

FORWARD MOVEMENT NOTES

H. W. Ackerman, Esq., Belleville, has subscribed $5,000 to the Methodist National Campaign.

Mr. M. C. Bogart, Napanee, secretary of the Bay of Quinte Lay Association, Methodist Church, has given $1,000 to the Forward Movement.

A Port Perry Methodist has given $1,000 to the Forward Movement.

Mr. Geo. W. Gibbard, a business man of Napanee, has given $1,000 to the Methodist National Campaign.

Bloomfield Methodist Circuit had $3,000 as its allotment to the National Campaign, and the men went canvassing after a banquet, and have $3,200, with more to follow.

Bowmanville Methodist Church has four $500 subscribers to the Forward Movement.

Port Hope has three and Cobourg two $500 subscriptions to the Methodist National Campaign.

Farmers are responding well to the financial appeal for the Forward Movement.

West Huntingdon Methodist Circuit, Hastings County, purely rural, already has $200 beyond its allotment for the Forward Movement.

Cannington District Methodist Church has three $500 subscribers to the Forward Movement.

Five members of Eldad Methodist Church, Durham County, purely rural, have given $425 to the Forward Movement.

Eleven members of the Quarterly Official Board, Wesley Methodist Church, Trenton, have subscribed one-half of the allotment of the entire congregation to the Forward Movement.

Holloway Street Methodist Church, Belleville, Shannonville and Stirling Methodist Churches each has a $500 subscriber to the Forward Movement.

Milford Methodist Circuit, rural, has reached $2,100, its full allotment for the Forward Movement.

SIX MILLION JEWS ARE FACING DEATH

Starvation and Disease Cause Indescribable Suffering in Eastern Europe.

The hardships of this winter will mean death to thousands of Jews in Poland, unless outside aid intervenes at once according to Lieutenant Shelton Wright of the American Red Cross Commission to Poland, recently returned to the United States after months of relief work in eastern Europe.

He painted a vivid picture of this half-starved people, clad in rags, who are now creeping back toward their devastated homes after months of refugee wandering, and dying of starvation and typhus along the roads, as they go.

"Outside starvation, numerous diseases, attributed to malnutrition and typhus have killed men and women and children like flies," he said. "I remember a family trying to live under an over-turned waggon by the roadside. The mother was dead under a tree a few yards away—she had been dead for days. The father was stretched upon the ground dying of typhus. He died that day. Under the waggon were two little children, both under five, sick with typhus. An older child sat stupidly beside them—a girl driven out of her mind."

Many of the people are driven to making "bread" out of leaves and bark, and "soup" out of grass and water, Lieutenant Wright reported. There was unspeakable joy among them when the American ships, loaded with relief supplies purchased with the funds raised by the American Jewish Relief Committee and other American Jewish agencies, and American and Canadian Red Cross supplies were unloaded at Danzig and other ports. In spite of the fact that the American Jewish Relief agencies are spending almost $2,000,000 a month now on their relief work in Poland, and that the Red Cross is doing its work on so vast a scale, hundreds of thousands of Jews and Poles will die during the winter unless more aid comes.

"Every box-car full of refugees returning to their homes has in it those who die along the way, and those who have contracted typhus." Lieutenant Wright said. "The people try to avoid disease by keeping clean, but it is impossible to do so, under existing conditions. Even our nurses and doctors fall ill of typhus, a disease caused by filth and lice."

The Red Cross and the American Jewish Relief agencies are doing their utmost to keep both the Jews and the Gentiles in these stricken lands alive. Six million Jews in eastern Europe face death unless immediate shipments of food, clothing, and bedding from Canada and the United States reach them before the cold weather sets in.

An appeal for funds is to be made in Ontario and a generous response from this district is confidently expected.

FARMERS' BUSINESS

For the past 54 years, this Bank has given particular attention to the business of Farmers.

We have helped many over the rough places, and have aided many more to the highest plane of success.

We are prepared to extend you every aid within legitimate banking practice.

Come in at any time and talk over your affairs with us. You are always welcome.

WHEN JOBS GO BEGGING---

PROBABLY YOU THINK right now that the pay you are receiving is not in proportion to the work you are doing—in other words you believe you are poorly paid. And, perhaps you are right.

BUT what is it that governs the amount of your wage? Is it not the law of supply and demand—the same law that governs the cost of merchandise?

THE TROUBLE is—there are more men than jobs—a fact which causes so much trouble at the present time.

A CITY IS PROSPEROUS to the fullest extent when there are more jobs than men to take them. Get busy, therefore, and help bring about this ideal condition. Whenever you go into a store ask for the Peterboro City Brand of the Article you want. Insist that your wife and all your family do the same. Thus you will be laying stones in the foundation of a greater Peterboro City—a Peterboro City having enormous factories which will employ thousands of people and cause millions of dollars to be distributed right here at home.

Grove's O-Pen-Trate Salve
Opens the Pores and Penetrates

A Remedy for Chest Colds, Head Colds, Sore Throat, Stiff Neck, Earache, Spasmodic Croup and kindred ailments. Apply freely to the skin just over the affected parts and rub it in.

GROVE'S O-PEN-TRATE SALVE

is also an Excellent Germicide for the Nose and Throat.

It should be applied to the nostrils so that you will be continually inhaling the vapors while in the presence of patients who are sick with contagious diseases, or when you are entering crowded cars or other public places during an epidemic of Grip or Influenza. Any Grip or Influenza germs breathed through the nose are destroyed by this germicide salve before the germs can reach the throat.

FOR THE SICK

Place One Level Teaspoonful of GROVE'S O-PEN-TRATE SALVE in a hot saucer in the sick room. The Antiseptic Vapor rising from the heated salve makes breathing easy for the patient. It induces sleep and is a great comfort to anyone suffering with Spasmodic Croup, Asthma, Bronchitis, Sore Throat, Coughs, Colds, Whooping Cough, Diphtheria or Pneumonia. The Healing Effect of the Vapor relieves the patient and is very comforting. Price 35c per box. If your Druggist hasn't any, send 35c in postage stamps to Paris Medicine Company, 193 Spadina Ave., Toronto, and a full-size box will be mailed to you promptly.

SANDRA THE JEALOUS

BY JANE PHELPS

A DISAPPOINTING SEARCH

CHAPTER XLII.

First I looked into the drawers of an old-fashioned high-boy. A wonderful piece of furniture, which intrigued me to wonder why it was not in use. I found nothing of much interest ether there or in an old bureau, so I turned my attention to the trunks. I was delighted when I found a key that fitted the first one I attempted to open, a very large trunk, and practicaly new—that is, it did not look as if it had traveled very far.

"Oh, how lovely!" I gasped, when removing some tissue paper, I came upon a pale blue satin evening dress. In one corner of the tray were slippers and stockings to match, a fan and, underneath, a delicate petticoat of the same colour. I knew at once it must have belonged t Leola. "He loves her so he keeps her old clothes," I moaned, then kicking off my own slipper, I substituted one of the blue ones. To my delight it was large for me. "I have the smaller foot anyway," I said in childish glee. "I'm glad of that!"

I lifted out the tray after putting everything back exactly as I had found it. Underneath was another one. In this one was a sapphire velvet evening dress. If the light blue had been exquisite, this one was simply marvelous. I couldn't resist it, although I hated myself for the feeling. I quickly slipped off my simple morning dress, and put it on. It fitted as if made for me. I looked at myself in the mirror a-top the old bureau, and breathed a sight of delight. If only Everett would let me have a dress like that, instead of the simple girlish thing he made me wear.

I took down my hair, unbraided it, and made a big soft swirl on top of my head.

"There! now I look something like a married woman," I said aloud, as I gazed with admiation at myself. The dress was cut very low, both back and front, and had a long train. It made me look much older, which delighted me.

Without removing it— I couldn't bear to take it off—I continued my inspection of the contents of the big trunk. Other dresses, all for evening and save one black one, all of some shade of blue—filled each tray. With all of them were shoes and other articles to match. Finally I had exhausted that trunk. I would take one more look at myself, I thought, then I would take off the sapphire velvet, and lock the trunk. But when I looked, I was again so pleased with my older appearance, that I just kept it on and trained around the attic, trying keys in other trunks.

I found another which fitted a smaller and much battered trunk. This one was filled with simple morning and afternoon dresses. They didn't interest me, although I took each one out, I thought I might find some old letters or something which would throw more light on Leola. But nothing rewarded my search.

I tried another, an interesting looking steamer trunk, covered with labels. But although I tried every single small key on the ring, none fitted.

I looked at my watch. I had been in the attic over two hours. I must hurry down with the keys before Mrs. Gray returned. In my haste I stumbled over a piece of furniture, making a good deal of noise I listened a moment—then as I heard no movement below, I stood in front of the mirror to unfasten the velvet dress.

"He might let me wear things made like this," I grumbled as I once more took in with delight my older appearance in the decollete gown.

"Oh Mrs. Graham!" I had been so engrossed with myself, my mirrored image, that I had heard nothing. Mrs. Gray's exclamation was the first intimation I had that I was not alone. "Oh, why did you come up here?" real concern was on her face.

"Why shouldn't I?" I asked with more bravado than I felt. "Isn't it my home?"

"Yes—but—Mr. Graham allows no one up here. I come to see that everything is all right occasionally. He would blame me did he know you had been in those trunks."

As she talked she helped me unfasten the dress. In spite of her words I could see, or thought I did, sympathy for me in her face. It emboldened me to ask:

"What's in that trunk?" pointing to the small one for which there was no key on the ring.

"I do not know. I have no key for it. Come let us put this dress back and get downstairs before Hetty or the others miss us. Hetty told me you had gone out. Let her think she is right."

"Very well," I answered meekly, all the time wondering how I should get the key of that small trunk. Now I was obsessed that in it I should find old letters, yellowed with age perhaps, as one read of them in novels— but letters which would tell me of Leola.

(To Be Continued.)

The Plague of Pimples
Body Covered With Them

The primary cause of pimples arises from the blood not being in good condition. When the blood becomes impure you will find that pimples will break out all over the body, but more particularly on the forehead, nose and chin, and although they are not dangerous trouble they are very unsightly. What you need when pimples or boils break out is a real good blood purifying medicine such as Burdock Blood Bitters.

This preparation has been on the market for over 40 years and is the most reliable remedy for all troubles arising from a bad condition of the blood. It removes all the impurities from the system and will leave a clear, healthy skin.

Mr. Emerson G. Goodwin, Cambridge, N.B., writes: "For nearly two years I suffered from boils and pimples on my face and neck, and nearly all of my body was covered with the pimples. I tried most everything, but got no relief. One day a friend advised me to try Burdock Blood Bitters, and after using three bottles the pimples and boils had all left me and there is no sign of them returning. I can strongly recommend B.B.B. to anyone who is troubled with skin disease.

TELEGRAPH NEWS

Reds Advancing.

(Canadian Press.)

LONDON, Feb. 7.—Bolshevik forces are advancing along the shore of the Black Sea, twenty miles northeast of Odessa, according to a Soviet Government statement received here to-day. In the Caucasian region, the statement says, Red troops have occupied Blagodarnos, fifty miles east of Stavropol.

COURSE DEFINED.

(Canadian Press.)

PARIS, Feb. 7.—Delivery to the German Government by the French Charge d'Affaires in Berlin, of a list of the Germans whose surrender is demanded is the proper course to pursue in the existing circumstances, the Council of Ambassadors decided this morning.

An official communique to this effect was issued this morning.

FIGHTING IN PROGRESS.

PARIS, Feb. 7.—General fighting between the Serbians and Montenegrins is in progress.

The Serbians lost one hundred and fifty killed and three hundred were wounded.

MARINES INTERVENED.

LONDON, Feb. 7.—American marines at Vladivostock intervened when Japanese soldiers attempted to prevent revolutionary troops from capturing General Rosanoff when the city was taken by the Reds, according to a Vladivostock despatch.

The message stated that Rosanoff finally escaped and took refuge on a Japanese cruiser in the harbour.

INTERN WILLIAM.

THE HAGUE, Feb. 7. — Socialist members of the Dutch Parliament are agitating a movement to intern former Emperor William and restrict his liberty. This step is urged, although the party generally approves the Government refusal to surrender the German monarch.

FRANCE RECOVERS 460,000 TONS LOOT

2,860 MILLION FRANCS SPENT IN REBUILDING FACTORIES, HEROES FUND CHAIRMAN SAYS.

TELLS OF RECONSTRUCTION

NEW YORK—France's contribution to winning the war and her peace-time rehabilitation were described in a statement by John Moffat, Chairman of the French Heroes Fund, 2 West Forty-fifth Street, who based his statement on facts compiled by Captain Andre Tardieu for the French Government. In issuing the statement Mr. Moffat said that his organization thought the American people should know precisely what France had accomplished and her material war services rendered while she staggered under her own heavy burden.

"For this reason, and knowing that France would not otherwise make them public, the French Heroes Fund," Mr. Moffat said, "applied to the French Government for details. America, the fund felt, should not remain ignorant of certain striking achievements of France, far greater than we over here had realized. The French Government gladly furnished us the information. From the details Captain Tardieu, now Minister of the Liberated Regions, has given us these striking facts and figures seem especially interesting.

"Out of 2,245 kilometers of destroyed railway lines France made 2,028 kilometers ready for use by the end of September. Out of 1,160 bridges, she reconstructed 657. Out of 1,075 kilometers of canals 700 were made ready for use at the end of August. And 460,000 tons of stolen industrial material have been recovered in Germany and Belgium; 320,000 having been given back to their owners.

"In agriculture the figures are even more extraordinary. One million eight hundred thousand hectares were rendered useless through the war; 400,000 of these were in process of cultivation by the first of September. 300,000 had been cleaned of projectiles of all kinds, nearly 10,000,000 of barbed wire entanglements had been removed, and 55,000,000 meters of tranches filled in. Two hundred thousand of the 300,000 agricultural implements destroyed or removed have been replaced, the 3,220,000 horses in France in 1913 are almost entirely replaced, together with 200,000 head of cattle out of 1,300,000.

"These are but a few of the figures from the records of the French Government of what France has done to build herself up. Out of 555,000 houses destoved or damaged 60,000 have been sufficiently repaired to be utilized, more than 15,000 huts have been erected, and 60,000 others are in process of construction.

By Sept. 30, 2,860,000,000 francs in money as well as in material had been spent for the rebuilding of various destroyed industrial factories.

"All the world knows," Mr. Moffat said, "that France made possible the common victory in breaking from 1914 to 1916 the first German shock. But one knows less of what her industry did for the Allies.

"From tables furnished I see that of all this material which France gave her allies 71,713,634 francs' worth of artillery, amnunition and motor cars went to England, 372,913,234 of the same to Italy, 506,022,926 of the same to Roumania, 1,252,626,134 to Russia, 150,000,000 to Belgium, 1,431,673,616 to the United States, besides 6,520 machine guns and 56,876 rifles to England, 311,000 rifles to Italy, 298,000 rifles to Roumania, 559,000 rifles to Russia, the supplies including contributions also to Serbia, Greece, Poland, Czechoslovakia, Portugal, Finland, Switzerland, Montenegro, Sweden, Spain, and Japan.

"Now, here is something even more interesting: I find, from the figures Captain Tardieu has furnished, that incontestably in the most material way, France enabled the American Army to arrive for the battle of 1918. America knows what America did for France, but, as Captain Tardieu says, it is more difficult for the French, because of the distance, to explain what France did for the American Army. To equip that army in time it was necessary for France to furnish it with a large part of its war material, particularly its artillery and ammunition."

EXCHANGE SITUATION.

(Canadian Press.)

LONDON, Feb. 7.—More editorial attention is attracted to the exchange situation than the demand for extradition of Germans accused of war crimes. Several newspapers discuss situation, especially in reference to cotton, suspension of imports of which is declared in some quarters to an "excellent example which it may be hoped other traders will follow." Elsewhere it is regarded as dangerous remedy and fear is expressed that its cost will eventually fall on British consumers. Doctrine calling for increased production and universal economy is again vehemently preached, journals reiterating assertion that public and private expenditures continue on scale, that if continued, must lead to financial disaster.

A DANGER SIGNAL— TENDER AND BLEEDING GUMS

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills.

Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them.

Four out of five people over forty have this disease. But *you* need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums.

Forhan's For The Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c tubes in Canada and U. S. If your druggist cannot supply you send to us direct and we will mail tube postpaid.

A Sunlight Wash Day is free from the toil and labour usually associated with washing because Sunlight Soap washes clothes beautifully clean and white without rubbing or scrubbing.

Sunlight Soap

being the surest, gentlest, purest of all cleansers is kind to the clothes—they last ever so much longer—kind to the hands, too. Insist on getting the Soap you ask for—SUNLIGHT.

Try Sunlight for yourself and see.

LEVER BROTHERS LIMITED, Toronto

PARIS MAY FOLLOW GUELPH'S PLAN OF ELECTING COUNCIL

PARIS, Ont., Feb. 5.—For some time a number of progressive citizens here have thought that the best interests of the town would be served if a system of electing members to the Council similar to that for the Board of Education were adopted. The plan is for about one-third of the Council to be retired each year. Ex-Mayor Carter, Guelph gave an outline of the first year's work of Guelph Council under the new order of things. In January, 1919, the citizens elected 18 aldermen, the six receiving the highest votes were elected for three years, the next six highest aldermen were elected for two years and the six receiving the lowest votes were retired at the end of one year, but were eligible for re-election. From these 18 the Mayor was chosen at the first meeting of Council. The change he said had been satisfactory at Guelph. The meeting was under the auspices of the Board of Trade.

HOUSEHOLD HINTS

Mark bath towels individually.

Mince left-over chicken, beat in the gravy an pour piping hot over tiny baking powder biscuits.

Put a little lemon juice in the salad and it will be several hours before the apples become discolored.

Add a pinch of soda to the water when cooking cabbage or cauliflower It will improve the flavor and considerably lessen the disagreeable odor.

A pongee garment should not be treated as other silks in laundering. It should be thoroughly dried before ironing. If ironed while damp the fabric becomes stiff.

PILES Do not suffer another day with itching, Blind, Bleeding or Protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and as certainly cure you. 60c. a box; all dealers, or Edmanson, Bates & Co., Limited, Toronto. Sample box free if you mention this paper and enclose 2c. stamp to pay postage.

PREVENTION IS BEST CURE FOR INFLUENZA SAY PUBLIC AUTHORITIES

Every Possible Effort Is Being Made In Affected Localities to Stop Further Spread of Disease.

OUNCE OF PREVENTION WORTH POUND OF CURE

Persons Who Catch Colds Easily and Who Are In Run-down Condition in Greatest Danger.

Influenza continues to spread; and the disease is now prevalent over many section of the country.

It has baffled the medical skill to an unusual extent and although it has been held in check in many localities it has gotten beyond control in others. The germ has eluded bacteriologists, and medical men now agree that the best cure is prevention.

The surest prevention is to build up the bodily powers of resistance and to get the system into the best physical condition possible. It is now universally agreed that it is possible to perfect the powers of resistance of the human system so that it can throw off almost any infection, not excepting Influenza.

It has been observed that persons who are weak and run down are more susceptible to disease than persons who are in robust health and if you are in a generally run own condition, and below normal weight this warning should be heeded promptly. If you are in this condition nothing on earth will build you up and strengthen you like Tanlac which contains the most powerful tonic properties known to science. As a reconstructive tonic and system builder it is without an equal and contains the very elements needed by the system to ward off disease germs. This is a statement of fact and is supported by the recognized authorities and reference works including the U. S. Dispensatory, the Encyclopedia Britanica, and also by standard text books used in the schools of medicine. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary merit as a medicine and by the fact Tanlac is today having the largest sale of any tonic on the American market.

Tanlac is also an ideal strengthening tonic for persons who are suffering from the after effects of colds, influenza, ordinary grippe and bronchial troubles, and hunreds of thousands are using it daily with the most gratifying results.

In connection with the Tanlac treatment it is very important to keep the bowels open by taking Tanlac Laxative Tablets, samples of which are enclosed with every bottle of Tanlac.

Tanlac is sold in Peterboro by the Tanlac is sold in Peterborough by W. B. Warne Drug Co., Limited; in Havelock by A. C. Denike; in Lakefield by Tanner Drug Co. Ltd; in Fowlers Corners by W. A. Hunter; in Celert by A. J. Scott; in Westwood by G. Pringle & Son.

PALMS OF VICTORY FOR ITALY'S HEROES IN BIG CELEBRATION NEXT SPRING

TRIUMPHAL MARCH OVER THE ANCIENT ROUTES OVER WHICH THE VICTORIOUS ARMIES OF CONSTANTINE AND TITUS PARADED.

RIVAL OLD ROMAN PAGEANST

ROME, Feb. 4.—Italy has not yet had its victory celebration. The ceremonies which were to have taken place early this month had to be postponed because of the D'Annunzio incident and the unsettled political conditions. But preparations continue, and when the palms of victory are handed to the heroes of the Great War early next spring, it will be a celebration not excelled since the most glorious days of the Roman Empire.

Workmen are now engaged in making highways by which the troops may pass along exactly the route followed by the forces of Titus and Constantine when they returned to Rome along the Appian Way and made their way through the Roman Forum to the Capitol. The victorious army will march under the famous arch of Constantine, through the arch of Titus, past the ruins of the Coliseum, which Titus built after his conquest of Jerusalem; through the historic ruins of the Roman Forum, past what remains of the Temple of te Vestal Virgins, up the Capitoline Hill to the Altar of the Father and the monument erected to the Illustrious Victor Emanuel II.

Since the days of the Empire the centre of Rome has undergone many changes, and it will require much temporary construction to make it possible for troops to follow the ancient course of victors.

Steps have replaced the ancient highway leading from the Roman Forum to the Capitol. Consequently it will be necessary to build wooden roads over these to accommodate the cavalry and artillery. Part of this road has already been constructed, and rises generally from the ruins of the tribune where Marc Antony delivered the funeral oration over Julius Caesar to the level approaches leading to the Capitol steps.

Cannon and ammunition carts and motor lorries will replace the chariots and mortars dragged up the famous Capitoline Hill centuries ago. There will be no elephants and camels, no prisoners in chains. But aircraft will hover over the ceremony and attest modern man's conquest of the air, even though he has never been able to equal the art achievements of pagan Rome when it was the capital of the entire known world and all discovered portions of Europe, Asia and Africa were ruled from the very spot where Italian soldiers will receive their palms.

How Fat Actress Was Made Slim

Many stage people now depend entirely upon Marmola Prescription Tablets for reducing and controlling at. One clever actress tells that she reduced to four pounds a week using this new form of the famous Marmola Perscription and now, by taking Marmola Tablets several times a year, keeps her weight just right. All druggists sell Marmola Prescription Tablets at $1 for a large case. Or you can get them by sending price to Marmola Co., 864 Woodward Ave., Detroit, Mich. If you have not tried them do so. They are harmless and effective.

MARK STREET CHURCH NOTES

The congregations were large at both services yesterday, and the music was excellent. Mr. Bruce Quinn, our organist, is doing splendid work, and our young people profit by his masterly instruction.

The pastors' morning subject was, "The Answering Fire," and the subject of the evening sermon, "The Tenth Man."

The Sunday school was largely attended, and Mr. Ward Gamble, our Superintendent, is doing excellent work.

Don't forget the League to-night at 7.30, and the quarterly board at 8.30.

The Boy Scouts meet in the Sunday School room on Friay evening at 7.30.

FAIR BOARD HELD MEETING TO DEAL WITH COMMITTEES

(Continued from Page 1)

The suggestion was also made that the membership fee be increased to two dollars but the privileges of free entrance should be still attached.

The question of the membership allowing no member to exhibit poultry or horses free while he could other things, came up and several of the members objected to it.

Mr. Fraser remarked that one class should not be penalized at the expense of others and said that he thought there should be an exhibiting fee for all. On the increase in admission he spoke of how some fairs charged twenty five cents admission to the grounds and another quarter to see the races whereas here they see them both for thirty five cents.

Mr. Kelly remarked that he thought the members should be admitted free and that the insurance proposed earlier in the meeting was needed badly.

The question of the fifty cent entrance fee could not be side tracked however. Mr. Fraser dwelt on the high expenses and the need for increased revenue. One of the members produced a set of figures to clinch the increase, 8,000 admission at 35 cents amounted to $2,800 but 8,000 at 50c raised the first level to $4,000 a difference of $1,200 or in other words, with 800 less of a crowd at the latter standard they would make as much as with the bigger crowd at 35c.

When the word crowd came in it was at once taken up. The Secretary emphasized the necessity of a good crowd to get more out of the concessions. Mr. Hooper said it was better to get a big crowd at thirty five and have them well satisfied than a lesser crowd at fifty who thought they were being soaked. "The fifteen cents would pay some working man's car

The Committees

The committee of five returned and the following committees were those appointed.

Light Horse Committee

T. Cruikshanks, (chairman) N. Kelly, J. Cox, S. Milburn.

Heavy Horse Committee

J. Gillespie, (chairman), R. Grandy, H. Sanderson, A. W. Wood.

Beef Cattle Committee

C. E. Moore, (chairman) R. Grandy R. B. Rogers, H. Webber and J. O. Ball.

Poultry Committee

Harold Baptie (chairman), J. Kelly W. J. Dickenson.

Dairy Committee

T. Hooper, C. S. Cummer, E. B. Fowler, W. R. Breyfogle.

Horticultural Committee

D. Jordan (chairman), W. J. Young H. Theobald, G. O. Cameron, G. Duncan.

Dairy Cattle Committee

Wm. Steinkraus, (chairman), W. Roseborough, M. Geary, J. T. O'Connell.

Sheep and Swine Committee

J. O. Ball, (chairman), W. Steinkraus, J. Gillespie, A. Roberts.

Amusements and Advertising Committee.

W. F. Turner (chairman), E. B. Fowler, G. O. Cameron, C. Graham, T. Hooper.

Agricultural Committee

F Kitney (chairman) J. Williams, B. Johnstone, S. Oke, H. Webber.

Fine Arts Committee

V. Eastwood (chairman) J. W. Fraser, R. M. Glover, C. Graham with the ladies of last year's committee.

The subscription committee will be made up of the whole board.

A Volunteer.

The appointment of a treasurer had to be attended to at this meeting. Mr. Turner said he took exception to paying him claiming that he did no more work than the others. "A big hearted man is needed who will do the work out of a spirit of willingness to help along the fair. No such visionary idealists seem forthcoming however and despite the President fervent cull for volunteers it went unheeded until Mr. Vincent Eastwood arrived on the scene and promptly volunteered to help.

It was moved by Mr. Cox, seconded by Mr. Grandy that Mr. Eastwood be appointed.

The question of having two auditors to do the books was left over till the next meeting.

Mr. J. T. O'Connell the Peterboro representative at the recent convention held in Toronto gave a report on the convention that proved very instructive to the members. A motion was brought in by Mr. Bruce Johnstone that Mr. F. C. McRae of the Ontario Department of Agriculture, Norwood, be moved to Peterboro, and that their be more co-operation between the department in connection with County School fairs was carried and the Secretary asked to get in touch with the department.

Field Crops Competitions

The matter of having field crops judged earlier came up, the members pointing out that it was necessary to have the judging earlier to conduct it fairly and the secretary was instructed to write them to have it earlier.

When the re-appointment of Mr. T. Brown as superintendent of grounds came up, it was evident that the directors had struck a knot for in spite of all their urgings he insisted on being let out nevertheless his appeals fell on deaf ears for a motion that he be re-appointed, assisted by Mr. Cox carried unanimously.

The increased admission fee popped up again but was left for the amusement and advertising committee.

The meeting was concluded by the President asking every committee to have their report in by two weeks when another meeting will be held and that the secretary notify every chairman to that effect.

About 4.15 the meeting broke up and the members wended their way home to vision the biggest and best fair that Peterboro has yet seen.

UNION GOVERNMENT GREAT MISTAKE OE PATRIOTIC PEOPLE

(Continued from page 1.)

ports to Britain alone totalled $636,000,000. As for South Africa the rebellion had been swiftly put down by the Dutch themselves under General Smuts and General Sir Louis Botha, who had fought against Britain in the Boer war.

British Freedom.

Continuing, Mr. McRaye pointed out that it was the outpouring of Britishers into the western world which had brought civilization to America as well as to Africa and Australia. The giant part of Great Britain in the world's progress was due to her institutions and navy. Until the beginning of the 18th century she was the only possessor of self-governing institutions. In fact, she was the inventor of liberty in government. This love of free institutions had been inherited by Canada and the United States and imitated by others. The outpouring of British colonists had carried it to all parts of the world.

Attitude of the United States.

It was the love of free institutions which had led to the revolt of the American colonists in 1775 which caused the alienation of Americans and British and led to a weakening of liberty. This had been largely wiped out by the war, however. Mr. McRaye believed that we should sympathize with the American colonists. The American attitude on the king question was largely due to George III, who was a 'made in Germany" product. American antagonism toward Britain was largely due to the use of American school books by Germany for propaganda purposes. This was being largely done away with now and Secretary of War Baker, Admiral Sims, "the only British Admiral in the American navy," as certain American newspapers had called him, and Elihu Root were spreading broadcast throughout the United States a book, "Stop Hating England." The conservative and better element in the United States had been with us from the beginning of the war. It was the duty of every Anglo-Saxon to build up friendship between the two countries. The League of Nations might or might not be a success, but a League of Anglo-Saxons would be.

The British Navy.

Turning to a consideration of the British navy, Mr. McRaye stated that Britain was the greatest sea power in the world and had been since the defeat of the Spanish Armada. Without it the recent war would have come to an end within ten days with a German victory. It had bottled up and blockaded Germany, made possible the transportation of 2,000,000 American soldiers overseas, and 8,000,000 of her own troops as well as 1,000,000 Colonials, with only 2,684 losses. The British navy saved the world, as it had in the 16th century when it defeated the Armada, a hundred years later when it brought to an end the conquests of Louis XIV, and a hundred years later still, when it ended Napoleon's ambitious career. It had been the bulwark of liberty throughout modern European history and had never restricted trade during times of peace. Mr. McRaye paid a glowing tribute to the merchant marine's service during the war, that body of unsung heroes who, without thought of decoration or mention, kept the fighting forces supplied with food and munitions and swept the seas of mines. There was no more splendid chapter in the annals of the navy.

Canada.

Continuing, Mr. McRaye stated that Canada's status was one of an independent nation within the Empire. We imposed our own taxes and duties, we paid no tribute to the mother country, and our part in the war had been strictly voluntary. It was an example of applied democracy, the greatest in the world We were a part of the Empire which has been called "the crowned republic."

Incompetence and Unrest.

Despite this the government which we had sent to Ottawa in attempting to enforce conscription, had from 282,000 men picked 86,000 draftees of whom 42,000 were sent overseas. At the present time defaulters in Quebec were being released on paying fines of from $15 to $25. We were living in the midst of selfishness, idleness and graft. There was unrest and trade unions were striking throughout the country, while profits of from 75 to 300 p.c. were being made when we should be turning to greater production. Only through thrift would the cost of living come down. In 1918, while 30,000 Canadians died over the seas a textile manufacturer in Sherbrooke calmly admitted that he was making a profit of 145 p.c. and flippantly remarked that his plant "was not built for the glory of God, but for its shareholders." If such were to continue our democracy was a farce and the sacrifices we had made were useless.

Menace of Bolshevism.

But Bolshevism, Socialism or the "One Big Union" would not bring about a betterment of conditions. These meant only a dictatorship achieved by an organized minority and through industrial paralysis. If Winnipeg at the last election had not stopped it, it would have spread throughout the country within a few months. Trade unionism was for the promotion of the interests of the workers and was a good thing, but in such cases as that of Winnipeg it was going outside its functions. No man or association of men could destroy democracies and government without destroying themselves. Production had already fallen to 25 p.c. of what it was before the war.

Emigration.

Mr. McRaye went on to point out that the emigration laws should be amended to prevent the present hiving together of foreigners and the slum system, which was due to non-assimilation. Foreigners of a certain class, regarded Canada as a huge, glorified meal ticket. Mere residence did not make a man a Canadian. Only those who gave allegiance to British deals were Canadians. The patriots were those who would live and die for them. We had boasted that we were Christians, but we were not. Germany had said that Christianity failed with us. This was not true, for it had never been with us or we would never have had slums or let our brothers go hungry.

The mere signing of peace did not bring about a readjustment of existing conditions as many people seemed to believe. History repeats itself for in 1815 after Waterloo the people thought less of the victory gained than of their own discomfort. Some thought that peace would bring a new heaven and earth, but it had not and would not until selfishness had been banished.

Union Government.

All the unrest to-day, the speaker believed, could be traced to the Union government at Ottawa, that great mistake of a patriotic people, which was too busy looking after jobs and watching party politics to look into the grievances. It was hardly a square deal to ask 640,000 men to exile themselves for from one to three years in Europe while the profiteers enjoyed governmnt patronage. The soldier's wife in Toronto, a city where the minimum rents were $35 a month and boots were $10 a pair, had to live on from $50 to $60 a month while the country's money was used to buy Ross rifles which should have been in a freak museum instead of on a battlefield. A special session of Parliament had been called to ratify the treaty, but the Grand Trunk railway had to be bought to secure the extra sessional allowances of $2,500 .Over 800 new millionaires had been created by the war.

Gratuities.

Turning to the question of gratuities Mr. McRaye stated that personally he was not in favor of gratuities. The $2,000 asked for would give the wounded comrades $1,000 a year for ten years. He believed that those who had come through in health and with life before them needed no gratuities.

He characterized the pensions as "a joke and inadequate." The officer's pension should not be greater than the private's. Army caste should not be kept alive in a democracy. The Canadian officers had shown themselves to be about the best in the British Empire, but they were no better than the privates.

Better and Kinder Canada.

In closing Mr. McRaye stated that death was a part of the price paid for a better world. A better and kinder Canada turned to God and free at last should come out of the chaos. There was bound to be unrest and idleness, but we should meet such with a feeling of human sympathy and not forget the gallantry of our dead.

Sam Agnew, recently released by the Washington club to the San Francisco club of the Pacific Coast League has shocked the minor leagues with his demand of salary. Sam contends that he will need more in the minors as it is a longer season, and he must hire a man to run his farm for a longer period.

Blood Poisoning

Hamlin's Wizard Oil a Safe First Aid Treatment

How often lockjaw and blood poisoning result from the neglect of a slight scratch or little cut! Hamlin's Wizard Oil is a safe and effective first aid treatment. It is a powerful antiseptic and should be applied immediately to wounds of this kind to prevent danger of infection.

It is soothing and healing and quickly drives out pain and inflammation in cases of sprains, bruises, cuts, burns, bites and stings. Just as reliable, too, for stiff neck, sore feet, cold sores, canker sores, earache and toothache.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

Save The Old Shoes

A campaign to be launched by the National Shoe Retailers' Association of the U. S., estimated to save $300,000,000 by repairing all the old shoes.

Retail shoe dealers are to be urged, not that new shoes, be purchased, but that Old Shoes be dug out of the closets and repaired.

It is said that there are "millions of shoes in the closets ot the nation that with a little repair, can be made perfectly serviceable. If people will get out these old shoes it will reduce the shoe bills from more than $1,000,000,000 to $700,000,000."

What is true of the U. S. is true of Canada and of Peterborough. I am splendidly prepared to repair all kinds of Old Shoes. Dig them out of the Closets and bring them here for a first class job. We don't cobble Shoes, we repair them.

A NERVOUS BREAKDOWN

Miss Kelly Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health.

Newark, N. J.—"For about three years I suffered from nervous breakdown and got so weak I could hardly stand, and had headaches every day. I tried everything I could think of and was under a physician's care for two years. A girl friend had used Lydia E. Pinkham's Vegetable Compound and she told me about it. From the first day I took it I began to feel better and now I am well and able to do most any kind of work. I have been recommending the Compound ever since and give you my permission to publish this letter."—Miss LO KELLY, 476 So. 14th St., Newark, N. J.

The reason this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, was so successful in Miss Kelly's case was because it went to the root of her trouble, restored her to a normal healthy condition and as a result her nervousness disappeared.

"There's a Reason"

Harbingers of Spring Are These Pumps, Oxfords and Boots

The number of enquiries for Spring stocks indicates that Spring costuming and outfitting is in the minds of many women right now. Our Ladies' Shoe Department with its usual alertness, has assembled, even at this early date, a comprehensive range of Pumps, Oxfords and Boots. Their shapliness, quality and finish merit the remark—"They excel anything we have ever shown."

Pumps and Oxfords

This Black Patent Pump, with a Baby Louis heel, has found favour with many. It is so different in appearance, and those who have worn it vouch for its comfort. Price $12.00 pair.
Widths from AA to D.

A Dark Brown Brogue Oxford that is Engman in origin but Canadian made. It, of course, is designed for walking, and has a square heel and broad toe. Its price is $12.00—and combines nicely with our Heather Stockings at $2.50 pair.
Widths from AA to D.

Another Walking Oxford that recommends itself is in Brown Calf, and features a high heel and long receding toe. It is made on such graceful, tapering lines that it might be called a Semi-walking Shoe. Price $12.00 pair.
Widths from AA to D.

Very attractive is this Patent Pump in Louise pattern with a graceful Louis celluloid heel and closely trimmed sole. The price is $11.50 pair.

Widths from AA to D.

This Oxford is of Black Kid, and a very fine quality, by the way. Its outstanding features are the high leather Louis heel and an unusually long and slender receding toe. The soles are Goodyear welted. The entire effect is very modish, and the price is $11.25 pair.
Widths from AA to D.

Another Oxford on the same last as the above, but of a little coarser Kid, is priced at $10.00 pair.
Widths from AA to D.

Walking and Dress Boots

A very handsome last is of Brown Calf-skin. Its toe is long and slender, its heel is Louis pattern, and a perforated wing tip is just sufficient to relieve the plainness. The price is $12.00 pair.
Widths from AA to D.

A Brown Calf-skin Walking Boot that has much to recommend it. The top is nine-inch, the eyelets are hidden, and a perforated wing tip patterns the toe. The price is $12.00 pair.
Widths from AA to D.

A smart Walking Boot shows a Grey Buckskin top and a Black Calf-skin vamp and a square toel. The top is a nine-inch one, and there is sufficient style to it to satisfy. The price is $13.00 pair.
Widths from AA to D.

This number resembles the above in colour combination only, the ten-inch top being of a Washable Grey Kid and the lower of Black Kid. The difference lies in the long, narrow vamp and the high Louis heel, which makes it eligible for dressier occasions. Price $14.00 pair.
Widths from AA to D.

There never was a Boy or Girl who wasn't hard on Shoes, and with this in mind we went about to select the Best and Most Durable. It really wasn't difficult, for two makers are pre-eminent in the manufacture of Children's Footwear—they are mentioned above. You pay more for them, it is true, but you economize, for they give double the service of ordinary Shoes.

REV. LAIRD DISCUSSES DEFERRED RESPONSIBILITIES AT ST. ANDREW'S CHURCH

A STIRRING MESSAGE ON BEHALF OF THE FORWARD MOVEMENT—PROGRESS OF THE CHURCH.

Yesterday morning at St. Andrew's Presbyterian church, Rev. Dr. Laird of Toronto, Finance Minister of the Presbyterian church of Canada, made an eloquent appeal on behalf of the Forward Movement and emphasized the need of a stronger support of the Home Missions activities by the church, taking as his text St. John, 10:10, "I am come that they might have life, and that they might have it more abundantly."

The Forward Movement.

Dr. Laird termed the Forward Movement, "a call to new life, a call for the reinforcement of the Christian church, a crusade for a purer church, a better Canada, and a more Christian world, of such quality and intensity as few of us have known." It was, furthermore, he believed, a challenge to a great spiritual uprising. What we needed to-day was the re-establishing of the Church of Christ in new spiritual power in the hearts of individuals, in the life of communities and nations, and in all international relationship.

Part of the Church.

Continuing, Dr. Laird pointed out that if the church lost the nation could not win, even though its armies had been victorious. For the church stood for those mysterious and invisible forces which brought victory to the arms of our armies. During the war the church had thrown itself heart and soul into the great struggle. Every Protestant pulpit became a recruiting platform; Four hundred Presbyterian theological students saw active service, over one hundred clergymen served as chaplains, and scores more as combatants. Every church became the centre for the activities of the noble women of the nation.

Deferred Responsibility.

The activity of the church in the war had caused in some cases a cessation of its work along other lines. As a result it was faced to-day with a mighty volume of deferred responsibility. The Forward Movement was the solution of the problem which faced the church. It was a call to personal deputation to give ourselves, our substance, and our sons that righteousness and freedom might prevail. We could not perpetuate the memory of those who had died for us by memorials, but by the spirit of self sacrifice which had saved our empire and the world. So, to-day, the church was calling for a great peace thanks offering that we might demonstrate our thanks to Almighty God for our signal deliverance. It was not to be so much an offering of money as of life, personality, substance and treasure to the application of the Gospel of Christ to our national life.

Evils Preying on Canada's Life.

"Is Canada Christ-controlled? Is our national life sweet, clean and pure? Is it penetrated by the spirit of Jesus Christ?" Dr. Laird asked.

He stated that he did not wish to elaborate upon the gross evils that were preying upon Canada's life to-day, for the facts were too well known to all. We were confronted with the question of whether or not we were going to take our new powers won by our sons and hand them over to the old sins. If we did not wish to prostitute the courage, self-sacrifice and heroism of our sons, we must establish Jesus Christ in our national life.

Progress of the Church.

Dr. Laird went on to say that he had little sympathy with those who said that organized Christianity was losing faith. He believed that the Christian church in Canada to-day had a stronger hold on national life than ever before, and went on to give statistics in support of this statement, pointing out the great increase in the number of communicants in the Presbyterian church, the 10,000 new Sunday school teachers, and the increased activity in the mission fields.

Works to be Done.

But despite this there still remained much to be done. There were 400,000 adult Presbyterians who were not communicants and 100,000 boys and girls who were not Sunday school attendants. In many parts of our great west there were no churches or Sunday schools. One district in British Columbia which boasted 75 rural schools had not a single Protestant church or Sunday school, although nearly one-half of the inhabitants of the district were of Scotch Presbyterian stock. He cited several cases of ministers and missionaries in the west who were compelled to give up their work because they were unable to support their families on their small salaries.

A stronger support of the Home Mission work was imperative. The men for the work were forthcoming but funds were required to support them. $4,000,000 was being asked for, but $8,000,000 was more in accordance with the needs.

Only National Insurance.

In closing, Dr. Laird stated that the issues of to-day arising from unrest and confusion were enormous and that our only national insurance lay in a reinforcement of the Christian church.

OPERATION WAS NOT NECESSARY

"Fruit-a-tives" Restored Her To Perfect Health

138 Papineau Ave., Montreal.

"For three years, *I suffered great pain* in the lower part of my body, with swelling or bloating. I saw a specialist who said I must undergo an operation. I refused.

I heard about "Fruit-a-tives" so decided to try it.

The first box gave great relief, and I continued the treatment. Now my health is excellent—I am free of pain,—and I give "Fruit-a-tives" my warmest thanks".

Mme. F. GARNEAU.

50c. a box, 6 for $2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

when they see it. Wild horses would not draw them away. They have the Trent Canal at their door, the G. T. R. and Canadian Pacific right into their mills. What more did they want? Nothing more at present — except a $300,000.00 bridge to complete their landscape—only that—and they got it. How they got it I don't know—but I feel it, and we will all feel it for the next 30 years.

It is now up to the Q. O. to assist us into prosperity that wil help us to forget our troubles.

SENEX.

N. B. — By the way, Mr. Editor, the canal will be opened to Georgian Bay in a few months. What is being done to supply barges, packets and passenger boats to take excursionists through from Trenton to Georgian Bay right through the Kawartha Lakes or must we go over to Buffalo to get enterprising Americans to come and take hold of the traffic on this wonderful scenic travel route? Let the new Mayor call a meeting of his council and the Board of Trade to consider our requirements in connection with this canal business.

FLOODS ON OTONABEE RIVER

Peterborough is fortunate in being situated on a magnificent river—one that has no tantrums, no sudden floodings that make trouble and overflowings.

There are on this continent many rivers which flood without much warning. The ice breaks up and comes down with a rush sweeping all before it and causing much damage. Most of the American rivers are of this character—they are simply water channels, up to-day, down to-morrow. This is because they have very few lakes.

Our innumerable lakes at the north are great reservoirs. The mouth of our river being at the south, and the lakes back north in the woods, the river in spring opens up at the south and before the lakes at the north are free of ice the lower river is clear and ready to take the released waters. Thus it is that early in May our river begins to rise, and day by day it increases so that we may have high water, not flood, about the middle of May, and then it begins gently to go down. This makes a safe river and comfortable. We have on our river what few people know of, that is a second outlet. In 1870 there was very high water, such as never was before in the memory of man and has never been since. Our Little Lake was one with the river below the Locks. The intervening lands were covered so that the road to the cemetery, the cemetery itself, and the lands south of the cemetery were all under water. The Indian River became as large as the Otonabee. The explanation is that Stony Lake flowed over the natural rock dam at Gilchrist Bay and swelled the Indian River so that travellers could not get within a quarter of a mile of the bridges on the Norwood Road. It was well for Peterborough that we had that second outlet by the Indian River.

The great value of the steady water of our river is that our water power is constant and always under control. If you will look at the map you will see that from the Quaker Oats dam north there is a continuous chain of lakes known as the "Kawartha" Lakes. They touch each other or are connected with very short stretches of river, and between the lakes there are dams and gates so that the waters are under perfect control, and the government officer at Peterborough can every morning, if necessary, telephone his instructions to the lock masters to put down or take up a stop log.

Just follow me an you will realize the magnificent water privileges that the Quaker Oats people have here. Begin at their Peterboro dam. It is 10 miles north to Lakefield, mostly deep enough to be navigible. Then up Lake Katchewanooka six miles to Young's Point; next Stony Lake from the east end to Burleigh, 12 miles; then six miles to Buckhorn; then take in Chemong Lake, Buckhorn Lake, Pigeon Lake, Sturgeon Lake, Cameron Lake, Scugog Lake. One hundred and fifty miles of navigable water all under control and all together making one mill pond for the Quaker Oats mills!

There is no such other power on the continent of North America. There are larger rivers from the Great Lakes but no such controllable water power; and some people believed the report that was industriously circulated that the Quaker Oats people when their mill was burned contemplated moving away! Bosh! The Q. O. people are not fools. They know a good thing

ROBUST CHILDREN

A child should not look pale, thin or worn. Such condition denotes malnutrition. To keep up growth and robustness a child needs a plenitude of food rich in vitamins.

SCOTT'S EMULSION

abundant in growth-promoting properties, is an ideal supplemental food that could well be a part of the diet of every growing child.

Obtainable wherever drugs are sold.

BELGIAN MACHINERY IS BEING RESTORED COUNTRY RECOVERING

NEW YORK—Harry H. Morgan, United States High Commissioner and Consul General to Belgium, who returned after several months abroad, is most optimistic as to the future of the little country that was so completely war-ridden. With her export trade to the United States already one-third of the pre-war volume and with nearly $600,000,000 worth of stolen machinery already returned by the Germans, Belgium, in scarcely a year, is well advanced on the road to recovery, according to Mr. Morgan.

"It has been my privilege to witness Belgium's revival since the armistice," he said, "and it has been remarkable to observe the pace at which that country has rapidly been returning to life. At the beginning of last year, the port of Antwerp was practically empty, there was very little traffic—either horse-drawn vehicles or automobiles—on the roads of Belgium. The factory chimneys were smokeless, the streets of the large cities were full only with an idle, aimlessly promenading crowd.

"To-day a forest of masts and smokestacks of large steamships form the sky line of Belgium's chief seaport; the highway traffic throughout Belgium is intense: American motor trucks and touring cars are to be seen at every turn, and in the fields American farm implements and tractors are busy raising bumper crop. Heavy spirals of black smoke are curling from the chimney factories, the city streets are alive and the general animation shows that Belgium is again and industrial beehive."

Mr. Morgan, who has had exceptional opportunities to visit the different industrial centres of Belgium both immediately after the armistice and again very recently, is particularly impressed with the effective manner in which the machinery taken by the Germans from Belgian factories has been recovered and returned.

"Shortly before my departure," he said, "I visited occupied Germany to inspect the Belgian Service of Industrial Restitution, which locates and identifies Belgian machinery in Germany and returns it to Belgium. This service has been remarkably organized by Henry Jasper, Minister of Economic Affairs, to whom great credit must be given for Belgium's rapid restoration.

"The head offices of this organization in Germany also catalog all machinery at work in the German factories on the left bank of the Rhine, with a view to obtaining payment in kind for the machinery which was scrapped by the Germans. This recuperation by equivalence, as it is called, has not yet been put into practice as it has been necessary to await the ratification of peace before doing so. Much, of course, still remains to be done, but the value of the machinery already recovered from Germany —which is estimated at nearly $600,000,000 —will give a fair idea of what has been accomplished.

"Belgium's export trade to the United States is now one-third of the pre-war figure. American imports appear to have fallen off in the last few months owing to the adverse exchange. Appreciation for all that the United States has done for Belgium runs high in the little Kingdom and if we could only adjust this exchange problem Belgium purchases would rapidly soar to record heights.

"Belgium ranked first in the world in respect to volume of trade per capita, and the energy of her people, as well as the actual results already obtained, are sure guarantees of the value of her credit. If we can only see our way clear to finance Belgium and help get her on her feet again, the investment would prove a very profitable one of the United States."

THE WEATHER

February is proving much more moderate than last month. While it was ushered in with 20 below zero it has not been down to the zero mark since, although this morning the thermometer got to within 4 degrees of that point. While our Indian friend Dan Whetung has been severely criticized for predicting a mild winter, due credit should be given him when he hits it. As he says himself, it is only when he misses it that he hears anything about it. But as a matter of fact that is usually the experience of all prophets (weather and otherwise.) The winter of 1918-9 he predicted would be a mild one. He proved to be correct. Last spring he said would be backward and cold. Again he hit it. Other instances could be mentioned.—W.P.

ONE GREAT ESSENTIAL TO A WOMAN'S HEALTH IS HER NERVES

Nature intended women to be strong, healthy and happy as the day is long, instead of being sick and wretched. But how can any woman be healthy and happy when the whole nervous system is unstrung. The trouble is they pay more attention to their social and household duties than they do to their health. Is it any wonder then that they become irritable and nervous, have hot flushes, faint and dizzy spells, smothering and sinking spells, become weak and nervous, and everything in life becomes dark and gloomy.

Milburn's Heart and Nerve Pills are the very remedy that nervous, tired-out, weary women need to restore them to the blessings of good health.

Mrs. P. M. Ryan, Sand Point, N.S., writes:—"I have been a great sufferer from nerve troubles. I was so weak and nervous I could not sleep at night and my appetite was very poor. I could not walk across the floor without trembling. I had hot flushes and fainting spells. When I was on second box of Milburn's Heart and Nerve Pills I began to feel better and kept on until I had used six boxes when I felt like a different person. I am never without them in the house and recommend them to all who suffer with their nerves."

Price 50c. a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Higher Railway Rates Necessary, Says E. W. Beatty

Wage Increases on Canadian Roads More Than Interest on Whole War Debt

ADDRESS AT WINNIPEG

Railway Situation in Canada Without Parallel Any Place in the World, He Says.

Winnipeg—Addressing the Canadian Club at a luncheon at the Royal Alexandra, on the subject, "The New Railway Situation," E. W. Beatty, K.C., president of the Canadian Pacific Railway Company, gave a plain intimation of a coming increase in rates.

Mr. Beatty said:—"Since I had the pleasure of visiting Western Canada in May last, a very important change in the transportation situation has taken place through the sudden consummation of a plan for the acquisition of the Grand Trunk and Grand Trunk Pacific Railway Companies with a view to their incorporation into the system of the National Railways. In due course, when the legal and other formalities have been fulfilled, this consolidation will take place and the test of the possibility of successful administration of a vast system of railway under the aegis of the Government will be made. It is probably the most ambitious and comprehensive task which any Government or any people has taken upon themselves, except temporarily and in emergent necessity. It may be a test over a period of years and the results may be expensive, but under honest management with independent and non-political administration, and above all with accurate information supplied to the public as to the result of these operations, the people of this country will be able to determine for themselves whether that system is the best and if not what improvement should be made in it. I make no comment on the wisdom or otherwise of this further extension of Government ownership of railways in Canada. The matter has been settled by the representatives of the people. I am sorry, however, that a little more time and information were not given both to the people themselves and their parliamentary representatives, because I would have been better satisfied that the decision then represented the view and desire of the vast majority of the people of this country, especially of the business communities, who have a particular stake in the railway situation and a particular knowledge of what constitutes efficient railway service. The decision has been taken, however, and the consolidated system will be administered by a board selected by the Government, with experienced railway operators and executives in immediate charge of the property, with Parliament, as is inevitable, in full control of the financial support to be given, and the Government of the day with full responsibility for the expenditures of the moneys voted for such purposes. The result of this means that the railway situation in Canada is now completely changed, and the country must depend for some time at least for additional railway facilities, where needed, upon the National Railways or the Canadian Pacific, because with prospective mileage under the control of the Government, it is not likely that much capital would be attracted to new railway enterprise for the rewards which such investments might bring. Therefore, I think it may be fairly stated that such additional construction as takes place within the next few years will depend upon the willingness of the National Railways and the Canadian Pacific to appreciate these needs and their financial ability to meet them.

MEANS KEEN COMPETITION.

"This is a situation which is without parallel any place in the world where a government-owned and operated railway and a privately-owned and operated railway not greatly different in the matter of mileage, both with, of course, adequate credit, have in their hands the almost exclusive right to remedy transportation insufficient at most places throughout Canada. It is true, I think, that this will provoke a highly competitive condition. How effective this competition will be will depend upon its honesty and its fairness. If political methods are to be introduced into the competition, and facilities provided in accordance with political expediency or if political rewards follow the extent of the support or otherwise which is granted by shippers to the National Railways, then I should say the competition would be unfair and of doubtful commercial or national value.

"During the course of the year, the railway companies of Canada had to meet a great many problems, due to the emergencies which prevailed which were unusual and of great importance and which required new methods to secure their being dealt with competently. For that purpose the Canadian Railway War Board was constituted and through it the efforts of all railways were co-ordinated to meet the extraordinary demands through the movement of war traffic and soldiers. The work was well and efficiently done; was so well done, in fact, that not one hour's demurrage was caused to Atlantic shipping by delays on Canadian railways. I have recently received a letter from Sir Joseph Maclay, British Minister of Shipping, in which he points to this fact as a conspicuous example of the effective way in which the work of the Canadian railways was performed.

"Since the war, there has been constituted the Railway Association of Canada, whose executive comprises the presidents of the principal railways in Canada, and in the organization of which is contained various committees from the operating, financial and traffic officers of the companies, who are constituted to act jointly, when joint action would be in furtherance of the traffic committee of the people or of the railways. Mr. Hanna and myself sit on the executive Committee, and I am very hopeful that with the experience he there gains, he will be confirmed in his original decision to be a railway man and not a politician.

"I have known Mr. Hanna for a great many years, and my appreciation of his personal qualities and official ability as disclosed in the numerous exacting and difficult positions he has been called upon to fill is very great. The fact that he was trained in his earlier years in the service of the Canadian Pacific and has always, both personally and officially, retained a very sincere affection for his former company has not detracted from my appreciation of him.

"Mr. Hanna and I have a great many problems in common and others which are individual because peculiar to the different systems of railway operation, in which we are respectively involved. Occasionally it may be necessary in public utterances for us to refer to each other, or the interests which we represent, but I recognize that these references will be few and far between, because I can imagine nothing of much less, public interest or public importance than my opinion of the National Railways and Mr. Hanna, unless it is Mr. Hanna's opinion of the Canadian Pacific and myself. Mr. Hanna rather departed from the rule a few weeks ago in Toronto, and with his characteristic Scotch pawky humor, whatever that means, said that the trouble with me was that I did not believe in public ownership, but that I would hope for its success, and that notwithstanding the fact that the Canadian Pacific had occupied a very unique and strong position within the Empire, in a few months' time it would be number two instead of number one, and that was where the shoe was pinching. As I say, Mr. Hanna intended this to be a humorous remark, but Scotch humor is sometimes hard to understand, and his audience, a most intelligent Toronto audience, misunderstood him and applauded his prophecy of the advent of another railway system, bigger and better than the Canadian Pacific.

"I imagine that Mr. Hanna and myself could sit down today and discuss with the utmost candor the general railway situation. Incidentally to that we could, I think, agree without much discussion as to which was number one and which was number two. I say this without any hesitation or reservation, because I know what a wise and experienced man Mr. Hanna is. I can say with equal confidence, I think, that five years from now Mr. Hanna and I could discuss the question with equal frankness and agree between ourselves as to which was then number one and which was number two. Of course, it would be the same railway, but as I have said, Mr. Hanna is a very wise man. Five years hence he may even be wiser than he is now, but that would not be necessary to enable him to reach a correct conclusion.

A CHEERFUL PROPHET.

"Mr. Hanna has recently adopted the role of prophet for the National Railways. He is a cheerful prophet, and he paints a glowing picture of the future of the properties under his charge. This is as it should be, and he is wise in making it as attractive as possible. He has recently taken his pencil in hand and added together the joint mileages of the Canadian Northern, Intercolonial, Transcontinental, Grand Trunk and Grand Trunk Pacific railways in Canada and the United States: he has likewise added the number of engines and cars of all descriptions, tons of freight carried on all systems and has concluded the National Railways are, or will be, the greatest railway system in the world. I do not dispute his figures as to mileage, and I do not imagine it is of much public importance whether the gross earnings of the combined systems are greater or less than the Canadian Pacific. Up to the present, they are less, although the mileage is greater, but I do say that the test of the best or worst railway is not necessarily determined by mileage, and "best" and "biggest" are not necessarily synonymous terms. Companies must stand or fall on the character of the service they render, and if one railway's service is consistently better than another's, if its officers are more efficient, its service more expeditious and its business transactions with the public more satisfactory, it is the railway which will be rightly regarded as the best, whether its mileage be somewhat more or somewhat less than its rival's.

"The National Railways and ourselves are confronted with conditions of operating which are almost without precedent, and which, with the largest measure of support we can both receive, still render these operations extraordinarily difficult. We both appreciate that the people is a jealous and exacting mistress, but we also know that the public is a generous and persistent friend, once its confidence is secured. We know, too, that no sentiment will control the success of our efforts.

"Heretofore in Canada there has been, I think, a prevailing decency in competition, which has been encouraging. I have no reason to expect that that will change, or that the methods and measures taken by the National Railways to further its interests and extend its business will be any less reputable than those taken by the Canadian Pacific or by the Canadian Northern, the Grand Trunk, or any other system, which is now consolidated or to be consolidated into the National Railways, but there is always the danger of political methods being adapted to the business of railroading and political influence being used where business methods fail to accomplish the desired result. I was very glad to read Mr. Hanna's strong plea for independent administration, which means business administration, because I would dislike to see post offices, docks, and public works and institutions of all sorts made dependent upon whether the community desiring them gave support to the National Railways. If that happened we might have to establish libraries, hospitals, theatres and parks in order to meet that new and peculiar political-railway competition.

"The foundation of competition should be the same. The legislative control of Parliament, the regulatory control of the Dominion Railway Commission should be the same in respect of all railways operating under the federal jurisdiction. This is not the case as yet, the Government having reserved by statute special rights to the National Railways not enjoyed by private companies and withheld it in certain particulars from the jurisdiction of the Board of Railway Commissioners, but I am hopeful that in time this will be remedied. The accounting methods and financial returns of all companies should likewise be absolutely identical. Given these essential premises and the National Railways the independent administration which their officers desire and you will see railways competing in this country under conditions which will stimulate their efforts and redound to the advantage of all those who do business with them. Whether these conditions will prevail, I cannot say, because the almost irresistible inclination of those who supply the money is to demand a voice in its expenditure and in the management of the institutions for the financing of which they are responsible.

MORE REVENUE NEEDED.

"I do not pretend to speak for the National Railways, but no doubt, as in the case of the C.P.R., large sums of money are required to complete work that has been heretofore impossible to undertake and to extend facilities to meet the rapidly increasing needs of the country. Neither of us can stand still; we must progress if we are to receive our fair share of the country's prosperity. In order to do this we must have money, and money can be obtained only in two ways, by stock or bond issues, or by revenue. Operating increases cannot be taken care of by the former. The extraordinary recent costs of maintenance and operation can be met only in one way and that is by increased revenue to the companies, and in this we need the sympathetic support of the people who demand a high standard of railway operation and railway service which can be secured only, in view of the prevailing high prices, by paying a transportation charge at least equal to the increased cost of operating. You are all aware that in 1918 railway wages were increased in Canada by an amount aggregating $77,000,000, an amount greater than the interest on the whole of the war debt of Canada; the rates were at the same time increased and they brought in $43,000,000 additional revenue to the companies; in other words, the increase in rates failed to equal the increase in wages by the enormous sum of $34,000,000. There can be only one end to that condition, unless the revenues are readjusted to meet these increasing costs. While rates will have to be again increased, they cannot be increased indefinitely and our great struggle from now on will be to reduce costs in order that in time rates themselves may be lowered. There are only two ways of reducing railway rates, and one is by large increase in the volume of traffic and the other is by decreased cost in the carrying of traffic. No ordinary increase in business will be sufficient to take care of the extraordinary increases in the cost of labor and material which the railway companies have experienced in recent years.

"I know that you, gentlemen, are very well informed on the subject of railroads. I know that many of you are, or have been, persistent users of the railroads, that you have competent critics and that you have come in contact with their operations in a more intimate way than most citizens of this country. You will I think be the first to appreciate the accuracy of my statement when I say that at no time in the history of this country has there been more need for an appreciation of the problems of the railways and more need for support to the railways than now.

A CITIZEN OF COUNTRY.

"There is little if any, merit in that old-time aloofness with which railway companies dealt with the public. The Canadian Pacific is a citizen of Canada, not the first citizen of Canada, but one of the most corpulent. Its problems are the problem of Canada; it has a grave interest in the economic and industrial future of Canada. I can imagine nothing which concerns Canada's progress that does not concern directly, or indirectly, the Canadian Pacific. It is, therefore, proper in its own interests and that of its shareholders, that its officers should take an interest in its commercial and trade problems, and further the solution of them to the best of their ability.

"It is equally proper that Canadians should concern themselves somewhat with the problems and administration of the Canadian Pacific, and there is no occasion, so far as the Canadian Pacific, or any other railway, is concerned for the people to regard them as soulless corporations, when their stake in the country is so great, and their interests and your interests so much in common.

"There is always in the minds of some people a mystery in the existence and operation of any large corporation, whether Government owned or privately owned. It is supposed to conceal within the walls of its offices machinery for many things not directly connected with its enterprise. Nothing could be further from the facts. Being public utilities, they are open to more criticism than other institutions. Their affairs are more public, and their officers better and more widely known. They are easier to understand though they are huge in size, and their ramifications are great. Since 1904 the Railways of Canada have been required to justify every rate, act and practice which affected the public or the public interest. Can this be said of any other enterprise?

SANE OPTIMISM NEEDED.

"The problem of increased costs practically brings the railway companies in common position with other citizens of Canada. The cure for it is greater production and trade expansion, hard work and thrift. It sometimes seems to me that we lose sight of the very fundamentals on which the prosperity of this country has been heretofore based. The foundation of our economic stability rests upon perseverance, work and the rewards which come from it. We have no more right to expect to receive high wages and high compensation unless we can give an adequate return in service, than we have a right to expect to appropriate and keep what does not belong to us. The necessity is preached from one end of the country to the other, and it cannot be preached too often, because unless it is practiced this country will not enjoy its share of the world's prosperity, and will not be able to meet the very disquieting conditions which have resulted from the economical upheaval of the last five years. Heads of financial interests see it, and advise economy of all kinds. Individuals appreciate it and to some extent are practising it. Governments, federal, provincial and municipal must also see it, and practice it, or else hard times will succeed our present era of prosperity. It has always seemed to me that hard times do succeed any era of great spending or extravagance, and it is a serious commentary on the common sense and sanity of people that it is necessary for the realization of these consequences to be obtained by experience instead of by a careful appreciation of the trend of events and by modification and prudence anticipate and prevent the natural consequences of extravagance and imprudence. I am an optimist; I do not see how anyone could be anything else so far as Canada is concerned, with its natural wealth and the virility of its people, but with great optimism can go equally great discretion, and the fact that a man or a nation, is full of hope and confidence does not mean that he should disregard the warnings of the times, or with his eyes on his own future fail to observe the economical pitfalls immediately in front of them."

In this progress towards full prosperity, Mr. Beatty said he saw the western provinces playing a great part.

"In conclusion I would seriously urge upon you all the paramount necessity of quiet sane consideration of Canada's economic problems as they develop. It is, I think now conceded that some of the errors made in past years have been due to a too ready acquiescence in ill-considered policies and a serious indifference by the people as a whole to the correctness or otherwise of the conclusions reached. I am, I think, quite within the mark in saying that our principal railway and economic mistakes have been due to the lack of keen appreciation in those whose concurrence permitted the adoption of these policies. There is no time in the history of this country when the views of extremists should prevail as little as now. The difficulties which confront us are not insurmountable if the solution of them are given the moderate and sane consideration which is indispensable to a correct conclusion. Appeals to prejudice and traditional hostility are fruitless of permanent good. Given the proper recognition of the diversity of economic necessities which inevitably exists in a country the size of Canada, and a serious and single desire to meet and dispose of them in the interests of the country as a whole, and I would have every confidence that our errors would be reduced to a minimum and the economic strength of the country increased beyond the possibility of serious setback."

ATTEMPT TO LYNCH NEGRO

MOB TRIED TO SPEED UP THE STATE MACHINERY.

(Canadian Press.)

LEXINGTON, Ky., Feb. 9.—Four persons were killed and fifteen injured here to-day when a mob, intent upon the lynching of Wm. Lockett, a negro, who confessed to the murder of ten year old Geneva Hardman, charged the court house during Lockett's trial and was fired upon by the police and State troops. Two women were among those wounded by the troops. While the mob, the ring leaders of which carried a rope, was attempting to get into the court house to get Lockett, the jury found him guilty of first degree murder and a minute or two later the negro was sentenced to die in the electric chair on March 1st. After the attack the prisoner was spirited away to a place of safety.

TWO STEAMERS REPORTED LOST

SEVERAL LIVES LOST IN EFFORT AT AT RESCUE.

(Canadian Press.)

HALIFAX, Feb 9.—Second officer and five men of the British steamer Oxonian lost ther live while endeavoring to take off members of the crew of the British steamer Bradboyne, when she was abandoned off the Newfoundland coastt, according to radio advices reaching the Marine and Fisheries department here this morning.

Schooner Lost.

(Canadian Press.)

NEW YORK, N.Y., Feb. 9.— The British steamer Persian Prince, 26 days out from Liverpool, arrived here to-day with six members of the crew of the new three-mated schooner "Monchy," rescued January 28 from their sinking craft in mid ocean, where she was abandoned. It was the "Monchy's" maiden voyage.

THE LABOUR LAW MAY BE AMENDED

(Canadian Press.)

OTTAWA, Feb 9.— So far as at present determined, the labor legislation brought down by the government this session will be minor in character. The proposals were made that there should be a complete revision of the Lemieux Act, and it is probable a revision before the legislation is submitted to parliament will first be laid before the Board on Industrial Labor Law as unanimously recommended by National Industrial Conference here last September. The Board when constituted will consist of representatives of the Dominion and Provincial governments and of employees and employers. Rumors that the government is proposing to introduce legislation to make the incorporation of trades unions compulsory are authoritatively stated to be unfounded.

REV. MR. JAMES IN LAKEFIELD CHURCH

CONDUCTED SERVICES BOTH MORNING AND EVENING.

LAKEFIELD, Feb. 9. — Rev. Mr. James of Omemee, took both services in St. John the Baptist Church, on Sunday.

In the morning Mr. James took as his text, "Wherefore, King Agrippa, I have not been disobedient unto the heavenly vision."

The chapter of the Acts of the Apostles from which this passage is taken, portrays one of the most dramatic scenes in the Bible. St. Paul, an extreme Jew, a Pharisee, who hated the very name of Christ, put all energies into the work of prosecuting all who called themselves Christians. He saw the vision of the Lord crucified for the sins of men and the result was his conversion and all his zeal and energy were devoted to the work of helping Christians, and spreading the gospel of the Lord Jesus Christ. He was himself persecuted and made prisoner but his courage never failed and, as he said, he "was not disobedient to the heavenly vision."

Individuals have visions of different sorts and those men and women who go through life helping others and working for Christ, have had the blessed vision, while others who have done wrong all their lives have seen a vision that was not good."

As it is with individuals so it is with nations and the mark of their vision is left in history and comes down for centuries The great Greek nation had a vision of beauty and abstract thought and the mark of that is still in the world.

The mighty Roman nation had a vision of law and justice and they conquered the world, but the mark of their vision is still to be found in the world and our great British nation. What will we give to posterity? Are we going to be disobedient to the heavenly vision?

There is the vision of Christ, who in his divine love and pity came to us and became man to raise us to be more God-like. He came down to earth and lived among us so that we might have the heavenly vision.

There is the vision of the Church of God. When God created the earth he made man and breathed in him the breath of life and God created the church and gave it life for us.

There is the individual vision. We must run and in our lives in the world not miss the heavenly vision which God has given us.

During the four and a half years of war we gave our best and bravest sons, our money, our service. We thought not of the sacrifice for we saw the vision. A man said in conversation that he could not understand his nephew who had thrown up a splendid position with a large salary in Edmonton to fight and die in France for $1.10 a day. That uncle had not seen the heavenly vision — his mind could not see farther than the dollar. The nephew had seen the vision and had given not thought to the dollar but had obeyed the call.

There is the personal responsibility that we all have and which we cannot neglect

Evening Service.

In the evening Mr. James took his text from Revelations iv:1: "After this I looked and behold a door was opened in heaven and a voice as it were of a trumpet which said, "Come up hither and I will show thee things which must be hereafter."

God made the world and the people who are in it, but they did not remain away from the work of his hands but God came among us and has shown us again and again the open door in heaven. God is active also among nations for it was the hand of God which saved the world from being over run by the German hordes. Germany had everything ready, every branch of her service perfect, and the trained minds of the greatest men of the nation had planned the great victory.

But on September 15th, 1914, when the Germans were within sight of Paris, the voice of God said: "Thus far shalt thou go and no farther." In those dark days of March and April, 1918, when they made their last desperate drive for Calais and the Channel ports, God again blinded the eyes of the general staff so that they could not see how thin was the line against them It was the hand of God who saved us in those dark days

The call of the trumpet has always been the summons to activity and to conflict and to-day the summons is sounding loudly to us; the door is opened in heaven and we are summoned to do our part for the kingdom of God on earth Are we going to refuse to listen to the sounding of the trumpet, the call to service. The door is opened in heaven and this is the church's opportunity, our individual opportunity, and are we going to refuse to obey the heavenly vision.

IF THIN AND NERVOUS TRY BITRO-PHOSPHATE

While excessive thinness might be attributed to various and subtle causes in different individuals, it is a well-known fact that the lack of phosphorous in the human system is very largely responsible for this condition.

It seems to be well established that this deficiency in phosphorous may now be met by the use of Bitro-Phosphate, which can be obtained from any good druggist in convenient tablet form.

In many instances the assimilation of this phosphate by the nerve tissue soon produces a welcome change—nerve tension disappears, vigor and strength replace weakness and lack of energy and the whole body loses its ugly hollows and abrupt angles, becoming developed in a glow of perfect health and beauty and the will and strength to be up and doing.

CAUTION:— White Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

PARIS BAN ON CONFETTI

Police Order Rouses Indignation of Society Women.

PARIS—Leaders in Parisian society who have in the past been famous for the brilliancy of entertainments given at their homes are making serious objections to orders issued by the Perfect of Police, who has forbidden the throwing of confetti or "serpentines." Among those who have expressed their indignation are Countess de Chabrillon and Princess Jacques de Brogile.

The Countess declares she "would not think of issuing invitations to any kind of a fancy ball," while Princess de Brogile also opposes masked balls at this time, adding: "I am in favor of joining the organization of women pledged to buy nothing new for a couple of years."

As a result of the Perfect's orders, the carnival of Paris this year will be confined to processions in the streets.

CASTORIA

In Use For Over 30 Years

Always bears the Signature of Chas. H. Fletcher

BLISS NATIVE HERB TABLETS

A TABLET at bedtime keeps sickness away. You get up in the morning feeling full of pep. You are vigorous, your skin has that healthy glow, your eyes bright, your step elastic, and that delightful feeling of youth returned to those who are getting old. Maggie Patterson, Shasta, Ind., writes: "I am 68 years old, do all my own work, never miss a meal, eat all I want and anything I want, and feel as young to-day as I did fifty years ago, which I attribute to taking one BLISS NATIVE HERB TABLET each night before retiring." Each bag contains a GUARANTEE coupon, and is sealed with a blue seal bearing signature of ALONZO O. BLISS. For sale by all leading druggists in boxes containing 200 doses for $1.50 and a smaller size for 50c. Made by A. O. BLISS CO., WASHINGTON, D.C.

Real filet appears on waists.

Windsor Society May Sell Building to Pay Liabilities.

WINDSOR, Feb. 5.—As a result of several conferences with the civic Finance Committee, the directors of the Windsor and North Essex Agricultural Society may decide at their next meeting to disband the society and sell the building at the Windsor race track, to pay off liabilities amounting to more than $3,500. The directors were assured that the city would offer no opposition to the sale of the buildings, which were erected with money granted by the City Council. It has been estimated that the materials will bring approximately $3,000, leaving the 30 directors to pay the remainder of the liabilities out of their own pockets.

"RAVISHED ARMENIA," the Sensational Book by H. L. Gates, has been made into a Motion Picture and entitled—

"AUCTION of SOULS"

It will be shown at the *Allen Theatre, Wednesday and Thursday,* in connection with The Examiner and the general local appeal for the Armenians.

The World Of Sport

GOOD ICE ENSURES A GREAT GAME AT BROCK ST. RINK THIS EVENING

OSHAWA AND PETERBORO MEET IN SECOND ROUND OF INTERMEDIATE O.H.A. RACE TO-NIGHT—WINNER WILL PLAY KINGSTON TEAM IN THE SEMI-FINALS.

With good ice a certainty, the only thing that was necessary to ensure to-night's second round game at the Brock Street Rink between Oshawa and Peterborough being the hockey event of the season has been supplied. That the biggest crowd of the year will be in attendance goes without saying, and the Petes, after their great work on the round since their last performance at home, should get a memorable reception when they skate out to-night.

Their record in beating Lindsay on their own ice by five goals and two nights after holding the fast Oshawa team to a draw, has enthused the fans, and the green shirts will have everybody with them to-night.

The game should be a lively battle from the gong.

Friday night's struggle was described by Oshawa fans as the fastest of the season; and with better ice conditions to-night there is every reason to look for an even faster game.

Oshawa, while disappointed at not obtaining a lead on their own ice, are confident that they can win the round by beating the Petes here. They say Childs, their famous goalkeeper, was beaten by a number of easy shots that wouldn't score on him once a season, and that if he is in his usual form to-night, the Petes would have to work a whole lot harder than they did in Oshawa to break into the scoring column.

The game is called for 8.30 o'clock, and the teams will line up as follows:

Oshawa.	Peterborough.
	Goal.
Childs	Murray
	Defence.
Jacobi	Halpin
Kemp	P. Thornton
	Centre.
Rowden	R. Rose
	R. Wing.
Roenick	H. Thornton
	L. Wing.
Blanchard	L. Rose (capt.)
	Subs.
Hambley	Evans
Osborne	Jackson

BOWLING NEWS

At a well attended meeting in the Y.M.C.A. on Thursday Night the Inter Church Bowling League was Inaugerated by the formation of a five pin league composed of six teams, namely St. Paul's, Murray St., George St., St. Andrews, All Saints and The Excelsiors of George St. Rules governing the League were decided upon by the Committee present also schedule as follows:

Tuesday, Feb. 10.—Excelsior vs. Murray street.

Thursday, Feb. 12.—St. Paul's vs. George street.

Friday, Feb. 13.—St. Andrews vs. All Saints.

Tuesday Feb. 17.—George street vs St. Andrews.

Thursday, Feb. 19.—St. Paul's vs. Murray street.

Friday, Feb. 20—Excelsior vs. All Saints.

Tuesday, Feb. 24.—Murray street vs. George street.

Thursday, Feb. 26.—Excelsior vs. St. Andrews.

Friday, Feb 27.—St. Paul's vs. All Saints.

Tuesday, March 2—Excelsior vs. St. Pauls.

Thursday, March 4.—Murray street vs. St. Andrews.

Friday, March 5—George street vs. All Saints.

Tuesday, March 9.—George street vs. Excelsior.

Thursday, March 11—St. Paul's vs. St. Andrews.

Friday, March 12.—All Saints vs. Murray street.

Games are called for 7.30 p.m. and dummy score will be counted up to arrival of Bowlers coming late. A double schedule will be run off the second half will be in the same order as the first and will be published later.

HOCKEY

The De Laval married men have accepted the singles challenge for a game of hockey, team to be chosen from the following:

Greighton, Murray, H. Allan, McWilliams, F. Allan, A. Meehan, P. Garside, J. Dorming, Todd, G. McDonald. Strictly De Laval employees no out siders allowed to participate —Prenchy Creighton, Captain.

The R. V. I. class hockey team of All Saints Church refused to accept the challenge of the Firehall Team. The Fireball Team want to know what excuse the Church team have for not playing. We do not like to think that they are afraid to play us but it looks very much like it. If that is right we think they are very poor sports. They ought to have a good team as they have good material to pick from but seem to take litle interest in hockey. We say again as we said before, "They are very poor sports".

(Signed) The Firehall Team.

CURLING

LAKEFIELD, Feb. 9.— The following scheduled games were played during the past week:

Friday—Crawford 15, Langley 13.

Wednesday—Langley 14, Moore 9.

Three local rinks will go to Peterboro on Tuesday to play in the big bonspeil which will commence on that day. The rinks will be skipped by Messrs. J. C. Strickland, C. S. Tanner and N. A. Moore.

Following is the standing of the different rinks in the games for the club prizes:

	Won.	Lost.
Langley	4	2
Tanner	3	2
Ridpath	3	2
Sherin	2	2
Strickland	2	2
Moore	2	4
Crawford	2	4

The following are the scores of the lady curlers in this morning's games:

Mrs. Oke	Mrs. Copping
Miss Rogers	Mrs. Seels
Mrs. Turner	Mrs. Jamieson
Mrs. Sanderson	Mrs. Davidson
Skip..... 7	Skip..... 3
Mrs. Cressman	Mrs. Macdonald
Mrs. Fisk	Mrs. Widdifield
Miss Gladman	Miss Harkness
Mrs. Coulthard	Mrs. Waddell
Skip..... 9	Skip..... 4

There are still several games to be played off, and the finals for the Gibson Trophy will be played off about the 20th inst.

OSHAWA MAY BE STRONGER TO-NIGHT

FAIR AND BOWEN MAY BE ON THE LINE-UP—WINNER WILL PLAY KINGSTON FRIDAY

There is a possibility that the Oshawa team will be strengthened for to-night's game be the presence of Fair and Bower, two of the regulars who have been out of action for some time. Fair had a rib broken in a game with Bowmanville and Bowen has been ill but both may be in the game to-night. Steve Vair, who refereed the battle in Oshawa on Friday will handle the bell to-night. If the Petes win Kingston will be here for a third round game on Friday night.

PETERBORO WON FROM BELLEVILLE

FAST GAME OF BASKETBALL PLAYED ON SATURDAY EVENING.

Saturday evening the Belmont Club basketball team, winners of the City Basketball League, and representative of Peterborough in the O. A. B. A., defeated the Belleville Y. M. C. A. team by a score of 33-29 in the Y. M. C. A. Gymnasium, in one of the fastest and most exciting games ever played in the local gym.

Belleville had the advantage in weight, but the Belmont boys outclassed them in speed and shooting.

If the Belmont team continues the pace it set on Saturday, it should go a long way in the O. A. B. A. series.

Stewart, the Belmont's big centre, starred, with Darling a close second, while Weir played a fast game for Belleville.

The game opened with a burst of speed on the part of the Belmonts, and for a time they had everything their own way. Belleville had difficulty in finding the baskets at first, but about the middle of the first period they managed to gauge the distance, and the tide began to turn.

The Belmonts held them, however, the score at half-time being:

Belmont 17—Belleville 15.

Second Period.

The second period opened with Belleville on the offensive, scoring six baskets in succession. The break came when Tom Pogue scored a basket for the Belmonts, and several more followed in rapid succession.

Just before the close of the period Belleville made a last desperate effort to regain the lead, but before they could get started, the final whistle blew, leaving the tally 33-29 for the Belmonts.

D. A. Loomis and H. Martin refereed satisfactorily.

The teams lined up as follows:

Belmont.	Belleville.
	Defence.
Darling	Morden
Heaslip	Weir
R. Pogue	
	Centre.
Stewart	Marshall
	Forward.
English	Ketcheson
Tobbitt	French
T. Pogue	

The preliminary event was a game between two teams from the Y. W. C. A.—the Blacks and the Reds.

The fair Red team, after some hard playing and lost hairpins, waltzed away with the game to the tune of 26—13.

BAND FOR THE BIG GAME

The management of the Brock street rink would ask the fans at the game to-night to desist from throwing coppers on the ice on account of the rink to-morrow. The management has engaged a band to play between theperiods, so that there will not be any dull moments between the periods.

NO TWO BOXERS WORTH $175,000 TO DISPLAY WARES

No two boxers in the world are worth as much as $175,000 to exhibit their wares in the ring, says Snowy Baker, the famous Australian promoter.

Snowy, one of the famous sporting characters of the world, is sporting editor of the News at Sydney, New South Wales. He wrote his opinion of boxing purses previous to the recent fight between Carpentier and Beckett in England. It is interesting. Read:

"Georges Carpentier, should he defeat Joe Beckett next month, will be the logical opponent for Jack Dempsey, the world's heavyweight champion. That providing the event is to be an interesting one.

"People in all parts of the world are bidding for this match; 20,000 pounds has been offered the pair to contest the title honors in Australia. Mr. Cochrane is willing to give 25,000 pounds for these stars to meet in London. Tex Rickard, the American promoter, hangs a tempting bait of 35,000 pounds for the pair of warriors to settle the mater in the United States.

"No boxers, or pair of boxers, are worth this amount for the privilege of showing their wares in the 'squared circle'."

If that was his idea, then what do you suppose he would say when informed that a lot of wild talk has been made about half-million-dollar purses and some even above that amount?

Snowy has the right idea. It is time the fans had something to say about the reckless handling of such large amounts of money for it is the fans who pays the price.

COMEDY WEEKLY NEWS

SEATS ON SALE

SAYS CARPENTIER IS A SECOND KID McCOY

English boxing critics have been trying to figure on for quite some time now and appear to be quarrelling among themselves over the question as to just what school of boxing this young French gladiator, Georges Carpentier, belongs.

They have failed to reach any reasonable conclusion, a couple of them finally making the flat statement that the French have created a school of their own.

Now comes a Chicago boxing fan, just returned from a business trip to London, with a few statements on the same matter and a couple of original ideas. This man saw the Carpentier-Beckett battle in London a short time back and also saw the French star give a number of exhibitions in his own country.

"To my way of figuring it there is nothing to the argument at all," he said. "Carpentier and his manager, the smart Deschamps, have been cunning enough to pick up the very best parts of every American fighter they have seen in the last ten years and have rolled the entire bag of tricks into this one big man, Georges.

"To begin with, they had the crafty Kid McCoy over there for quite some time as a god model upon which to build a good foundation for the whole thing. Undoubtedly Carpentier got most of his early ideas of boxing from this great model. And let me tell you, if you remember McCoy very well, Carpentier will certainly be reminiscent of the Kid as soon as you put eyes on him. He is McCoy all over as he shapes up.

"In addition to that Carpentier had close studies of the hitting force of such men as Harry Lewis, Frank Klaus and Billy Papke."

CITY HOCKEY LEAGUE PRACTICE.

There will be no practices of any of the City League teams this week owing to the curlers having the rink for their bonspiel, and the regular games will, in all probability, have to be held over for another week.

CUP FOR THE CITY LEAGUE.

The cup donated by Mr. A. A. Fowler to the City Hockey League is at present on view in Mr. Fowlers' window, 332 George street. The cup, which is exceptionally handsome, has aroused considerable interest and admiration.

BASEBALL BRIEFS.

Among the Boston Red Sox players under contract are Schang, Scott, McInnis, Hooper, Bush, and Jones. Seven or eight of the younger players also are under contract for the coming season.

Minor league clubs will train in Georgia where the Tigers and Braves will do their conditioning. The Toronto players will go to Columbus and the Columbus team of the American Association will train at Albany, Ga.

The success of the Hillsdale and other negro ball teams in Philadelphia has led to a decision by backers of the colored teams to erect stands to accommodate a crowd of 15,000 persons. The new parks will be in the south end of the city far from the major league grounds.

President Harry Frazee of the Boston Red Sox intimates that a three-cornered deal may be closed during the coming meeting of the major leagues at Chicago. He does not mention the clubs involved.

DISTRICT CUP GAMES POSTPONED A WEEK

The District Cup finals which had been scheduled for to-morrow have been postponed until Tuesday, February 17th. Mr. G. H. Giroux, president of the local club, telephoned to the president of the Ontario Curling Association on Saturday calling his attention to the three bonspiels this week at Owen Sound, Barrie and Peterborough. All these clubs are winners of their groups for the district cup, and by calling the games this week some of their skips and other players would be prevented from competing in the bonspiels.

Crab Changes Shell.

The crab's equivalent to the internal bones of animals is its tough outer shell, which does not grow. The baby crab is forced to get rid of this tough confining prison. So it breaks itself loose internally and then splits its old protecting home across the extreme back ridge, creeping out in that way.

It is, naturally, a very delicate operation to withdraw the terrible claws and other limbs, as these are bigger at the extreme end. Indeed, it seems at first sight impossible, but these curious creatures have the power of withdrawing the blood into the body, and this greatly reduces the bulk of the appendages.

When Mr. Crab has thus escaped from his old shell, he is quite soft and forms a dainty meal for his enemies; his pincers, too, are useless. So while his new outer shell is hardening, he has to hide in some cranny in the rocks. This new shell would obviously be the same size as (or even a trifle smaller than) the old if Mr. Crab merely kept quiet, as he is quite unable to grow when once the shell has hardened.

To overcome this difficulty he swells himself out by absorbing as much water as possible, and remains in this artificially distended condition till the new shell hardens; then he at once gets rid of the useful water and leaves himself plenty of room for growth.

The young crab changes its shell in this way about twenty times during the first three years of its life. —Tit-Bits.

The Beech.

The beech, which is found in the temperate zone, in Europe, America and Asia, is valuable in medicine for the creosote carbonate and guaiacol are medicines used to supplement the hygenic measures which have done so much to reduce the death rate in sufferers from pulmonary tuberculosis.

FAIRBANKS AT GRAND TO-NIGHT

Picture Star is Just Like a Little Boy.

There is absolutely no secret about the wonderful ability Douglas Fairbanks displays in doing his hazardous stunts and the way he does them, for Doug is just like a boy who has never grown up. He is constantly trying out new perilous feats that keep everyone around his studio in a constant state of breathless suspense.

During the making of his latest production for the "Big Four," "When the Clouds Roll By," which will be shown at the Grand Theatre to-night, to-morrow and Wednesday, Doug decided that one scene would be improved if he performed a standing back somersault. But he had never done such a stunt and did not know quite how to go about it. For days and days he practised in his gymnasium at the studio and incidentally, got some rather severe falls. Still he would not give up. And when the day finally arrived for the filming of this particular "set" he did his back somersault without the slightest bit of trouble.

OFFICIALS VERIFY TRUTH OF ARMENIA GIRL SURVIVOR'S CHARGES OF TURK BARBARISM

Sensational Experiences of Only Survivor of 500,000 Deported Girls Are Pictured in "Auction of Souls."

"Auction of Souls," which is to be presented at the Allen Theatre on Wednesday and Thursday has the unusual distinction of having a leading woman who actually enacted the original scenes which the motion picture reproduces. Miss Aurora Mardiganian, the girl who has the leading role, is not a motion picture actress, but was induced to act for the films just what she personally passed through in Armenia in 1915.

Miss Mardiganian's inexperience before the camera is not apparent in the picture for she holds up her own end as well as any of the regular actors. Perhaps her art is that born of the vivid memory of the horrible scenes through which she passed before escaping from her native land to come to America for further relief.

She is the daughter of a former prosperous banker at Harpout, and was thirteen years old when the war broke out. Being a beautiful girl she attracted a Turkish official who wished to make her his wife, imposing upon her his own religion and the lowly state of Turkish women.

Her father refused to give her up. When the massacres of the Armenians started, carried on by the Turks under a secret agreement with the Germans, the Mohammedans made further efforts to get possession of the girl. After seeing her father, mother, two brothers and three sisters brutally slain, she entered upon a series of adventures which prove that life may be moe exciting than the wildest dream of the fictionist.

She goes through an untold succession of horrible scenes, escapes from the Turks, is captured by the wild Kurds of the desert, sold as a slave, put in a harem, takes refuge with monks ,and at last is saved by the British, who sent her to America, where she has talked and written of and finally acted out her experiences.

In "Auction of Souls," which is the story of her harrowing years in Armenia, every detail of the story follows with the actual experiences of Miss Mardiganian, and the report to the United States, of Viscount James Bryce, former English ambassador to the United States, who directed the investigation of the Armenian atrocities.

The management of the Allen Theatre wish it distinctly understood that this picture is being shown only in conjunction with the local Armenian appeal under the following conditions. No erson under twenty-one will be admitted. Matinees on Wednesday and Thursday are for women only. In the evening two performances will be held. From seven to nine women only will be admitted and from nine to eleven men only. Mrs. W. R. Morris will address the women, an Mr. R. R. Hall the men on Wednesday. A percentage of the proceeds is being donated by the theatre to the Armenian Fund.

SALTS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at Once When Back Hurts or Bladder Bothers.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Thursday—7.30 p.m., Mission Study Class, at Mrs (Dr.) Harvey's.

FLAX INDUSTRY IN FAIR'S WINDOW.

A demonstration of the new Canadian industry, the making of linen introduced as a result of the war, is present in the the window of Robert Fair, has attracted an unusual amount of attention to-day, and is a most interesting and instructive display, relating the story, by samples, of linen from the time it is flax through the courses of manufacture to the finished article in either linen in bolt form or table linen thoroughly bleached.

JUDGE HUYCKE PAYS TRIBUTE TO CHIEF JUSTICE FALCONBRIDG

At the opening of this afternoon's session of the Division Court, Judge Huycke referred to the death of Chief Justice Sir Glenholme Falconbridge, who died in Toronto yesterday of pneumonia.

"We are greatly indebted to some of our statesmen for the development of our country," said His Honor, "but we are not less indebted to our great judges ,and one of the greatest and kindest was Sir Glenhome Falconbridge, whose death we deplore. I had a deep affection and regard for him. He was appointed to the bench about the time I was called to the bar, and during my career he was one of the ablest and most courteous judges I have known. His knowledge of the classics and modern languages was exceptional and he occupied some of his time in translating the classics into his own tongue. This knowledge helped him in his duties. I remember one occasion in which a document in French caused considerable argument between counsel. Sir Glenholme did not wait for an expert to be called, but translated the document himself in court. He could read and talk French like a native.

However it was his qualities as a judge that we remember now. Sir Glenholme Falconbridge was about thirty years on the bench and for many years he was Chief Justice of the King's bench. He was one of the kindnest and most cultured and courteous gentlemen. He was always a kind and good friend upon which his friends could depend in prosperity and adversity alike.

The province of Ontario and the Dominion of Canada have suffered a great loss and the members of the Bench and Bar have lost an able coworker and a devoted friend. Whoever takes his place will have great difficulty in working up to the standard of Sir Glenholme Falconbridge."

Crown Attorney Hatton.

"Speaking on behalf of the members of the Bar, I heartily endorse all that you have so kindly and timely said in reference to the late Chief Justice," said Crown Attorney Hatton. I had the pleasure of knowing him personally for many years, and I found him as Your Honor has stated, a kindly and courteous gentleman on and off the Bench. He was an ardent fisherman and was fond of outings. I was with him on several such occasions and came to know of his very kindly personality."

"He was intensely patriotic," Mr. Hatton continued, and recalled Sir Glenhome's resignation as a senator of the University of Toronto because he regarded Sir Goldwin Smith as an ultra annexationist.

"Sir Glenholme's life was full of years. Death is no respector of persons. I can fully endorse everything Your Honor has so well said."

HEAVY TAXATION TO IMPROVE THE MONEY MARKET

(Canadian Press.)

PARIS, Feb. 9.—Consideration of the general European financial situation, as reflected in the exchange, resulted in the adoption on Saturday by the Supreme Economic Council of a resolution advocating a conference of competent ministers of France, Great Britain, Italy, and Belgium, to consider possible measures for relief.

Financial writers devote little space to the sentimental aspects of the situation that figured largely in earlier discussions, and the reduction of imports by France must be awaited before these several conventional methods of bettering the exchange situation can be applied.

It is pointed out that the total debt of France at the end of 1919 aggregated 238,474,133,950 francs.

Georges Paillain, governor of the Bank of France, explaining to a meeting of shareholders the alarming situation with regard to exchange, declared that it was caused by the interruption of advances from the British and American treasuries, which had thrown the market on its own resources at the moment the burden of France became heavier through the purchases for industrial reconstruction.

TWO CANDIDATES WERE NOMINATED

Canadian Press.

MILTON, Feb. 9. — The names of Premier E. C. Drury and Edward J. Stephenson were the only ones placed in nomination for election in Halton County here to-day.

The soldier candidate was the first to put in an appearance and his papers contained 150 signatures while Premier Drury's contained 200.

ST. ANDREW'S WENT OVER THE TOP

The first Presbyterian congregation in Ontario to exceed their allotment in the amount set them in the Interchurch Forward Movement—$7,500—which was the record of St. Andrew's Presbyterian church at the close of yesterday's service.

The cards were given out in St. Andrew's church at both services and when the cards were counted up at the end of the day the fine total of $8,017.25 was reported to Rev. Dr. Laird, who was in the city yesterday. The excellent total, of which the church may well be proud, was wired to the headquarters in Toronto, and the answer came back that they were the first Presbyterian congregation in Ontario to report their allotted amount exceeded.

This splendid total is a tribute to the way in which St. Andrew's congregation have taken up the work, and if all churches will show such giving qualities as this one the Inter-Church Forward Movement Campaign will surely "go over the top."

The committee in charge will still carry on, and call on those who were not able to be out yesterday, or whose subscriptions did not come in, and no doubt the splendid total will be largely increased.

CLEAR SAILING FOR THE PREMIER

(Canadian Press.)

TORONTO, Feb. 9.—The results of to-day's nominations will decide whether or not Premier Drury will have any other opposition than F. J. Stevenson, Independent Soldier, in Halton, and whether the Hon. Manning Doherty will be opposed in East Kent.

While nothing is reported to have transpired in either constituency over the week-end, rumours are abroad that a "dark horse" is preparing to spring into the race against the Premier.

It is regarded as unlikely that there will be any opposition to the Minister of Agriculture in East Kent, where the influenza epidemic is checking the enthusiasm.

A small attendance is expected at the nomination.

DEMAND STERLING STRONGER TO-DAY

(United Press.)

NEW YORK, Feb. 9.—Prices were irregular at the opening of the stock exchange to-day. Steel issues were slightly weaker but General Motors advanced one point to 266. U. S. Steel opened at 100 3-8, off ⅛. Republic 106, off 5-8, Amn. Locomotive 92, off 1-8, Bethlehem B 90 3-4, unchanged, U. S. Rubber 85, up 1-4, Texas 180, up 1 1-2, Pan Amn. 80 1-4, off 3-4, Marine 32 1-8, off ⅛, Sinclair 37 1-8, off 1-2, Mexican Petroleum 178, unchanged, Amn. Car 102, off 1-2, International Paper 78 1-4 up 1-2.

Demand Sterling.

NEW YORK, Feb. 9. — Demand sterling was slightly stronger at the opening of the money market. First transaction in the British pound were $3.35 3-4, up 1 1-2 from Saturday's close.

In the first half hour Sterling gained another half cent to $3.36 1-4. Francs opened at 14.47, off 1 centime. Lire $18.52 and Marks 8.0104.

(United Press.)

ROME Feb. 9. —A decree was issued to-day inflicting heavy penalties for "speculation in exchange

WEDDING BELLS

EDEY—BROWN.

A quiet wedding was solemnized on January 23rd, at the Haliburton Street parsonage, Cumberland, B.C., by the Rev. B. H. Baldwin, when Miss Winnifred Robertson Edey, of Peterboro, Ont., became the wife of Mr. George Dunn Brown, of Cumberland, B. C. Mr. and Mrs. Robert Henderson witnessed the ceremony.

The bridegroom returned only last June after serving overseas for more than five years. He was a member of the army of occupation in Germany, being employed as special bodyguard to General Currie during the march into Germany.

After a short honeymoon the happy couple returned to Cumberland, and will make their home there.

OBITUARY

MRS. MARGARET DEROCHER.

The death took place in Toronto yesterday of Mrs. Margaret Derocher after an extended illness. The deceased, who was Margaret Hayes, was a resident of Peterborough for many years during her earlier life, and friends here will regret to learn of her death.

Mrs. T. Laplante and Miss J. Trenwith have gone to Toronto to attend the funeral.

MARGARET STABLER.

The death occured on January 29th of Margaret Stabler, wife of Mr. Wm McIlmoyl, aged 75 years and 10 mos She leaves to mourn her loss, her husband over 80 years of age, five sons and one daughter, the daughter Mrs. Joseph Nichols (city, the sons Albert of this city; Ephraim and Ernest of Saskatchewan; Harry of Toronto, and Lewis on the homestead in Smith. Her brothers are Mr. H. C Stabler and Mr. William Stabler, of Peterboro; Mr. John Stabler, Smith and James K. Stabler, Bridgenorth.

MRS. ANN. McMAHON

Ann McMahon, widow of the late John McMahon, died on Sunday, February the 8th, at the residence of her daughter, Mrs. Patrick Bolton, 247 Lake street. She leaves of the immediate family, two daughters, Mrs. Patrick Bolton of Peterborough, and Mrs. William Schael of Meriden, Conn.

The funeral will take place from the residence of Mrs. Bolton on Tuesday morning, at 9 o'clock, to the Sacred Heart Church, thence to St. Peter's cemetery.

MRS. THOMAS PASCOE

At 11.45 o'clock Saturday evening an old and highly respected citizen of this city passed away in the person of Mrs. Thomas Pascoe, at the residence of her daughter, Mrs. A. S. McCall, 465 Bolivar street, at the advanced age of 80 years.

The deceased was born in Darlington Township, near Bowmanville, but had lived in this city for the past 35 years, and since her husband's death some ten years ago, had made her home with her daughter.

She leaves three children: One son Louis, of Gallivan, Saskatchewan, and two daughters, Mrs. Ida Holmes, of Paynton, Saskatchewan, and Mrs. McCall of this city.

Mrs. Pascoe was a devoted member of the Methodist church, and in her younger days took a great interest in church work, and was actively associated with many church organizations.

Mrs. Pascoe during her long residence in this city has made a wide circle of friends by her kind and motherly disposition and her good Christian qualities and her death removes one whose influence was felt wherever she went.

The funeral took place at three o'clock this afternoon from the residence of her daughter, 465 Bolivar St., to the Little Lake cemetery, the Rev. A. J. Thomas, of the George street Methodist church, officiating.

Mrs. W. R. FOULGER

Marie Sadler, the beloved wife of W. R. Foulger, passed away on Sunday after a short illness.

The deceased had lived in this city for about ten years and during her residence here had made a host of friends to whom her sudden death will cause much regret.

She leaves to mourn her loss her husband and five children.

The funeral will take place Wednesday afternoon from the family residence 130 Park street to the Little Lake Cemetery. Rev. Grobb of All Saint's Church will officiate.

DEATH OF INFANT

The death occurred on Saturday of Thomas, the infant child of Mr. and Mrs. Frank Peters, Braidwood Avenue.

The funeral ook place this morning from the family residence to the Little Lake Cemetery. Rev. T. W. Chapman of St. James' Church conducted the service.

MRS. JOHN O'KEEFE

Mrs. John O' Keefe, 319 King street, died this morning at the family residence aged 71 years. She had been in her usual good health, until Sunday morning when entering the door of the church to attend Mass she became ill and returned to her home, and sank gradually until this morning.

Deceased was a resident of Otonabee until about six years ago when she moved to the city to reside. She leaves of the immediate family her husband, three daughters, Mrs. James Welch of Douro, Miss Mary at home Sister St. Augusine of S. Joseph's and one son Michael of the homestead.

The funeral will take place on Wednesday morning at 9 o'clock to St. Peter's Church and Cemetery.

MRS. R. REDMAN

Frances Dartnell, widow of the late Richard Redman died in the Nichol Hospital on Friday, February the 6th aged 80 years. Deceased was born in England and came to Canada to reside about 33 years ago making her home immediately in Peterboro. Mr. Redman predeceased her two years ago.

The funeral took place this morning afrom the residence of Mrs. T. Rehill, 237 George street to the Little Lake Cemetery, Rev. A. J. Thomas officiating.

A SLEIGH PARTY.

On Saturday last a team of greys and sleigh left the home of Mr. J. White, Aylmer street, with a party of freinds en route for Chemong. It included Mr. and Mrs. E. Ray and family, Mr. H. Lowe, Miss Hewitt, Miss Wade, all recently out from England Mr., and Mrs. G. Carpenter Bolivar Street, and little daughter, Jean, and Miss Pearson, Aylmer St. A very enjoyoble time was spent.

BIRTH.

WOODS.—At Nicholls Hospital, on 8th February, 1920, to Mr. and Mrs. Kenneth O. Woods, of Ottawa—a daughter.

The Former Crown Prince Offers To Surrender

Railway Workers' Meeting

LEADERS OF TWO MILLION RAILWORKERS IN CONFERENCE TO-DAY--MAY PRECIPITATE HUGE STRIKE.

DEMAND FOR BIG WAGE INCREASE

(By Ralph F. Couch, United Press Staff Correspondent.)

WASHINGTON, Feb. 10.—Leaders of two million closely organized union railroad workers were to go into conference with Rail Director Hines here to-day to receive a direct answer to their demands for immediate wage increases totalling two billion dollars a year.

Hines promised to give them his answer in writing, the leaders said. If it isn't what we want we'll strike," said President W. G. Lee, of the Brotherhood of Railroad Trainmen. "The time for dickering is past."

Hines will tell the delegation the full increase is impossible at this time, it was plainly indicated, although the rail director has made no statement of his decision. It is well understood however, that he plans to admit that the rail workers are entitled to some increases. He is expected to propose some form of investigation and settlement through an independent agency, probably a commission to be named by President Wilson.

The President, Hines feels certain, will be able to put the proposition in such a way that the railroad men will be forced to approve a settlement by peaceful means, or be condemned from the start by public opinion.

This is how the railroad administration is planning to handle the situation.

Railroad administration officials are prepared for a general outburst of strike threats beginning late to-day and to-night, when the Union leaders are in possession of Hines' answer to their demands. Officials early to-day expressed confidence, however, that there will be no extensive walk-out, although thy are prepared for the usual "tense moment," that always comes at one point during all such negotiations.

IRISH DELEGATES MISS THE TRAIN

WILL LIKELY REACH TORONTO THIS EVENING.

(Special to The Examiner.)

TORONTO, Feb. 10.—Toronto Ulstermen by the dozen flocked to the Union station early this morning and spent nearly two hours there for nothing. They were at the depot to greet their brethren from the Emerald Isle who came to America to give their side of the Irish question. The visitors were due at 8.55, but the train was nearly an hour late, and when it finally drew into the station about the only Irish man in sight, apart from those waiting on the platform, was Denis O'Leary, the night station master.

'Stung," exclaimed one of the Ulsterites as he was informed that the distinguished visitors had got off the train at Hamilton and gone to Niagara Falls. They will come to Toronto to-night, it is believed.

THE KING OPENED PARLIAMENT AND ADDRESSES HOUSE

First Time Ceremony Has Been Carried Out Since 1914

(Canadian Press.)

LONDON, Feb. 10.—For the first time since 1914, the ceremony of the State opening of Parliament was witnessed by London citizens.

King George and Queen Mary were accompanied by the Prince of Wales to the Houses of Parliament—the first time the heir to the throne attended such a function.

In his speech from the throne, the King urged serious consideration of economic conditions throughout the country, and country, and counselled patience in the passage of far-reaching reforms, which, he said, were necessary to meet abnormal conditions.

Better educational facilities, the settlement of the Irish question, adjustment of the coal mining controversies on an enduring basis, and regulation of the liquor traffic were asked for by King George, who also advocated the passage of measures for stimulating the growth of more foodstuffs at home. He said Bills would be introduced in Parliament dealing with insurance against unemployment, regulation of working hours, minimum wages, and anti-dumping.

The ceremonial attending the opening was witnessed by many thousands of people, who lined the streets through which the King and Queen and suite passed.

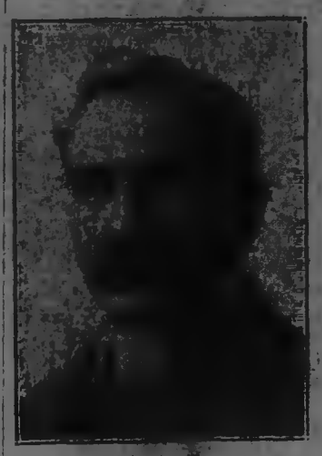
Offers to Surrender to Allies

FORMER CROWN PRINCE OF GERMANY TAKES INTEREST IN 900 CRIMINALS.

SENT TELEGRAM

(Canadian Press.)

AMSTERDAM, Feb. 10.— Former Crown Prince Frederick William of Germany has offered to give himself up to the Allies in place of hundreds of Germans demanded for extradition on the list recently submitted to Berlin, according to a telegram purporting to have come from him, published in the "Handelsblad" of this city. The telegram is addressed to the Kings of England, Belgium and Italy, Presidents of France and the United States and Emperor of Japan. In it, the ex-Crown Prince is represented as saying: "As ex-Crown Prince, I wish to take the place of my countrymen. If the Allied and Associated Governments desire a victim, let them take me instead of 900 Germans who committed no other crimes than to serve their country in the war."



GEORGE H. GIROUX,
President of the Peterborough Curling Club, who welcomed the visiting rinks in a curtain raising speech at the opening of the bonspiel this morning.

44 RINKS PLAYING FOR THE BONSPIEL TROPHIES

BROCK STREET ICE TOO ROUGH FOR USE THIS MORNING BUT MAY BE AVAILABLE TO-NIGHT ---OSHAWA SENT FIVE RINKS AND J. D. FLAVELLE OF LIND SAY BROUGHT FOUR.

THE OPENING GAMES

Forty-four rinks registered at the Charlotte Street Rink this morning for Peterborough's annual Bonspiel.

Mr. George Giroux, as president of the local club, extended the visitors a hearty welcome, tendered a special greeting to J. D. Flavelle, of Lindsay, and wished them all the best of luck.

The Bagnall-Wyld schedule was arranged by Mr. J. H. Renwick, after the usual drawing of the names of the skips from a hat, and by ten o'clock the seven ices were in action.

The Bonspiel Committee had hoped to provide the Brock Street Rink this morning, but last night's hockey crowd trampling over the ice had left it rough and altogether unsuitable for curling. Mr. Angus McIntosh curried and groomed it this morning, and by evening it is expected to be ready with four playing sheets.

This was the only obstacle to the rapid clearance of the early rounds in the Morrow and Matthews-Blackwell Trophies series. The former is being played first, and will be run out to the "sixteens" round before the Matthews-Blackwell games are begun.

A Success Already.

The Charlotte Street ice had a fourteen-carat finish, and offered no alibis to any of the players, and the Brock Street sheet should be satisfactory, if the thermometer only dips a few more degrees.

The Oshawa and Lindsay clubs were both well represented, the motor town by five and Lindsay by four rinks.

Conspicuous absentees were Dr. Harvey and the usual contingent from Orillia, who were probably at the Barrie Bonspiel. In fact, both Barrie and Owen Sound attracted some of the clubs who would have otherwise accepted Peterborough's invitation.

The Port Hope curlers were reported to be tied up with the "flu," and considering this drawback and the two other simultaneous bonspiels, Peterborough's tournament opened with every promise of a gratifying success, although there were not quite so many rinks entered as last year.

The Competing Rinks.

The clubs represented and their rinks are as follows:

Fenelon Falls—H. H. McCallum and I. H. Stanton, skips.
Grimsby—C. W. Carpenter.
Keene—J. J. Moore and George Howson.
Bobcaygeon—R. A. Kennedy and H. Mark.
Cobourg—W. DeLany.
Lindsay—J. D. Flavelle, Dick Butler, W. Carley, and F. J. Carew.
Lakefield—J. C. Strickland, C. S. Tanner, N. A. Moore.
Millbrook—John Steele, R. H. Edmonds.
Norwood—Tom Finlay and J. R. McKelvie.
Oshawa—Dr. F. J. Henry, J. O. Clifford, H. E. Smith, W. A. Coad, and F. Dobney.
Stouffville—H. W. Sanders.
Toronto Lakeview—M. S. Coates.
Peterborough — R. M. Hamilton, George Boucher, W. M. Lang, W. G. Morrow, J. W. McDermid, J. H. Connal, R. M. Waddell, H. F. Foote, Tom Brightman, Herb Martin, George Benner, Walter Oke, George Stevenson, Dr. Hutchison, and S. T. Medd.

The Claremont rink did not arrive until noon.

BONSPIEL NOTES.

Two Lakefield rinks were out of luck in the first draw. They bumped into strong Lindsay rinks, Jack Strickland playing Billy Carley, and Charlie Tanner bumping into Dick Butler's big four.

With the score a tie on the third, Butler took a chance for a five end, playing to remove a lonely inside Tanner stone, carried too much weight, bumped out his three inside stones and the Lakefield one, went out himself, and left Tanner counter on an outside ring shot.

Billy DeLany, of Cobourg, was right on the job and "prancing to go." Two other Cobourg rinks had spoken of coming, but were prevented at the last moment.

Millbrook, Keene, Lakefield, and Norwood were all in the draw. Tom Finlay was heard to remark that he had three leads, "but we'll poke away and get all the fun we can out of it," said the Norwood enthusiast.

Keene and Norwood are handicapped this winter by lack of ice, but Keene will be in good condition next winter, and Norwood may get a roof over its head.

Lakefield shows the benefits of its rink by the brand of curling its rinks have put up all winter. They can give battle to any of them.

WILL ADDRESS BOARD OF TRADE

J. Grove Smith of Ottawa, who will speak to the Board of Trade and Engineering Institute on Thursday evening, will use Motion Pictures to illustrate his remarks. His subject will be "The Economic Significance of Canada's Fire Waste."

He will show three reels of films entitled, (1) On the old Otonabee River, (2) The Demon of the Forest, (3) Keep the Wheels of Business Turning. He is bringing an operator and machine from Ottawa for the purpose.

While this meeting is limited to members of the Board of Trade and Engineering Institute they have the privilege of inviting friends and those who are especially interested and wish to attend should apply to any member of either organization or to the office of the Board of Trade.

Principal McKenzie of the Peterborough Business College has tendered the use of the college room for the meeting and has suspended the evening classes. His courtesy has been gratefully accepted as the attendance is likely to overtax the Council room of the Board of Trade.

WOMEN'S BRANCH OF THE G.W.V.A.

WOMEN WHO HAVE SEEN ACTIVE SERVICE MAY JOIN.

(Special to The Examiner.)

WINNIPEG, Man., Feb. 10. — A woman's branch of the Great War Veterans' Association for girls and women who have seen active service, is to be organized here if a minimum of ten apply for the organization of such a branch. This is the annoucement of F. W. Law, organizer for the G.W.V.A.

AN ATTACK ON POLICE STATION

(Canadian Press.)

CORK, Ireland, Feb. 10.—After an attack lasting some time, with the exchange of rifle shots, two hundred armed men last night captured Castle Martyr Police Station.

They temporarily made prisoner five policemen who defended the station, and decamped after seizing arms and ammunition.

W. G. MORROW,
Chairman of the Bonspiel Committee in charge of the arrangements for Peterborough's annual Curling Tournament.

Contest Nearing a Finish

FORMER PREMIER ASQUITH SPOKE AT FIVE MEETINGS YESTERDAY---CECIL'S LETTER.

"HONOUR ROLL"

(Canadian Press.)

LONDON, Feb. 10.—Former Premier Asquith is spurting strongly in the last lap of the Paisley contest. Yesterday he spoke at five meetings. He said that Paisley was the maiden city of Liberalism, but that they must not be satisfied merely to keep their ground. Labor's great solution of troubles of Nationalization, he said, would bring greater difficulties than they could cure. Setting up the State as the universal landlord would mean fixing rents. It would become a political question and mean demoralization of public life. The attitude of labor towards Mr. Asquith is daily becoming more bitter. Philip Snowden, Socialist, who was defeated in the last election, poured ridicule on the idea that Mr. Asquith should make his political record the issue of the contest when it was the fault of his government that the country had become saddled with huge debt, which was crushing industry and threatening financial collapse. He said that Mr. Asquith's views did not matter, as he would never be able to carry them out, and nobody could ever revive the Liberal party. Although Mr. Biggar, Labor candidate, contemptuously describes Lord Robert Cecil's letter supporting Mr. Asquith as "just one old man to another," the impression at Paisley is that it is worth a good many votes. The National party have written, asking Mr. Asquith if he will give them definite undertaking to stand by proposals which will do away with honors being bought by cash contributions to party funds.

FIFTEEN THOUSAND FOR A COW AND HER ONE MONTH OLD CALF

Record Price For Pure Bred Stock Sale in Western Canada.

(Special to The Examiner.)

VANCOUVER, Feb. 10.— All records for prices in pure bred stock in British Columbia or Western Canada were beaten to-day when Zarilda Cothilde 3rd De-Kol, the famous Holstein cow on the colony farm, and her one month old heifer calf were sold to John A. Bell, a well known breeder at Cornopolis, Penn., for $15,000.

Mr. Bell will visit the farm in a few days and will personally supervise the transfer of the Holstein aristocrats to his Pennsylvania farm. The sale was made by "Pete" Moore, manager of Colony Farm, which is owned by the Provincial Government. Zarilda has for years been looked upon as the last word in Holstein flesh in Western Canada. A few years ago she broke the world's record for milk and butter, producing more than 33,000 pounds of milk and more than 1,100 pounds of butter. Recently she broke this record and came within a few pounds of again capturing the world's record, which was won by a California cow. Zarilda's record on this occasion, the year 1919, was 33,153 pounds of milk and 1,194 pounds of butter.

Her best record for three years' production averaged more than 31,000 pounds of milk and more than 1,000 pounds of butter. The cow was purchased by the Colony Farm in New York State nine years ago when one year old.

MISSING SARNIA MERCHANT WAS ARRESTED IN THE UNITED STATES

SARNIA, Feb. 10.—Reported missing for the past two months, Stanley Williams, president of the now defunct chain of "cash and carry" stores here, has been apprehended by the United States immigration authorities in Washington, D.C., and, accompanied by a secret service representative, he is heading toward the Imperial City, according to a message received by the authorities here.

The meagre news received here is to the effect that Williams was arrested by the United States immigration authorities for illegally entering the United States.

According to the United States immigration authorities, the trail of Williams was picked up in Port Huron, and led to Detroit, from which city it zig-zagged to nearly every state in the Union. Letters led the authorities to Washington, and the immigration officials acted upon that lead, Williams being taken into custody.

He waived extradition rights. Williams departed from Sarnia just prior to the New Year, after he had completed the organisation of the largest chain of grocery stores in Lambton County. For a time the business seemed a most profitable one, but the sudden disappearance of the president brought facts to light that resulted in the closing of all the stores and selling out of the entire stocks.

ADVOCATES THE ESTABLISHMENT OF ANOTHER POLITICAL ORGANIZATION

MONTREAL, Feb. 10.—Under the caption "The Political Situation," the Montreal Gazette publishes an editorial advocating the establishment of a new political party which shall coalesce and form into a dominant party "the political forces antagonistic to the fiscal policy of the United Farmers, as well as to the proclaimed polity of rump of the Liberals."

The Gazette says in part: "Having war with general acceptance and no mean measure of efficiency, the Government has manifested since the termination of hostilities a remarkable inaptitude to win and hold favour. The Union party has not united. The Conservatives we know, the Liberal party and the Farmers' party, but who art thou may be asked of the Union party. It is a party that has outlived its usefulness, a party that having accomplished its purpose, is reverting electorally into its original elements. The art of government is most difficult under the best of auspices, but a leaderless Ministry destitute of policy must be the despair of its friends."

The Gazette then makes reference to the policy published elsewhere in its columns, of a party sponsored by Senator John S. McLennan, and gives this new party high praise, inferentially supporting it.

CANADIAN MAKERS NOT AFFECTED

(Canadian Press.)

DETROIT, Mich., Feb. 10.— Canadian members of the United Brotherhood of Maintenance of Way Employees and Shop Laborers will not be involved in the strike of 300,000 railway workers which has been called for February 17th, the executive officers of organization said to-day. The strike call affects only men employed on roads operating in the United tSates. The organization has a membership of 28,000 in Canada, but they work under different wage agreements and are not directly interested in the demand for increased wages made by the American section of the Union. Executives of the Brotherhood this morning were going ahead with their strike plans, while the committee of heads of various divisions of the Union were en route to Washington, where they will make a final effort, if called into conference by Director General Hines to avert a big walk-out.

Trial of Liberal Strength

TARIFF REFORM MOVEMENT IS GAINING GROUND THROUGHOUT DOMINION.

BYE-ELECTION

(Special to the Examiner)

OTTAWA, Feb. 10. —The death of L. A. Lapointe, M.P., for the St. James Division of Montreal, provides the government if it decides to take it, an opportunity to test out Liberal solidariy in the Province of Quebec and at the same time to secure French Canadian representation in the Cabinet. It provides the further opportunity of challenging the tariff reform movement which is gaining ground in certain parts of the Dominion. The vacancy has occurred coincident with the setting forth of a new National policy by Senator J. S. McCelland, a practical endoresation of this policy by the Montreal Gazette and an editorial approval of "moderate protection" by La Presse of Montreal.

Mr. Lapointe, while a supporter of Sir Wilfred Laurier for many years bolted on the low tariff amendment of the opposition to the budget last year, declaring frankly that his county did not favor free trade and was protectionist in its leanings.

The impression here is that the St. James Division provides an excellent field for the Government to run a candidate on moderate protectionist lines. There is also a vacancy in Temiskaming, created by the death of the late Hon. Frank Cochrane and another in Kamouraska created by the election of Ernest Lapointe in East Quebec. Writs for bye elections in these have not yet been issued.

ANCIENT ORDER OF FORESTERS, COURT STANLEY, NO. 7080.

$21,000,000 For Public Works.

(Canadian Press.)

OTTAWA, Ont., Feb. 10.— Parliament will be asked to vote twenty-one million dollars this session for public works.

FORWARD MOVEMENT.

(Canadian Press.)

TORONTO, Feb. 9. — Methodist Movement leaders here have decided that the church will make $5,000,000 the objective of its canvass in Canada in place of $4,000,000.

The Toronto objective of $800,000 was practically reached yesterday. It is expected that the total will ultimately reach $1,000,000.

RUST PROOF WHEAT.

$15,000 Appropriation for Special Research Work.

(Canadian Press.)

REGINA, Sask., Feb. 10.—Hon. C. A. Dunning informed the Saskatchewan Legislature that Prof. Jno. Bracken was conducting experiments in the hope of being able to breed a rust resistant wheat which, if successful, would result in the saving of millions of dollars to the country. The announcement was made in connection with the vote of $15,000 for special research work at the University.

Memorial at Alberta University in Form of Scholarship Fund.

Will Assist Students in Financial Difficulties.

(Canadian Press.)

CALGARY, Alta., Feb. 10.—A suitable memorial to the members of Alberta University who fell in the war will be erected by the Alumni Association, and will take the form of a memorial scholarship fund to assist students, by loan or otherwise, who may be in financial difficulties during the college period. At present the proposal is for a minimum fund of $5,000, based upon an average subscription of $25 for each of the Alumni, who now number approximately 250.

If You Enjoy Good Coffee
DO THIS—

Order some "SEAL BRAND" made from the choicest upland berries, grown in luxurious tropic hills, full of spicy mellowness and stimulating fragrance—the beans cleaned, blended and roasted with rare skill.

SEAL BRAND

Then in making, allow a tablespoonful of coffee to each cup desired, pour boiling water on it, simmer five minutes, clear with a dash of cold water.

Your dealer sells "SEAL BRAND", whole, ground, and fine-ground, in ⅛, ¼ and 2-lb. tins, hermetically sealed, so that the coffee reaches you rich in its original strength.

CHASE & SANBORN
MONTREAL.

NEW KNITTING INDUSTRY MAKING GOOD HEADWAY

FROM A PRIVATE HOUSE, WITH ONE EMPLOYEE, TO THE EAST CITY TOWN HALL, WITH THIRTY EMPLOYEES.

Starting in a private house four years ago with a staff of one the Lavoie Knitting Committee has increased steadily until today it occupies the top floor of the East City Town Hall and employs a staff of thirty.

Mr. Lavoie stated that his entire output from the factory has been sold for the season ending December 1920 and that the orders representing this business was done in five days. He further stated that since the time of selling the season's output which will be delivered to the biggest wholesale firms throughout the Dominion he has turned down orders for $50,000. Each article made in the factory is made from wool from the Bonner Worth.

The Product.

The product of the factory is principally hose. half hose and sweaters with a specialty of full ribbed hose of which the Lavoie Knitting Works have practically the monopoly of making in Canada. The factory has little to fear in the way of competition in this line in the Dominion while England uses all she can make in her own country.

Increase Plant.

The management contemplates enlarging the present plant to a great extent in the near future owing to the ever increasing orders they are daily receiving.

Good Wages.

Mr. Lavoie said that he has little trouble in assembling his staff and still less in retaining the services of all helpers as the wages which may be earned are particularly attractive some of the girls trained in the factory earning more than $18 a week.

Nature's Way Is Best

Nature's laxative is bile. If your liver is sending the bile on its way as it should, you'll never be constipated.

Keep the liver tuned right up to its work.

Take one pill regularly (more only if necessary) until your bowels act regularly, freely, naturally.

WAR ON THE BUGS.

Forestry Branch to Wage War on the Pine Beetle on Pacific Coast.

(Canadian Press.)

VANCOUVER, B.C., Feb. 10.—War has been declared by the forest branch of the Department of Lands on the pine beetle which has for years been carrying on its destructive work in certain sections of the interior of the Province, according to a statement made by Hon. T. D. Patullo.

Ralph Hopping, an entomologist who has had wide experience in fighting the pine bettle on both sides of the international boundary, has been loaned temporarily to the Province by the entomological branch of the Department of Interior at Ottawa, and Mr. Hopping is now on the ground directing operations for the curtailing of the energies of the bug, and, it is hoped, for its ultimate control.

CALGARY BENEFITS BY THE EXCHANGE SITUATION

(Canadian Press.)

SASKATOON, Sask., Feb. 10.—Saskatoon will take advantage of the exchange situation and pay interest due in London. By so doing the city stands to save $18,138.33, as compared to par exchange. Approximately twenty thousand pounds is due on April 1.

THE FLORISTS ARE WORKING OVERTIME

A BIG DEMAND FOR CUT FLOWERS DUE TO SICKNESS AND DEATH.

(Special to The Examiner.)

TORONTO, Feb. 10.—Despite the fact that all cut flowers have advanced from 125 to 300 per cent over prices quoted in 1916, florists are enjoying one of the busiest seasons on record. As a result of the great amount of sickness and the large number of deaths, the majority are forced to work long hours overtime to fill their orders.

Just Apply This Paste and the Hairs Vanish

(Helps to Beauty)

A safe, reliable home-treatment for the quick removal of superfluous hairs from your face or neck is as follows: Mix a stiff paste with some water and powdered delatone, apply to objectionable hairs and after 2 or 3 minutes rub off, wash the skin and the hairs are gone. This simple treatment is unfailing and no pain or inconvenience attends its use, but to avoid disappointment be certain you get genuine delatone.

Commerce Board Find Bakers Within Their Rights When Price of Bread Was Advanced

(Canadian Press.)

WINNIPEG, Man., Feb. 10.—The Board of Commerce bread report for November, tabled before the City Council, allows an increase in bread prices of one and one-quarter cents per loaf to cover the advance in the price of flour made by the Canadian Wheat Board last fall. The advance by the local bakers at the time amounted to one cent per loaf. They would still be within their right by adding the extra quarter of a cent.

Fats, which are used to the extent of about one pound to every bag of flour, has gone up five cents per pound since the board's ruling was made. There has also been an advance in sugar, it was stated.

"We would be justified under the extra burden of costs in asking nine cents for the 16 oz. loaf," a baker interviewed declared.

To Peel Off Blotchy Rough or Chapped Skin

To remove roughness, chaps, freckles, blotches, or any complexion difficulty, the best thing to do is to remove the skin itself. This is easily, painlessly and inexpensively done by the application of ordinary mercolized wax, procurable at any drug-store in the original one-ounce package. The wax absorbs the defective outer skin, a little each day, gradually bringing the second layer of skin to the surface. The pores are unclogged and the face breathes in the life-giving oxygen. The new skin is beautifully soft and spotless, bearing the healthly glow of youth. Just apply the wax as you would cold cream, only not rubbing it in. In the morning wash it off with warm water. It's the most effective complexion treatment known.

C. FORSYTHE RITCHIE SUCCUMBS TO PNEUMONIA

(Mail and Empire)

C. Forsythe Ritchie, M.A., L.L.D., died at his home, 170 Spadina Road, Toronto, on Saturday, death being due to pneumonia developing from influenza. The late Mr. Ritchie was a son of the late C. H. Ritchie, K.C. After passing through the Public schools, he attended Harbord Collegiate and later University College. In his second year he won the Alexander Mackenzie scholarship. He graduated from the university in 1907, and in law in 1910. After a period with the law firm of Ludwig & Baffantyne, he went into practice for himself. He was secretary of the Ontario Bar Association.

The late Mr. Ritchie is survived by his widow, a daughter of the late Judge McDougall, and three children. Mrs. (Dr) T. W. H. Young of Peterboro, is a sister-in-law.

The funeral took place to-day in Toronto.

Wesley church Trenton, Brighton District reached their objective $4400 Feb. 6th and still working.

Stirling Circuit, Campbellford District reached their objective $3680 Feb. 5th in 40 subscriptions, have still the balance of the membership of 400 to canvass.

Cambridge church, Lindsay, with an objective of $7500 have already $12,000 and will probably double their objective.

I expect to send you a bulletin each night next week, giving total amounts for each district in the Bay of Quinte Conference.

Yours Sincerely,
H. W. ACKERMAN,
Chairman Financial Council, Bay of Quinte Conference.

STIRRING ADDRESS.

Urges Just Co-ordination Between Employer and Employees.

(Canadian Press.)

VANCOUVER, B.C., Feb. 10.—In an official circular read in all archdiocesan churches His Grace Most Reverened Timothy Casey, D.D., archbishop of Vancouver, addressed the clergy of the Catholic arch-diocese on the subject of the relations between capital and labor and urged "just co-ordination" between the employer and the employes. He said in part: "The great struggle of the day is between capital and labor; the employer and the working man, as each looks upon the other as an adversary.

"There is some right and some wrong on the side of both; that is, of the employer and the employes, and it is for us to point out where the right shall be promoted and the wrong set aside, so that justice and charity prevailing, the different elements of society may, according to God's design, draw close together to carry on just co-ordination, and so work in harmony that the peace and prosperity of the community may be assured.

"The right of ownership is unassailable, doubtless, and is founded on the law of nature. Besides that, it is sound economics and of sovereign advantage to the laborer It opens to him the way of owning his home and property, and thus secures him that true liberty which is the greatest common good of mankind. Why there are so many attacks upon the principle is largely due to the fact that there is vast ownership which has not been legitimately acquired, and is a peril to the public interests. This abuse does not, however, destroy a sound principle.

"The overthrow of this principle—the right of ownership—would of course, disrupt the present social order, which may well be the subject of reform, but not of destruction. It is for us, then, to preach and teach those things which will accord not only with justice, that is, each element of society recognizing the rights of the other and willing to fulfill its duty towards the other, but also with charity."

NIGHT COUGHS PREVENT SLEEP WEAR OUT THE SYSTEM

The dry, hacking cough, cough, day and night is very wearing on the system. The constant coughing disturbs the rest and keeps the lungs and bronchial tubes in such an irritated and inflamed condition they get no chance to heal.

You will find in Dr. Wood's Norway Pine Syrup a remedy without an equal for curing coughs and colds, soothing the lungs, loosening the phlegm, strengthening and healing the breathing organs, and fortifying them against serious pulmonary disease.

Mrs. Fred. Fairburn, Copper Cliff, Ont., writes:—"I caught a heavy cold, got a sore throat and had a terrible hacking cough that I could not get rid of. I could not sleep at night. I had tried quite a few remedies, but they did not seem to do me much good until I took Dr. Wood's Norway Pine Syrup. By the time I had taken two bottles my cough was all gone.

"It seemed to loosen the cough right away so that I could spit up the phlegm that gathered in my throat, and also took that hot, raw, burning fever out of my bronchial tubes. I feel that Dr. Wood's has no equal."

Price 25c and 50c at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

G.W.V.A. NOT SATISFIED WITH GOVERNMENT HOUSING PLAN

(Canadian Press.)

NELSON, B.C., Feb. 10.—That the Federal Housing Scheme, while honestly designed to be of the greatest benefit to returned men, was in reality susceptible of considerable improvement, was the opinion of both judges and spectators on the evidence adduced by the speakers in the initial debate of the local Great War Veterans' Association.

The proposition debated was that the Housing Scheme ought to embody the loan features of the land settlement scheme, which was held to be far more liberal and impose fewer restrictions.

PHANTOM CITY VANISHES.

LONDON, Ont., Feb. 9.—Because of a shortage of building materials here, a London wrecking company is tearing down "St. Joseph's," the phantom city on Lake Huron, near Bayfield, established twenty years ago by Narcisse Cantin, a French-Canadian, who secured the backing of Montreal capitalists.

It is claimed that nearly three-quarters of a million dollars were sunk in the fruitless project, while the Dominion Government aided the plan by building a harbour and wharf.

The buildings included a two hundred bedroom four-storey hotel, with a one hundred foot bar, on what has been a country cross-roads. The building was never occupied.

Seed Wheat to be Held Till March 15th on C.P.R., Will be Sold to Local Purchasers

(Canadian Press.)

REGINA, Sask., Feb. 10.—By order of the Canada wheat board, stocks of wheat for seed purposes will be held until March 15 at all points on the Canadian Pacific Railway line from Assiniboia west to Govanlock, also on the Canadian Pacific Railway main line from Swift Current to Walsh and on the Empress-Bassano branch from Swift Current to Empress.

Blanket permits will be issued to elevator operators in the districts mentioned so that the stored wheat, which has become the property of the board, may be sold for seed purposes to local purchasers.

"Peterborough Presents Possibilities Unsurpassed."

TUESDAY, FEBRUARY 10TH, 1920

A ROAD TO BE IMPROVED.

In explaining his Provincial Highway policy in an address at London the other night Hon. F. C. Biggs, Minister of Public Works for Ontario declared thatowbat was wanted in the Province was permanently constructed roads that would serve all the counties. There will be no quarrel with Hon. Mr. Biggs diagnosis of the case. Neither should there be any difficulty on the part of the municipalities in this district in impressing upon the minister that the Port Hope Peterboro-Kawartha Lakes Highway shouldtbe included in the scheme that he so eloquently describes. It is a matter upon which the various township councils and urban councils along the route should be able to co-operate and a matter too that should be brought to the attention of the minister at an early opportunity. Mr. R. R. Hall in a letter to the local press has given some very excellent reasons why this section of highway should be included in the Provincial policy and a presentation of these facts by a representative deputation should do much to carry the day.

THE ARMENIAN FUND.

The Examiner wishes to remind the public that it is still collecting subscriptions for the Armenian Fund and that money is still urgently needed. The relief workers in Armenia are cabling that it will be necessary to provide food for many thousands of womeyn and children until after the next harvest. Splendid as has been the response to the appeal, the campaign must go on for money and still more money is required. The stories of the unfortunate Armenians striving tc keep life in their emaciated bodies by eating handfuls of grass are not the imaginary yarns of a fiction writer, they are simply word-pictures of actual conditions made by those who have seen for themselves. One woman who has spent some time in Armenia declares that many of the children she saw were in such a terrible condition that one actually wondered if it were worth while trying to save them. It will be necessary to continue the local campaign for sometime and although over $3,000 has been raised here by voluntary subscriptions there are undoubtedly many who not realizing the seriousness of the situation have failed to subscribe. There is a list at the Examiner Office.

CONSOLIDATED SCHOOLS

It is interesting to note that the Consolidated School System is growing in favour throughout the Province. At the meetings of different County Councils throughout Ontario the County School Inspectors have earnestly recommended the adoption of such schools as a necessary step to put rural education on a proper basis. The present day system in the country is antiquated and should be scrapped in favour of a more modern method. Under the present conditions with the rural districts becoming depopulated, there is only a meagre attendance at some of the rural schools. There is a frequent change of teachers due to small salaries and social condition that are not congenial. Again the people in the country districts feel that there is not only an inequality in taxation under the present method but there is inequality in educational opportunity and the country boys and girls are not getting an even chance with the boys and girls of the cities.

Consolidated Schools do away with many of these complaints. They will afford it is claimed better grading and classification of pupils and make possible a high school education in the country districts. Medical and dental inspection now confined to the city schools will be provided in each Consolidated School. Further it is pointed out that such schools will become community social centres helping to develop in the country a community spirit. Other benefits that are readily apparent are a larger enrollment and better equipment while the children will remain longer at school than they do under present day conditions.

Got a Cold!

Pepe will give you relief.

Simply dissolve a Pepe tablet in your mouth. Your breath carries the medicinal Pine vapor, which is released, to all parts of the throat, nasal and air passages, where a liquid medicine could not possibly reach. This vapor destroys all germs with which it comes in contact, soothes and heals the inflamed membranes and fortifies you against coughs, colds, sore throat, bronchitis and grippe. Pepe contain absolutely no harmful drugs and are therefore the safest remedy for children.

FREE TRIAL. Cut out this article, write across it the name and date of this paper, and mail it (with 1c. stamp to pay return postage) to Pepe Co., Toronto. A free trial packet will then be sent you. All druggists and stores sell Pepe, 50c. box.

Peps

MAKE BREATHING EASY.

THE CURLING FRATERNITY

Peterboro is glad to welcome today the jovial band of curlers from the big city clubs and the little village rinks who are here to compete in the annual bonspiel. It has been said that the curling fraternity can be detected on the first day of a contest because they carry new brooms, winning smiles, and an anticipatory gleam in their eyes and that while on the second day the brooms may be bedraggled and the gleam gone, the smile still remains. In other words curlers as a class are graceful winners and good losers. With the majority the game and not the prize is the thing and while they fight keenly for victory, they fight fairly and accept the result in a sporting spirit. The people of Peterboro are delighted to have so many of these knights o' the stane and besom here and hope that their visit will be a pleasant one, that their games on the ice may be characterized by keen compteition and good curling, that the best rinks may win and that while they all cannot carry off the prizes that they will take with them the most happy recollections of their stay in Peterboro and a resolve to come back again next year.

COMPENSATIONS.

The scriptural aphorism, "No man liveth to himself" is applicable to nations. The truth of it is being realized by our neighbours to the south. Having profited more from the war, in the way of material wealth, than any other nation, and having spent less in proportion to its means than any other of the warring countries, the United States has absorbed a large proportion of the world's wealth—only to find itself handicapped by an embarrassment of riches. Because so much money is owed to the United States by foreign countries while it owes so little to foreign countries, the value of almost all foreign money has fallen in the United States so low as to threaten a paralysis of foreign trade. American trade with the debtor nations is rapidly declining. The situation would be improved were American politicans and business men broad-minded and long-visioned enough to deal with it in a spirit of helplessness. But they hesitate to grant to the impoverished nations of Europe the credits which they need and to relieve them of the obligation of paying promptly the interest charges on what they owe. When an international policy is directed by the spirit of the query "Am I my brother's keeper?" the ill effects of such a policy usually recoil on the quevist.

The selfish course pursued by the United States is reacting in favour of other commercial countries, notably Britain. British export trade is increasng rapidly while Amercan exports are declning, owing to the relatively high exchange value of American money. Last November the excess of imports into the United Kingdom over exports from the United Kingdom was only £36,500,000, as compared with an exeess of £83,500,000 in the previous January, while November exports were twice as great as in the earlier month—and this readjustment has been going on in spite of the series of great strikes in Britain, which paralyzed industry and transportaton. Britain is doing more than any other country to assist the improvished nations in their financial troubles.

The effect of the abnormally high price of American funds in Canadian trade is noticeable, In the eight months ending November imports into Canada from the United States declined $23,800,000, while imports from Britain increased $11,500,000. As the exchange rate has risen enormously since November, our imports from the States will be sure to show a crresponding decline—our imports from Britain a corresponding increase.

The law of compensaton operates in the realm of trade as well as in that of morals. No nation, however favorably situated, can isolate itself from the brotherhood of nations, and attempt to pursue a self-centered existence, without injury to itself.—Hamilton Herald.

BIBLE CLASS ELECT OFFICERS

A very pleasant evening was spent at the home of Mr. and Mrs. W. D. Sargent, 73 Lansdowne street, on Tuesday night, Feb. 5th, when the "Treasure Seekers Bible Class," of St. James' Methodist Sunday School met and held their annual election of officers for the ensuing year.

Rev. Mr. Chapman was present and addressed the gathering. The following officers were elected:—

Teacher—W. D. Sargent.
Assistant Teacher—J. O. Fife.
Honorary President.—C. F. Kitney.
President—A. M. Kent.
Vice-President—H. C. Robinson.
Secretary—J. Bannon.
Assistant Secretary—Jos. Manley.
Treasurer—John Arthurs.

The convenors of the various committees are the following:—

Social Committee—Mrs. Wilson.
Visiting and Lookout Committee—Mrs. Sherwood.
Flower Committee—Mrs. Bannon.
Librarians—Messrs. Palmer, Plunkett.
Sick Committee —Mrs. Ruth, Mrs. G. Cuff.
Auditors—Mr. Sedgwick, Mr. Welbourne.

After the election of officers a very enjoyable time was spent in music, singing and readings, after which refreshments were served and the gathering dispersed.

LAKEFIELD NEWS

LAKEFIELD, Feb. 9.—Miss Eudora Junkin of Peterboro, was a week-end visitor in the village.

Miss Rhoda Archbold celebrated her ninth birthday on Wednesday last and in honor of the event the members of the Junior Auxiliary were treated to a party instead of their regular meeting. More than twenty children were present and the party was a great success.

Mr. J. B. Jarrell received notice on Saturday that he has been promoted to the Royal Bank of Trenton and will move there shortly. Mr. G. G. Connell of Ottawa has been appointed as his manager of the local branch. Mr. Jarrell and his wife have only been in the village since last April, but in that time they have made many friends, who will regret their departure.

Mrs. Stevenson, of Toronto, is the guest of her mother, Mrs. Peter Baptie.

Miss Corkery was a week-end visitor to Peterboro.

Miss Veronica Johnson, who has been attending St. Joseph's Convent in Lindsay is home for a few days.

Mr. and Mrs. W. W. Blewett and son, Harry, of Peterboro, were week-end guests of Mr. and Mrs. John Blewett.

Mr. and Mrs Herb. Mitchell were in Dummer on Wednesday last visiting friends.

Mrs. Baldwin, of Toronto, is the guest of Mr. and Mrs. J. H. Chant.

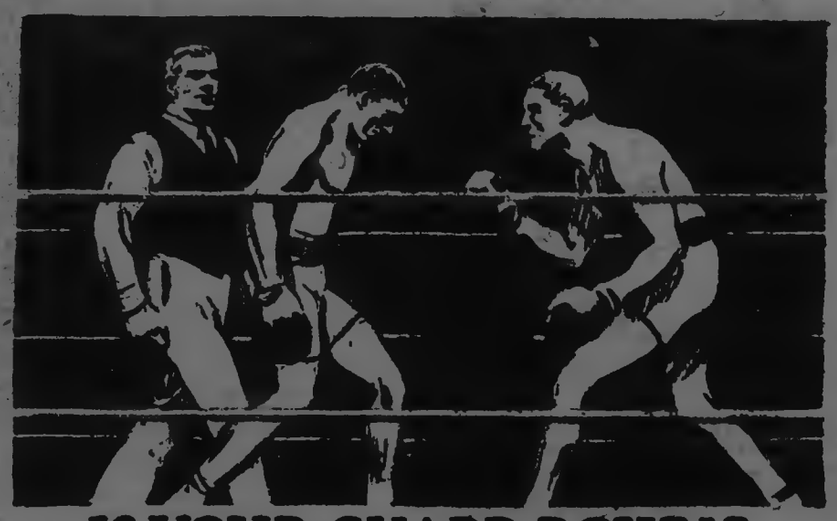
Miss Verna Burgess, of Peterboro, was in the village for the week-end.

Miss Heitha Preston, of Peterboro Normal School, spent the week-end in the village with her parents.

Rev. (Dr.) W. Archbold has been away from home for the past week in connection with the work of the Anglican Forward Movement. He has visited Havelock, Norwood, Hastings and Warkworth and other places. He takes the Sunday services in Omemee. Rev Mr. James, of Omemee, taking duty in Lakefield at St. John's.

For the Armenians.

The Soldiers' News Club are giving entertainments in the Queen Street theatre on Tuesday and Wednesday evenings in aid of the Armenian Fund. This cause which cannot fail to appeal to everyone will surely draw a good response.



IS YOUR GUARD DOWN?

Every man is a fighter, though he may not be a pugilist. His daily task is his fight—and he needs to be fit and ready for it.

Constipation to the business fighter is the "out-of-condition" of the pugilist. Constipation not only makes the business fighter dull and slow, and unfit for effort, but it is the "lowered guard" that leaves the opening for the jarring blows of serious diseases.

90% of all diseases have their origin in the intestinal canal—in constipation. Constipation not only causes the generation of poisons, which are carried through the system by the blood and attack it from *within*, but also by thus lowering the general stamina makes the weakened system an easier prey to harmful germs from *without*.

By an *entirely new principle* Nujol keeps the poisonous food waste moving out of the body. Every other form of treatment either irritates or forces the system. Nujol works on the waste matter instead of on the system.

Nujol *prevents* constipation by keeping the food waste soft, thus helping Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world.

It is absolutely harmless and pleasant to take—try it.

'Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade-mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 50 Broadway, New York, for booklet "Thirty Feet of Danger."

A New Method of Treating an Old Complaint

NORTHERN KOREA EVACUATED.

LONDON, Feb. 9.—Northern Korea has been evacuated by the Japanese, it is claimed in a wireless despatch from Moscow to-day, quoting an Omsk message.

The population rose to aid the Korean forces from Chinese territory, it is declared.

TOBACCO SERIES No. VIII

"Curing" or drying by natural air (old method). This process is still practised in Virginia. The leaf is placed in racks to dry and mature before being packed for export.

THAT SON-IN-LAW OF PA'S — All Pa Has to do Is Look Perfectly Natural — By Wellington

PA, AT THE SUGGESTION OF MR. LEMON, MY DIRECTOR, CEDRIC IS WRITING A COMEDY PART INTO THE MOTION-PICTURE PLAY HE WROTE FOR ME TO STAR IN, AND YOU ARE TO PLAY IT!
HUH? ME? NOT ON YOUR —
NOW, NO OBJECTIONS, PLEASE! MR. LEMON SAYS YOU ARE THE ONLY PERSON HE'S EVER SEEN WITH THE FACIAL CHARACTERISTICS THAT FIT THE PART SO YOU WILL HAVE TO PLAY IT!
BUT—YOU CAN GET SOME ACTOR'S MAKE-UP LIKE ME—
THAT IS QUITE IMPOSSIBLE, PA, AS THE PART MUST BE PLAYED WITHOUT MAKE-UP!
YOU SEE, NO MAKE-UP WOULD STAY ON FOR EVEN A SINGLE SCENE, UNDER THE ROUGH USAGE THE CHARACTER WILL BE SUBJECTED TO!

Whenever your skin is blotchy or "pimply" Zam-Buk is what you need. First, wash with warm water and Zam-Buk Soap.

Then apply Zam-Buk gently, but thoroughly. If this is done persistently each night before retiring, you will soon be repaid by a much improved condition of the skin, and eventually by freedom from all blotches or pimples.

Mrs. Owen A. Gee, of 3 Beauventure Ave., Montreal, states: "Generally speaking, I have no faith in so-called skin remedies, but I am willing to admit that Zam-Buk is quite different. It is very superior to anything I have ever used, and I have good cause to know, as I used innumerable remedies before I heard of Zam-Buk. I had suffered for a long time from blotches and spots on my face and body, and had used so many remedies without receiving benefit, that I had given up hope of anything curing me when Zam-Buk was recommended. I agreed, however, to give it a trial, and to my amazement I soon noticed a marked improvement in my condition. I persevered with Zam-Buk until finally it rid my skin of every spot and blotchy patch and left it clear and smooth. Zam-Buk is certainly worthy of all the credit and praise given it."

For eczema, ulcers, abscesses, boils, blood-poisoning, piles, cuts, burns and scalds, Zam-Buk is equally good. All dealers 50c. box.

Zam-Buk

SANDRA THE JEALOUS

BY JANE PHELPS

SANDRA WEAVES A STORY AROUND HERSELF

CHAPTER XLIII

I was intensely imaginative at this time. I clothed all those things of Leola's with a sentiment for Everett that perhaps they did not possess. And, at the same time, I felt indignant that he should have kept them.

He had no young relatives, yet it never entered my mind that had he or had she, he might have given them away. Mrs. Gray had told me Everett's first wife had no one belonging to her, that she was an orphan.

But I built up a story about the things I found in the attic—a story that intrigued while it made me unhappy. It ran like this:

"Once upon a time there was a man who married a woman who made him terribly unhappy, yet he loved her withall his heart and never found fault with her, no matter what she did to displease him, because he didn't dare—he was afraid he'd lose her. He was awfully jealous of her, but he didn't dare show it or say anything no matter what she did, because he loved her. He bought her beautiful clothes, shoes and she wanted because she would have worn no other. And when she died he put them away where he could look at them, and love them because they had been worn by her—the woman he loved. Then he married again. This time an awfully young girl. He did not love her like he had loved the other wife. But he wanted to have a home and children. So he married a silly little know-nothing who reminded him of his first wife. And this silly little know-nothing loved him, and and he made her very unhappy because he loved the other wife, the first one, better than he did her.

"Now this second wife tried hard to please her husband, but he was always finding fault with her. So she made up her mind to copy the first wife and do as she pleased without paying any attention to him. Then perhaps he would love her as he did that first one who made him unhappy and jealous.

"Yet no matter how hard she tried to please him, the second wife had failed. So she determined to be like that first wife, the one he loved so dearly.

"Her husband went away. He told her she could do certain things; that she might not do others. He treated her like a child, and yet she was his wife. She made up her mind that she would no longer be classed as an ingenue. She was married, and a married woman had her rights. These she would claim.

"But there was so much of mystery surrounding her, so much she did not understand that she did not dare make too violent a break for her independence. Yet all the time she envied his first wife—the one who made him unhappy, yet whom he loved far more than ever he would love her.

"So this second wife determined to find out all she could of the first wife while she had the chance. Her husband might never go away again. Then she would plan to do all the things that first wife did. Her husband then might learn to love her.

"You see this little know-nothing second wife had come to love this man whom she had married, yet she was not happy because he did not love her. She hated that first wife, and hated herself when people said she resembled her. At times she felt horribly guilty because she disliked a dead woman, and she never would have dared tell anyone how she felt.

She had found many things belonging to 'wife number one'—as everyone spoke of her husband's first wife—but there were other things she wished to see, secrets she wished to learn. She was sure they were locked up in a little old trunk in the attic. But she had no key, and did not know how to get one. Her little story promised to be incomplete unless she could open this 'Pandora's box', and instead of ending as all stories should, 'And they lived happy ever after,' this second wife's story promised to read, 'And she lived unhappy ever after.'"

I told myself this story as I sat by the window one rainy afternoon, alone and lonely. Everett had told me to read and practise, but I did neither—not often. I nursed my grudge, and gave way to my feeling of depression. Mrs. Gray worried about me, and urged me to go out more, to walk or drive. But I stubbornly refused. I would not do the things I had been told I might do, just as if I were a little child. If I couldn't do as I wanted to, I would do nothing.

I yet had to learn that Satan finds mischief for idle hands and brains.

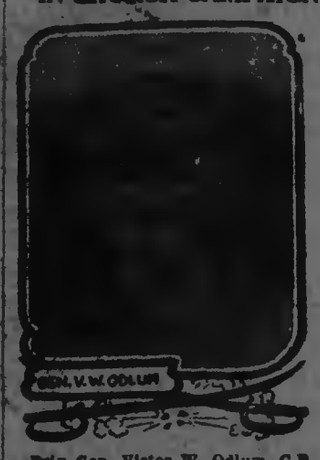
BRILLIANT GENERAL IN CHURCH CAMPAIGN



Brig.-Gen. Victor W. Odlum, C.B., C.M.G., D.S.O., "Inventor of the trench raid," who has just taken the appointment of chairman of the February financial drive of the Methodist National Campaign in British Columbia, is into the new campaigning with his usual dash. Going overseas as a major with the 7th Battalion, Gen. Odlum rose to the command of an infantry brigade in the 4th Canadian Division. Although wounded several times, he always refused to wear a steel helmet. He is here seen with his usual headpiece and the "Victory" smile which he has brought into the first big drive undertaken by the churches since the war. "Win the Peace for Christ" is his new watchword.

"JOHN WESLEY" LIKES "MURPHY"

This leader of the Methodist National Campaign was christened "John Wesley," but all the college boys of Methodism like to call him "Murphy," and so long as they don't feel hurt, he doesn't. His Irish wit it rivalled only by his passion for what he calls "Christian Education." Of the $5,340,000 sought in the February canvass, $215,000 goes to Dr. Graham's work.

LET "DANDERINE" SAVE YOUR HAIR

Check Ugly Dandruff! Stop Hair Coming Out and Double Its Beauty.

A little "Danderine" cools, cleanses and makes the feverish, itchy scalp soft and pliable; then this stimulating tonic penetrates to the famished hair roots, revitalizing and invigorating every hair in the head, thus stopping the hair falling out, or getting thin, dry or fading.

After a few applications of "Danderine" you seldom find a fallen hair or a particle of dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

A few cents buys a bottle of delightful "Danderine" at any drug or toilet counter.

NEW INSPECTOR FOR PETERBORO

POSITION WILL GO TO A WAR VETERAN.

Mr. H. A. Fife who has carried on Electrical Inspection for the Hydro Commission for some considerable time has been obliged to give up his work owing to his connection with the Quaker Oats Company, who will now require Mr. Fife's entire time, and it will therefore be necessary to place a new Inspector in this District Mr. Fife is well and favorably known throughout this district and is held in very high esteem by the Commission who regret the necessity of his resigning. Mr. H. F. Strickland, Chief Inspector for the Hydro Commission visited Peterboro recently and has appointed Major H. J. Clifton, a returned veterans to fill Mr. Fife's office. Major Clifton has been connected with the Toronto Inspection Department of the Hydro Commission for some months, and comes to Peterboro well broken in to inspection work.

SAVE YOUNG CALVES

City Commissioners Favour Plan to Prevent Killing of Young Calves

(Canadian Press.)

CALGARY, Alta., Feb. 10.—Steps should be taken to prevent the slaughter of young calves, City Commissioners stated during an interview yesterday. Witnesses at the milk probe have testified that dairymen are in the habit of killing calves for their hides in order that they would not have to provide them with milk.

"The destruction of she-stock and calves because of the shortage of feed this season has made serious inroads on the beef supply of the Province and the killing of calves still further reduces seriously the future beef supply of the country," it was stated. "This wanton destruction should be stopped summarily. It is being done not only in Alberta but in other Provinces, where men are pursuing a selfish, short-sighted policy."

A Dominion Act was suggested as the best means of remedying the condition.

FINANCIAL LEADER IN CHURCH DRIVE

MR. WILLIAM HANSON.

For the past five months Mr. Hanson has been active in the Methodist National Campaign as chairman of the Montreal Conference executive. He is one of the best-known financiers of Montreal, and a brother of Sir Charles Hanson, M.P., former Lord Mayor of London.

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Mid-Month List of

Columbia Records

"You Ain't Heard Nothin' Yet" Till You Hear Al Jolson

Al tells you all about his sweetheart—of almost all—in this latest *Sinbad* hit. The famous laugh of this *exclusive* Columbia artist is featured twice, and he keeps you laughing all the time. Coupled with Billy Murray's speedy, tuneful song, "Come On and Play With Me." A-2836—80c

Oh, what a Jazz is Ted Lewis Jazz Bands O!

Just as these *exclusive* Columbia artists seem to have tied themselves into a musical knot in this syncopated fox-trot, introducing "The Vamp," they extricate themselves by a melodious miracle and jazz merrily on. Coupled with Gorman's Novelty Syncopators' fox-trot "Barkin' Dog." A-2844—80c

Hickman Trio Hits the High Spots

The Hickman Trio, from Art Hickman's Orchestra, which makes records for Columbia *exclusively*, jazzes the fox-trot "Nobody Knows" and the one-step "Wonderful Pal" in a way to make an aged cripple forget he ever had the gout. A-2839—90c

RICHARD HALL & SON LIMITED

THE CALL FROM ARMENIA

RABBI MAKES WISE ANSWER TO CRY FROM HARPOOT—PETERBORO FUND IS ON THE INCREASE.

NOVA SCOTIA HELPS.

The call of Armenia is being heard and answered all over Canada. The Halifax Chronicle has placed its columns at the disposal of the Nova Scotia Committee, and in calling for subscriptions tells its readers that "the appeal of the fund could not bebroader, and the call is one that must be answered by Canadians, rich and poor, of all denominations and creeds."

Montreal also is moving. The committee which represents the Canadian Armenian Relief Association in the Province of Quebec hopes to be able to arrange with a leading newspaper of that city to begin a campaign for subscriptions immediately.

"RIGGS IS RIGHT."

The need continues urgent. Readers of The Examiner will remember the cabled message of Harry Riggs, the officer in charge of the orphanage at Harpoot, published a few days ago.

Riggs' cablegram had to do with the matter of saving the lives of a few hundred Armenian orphans under his care. He thought their lives of sufficient importance to cable across half the world, and his message read:

"New reductions in appropriation necessitates turning out many of our orphans to starve as winter begns, besdes thiusands already refused. We cannot do it."

Rabbi Wise of New York heard of the message, and he wrote Dr. Barton:

"Riggs is right. He cannot do it. He can't turn [illegible] orphans, and we must not let him. I beg the privil[illegible] of the orphans for the year, and of pledging $10[illegible] that many, many more would do this if they knew of these little ones. Riggs is right. God bless him."

THE ORPHANS OF ERIVAN.

Miss Louise Chamberlain, a Near East Relief worker, who has just returned to her home in Newcastle, Pennsylvania, after ten months' service in the Erivan region, says of the work there:

"That the situation is much improved since the Near East Relief work began is indisputable. But it is also indusputable that with all that has been done, all that has been spent, only the surface of the misery has been scratched. In Erivan alone we are feeding and caring for 10,848 orphans, in our shelters, feeding, clothing and housing them. In Erivan—the city alone—there are fully that number more wandering aimlessly about, hungry, shelterless and half clad. In one, jusht one, of our refugee camps are 1,600 people. We are feeding 20,000 people a day—thousands more are starving because we have not the supplies to give them food. In one camp hospital we have 200 patients. In our second canteen there are 250—3,450 to be fed and clothed. In the hospitals there is not enough clothing for the patients. There are not enough blankets, and the sick ones shiver under the thin bed coverings.

FIFTY BABIES—ONE SPOON.

"In our first children's house there are 2,000 orphans, in another 700, and in the third 1,600. At the first there was but one spoon with which to feed 50 babies, and I never will forget the pathos of attempting to make that one spoon do the work of fifty. A big bowl of boiled rice was set in the centre of the table along which the babies were arranged in two rows. The first baby in line got a helping spoonful of the warm rice and then the next. But the system of giving each one a spoonful in turn and then starting all over again did not work. Hardly had the second infant received its ration than No. 1, wailing, was stretching its claw-like hands to the rice bowl and the ones not yet reached were doing the same thing, and ones near enough to reach it smearing rice over noses, chins and cheeks but wolfing some down at least. Now there is a spoon for each baby."

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

Genuine "Bayer" Aspirin is like Sterling or silver. It positively identifies the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

Always buy an unbroken package

There is only one Aspirin—"Bayer"—You must say "Bayer"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of SalicylicAcid. While it is well known that Aspirin means Bayer manufacture, to protect the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Your Most Important Deal

When a man applies for Life Insurance, he is taking up the most important deal of his life, for, presumably, he will not be here when it is settled.

How important then that he select the best obtainable.

The record of the SUN LIFE of Canada for the past 49 years of its existence, has been an unbroken march of progress obtained through square dealing, and the past year has surpassed all others with its assets of over ONE HUNDRED MILLION and Income of TWENTY-FIVE MILLIONS and surplus on Government Standard of over TEN MILLIONS. Where can you find its equal?

Is it not to your interest therefore to place your Life Insurance with the Sun Life of Canada?

D. M. MOORE, J. D. CAMERON | Inspectors. | W. H. HILL, Mgr. Central Ontario Div., Peterboro', Ont

MUSIC AND DRAMA

AT THE GRAND.

With a remarkably fine voice and a knowledge of how to use it, Jack Slack, Canada's favorite baritone, last evening won storms of applause at the Grand Theatre. Dressed in Canadian uniform as a war scarred veteran just out of the trenches, he made a big hit singing some 1914-19 songs and was insistently encored.

"When the Clouds Roll By."

Advertised as one of the big pictures of the year the Douglas Fairbanks film, "When the Clouds Roll By," surpassed the expectations of all who saw and was thoroughly enjoyed. Fairbanks as Daniel Boone Brown has through the suggestion of Dr. Metz, a German doctor, developed a giant bump of superstitition and an appetite for such indigestibile suppers as lobster rare bit and mince pie, which worked admirably with his superatition towards wrecking his nerves. With confederates dodging Boones every step, Dr. Metz, who is using him as a victim for medical research, makes his life unbearable until he is advised, the day of losing his job for being late following a midnight supper to throw away an opal ring on account of its bad luck producing qualities. The ring, picked up by an extremely pretty girl, changes his luck and general outlook of things, and having fallen desperately in love with her, proposed and been accepted, he plans an announcement party. To his horror he finds that there are thirteen chairs at the table and a series of embarrassing situations develop before he is finally married to the girl on top of a church floating in a floodswept district by an opal ring. The picture brings in practically all the time-honored superstitions, which develop screamingly funny situations, while Doug is in his element doing a series of hair-raising stunts. The flood scene is particularly cleverly carried out and represents in the staging an expenditure of hundreds of dollars.

A side-splitting comedy opens the splendid programme.

WILL DECLINE.

(Canadian Press.)

ZURICH, Feb. 9.—Swiss newspapers publish what apparently is an official or semi-official note, saying that the Government would refuse to have Germans, accused of war crimes by the Allies, tried in Switzerland, in the event of this being proposed by Germany. The view is held that Germany may suggest this in reply to the Entente's note.

CROSSED THE FRONTIER.

OMSK, Feb. 9.—The message, as given in a Bolshevi wireless, says that on 6th February, bands of Koreans raised in Chinese territory crossed the frontier and attacked the Japanese.

Masses of the population are joining the insurgents, it is added.

The Japanese are retiring and evacuating Northern Korea.

50,000 HORSE-POWER GOING TO WASTE AT GRAND RAPIDS FALLS.

Wireless Stations Advocated in New Manitoba.

(Canadian Press.)

THE PAS, Man., Feb. 10.—John Morrison, M.P.P., for Grand Rapids, states that there is 50,000 horsepower going to waste every day at Grand Rapids falls. He estimates there is unlimited pulp timber areas adjacent to the water power. Mr. Morrison also states that the government should instal a series of wireless stations in New Manitoba. He said that if a wireless station had been in use a year ago, many hundreds of flu victims would be alive today.

Re-assemble Tuesday.

LONDON, Feb. 9.—British Parliament re-assembles on Tuesday.

TO HAVE DISPENSARIES.

Will Take Place of Present Drug Store and Mail Order Business.

(Special to The Examiner.)

WINNIPEG, Feb. 10.—A system of government dispensaries, through which liquor will be distributed on doctors' prescriptions, probably will supplant Manitoba's present drug store and mail order scheme.

This is the opinion of persons in close touch with the Provincial government, who say it proposes to introduce a bill at the present session of the Legislature, providing for such a system.

Fifty-five Deaths.

(Canadian Press.)

TORONTO, Feb. 10. — Fifty-five deaths in the city from influenza and pneumonia were reported to the health department yesterday.

OUR TEN-MILLION DOLLAR COOK

offers to you a product of dietetic science — the whole wheat prepared in a digestible form. We have ten million dollars invested in the process of making Shredded Wheat Biscuit—a process that brings to your table a crisp, tasty, whole wheat food—all the body-building material in the whole wheat grain. Why not use our ten-million dollar cook? Two Biscuits with hot milk make a warm, nourishing meal for a few cents.

TO CONFER WITH JAPAN AND CHINA

(United Press.)

NEW YORK, Feb. 10.—Thomas W. Lamont, of J. P. Morgan & Company, with Martin Egan as assistant and Jeremiah Smith, of Boston, as counsel, will leave on Thursday for Japan and China to confer with the bankers of those countries and make a financial and commercial and political survey of China.

It is understood that the trip will be made with the full approval of the State Department.

ODESSA UNDER BOMBARDMENT

(United Press.)

LONDON, Feb. 10.—One British and one French cruiser were bombarding Odessa, a wireless despatch from Moscow said.

The fiercest street fighting preceded the capture of the city by the Bolsheviki, the despatch added.

SUCCESS FOR REDS

(Canadian Press.)

HONOLULU, Feb. 10. — Siberian Bolsheviki have captured Alexandrovsk capital of Island of Sakhlin and fear is felt that Radical forces may enter Japan Proper, according to special cable despatch from Tokio correspondent of the "Nippu Jiji", Honolulu, a Japanese language newspaper.

FROM A CHILD WAS CONSTIPATED

According to the best medical authorities, fully three fourths of the people of the civilised world suffer in some form from costiveness or irregular action of the bowels. There is no doubt that many distressing diseases are caused by constipation. It gives rise to sick and bilious headaches, jaundice, heartburn, floating specks before the eyes, catarrh of the stomach, biliousness and the painful, troublesome piles. Therefore it is of supreme importance to health that the bowels be kept regular. Simple food, fruit, etc., should be used and rich food and stimulants of all kinds avoided. This with the use of Milburn's Laxa-Liver Pills, to regulate and establish healthy action of the bowels cannot fail to give permanent relief in the most obstinate cases.

Mrs. Letitia Waisman, Orillia, Ont., writes: "From a child I was always very badly constipated and I can well remember when quite young my mother giving me senna tea nearly every morning and I got to dread it. After taking Milburn's Laxa-Liver Pills for a while I was not troubled with constipation any more."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The CRESSMAN Company Limited

BANQUET HELD AT ST. JAMES' CHURCH

ONE HUNDRED MEN TOOK PART IN THE AFFAIR—SEVERAL SPEECHES.

About one hundred men attended a banquet held last evening in St. James Methodist Church, in connection with the National Campaign.

After the men had done justice to the good things provided by the ladies the toast to "King and Country" was ably proposed by Mr. Albert Nichols, all present responding by singing the National Anthem.

A toast to "The Ladies" was then proposed by Mr. Harold Fry, who thanked the ladies for their kindness in providing such an abundance of good things for the men; the men then heartily sang: "For they are jolly good fellows."

The address of the evening was then given by Mr. B. F. Ackerman, who has been for many years one of "St. James" best friends.

Mr. Ackerman said, "This campaign to my mind is the greatest thing the Church has ever attempted and it is the greatest enterprise into which a man can invest his money, the money which is asked for, is urgently needed. The educational department of our Church must be given adequate support, if our colleges are to be maintained and equipped to supply enough men to fill the ministry.

Minute Men.

Mr. Ackerman's address was followed by five "three minute" men, who spoke on the five phases of the campaign.

Mr. A. Kent spoke first on "intercession", he said that the greatest things in the world had been accomplished by men who had been great intercessors, and that prayer should be the "vital breath" of every Christian.

Mr. Thomas Brown followed with a few words on "Stewardship".

"Stewardship", he said meant responsibility, and we should recognize this responsibility in everything we possess, it is not enough that we give some of our time to the church, we must give of our money, that God's work may be carried on, and abundantly prosper.

Mr. Sargent spoke on "The value of the Church" who could withstand the avalanche of sin if the church were removed, asked the speaker. "I don't think many of us could, therefore we must see to it that the Church is kept among us, to protect us, and our children.

Mr. A. E. Prest, next spoke on "Life Service".

He said that one of the great needs of the Church was more men to fill the ministry, and that at the present time the Methodist Church could place 289 men in vacant churches, if they only had them available.

He hoped many of our young men would offer themselves for this work.

Mr. Frank Kitney followed with a few remarks with reference to "Finance".

He said that it was absolutely necessary that the people increase their givings if the Church was to be able to meet its obligations.

The church, he said, could not buy any more cheaply than you and I can and we should increase our givings accordingly.

The Pastor, Rev. J. E. Chapman closed with a stirring appeal to the men, to rally around the church, and to link up their lives with the life of Jesus.

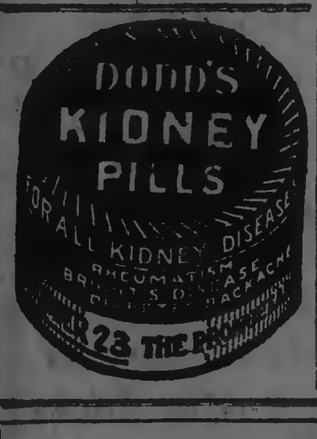
He bespoke for the canvassers a hearty welcome and he hoped that when the returns were made known, it would be seen that "St. James" had gone beyond its objective.

One of the pleasant features of the banquet was the musical programme rendered by the orchestra, under the leadership of Mr. A. Nichols.

A vocal solo by Mr. Anderton and a male quartette was also much enjoyed, as was also a violin duett and a cornet solo by members of the orchestra.

The gathering broke up about eleven o'clock, with everyone present feeling that the meeting together of so many men of the church in this way, would be productive of much good.

The canvassers received their final instructions, and are starting out tonight to canvas every member of the Church, for their subscription to the campaign.



PETERBORO BOY A WIRELESS WIZARD

IN WIRELESS CONTACT WITH BOATS IN GULF OF MEXICO.

(Special to The Examiner.)

KITCHENER, Feb. 10.—Saskatchewan is not the only province which can boast of amateur wireless operators as this city can boast of two young operators who have done some stunts equal to the western youths. Carl Rumpel and H. S. Gowan are the local young men who are nightly in touch with boats in the Gulf of Mexico, San Diego, and receive standard time as it is flashed to the American navy. The outfit is mostly home-made and is used with a regenerative audion detector with one bulb. The aerial is six hundred feet long and a hundred feet high and is erected in the spacious garden of "Forest Hill," the home of Mr. and Mrs. Oscar Rumpel.

The H. S. Gowan referred to in the above paragraph, resided in this city until a few months ago. He was employed in the George street office of the C.P.R. Telegraph Company, and is a son of the late Dr. Gowan.

ASMUSSEN FAVOURS PLAN.

KITCHENER, Feb. 9.—Nick Asmussen, M.P.P. for North Waterloo, says he will give his most hearty support to the Bill proposed by the member for Peterborough, which aims at making boards of police commissions elective bodies.

In Toronto he interviewed several members who were of the same opinion as he, that the time for a more democratic form of Government along this line had come.

INDIGESTION CAN'T STAY

Stomach Pain, Soureess, Gases, and Acidity ended with "Pape's Diapepsin"

Out-of-order stomachs feel fine at once! When meals don't fit and you belch gas, acids, and undigested food. When you feel indigestion pain, lumps of distress in stomach, heartburn, or headache. Here is instant relief.

Just as soon as you eat a tablet or two of Pape's Diapepsin all the dyspepsia, indigestion, and stomach distress caused by acidity will end. These pleasant, harmless tablets of Pape's Diapepsin always put sick, upset, acid stomachs in order at once and they cost so little at drug stores.

MARKED WEAKNESS IN STOCK MARKET

TO-DAY'S LIST SHOWED A NUMBER OF LEADING ISSUES OFF.

(United Press)

NEW YORK, Feb. 10.—The stock market opened irregular but generally weak to-day. American smelting was quoted at 63 up 1-4. Gooderich 69 5-8 off 7-8, General Motors 26 4 off 11-8, Republic 106 off 11-4, U. S. Rubber 103 7-8 off 1-2, Marine 30 off 1-4, Mexican Petroleum 174 unchanged, U. R. Stores 75 1-4 off 1-8, Baldwin 111 58 off 11-8, Marine Pref. 83 1-4 off 1-4, American Woollen 134 1-2 off 1-2 U. S. Steel 99 1-2off 7-8, Sinclair 37 1-2 off 3-4, International paper 77 1-8 off 1-2, Studebaker 90 1-2 off 11-8.

BEARS ACTIVE.

During the early trading, the bears were very active and were hammering the motor stocks hard.

Demand sterling in the money market opened at $3.37 1-2 off 1-4, and during the first half-hour declined further to $3.36 1-2.

Franc cheques opened at 14.47 up 7 centimes.

Marks were quoted at $.0102.

Lire cheques opened at 18.27.

After a short rally caused by the lower money rate and reassuring Peace advices from Washington, the bears renewed their attack on the market, and the entire industrial list sold off during the noon hour. In some cases new lows for the day were made.

During the morning demand sterling broke further to $3.33 3-4, a decline of 2 3-4 cents, as a result of the heavy offerings. Franc cheques fell 5 centimes to 14.52, and lire cheques 10 centimes to 18.37. Marks also eased off to $.0101.

Call money renewed at 10 per cent. compared with 14 per cent. on Monday and 17 per cent. last week.

Bankers said that the stock market credit situation was decidedly easier, and there was a fair supply of available funds in the market.

Following the announcement of easier call money, there was some covering of stocks by traders who had been selling motors and oils during the early market. Stocks which recovered most rapidly were the oil shares.

Discount rate on Canadian money was quoted at 16 per cent this afternoon.

BIG CONTRACT FOR THE C.G.E.

The Canadian General Electric Company has closed a large contract with the Hydro Electric Power Commission of Ontario for generators for use on the new Chippewa Power Canal and it is reported that the contracts totals $4,500,000. A similar contract for an equal amount has been given to the Westinghouse Company, Hamilton.

JACK SPEILL'S MEDICINAL CREED

I believe that in the vegetable world only are found certain ingredients necessary to continuous good health.

That ordinarily we do not eat enough vegetables to supply these in their proper proportion.

That these ingredients are found in excess in certain plants and are then classed as medicinal herbs.

That in Gallagher's Blood Purifier products of vegetation are so compounded as to supply to the blood the proper elements to put the stomach, liver and bowels in a healthy state and in their Kidney Remedy what is required to cause the kidneys to act in a healthy manner.

I believe one should take this own medicine, I take mine. Your friend Jack Speill. Advertising manager for the Gallagher Remedy Co.

EVERYTHING ELSE FAILED, HE SAYS

NOTHING HELPED MAT OSZMAN TILL HE TOOK TANLAC—FEELS FINE IN MORNINGS NOW.

"I will never be able to Praise Tanlac enough for the way it has fixed me up after everything else failed," was the statement made recently by Mat Oszman, a well-known logger who lives at the Newton Rooms, 110 Water Street, Vancouver, B.C.

"I was troubled with indigestion so bad that I lost my appetite," continued Mr. Oszman, "and half the time I did not care whether I ate anything or not. Many a time when I just passed by a restaurant the smell of food would make me feel nauseated, and whenever I did force myself to take a few bites it always disagreed with me. Gas would bloat me up so tight I would have to open my vest and it made my heart palpitate so bad I could hardly breathe. I was troubled with constipation and at times I had dizzy spells so bad I would have to quit work. My back ached just about all the time and I was hardly able to stoop over to pick up anything as it looked like my back would break in two. I got so little sleep that I felt bad every morning and just simply had to drag myself off to work.

"That was my condition but since I have taken Tanlac things are the opposite—I am never troubled in any way and am in as good health as a man could want to be in. Indigestion is a thing of the past and I can eat anything I want and as much as I want without having any bad effects in the least. My constipated condition has been relieved and I am no longer bothered with headache and dizzy speels, and the pain in my back has disappeared entirely. I am getting a good night's sleep and rest every night, and of mornings I just feel fine. Nothing is to good to say about a medicine that has done as Tanlac has done for me."

Tanlac is sold in Peterborough by W. B. Warne Drug Co., Limited; in Havelock by A. C. Denike; in Lakefield by Tanner Drug Co., Ltd.; in Fowlers Corners by W. A. Hunter; in Colcet by A. J. Scott; in Westwood by G. Pringle & Son. (Advt.)

G. H. Woodward of Cannington, and Mr. S. Coates of Toronto, likewise the Claremont rink, did not clock in until after dinner. They made the total number of entries 44. There were 42 in the Morrow Cup series and the full number for the Matthews-Blackwell trophy.

The first extra end game gave J. D. Flavelle a win of 9 to 8 over H. E. Smith of Oshawa. Smith tied it up on the 12th and the veteran came through in the 13th.

George Boucher set the pace by scoring nine shots in two ends over Coad of Oshawa. He slipped a five over and tacked on four more right after that.

George Howson of Keene clashed with Delaney of Coburg in this afternoon's draw. Reeve Fred Eason is on this keene rink.

Two Millbrook and two Lindsay rinks came through the morning games with the long end of the scores.

HUGE BOULDERS TOPPLE DOWN CLIFF

Terrifying Experience for Those Below.

(Canadian Press.)

VANCOUVER, B.C., Feb. 10.—Huge boulders the size of business blocks toppled from the heights of Crown Mountain, near Vancouver, during the earthquake which shook the district a couple of weeks ago. Shingle cutters working below the mountain had a terrifying experience as the great rocks crashed through the trees near them.

Sanitarium Taken Over by the Provincial Government

(Canadian Press.)

VANCOUVER, B.C., Feb. 10.—The Provincial Government has decided to take over from the Anti-Tuberculosis Society of British Columbia the King Edward Memorial Sanitarium at Tranquille, near Kamloops, subject to the approval of the Legislature.

Hair Often Ruined By Careless Washing

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulsified cocoanut oil shampoo (which is pure and greaseless), and is better than anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulsified cocoanut oil shampoo at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

GETTING READY FOR BASEBALL

DOPESTERS ARE AT WORK IN THIS DISTRICT.

Right after Peterboro intermediates put Lindsay intermediates out of the running, Milt Dedman, manager of the Lindsay team, commenced to talk amateur baseball. "Lindsay will have another good team in the Central Ontario League," he said. "Cannon Ball Scott will be with us again. He is up in Haliburton, time-keeping at a lumber camp. Some of our overseas boys who are just back home are good ball players and will make some of last year's team hustle to keep them off the team." By the way Dedman is one of the Lindsay's checker kings. He and his crowd went down to Port Hope last Friday and beat a collection of checker players gathered from Renfrew to Oshawa.

Father Gorman, manager of the Peterboro intermediate hockey club and vice-president of the Peterboro City Amateur Baseball Association is likely to be next president of the Central Ontario Baseball Association. Father Gorman, who comes from Belleville is one of the best sportsmen in mid-Eastern Ontario and he is sure of the backing of Belleville, Peterboro and Lindsay, and Cobourg is more likely to line up too, for they like the young Irishman down that way, too.—Toronto Star.

CHURCH LEAGUE.

The Church League bowling at the Y.M.C.A. will be postponed for one week owing to the Forward Movement canvass being carried on.

WEST BROMWICH LOSE AT HOME

TEAMS PLAYING AT HOME HAVE DISASTROUS DAY ACROSS POND.

LONDON, Feb. 9.—Saturday's soccer was characterized by the surprising failures of teams playing at home, West Bromwich notably going down to Sheffield United before 30,000 spectators, both goals being scored by Jeffray. Blackburn went down to defeat before Liverpool, who always seems the superior team, although Blackburn was handicapped in the second half by injuries to Brooks. Miller scored both the Liverpool goals in the second half.

Sheffield Wednesday, who succumbed to Preston, tried a new inside right named Taylor. Preston had all the luck throughout the first half, their goal by Miller came five minutes after the change of ends. The progress made by Sunderland is remarkable, and they are well in the running for the league and cup championships. Mordue scored twice within ten minutes, Moore heading the third goal.

Chelsea's performance at Bolton was entirely creditable. All the scoring was done in the first half. Chelsea's goals were secured by Crowl and Cook, while Vizard scored for Bolton. Totterham got another victory at the expense of Blackpool, who have displayed good form throughout the season. Twelve thousand spectators were highly excited from the start to the finish. Walden's goal was easily scored through a misunderstanding on the part of Blackpool's back, and that team sustained several casualties.

Fulton had a narrow victory at Hull before 22,000 spectators. McIntyre headed through in the second half from a corner kick. Hull made desperate efforts to equalize. West Ham gained a fine victory over Portvale before two thousand spectators. Puddefoot performed the hat trick.

The Bristol-Clapton match was drawn, and was notable for high feeling, fists coming into play among the players more than once. Warr was ordered off for kicking an opponent on the ground.

Cardiff gained a narrow victory over Swansea before twenty-five thousand. The solitary goal of the match was scored by Beare, five minutes before the close. Portsmouth's single goal was scored by Burdery, after half an hour's play. The Plymouth attack was never impressive, although Kellock scored neatly.

VOICE OF THE PEOPLE

Mr. Editor,—In your Friday evening's issue there was a statement by Mr. G. N. Gordon regarding the police commissioners which is not correct. He claims the system adopted here is like that of England, whereas it is quite different. The Police Commission is known as the Watch committee, and is a special committee of the City Council, under the jurisdiction of the Home Secretary. They have the power to appoint the Chief and other constables, and do all the other business connected with the Police Department. The Mayor is the Chief Magistrate. The Chief Constable of the county is usually appointed by the Home Office, and a retired army officer is usually the favored one in both cases. With best thanks for your courtesy.

T. & L. Councillor.

Sold into slavery by a desert bandit
Scene from "Auction of Souls"

The Amazing Story of The Lone Twenty Year Old Survivor of 500,000 young Armenian Girls is an Epoch in Screen Sensations Based on Facts More Astonishing than the Greatest Creations in Fiction—No Other Human Being Alive To-day can Claim a Quarter of the Vivid Experiences this Girl has Survived with a Mind Capable of Recounting.

EVERY WORD IN THIS SYNOPSIS IS TRUE.

Aurora Mardiganian, a young and beautiful Armenian girl, lives with her parents in the Turkish city of Harpout. The Mardiganians, like the other hundreds of thousands af Armenians living here, with in the shadow of Mt. Ararat, are industrious, quiet, intelligent people, forming the oldest Christian nation.

For centuries the Armenians lived a life of terror and constant fear, because of the murderous attacks of the fanatincal Turks. For some time before the opening of the story, however, the Turks had been quiet. Aurora's family had been growing prosperous, and her father was preparing to send her West to be educated.

But into this serene picture creeps East the hand of war which had begun to devastate Europe. Matters reach the pass where the Turks openly tell the American Ambassador in Constantinople, Henry Morgenthau, that the Armenians were giving secret support to Russia, the enemy of Germany and Turkey.

Consequently his plea fails to prevent the issuance of an order that hundreds of thousands of Armenians must be moved Southward from their fruitful homeland into the desert. The Turks know this virtually means the extermination of the Armenians.

Pasogit Pasha, Turkish Governor of the province, comes to the house of Aurora's father and demands the hand of Aurora in marriage. The father reminds him that his daughter does not wish to give up Christianity, as she would have to do so to marry him, and the Turk leaves in anger.

Brutal Deportations Begin

Then goes forth the order that all Armenians shall prepare to march. Then men are separated from the women. Soldiers in the Armenian uniform are forced to disarm and dig a trench, whereupon Turkish soldiers shoot them down. Mothers are torn from their children and fathers from their families. All are marched away into the desert, where famine, thirst, fierce heat by day, and worse terrors by night for the young girls, stalk.

In her efforts ot escape, Aurora goes to a mission school which is taught by Miss Graham, a pretty English girl. When soldiers surround it Miss Graham protests in the name of the English flag. Her only answer is the dragging away of her Armenian girls by the Turkish soldiers, who trample her flag. Determined to remain with the girls and do as much as possible for them, Miss Graham disguises herself as an Armenian, and goes with them to the desert.

Human Souls Crucified.

As they cross the desert the Turks point out to them as a solemn warning against future attempts to escape a supreme horror—The Cult of the Germans—nothing less than a long line of girls naked on crosses, nails through their hands and feet, and vultures perched above croaking against the time when they shall feast.

Such almost becomes the fate of Aurora Mardiganian. But she and Miss Graham, once more with the aid of Andranik, escape and take their way at last to an American mission and from there sailed immediately for this country to interest the people in the plight of the Armenian race.

This picture will be shown at the Allen Theatre on Wednesday and Thursday in conjunction with the local Armenian Relief campaign.

GROCERS TAKE TWO FROM BUSINESS MEN

Last night at the Water street Alleys the Grocers took two out of the three games from the Business Men. For the Grocers R. Ross was high with 508. Gillespie next 506. For the Business Men Green was high with 542, Pidgeon next with 507.

PETES ELIMINATE OSHAWA AND GO INTO THE THIRD ROUND WITH KINGSTON

BEFORE THE BIGGEST CROWD IN YEARS GREEN SHIRTS DOUBLE SCORE ON THE BRADLEYITES FINAL COUNT WAS 6 GOALS TO 3.

PETES ALWAYS IN FRONT

Peterborough qualified for the third round of the intermediate O.H.A. series last night by beating Oshawa by 6 goals to 3, leaving the figures on the round Peterborough 12, Oshawa 9. The biggest crowd in a number of years saw the game and three or four hundred fans were turned away because there was no room for them inside the closely packed arena. It was a real old-timer, that crowd.

The Petes were always in front—in fact they won the game in the first ten minutes when they slanted three goals past Childs. It was 3 to 2 at the end of the first period and 4 to 3 in favor of Peterborough when the second session closed. Making sure that they would be the team to meet Kingston in the third round the green shirts blanked the visitors in the last session, while they added two goals t their own total. They had the edge all the way and took things comparatively easy, using only two men on the attack and a three man defence at frequent intervals during the last two periods. Only a superb exhibition of goal-minding by Chilton Childs saved Oshawa from a much worse defeat. Childs made a host of wonderful stops of shots from all angles and twice saved goals by falling on the puck in a scrimmage. He had to be good, for the Petes were shooting accurately and with a lot of steam behind their drives, and it kept Childs a very busy individual to prevent the score climbing into double figures.

As a game, while the score was close for the greater part of the contest, the fixture was not as spectacular as several of the games with Lindsay. There was plenty of brilliant hockey, but in between there were lagging periods, and the teams did not hit the pace for the full game that was set in the 8-6 Lindsay battle here or in the decisive contest in Lindsay. At that, however, the fans got their money's worth, for some of the prettiest work of the season was worked in spite of the fact that the presence of the big crowd caused the ice to grow very sticky before the final whistle.

From goal out the Petes gave a good account of themselves in spite of the fact that last night's fixture was the fifth game they have played in the last ten days. Murray was as good as usual in the nets, and nothing more need be said. The youngster has developed into a crack net guardian and handles himself like a veteran. Grover Halpin and Pete Thornton used splendid judgment in their defensive work and both rushed nicely. Halpin's dash for the first goal being one of the neatest plays of the night.

Lornie Rose was in great form. His speedy rushes and good stick-handling fooled the Bradley gang repeatedly, and the ease with which he worked a fake shot in going in on the nets made the Oshawa defence dizzy. On top of that his shooting was very accurate and with a less skilful goaler than Childs would have earned a flock of counters. Ray Rose, as usual, checked very effectively and fitted into the combination nicely, while Jackson. Evans and Harry Thornton were decidedly useful. Jackson distinguished himself on his first appearance in the game by scoring two goals in quick succession, and Evans got the last counter in clever style.

For Oshawa Childs was the shining star. The little goaler had an off-night in Oshawa on Friday, but he was there a million ways last night, and the Petes found it a big task to beat him. He smothered long shots and was equally good on the close-in kind. Rowden was by far the best of the others. The light-haired ex-Port Hope boy was fast and tricky, broke away fast and was always dangerous going in and useful in checking back. Blanchard and Roenick also showed good form, the former getting the first two goals for his team. Oshawa went through the game without drawing a penalty, although Childs earned a couple for lying down in the nets.

Steve Vair handled the bell and was very strict, especially keen on offsides.

The teams:

Oshawa.—Goal, Childs; defence, Jacobi, Kemp; centre, Rowden; right wing, Roenick; left wing, Blanchard. Subs, Bowen, Osborne.

Peterborough—Goal, Murray; defence, Halpin, Pete Thornton; centre, R. Rose; right wing, H. Thornton; left wing, L. Rose. Subs, Evans, Jackson.

Referee Vair got the game away sharp on time and it started with a bang, with both teams showing speed and cleverness and both goalers blocking in stone wall style. Childs made a great save when Lornie and Ray Rose combined to go in close for a shot, and a moment later pulled off another when Halpin was inside the defence. Oshawa were not standing still either, and Murray had to move fast to turn aside two hard shots from Rowden, following nice rushes by the Oshawa speed merchant. It was rush and counter rush at this stage, Childs prevented an almost certain goal by coming out and blocking Lornie Rose's shot. Finally, however, after seven minutes' fast going, Halpin tore down the ice alone and his swift, low shot completely fooled Childs.

Evans and Jackson came on at this stage, but the former was almost immediately penalized. Playing five men to six, however, the Petes pressed. A combination rush was wrecked on the Oshawa defence, and the rubber went into the corner, but Jackson recovered, and circling out fast, beat Childs at close range.

In less than a minute Jackson made it 3 to 0 when Lornie Rose uncorked a rink length rush down the side and passed out from the corner to Jackson, who slammed the rubber past Childs before he could get set for the shot.

Evans came back again, but drew a penalty for tripping. Childs saved again at close range on a hard shot from Pete Thornton. Murray was having plenty of work to do, too. Rowden and Jacobi keeping him busy. Finally Blanchard beat him on a low shot from the side into the corner of the net which he could not reach, although he went down on one knee er stops in the next few minutes, but ing from the referee.

A minute later Oshawa's stock went up higher when Rowden, skating behind the Petes' nets, passed out to Blanchard, who was unchecked and had no trouble in scoring. The figures were 3 to 2 at the end of the period.

Two beautiful rushes by Lornie Rose featured the first few minutes of the second period. He outskated the Oshawa forwards, and bluffing a shot, fooled Jacobi, but Childs saved cleverly. Murray was also in the limelight when, after Rowden and Jacobi had fooled the Petrborough defence on a combination rush, he dashed out and smothered Jacobi's shot. The pace was slower in this period, although there were frequent outbursts of speed that brought the crowd to its feet. Finally Ray Rose, bringing the rubber out of the corner, beat Childs for the Petes' fourth goal.

Oshawa showed they had a kick left in them when they came back and netted the puck on a combination rush. The goal was not allowed, however, for Jacobi kicked the rubber into the net. L. Rose was benched for a heavy body check. Both goalers made clever stops in th nxt few minutes, but finally Roenick registered for Oshawa, leaving the score 4 to 3. It remained that way until the end of the period.

Childs saved a half a dozen goals early in the last session close-range shots; on one occasion throwing himself on the rubber as Jackson was about to knock it into the net. There was a wild scrimmage, but Childs won out. Ray Rose drew a penalty for tripping, but the Petes pressed although a man short. Halpin had his leg hurt in stopping a rush by Jacobi and had to retire for a while. A little later Lornie Rose was penalized.

When he came back he cinched the game by a pretty rush down the side and a bullet-like shot into the top corner of the net that completely fooled Childs.

When Evans a little later slammed the rubber into the net after another nice rush by L. Rose, the Oshawa outfit were a badly beaten team.

Childs saved three or four more goals before the final bell rang.

The summary::—

First Period.

1 Peterborough, Halpin.
2 Peterborough, Jackson.
3 Peterborough, Jackson.
4 Oshawa, Blanchard.
5 Oshawa, Blanchard.

Second Period.

6 Peterborough, R. Rose.
7 Oshawa, Roenick.

Third Period.

8 Peterborough, L. Rose.
9 Peterborough, Evans.

Penalties:—

Peterborough—Evans 2, L. Rose 2, R. Rose. Total 5.
Oshawa—0.

THE CHALLENGE

The Intermediate Class of the Y. M. C. A. challenge the Fire Hall to a game of hockey. The following line-up will play for the Y. Goal C. Bergoine, R. Defence Ward, L. Defence Hamilton, R. Wing Long, L. Wing, Legon, Centre Hensley. Subs: Grimes, Menzie.

If the challenge is accepted communicate with Mr. Hamilton of the "Y" or through paper.

CARPET BOWLING MATCH.

KNOX CHURCH RINKS PLAY RINKS FROM PETERBORO' CALEDONIAN CLUB.

To-night the Lecture Hall of Knox Church will ring with the voices of players and skips, when the match arranged between four rinks from the Peterborough Caledonian Club and four from the church members will be played off. The hall has been laid out with four carpets, and about forty players will be throwing to the "kitty" simultaneously for ten ends. At the conclusion of this period, the players will adjourn to the basement, where light refreshments will be served. This concluded, the bowls will again be set rolling for another ten ends, thus completing the competition. The game will start at 8 o'clock sharp, which will necessitate players being at the hall about 7.45. It is expected that Mrs. (Rev.) J. A. MacKenzie will throw the first ball in the match.

To-morrow (Wednesday) evening four rinks from Knox Church are due for a friendly match with representatives of the Sons of England at their hall on Hunter Street.

OTONABEE 8TH LINE BOWLERS MEET THE 12TH LINE

A Bowling Game of Five Pins between the 8th Line of Otonabee and the 12th line to meet on Saturday night at the Water street alleys. Three games are played and total pins to count.

AN OPENER.

WASHINGTON, Feb. 9.—Official despatches received here to-day said a force of 2,000 Koreans, armed principally with equipment furnished by the Bolsheviki, crossed into Northern Korea from Kirin, Manchuria, and attacked a Japanese post of 750 men at night, killed 300 of them, and routed the remainder.

According to these despatches, the attack was the initiation of an active rebellion in Korea.

It was described as "the beginning of a tremendous affair."

FAMOUS KINGSTON TEAM PLAY HERE ON FRIDAY

VISIT OF EASTERNERS WILL BE HOCKEY EVENT OF THE SEASON, A SERIES WILL DECIDE THE EASTERN ONTARIO CHAMPIONSHIP AND PUT THE WINNERS INTO THE SEMI-FINALS— MANY SEATS WILL BE RESERVED.

Having disposed of Oshawa and earned the right to go into the third round, the Petes will now meet the crack Kingston intermediates here on Friday night, in what should be the greatest game in years. The Kingston gang includes some well known players, including Ruby Milan and Jimmy Stewart, former Dental stars, Tobin, who played goal for the Depot Batteries against the 247th team, and Cook, Elmer, Derry and Tery Milan, all of whom were with the junior Frontenacs some years ago, and have several times performed at Brock street rink. The Kingston gang has lost only one O.H.A. game this year and that to Queen's University at the beginning of the season. Their class is shown by the double defeat handed to Belleville.

While they will undoubtedly prove the hardest team that Peterborough have been called upon to meet, the Petes have been steadily improving, both individually and as a team, and Kingston will know they have been in a game before the series is decided.

In order to provide accommodation for all the fans who will want to see the battle of the year and to avoid a repetition of last night's crowding and confusion there will be a change made on Friday night, both in the prices and in the seating arrangements. The entire west side of the rink and the front row of the balcony will be reserved, the seats in these sections selling at $1.00 each, while the general admission tickets at the east side will be 50c. Arrangements will be made to have enough ushers and special police on duty to ensure reserved seat holders getting their proper seats, and is is thought that the new arrangements will make things much more comfortable for the fans. The reserved seats will go on sale at Warne's Drug Store to-morrow. They will be eagerly snapped up as the game is looked upon as the best attraction staged at Brock street rink since the 247th outfit performed there.

ABOUT MEN AND BOOKS

By F. M. DELA FOSSE, Librarian.

Years ago, in a certain college chapel in England, the writer of this article played his humble part as an indifferent treble in the choir. Day in and day out, the boys tyled in to take their places in the beautiful edifice, the choristers taking their seats opposite to those reserved for visitors to the college. We thus had many opportunities of viewing at close range personages well known in the great world outside the college walls. Names that occur the most readily to one's mind are those of Charles Kingsley, Mr. Gladstone and the famous Bishop Magee of Peterborough, afterwards Archbishop of York.

Charles Kingsley lived only fifteen miles away at the village of Eversley, of which he was rector. He was a great friend of our headmaster and it is to be feared that the chief merit that we saw in him, far out-ranking his fame as a writer, was the power that he seemed to possess of obtaining half holidays for us from Dr. Benson. It was only after his death that the boys awakened to the fact that he had been a great and shining light in the literary world. But what a treat was laid out for us when we did gain a knowledge of his works. "Westward Ho" and "Hereward the Wake" were two books which were the special delight of us younger boys. But those of us who had any love of poetry, revelled in the lilt of his verse. To most of us the favourite writings of one's boyhood remain the favorites to the end, whether they are verse or prose, and possibly because the brain is more plastic in youth than in after years, what we then read remains more deeply engraved on the memory. Kingsley's writings always had a fascination for me, and there are doubtless thousands of others who having once read, have never forgotten their music. Such verses as—

"Be good, sweet maid, and let who will be clever;
Do noble things, not dream them all day long;
And so make life, death, and that vast for ever
One glad, sweet song"—

And that verse from the "Old, Old Song:"

"When all the world is old, lad,
And all the trees are brown;
And all the sport is stale, lad,
And all the wheels run down;
Creep home, and take your place there;
The spent and maimed among;
God grant you find one face there
You loved when you were young."

There is no collected volume of verse by Kingsley in the Library; but most of his poems are to be found scattered through various anthologies.

Poor Man's Friend.

Kingsley's life was spent in strenuous endeavors to better the lot of the poor. Nobody had a greater hatred of the shams of society and of the *squirearchy* who did not live up to their obligations to their tenants than he. The laboring man of to-day, whether in England or in America may thank Kingsley, Maurice, and others like them, who in the face of the greatest opposition paved the way for the amelioration of the lot of the laborer. His books, "Yeast" and "Alton Locke" are hardly ever read nowadays and people are missing a great deal by not reading them, for they are both of great interest and point a very sound moral. "Hypatia" is another of Kingsley's books that is very rarely taken out. It is a very fine romance and presents a stirring picture of the fifth century of the Christian era. Hypatia, a young, beautiful and gifted woman, lectures on principles of religious philosophy in Alexandria. Her influence raises the ire of the followers of Bishop Cyril, and the story ends in the dramtic death of Hypatia when the infuriated Christians fall upon her and tear her limb from limb.

Mr. Gladstone is mentioned here because he also was a writer. There are certain individualities whose presence seems to follow you after they are in the grave. Mr. Gladstone was one of them. My thoughts never revert to those days without the picture being conjured up of a big, eagle-faced man, wearing a tremendous collar, and possessed of a pair of eyes that seemed to scorch you through and through when you came within the range of their vision. He never spoke to me, and the only time that I had a chance of having a word from him was when, one morning, I passed within a foot of him, half-hoping, half-fearing that he would lay his hand on my head. He didn't do it, and a small boy passed along on his way, wondering if he ought to feel despondent or grateful that he had not had to face the ordeal of a question or two from such an Olympian being. Mr. Gladstone wrote copiously on Homer and he also published several volumes entitled "Gleanings from Past Years," which consist of essays and addresses delivered at various times throughout his career.

Volumes of Sermons.

Archbishop Magee published volumes of sermons, but his chief claim to recognition lies in the testimony of friend and foe alike that he was not only the best preacher of his time but an orator who took rank even above Gladstone and John Bright. His voice was a sonorous one and he knew how to make good use of it. His speeches were full of the keenest humour and sarcasm and his impassioned oration against the disestablishment of the Irish church was looked upon by all that heard it as stamping him as the greatest orator of modern times.

Amongst the figures in the literary world that creep out from the background of one's memory is that of Archdeacon Farrar, and following in his wake is that of Stanley Weyman. The first-named I knew when I was a small boy, living at Marlborough and the name of the second comes to one's mind as the author of the "Castle Inn," the scene of which is laid in the same place, "Eric, or, Little by Little," was one of Farrar's tales of schoolboy life and there have been probably as many tears shed over that book as over "The Story of a Short Life," by Juliana Horatia Ewing. It is one of the books in the Children's Library but thousands of grown-ups have read that book and have found it most attractive. Farrar is known to fame, however, by his "Life of Christ," and also by his "Life of St. Paul" and a series of volumes entitled "The Lives of the Fathers." He was master of Marlborough College for a number of years. During his headmastership Dr. W. G. Grace brought a team of Gloucestershire cricketers to play against the college eleven. Grace was unlucky enough that day to get bowled for a duck's egg in both innings by a fast bowler of the name of Kemp. The boys were elated. That evening in chapel, either by accident or design, most probably the latter, a hymn was chosen, two lines of which especially appealed to the boys as applicable to Grace, and the way the whole college roared out those words made that redoubtable gentleman furious. They ran as follows.

"The scanty triumphs Grace hath won
The broken vow, the frequent fall;"

Special emphasis we may be sure, was laid on the word "grace."

There is a life of Dr. E. M. Grace, brother of Dr. W. G., in the Library.

I remember my cousin, who was a pupil at the college, coming home that evening chuckling merrily over the incident.

Archdeacon Farrar was also a poet, and one of his hymns, "Father, Before Thy Throne of Light," a very well-known one, was composed at Marlborough.

Stanley Weyman has written many very interesting tales and one of the most interesting is the "Castle Inn," which has for its setting the old Castle Inn in the High street at Marlborough. Being on the main road from Bath to London it became one of the chief stopping places for the stage coaches and many a tale of the glories of past days could that quaint old inn unfold. If you wish to gain an insight into the spirit of those times read "The Castle Inn."

One would like to ramble on for a long time on the history of that sleepy old Wiltshire borough, sheltering under the well known Downs. One of the famous white horses carved out of the chalk in the hill-side is just outside its border and within easy driving distance are the world-famed ruins of Stonehenge and the remarkable mound, Silbury Hill, which is believed by many authorities to mark the resting place of those who fell in the last great Arthurian battle of Badon, A.D. 520.

How Much Sleep do You Need

The great common sense of the human race says—"Go to bed when you're tired; get up when you're rested"

JUST how long it takes to get rested depends on how "deep" you sleep.

If you are only about half asleep all night, waking at every little sound, you can stay in bed twenty-four hours and still need sleep.

Sleeping soundly is a matter of getting perfectly relaxed.

Nobody can sleep soundly in a bed that rattles or squeaks, as most beds do.

What you need for deep, sound sleep all night is a *perfectly quiet bed* and a spring that *invites complete relaxation.*

That is why people sleep so much better on a Simmons Metal Bed and Waldorf Box Spring, with Simmons Mattress and Pillows.

* * *

THE Simmons Metal Bed is *noiseless.* It locks firm at the corners. The corner locks are made of pressed steel — have much longer bearing surfaces than the average — fit true and snug — not a creak, rattle or feeling of unsteadiness.

The Simmons Pressed Steel Corner Locks are protected by basic patents. They are the most fundamental inventions of modern bed manufacturing—*exclusive with Simmons Limited,* not to be duplicated or imitated.

And these patented corner locks have made possible the *Three-piece Bed* — the new Simmons idea — the spring forming a single unit with the side rails.

* * *

THE Waldorf Box Spring really *does* what you have always wanted a spring to do.

It invites *complete* relaxation.

It supports the body *at ease* on fine resilient spring coils — each coil conforming freely to the contours, so that the spine is perfectly rested, whether one sleeps on the back or on the side.

Simmons Waldorf Box Spring is covered with ticking of the finest grade and great wearing qualities, in new and attractive designs.

It fits firmly on the bed — is noiseless — never sags or humps, never loses its resiliency.

And to make the sleeping equipment *complete,* Simmons Limited produces Mattresses and Pillows worthy to go with Simmons Metal Beds and Waldorf Box Springs.

If you have given much thought to sleep it will interest you to know that Simmons Limited are specializing in *Twin Beds.*

The Twin Bed is unquestionably the most advanced thought of the time — welcomed by nice people everywhere.

Physicians are urging a separate bed for everybody. One sleeper does not disturb the other or draw on the vitality. Colds and other infections are not communicated.

* * *

THE hard work and nervous strain of these days are forcing attention to *sleep.*

Simmons Metal Beds, Waldorf Box Springs, Mattresses and Pillows are what you are looking for. *They invite sleep.*

You will find them in your leading dealer's store.

You have choice of beautiful styles in brass — and in enamel in colors and natural wood effects. The prices are no higher than for ordinary beds.

And when you are selecting your Simmons Beds with an eye to their appearance in the room, you will see that Simmons has for the first time established *beautiful and authoritative design* in Metal Beds.

If you do not know the Simmons Merchants in this section, we shall be glad to send you their names.

Sleep is a big subject! Write us for the brochure, "What Leading Medical Journals and Health Magazines Say about Separate Beds and Sound Sleep." Free of charge.

HOME CIRCLE COLUMN

TO A DEAD FRIEND.

If I could believe that all your winsomeness
Had faded from the face of God's great world,
That neither here nor there your spirit walked
With all its glory and its strength unfurled,
If I could believe that all your deeds were naught,
Then grief would pierce my young heart through and through,
And earth would lose its joy in losing you.
But not in vain the character you wrought,
And not in vain the splendid hours we knew.
Oh, sweet the wonder of our kindred thought,
And wise the counsel that I gleaned from you!
Because I know that still more radiant skies
Are somewhere meeting your untroubled eyes,
Because I feel the things you dreamed to do,
God, in His love, must some day make come true.
Life is still sweet for me and all its pain
Is laid at rest, for we shall meet again!

Real hospitality is very unostentatious, and always makes the guest feel perfectly at home in her hostess' house. There is nothing more charming than to be quietly and simply entertained. If a hostess can make you welcome in that general way of giving you the complete freedom of the place, and of your own time, then she has a gift that will endear her and her home to all her friends. A guest often finds it very trying to have every luxury lavished upon her and equally annoying to have too pointed attention paid to her least want. While a continual programme of bustling events leaves the guest with the sensation of having seen a circus with too many rings and nothing of particular importance in any of them. This sort of hostess not only invites criticism but receives it from those people who know the real meaning of conservative entertaining—which is to make your guest welcome, not in your own way but in her way.

Genuine affection for a person is the finest thing in the world to entertain and express. Don't be afraid of showing it in your own home. It will never brand you as a molly coddle, although a long string of exaggerated endearments covering a flint bottom, might do so. It isn't necessary to entertain the whole neighborhood with your appreciation of a thing; there are more subtle ways of showing the one chiefly concerned in it your appreciation. On the other hand if the occasion of acknowledgment happens to be a public one, don't be afraid of bestowing a little generous praise of affection. It will relieve you of the guilty feeling that follows upon an enforced silence. And after all, since everyone knows a spade is a spade, why not call it a spade?

RUMOURS UNFOUNDED.

(Canadian Press.)

LONDON, Feb. 9. — The reports that Great Britain will forego her demands for indemnities from Germany are unfounded and impossible, it was stated authoritatively to-day.

BIG DOCKET IN POLICE COURT

YOUTHS SENT UP FOR TRIAL—ANOTHER CASE REMANDED.

This mornings' police court was the centre of more activity than it has been for some time past, with three cases on the docket ,with all their attendant confusion. The three cases were the Mayette case, the four youths charged with robbery, and Sleft Aboud, a Syrian from Havelock, appeared again on a charge of fraud.

The Mayette case was quickly disposed of. Mr. J. F. Strickland, who represented the Crown in the unavoidable absence of the Crown Attorney, asked for a remand in the case till Feb. 18th, as one of the principal witnesses was out of town, and Mr. J. O'Brien, representing Mayette, consented. Mayette is out on $1,000 bail.

The four youths who are charged with robbery are: George Panter, James Staves, Charles Hamilton and Frederick Merritt, and these four pale-faced boys in the witness box and in front of them on the table the results of their alleged ill-directed activities, made a striking object lesson on the sin of temptation. The table in front of the magistrate presented a striking appearance with its display of goods. Five 44-calibre rifles and enough ammunition to shoot up the town, suggested either a dime novel or a wild west movie as the originator of the plot. About a dozen flashlights, over a dozen batteries, two dozen knives of various sizes and shapes, two pairs of boots and one pair of shoes, two pairs of hockey skates and boots ,and tire repair kits adorned the table, besides a miscellaneous variety of small hardware such as razors and knives and forks and even a bottle of perfume, to say nothing of a box of headache powder. What this last was used for was not revealed. Two toboggans were also displayed, one downstairs and one above in the court room.

The boys were represented by G. N. Gordon, who declined a summary trial and requested from the Magistrate a committal for trial before the Judge without the taking of any evidence. Mr. Strickland offered no great objection, but His Worship requested the taking of evidence in one case.

Evidence was taken in the robbery of Mr. H. T. Millard's store. Detective Newhall was called and told how on the morning of Feb. 3 Mr. Millard reported that his store had been entered and robbed during the night. He said that both back doors leading to the shop were found open and a window on the east side of the building had been forced open. Underneath the window tracks of two boys' footprints were plainly made, and it was seen that they had entered the window, as there were no returning footprints. The front shop was all upset and boxes and things were scattered all over the floor.

The Round-Up.

Last Sunday afternoon about 3 o'clock, William Withers, an employee at the incinerator, caught one of the boys attempting to enter the building and he promptly notified the police, and it was through the apprehension of this boy that Detectives Meagher and Cookman and Constable Boyd were able to round up the rest of the gang that day.

The boys finally admitted everything and their statements were taken down and after reading it to them they signed it.

Detective Newhall told how the goods were recovered in various places, mostly at the boys' homes, where they had it hid.

Mr. Millard was called and corroborated the detective's statements about the robbery and he identified much of the goods and placed his loss at $58.00.

After the hearing of this evidence in the one case His Worship committed the boys for trial before Judge Huycke, before whom they will appear on Saturday morning at 10 o'clock, meanwhile being out on a bail of $500 each, furnished by their solicitor, Mr. G. N. Gordon.

She Found Relief For Her Backache

MRS. M. LAFONT TELLS OF DODD'S KIDNEY PILLS.

Send a Message of Cheer to the Thousands of Canadian Women Who Carry a Load of Pain and Weariness Through Their Daily Work.

Pre. Ste. Marie, Sask. Feb. 9.—(Special.)—"I have used three boxes of Dodd's Kidney Pills and one of Diamond Dinner Pills for backache. "They cured me."

This short message that goes direct to the point comes from Mrs. M. Lafont, a well-known and highly-respected resident here. It must bring cheer to that great army of Canadian women who daily go about their household duties weighed down by that curse of womanhood, dreary dragging pain in the back.

The relief that Mrs. Lafont found has come to thousands of other Canadian women through the use of Dodd's Kidney Pills. That shows that the ache is caused by the kidneys.

For Dodd's Kidney Pills are purely and simply a kidney remedy. For more than a quarter of a century Dodds' Kidney Pills have been a household remedy in thousands of Canadian homes. They have earned their place in the family medicine chest by the good work they have done. Ask your neighbours about Dodd's Kidney Pills.

CANADA WELL REPRESENTED AT AMERICAN RESORT

(Canadian Press.)

VANCOUVER, B.C., Feb. 10.—Fifty thousand Canadians, the majority of them tourists, are at present in Los Angeles, California, according to A. B. Graham local manager of the Pacific Steamship Company who has returned from a southern trip.

Mr. Loftus Amys returned yesterday mornin gto Toronto after a short visit with his parents, Mr. and Mrs. A. L. Amys.

Drink Coffee

If It Causes Indigestion, a Couple of Stuart's Dyspepsia Tablets Will Promptly Give Relief.

Indigestion caused by coffee is the same as indigestion caused by anything else. If eating food or drinking coffee makes you dyspeptic, all you need is Stuart's Dyspepsia Tablets, because they act with an alkaline effect which is just what the stomach does in health.

"I Surely Do Enjoy My Coffee! I'm Not Afraid to Drink It, Either, for I Have a Box of Stuart's Dyspepsia Tablets."

Stuart's Dyspepsia Tablets mix with the food you eat. The stomach by its peristaltic action churns and moves the food around the stomach walls and the powerful ingredients in these tablets instantly begin digesting the food as they are forced through it and around it.

The use of one of these tablets after meals will in a very short time correct the faults of digestion and you will enjoy your coffee and food without the old time distress of indigestion.

Every drug store carries Stuart's Dyspepsia Tablets. Price 50 cents.

DAMAGES FOR J. W. BOORMAN

In a case which lasted all day yesterday in the Division Court, before a jury, Mr. J. W. Boorman sued Mr. E. G. Patterson for $39.00 for damages to his horse, rig, and confectionery as a result of an accident at the corner of Charlotte and Rubidge Streets last October.

The facts as presented showed that Mr. Patterson was driving his car at from 17 to 25 miles an hour going west on Charlotte Street. As he crossed the intersection of Rubidge and Charlotte Streets, he turned to the left to avoid a car driven by J. Edwards, of Lang, who was making a turn to go east, and crashed into Boorman's rig which was proceeding east along Charlotte Street, and had just reached the intersection.

Mr. Patterson joined Edwards as a co-defendant, and Edwards counterclaimed for damage to his car, which was struck.

The jury, after being out an hour, found Mr. Patterson guilty of negligence in driving so fast when approaching a moving car, and awarded Mr. Boorman $30.00, with costs, and Mr. Edwards $10.00. The jury also found that there was no negligence either on the part of Edwards or the driver of Boorman's rig.

GEORGE STREET MAKING HEADWAY

The financial canvass for the Forward Movement is in full swing in the George Street Methodist Church. The amount which has been alloted to it is $11,000. This is owing to the membership of the church—the largest amount which is asked from any Methodist congregation in the Bay of Quinte Conference. Thirty men met last night for supper at 6.30 o'clock, and afterwards made arrangements to complete an every-member canvass. Already the committee has reported to the district finance chairman that $7,500 has been subscribed, and judging by the liberal and splendid response which the people have given thus far, there is reason to believe the church will not only reach the full objective, but will go considerably beyond it.

World Happenings

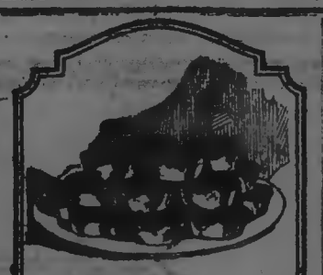
(Canadian Pacific.)

LONDON, Feb. 10. — Premier Lloyd George announced this afternoon that he would at an early date ask leave to introduce a bill "To amend Provisions for the Government of Ireland." The announcement was greeted with cheers.

COUNTER PROPOSAL

(Canadian Pacific.)

BERLIN, Feb. 10. — Germany is preparing a list containing the names of allied soldiers and high officials, who are accused by the Berlin government of violence of the laws of war and plans to submit it as a counter proposal to demand of the allies for the extradition of war criminals.



COOKERY COLUMN

COCOA BISCUIT

2 cups flour
4 teaspoons baking powder
½ teaspoon salt
2 tablespoons flour
4 tablespoons Cowan Cocoa
3 tablespoons butter
2/3 cup milk

1. Mix and sift dry ingredients.
2. Rub in the butter with the tips of the fingers.
3. Add milk gradually, mixing to a soft dough.
4. Toss on floured board.
5. Roll lightly to one-half inch in thickness, cut into small biscuits.
6. Bake in a hot oven 12 to 15 minutes.

FORMER CROWN PRINCE SENT A CABLE TO WILSON

(Canadian Pacific.)

WASHINGTON, Feb .10. — President Wilson has received a cable from the former Crown Prince of Germany offering himself to the allies for trial in place of 180 Germans demanded.

The cable was despatched from Weiringen, Holland, where Frederick William is exiled. It was immediately transmitted to Wilson by the White House officials.

AERIAL POLICE NOT PERMITTED

United Press.

PARIS, Feb. 10. — The Council of Ambassadors to-day refused the German-Austrian request that they be allowed to create a department of aerial police.

The Council took the ground that the creation of such a body would be be contrary to the Treaty of Versailles.

The Austrian Food and Finance Ministers presented to the Council, Austrias' new economic programme, but the Council did not arrive at any decisios.

SINCE 1870 SHILOH 30 MINUTES COUGHS

DESPATCHES FROM THE WORLD OVER

WILL RESIST.

(Canadian Press.)

LONDON, Feb. 10.—Advices from Fiume, received by the Central News, announces that preparations are being made there for resistance against the compromise settlement of the Adriatic dispute or the execution of the London Treaty, through which Fiume would go to the Jugo-Slavs.

Foreigners will be expelled from the city if necessary, it is declared.

SERUM USELESS FOR THE INFLUENZA.

TORONTO, Feb. 10.—Dr. McCullough, Provincial Health Officer, has wired Dr. Logie, M.O.H. of Sarnia, requesting the latter to issue a public denial to the newspaper reports that persons travelling across the American-Canadian border must be inoculated against influenza.

In his wire, Dr. McCullough states that there is no vaccine or serum which is an adequate protection against influenza.

PEACE TREATY CONDITIONS.

(Canadian Press.)

BERLIN, Feb. 9.—Philipp Scheidemann, former Secretary for Foreign Affairs, writing in the National Zeitung, says that since the Government, with the approbation of Parliament, had signed the Peace Treaty, it had tried to fulfill the conditions imposed, but since June last he had seen that such fulfilment was impossible.

Herr Auer, former Minister of the Interior, say he is well disposed towards the Allies, and will place no difficulties in the way of the German Government handing over the persons demanded.

BOMBARDING THE REDS.

(Canadian Press.)

LONDON, Feb. 9. — Bolshevik forces have definitely evacuated Letvia, according to a statement issued at the Lettish Legation here.

Enormous booty was taken by the Russian Soviet troops when they occupied Odessa, according to a wireless message from Moscow received here.

British and Russian cruisers are reported to be bombarding the Reds from the harbour.

SCIATIC PAINS QUICKLY RELIEVED

Keep Sloan's, the World's Liniment, Handy to Allay Aches.

THOUSANDS of men and women, when the least little rheumatic "crick" assails them, have Sloan's "crick" assails them, have Sloan Liniment handy to knock it out. Popular a third of a century ago—far more popular to-day.

That's because it is so wonderfully helpful in relieving all external aches and pains—sciatica, lumbago, neuralgia, overstrained muscles, stiff joints, weather exposure results. A little is all that is necessary, for it soon penetrates without rubbing to the sore spot. Leaves no muss, stained skin, clogged pores. A bottle to-day is a wise precaution. Keep it handy.

All druggists—35c, 70c, $1.40.

Made in Canada

HOPEFUL REPORTS

From all the churches in the city interested in the Forward Movement campaign, most hopeful reports continue to come in, and in many cases the clergymen hope to not only reach, but exceed, the allotment of their respective congregations.

By to-morrow it is expected that a general idea of the sums donated will be prepared.

NEW YORK SNOW-BOUND.

STEAM SHOVELS AND FLAME THROWERS USED TO DIG THE VILLAGERS OUT.

(United Press.)

NEW YORK, Feb. 10. — Just as New York had been reduced to the extremity of employing steam shovels and flame throwers to aid in the removal of the record snowfall that had practically eliminated all surface traffic since Thursday, another heavy snowfall began to-day.

The first four hours' precipitation were believed to have undone the work of four days.

DRUG FIENDS

Several Hundred Per Cent Increase Is Reported.

(Special to the Examiner)

WINNIPEG, Man., Feb. 10.—Increases of several hundred per cent. in the amounts of habit forming drugs imported into Manitoba since 1915 are reported by Dr. B. J. McConnell, Administrator of the Manitoba Narcotics Act. The increases according to physicians, are due largely to war time prohibition of liquor.

OBITUARY

The following death was reported in these columns several days ago and the appended extended reference is reproduced by request.

DEATH CALLS ANOTHER O.A.C. LECTURER.

GUELPH, Feb. 4—Another popular member of the O.A.C. staff passed away at the General Hospital this morning in the person of Oscar Wilbur Bennett, lecturer in the Poultry Department. Deceased was taken ill nearly two weeks ago and pneumonia set in. The late Mr. Bennett was the son of Mr. John J. Bennett, of Peterboro, and was born 32 years ago on the farm in North Monaghan, Peterboro County. He received the usual Public and High School education, and then came to the O.A.C., where he took the full course and graduated as a B.S.A. in 1916. He at once joined the 50th Battery and went overseas with that unit, serving with distinction. At the battle of Monchy on August 28, 1918, he lost his right foot and was sent to England and then home. When he fully recovered he came back to the O.A.C. and joined the staff as a lecturere in Poultry Department. He was a general favorite at the college, was respected by all and his death will be regretted by students and Faculty alike. He attended the Anglican church and was a member of Waverly Lodge A.F. and A.M. The remains were taken to Peterboro this afternoon.

MRS. COLE BARRETT

The death occurred last night at her home 492 Cedar street of Mrs. Cole Barrett, aged 73 years after a lingering illness.

The deceased was born in Burwell Cambridgeshire, England, but has lived in this city for the past forty-five years. During her long residence in Peterboro her kind disposition has won her many friends and her death removes one of the most highly respected citizens of Peterboro. She had been a member of Murray street Baptist Church for many years.

She leaves to mourn her loss her husband and two sons Frank and Harry of Peterboro and five daughters, Mrs. P. J. Heaslip of this city, Miss Kate Barrett of this city, Mrs. Harry Hook, Mrs. Hopkins and Mrs. B. Curtizall of Toronto.

The funeral will be held on Wednesday afternoon at 3 o'clock from the family residence 492 Cedar street to the Little Lake Cemetery.

MRS. WM. BUCHANAN.

Mary Rebecca Pendrie, beloved wife of the Rev. Wm. Buchanan, formerly of the Toronto and Bay of Quinte Conference, died at the family residence, Lethbridge, Alberta, on Wednesday, Feb. 4th, in her 71st year.

Deceased was the mother of W. A. Buchanan, M. P., of Lethbridge, formerly of this city. Interment in Millbrook, Ont.

Miss Veronica Carveth has returned to the city after an extended visit in the west with her sister, Mrs. Frank Conroy.

WEDDING BELLS

DALY—McCARTHY.

St. John's Catholic Church, Toronto, was the scene of a quiet wedding on Monday, Feb. 9th, when Nellie, the daughter of the late Mr and Mrs. Daniel McCarthy, became the bride of Mr. George J. Daly, son of Mrs. F. J. Daly, of Peterboro. Rev. Father Muckle officiating. The bride wore a French frock of taffeta, with hat to match and seal coat. Her cousin, Miss Katherine Downs, attended the bride, and Mr. T. Fleury, of Lindsay, Ont., acted as the best man. Mr. and Mrs. Daly left later on a trip to Montreal and Boston.

SOCIAL AND PERSONAL

Mrs. M. J. Duffus, 308 Monaghan Road, will be at home on Thursday afternoon from 4:30 to 6.

Mr. and Mrs. Vincent Eastwood, Peterborough, announce the engagement of their daughter, Margaret Elsie to Allan Hector Cameron, son of Mr. John A. Cameron, Peterborough, the marriage to take place early in March.

Mrs. J. P. Carter (nee Miss Gladys Mesley,) is visiting her mother for a few days before leaving Toronto for her new home in Hamilton.

Miss Elinor Collins left this morning for Montreal to visit Mr. and Mrs. Greening.

OBSERVED THEIR 50TH ANNIVERSARY

HAPPY EVENT TOOK PLACE IN LAKEFIELD.

LAKEFIELD, Feb. 10. — A quiet celebration took place at the home of Mr. and Mrs. J. E. Kearney, Lakeview House, Young's Point, on Monday, the occasion being the fiftieth anniversary of their wedding day. Only the immediate members of the family were present owing to the recent death of their only son Harry. A Mass of thanksgiving was said by Rev. Father Meagher, Lakefield, at 8 a.m. Numerous messages of congratulation were received from friends in various parts of Canada, and gifts were presented to the bride and groom by the members of the family.

Mr. and Mrs. Kearney were married by the late Rev. Fr. Stafford at St. Peter's Cathedral, Peterborough, Feb. 9th, 1870, and have lived at the "Lakeview House." Young's Point, ever since. Both belong to that sturdy Irish stock, to whom Ontario owes much as pioneers. They have been important factors in the religious and social life of the village, and have played no small part in the upbuilding of the community.

CASE FINALLY DEALT WITH

Bert Aboud was finally dealt with in this morning's police court after appearing several times before His Worship. He was represented by F. D. Kerr, who was assisted by G. N. Gordon.

The case as it stands was explained by both the solicitors to the Magistrate. It seems that this fellow, who is a native of Syria, was married about five years ago, and his wife, who had the money, started a small fruit store at Havelock in her name, but gradually he took it over, contracted extravagant ways and put the business "on the rocks" so to speak. In other words the busines became insolvent and he gave a bill of sale to his wife. The creditors claims amounted to $1800 and his relatives came to his rescue and offered to pay fifty cents on the dollar.

After the Magistrate heard the story the case was dismissed and the creditors will get their fifty cents on the dollar and the court got the court costs, amounting to $14.50.

THE COMPULSORY ATTENDANCE ACT

F. W. Miller, the local school attendance officer has just received a copy of the new Compulsory School Attendance Act for Ontario and wishes to draw attention to the following clause which is self explanatory.

"When a child over five years of age but under eight years has been enrolled as a pupil in a public or Separate school the provisions of this Act shall apply during the school term for which the child is enrolled as if he was of an age between the ages of eight years and fourteen years.

POLITICAL SIGNIFICANCE OF REVOLT

REPUBLICANS ASSERT THE DEMOCRATS HAVE REVOLTED—INFLUENCE THE TREATY

MILITARY TRAINING

WASHINGTON, Feb. 11. — The action of the House of Democrats in rejecting the advice of President Wilson on military training was the subject of analytical discussion by Republican and Democratic Congressmen.

Republicans stated that the Democrats had revolted, and asserted their independence of "Presidential interference," and they saw far-reaching significance in the so-called revolt. By Democrats it was characterized merely as a move of political expediency, an act of self-preservation, by those facing re-election— with the country, so they claimed, opposed to militarism and compulsory service.

DEPARTMENT WILL PAY CONSTABLE MOORE'S BILL

Mr. Thomas Tooms, M. P. P., has received a letter from the Hon. Mr. Nixon, Provincial Secretary, intimating that he had carefully considered Mr. Tooms' representations in the Murdock case, and would recommend the payment of County Constable Moore's accounts.

It will be remembered that Murdock was a returned soldier who had wandered from the Kingston hospital to Peterboro and had him sent back to the hospital, but when Mr. Moore sent his expense account to Toronto he was informed that it would not be paid.

Mr. Tooms interested himself in the question, and the Hon. Mr. Nixon announces that the matter will be put through as quickly as possible.

SLEIGH DRIVE FOR THE YOUNG PEOPLE

Three large sleigh loads of young people, comprising the members of the Young Men's and Young women's Bible Classes of St Paul's Presbyterian church, drove out last evening to the Orange Hall at Nassau, where a programme of readings and games was carried out and a most enjoyable evening spent.

The programme comprised a recitation by Miss Rogers, solo by Mr. Percy Harrison, and several games, including a clothes pin contest, in which the nerve of the young women proved superior to that of the young men, as they won out by a good margin.

Mr. W. G. Kirk, a member of the Young Men's Class, and also of the local Lodge, extended a welcome to the class on behalf of the members of the lodge, who he said, were always glad to have the hall used by the members of church organizations. The evening closed with the serving of refreshments, and an enjoyable ride back to the city. Mr. Donlad Loucks, president of the Young Men's class, acted as chairman for the evening.

IT IS NOT WISE

To continue with that headache, when by having us examine your eyes you can become rid of it. It may only mean wearing glasses for a short while if you attend to it in time. Arrange to see us now. W. H. Lacey Optical Specialist, 410 George street. Open Wednesday and Saturday evenings.

Attempt to Defeat Attorney-General at Bye-Election

WANTS TO REDEEM GERMAN CURRENCY

(Canadian Press.)

BERLIN, Feb. 11.— Plans of Mathias Erzberger, Minister of Finance to redeem German currency in former Belgian occupied territory has failed to win the approval of Rudolf Havenstein, President of the Reichsbank, and the Finance Minister has demanded the removal of Havenstein, according to the "Lokal Anzeiger." Herr Havenstein is said to have asserted the plan would cost Germany 50,000,000,000 marks, and the Cabinet was unable to carry out the proposal because the bank is a private institution. The "Lokal Anzeiger" says the Belgian government was not informed regarding the reciprocal obligations as was claimed by Herr Erzberger, and it asserts the Finance Minister in negotiating with Belgian authorities proposed, as an offset, immunity from liquidation of German properties in Belgium and non-enforcement of the extradition clause of the Versailles treaty. It is said the Belgians promised to give the proposal consideration.

ATTORNEY-GENERAL READS LETTER SENT OUT FROM CITIZENS' LIBERTY LEAGUE HEADQUARTERS ASKING FOR CONTRIBUTIONS TO CAMPAIGN FUND.

THE OPPOSITION

FERGUS, Feb. 11—East Wellington electors were given their first opportunity last night of hearing Hon. W. E. Raney, who is seeking the suffrage of the people of this constituency in the pending by-election. The Attorney-General opened his campaign here last night. Premier E. C. Drury accompanied him and made a strong speech.

The feature of the meeting was the reading by Mr. Raney of a letter sent by the Citizens' Liberty League to race track proprietors asking them to contribute to a fund of $20,000 to defeat him in the election. It was received with some laughter by the audience and caused a mild sensation.

The Town Hall was crowded with more than 600 men and women, most of them farmers from the district, who were anxious to hear the Leader of the Government and the man who seeks to take the place of Mr. Albert Hellyer as the representative in the Legislature for this riding.

Mr. Raney spoke first. He was given an attentive and uninterrupted hearing. Premier Drury was accorded even a warmer reception than the Attorney-General. When the Ministers arrived at the station last night they were met by a cheering crowd numbering a couple of hundred. When they reached the hall they were given a rousing greeting and at the concusion of the gathering each Minister was enthusiastically cheered.

Whether or not Mr. Raney is to be opposed is still an open question. The Globe was informed last night that the Liberals and Conservatives have practically got together with a view of placing Lieut.-Col. Pritchard in the field. Col. Pritchard is a well-known farmer in the constituency. He was the Conservative candidate in the last election and is said to be the only man who would have a chance of defeating Mr. Raney. Col. Pritchard is said to be willing to run if the men behind the political machines say the word. What is deferring the decision now is that they are considering just what effect the defeat of Mr. Raney would have on the Government's future. They are not keen on embarrassing the Government, but they would like to see the Attorney-General opposed, it is said.

Mr. Albert Hellyer explained to the gathering that he had not been approached and asked to resign in Mr. Raney's favour. He himself was the first to suggest such a course and the offer was not immediately accepted because there were certain reasons why it was at first not thought advisable that Mr. Raney should run here. He would not have resigned had he not thought he was doing right. To those who suggested that a farmer should have been chosen as Attorney-General he reminded that the people of the Province strongly denounced Premier Hearst, a lawyer, filling the office of Minister of Agriculture.

About the Letter

Coming to the Liberty League letter, Mr. Raney said: "Two subjects about which a good deal has been said in the newspapers might have been taken for granted by me in this election but for the letter which I am about to read. The letter is a circular better than has been sent out to the race track proprietors in Ontario who are operating what are called jockey clubs. The letter is clear and unambiguous:

CITIZEN'S LIBERTY LEAGUE.
23 College street
Toronto, January 28th, 1920.

Dear Sir:

In view of the coming election in which Mr. Raney, Attorney-General, will seek to obtain a seat somewhere in Ontario, this League has taken into account his continuous and uncompromising attitude towards race tracks and his stand on Prohibition, and we have decided that we must oppose him at the polls. This will entail an expenditure of about $20,000 and we are asking your friends to help us financialy. We will appreciate it if you can see your way to contribute.

Thanking you in advance,
Yours very truly,
(Sgd.) T. L. Carruthers,
General Secretary.

His Inference in Haiku.

"I have no knowledge whether a similar letter was sent by the Lib-

DEATH OF A WELL KNOWN RESIDENT

THE LATE JOHN GIBBS WAS BORN AT SEA DURING THE VOYAGE FROM LONDON.

Peterboroughs' oldest resident, John Gibbs, Senior, died last evening at the residence of his son-in-law, Mr. T. C. Westlake, 139 Brock street, aged 86 years.

Deceased was born at sea during the voyage from London to Canada where his parents had intended making their home. His mother however was buried a short time later also at sea. Arriving in Canada he was taken to Barriefield, where he lived for a short time, leaving Kingston at the age of seven to learn his trade as carriage painter in Bath. Later he resided at Cobourg, coming subsequently to Peterboro in 1856, making the journey by stage, the railways not having been built at that time. The journey to the city from Cobourg was accomplished in twelve hours. During his residence in the city he was associated almost continuously with the George Fitzgerald carriage factory. While being of a retiring disposition he never entered public life to any great extent, he watched the growth of the city with all the pride of the early settler, and was ever ready to give assistance to any one who sought his advice.

He was for 15 years chief of the old hand fire brigade and he and Mr. John Irwin were fathers of the old fire brigade band, now the 57th Band.

In 1857 he married Miss Jane R. Hawkey, who predeceased him thirteen years ago. Six of his children survive: Messrs John Gibbs, Junior W. H. Gibbs, Robert Gibbs, Mrs. T. C. Westlake, Mrs. G. H. Hutchinson, all of this city, and Harry, of Seattle. He was a faithful member of the Mark street Methodist church.

The funeral will take place tomorrow afternoon at 2.30 o'clock to the Little Lake cemetery, service to be conducted by Rev. G. F. Ross, assisted by Rev. A. G. Doner. Please omit flowers.

"PRINCESS PAT'S" BABY

(London Express)

Everyone who has seen "Princess Pat's" baby, including his proud father, Capt. the Hon. Alexander Ramsay, R.N., says without exception that he is the image of his mother.

He is a splendid example of babyhood, with eyes of deepest blue—large eyes like his mother's—and lots of curly hair. He is also described by those who have seen him as one of the best-tempered babies imaginable.

Young Master Ramsay—his names are not yet settled, but it may be taken for granted that one of those finally chosen will be Arthur, after his maternal grandparent, the Duke of Connaught—was born on the Sunday before Christmas Day. The weather has been so unfavorable during the first eleven days of his life that he has yet to take his first airing abroad. On the next sunny day, however, he will be taken out by his nurse in the gardens at Clarence House.

At present the little fellow lies happly gurgling and sleeping in his dainty white cot decorated with pink ribbon bows. His nursery overlooks the garden, and is a large, airy, pleasant room at the top of Clarence House.

KITCHENER [illegible] TO ERECT [illegible] HOUSES

KITCHENER, [illegible]— The Kitchener Co[illegible] Co., of this city, announ[illegible] plans are being made [illegible] erection of from 400 to 500 [illegible] in Kitchener during the ye[illegible] The company is composed [illegible] of business men of the [illegible] the co-operation of the [illegible]men and manufacturers [illegible]ssisted for the purpose of [illegible] the necessary housing accommodation to man the industries in this city.

PETERBORO IN SIXTH PLACE ON LIST

PER CAPITA TAX RATE OF ONTARIO CITIES

Toronto and Fort William have the lowest tax rate of any cities in the Province of Ontario, yet, paradoxical as it may seem, the taxes paid in them per capita on the value of land and buildings are far in excess of other cities, many of whose tax rates are well above the 30 mill mark.

Stratford, for instance, has the high-sounding tax rate of 39.70 mills on the dollar yet its citizens pay only $20.20 in actual taxes per head of the population.

The reason for this paradoxical situation is not far to seek. It is found in the tremendous [illegible] Toronto has received in its assessments, both on land and buildings. An analysis of the figures of 17 cities in Ontario demonstrate the fallacy of the argument that the higher the assessment the lower the tax rate, and, in sequence, the lower the tax-bill.

The following table shows the per capita value of real property (land and buildings and the tax rate in 17 Ontario cities, which multiplied give the amount of taxes paid per capita in them:

Table of Taxes.

Cities	Per Capita Value of Real Property	Tax Rate	Taxes per Capita
Woodstock	[illegible]	29.00	14.39
Kingston	[illegible]	29.00	14.39
Kitchener	[illegible]	[illegible]	[illegible]
Guelph	[illegible]	[illegible]	[illegible]
St. Thomas	885	29.00	17.25
Peterboro	565	31.00	19.51
Chatham	535	32.00	17.76
Brantford	585	33.50	18.94
Brockville	533	36.00	19.18
Stratford	509	39.70	20.20
Niagara F.	701	29.00	20.32
London	637	32.50	20.73
S. Ste. Marie	610	35.00	21.35
Sarnia	702	31.00	21.76
Hamilton	719	31.00	22.32
*Ottawa	933	24.15	22.53
F. William	967	28.50	27.56
Toronto	1063	28.50	30.29

*Has heavy Separate School Assessment.

EXCURSION TO KINGSTON IF SCORE IS FAVOURABLE

Mr. Louis Yeates may arrange an excursion to Kingston if the result of Friday night's game is favorable to Peterborough. All those who wish to make this trip are requested to report to Mr. Yeates.

THE WEATHER

Tabulated figures have now been prepared regarding the weather over the whole of Canada for the month of January. In Ontario the temperature while not the lowest on record, was among the three or four very cold Januarys. Its average was about 8 to 12 degrees lower each day than usual. In Quebec the temperature was the lowest for 60 years. In the Maritime Provinces it was the coldest on record. In Manitoba and the Northwest generally it was colder than usual but not excessively so, and in British Columbia it was just average.—W. P.

PRESENTATION OF LODGE JEWELS

Big Turn Out of Court Stanley Lodge Members

Court Stanley No 7680, A.O.F. had a big turn out last evening, when Bro. Archie Martin of Toronto, High Court Secretary, presented jewels to Past Chief Rangers Brothers R. J. McWilliams, George Tremain and C. Joyce; also initiated six new candidates.

At the conclusion of the presentation Brother Martin gave a brief and interesting address concerning the benefits of the order, and pointed out the advisability of interesting the young people in the order. Brother Goddard, the High Court Junior Warden addressed the meeting along the same lines as Brother Martin.

Social Evening.

Refreshments and a social evening followed the presentation of jewels and addresses and most acceptable musical selections were given by Brothers Evans, Day, Parks and Kendry.

Asquith Discusses the Russian Policy of the Government

DECLARED THE KING'S SPEECH A COLORLESS DOCUMENT—THE SOVIETS.

GENERAL NEWS

(Canadian Press.)

LONDON, Feb. 11.— Ex-Premier Asquith last night declared the King's speech a colorless document, but selected one topic for remark, that normal condition should be restored to Russia. He admitted the Premier had alway been opposed to intervention and disposed to welcome efforts for settlement, but had been overborne by 'more adventurous and reactionary colleagues." The government's Russian policy, he said, had only strengthened the power of the Soviets, and if continued would lead to establishment in Russia of a military regime, as after the French revolution.

Mining Industry.

(Canadian Press.)

LONDON, Feb. 11.— Wm. Brace, President of the South Wales' Miners' Federation, speaking in the House of Commons on behalf of Labor, today, moved an amendment to the reply to the speech from the throne, expressing regret for the 'absence of any proposal to nationalize coal mines of the country along the lines recommended by a majority of the members of the Royal Commission on the coal industry, which was appointed to advise the Government as to the best methods of re-organizing the industry."

Sterling Exchange.

(Canadian Press.)

LONDON, Feb. 11.—Conference of manufacturers and producers summoned by the Federation of British Industries to-day, passed a resolution declaring that [illegible] assisted by expansion of trade. The resolution said that manufacturers should set aside some proportion of their output for export purposes.

Peace Delegation.

(Canadian Press.)

PARIS, Feb. 11.—Hungary's peace delegation, headed by Count Apponyi, arrived here this morning. A large volume containing the delegation's observations on the Hungarian peace treaty will be present to the secretariat of the peace conference by Count Apponyi to-morrow morning.

AIRPLANE OFF ACROSS AFRICA
